Sec. 2-7. Same - Same - Penalty for violating prohibitions.
Sec. 2-8. Hearings and investigations as to city affairs - Subpoena powers of person or body conducting same.
Sec. 2-9. Same - Penalty for failure to testify, etc.
Sec. 2-10. Property purchased by city at tax sale - City manager to execute quitclaim deed upon redemption of same.
Sec. 2-11. Same - Provisions of quitclaim deed.
Sec. 2-11.1. Sale or release of interests in real property.
Sec. 2-11.2. Acceptance of conveyance or acquisition by eminent domain where consideration is $10,000 or less.
Sec. 2-11.3. Real property acquisitions where consideration exceeds $500,000.
Sec. 2-12. Legal advice.
Sec. 2-13. Public utilities to pay expense of office of supervisor of public utilities - Generally.
Sec. 2-14. Same - Notice required.
Sec. 2-15. Same - “Gross receipts” defined.
Sec. 2-16. Eminent domain proceedings for personal property.
Sec. 2-17. Payment of cost of publishing ordinance granting franchise or closing street.
Sec. 2-17.1. Fiscal notes.
Sec. 2-17.2. Selection of city auditor; nominating commission.
Sec. 2-17.3. Nondiscrimination in the provision of city services.

ARTICLE II.

ASSISTANT CITY ATTORNEYS.
Sec. 2-18. Qualifications and appointment.
Sec. 2-19. Duties.
Sec. 2-20. Compensation.
Sec. 2-20.1. Guest assistant city attorney program.

ARTICLE III.

MANAGEMENT AND SALE OF CITY-OWNED REAL PROPERTY.
Division 1. Generally.
Sec. 2-21. Inventory of real property.
Sec. 2-22. Examination of need.
Sec. 2-23. Decision to sell.
Sec. 2-24. Procedures for the sale of unneeded real property by formal bid or negotiation.
Sec. 2-24.1. Procedures for the sale of unneeded real property by public auction.
Sec. 2-25. Type of conveyance.
Sec. 2-26. Bidder information.
Sec. 2-26.1. City manager recommendation and award of sale.
Sec. 2-26.3. Reserved.

Division 2. Alternate Manner of Sale of Real Property to Nonprofit Organizations for Affordable Housing.

Sec. 2-26.4. Purpose.
Sec. 2-26.5. Definitions.
Sec. 2-26.6. Alternate method of sale for tax-foreclosed or seized real property.
Sec. 2-26.7. Purchase proposals by nonprofit organizations; procedures and requirements for city approval or rejection of proposals.
Sec. 2-26.8. Multiple proposals for the same land.
Sec. 2-26.9. Purchase price of land.
Sec. 2-26.10. Quitclaim deed.
Sec. 2-26.11. Restrictions on use of land.
Sec. 2-26.12. Possibility of reverter with right of reentry.
Sec. 2-26.13. Release of reverter rights and deed restrictions.

ARTICLE IV.
Purchasing.

Division 1. Purchasing and Contracting Generally.

Sec. 2-27. Definitions.
Sec. 2-28. Office of procurement services; powers and duties of the director as city purchasing agent.
Sec. 2-29. Approval of plans and specifications.
Sec. 2-30. General delegation of contracting authority.
Sec. 2-31. Rules regarding expenditures not exceeding $50,000.
Sec. 2-32. Rules regarding expenditures exceeding $50,000.
Sec. 2-33. Alternative methods of procurement for facility construction.
Sec. 2-34. Personal, professional, and planning services.
Sec. 2-35. Interest on certain late or delayed payments.
Sec. 2-36. Contracts with persons indebted to the city.
Secs. 2-37. thru 2-37.19. Reserved.

Division 2. Sale of Unclaimed and Surplus Property.

Sec. 2-37.2. Authority to sell; deposit of cash.
Sec. 2-37.3. Delivery of unclaimed property to director; use for city purposes.
Sec. 2-37.4. Method of sale.
Sec. 2-37.5. Time and place of sale; notice.
Sec. 2-37.6. Records; reports to the director of finance; proceeds.
Sec. 2-37.7. Destruction of restricted weapons; exceptions.
Sec. 2-37.8. Lien on motor vehicles.
Sec. 2-37.9. Purchase by certain persons prohibited.
Sec. 2-37.10. Authority to sell surplus issue weapons to certain personnel.
Sec. 2-37.11. Authority to sell uniforms to employees.
Sec. 2-37.12. Sales of certain collectible property.
Sec. 2-37.13. Sale of surplus library material.
Sec. 2-37.14. Sale of personal property to other governmental entities.
Sec. 2-37.15. Sale of unclaimed and surplus property at the city store.
Sec. 2-37.16. Sale of surplus city-owned animals.
Sec. 2-37.17. Donation of outdated or surplus firefighting equipment, supplies, and materials.

ARTICLE IV-a.
Office of Economic Development.

Sec. 2-38. Created; director of economic development.
Sec. 2-39. Duties of the director of economic development.
Sec. 2-40. Reserved.

ARTICLE V.

DEPARTMENT OF SUSTAINABLE DEVELOPMENT AND CONSTRUCTION.
Sec. 2-41. Created; director of sustainable development and construction.
Sec. 2-42. Duties of the director of sustainable development and construction.

ARTICLE V-a.

DEPARTMENT OF BUILDING SERVICES.
Sec. 2-43. Created; director of building services.
Sec. 2-44. Duties of the director of building services.
Sec. 2-45. Reserved.

ARTICLE V-b.

DEPARTMENT OF CONVENTION AND EVENT SERVICES.
Sec. 2-46. Created; director of convention and event services.
Sec. 2-47. Duties of the director of convention and event services.

ARTICLE V-c.

DEPARTMENT OF PUBLIC WORKS.
Sec. 2-48. Created; director of public works.
Sec. 2-49. Duties of the director of public works.

ARTICLE V-d.

WATER UTILITIES DEPARTMENT.
Sec. 2-50. Created; director of water utilities.
Sec. 2-51. Duties of the director of water utilities.

ARTICLE V-e.

DEPARTMENT OF PLANNING AND URBAN DESIGN.
Sec. 2-52. Created; chief planning officer.
Sec. 2-53. Duties of the chief planning officer.

ARTICLE V-f.

DEPARTMENT OF EQUIPMENT AND FLEET MANAGEMENT.
Sec. 2-54. Created; director of equipment and fleet management.
Sec. 2-55. Duties of the director of equipment and fleet management.
Secs. 2-56 thru 2-60. Reserved.

ARTICLE VI.

DEPARTMENT OF HUMAN RESOURCES.
Sec. 2-61. Created; director of human resources.
Sec. 2-62. Duties of director of human resources.

ARTICLE VII.

DEPARTMENT OF CODE COMPLIANCE.
Sec. 2-71. Created; director of code compliance.
Sec. 2-72. Duties of the director of code compliance.
ARTICLE VII-a.

OFFICE OF MANAGEMENT SERVICES.

Sec. 2-73. Created; director of management services.
Sec. 2-74. Duties of the director of management services.

ARTICLE VII-b.

RESERVED.

Secs. 2-75 thru 2-75.1. Reserved.

ARTICLE VIII.

RESERVED.

Secs. 2-76 thru 2-80. Reserved.

ARTICLE VIII-a.

CLAIMS AGAINST THE CITY.

Division 1. Tort Claims.

Sec. 2-81. Filing claims against the city.
Sec. 2-82. Handling by city attorney.
Sec. 2-83. Handling by director of risk management.
Sec. 2-84. Payment of a property damage, personal injury, or wrongful death claim without prior city council approval.
Sec. 2-85. Non-waiver of notice of claim.

Sec. 2-86. Notice required for certain breach of contract claims.
Sec. 2-87. Payment of a breach of contract claim without prior city council approval.

Division 3. Miscellaneous Claims, Fines, Penalties, and Sanctions against the City.

Sec. 2-88. Handling and investigation of miscellaneous claims, fines, penalties, and sanctions against the city.
Sec. 2-89. Payment of a miscellaneous claim, fine, penalty, or sanction without prior city council approval.
Secs. 2-90 thru 2-94. Reserved.

ARTICLE IX.

PERMIT AND LICENSE APPEAL BOARD.

Sec. 2-95. Permit and license appeal board - Created; function; terms.
Sec. 2-95.1 Training.
Sec. 2-96. Appeals from actions of department directors.
Sec. 2-97. Resets and continuances of hearings before the permit and license appeal board.
Sec. 2-98. Public notice requirements for hearings on exemptions from locational restrictions.
Sec. 2-99. Appeals to state district court.
Sec. 2-100. Reserved.

ARTICLE X.

PUBLIC ART PROGRAM.

Sec. 2-101. Purpose.
Sec. 2-102. Definitions.
Sec. 2-103. Funding of the public art program.
Sec. 2-104. Uses of monies in public art accounts.
Sec. 2-105. Administration of the public art program - Responsibilities.
ARTICLE XI.

FILLING TEMPORARY VACANCIES.

Sec. 2-118. Designation, appointment and duties of temporary acting and acting city manager.

Sec. 2-119. Designation, appointment and duties of temporary acting and acting department directors; “department director” defined.

ARTICLE XII.

RESERVED.

Secs. 2-120 thru 2-124. Reserved.

ARTICLE XIII.

MARTIN LUTHER KING, JR. COMMUNITY CENTER BOARD.

Sec. 2-125. Definitions.

Sec. 2-126. Created; terms; membership; vacancies.

Sec. 2-127. Functions and duties.

Sec. 2-128. Reserved.

Sec. 2-129. Treatment of budget.

ARTICLE XIV.

SOUTH DALLAS/FAIR PARK OPPORTUNITY FUND BOARD.

Sec. 2-130. South Dallas/Fair Park Opportunity Fund board - Created; terms; membership.

Sec. 2-131. South Dallas/Fair Park Opportunity Fund board - Duties and responsibilities.

Sec. 2-132. Reserved.

ARTICLE XV.

CHIEF FINANCIAL OFFICER.

Sec. 2-133. Position of chief financial officer created.

Sec. 2-134. Duties of the chief financial officer.

ARTICLE XV-a.

CITY CONTROLLER’S OFFICE.

Sec. 2-135. Created; city controller as head of office.

Sec. 2-135.1. Duties of the city controller.

ARTICLE XV-b.

OFFICE OF BUDGET.

Sec. 2-135.2. Created; director of budget.

Sec. 2-135.3. Duties of the director of budget.

ARTICLE XV-c.

OFFICE OF RISK MANAGEMENT.

Sec. 2-135.4. Created; director of risk management.

Sec. 2-135.5. Duties of the director of risk management.

ARTICLE XVI.

DEPARTMENT OF COMMUNICATION AND INFORMATION AND TECHNOLOGY SERVICES.

Sec. 2-136. Created; director of communication and information and technology services.

Sec. 2-137. Duties of director of communication and information and technology services.
ARTICLE XVII.

DEPARTMENT OF SANITATION SERVICES.

Sec. 2-138. Created; director of sanitation services.
Sec. 2-139. Duties of the director of sanitation services.

ARTICLE XVII-a.

DEPARTMENT OF TRANSPORTATION.

Sec. 2-139.1 Created; director of transportation.
Sec. 2-139.2 Duties of the director of transportation.

ARTICLE XVIII.

SENIOR AFFAIRS COMMISSION.

Sec. 2-140. Senior affairs commission - Created; terms; membership; meetings.
Sec. 2-141. Senior affairs commission - Functions.

ARTICLE XIX.

DEPARTMENT OF HOUSING & NEIGHBORHOOD REVITALIZATION.

Sec. 2-142. Created; director of housing & neighborhood revitalization.
Sec. 2-143. Duties of the director of housing & neighborhood revitalization.
Secs. 2-144 thru 2-146. Reserved.

ARTICLE XX.

CITIZEN HOMELESSNESS COMMISSION

Sec. 2-147. Purpose.
Sec. 2-148. Created; membership; terms; meetings.
Sec. 2-149. Duties and functions.

ARTICLE XXI.

COMMUNITY DEVELOPMENT COMMISSION.

Sec. 2-150. Community development commission created.
Sec. 2-151. Duties and functions.
Sec. 2-152. Standards of conduct.

ARTICLE XXI-a.

RESERVED.

Secs. 2-152.1 thru 2-152.2. Reserved.

ARTICLE XXII.

OFFICE OF COMMUNITY POLICE OVERSIGHT.

Sec. 2-153. Purpose.
Sec. 2-154. Created; director/monitor of office of community police oversight.
Sec. 2-154.1. Duties of the director/monitor of the office of community police oversight.

ARTICLE XXIII.

DEPARTMENT OF DALLAS ANIMAL SERVICES.

Sec. 2-155. Created; director of Dallas animal services.
Sec. 2-156. Duties of the director of Dallas animal services.

ARTICLE XXIV.

ANIMAL ADVISORY COMMISSION.

Sec. 2-157. Created; membership; meetings.
Sec. 2-158. Duties and responsibilities.
ARTICLE XXV.

YOUTH COMMISSION

Sec. 2-159. Purpose.
Sec. 2-159.1. Created; membership; terms; meetings.
Sec. 2-160. Duties and responsibilities.

ARTICLE XXVI.

ARTS AND CULTURE ADVISORY COMMISSION.

Sec. 2-161. Arts and culture advisory commission - Created; terms; membership; meetings.
Sec. 2-162. Arts and culture advisory commission - Duties and responsibilities.

CIVIL SERVICE BOARD; ADJUNCT MEMBERS; ADMINISTRATIVE LAW JUDGES.

Sec. 2-163. Special qualifications for adjunct members of the civil service board.
Sec. 2-164. Administrative law judges: appointment; qualifications; termination of contract.
Sec. 2-165. Training.
Sec. 2-166. Trial board responsibilities of civil service board members; attendance.

ARTICLE XXVIII.

STORMWATER DRAINAGE UTILITY.

Sec. 2-167. Purpose and creation; adoption of state law; and administration of stormwater drainage utility.
Sec. 2-168. Definitions; stormwater drainage utility rates; exemptions; incentives for residential-benefitted properties; billing and collection procedures.
Sec. 2-169. Service area.

ARTICLE I.

IN GENERAL.

SEC. 2-1. TIME WITHIN WHICH CITY OFFICERS TO DEPOSIT MONEY.

All officers of the city who receive money for or on account of the city in any manner are hereby required to deposit same in the manner prescribed by the chief financial officer. (Code 1941, Art. 19-2; Ord. 29645)

SEC. 2-1.1. ADVANCE PAYMENT OF CERTAIN FEES, CHARGES, AND TAXES REQUIRED; INTEREST ON DELINQUENT ACCOUNTS.

(a) Unless a different time and method of payment is specifically provided by another city ordinance, a city contract, or state or federal law, every fee, charge, or tax required to be paid to the city for any license, permit, right, privilege, property interest, or service must be paid in full to the city before the license, permit, right, privilege, property interest, or service may be issued, granted, conveyed, provided, or renewed.

(b) Except as provided in Subsection (c), any money owed to the city after May 28, 1997 will accrue
simple interest at the rate of 10 percent a year from the
day after the money became due until it is paid in full.

(c) The following types of money owed to the
city are not subject to the interest established in
Subsection (b):

(1) Any fee, charge, or tax upon which the
assessment of interest is prohibited or otherwise
regulated or provided for by another city ordinance or
state or federal law.

(2) A fee, charge, or tax charged or collected
by the city under the specific authority of a state or
federal law, where the assessment of interest is not
provided for in the applicable state or federal law.

(3) A fee or charge for copies, documents,
records, or other information provided by the city
under a request for public information.

(4) Money owed to the city under a contract
that does not specifically provide for the assessment
of interest, that prohibits the assessment of interest, or
that specifically provides another method or rate of
assessing interest.

(5) Money owed under a judgment awarded
to the city.

(6) A criminal or civil fine or penalty.

(d) In this section, “contract” means a contract
required under Section 1, Chapter XXII of the Dallas
City Charter to be signed by the city manager and
approved by the city attorney before it will be
binding on the city.  (Ord. 23135)

SEC. 2-3.  OFFICERS, ETC., OF CITY
NOT TO DEAL IN CITY
WARRANTS OR OBLIGATIONS.

No officer of the city, nor any deputy, clerk or
employee of any such officer, nor any servant or agent
of the city, shall, directly or indirectly, by himself or by
any other for his own or another’s benefit, deal in the
purchase of city warrants, bonds or other obligations
of the city.  (Code 1941, Art. 19-3)

SEC. 2-3.1.  PRESERVATION OF DUTIES,
POWERS, AND FUNCTIONS OF
CITY MANAGER.

(a) Whenever this code, another city ordinance,
or a city council resolution delegates a duty, power, or
function to a specific employee who is responsible to
the city manager, that duty, power, or function may, at
the discretion of the city manager as the chief
administrative and executive officer of the city, also be
performed or exercised by the city manager or by any
assistant city manager or other city employee
designated by the city manager to perform or exercise
that duty, power, or function.

(b) Nothing in Subsection (a) authorizes the city
manager to designate a person to perform or exercise
a duty, power, or function when such a designation
would be inconsistent with the city charter or state
law.  (Ord. 22356)

SEC. 2-4.  REMOVAL FROM OFFICE FOR
MISCONDUCT OR NEGLECT OF
DUTY.

Any officer of the city who shall refuse or
willfully fail or neglect to perform any duty enjoined
upon him by law or ordinance, or shall, in
the discharge of his official duties, be guilty of any fraud,
extortion, oppression, favoritism, partiality or willful
wrong or injustice, is guilty of an offense, and may be
removed from office for malfeasance in office as
provided by the charter and the civil service rules.
(Code 1941, Art. 19-4; 19963)
SEC. 2-5. LABOR UNIONS - CITY EMPLOYEES NOT TO ORGANIZE OR JOIN.

It shall be unlawful for any officer, agent, or employee, or any group of them, of the city to organize a labor union, organization or club of city employees, or to be concerned with or a member thereof, whether such labor union, organization or club is affiliated or not with any local, state, national or international body or organization whose charter, bylaws, rules, custom, policy, or practice govern or control, or has for its purpose the governing or controlling of its members in matter of working time, working conditions, or compensation to be asked or demanded of the city. (Code 1941, Art. 19-6; Ord. Nos. 3392; 5364)

SEC. 2-6. SAME - SAME - INTENT AND PURPOSE OF PROVISION.

It is further the intent and purpose of Section 2-5 to prohibit any officer, agent or employee of the city from becoming a member of any organization, which by its charter, rules, bylaws, practices, policy, or conduct undertakes as a body, or through its representatives, to represent its membership in any bargaining for wages, working conditions, rules of employment or otherwise, or which may as a body, or through its representatives or agents, attempt to influence local or state legislation regarding conditions of employment, wages, hours or other matters affecting their service, directly or indirectly, with the city. (Code 1941, Art. 19-6; Ord. Nos. 3392; 5364)

SEC. 2-7. SAME - SAME - PENALTY FOR VIOLATING PROHIBITIONS.

Any person violating the terms or provisions of Section 2-5 shall be subject to summary dismissal by the city council, board, city manager or officer having power to employ and discharge such officer, agent or employee. (Code 1941, Art. 19-6; Ord. Nos. 3392; 5364)

SEC. 2-8. HEARINGS AND INVESTIGATIONS AS TO CITY AFFAIRS - SUBPOENA POWERS OF PERSON OR BODY CONDUCTING SAME.

In all hearings and investigations that may hereafter be conducted by the city council, the city manager, or any person or committee authorized by either or both of them for the purpose of making investigations as to city affairs, shall for that purpose subpoena witnesses and compel the production of books, papers and other evidence material to such inquiry in the same manner as is now prescribed by the laws of this state for compelling the attendance of witnesses and production of evidence in the corporation court. (Code 1941, Art. 22-1)

SEC. 2-9. SAME - PENALTY FOR FAILURE TO TESTIFY, ETC.

Any person who refuses to be sworn or who refuses to appear to testify or who disobeys any lawful order of the city council, the city manager, or any person or committee authorized by either or both of them, or who fails or refuses to produce any book, paper, document or instrument touching any matter under examination, or who is guilty of any contemptuous conduct during any of the proceedings of the city council, the city manager, or any person or committee authorized by either or both of them in the matter of such investigation or inquiry after being summoned to give or produce testimony in relation to any matter under investigation, is guilty of an offense. (Code 1941, Art. 22-2; 19963)

SEC. 2-10. PROPERTY PURCHASED BY CITY AT TAX SALE - CITY MANAGER TO EXECUTE QUITCLAIM DEED UPON REDEMPTION OF SAME.

In any case where the city has purchased a tax title to any property under tax foreclosure or may
section 2-10 administration section 2-11.1
hereafter become the purchaser of a tax title under foreclosure proceedings or tax collector’s deed, the city manager is authorized and directed to execute a quitclaim deed to such person entitled to redeem the property after such person has paid over to the city the amount of taxes, penalties, interest and costs, including the redemption penalty, if any, as provided for by the charter. (code 1941, art. 22-3)

section 2-11. same - provisions of quitclaim deed.
the quitclaim deed mentioned in section 2-10 shall provide that the city releases, quitclaims and surrenders to the grantee such title or interest as it may have acquired, if any, by virtue of the tax foreclosure proceedings and by virtue of the city becoming the purchaser of the tax title under any tax collector’s, sheriff’s or constable’s sale. it shall further provide that the instrument shall release the tax lien and judgment lien on the property described, securing the taxes for the years for which the judgment was recovered, and shall not in any way affect any taxes not included in the judgment. (code 1941, art. 22-4)

section 2-11.1. sale or release of interests in real property.
(a) any sale of real property or any interest in real property, or the execution of any instrument dealing with or releasing an interest in real property, is sufficient to convey or release such interest when authorized by resolution passed by a majority of the city council and signed by the city manager, or his or her designee, and attested by the city secretary; except that, when such instrument is in effect for a term of not more than one year, is to a city public service franchise holder, and is made for the city’s benefit, then the head of the department concerned is authorized, by permission of the city manager, to execute the instrument conveying a temporary interest in real property. when any instrument states on its face that it is authorized by this section, it is deemed to have been properly authorized and sufficient to convey or release the interest sought to be conveyed or released.

(b) notwithstanding subsection (a), the head of the department concerned, or his or her designee, is authorized, by permission of the city manager, to execute full or partial releases of:

(i) the following notes and liens, upon receipt of any required payment to the city:
(a) a notice of intention to assess for paving;
(b) a mechanic’s and materialman’s lien contract for paving or for water or sewer special assessments;
(c) a street paving certificate;
(d) a demolition lien;
(e) a closure lien;
(f) a lien imposed for civil penalties assessed by the municipal court or the former urban rehabilitation standards board against a structure found to be an urban nuisance;
(g) an abstract of judgment for civil penalties, court costs, and attorney’s fees assessed on property by a court of competent jurisdiction;
(h) a weed cutting lien; and
(i) a promissory note secured by any of the liens described in this subsection; and

(2) a lien on property that, upon investigation, is determined to have been placed in error by the department concerned.

10 dallas city code
§ 2-11.1 Administration

(c) Each release executed under Subsection (b) must refer to this section by number, and this section will be the authority for the release. The release may, but is not required to, be attested by the city secretary. The head of the department concerned shall provide the executed and acknowledged release to the property owner. Unless otherwise required by law or contract, the property owner is responsible for recording the release at his or her expense, except that the head of the department concerned shall promptly file in the official real property records of the county in which the property is located an executed release of any lien placed in error by the department concerned.

(d) All instruments concerning the conveyance or release of an interest in real property heretofore executed pursuant to a resolution of the city council are in all respects ratified and confirmed as the action of the city council the same as though separately authorized by ordinance. (Ord. Nos. 10893; 11424; 16024; 26517)

SEC. 2-11.2. ACCEPTANCE OF CONVEYANCE OR ACQUISITION BY EMINENT DOMAIN WHERE CONSIDERATION IS $10,000 OR LESS.

(a) The city manager is authorized to accept and approve on behalf of the city any legal instrument executed by any person, which grants, gives, conveys, quitclaims, or releases any right in real property, whether such right is fee simple or any lesser title, estate, or right, where the total consideration to be paid by the city for the title, estate, or right is $10,000 or less.

(b) The city manager is authorized to acquire any title, estate, or right in real property by settlement, acceptance of a commissioner’s award, or payment of a court judgment if:

(1) the city council has previously authorized eminent domain proceedings on the real property; and

(2) the total consideration to be paid by the city for the title, estate, or right in the real property is $10,000 or less.

(c) Any such grant, gift, conveyance, quitclaim, release, settlement, acceptance of a commissioner’s award, or payment of a court judgment mentioned in this section must be approved by:

(1) the head of the city department concerned;

(2) the city attorney; and

(3) the city controller, if the amount of cash consideration to be paid by the city exceeds $10. (Ord. Nos. 12734; 15279; 17131; 19875; 20951)

SEC. 2-11.3. REAL PROPERTY ACQUISITIONS WHERE CONSIDERATION EXCEEDS $500,000.

If the consideration to be paid by the city for a proposed acquisition of an interest in real property exceeds $500,000, the city manager must obtain two independent fee appraisals of the real property interest to assist in determining the current market value of the real property interest to be acquired by the city. To the extent allowed by law and after a review of the specific circumstances, the city council may, by resolution, waive the requirement for two independent fee appraisals established under this section and require only one independent fee appraisal instead. (Ord. Nos. 20818; 26804)

SEC. 2-12. LEGAL ADVICE.

Whenever any officer desires legal advice with regard to the performance of his official duties, he shall apply to the city attorney for the same, and be guided by his opinion in the matter. (Code 1941, Art. 19-5)
SEC. 2-13. PUBLIC UTILITIES TO PAY EXPENSE OF OFFICE OF SUPERVISOR OF PUBLIC UTILITIES - GENERALLY.

All expenses and disbursements in connection with the maintenance and operation of the office of supervisor of public utilities, including all salaries of clerks, assistants, engineers, accountants, and the duly appointed supervisor, shall be paid pro rata each month by the public service utilities (exclusive of those operating on an annual flat charge basis), which are subject to supervision by the supervisor of public utilities, under any law, charter provision or franchise requirement. The pro rata contribution of each public service utility shall be in relation to its preceding calendar year gross receipts and shall be a percentage in relation to the calendar year total gross receipts of all such public service utilities (exclusive of those operating on an annual flat charge basis); provided, however, that any direct pro rata contribution exempt by franchise provisions in which a per cent gross receipts tax is provided in lieu of direct contribution to the payment on the salary and expenses and charges of the supervisor of public utilities, and of his assistants and subordinates shall be paid by the city from its general fund and in conformity with required budgetary practice. The Dallas Railway & Terminal Company shall pay a pro rata contribution in the relation that its total gross receipts for the preceding calendar year bears to the calendar year total gross receipts of all such public service utilities (exclusive of those operating on an annual flat charge basis). The moneys collected under this section shall be deposited to the credit of the general fund of the city. (Ord. 6622)

SEC. 2-14. SAME - NOTICE REQUIRED.

All payments due direct from any public service utility shall be made monthly on notice from the supervisor of public utilities and such payment received from public service utilities shall be made to the city and credited to the general fund, to apply on the maintenance and operation expense of the office of supervisor of public utilities. (Ord. 3488)

SEC. 2-15. SAME - “GROSS RECEIPTS” DEFINED.

Gross receipts means such term as is defined by the provisions of the several franchises and shall apply to each utility company only in the manner set forth in the franchise of each such utility. If the term “gross receipts” is not used in the franchise of any utility subject to Section 2-13 then it shall include whatever equivalent term was used. (Ord. 3488)

SEC. 2-16. EMINENT DOMAIN PROCEEDINGS FOR PERSONAL PROPERTY.

(a) When the city council considers it necessary for a public purpose, the city may condemn public or private personal property, located inside or outside the city, for any purpose authorized by state law or the city charter.

(b) The procedures used to condemn personal property will be the same as those provided by state law for the condemnation of real property at the time condemnation proceedings are initiated for the personal property.

(c) The measure of damages for the condemnation of personal property is the local market value of the property at the time of the special commissioners’ hearing, and, when less than the entire property is condemned, any damage to the remaining property. The remainder damage will be measured by the loss, if any, in the market value of the remaining property that is proximately caused by the condemnation, considering the extent of the injury and benefit to the remaining property. The injury or benefit considered must be peculiar to the property owner and must relate to the property owner’s ownership, use, or
enjoyment of the property, but may not include any injury or benefit that the property owner experiences in common with the general community.  (Ord. 25464)

SEC. 2-17.  PAYMENT OF COST OF PUBLISHING ORDINANCE GRANTING FRANCHISE OR CLOSING STREET.

The payment of the costs of publishing the ordinance, in the amount of $20, shall be made a condition precedent to the granting of any request by the city council for any franchise or the clearing of title by the abandoning or closing of any street or alley.  Such sum shall be paid in advance by the person seeking such special privilege or franchise or the abandoning or closing of any street or alley within five days after the granting of the request and prior to the publication of the ordinance making the request effective.  (Code 1941, Art. 117-3; Ord. 3756)

SEC. 2-17.1.  FISCAL NOTES.

(a) The city manager shall prepare a fiscal note to accompany any proposed project or program presented to the city council if the project or program increases or decreases revenues or causes the expenditure or diversion of funds and the project or program is:

(1) to be considered by ordinance or resolution as an unbudgeted item;

(2) new and is to be considered as a part of the adoption of the annual budget; or

(3) to be considered as part of the adoption of a bond program.

(b) A fiscal note shall include a statement of estimated revenues and expenditures that will result from a proposed project or program in the current and at least two future fiscal years.

(c) The city manager or his designee shall develop procedures and standardized formats in which to present fiscal impact information.  (Ord. No. 17938)

SEC. 2-17.2.  SELECTION OF CITY AUDITOR; NOMINATING COMMISSION.

(a) Before the end of each term of a city auditor, or at such other times when a vacancy occurs or is anticipated to occur in the office of city auditor, the city council shall appoint a nominating commission to select a city auditor in accordance with Chapter IX, Section 1 of the city charter. The commission shall be composed of five members, including a chair and vice-chair, meeting the following qualifications:

(1) One member must be a representative selected by the board of directors of the Dallas Chapter of one of the following professional organizations, including the: Texas Society of Certified Public Accountants (TSCPA); Institute for Internal Auditors (IIA); Information Systems Audit and Control Association, Inc. (ISACA); Financial Executives International (FEI); Association of Government Accountants (AGA); or other such organizations experienced in accounting and auditing.

(2) Four members must meet any one of the following qualifications:

(A) Be a current or former managing or founding partner of a multi-national public accounting firm with offices located in the city, excluding any firm under current contract with the city to provide external audit services.

(B) Be one of the following persons associated with a publicly-traded company headquartered in Dallas County that has at least 500 million dollars in annual revenue:

(i) the current or former chief financial officer;
§ 2-17.2 Administration § 2-18

(ii) the current or former chief auditor of an internal audit group; or

(iii) the current or former chief executive officer.

(C) Be a former mayor or council member of the city.

(D) Be a current or former city auditor of the city.

(b) A person appointed to the city auditor nominating commission under Subsection (a)(2) or (a)(3)(B) of this section is not required to be a resident or qualified voter of the city of Dallas.

(c) The commission shall, within 15 days after being appointed, hold its first meeting to consider nomination of a person to serve as city auditor. Within 180 days after its first meeting, the commission shall nominate to the city council one or more candidates for city auditor selected by a majority of the commission members. The city council shall, within 30 days after receipt of the nomination, accept one of the nominated candidates or reject all of the candidates.

(d) If the city council rejects all candidates nominated for city auditor, it shall immediately notify the commission and request the nomination of different candidates. Commission members shall serve until the city council accepts a candidate nominated by them to be city auditor.

(e) The director of human resources of the city shall assist the commission, when necessary, in seeking and screening applicants for the position of city auditor.

(f) Notwithstanding Subsections (a) through (e) of this section, at the end of a city auditor’s term (including any period in which a city auditor is holding over), the city council government performance and financial management committee may, on its own initiative or at the direction of the city council, act as a nominating commission and, by a majority vote, nominate the incumbent city auditor for reappointment by the full city council. If a majority of the government performance and financial management committee does not vote to nominate the incumbent city auditor for another term, or if, upon receiving the nomination from the finance and audit committee, a majority of the city council does not vote to reappoint the incumbent city auditor for another term, then the nominating process described in Subsections (a) through (e) must be followed. (Ord. Nos. 20457; 21157; 22026; 22277; 22414; 25495; 25808; 30969)

SEC. 2-17.3. NONDISCRIMINATION IN THE PROVISION OF CITY SERVICES.

(a) The city of Dallas will not discriminate because of a person’s race, color, age, religion, marital status, sexual orientation, gender identity and expression, genetic characteristics, national origin, disability, military or veteran status, sex, political opinions, or affiliations in the provision of services to the general public.

(b) This section does not create a private cause of action, nor does it create any right or remedy that is the same or substantially equivalent to the remedies provided under federal or state law. (Ord. Nos. 25041; 30828)

ARTICLE II.

ASSISTANT CITY ATTORNEYS.

SEC. 2-18. QUALIFICATIONS AND APPOINTMENT.

The city attorney shall select and nominate such assistants, including those assigned to the municipal courts, as the city council shall determine are necessary. Each position must be filled by a licensed attorney at law and must be confirmed by the city council. (Code 1941, Art. 20-1; Ord. Nos. 7956; 13439; 22026; 24410)
SEC. 2-19. DUTIES.

Under the direction and control of the city attorney, assistant city attorneys shall perform all duties required by the city charter, the Dallas City Code, and any other ordinance or regulation which is enacted by the city council. All powers which are conferred by the city charter on the city attorney may be exercised by assistant city attorneys. (Code 1941, Art. 20-2; Ord. 14995)

SEC. 2-20. COMPENSATION.

Each of the assistant city attorneys shall receive such compensation for his services as may be fixed by the city council at the time of his appointment. (Code 1941, Art. 20-3)

SEC. 2-20.1. GUEST ASSISTANT CITY ATTORNEY PROGRAM.

(a) The city attorney is authorized to conduct a volunteer program known as the guest assistant city attorney program. The purpose of the program is to allow attorneys who are employed by private law firms or organizations that provide pro bono legal services to obtain valuable trial experience on a temporary and voluntary basis while, at the same time, providing a public service that benefits the city and its citizens.

(b) The city attorney may, without further city council approval, enter into arrangements with private law firms and organizations that provide pro bono legal services within the city through which volunteer attorneys are recommended and provided by the law firms and pro bono legal service organizations to perform work in hearing officer’s court, municipal court, and other courts, and to appear before city, state, or federal boards, commissions, and agencies.

(c) To participate in the guest assistant city attorney program, a volunteer attorney:

1. must be approved by the city attorney;
2. pass a conflict of interests check and a background check; and
3. may not owe the city any delinquent taxes, fees, charges, or penalties.

(d) While participating in the guest assistant city attorney program, a volunteer attorney is not an employee of the city, except that, for purposes of the city’s officer and employee liability plan, a volunteer attorney is deemed a plan member under Section 31A-4(5)(D) of this code. The city is not liable for compensation or benefits (including but not limited to workers’ compensation insurance coverage) to be paid to the volunteer attorney during the period of participation in the guest assistant city attorney program. Nothing in this section, or in any other provision of this code, may be construed to require the city to pay a volunteer attorney or the attorney’s firm or organization for services rendered during the period of the volunteer attorney’s participation in the program.

(e) A volunteer attorney, while participating in the guest assistant city attorney program, is subject to the direction of the city attorney and to the direction of any assistant city attorney designated to supervise the volunteer attorney.

1. Guest assistant city attorneys prosecuting cases in municipal court. A volunteer attorney may prosecute cases in the municipal court and perform tasks incidental to work as a municipal prosecutor, if directed by the city attorney. For purposes of this article, the city charter, and Section 45.201 of the Texas Code of Criminal Procedure, as amended, a volunteer attorney participating in the guest assistant city attorney program is deemed an assistant city attorney while carrying out the limited duties of prosecuting cases in municipal court and performing tasks incidental to work as a municipal prosecutor.
§ 2-20.1  Administration § 2-23

(2) Guest assistant city attorneys not prosecuting cases in municipal court. A volunteer attorney may handle cases in hearing officer’s court or other courts, or appear before city, state, or federal boards, commissions, and agencies, and perform tasks incidental to those duties, if directed by the city attorney. For purposes of this article, the city charter, as amended, and any other applicable laws, a volunteer attorney participating in the guest assistant city attorney program is deemed an assistant city attorney while carrying out the limited duties of handling cases in hearing officer’s court and other courts, and appearing before city, state, or federal boards, commissions, and agencies, and performing tasks incidental to those duties.

(f) While participating in the guest assistant city attorney program, a volunteer attorney may not:

(1) perform any legal work for the city other than work described in this section and approved by the city attorney or any assistant city attorney designated to supervise the volunteer attorney; or

(2) represent any person in a lawsuit, claim, or other proceeding to which the city is a party, if the interests of that person are adverse to the interests of the city.

(g) While participating in the guest assistant city attorney program, a private law firm or organization that provides pro bono legal services may not represent any person in a lawsuit, claim, or other proceeding to which the city is a party, if the interests of that person are adverse to the interests of the city.

(h) A volunteer attorney, while participating in the guest assistant city attorney program, is subject to the restrictions of Chapter 12A of this code, as amended. A violation of any provision of Chapter 12A, this section, or a directive of the city attorney or any assistant city attorney designated to supervise the volunteer attorney may result in termination of the volunteer attorney’s participation in the program. The city attorney may also, in the city attorney’s discretion, terminate any arrangement with the private law firm or organizations that provide pro bono legal services that employs a volunteer attorney who commits a violation of any provision described in this subsection.

(Ord. Nos. 24219; 30089)

ARTICLE III.

MANAGEMENT AND SALE OF CITY-OWNED REAL PROPERTY.

Division 1. Generally.

SEC. 2-21. INVENTORY OF REAL PROPERTY.

The city manager shall maintain, as part of the city’s computerized fixed asset system, a descriptive roster of real property owned by the city. (Ord. Nos. 17259; 28684)

SEC. 2-22. EXAMINATION OF NEED.

The city manager shall conduct an annual examination of the need for city-owned real property. In conducting this analysis, the city manager shall consider the city’s real property requirements expressed through master plans for public facilities, including, but not limited to, libraries, water and wastewater, police and fire, district service centers, streets, and parks. If no need currently or prospectively exists as identified by specific master plans, the real property shall be considered unneeded, and the city manager shall report these findings to the city council and, when appropriate, submit an analysis including zoning, land uses, and development potential in the vicinity of the property. (Ord. Nos. 17259; 28684)

SEC. 2-23. DECISION TO SELL.

The city council shall determine whether real property should be offered for sale by the city and whether any limitations should be placed on the future use of the property. (Ord. Nos. 17259; 28684)
SEC. 2-24. PROCEDURES FOR THE SALE OF UNNEEDED REAL PROPERTY BY FORMAL BID OR NEGOTIATION.

(a) In addition to the requirements of Chapter 272 of the Texas Local Government Code, as amended, and except as provided in Subsection (f) of this section, the city manager shall follow the procedures described in this section for the sale of real property other than property used as public right-of-way.

(b) If property has an estimated value of less than $100,000, the city staff shall make an appraisal of the property to determine fair market value. If property has an estimated value of $100,000 or more, the city manager shall obtain an independent appraisal of the property to determine fair market value. The appraisal shall be prepared for the city, and the appraiser shall be selected by the city manager.

(c) In order to publicize the availability of property for sale and to attract the attention of all potential buyers, at least 60 days before initiation of formal bid procedures, the city manager shall:

   (1) prepare a notice of the contemplated offer for sale and descriptive information and send it to:

       (A) all property owners within 200 feet of the property;

       (B) real estate brokers known to be active within the immediate community; and

       (C) neighborhood associations within the immediate community;
Administration

[Intentionally left blank]
§ 2-24 Administration

SEC. 2-24.1. PROCEDURES FOR THE SALE OF UNNEEDED REAL PROPERTY BY PUBLIC AUCTION.

(a) Instead of selling real property pursuant to Section 2-24 of this division, the city may sell real property by public auction in accordance with this section and Sections 253.008 and 272.001 of the Texas Local Government Code, as amended.

(b) Before real property is offered for sale at a public auction, the city council, by resolution, shall authorize the sale by public auction and establish a reserve amount for the property that will be the minimum price acceptable to the city for that property.

(c) Notice of a public auction for the sale of real property must be published once a week, for three consecutive weeks before the auction, in a newspaper of general circulation in a county in which the city is located, and, if the real property is located in another county, in a newspaper of general circulation in the county in which the property is located. The first publication of the notice must be before the 20th day before the date of the auction. The notice must include:

(1) the description and location of the real property;

(2) the date, time, and location of the public auction; and

(3) the procedures to be followed at the public auction.

(d) A public auction to sell real property must be conducted in accordance with procedures established by the city manager that are not in conflict with this division, the city charter, Sections 253.008 and 272.001 of the Texas Local Government Code, as amended, or other applicable law.

(e) The procedures required by this section that are not required by state law may be waived or
modified, by city council resolution, with respect to a particular parcel of land. (Ord. 28684)

SEC. 2-25. TYPE OF CONVEYANCE.

The city attorney shall determine the type of conveyance or other instrument to be executed by the city prior to the initiation of formal bid procedures or public auction procedures, and this information may be included in the notice when necessary. (Ord. Nos. 17259; 28684)

SEC. 2-26. BIDDER INFORMATION.

A bidder for the purchase of real property or an interest in real property from the city, whether bidding through formal bid procedures or at a public auction, must state the full name of the prospective purchaser as it should appear in an instrument of conveyance. If a bid is made on behalf of another person, firm, trust, partnership, association, or corporation, disclosure of the facts relating to the agency may be required by the city manager. Failure to furnish the information upon request, before or after bid acceptance, is grounds for rejection of a submitted or accepted bid. (Ord. Nos. 17259; 28684)

SEC. 2-26.1. CITY MANAGER RECOMMENDATION AND AWARD OF SALE.

(a) Formal bid procedures and negotiated sales. After receipt and tabulation of bids using formal bid procedures or after reaching agreement for a negotiated sale under Section 2-24 of this division, the city manager shall make a recommendation to the city council. The city council may act by resolution to award or reject the sale. Upon approval, the city attorney shall prepare and the city manager shall execute an appropriate instrument of conveyance.

(b) Public auction.

(1) After receipt and tabulation of bids at a public auction under Section 2-24.1 of this division, the city manager shall determine whether the highest qualifying bid equals or exceeds the reserve amount established by the city council for the real property.

(2) If the highest qualifying bid at the public auction equals or exceeds the reserve amount established for the property, the city manager may, without further council action, execute with the successful bidder a purchase and sales agreement and an appropriate instrument of conveyance, as prepared by the city attorney.

(3) If the highest qualifying bid is less than the reserve amount established for the property, the city manager shall make a recommendation to the city council, and the city council may, by resolution, accept or reject the sale. Upon approval of a sale by the city council, the city attorney shall prepare and the city manager shall execute a purchase and sales agreement and an appropriate instrument of conveyance.

(4) For purposes of this subsection, “highest qualifying bid,” means the highest bid received from a prospective purchaser who is financially capable of purchasing the property and meets all qualifications established by the city for ownership of the property. (Ord. Nos. 17259; 28684)

SEC. 2-26.2. ABANDONMENT OF PUBLIC RIGHTS-OF-WAY.

(a) Application by property owner. A property owner whose property abuts a public right-of-way may apply to the city manager for abandonment, in whole or in part, of the abutting right-of-way. An application must be accompanied by:

(1) a nonrefundable application fee of $4,250, plus recording fees;
(2) the written concurrence of all persons who own property abutting the area proposed to be abandoned; and 

(3) copies of recorded deeds showing current ownership of all property abutting the area proposed to be abandoned.

(b) Investigation and notice. Upon receipt of an application for abandonment of a public right-of-way, the city manager or the city manager’s designee shall investigate the request and send written notice of the requested abandonment to all affected city departments, all public service franchise holders, and, if the proposed right-of-way abandonment is outside of the central business district freeway loop, then to all persons owning property within 300 feet of the right-of-way proposed to be abandoned.

(c) Date of valuation. The date for establishing the market value of the area proposed to be abandoned is the date the abandonment request is considered by the city council. Any independent appraisal used to establish market value for an abandonment must be performed not more than 180 days before the date on which the city council considers the abandonment request. The city manager or the city manager’s designee may require that a more current independent appraisal be performed at the applicant’s expense if the city manager or the city manager’s designee determines that the market value of the proposed abandonment area has significantly changed since the date of the last independent appraisal.

(d) Market value.

(1) If the estimated abandonment fee, to be established in accordance with Subsection (f), is less than $20,000:

(A) the city staff may use the appraised land value per square foot, as determined by the Dallas Central Appraisal District, of a fee simple interest in a useable tract of an abutting property to determine market value of the area proposed to be abandoned; or

(B) the city manager or the city manager’s designee may obtain an independent appraisal of the property to determine the per-square-foot market value of the area proposed to be abandoned, if the city manager or city manager’s designee has reason to believe the proposed abandonment area has experienced increases in property value.

(2) If the estimated abandonment fee is $20,000 or more, the city manager or the city manager’s designee shall obtain an independent appraisal of the property to determine the per-square-foot market value of the area proposed to be abandoned.

(3) If an independent appraisal is obtained under Paragraph (1)(B) or (2) of this subsection, the proposed abandonment area must be appraised as if it were an assembled portion of the applicant’s abutting property. The applicant shall pay the city the cost of an independent appraisal whether or not the abandonment is approved.

(e) Cases of disputed value. If the first appraisal obtained by the city is disputed by the applicant, the applicant shall obtain a second independent appraisal at the applicant’s expense. If the city manager or the city manager’s designee determines that there is a substantial difference between the two appraisals, the city manager or the city manager’s designee shall engage an independent appraiser to perform a review appraisal, the cost of which must be paid by the applicant. The city manager or the city manager’s designee shall then make a final determination of market value, which will be binding upon both parties.

(f) Fees for abandonment. Before the city council authorizes the abandonment of all or part of a public right-of-way, the applicant shall pay an abandonment fee calculated in accordance with one of the following methods:
§ 2-26.2 Administration

(1) Fee for a street, alley, or storm water management area abandonment: an amount equal to the square footage of the area abandoned x the market value of the area per square foot, or a $5,400 processing fee, whichever is greater. If property rights are retained by the city, the appraiser may, if warranted, discount the market value up to, but not exceeding:

(A) 15% for a full abandonment with any encumbrance or easement retained;

(B) 30% for an air rights abandonment;

(C) 70% for a subsurface rights abandonment; and

(D) 85% for an air rights abandonment deed restricted against use.

(2) Fee for an abandonment of a utility or drainage easement originally dedicated to the city at no cost: $5,400 processing fee, plus $1,000 for each easement in excess of five being abandoned.

(3) Fee for an abandonment of a utility or drainage easement originally purchased by the city: an amount equal to the greatest of:

(A) the square footage of the area abandoned x the market value of the area per square foot x 50%;

(B) the square footage of the area abandoned x the per-square-foot purchase price of the easement when originally purchased by the city; or

(C) a $5,400 processing fee.

(4) Fee for an abandonment of a street, alley, or storm water management area originally dedicated at no cost to the city when the original dedicant applies for abandonment before the sale of abutting property has been made: $5,400 processing fee.

(g) Other abandonment regulations. The following regulations govern abandonment of public rights-of-way when applicable:

(1) If additional property owned by an applicant in the area of the proposed abandonment is needed by the city for public streets or other public purposes, the applicant may be allowed a square foot for square foot credit against the area to be abandoned. If the area dedicated to the city exceeds the area abandoned, the applicant will be charged only a $4,250 application fee, a $5,400 processing fee, and recording fees.

(2) An applicant will not be allowed a credit against the proposed abandonment for the dedication of a utility easement or the conversion of a right-of-way to a utility easement.

(3) An applicant will not be allowed a credit against the proposed abandonment for conversion of a right-of-way to a private street, private alley, or private drive, except when allowed under Subsection (h) of this section.

(4) The fees and procedures specified in this section, except for the processing fees required by Subsections (f), (g)(1), and (h)(4), may be waived or modified for a particular parcel of land upon approval of the city council, unless otherwise provided by another city ordinance, the city charter, or state law.

(h) Abandonment credit for private streets, alleys, and drives.

(1) An applicant will be allowed a credit against the proposed abandonment of a public right-of-way in a residential development if the applicant is a developer who has acquired an area for development and agrees to construct the following or is a homeowner or homeowner association who desires to convert existing public streets and alleys in a development into the following:
(A) private streets and private alleys in an R, R(A), D, D(A), TH, TH(A), CH, or central area district, as defined in the Dallas Development Code, adequate to serve the area’s development, provided that:

(i) each private street or private alley complies with all standards and requirements governing private streets and alleys set forth in Section 51A-4.211 of the Dallas Development Code;

(ii) the applicant obtains a special use permit for each private street or private alley as required by Section 51A-4.211 of the Dallas Development Code;

(iii) the applicant agrees to accept full responsibility for maintenance of each private street or private alley; and

(iv) any existing public street or alley, when converted to a private street or alley, may not be altered except as necessary to maintain the street or alley in the same or better condition;

(B) private drives in an MF or MF(A) district, as defined in the Dallas Development Code, provided that:

(i) each private drive is built to the same specifications as a street dedicated to public use, with a minimum width of 24 feet with no curb requirement, when adjacent to parking, and a minimum width of 20 feet with a curb requirement, when not adjacent to parking; and

(ii) each private drive contains service easements including, but not limited to, utilities, fire lanes, street lighting, government vehicle access, mail collection and delivery access, and utility meter reading access; and

(iii) each private drive contains service easements including, but not limited to, utilities, fire lanes, street lighting, government vehicle access, mail collection and delivery access, and utility meter reading access; and

(iv) only that portion or side of a private drive that abuts property used exclusively for multifamily housing is eligible for the credit.

(2) A private street, private alley, or private drive for which a credit is allowed must be restricted to residential uses only for 40 years from the date of passage of the abandonment ordinance, unless the restriction is sooner removed by ordinance of the city council. If the restriction is removed before the 40-year period expires, the applicant, or the applicant’s heirs, successors, or assigns, shall pay a nonprorated abandonment fee calculated in accordance with the requirements of this section as those requirements existed on the date the abandonment ordinance was originally passed.

(3) If a public right-of-way is abandoned under this subsection to a homeowner association for conversion to a private street, private alley, or private drive, the ordinance authorizing the abandonment must include a provision stating that, if the homeowner association becomes defunct, each individual homeowner, and each homeowner’s heirs,
successors, and assigns, shall become liable for all of the terms and conditions of the abandonment ordinance.

(4) Before the city council authorizes the abandonment of all or part of a public right-of-way for conversion to a private street, private alley, or private drive for which a credit is allowed under this subsection, the applicant shall pay a fee of $5,400 for processing the transaction, plus all applicable application, appraisal, and recording fees. (Ord. Nos. 17642; 18056; 19455; 23345; 24051; 24057; 25048; 25651; 26598; 27980; 28684; 29477, eff. 10/1/14)

SEC. 2-26.3. RESERVED.

(Repealed by Ord. No. 23694)

Division 2. Alternate Manner of Sale of Real Property to Nonprofit Organizations for Affordable Housing.

SEC. 2-26.4. PURPOSE.

(a) It is the intent of the city council in adopting this division to establish, in accordance with Section 253.010 of the Texas Local Government Code, as amended, an alternate manner of sale of tax-foreclosed and seized real property to nonprofit organizations to provide for affordable housing in the city.

(b) Nothing in this division may be construed to require the city council to approve the sale of land to a nonprofit organization, to approve zoning changes for the land, or to provide funding for any proposal submitted under this division. (Ord. Nos. 23713; 24046; 25443)

SEC. 2-26.5. DEFINITIONS.

In this division:

(1) AFFORDABLE HOUSING means:

(A) owner-occupied housing that:

(i) is sold or resold under this division to a low-income individual or family; and

(ii) has a purchase price and an estimated appraised value at acquisition that does not exceed 95 percent of the “HUD 203B” maximum mortgage amounts established and published annually by HUD in Part 203, Title 24 of the Code of Federal Regulations, as amended; or

(B) renter-occupied housing for which housing expenses do not exceed HUD fair market rents, as defined in Part 888, Title 24 of the Code of Federal Regulations, as amended.

(2) DIRECTOR means the director of the department designated by the city manager to administer this division, or the director’s authorized representative.

(3) HUD means the United States Department of Housing and Urban Development.

(4) LAND or PROPERTY means any real property that has been acquired by the city, for itself or as trustee for any other taxing unit, pursuant to Chapters 33 and 34 of the Texas Property Tax Code, as amended, by:

(A) foreclosure of a tax lien; or

(B) seizure.

(5) LAND ASSEMBLY PROGRAM means a city program established by Resolution No. 97-1504, as amended, that provides for the sale of tax-foreclosed
properties to qualified nonprofit organizations for the furtherance of city-approved public purposes.

(6) LOW-INCOME INDIVIDUAL OR FAMILY means an individual or family whose annual income does not exceed 80 percent of the median income for the Dallas Standard Metropolitan Statistical Area, as determined annually by HUD, with adjustments for smaller and larger families.

(7) NONPROFIT ORGANIZATION means:

(A) a nonprofit corporation described by 26 U.S.C. Section 501(c)(3) that:

(i) has been incorporated in the State of Texas for at least one year;

(ii) has a corporate purpose to develop affordable housing that is stated in its articles of incorporation, bylaws, or charter;

(iii) has at least one-fourth of its board of directors residing in the city; and

(iv) engages primarily in the building, repair, rental, or sale of housing for low-income individuals and families; or

(B) a joint venture or partnership between:

(i) a nonprofit corporation organized and existing under the laws of the State of Texas that develops affordable housing for low-income individuals and families as a primary activity to promote community-based revitalization of the city; and

(ii) a nonprofit corporation or other nonprofit legal entity composed of residents of or property owners in the community or neighborhood in which land subject to a purchase proposal under this division is located.

(8) TAXING UNIT means a taxing unit, as defined in Section 1.04(12) of the Texas Property Tax Code, as amended, that is a party to a judgment for delinquent taxes on a property or that has acquired seized property pursuant to a tax warrant. (Ord. Nos. 23713; 24046)

SEC. 2-26.6. ALTERNATE METHOD OF SALE FOR TAX-FORECLOSED OR SEIZED REAL PROPERTY.

(a) Notwithstanding any conflicting provision of Division 1 of this article, land on which a tax lien has been foreclosed in favor of the city or land that has been seized by the city may be sold to a nonprofit organization for the purpose of providing affordable housing in accordance with this division and Section 253.010 of the Texas Local Government Code, as amended. The land may be located anywhere within the corporate city limits, but must be currently zoned for residential use.

(b) Any nonprofit organization purchasing land under this division must develop the land for sale or lease of affordable housing units to low-income individuals and families within three years of obtaining a quitclaim deed from the city. The affordable housing may be single-family or multi-family units.

(c) Subject to approval by the governing bodies of all other affected taxing units, the city council may by resolution:

(1) approve changes to a nonprofit organization’s proposal to develop affordable housing on land purchased from the city under this division, with any material changes being subject to the public hearing requirements set forth in Section 2-26.7; and

(2) extend the three-year development period in which a nonprofit organization is required to construct affordable housing units on land purchased from the city under this division. (Ord. Nos. 23713; 24046; 25443)
SEC. 2-26.7. PURCHASE PROPOSALS BY NONPROFIT ORGANIZATIONS; PROCEDURES AND REQUIREMENTS FOR CITY APPROVAL OR REJECTION OF PROPOSALS.

(a) A nonprofit organization wanting to purchase land under this division must submit a complete proposal to the director and the director of sustainable development and construction. The proposal must include all of the following information:

(1) Evidence that the requestor is a qualified nonprofit organization.

(2) A plan to develop the land as either single-family or multi-family affordable housing for low-income individuals or families in compliance with this code and all other applicable city ordinances and state and federal laws.

(3) A timetable showing the commencement of construction, completion of construction, and occupancy of affordable housing on the land by low-income individuals or families.

(4) Evidence of a citizen participation plan or the approval of area residents of the use of the land by the nonprofit organization.

(5) Identification and sources of the necessary project financing.

(6) Evidence that the requestor is not delinquent in payment to the city of any fees, charges, taxes, or liens, or, if delinquent, has paid at least one-third of the total amount owed and is currently on an approved payout arrangement with the city.

(7) Evidence that the requestor is current on payment of taxes and liens owed to any other affected taxing unit under the Texas Property Tax Code.

(b) At the time of submitting its proposal, the nonprofit organization must also demonstrate to the director’s satisfaction its compliance with approved development plans and timetables for all other property that the nonprofit organization has acquired under this division or under the city’s land assembly program. The city may not consider the proposal of any nonprofit organization that the director finds is not in compliance with the development plans, timetables, this code, or other applicable city ordinances or state or federal laws on other properties acquired under this division or the land assembly program.

(c) If, after investigating the facts set forth in the proposal, the director determines that the nonprofit organization does not meet all requirements for receiving a quitclaim of land under this division, the director shall reject the proposal. The director shall notify the nonprofit organization and the director of sustainable development and construction in writing of the director’s decision. The notice must state the reason the proposal was rejected and that the nonprofit organization may appeal the director’s decision under Section 2-26.14 of this division.

(d) If the director determines that the nonprofit organization meets all requirements for receiving a quitclaim of land under this division, the director shall route the proposal to the affected city departments and taxing units for review. After receiving responses from all affected departments and taxing units, the city manager shall recommend to the city council whether to approve or reject the proposal.

(e) Not less than 10 calendar days before the city council takes action on a proposal submitted under this section or holds a public hearing on a proposal under Subsection (f) of this section, the director shall conspicuously post notice of the proposal on each property that is subject to the proposal. The notice must state that the property will be considered for purchase by a nonprofit organization for the development of affordable housing and provide a telephone number by which the public can obtain more information about the proposal.

(f) The city council shall hold a public hearing before taking action on a proposal submitted by a nonprofit organization described in Section 2-26.5(7)(A). The director shall send written notice of
the public hearing to all owners of real property lying within 200 feet of the boundary of the area subject to the proposal. The measurement of the 200 feet includes streets and alleys. The notice must be given not less than 10 calendar days before the date set for the hearing by depositing the notice properly addressed and postage paid in the United States mail to the property owners as evidenced by the last approved city tax roll. This notice must be written in English and Spanish if the area subject to the proposal is located wholly or partly within a census tract in which 50 percent or more of the inhabitants are persons of Spanish origin or descent according to the most recent federal decennial census. The director shall also give notice of the public hearing in the official newspaper of the city not less than 10 calendar days before the hearing date. After notice of a public hearing has been given, a nonprofit organization may not amend its proposal without city council approval.

(g) A proposal must be adopted by resolution of the city council and by an appropriate act of the governing body of each of the other affected taxing units before any land may be quitclaimed to a nonprofit organization under this division. (Ord. Nos. 23713; 25047; 27697)

SEC. 2-26.8. MULTIPLE PROPOSALS FOR THE SAME LAND.

If two or more nonprofit organizations request the same land, their proposals will be considered as follows:

(1) A nonprofit organization that needs the land as an outparcel to complete development of an affordable housing project will be given first preference to acquire the land.

(2) A nonprofit organization that is certified by the city as a community housing development organization, as that term is defined in Part 92.02, Title 24 of the Code of Federal Regulations, as amended, will be given second preference to acquire the land if the land is located in its neighborhood area of emphasis for the development of affordable housing, as that area is defined in its certification by the city.

(3) If none of the nonprofit organizations is entitled to preference under Subsection (1) or (2) of this section, or if more than one of the nonprofit organizations is entitled to preference under Subsection (1) or (2) of this section, the city council will evaluate the competing proposals for the land and accept the one determined to be in the best interest of the city. (Ord. 23713)

SEC. 2-26.9. PURCHASE PRICE OF LAND.

(a) A nonprofit organization that purchases land under this division shall pay the following amounts to the city for the land:

(1) a fixed price of $1,000 for up to 7,500 square feet of land purchased under a single proposal, plus $0.133 for each additional square foot of land purchased under the proposal, which amounts will be distributed by the city in accordance with Section 34.06 of the Texas Property Tax Code, as amended; and

(2) a sum equal to the actual fees charged by the county clerk for recording in the real property records the sheriff’s deed and the quitclaim deed for the land.

(b) No amount paid under this section may be refunded by the city, even if the land reverts to the city under Section 2-26.12. (Ord. Nos. 23713; 24046)

SEC. 2-26.10. QUITCLAIM DEED.

(a) Upon approval of a proposal under this division by the city council and the governing bodies of all other affected taxing units, the city manager is authorized to execute a quitclaim deed, approved as to form by the city attorney, quitclaiming the land to the nonprofit organization, subject to the possibility of reverter with right of reentry, deed restrictions, and the terms and conditions of this division and the Dallas City Code 25
§ 2-26.10 Administration § 2-26.10

proposal and subject to any redemption rights in the property provided by state law.

(b) The quitclaim deed to the land must contain all of the following:

(1) A copy or summary of the proposal from the nonprofit organization for the land and a requirement that the land be developed by the nonprofit organization in accordance with the proposal and the timetable specified in the proposal.

(2) A possibility of reverter with right of reentry providing that:

(A) the property may revert to the city of Dallas under the conditions set forth in Section 2-26.12 of this division; and

(B) the nonprofit organization and its successors and assigns shall be responsible for removal of all liens and encumbrances against the property that have occurred since the nonprofit organization received the quitclaim deed from the city.

(3) Deed restrictions that:

(A) restrict:

(i) the sale and resale of owner-occupied property to low-income individuals or families for five years after the date the deed from the nonprofit organization to the initial homebuyer is filed in the real property records of the county in which the property is located; and

(ii) the lease or occupancy of any rental property developed on the land to low-income individuals or families for 15 years after the date of initial occupancy of the property;

(B) require the nonprofit organization, for 15 years from the date of initial occupancy of rental property developed on the land, to maintain 50 percent of any multi-family housing units for occupancy by low-income individuals or families as affordable housing;

(C) require the nonprofit organization to develop all proposed housing units on the land in accordance with this code and all applicable city ordinances and state and federal laws within three years after receiving the quitclaim deed to the land, or by the end of any extended development period approved by the city council under Section 2-26.6(c), and to obtain inspections and approval of the housing units by the city before initial occupancy;

(D) require any low-income individual or family who purchases a housing unit on the land or, if a housing unit is not owner-occupied, the nonprofit organization that constructed the rental housing unit to maintain each housing unit and all improvements on the land in accordance with this code and all applicable city ordinances and state and federal laws during the five-year or 15-year affordability period, whichever applies;

(E) require the five-year and 15-year affordability restrictions of this division, whichever applies, to be enforced:

(i) in the case of the initial sale of owner-occupied property, by the nonprofit organization, which must submit to the director verification of income information for the purchasers of the housing unit at least 30 calendar days prior to closing and receive the director’s written approval of the low-income qualifications of that purchaser;

(ii) in the case of subsequent resales of owner-occupied property, by the owner of the housing unit, who must submit verification to the director of income information for a subsequent purchaser at least 30 calendar days prior to closing and receive the director’s written approval of the low-income qualifications of that purchaser; and

(iii) in the case of rental property, by the nonprofit organization, which must submit to the director monthly tenant income and rental information as specified and required by the director and permit the city to conduct annual inspections of rental property for compliance with this code and all
applicable city ordinances and state and federal laws; and

(F) require the nonprofit organization to provide need-based social services to tenants of any rental property developed on the land that contains more than 25 housing units.

(4) An indemnification of the city and other affected taxing units by the nonprofit organization.

(5) A statement and acknowledgement that the property is quitclaimed subject to all redemption rights provided by state law.

(6) Such other terms and conditions as are required by the city for the resale of tax-foreclosed or seized property, whichever applies. (Ord. Nos. 23713; 24046; 25443)

SEC. 2-26.11. RESTRICTIONS ON USE OF LAND.

(a) A nonprofit organization may sell or lease housing units developed on the property only to low-income individuals and families under the terms, conditions, and restrictions of this division and the nonprofit organization’s proposal and quitclaim deed.

(b) Land quitclaimed to a nonprofit organization under this division may be resold to another nonprofit organization prior to development without the property reverting to the city if:

(1) the city manager recommends the resale after reviewing the new proposal submitted in compliance with Section 2-26.7; and

(2) the resale is approved by the city council and the governing bodies of all other affected taxing units.

(c) Land quitclaimed to a nonprofit organization under this division may not otherwise be resold, conveyed, or transferred prior to completion of the development of affordable housing on the land and occupancy of the housing by low-income individuals and families, except that a nonprofit organization may grant a security interest in the property for purposes of developing the land, subject to the city’s possibility of reverter with right of reentry and the terms, conditions, and restrictions of this division and the nonprofit organization’s proposal and quitclaim deed. (Ord. 23713)

SEC. 2-26.12. POSSIBILITY OF REVERTER WITH RIGHT OF REENTRY.

(a) Land acquired by a nonprofit organization under this division may revert to the city if the director determines that the nonprofit organization:

(1) has failed to take possession of the land within 90 calendar days after receiving the quitclaim deed to the land;

(2) has failed to complete construction of affordable housing on the land within three years after receiving the quitclaim deed to the land, or by the end of any extended development period approved by the city council under Section 2-26.6(c);

(3) is not developing the land in compliance with the timetable specified in the nonprofit organization’s proposal;

(4) is unable to develop the land in compliance with its proposal because a request for a zoning change has been denied;

(5) has incurred a lien on the property because of violations of this code or other city ordinances within three years after receiving the quitclaim deed to the land; or

(6) has sold, conveyed, or transferred the land without the consent of the city and other affected taxing units within three years after receiving the quitclaim deed to the land.

(b) Upon determination by the director that a condition described in Subsection (a) of this section has occurred, the city manager is authorized to execute
an instrument, approved as to form by the city attorney, exercising against the land the city’s possibility of reverter with right to reentry.

(c) The director shall file notice of the reverter and reentry of the land by the city in the real property records of the county in which the land is located, which notice must specify the reason for the reverter and reentry. The director shall provide a copy of the notice to the nonprofit organization in person or by mailing the notice to the nonprofit organization’s post office address as shown on the tax rolls of the city or of the county in which the land is located. (Ord. Nos. 23713; 25443)

SEC. 2-26.13. RELEASE OF REVERTER RIGHTS AND DEED RESTRICTIONS.

The city manager is authorized to execute instruments, approved as to form by the city attorney, releasing the city’s possibility of reverter with right of reentry and terminating the deed restrictions to the land upon compliance with all terms and conditions of this division and the nonprofit organization’s proposal. (Ord. 23713)

SEC. 2-26.14. APPEALS.

(a) A nonprofit organization may appeal a decision of the director rejecting the nonprofit organization’s proposal to purchase land under this division if the nonprofit organization requests an appeal in writing, delivered to the city manager not more than 10 calendar days after notice of the director’s decision is received.

(b) The city manager or a designated representative shall act as the appeal hearing officer in an appeal hearing under this section. The hearing officer shall give the appealing party an opportunity to present evidence and make argument. The formal rules of evidence do not apply to an appeal hearing under this section, and the hearing officer shall make a ruling based on a preponderance of the evidence presented at the hearing.

(c) The hearing officer may affirm, modify, or reverse all or part of the decision of the director being appealed. The decision of the hearing officer is final as to available administrative remedies. (Ord. 23713)

ARTICLE IV.

PURCHASING.

Division 1. Purchasing and Contracting Generally.

SEC. 2-27. DEFINITIONS.

In this article:

(1) ALTERNATIVE DELIVERY METHOD means one of the methods authorized by Chapter 2269 of the Texas Government Code, as amended, for contracting for facility construction.

(2) CITY EXPENDITURE means the payment of money by the city directly to a vendor or contractor pursuant to a city-awarded contract in consideration of goods furnished to or services performed on behalf of the city, or in consideration of the accomplishment of some other lawful public or municipal purpose, regardless of the source or nature of the funds used by the city to make payment and regardless of the form of contract used.

(3) COMMUNITY DEVELOPMENT ITEM means the purchase, by competitive sealed proposal as required in Section 252.021(d) of the Texas Local Government Code, as amended, of goods or services pursuant to a community development program established under Chapter 373 of the Texas Local Government Code, as amended, in which the source of the city expenditure for the purchase is derived exclusively from an appropriation, loan, or grant of funds from the federal or state government for community development purposes.

(4) DIRECTOR means the director of the department designated by the city manager to
administer this chapter or the director's authorized representatives.

(5) FACILITY has the meaning given that term in Chapter 2269 of the Texas Government Code, as amended.

(6) GENERAL SERVICES means insurance (including insurance-related services such as claims adjustment and policy administration), technical services related to the purchase of a high technology item, or other types of manual, physical, or intellectual labor performed on behalf of the city and purchased for a lawful municipal purpose. The term does not include personal services, professional services, planning services, or facility construction.

(7) GOODS means supplies, equipment, or other personal property, including but not limited to high technology items, purchased and used for a lawful municipal purpose.

(8) GOVERNMENTAL CONTRACT has the meaning given that term in Chapter 2252, Subchapter A, Texas Government Code, as amended.

(9) HIGH TECHNOLOGY ITEM means an item of equipment, goods, or services of a highly technical nature, including but not limited to:

(A) data processing equipment and software and firmware used in conjunction with data processing equipment;

(B) telecommunications equipment and radio and microwave systems;

(C) electronic distributed control systems, including building energy management systems; and

(D) technical services related to those items listed in Paragraphs (A) through (C) of this subsection.

(10) LOCAL BUSINESS means a business with a principal place of business within the city.

(11) NONRESIDENT BIDDER has the meaning given that term in Chapter 2252, Subchapter A, Texas Government Code, as amended.

(12) PERSONAL SERVICES means any service personally performed by the individual with whom the city has contracted.

(13) PLANNING SERVICES has the meaning given that term in Section 252.001, Texas Local Government Code, as amended.

(14) PRINCIPAL PLACE OF BUSINESS means:

(A) the headquarters of a business or the primary executive or administrative office of a business from which the operations and activities of the business are directed, controlled, and coordinated by its officers or owners; or

(B) an established office, plant, store, warehouse, or other facility where the majority of the business' operations and activities are conducted and located, except that a location solely used as a message center, post office box, mail drop, or similar service or activity that provides no substantial function to the business is not a principal place of business.

(15) PROFESSIONAL SERVICES means those services defined as professional services under state law applicable to municipal purchases or contracts, including but not limited to services provided by accountants, architects, artists, attorneys, auditors, court reporters, doctors, engineers, optometrists, real estate appraisers, land surveyors, scientists, and teachers.

(16) SERVICE ORDER means an authorization to make a payment under $3,000, without the requirement of a contract, and on a form approved by the city attorney. (Ord. Nos. 24243; 24410; 25047; 25819; 27697; 28705; 30654; 30828)
SEC. 2-28. OFFICE OF PROCUREMENT SERVICES; POWERS AND DUTIES OF THE DIRECTOR AS CITY PURCHASING AGENT.

(a) There is hereby created a division of the city manager’s office to be known as the office of procurement services, the head of which shall be the director of procurement services who shall be appointed by the city manager and who shall be a person professionally competent by experience and training to manage the office. The office will be composed of the director of procurement services and such other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager.

(b) The director of procurement services shall perform the following duties:

(1) Direct and administer the office of procurement services.

(2) Serve, or designate a person to serve, as the city purchasing agent.

(3) Except where otherwise directed in this code, supervise all purchases by the city, other than real property, in accordance with this article and state law.

(4) Sell personal property of the city not needed for public use.

(5) Keep accurate inventories of all property under the director’s supervision.

(6) Maintain the store rooms and warehouses placed under the director’s supervision.

(7) Perform such other duties as are assigned by the city manager. (Code 1941, Art. 27-1; Ord. Nos. 13104; 17157; 18094; 19312; 21674; 24243; 24410; 25047; 25819; 27697; 30654)

SEC. 2-29. APPROVAL OF PLANS AND SPECIFICATIONS.

If the director determines that preparation of plans and specifications is necessary and practical for the purchase of goods, general services, or facility construction, the director shall require the preparation of the plans and specifications in cooperation with the department concerned. The plans and specifications must be approved by both the director and the director of the department concerned. If the plans and specifications are approved, the director shall keep a copy of the plans and specifications on file in the director’s office and make the copy available for public inspection for five years after the date of approval of the plans and specifications. Subject to state law requirements governing the retention and disposal of records, the director may dispose of any plans and specifications that have been on file in the director’s office longer than five years after the date of their approval. (Ord. Nos. 12755; 13104; 14885; 17700; 18850; 19312; 20061; 24243; 25819; 30828)

SEC. 2-30. GENERAL DELEGATION OF CONTRACTING AUTHORITY.

(a) Pursuant to Chapter XXII, Section 2(b) of the city charter, the city council shall, by ordinance, establish rules under which a contract may be let without city council approval. This section is established for that purpose. To the extent that this section, the city charter, or another provision of this code does not delegate approval authority for a particular contract, contract amendment, or other legal instrument, it is presumed that the contract, contract amendment, or other legal instrument must be approved by the city council.

(b) This section may not be construed to delegate authority to approve, without city council action, any contract, contract amendment, or other legal instrument that is required by state law to be approved by the city council.

(c) This section does not apply to:
§ 2-30 Administration

(1) the city’s furnishing of ambulance service; water, wastewater, storm water drainage, or sanitation utility service; or any other similar municipal service to customers inside or outside of the city;

(2) a contract, contract amendment, or other legal instrument for which approval authority is separately delegated by the city charter or another section of this code; or

(3) the city’s grant of, or other action relating to, any license, franchise, permit, or other authorization pursuant to its regulatory powers.

(d) The city manager is authorized to approve the following by administrative action, without further city council action:

(1) A contract for the purchase of goods, general services, or facility construction, or for any other lawful municipal purpose not specifically described in this subsection, that requires a city expenditure not exceeding $50,000.

(2) A contract requiring a city expenditure exceeding $50,000, but not exceeding $70,000, for:

(A) the purchase of goods or general services required to be procured through competitive bid or competitive sealed proposal in accordance with Chapter 252, Texas Local Government Code, as amended, including purchases made utilizing a cooperative purchasing program; or

(B) facility construction required to be procured through competitive bid or competitive sealed proposal in accordance with Chapter 252, Texas Local Government Code, as amended, or through an alternative delivery method in accordance with Chapter 2269, Texas Government Code, as amended.

(3) A change order to a contract required by state law to be procured through competitive bid, competitive sealed proposal, or an alternative delivery method that increases or decreases the contract price by $50,000 or less, provided that the original contract price may never be increased by more than 25 percent. This paragraph does not delegate authority to the city manager to approve a change order amending a contract provision or a specification for the purpose of altering an existing payment schedule, payment method, time or date of payment, or interest rate on a payment, regardless of whether the payment obligation under the contract belongs to the contractor or the city and regardless of the amount of the increase or decrease in the contract price.

(4) A contract for personal, professional, or planning services requiring a city expenditure not exceeding $50,000, except that no formal administrative action is required to execute a contract for real estate appraisal services requiring a city expenditure not exceeding $50,000.

(5) An amendment to a contract not required by state law to be procured through competitive bid, competitive sealed proposal, or an alternative delivery method, which amendment increases the contract price by $50,000 or less or causes any decrease in the contract price, except that approval of the city council is required on an amendment that increases the contract price by $50,000 or less if:

(A) the original contract price does not exceed $50,000 and the amendment increases the total contract price to an amount greater than $50,000; or

(B) the original contract price exceeds $50,000 and the amendment increases the original contract price by more than 25 percent.

(6) The exercise of a renewal option of a contract required by state law to be procured through competitive bid, competitive sealed proposal, or an alternative delivery method, if the city expenditure required during the renewal term does not exceed $70,000.

(7) The exercise of a renewal option of a contract not required by state law to be procured through competitive bid or competitive sealed proposal, if the city expenditure required during the renewal term does not exceed $50,000.
§ 2-30 Administration § 2-31

(8) A contract with an intergovernmental agency pursuant to Chapter 791 of the Texas Government Code, as amended, that generates less than $50,000 of revenue and does not require a city expenditure of upfront costs or other types of funding in excess of $50,000.

(e) All contracts, contract amendments, or other legal instruments (except purchase orders for supplies and equipment and change orders as described by Chapter XXII, Section 1 of the city charter) must be signed by the city manager and approved as to form by the city attorney. Purchase orders for supplies and equipment must be signed by the director. Subject to the restrictions provided by this code, the city charter, or state law, change orders may be approved by formal administrative action or may, as the city manager directs, be signed by the director of the department designated by the city manager to administer the contract that is the subject of the change.

(f) The city manager may delegate the authority granted under this section to the extent allowed by this code, the city charter, or state law. The city manager may make rules and procedures, which are not in conflict with this code, the city charter, or state law, concerning the form and substance of administrative actions and the administration of contracting and change order processes.

(g) Purchases for the park and recreation department must be made in compliance with Chapter XVII, Section 4 of the city charter and this division. (Ord. Nos. 24243; 25819; 28705; 30828; 31049)

SEC. 2-31. RULES REGARDING EXPENDITURES NOT EXCEEDING $50,000.

(a) Except as otherwise provided by this section, all purchases of goods, general services, or facility construction under this section must be made by the director after giving reasonable opportunity for competition under procedures that are established by the director, with city manager approval, and that are consistent with the purpose of this section.

(b) If the city expenditure for the purchase of goods, general services, or facility construction exceeds $3,000, price quotations from not less than three independent vendors or contractors, if available, must be secured. If three independent vendors or contractors are not available, the director shall secure such price quotations as will, in the director’s judgment, ensure that the city is purchasing the property or contracting for the best quality at the lowest possible cost. If the city expenditure for the purchase of goods, general services, or facility construction exceeds $3,000, the director shall follow the procedures for contacting disadvantaged businesses prescribed in Section 252.0215 of the Texas Local Government Code, as amended.

(c) The director may, with prior authorization by city council resolution, purchase goods, including high technology items, through a cooperative purchasing program established pursuant to Chapter 271, Subchapter D, F, or G, Texas Local Government Code, as amended, or through a cooperative purchasing program established by interlocal agreement pursuant to Chapter 791, Texas Government Code, as amended. Authorized participation in a cooperative purchasing program satisfies the requirements of this section.

(d) The city manager may establish procedures for purchasing goods, general services, or facility construction under this section through electronic means, including but not limited to the Internet, to the extent the procedures do not conflict with state law, the city charter, or other provisions of this code.

(e) A contract for facility construction that requires a city expenditure not exceeding $50,000 must provide that, in lieu of requiring performance and payment bonds, no money will be paid to the contractor for any work under the contract until the final completion and acceptance of the work by the city.

(f) The director may use a service order for minor services under $3,000, including mail and delivery services, repair, restoration, and remediation.
services necessary for a timely and efficient response to equipment failure or facility damage. (Ord. Nos. 12755; 13104; 14885; 15279; 16801; 17777; 18850; 19312; 20061; 22434; 24243; 25819; 28705; 30828)

SEC. 2-32. RULES REGARDING EXPENDITURES EXCEEDING $50,000.

(a) Advertisement. No city expenditure exceeding $50,000 may be made without advertising for competitive bids or competitive sealed proposals pursuant to Chapter 252, Texas Local Government Code, as amended, and this division, or without following the advertisement requirements in Chapter 2269, Texas Government Code, as amended, and this division, for alternative delivery methods, except in cases of an immediate emergency, or where competitive bidding, sealed proposal, or an alternative delivery method is not otherwise required by state law or the city charter.

(b) Emergency expenditures. In cases of immediate emergency, the director may make the necessary emergency expenditure, subject to the approval of the city manager or a designee. If an emergency expenditure is made, a written report setting out the emergency purchase, accompanied by a definite statement of the occasion and the reasons for the purchase, must be submitted by the director to the city manager for presentation to the city council for its approval prior to payment for the purchase.

(c) Administratively authorized purchases. The following rules govern purchases authorized administratively as described in Section 2-30(d)(2) of this division:

(1) If the purchase is for goods, the director or the director's designee, or the city council if the purchase is being considered under Subsection (b)(6), shall tabulate the bids or sealed proposals and shall select the vendor or contractor with the lowest responsible bid (or with the most advantageous proposal if the purchase is by competitive sealed proposal under Chapter 252, Texas Local Government Code, as amended), or the vendor or contractor who provides the best value if the bid specifications or requirements indicate contract selection on a best value basis.

(2) If the purchase is for general services, the director or the director's designee shall tabulate the bids or sealed proposals and present to the city manager a recommendation as to the lowest responsible bidder (or as to the most advantageous proposal if the purchase is allowed by competitive sealed proposal under Chapter 252, Texas Local Government Code, as amended), or present a recommendation as to who provides the best value if the bid specifications or requirements indicate contract selection on a best value basis. The city manager, or the city council if the contract is being considered under Subsection (b)(6), shall select the contractor that provides the lowest responsible bid, the most advantageous proposal, or the best value, whichever applies.

(3) If the purchase is for facility construction, and an alternative delivery method is not being used, the director or the director's designee shall tabulate the bids or sealed proposals and present to the city manager a recommendation as to the lowest responsible bidder or proposer. The city manager, or the city council, if the contract is being considered under Subsection (b)(6), shall select the contractor with the lowest responsible bid or the most advantageous proposal.

(4) If the purchase is for facility construction, and an alternative delivery method is being used, the director or the director's designee shall present to the city manager a recommendation based on the applicable standard in Chapter 2269, Texas Government Code, as amended.

(5) If, in the opinion of the city manager or the city council, if the purchase is being considered under Subsection (b)(6) and no bid or sealed proposal is satisfactory or it is otherwise in the best interest of the city, the city manager or the city council may reject all bids or sealed proposals, and the director may
readvertise for competitive bids or competitive sealed proposals.

(6) A member of the city council may request that a purchase or contract be brought before the city council for consideration any time before 48 hours have elapsed after bid or proposal opening.

(c) Contracts requiring council approval. The following rules govern competitive bid or sealed proposal contracts requiring a city expenditure exceeding $70,000:

(1) The director or the director’s designee shall tabulate the bids or sealed proposals.

(2) If the purchase is for goods or general services, the city manager shall recommend to the city council who, in the city manager’s opinion, provides the lowest responsible bid; the most advantageous proposal if the purchase is by competitive sealed proposal under Chapter 252, Texas Local Government Code, as amended; or the best value to the city if the bid specifications or requirements indicate contract selection on a best value basis. The city council shall determine which bidder provides the lowest responsible bid, the most advantageous proposal, or the best value, whichever applies, and, if that bidder or proposer is acceptable, approve the contract. If, in the judgment of the city council, no bid or sealed proposal is satisfactory or it is in the best interest of the city, then the city council may reject all bids or sealed proposals.

(3) If the purchase is for facility construction, and an alternative delivery method is not being used, the director shall present to the city manager a recommendation. The city manager shall then present a recommendation to the city council. If, in the judgment of the city council, no bid, proposal, or other offer is satisfactory or it is in the best interest of the city, then the city council may reject all bids. All recommendations and determinations under this subsection must be made according to the criteria set out in Chapter 2269 of the Texas Government Code, as amended.

(4) If all bids or sealed proposals are rejected, the city council may authorize the director to readvertise or proceed otherwise, as may be determined at the discretion of the city council, in accordance with state law. The original specifications, as amended or changed, must be kept on file in the office of the director in accordance with Section 2-29 of this division.

(d) Additional rules for competitive bids. The following additional rules govern all purchases made by competitive bid, including purchases on a best value basis, in accordance with Subsections (b) and (c) of this section:

(1) If there is a single responsive bid, the director, the city manager, or the city council may consider the bid as the lowest responsible bid.

(2) A nonresponsive bid has the effect of being a no bid and may not be considered for any purpose.

(3) A bid that has been opened is not subject to amendment, alteration, or change for the purpose of correcting an error in the bid price. This restriction is not intended to alter, amend, or revoke the common law right of a bidder to withdraw a bid due to a material mistake in the bid.

(e) Competitive sealed proposals. For the purchase of goods and general services (including but not limited to community development items, high technology items, and insurance) requiring a city expenditure exceeding $50,000, the director may
follow the competitive sealed proposal procedures authorized in this division and in Chapter 252, Texas Local Government Code, as amended. If the director chooses not to follow the competitive sealed proposal process, the purchase must be competitively bid as required by this division and by Chapter 252, Texas Local Government Code, as amended.

(f) **Electronic procurement and reverse auctions.** The city manager may establish procedures for purchasing goods, general services, or facility construction under this section through electronic means, including but not limited to the Internet, to the extent the procedures do not conflict with state law, the city charter, or other provisions of this code. The city manager may also establish procedures for purchasing goods or general services pursuant to the reverse auction method defined in Section 2155.062(d), Texas Government Code, as amended, to the extent the procedures do not conflict with state law, the city charter, or other provisions of this code.

(g) The director may, with prior authorization by city council resolution, purchase goods, including high technology items, through a cooperative purchasing program established pursuant to Chapter 271, Subchapter D, F, or G, Texas Local Government Code, as amended, or through a cooperative purchasing program established by interlocal agreement pursuant to Chapter 791, Texas Government Code, as amended. Authorized participation in a cooperative purchasing program satisfies the requirements of this section.

(h) **Local preferences.**

(1) Where a contract is required to be awarded to the lowest responsible bidder and a competitive bid is received from a nonresident bidder, the city may not award a governmental contract to the nonresident bidder unless the nonresident's bid is lower than the lowest bid submitted by a responsible Texas resident bidder by the same amount that a Texas resident bidder would be required to underbid a nonresident bidder to obtain a comparable contract in the state in which the nonresident's principal place of business is located. This requirement does not apply to a contract involving federal funds.

(2) In a purchase for goods, general services, or facility construction through competitive bid, if one or more bids are received from a local business whose bid is within five percent of the lowest responsible bid received from a bidder who is not a local business, a contract for facility construction in an amount less than $100,000 or a contract for goods or general services in an amount less than $500,000 may be awarded to:

(A) the bidder with the lowest responsible bid; or

(B) the local business if the city council determines, in writing, that the bid submitted by the local business offers the city the best combination of contract price and additional economic development opportunities for the city created by the contract award, including employment of residents of the city and increased tax revenue to the city.

(3) In a purchase for goods through competitive bid, if one or more bids are received from a local business whose bid is within three percent of the lowest responsible bid received from a bidder who is not a local business, a contract in an amount of $500,000 or more may be awarded to:

(A) the bidder with the lowest responsible bid; or

(B) the local business if the city council determines, in writing, that the bid submitted by the local business offers the city the best combination of contract price and additional economic development opportunities for the city created by the contract award, including employment of residents of the city and increased tax revenue to the city.

(4) Subsection (h)(2) of this section does not apply to the purchase of telecommunication services or information services, as those terms are defined by 47 U.S.C. Section 153, as amended.

(5) Subsections (h)(2) and (h)(3) of this section do not prohibit the city from rejecting all bids.

(Ord. Nos. 24243; 25819; 28705; 30828)
§ 2-33. ALTERNATIVE METHODS OF PROCUREMENT FOR FACILITY CONSTRUCTION.

(a) The city council finds that, in general, the methods of procuring a contractor to perform facility construction established in Chapter 2269, Texas Government Code, as amended, provide a better value for the city than the methods set forth in Chapter 252, Texas Local Government Code, as amended. The provisions of Chapter 2269, Texas Government Code, as amended, are therefore adopted for use in procuring a contract for facility construction, superseding any conflicting provisions in the city charter.

(b) The city manager is authorized, in accordance with Chapter 2269, Texas Government Code, as amended, to choose which method of contractor selection provides the best value for the city on each facility construction project, subject to the applicable provisions of Sections 2-30 through 2-32 of this division. The city manager may, by administrative directive, establish procedures for choosing the method of contractor selection and to conduct the selection process, to the extent the procedures do not conflict with state law or Sections 2-30 through 2-32 of this division.

(c) If, in the case of an individual facility construction project, the city manager finds that there is better value in following the methods of procurement authorized in Chapter 252, Texas Local Government Code, as amended, the city manager is authorized to secure a contractor in accordance with the rules of that state law. If the procedures of Chapter 252, Texas Local Government Code, as amended, are used to procure a facility construction contract, the award of the contract must be to the lowest responsible bidder or to a local business when allowed under Section 2-32(h) of this division. The rules of Section 2-32(b) and (c) of this division also apply to an award made under this subsection. (Ord. Nos. 25819; 28705; 30828)

§ 2-34. PERSONAL, PROFESSIONAL, AND PLANNING SERVICES.

Personal, professional, or planning services must be procured, regardless of who approves the contract, in accordance with applicable state law and through procedures established by the city manager or a designee that are not in conflict with this article or applicable state law. (Ord. Nos. 24243; 25819)

§ 2-35. INTEREST ON CERTAIN LATE OR DELAYED PAYMENTS.

Unless otherwise authorized by the city council, at the request of the city manager, no contractor of the city is entitled to interest on any late or delayed payment that is caused by any good faith claim or dispute in connection with the contract, or that the city has a right or obligation to withhold under the contract or state or federal law, nor is any contractor entitled to attorney’s fees in any dispute to collect such payments. (Ord. Nos. 18850; 19312; 20061; 22434; 24243; 25819)

§ 2-36. CONTRACTS WITH PERSONS INDEBTED TO THE CITY.

(a) Except as provided in Subsection (b), a bidder, proposer, or other person interested in receiving the award of a contract from the city or entering into any other transaction with the city shall be deemed nonresponsible and shall be denied any contract or other transaction with the city if that
§ 2-36 Administration

bidd[...], proposer, or other person is indebted to the city or is delinquent in any payment owed to the city under a contract or other legal obligation.

(b) Disqualification under Subsection (a) of a bidder, proposer, or other person interested in contracting with or entering into a transaction with the city may be waived by the city council, after a review of the specific circumstances, if the waiver is deemed to be in the best interest of the city. (Ord. 25819)

SECS. 2-37 THRU 2-37.1.9. RESERVED.

(Ord. Nos. 21856; 24243; 25819)

Division 2. Sale of Unclaimed and Surplus Property.

SEC. 2-37.2. AUTHORITY TO SELL; DEPOSIT OF CASH.

(a) The following property may be sold by the city in the manner provided in this article:

(1) abandoned, stolen, or recovered property, except motor vehicles, that remain unclaimed with the city for 60 days, whether or not the owner is known;

(2) abandoned, stolen, or recovered motor vehicles that remain unclaimed with the city for 30 days, whether or not the owner is known;

(3) personal property owned by the city that has been declared surplus, obsolete, worn out, or useless by the head of a department and that is no longer needed for public use; except that microcomputer equipment and software covered by the microcomputer executive plan policy must be disposed of in accordance with that policy; and

(4) city-owned firearms and firearm accessories and ammunition that the chief of police has declared surplus or obsolete and has recommended for use as trade-ins on new property of the same general type.

(b) Property listed in Subsection (a)(4) may be traded only to a person holding a federal firearms license.

(c) Items of personal property, the sale of which is restricted by criminal law, may only be sold by the city if the sale is in accordance with all applicable provisions of the law containing the restrictions.

(d) Cash money that is abandoned, stolen, or recovered, that remains unclaimed with the police department for 60 days, and that is not being held for evidence, whether or not the owner is known, must be deposited in the general fund of the city unless the money is of collector quality. Money of collector quality may be sold as other personal property. (Ord. Nos. 15519; 18201; 18212; 19312; 21877; 22153; 27865; 29478, eff. 10/1/14)

SEC. 2-37.3. DELIVERY OF UNCLAIMED PROPERTY TO DIRECTOR; USE FOR CITY PURPOSES.

(a) The chief of police or the director of the department holding property shall give the director a list of all unclaimed property subject to sale under this article and shall deliver the listed property, except motor vehicles, to the director before the date of sale. The director shall give the chief of police or other department director a receipt which indicates in detail all property delivered. The chief of police shall retain custody of motor vehicles until a sale is made.

(b) If in reviewing the list of unclaimed property subject to sale, the director determines that certain items of property could be used by the city, he may recommend to the city manager that the items be used
for city purposes rather than sold. If the city manager believes that it is in the best interests of the city, he may authorize the director to remove specific items from the list of property subject to sale and to convert the items to use for city purposes. (Ord. Nos. 15519; 19312)

SEC. 2-37.4. METHOD OF SALE.

(a) Except as otherwise provided in Subsection (h) or (i), the director shall sell unclaimed property and surplus, obsolete, worn out, or useless property by public auction or by accepting sealed bids, to the highest bidder. The property may be auctioned, each piece individually or in assembled lots, whichever the director determines will bring the best price obtainable, except for motor vehicles which must be sold individually unless in accordance with Subsection (b). If in the opinion of the director the highest bid on a particular item is not sufficient, the director may refuse the bid and hold the item for sale at another time.

(b) Unclaimed motor vehicles and motor vehicle parts on which the vehicle identification numbers have been destroyed, mutilated, or removed may be sold in assembled lots in accordance with this section if the following requirements are met:

(1) The vehicles and vehicle parts must be sold as scrap metal only and may not be reconstructed or made operable after the sale.

(2) The vehicles and vehicle parts must be sold to a demolisher who owns an auto crusher located within the city.

(3) A representative of the city auto pound must witness the demolition of the vehicle and vehicle parts to ensure that no parts are removed for use or resale.

(4) All notification and other requirements of Chapter 683, Texas Transportation Code, as amended, that are applicable to the disposal of abandoned motor vehicles must be met.

(c) If the director receives a group of 10 or more identical items for sale, the director may sell a minimum of three of the items at public auction and then advertise in the official newspaper of the city and sell the remaining items at a price not less than the average price obtained for the auctioned items.

(d) When sale is to be by acceptance of sealed bids, the bids must remain in the office of the city secretary for public inspection at least 48 hours after the bids are opened.

(e) Except as provided in Subsection (f), the director may accept the following in exchange for the sale of items by any method of sale:

(1) cash money;

(2) personal or business checks if proper identification is shown;

(3) a bank credit card that the city honors pursuant to contractual arrangements with a bank; or

(4) new property of the same general type, if the items are city-owned property declared surplus or obsolete by the head of the department holding the property and recommended by the city manager for use as trade-ins on the new property.

(f) The director may only accept new property of the same general type in exchange for the sale of city-owned firearms or firearm accessories or ammunition that the chief of police has declared surplus or obsolete and has recommended for use as trade-ins on the new property.

(g) If the highest bid for property is $20,000 or less (or the equivalent in trade-in value when applicable), the property may be sold to the highest bidder by the director subject to the approval of the
city manager. If the highest bid for property is more than $20,000 (or the equivalent in trade-in value when applicable), the sale to the highest bidder must be confirmed by the city council.

(h) The director may, in lieu of conducting a sale by public auction or sealed bids, return surplus, obsolete, worn out, or useless property to the contract vendor or original manufacturer and accept a refund or a credit toward the purchase of new property of the same general type if the contract with the vendor or manufacturer requires the acceptance of returns or trade-ins at a price or refund rate of not less than the current fair market value of the property.

(i) The director may, in lieu of conducting a sale by public auction or sealed bids, sell unclaimed property and surplus, obsolete, worn out, or useless property at the city store in accordance with Section 2-37.15 of this article. (Ord. Nos. 15519; 19312; 19640; 21877; 22153; 22403; 25819)

SEC. 2-37.5. TIME AND PLACE OF SALE; NOTICE.

(a) After determining the time and place for a public auction, acceptance of sealed bids, or sale of identical items, the director shall give notice of the auction, acceptance, or sale, by:

(1) advertising in the official newspaper of the city for three consecutive days, the last publication date to be not less than seven days before the date of the auction, acceptance, or beginning of sale; and

(2) sending by certified mail to the last known address of the owner of unclaimed property, if the name of the owner is known, 14 days before the date of auction, acceptance, or beginning of sale.

(b) The notice must contain the time and place of auction, acceptance, or sale and a general listing of the property to be sold. (Ord. Nos. 15519; 17672; 19312)

SEC. 2-37.6. RECORDS; REPORTS TO THE DIRECTOR OF FINANCE; PROCEEDS.

(a) The director shall keep accurate records of all sales and shall submit reports to the director of finance containing:

(1) the time, place, and method of sale; and

(2) copies of receipts given for all sales that describe the items sold and show the price paid or other value given for the items.

(b) The director shall keep sales tickets covering each transaction for 30 months, at which time they may be destroyed.

(c) The director shall deposit all proceeds received for sales to the credit of the appropriate fund. (Ord. Nos. 15519; 17672; 19312; 21877)

SEC. 2-37.7. DESTRUCTION OF RESTRICTED WEAPONS; EXCEPTIONS.

(a) All clubs, explosive weapons, firearm silencers, handguns, illegal knives, knuckles, shotguns, rifles, semi-automatic assault weapons, machine guns, and short-barrel firearms that are abandoned, stolen, or recovered and remain unclaimed with the police department for six months and are not being held for evidence, or that are owned by the city and have been declared surplus or obsolete by the chief of police, must be destroyed in the presence of:

(1) three police officers of the rank of lieutenant or higher; or

(2) one police officer of the rank of lieutenant or higher, a representative of the city council, and a representative of the crime commission; or
(3) two police officers of the rank of lieutenant or higher and a representative of the city council or crime commission.

(b) The witnesses shall make a report under oath to the city council, listing the make, model, type, and serial number of the weapons destroyed and stating the time, date, place, and manner of destruction.

(c) This requirement of destruction does not apply to:

(1) handguns or other restricted firearms that the chief of police has determined to be serviceable, which shall be kept in reserve by the police department for use in the event of civil disorder or disaster;

(2) city-owned firearms or firearm accessories or ammunition that the chief of police has declared surplus or obsolete and has recommended for use as trade-ins on new property of the same general type; or

(3) handguns or other restricted firearms that the chief of police has determined are required for training purposes or other law enforcement activities, or whose parts are needed for repair of departmental weapons. (Ord. Nos. 15519; 17386; 18201; 18212; 19312; 20044; 22153)

SEC. 2-37.8. LIEN ON MOTOR VEHICLES.

The city shall have a lien on all motor vehicles taken into custody for the actual towing expense, storage charges, and service fee as provided in Section 28-4 of this code and for an administrative fee of $150, plus any reasonable attorney’s expenses, if the motor vehicle is processed for auctioning. This lien is superior to all other liens and claims except liens for ad valorem taxes and may be satisfied by sale of the motor vehicle. (Ord. Nos. 15519; 16287; 17547; 19312; 20044; 22153)

SEC. 2-37.9. PURCHASE BY CERTAIN PERSONS PROHIBITED.

(a) The following persons shall not, directly or indirectly, submit a bid for, purchase, or acquire ownership of, personal property sold pursuant to the provisions of this article:

(1) City employees who work in the city manager’s office or in the department designated by the city manager to enforce and administer this article.

(2) The person who determines that the property is surplus, obsolete, worn out, or useless.

(3) City officials, as defined in Paragraph 12A-2(24) of the Dallas City Code.

(4) Former city officials, as defined in Paragraph 12A-2(20) of the Dallas City Code, for one year after their term of office ends.

(b) In addition to other penalties, a person who violates this section forfeits his employment. (Ord. Nos. 15519; 17672; 19312; 30391)

SEC. 2-37.10. AUTHORITY TO SELL SURPLUS ISSUE WEAPONS TO CERTAIN PERSONNEL.

(a) Upon recommendation of the chief of police, the director shall sell to a police officer, park ranger, retired police officer, retired police reserve officer, retired park ranger, or retired security officer a weapon that was issued to the officer if the weapon is surplus, obsolete, worn out, or useless property.

(b) Upon recommendation of the municipal court administrator, the director shall sell to a retired city marshal or retired deputy city marshal a weapon that was issued to the city marshal or deputy city marshal if the weapon is surplus, obsolete, worn out, or useless property.
§ 2-37.10 Administration

§ 2-37.12

(c) Upon recommendation of the fire chief, the director shall sell to a retired fire investigator who is a certified peace officer a weapon that was issued to the officer if the weapon is surplus, obsolete, worn out, or useless property.

(d) An officer is not “retired” for purposes of this section unless the officer:

(1) receives a disability pension;

(2) has vested rights in a retirement pension and has completed 10 years of service in the department; or

(3) has completed 20 years of service in the city as a police reserve officer.

(e) The price of a weapon sold under this section shall be its fair market value as determined by the director or its original cost depreciated by five percent a year, whichever amount is less. In no event may a weapon be sold for less than $25. If a weapon is sold under this section for less than its fair market value, the difference between the purchase price and the fair market value shall be considered as part of the officer’s agreed compensation for services provided to the city.

(f) The director shall treat all funds received for sales under this section the same as other funds received for sales under this article. (Ord. Nos. 17672; 19312; 19679; 20910)

SEC. 2-37.11. AUTHORITY TO SELL UNIFORMS TO EMPLOYEES.

(a) The director may sell to a city employee any uniform or portion of a uniform worn by the employee if the uniform or portion of the uniform is surplus, obsolete, worn out, or useless property.

(b) For purposes of this section, “uniform” means clothing of a distinctive design or fashion issued by the city to the employee and required to be worn by the employee while on the job. The term “uniform” includes hats, helmets, shirts, badges, pants, coats, shoes, and boots, but does not include weapons or equipment.

(c) The price of any uniform or portion of a uniform sold under this section shall be not less than its fair market value as determined by the director.

(d) The director shall treat all funds received for sales under this section the same as other funds received for sales under this article. (Ord. Nos. 17672; 19312)

SEC. 2-37.12. SALES OF CERTAIN COLLECTIBLE PROPERTY.

(a) In this chapter:

(1) COLLECTIBLE PROPERTY means an item of personal property owned by the city under the care and control of the Dallas Museum of Art originally acquired for exhibition, collection, or study, including, but not limited to, any work of art, antique, memorabilia, rare object, art education material or display, or other item of lasting interest or value.

(2) CULTURAL AFFAIRS DIRECTOR means the director of the office of cultural affairs of the city or a designated representative.

(b) Collectible property owned by the city under the care and control of the Dallas Museum of Art may be sold, exchanged, or otherwise disposed of in accordance with this section.

(c) All sales of collectible property must be under the direction and control of the cultural affairs director, who shall function for this purpose in the place of the director.

(d) The cultural affairs director shall sell, exchange, or otherwise dispose of particular collectible property designated for sale by the Dallas Museum of Art by one of the following methods:

(1) public auction;

(a) In this chapter:

(1) ARTS AND CULTURE DIRECTOR means the director of the office of arts and culture of
the city or a designated representative.

(2) COLLECTIBLE PROPERTY means an item of personal property owned by the city under the care and control of the Dallas Museum of Art originally acquired for exhibition, collection, or study, including, but not limited to, any work of art, antique, memorabilia, rare object, art education material or display, or other item of lasting interest or value.

(b) Collectible property owned by the city under the care and control of the Dallas Museum of Art may be sold, exchanged, or otherwise disposed of in accordance with this section.

(c) All sales of collectible property must be under the direction and control of the arts and culture director, who shall function for this purpose in the place of the director.

(d) The arts and culture director shall sell, exchange, or otherwise dispose of particular collectible property designated for sale by the Dallas Museum of Art by one of the following methods:

(1) public auction;
§ 2-37.12 Administration § 2-37.14

(2) silent auction (public sale by unsealed written bids); or

(3) sale by sealed bids from one or more interested persons.

(e) A sale of collectible property may be held at any city, place, or location determined advisable by the cultural affairs director.

(f) The cultural affairs director may accept collectible property of at least like value in exchange for collectible property if, in the judgment of the cultural affairs director, it is in the interest of the city to do so, and if an offer of exchange constitutes the highest bid for collectible property to be sold.

(g) The cultural affairs director shall sell collectible property to the highest bidder. The cultural affairs director's decision as to the sufficiency and acceptance of the highest bid is final and no further approval is required.

(h) The cultural affairs director shall deposit all proceeds received for the sale of collectible property to the credit of a fund designated for that purpose.

(i) Proceeds of a sale of collectible property must be used by the Dallas Museum of Art to purchase other collectible property, such acquisition being of similar type and identified in the name of the original donor whenever feasible. Proceeds of an exchange will be placed directly in the collection of the Dallas Museum of Art.

(j) The Dallas Museum of Art will preserve in its permanent files a record of all collectible property sold or exchanged and will record the source of funds or collectible property used to acquire other collectible property with proceeds of a sale or an exchange.

(k) The cultural affairs director shall follow the notice and record keeping requirements of Sections 2-37.5 and 2-37.6.

(2) silent auction (public sale by unsealed written bids); or

(3) sale by sealed bids from one or more interested persons.

(e) A sale of collectible property may be held at any city, place, or location determined advisable by the arts and culture director.

(f) The arts and culture director may accept collectible property of at least like value in exchange for collectible property if, in the judgment of the arts and culture director, it is in the interest of the city to do so, and if an offer of exchange constitutes the highest bid for collectible property to be sold.

(g) The arts and culture director shall sell collectible property to the highest bidder. The arts and culture director's decision as to the sufficiency and acceptance of the highest bid is final and no further approval is required.

(h) The arts and culture director shall deposit all proceeds received from the sale of collectible property to the credit of a fund designated for that purpose.

(i) Proceeds of a sale of collectible property must be used by the Dallas Museum of Art to purchase other collectible property, such acquisition being of similar type and identified in the name of the original donor whenever feasible. Proceeds of an exchange will be placed directly in the collection of the Dallas Museum of Art.

(j) The Dallas Museum of Art will preserve in its permanent files a record of all collectible property sold or exchanged and will record the source of funds or collectible property used to acquire other collectible property with proceeds of a sale or an exchange.

(k) The arts and culture director shall follow the notice and record keeping requirements of Sections 2-37.5 and 2-37.6. (Ord. Nos. 17815; 19312; 21421; 22026; 23694; 31049; 31333, eff. 10/1/19)
SEC. 2-37.13. SALE OF SURPLUS LIBRARY MATERIAL.

(a) In this section:

(1) SURPLUS LIBRARY MATERIAL means books, magazines, records, films, and any other audio or visual material no longer needed by a public library. The term does not include furnishings, equipment, or other capital assets.

(2) LIBRARY DIRECTOR means the director of the municipal library department of the city.

(b) Surplus library material owned by the city may be sold, exchanged, or otherwise disposed of in accordance with this section.

(c) The library director shall, in the place of the director, direct and control the sale, exchange, or other disposition of surplus library material.

(d) Surplus library material shall be sold or exchanged at its present market value. The library director shall appoint a qualified appraiser to determine the present market value of the surplus library material.

(e) The library director shall deposit all proceeds received from the sale of surplus library material in a fund designated for that purpose.

(f) Proceeds from the sale of surplus library material shall be used to purchase other library material. (Ord. Nos. 18623; 19312)

SEC. 2-37.14. SALE OF PERSONAL PROPERTY TO OTHER GOVERNMENTAL ENTITIES.

(a) The director may approve the intermittent sale of personal property from city inventories to a
§ 2-37.14 Administration

political subdivision or agency of the state or to an entity of the federal government.

(b) The price of any city personal property sold under this section shall be not less than the fair market value of the property as determined by the director.

(c) The director shall keep an accurate record of every sale under this section and shall submit reports to the city controller containing the following information:

(1) the time, place, and method of sale; and

(2) a copy of each receipt given for the sale that describes:

(A) the item sold;

(B) the governmental entity purchasing the item; and

(C) the price received by the city for the item.

(d) The director shall keep every sales ticket covering a sale under this section for 36 months, at which time the sales ticket may be destroyed.

(e) The director shall deposit all proceeds received from a sale under this section to the credit of the appropriate city fund. (Ord. 20559)

SEC. 2-37.15. SALE OF UNCLAIMED AND SURPLUS PROPERTY AT THE CITY STORE.

(a) In this section:

(1) CITY STORE means a location designated by the director where unclaimed property and surplus, obsolete, worn out, or useless property is offered for sale to the public.

(2) DIRECTOR means the “director” as defined in Section 2-27 of this article.

(b) Unclaimed property and surplus, obsolete, worn out, or useless property may be sold, exchanged, or otherwise disposed of at the city store in accordance with this section.

(c) The director shall direct and control the sale, exchange, or other disposition of unclaimed property and surplus, obsolete, worn out, or useless property at the city store.

(d) Unclaimed property and surplus, obsolete, worn out, or useless property must be sold or exchanged for not less than its present market value. The director shall determine the present market value of all property offered for sale at the city store. In determining present market value, the director may refer to prices at which similar property is offered for retail sale at other locations throughout the United States.

(e) The director shall keep accurate records of all sales of unclaimed property and surplus, obsolete, worn out, or useless property at the city store. The records must include:

(1) the date, time, and place of sale; and

(2) copies of receipts given for all sales that describe the items sold and show the price paid or other value given for the items. (Ord. Nos. 22873; 25819)

SEC. 2-37.16. SALE OF SURPLUS CITY-OWNED ANIMALS.

(a) In this section, SURPLUS CITY-OWNED ANIMAL means an animal owned by the city that is no longer needed by the city.
(b) A surplus city-owned animal may be sold, exchanged, or otherwise disposed of in accordance with this section.

(c) The director of the department holding a surplus city-owned animal shall, in the place of the director of procurement services, direct and control the sale, exchange, or other disposition of the animal.

(d) A surplus city-owned animal must be sold, exchanged, or otherwise disposed of for not less than its present market value. The director of the department holding the surplus city-owned animal, with the approval of the director of procurement services, shall determine the present market value of the surplus city-owned animal.

(e) The director of the department holding a surplus city-owned animal shall keep an accurate record of the disposition of the animal. The record must include:

1. the date, time, place, and method of sale, exchange, or other disposition; and

2. a copy of each receipt given for the sale, exchange, or other disposition that describes the animal and shows the price paid or other value given to the city for the animal.

(f) The director of the department holding a surplus city-owned animal shall deposit all proceeds received from the sale, exchange, or other disposition of the animal in a fund designated for that purpose.

(g) Section 2-37.9 of this article, which places restrictions on who may submit a bid for, purchase, or acquire ownership of personal property sold under this article, does not apply to a surplus city-owned animal disposed of in accordance with this section. (Ord. Nos. 24588; 25047; 30654)

SEC. 2-37.17. DONATION OF OUTDATED OR SURPLUS FIREFIGHTING EQUIPMENT, SUPPLIES, AND MATERIALS.

(a) In lieu of conducting a sale under other provisions of this division, the city council, by resolution, may donate outdated or surplus equipment, supplies, and other materials used in fighting fires to:

1. an underdeveloped country, pursuant to Article 3, Section 52h of the Texas Constitution; or

2. the Texas Forest Service or a successor agency authorized to cooperate in the development of rural fire protection plans, pursuant to Article 3, Section 52i of the Texas Constitution. (Ord. 25511)

ARTICLE IV-a.
OFFICE OF ECONOMIC DEVELOPMENT.

SEC. 2-38. CREATED; DIRECTOR OF ECONOMIC DEVELOPMENT.

There is hereby created a division of the city manager’s office to be known as the office of economic development of the city, the head of which shall be the director of economic development who shall be appointed by the city manager. The office of economic development will be composed of the director of economic development and such other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. 25834)

SEC. 2-39. DUTIES OF THE DIRECTOR OF ECONOMIC DEVELOPMENT.

(a) The director of economic development shall perform the following duties:
§ 2-39 Administration

(1) Supervise and administer the office of economic development.

(2) Represent the city in negotiating contracts with private developers for joint venture projects or development incentives.

(3) Plan and supervise the city’s efforts to attract and retain businesses.

(4) Participate in the preparation and revision of the capital improvement program.

(5) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. 25834)

SEC. 2-40. RESERVED.

ARTICLE V.

DEPARTMENT OF SUSTAINABLE DEVELOPMENT AND CONSTRUCTION.

SEC. 2-41. CREATED; DIRECTOR OF SUSTAINABLE DEVELOPMENT AND CONSTRUCTION.

There is hereby created the department of sustainable development and construction of the city, the head of which shall be the director of sustainable development and construction who shall be appointed by the city manager. The department of sustainable development and construction will be composed of the director of sustainable development and construction and such other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. Nos. 25047; 27697)

SEC. 2-42. DUTIES OF THE DIRECTOR OF SUSTAINABLE DEVELOPMENT AND CONSTRUCTION.

(a) The director of sustainable development and construction shall perform the following duties:

(1) Supervise and administer the department of sustainable development and construction.

(2) Supervise the purchase and sale of all real property of the city.

(3) Manage real property under the director’s supervision including approval of short term month-to-month leases.

(4) Determine pursuant to the Uniform Relocation Assistance and Real Properties Acquisition Policies Act of 1970 the public necessity for the acquisition of real property, when the property is purchased in whole or in part with community development grant funds.

(5) Add to, delete from, modify or otherwise specify the property area determined to be acquired with community development funds.

(6) Solicit proposals from independent appraisers for the furnishing of appraisals of real property when appropriate.

(7) Advise the city manager, in cooperation with the chief planning officer and others designated by the city manager, on matters affecting the urban design and physical development of the city.

(8) Participate with the chief planning officer in developing and recommending to the city manager a comprehensive plan for the city.

(9) Participate with the chief planning officer in reviewing and making recommendations
§ 2-42 Administration § 2-44

regarding proposed actions implementing the comprehensive plan.

(10) Participate in the preparation and revision of the capital improvement program.

(11) Administer the regulations governing the subdivision and platting of land in accordance with state and local laws.

(12) Participate in the planning relating to urban redevelopment, urban rehabilitation, and conservation intended to alleviate or prevent slums, obsolescence, blight, or other conditions of urban deterioration.

(13) Give advice and provide staff assistance to the board of adjustment and the plan commission in the exercise of their responsibilities.

(14) Serve as secretary to the landmark commission.

(15) Supervise the engineering, construction, and paving of all streets, boulevards, alleys, sidewalks, and public ways when the work is being done by a private developer.

(16) Supervise the engineering and construction of the storm sewers and storm drainage systems when the work is being done by a private developer.

(17) Administer, implement, and enforce city regulations relating to the construction of public water and wastewater infrastructure improvements by private developers.

(18) Provide for the administration, implementation, and enforcement of the city’s construction codes.

(19) Perform plan reviews and inspections for new construction and renovation of fixed facilities for food products establishments.

(20) Perform such other duties as may be required by the city manager or by ordinance of the city council.

(b) Whenever the directors of property management, planning and development, and development services are referred to in any city ordinance or resolution or in any contract, license, permit, franchise, or other agreement granted or executed by the city, those terms mean the director of sustainable development and construction. (Ord. Nos. 25047; 25834; 27697; 29478)

ARTICLE V-a.

DEPARTMENT OF BUILDING SERVICES.

SEC. 2-43. CREATED; DIRECTOR OF BUILDING SERVICES.

There is hereby created the department of building services of the city of Dallas, at the head of which shall be the director of building services who shall be appointed by the city manager. The director must be a person professionally competent by experience and training to manage the department. The department will be composed of the director of building services and other assistants and employees the city council may provide by ordinance upon recommendation by the city manager. (Ord. Nos. 23694; 30994)

SEC. 2-44. DUTIES OF THE DIRECTOR OF BUILDING SERVICES.

The director of the department of building services shall perform the following duties:

(1) Supervise and administer the department of building services.
(2) Have responsibility for the design, construction, operation, maintenance, repair, renovation, and expansion of all public buildings belonging to or used by the city, except as otherwise provided by the city manager, the city charter, or ordinance or resolution of the city council.

(3) Provide for the maintenance and upkeep of the grounds around all public buildings, except as otherwise provided by the city manager, the city charter, or ordinance or resolution of the city council.

(4) Perform such other duties as may be required by the city manager or by ordinance or resolution of the city council. (Ord. Nos. 23694; 30239; 30994)

SEC. 2-45. RESERVEd.

(Repealed by Ord. 19312)

ARTICLE V-b.

DEPARTMENT OF CONVENTION AND EVENT SERVICES.

SEC. 2-46. CREATED; DIRECTOR OF CONVENTION AND EVENT SERVICES.

There is hereby created the department of convention and event services of the city, the head of which shall be the director of convention and event services who shall be appointed by the city manager. The department shall be composed of the director of convention and event services and such other assistants and employees as the city council may provide upon recommendation of the city manager. (Ord. Nos. 14216; 17226; 22026; 23694; 24053)

SEC. 2-47. DUTIES OF THE DIRECTOR OF CONVENTION AND EVENT SERVICES.

(a) The director of convention and event services shall perform the following duties:

(1) Supervise and administer the department of convention and event services.

(2) Supervise and manage the facilities of the convention center, reunion arena, the municipal produce market, Union Station, and other facilities of the city as designated by the city manager or by ordinance or resolution of the city council.

(3) Supervise and administer the special events program of the city, except as otherwise provided by the city manager, the city charter, or ordinance or resolution of the city council.

(4) Perform such other duties as may be required by the city manager or by ordinance of the city council.
(b) The director of convention and event services and any designated representatives may represent the city in negotiating and contracting with persons planning to use the facilities of the convention center, reunion arena, the municipal produce market, Union Station, or any other facility under the management of the director of convention and event services. (Ord. Nos. 14216; 17226; 22026; 23694; 24053; 31049)

ARTICLE V-c.

DEPARTMENT OF PUBLIC WORKS.

SEC. 2-48. CREATED; DIRECTOR OF PUBLIC WORKS.

(a) There is hereby created the department of public works of the city of Dallas, at the head of which shall be the director of public works who shall be appointed by the city manager. The director must be an engineer registered to practice in the State of Texas or registered in another state with reciprocal rights, or possess an equivalent combination of education and experience. The department will be composed of the director of public works and such other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager.

(b) Whenever the director or department of public works and transportation is referred to in this code or any other city ordinance, rule, or regulation, the term means the director or department of public works, or any other director or department of the city to which certain former public works and transportation functions or duties have been transferred by the city council or city manager. (Ord. 30654)

SEC. 2-49. DUTIES OF THE DIRECTOR OF PUBLIC WORKS.

The director of public works shall perform the following duties:

1. Supervise and administer the department of public works.

2. Supervise the engineering, opening, construction, and paving of all streets, boulevards, alleys, sidewalks, and public ways, except when the work is being done by a private developer.

3. Supervise the engineering and construction of the storm sewers and storm drainage systems associated with a paving project, except when the work is being done by a private developer.

4. Approve the location of equipment and facilities installed under, on, or above the public right-of-way.

5. Provide for the maintenance and repairs of streets, alleys, medians, and public rights-of-way, as designated by the city manager.

6. Provide for street hazard and emergency response.

7. Supervise the engineering and construction of the storm sewers and storm drainage systems associated with a paving project, except when the work is being done by a private developer.

8. Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. 30654)
ARTICLE V-d.

WATER UTILITIES DEPARTMENT.

SEC. 2-50. CREATED; DIRECTOR OF WATER UTILITIES.

There is hereby created the water utilities department of the city of Dallas, at the head of which shall be the director of water utilities who shall be appointed by the city manager. The department shall be composed of the director of water utilities and such other assistants and employees as the council may provide by ordinance upon recommendation of the city manager. (Ord. 14215)

SEC. 2-51. DUTIES OF THE DIRECTOR OF WATER UTILITIES.

The director of water utilities shall perform the following duties:

(1) Supervise the water, wastewater (municipal and industrial), and storm drainage systems, mains, pump stations, filtration plants, sanitary wastewater treatment plants, reservoirs and all plants, properties, and appliances incident to the operation of the water, wastewater (municipal and industrial), storm drainage utilities of the city.

(2) Make recommendations to the city manager concerning the need for acquisition of additional water rights, appear before the Texas Commission on Environmental Quality, legislative committees and such other bodies as may be necessary for the acquisition of water rights; negotiate with the proper departments of the federal and state governments for the maintenance and acquisition of additional water rights; plan and program a waterworks system for the future growth of the city; conduct negotiations with customer cities, other public entities and industries for the furnishing of raw water and treated water; conduct negotiations with customer cities, other public entities and industries for the furnishing of treated waste water for irrigation and industrial use; and conduct negotiations with federal, state, and local agencies for obtaining supplies of raw water.

(3) Make recommendations to the city manager concerning the need for expansion and improvements of the waste water collection and treatment system; and conduct negotiations with customer cities for the treatment of waste water.

(4) Make recommendation to the city manager concerning the need for expansion and improvements of the stormwater drainage system, floodplain and drainage management, and maintenance and repairs of the Dallas Floodway Levee System.

(5) Conduct negotiations with federal, state, and local agencies regarding wastewater and stormwater legislation and permitting.

(6) Make recommendations to the city manager as to rates and connection charges for the water utilities department necessary to defray the costs of proper maintenance, operation, expansion, and extension of the water or municipal and industrial waste water or stormwater systems and facilities, treatment plants, reservoirs, appurtenances, facilities, and land owned and operated by the water utilities department.

(7) Supervise and administer special collections.

(8) Provide for flood protection and education.

(9) Provide for the implementation of the Trinity River Corridor project.

(10) Perform other duties as may be required by the city manager or by ordinance of the city council.

(Ord. Nos. 14215; 27697; 30675; 30994)
§ 2-52 Administration § 2-55

ARTICLE V-e.
DEPARTMENT OF PLANNING AND URBAN DESIGN.

SEC. 2-52. CREATED; CHIEF PLANNING OFFICER.

There is hereby created the department of planning and urban design, the head of which shall be the chief planning officer who shall be appointed by the city manager. The department of planning and urban design will be composed of the chief planning officer and such other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. Nos. 29478; 29882)

SEC. 2-53. DUTIES OF THE CHIEF PLANNING OFFICER.

The chief planning officer shall perform the following duties:

(1) Supervise and administer the department of planning and urban design.

(2) Advise the city manager, in cooperation with others designated by the city manager, on matters affecting the urban design and physical development of the city.

(3) Develop and recommend to the city manager a comprehensive plan for the city.

(4) Review and make recommendations regarding proposed actions implementing the comprehensive plan.

(5) Participate in the preparation and revision of the capital improvement program.

(6) Coordinate all planning relating to urban redevelopment, urban rehabilitation, and conservation intended to alleviate or prevent slums, obsolescence, blight, or other conditions of urban deterioration.

(7) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 29478; 29882; 30239)

ARTICLE V-f.
DEPARTMENT OF EQUIPMENT AND FLEET MANAGEMENT.

SEC. 2-54. CREATED; DIRECTOR OF EQUIPMENT AND FLEET MANAGEMENT.

There is hereby created the department of equipment and fleet management of the city of Dallas, at the head of which shall be the director of equipment and fleet management who shall be appointed by the city manager. The department will be composed of the director of equipment and fleet management and other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. 30994)

SEC. 2-55. DUTIES OF THE DIRECTOR OF EQUIPMENT AND FLEET MANAGEMENT.

The director of equipment and fleet management shall perform the following duties:

(1) Supervise and administer the department of equipment and fleet management.

(2) Maintain and repair all automotive and heavy motor-driven equipment owned by the city and used in municipal operations, except as otherwise provided by the city manager.
(3) Maintain an inventory control over all automotive and heavy motor-driven equipment and parts owned by the city, except as otherwise provided by the city manager, and make reports as may be required by the city manager.

(4) Control all automotive and heavy motor-driven equipment used for municipal purposes with the advice and assistance of the using department, except as otherwise provided by the city manager.

(5) Provide advice and assistance to all departments and agencies of the city government in the purchase of all automotive and heavy motor-drive equipment to be used for municipal purposes.

(6) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. 30994)

SECS. 2-56 THRU 2-60. RESERVED.

ARTICLE VI.

DEPARTMENT OF HUMAN RESOURCES.

SEC. 2-61. CREATED; DIRECTOR OF HUMAN RESOURCES.

There is hereby created the department of human resources of the city of Dallas, at the head of which shall be the director of human resources who shall be appointed by the city manager. The department will be composed of the director of human resources and other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. 22026)

SEC. 2-62. DUTIES OF DIRECTOR OF HUMAN RESOURCES.

The director of human resources shall perform the following duties:

(1) Supervise and administer the department of human resources.

(2) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 22026; 28424)

SECS. 2-63 THRU 2-70. RESERVED.
ARTICLE VII.

DEPARTMENT OF CODE COMPLIANCE.

SEC. 2-71. CREATED; DIRECTOR OF CODE COMPLIANCE.

(a) There is hereby created the department of code compliance of the city of Dallas, at the head of which shall be the director of code compliance who shall be appointed by the city manager. The director must be a person professionally competent by experience and training to manage the department. The department will be composed of the director of code compliance and other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager.

(b) Whenever the director or department of streets, sanitation, and code enforcement services is referred to in relation to a code enforcement responsibility in this code or in any other city ordinance, the term means the director or department of code compliance. (Ord. 23666)

SEC. 2-72. DUTIES OF THE DIRECTOR OF CODE COMPLIANCE.

The director of the department of code compliance shall perform the following duties:

(1) Supervise and administer the department of code compliance.

(2) Supervise and administer code enforcement programs of the city, except as otherwise provided by the city manager.

(3) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 23666; 28424; 30240)

ARTICLE VII-a.

OFFICE OF MANAGEMENT SERVICES.

SEC. 2-73. CREATED; DIRECTOR OF MANAGEMENT SERVICES.

There is hereby created a division of the city manager’s office to be known as the office of management services, the head of which shall be the director of management services who shall be appointed by the city manager. The office of management services will be composed of the director of management services and other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. Nos. 25517; 27697)

SEC. 2-74. DUTIES OF THE DIRECTOR OF MANAGEMENT SERVICES.

The director of management services shall perform the following duties:

(1) Supervise and administer the office of management services.

(2) Supervise and administer vital statistics.

(3) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 25517; 27697; 30675)

ARTICLE VIII-a.

CLAIMS AGAINST THE CITY.

Division 1. Tort Claims.

SEC. 2-81. FILING CLAIMS AGAINST THE CITY.

Any person wishing to file a claim against the city shall file the claim with the office of risk management in compliance with the form requirements and six-month notice requirements set forth in Sections 1, 2, and 3, Chapter XXIII of the city charter. (Ord. Nos. 21674; 22026; 26225; 28424; 28705)

SEC. 2-82. HANDLING BY CITY ATTORNEY.

The city attorney is authorized to investigate, settle, and recommend disposition of all claims against the city that are alleged to have resulted from any act or omission of an officer, servant, or employee of the city. (Ord. Nos. 14211; 20527; 22026; 26225; 28424; 28705)

SEC. 2-83. HANDLING BY DIRECTOR OF RISK MANAGEMENT.

The director of risk management is authorized to assist the city attorney in investigating, settling, and recommending disposition of any claim against the city for property damage, personal injury, or wrongful death that is alleged to have resulted from the negligent act or omission of an officer, servant, or employee of the city. The director of risk management is further authorized to investigate, at the request of the city attorney, any other claim against the city. (Ord. Nos. 20527; 22026; 26225; 28424; 28705)

SEC. 2-84. PAYMENT OF A PROPERTY DAMAGE, PERSONAL INJURY, OR WRONGFUL DEATH CLAIM WITHOUT PRIOR CITY COUNCIL APPROVAL.

(a) The city controller shall, without prior city council approval, pay a claim for property damage, personal injury, or wrongful death that has been settled for an amount that does not exceed $25,000 when payment is recommended by the city attorney, or by the director of risk management when assisting the city attorney in handling the claim, and approved by the city manager, except that payment of a meritorious claim, in whatever amount, must be approved by the city council as required by Section 4, Chapter XXIII of the city charter.

(b) For purposes of this section, claims for property damage, personal injury, and wrongful death resulting from the same occurrence may be considered as separate claims. (Ord. Nos. 14211; 15279; 17353; 20527; 21354; 22026; 24415; 26225; 28424; 28705)

SEC. 2-85. NON-WAIVER OF NOTICE OF CLAIM.

The delegation of authority to the city attorney or the director of risk management prescribed by this
division does not grant the city attorney or the director of risk management authority to waive the six months written notice of claim requirement contained in Sections 1 and 2, Chapter XXIII of the city charter. (Ord. Nos. 14211; 20527; 22026; 26225; 28424; 28705)

SEC. 2-86. NOTICE REQUIRED FOR CERTAIN BREACH OF CONTRACT CLAIMS.

(a) In this division:

(1) CITY CONTRACT or CONTRACT means a written contract that is properly executed or entered into by the city.

(2) DIRECTOR means the director of the city department that is responsible for administering the city contract that is the subject of a claim filed pursuant to this section, or the director’s designee.

(3) PERSON means an individual, corporation, partnership, professional corporation, limited liability company, or any other legally constituted and existing business entity, other than the city.

(b) This section applies to any alleged breach of contract by the city occurring on or after January 30, 2006.

(c) A person may not file or maintain a lawsuit or alternative dispute resolution proceeding to recover damages for the city’s breach of a city contract unless, as a condition precedent and a jurisdictional prerequisite to the filing of the lawsuit or proceeding:

(1) the person files a notice of claim with the city manager in writing, in the form prescribed in Subsection (d) of this section, not later than 180 days
§ 2-86 Administration § 2-87

after the date of occurrence of the event that gives rise to the breach of contract claim; and

(2) the city council, or the city manager in the case where a change order or contract amendment may be authorized by administrative action or administrative change order, neglects or refuses to pay all or part of the claim on or before the 90th day after the date of presentation of written notice in accordance with this section.

(d) The written notice of claim required under Subsection (c) must:

(1) state the facts giving rise to the alleged breach;

(2) state the legal theory justifying recovery for the alleged breach;

(3) state the amount the person seeks in damages; and

(4) include supporting documentation indicating how those damages were calculated.

(e) The city attorney is authorized to investigate, evaluate, and recommend settlement or disposition of any breach of contract claim made against the city pursuant to this section.

(f) The city manager and the director shall assist the city attorney in the investigation, evaluation, and recommendation processes related to the settlement and disposition of a breach of contract claim made against the city pursuant to this section.

(g) The delegation of authority conferred under Subsection (e) or (f) does not include the authority to waive any requirements of this section.

(h) Nothing in this section supersedes, modifies, or excuses compliance with any other requirement for notices established by any city contract, law, or equity.

(i) A person filing a claim under this section is not entitled to recover attorney’s fees, either as a part of the damages calculated in the notice of claim or in any subsequent lawsuit or alternative dispute resolution proceeding.

(j) Nothing in this section may be construed as waiving the city’s governmental immunity from suit or liability.

(k) The provisions of this section are incorporated by reference into all existing and future city contracts.

(l) The city manager may, with the concurrence of the city attorney, elect to treat a notice received pursuant to this section as a demand for nonbinding mediation. If the city manager treats the notice as a demand for nonbinding mediation, the city manager shall, within a reasonable time, notify the person filing the claim of that election and of the applicable procedures to be followed. The notice of nonbinding mediation extends by 60 days the applicable period for responding to a claim notice set forth in Subsection (c)(2). (Ord. Nos. 26225; 28705)

SEC. 2-87. PAYMENT OF A BREACH OF CONTRACT CLAIM WITHOUT PRIOR CITY COUNCIL APPROVAL.

The city controller shall, without prior city council approval, pay a breach of contract claim that has been settled for an amount that does not exceed $25,000 when payment is recommended by the city attorney and approved by the city manager. (Ord. 28705)
Division 3. Miscellaneous Claims, Fines, Penalties, and Sanctions against the City.

SEC. 2-88. HANDLING AND INVESTIGATION OF MISCELLANEOUS CLAIMS, FINES, PENALTIES, AND SANCTIONS AGAINST THE CITY.

(a) The city attorney is authorized to investigate, evaluate, and recommend settlement or disposition of:

(1) any claim made against the city (other than a property damage, personal injury, or wrongful death claim governed by Division 1 of this article or a breach of contract claim governed by Division 2 of this article); or

(2) any fine, penalty, or sanction imposed upon the city.

(b) The city manager or the city manager’s designee shall assist the city attorney in the investigation, evaluation, and recommendation processes related to the settlement and disposition of a claim, fine, penalty, or sanction under this division.

(Ord. 28705)

SEC. 2-89. PAYMENT OF A MISCELLANEOUS CLAIM, FINE, PENALTY, OR SANCTION WITHOUT PRIOR CITY COUNCIL APPROVAL.

The city controller shall, without prior city council approval, pay any claim made against the city (other than a property damage, personal injury, or wrongful death claim governed by Division 1 of this article or a breach of contract claim governed by Division 2 of this article) or any fine, penalty, or sanction imposed upon the city that has been settled for an amount that does not exceed $25,000 when payment is recommended by the city attorney and approved by the city manager.

(Ord. 28705)

ARTICLE IX.

PERMIT AND LICENSE APPEAL BOARD.

SEC. 2-95. PERMIT AND LICENSE APPEAL BOARD - CREATED; FUNCTION; TERMS.

(a) There is hereby created the permit and license appeal board of the city, which shall be composed of 15 members. Each city council member shall appoint one member to the board. The mayor shall appoint the board chair, and the full city council shall appoint the vice-chair.

(b) The permit and license appeal board shall hear appeals of department directors’ actions on licenses and permits issued by the city filed in accordance with Section 2-96 of this chapter and requests for exemptions from locational restrictions filed in accordance with Section 14-2.3, 14-2.4, or 41A-14 of this code, whichever applies.

(c) Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified.

(Ord. Nos. 18200; 21153; 21514; 22259; 23386; 25002; 29645)

SEC. 2-95.1. TRAINING.

(a) Every person appointed as a member of the permit and license appeal board must attend a one-day
training course before hearing an appeal under Section 2-96 of this chapter or a request for an exemption from locational restrictions under Section 14-2.3, 14-2.4, or 41A-14 of this code, whichever applies. The training course will include, but not be limited to:

(1) an orientation session concerning the powers and duties of the permit and license appeal board and the procedures and requirements for hearing appeals and requests for exemptions from locational restrictions;

(2) instruction in the city’s ordinances governing the various licenses and permits issued by the city that may be involved in appeals to the permit and license appeal board;

(3) instruction concerning locational restrictions contained in Chapters 14 and 41A of this code and the procedures and requirements for obtaining exemptions from those restrictions; and

(4) a mock hearing or an observation of an actual hearing.

(b) A person who fails to attend the one-day training course within 90 days from the date of appointment as a member of the permit and license appeal board shall forfeit that position with the city, and that position becomes vacant. (Ord. Nos. 23386; 23736; 25002)

SEC. 2-96. APPEALS FROM ACTIONS OF DEPARTMENT DIRECTORS.

(a) If the director of a city department denies, suspends, or revokes a license or permit over which the director has regulatory authority, and no appeal is provided by ordinance to another city board, the action is final unless the applicant, licensee, or permittee files a written appeal to the permit and license appeal board with the city secretary within 10 calendar days after the date of receiving notice of the director’s action.

(b) If a written request for an appeal hearing is filed with the city secretary within the 10-day limit, the permit and license appeal board shall hear the appeal. The city secretary shall set a date for the hearing within 60 days after the date the appeal is filed.

(c) The permit and license appeal board shall hear and consider evidence offered by any interested person. The formal rules of evidence do not apply. The permit and license appeal board shall decide the appeal on the basis of a preponderance of the evidence presented at the hearing if there is a dispute of fact, otherwise the board shall decide the appeal in accordance with the provisions of this code. The board shall affirm, reverse, or modify the action of the director by a majority vote. Failure to reach a majority decision on a motion leaves the director’s decision unchanged. A hearing of the permit and license appeal board may proceed if a quorum of the board is present. The decision of the permit and license appeal board is final as to administrative remedies, and no rehearing may be granted. (Ord. Nos. 18200; 20279; 21185; 23386; 25002)

SEC. 2-97. RESETS AND CONTINUANCES OF HEARINGS BEFORE THE PERMIT AND LICENSE APPEAL BOARD.

(a) A request for a reset or continuance of an appeal hearing or of a hearing on an exemption from a locational restriction must be granted by the city secretary if the request is received in writing by the city secretary not less than 10 days before the scheduled hearing date.

(b) The city secretary may not grant any request for a reset or continuance received less than 10 days before a scheduled hearing date, unless the city secretary, after notifying all parties to the appeal or exemption hearing of the request, determines that:

(1) exigent, compelling, or exceptional circumstances exist that:
(A) were unforeseen by and beyond the control of the person requesting the reset or continuance; and

(B) require immediate action or attention by the person requesting the reset or continuance; and

(2) no opposing party will be unreasonably damaged or inconvenienced by the reset or continuance.

(c) Notwithstanding Subsection (a) of this section, a party that has been granted one reset of a scheduled hearing may not be granted another reset of any scheduled hearing for the same appeal or request for an exemption unless the city secretary makes the determinations required by Subsection (b) of this section. (Ord. Nos. 23386; 25002)

SEC. 2-98. PUBLIC NOTICE REQUIREMENTS FOR HEARINGS ON EXEMPTIONS FROM LOCATIONAL RESTRICTIONS.

If a permit or license is denied because of a locational restriction and the applicant is seeking an exemption to the locational restriction from the permit and license appeal board, a nonrefundable public notice fee of $100 must be paid to the director of sustainable development and construction at the time the written request for the exemption hearing is filed. Not less than 10 days before the hearing date, the director of sustainable development and construction shall publish notice of the hearing in a newspaper of general circulation and provide written notice of the hearing to all neighborhood associations registered with the department of sustainable development and construction to receive zoning notices for the area in which the subject of the exemption is located. The director of sustainable development and construction may waive the $100 public notice fee upon receipt of an affidavit from the applicant showing financial hardship. (Ord. Nos. 23386; 25002; 25047; 27697)

SEC. 2-99. APPEALS TO STATE DISTRICT COURT.

Once the decision of the permit and license appeal board is final under Section 2-96 of this chapter for an appeal of a department director’s action on a license or permit or under Section 14-2.3, 14-2.4, or 41A-14 of this code, whichever applies, for a request for an exemption from a locational restriction, the decision may be appealed to the state district court by the city, by the applicant, licensee, or permittee, or by any other person aggrieved by the decision. An appeal to the state district court must be filed within 20 days after the date of the board’s final decision. An appeal to the state district court is limited to a hearing under the substantial evidence rule. (Ord. Nos. 18200; 20279; 21185; 23386; 25002)

SEC. 2-100. RESERVED.

ARTICLE X.

PUBLIC ART PROGRAM.

SEC. 2-101. PURPOSE.

The city recognizes the importance of expanding the opportunities for its citizens to experience public art and other projects resulting from the creative expression of its visual artists in public places of the city. The city further recognizes the substantial economic benefits to be gained in the form of increased tourism through enhancement of public spaces and consequent retail activity throughout the city. A policy is established in this article to include works of art and design services of artists in certain city capital improvement projects. (Ord. Nos. 20064; 20267)
SEC. 2-102. DEFINITIONS.

(1) ANNUAL PUBLIC ART PROJECTS PLAN means a prioritized list, to be recommended by the arts and culture advisory commission and approved by the city council, of visual projects, including budgets and recommended design approaches, developed by the public art committee in consultation with city departments anticipating capital improvement projects.

(2) BONDS means all general obligation bonds, revenue bonds, certificates, notes, or other obligations authorized and issued by the city.

(3) CITY means the city of Dallas, Texas.

(4) CITY BOND PROCEEDS means the proceeds from bonds payable from a pledge of all or part of any revenues, funds, or taxes, or any combination thereof. The term does not include proceeds of bonds authorized and issued by the city to refund or otherwise refinance other bonds.

(5) CITY CAPITAL IMPROVEMENT PROJECT means any permanent public improvement project paid for wholly or in part by monies appropriated by the city to construct, improve, or renovate a building, including its appurtenant facilities, a decorative or commemorative structure, a park, a street, a sidewalk, a parking facility, a utility, or any portion thereof, within the city limits or under the jurisdiction of the city. This term includes projects at the Dallas/Fort Worth International Airport only upon approval of the public art program by the airport board and the city of Fort Worth.

(6) DEMOLITION COSTS means payments for any work needed for the removal of a building or other existing structure from city property.

(7) EQUIPMENT COSTS means payments for any rolling stock, equipment, or furnishing that is portable and of standard manufacture or that is installed as part of normal major maintenance, whether portable or affixed. The term does not include an item, whether portable or affixed, that is custom designed or specially fabricated for a facility.

(8) NORMAL MAJOR MAINTENANCE COSTS means payments for any work needed to maintain and preserve city property in a safe and functional condition, including, but not limited to, the cleaning, replacement, and repair of floors, ceilings, roofs, landscaping, and plumbing, mechanical, and electrical systems.

(9) PUBLIC ART ACCOUNT means a separate account established within each capital improvement project fund by the city to receive monies appropriated to the public art program; provided that:

(A) city bond proceeds to be used for the public art program must be maintained in the respective bond funds established in accordance with the city ordinance authorizing the issuance of the bonds; and

(B) monies from non-bond sources that are appropriated from a city fund to be used for the public art program must be maintained in a separate account within that fund.

(10) PUBLIC ART ADMINISTRATION FUND means an annual appropriation from each public art account for administration of the public art program.

(11) PUBLIC ART COLLECTION means all city-owned artworks that are not under the care and control of nonprofit institutions operating under management agreements with the city.

(12) PUBLIC ART COMMITTEE means a subcommittee of the arts and culture advisory commission appointed to oversee quality control of the public art program and projects and to report to and recommend to the arts and culture advisory commission the scope of projects, artworks, and artists for the public art program. The public arts committee shall be composed of three members who are full city council appointments to the arts and culture advisory commission and eight members who are professionally qualified residents appointed by the arts and culture advisory commission.
(13) REAL PROPERTY ACQUISITION COSTS means payments made for the purchase of parcels of land, and any existing buildings, structures, or improvements on the land, and costs incurred by the city for appraisals or negotiations in connection with the purchase. (Ord. Nos. 20064; 20267; 20456; 21972; 31049)

SEC. 2-103. FUNDING OF THE PUBLIC ART PROGRAM.

(a) Appropriations. Beginning January 1, 1989, all appropriations for city capital improvement projects, whether financed with city bond proceeds or city monies from any other source, shall include an amount equal to 1.5 percent of the total capital improvement project appropriation, or an amount equal to 0.75 percent of the total appropriation for a project that is exclusively for street, storm drainage, utility, or sidewalk improvements, to be used for design services of artists, for the selection, acquisition, commissioning, and display of artworks, and for administration of the public art projects. Monies appropriated as part of one project, but not deemed necessary by the city council in total or in part for the project, may be expended on other projects approved under the annual public art projects plan; provided that proceeds from bonds issued and authorized for a particular use or purpose shall not be used or diverted for a different use or purpose.

(b) Grants and contributions from non-city sources. Beginning January 1, 1989, each city department shall include in every application to a granting authority for a capital improvement project grant an amount for artists’ services and artworks in accordance with this article. The public art appropriation shall apply to all capital improvement projects financed with grants or contributions from private persons or governmental or public agencies, subject to conditions of the granting or contributing person or agency. If the public art appropriation is not allowed as a reimbursable expense, only the city-funded portion of the project is subject to the public art appropriation.

(c) Method of calculation. The minimum amount to be appropriated for artists’ services and artworks is equal to the total city capital improvement project appropriation multiplied by 0.015, or by 0.0075 if the project is exclusively for street, storm drainage, utility, or sidewalk improvements; provided that amounts budgeted for real property acquisition costs, demolition costs, equipment costs, normal major maintenance costs, financing costs, costs paid for from the contingency reserve fund, capital reserve funds, or interest earnings on city bond proceeds, costs of any below-grade water or wastewater improvements, and costs of resurfacing or repair of existing streets, sidewalks, and appurtenant drainage improvements are not subject to the calculation.

(d) Public art accounts. Amounts appropriated pursuant to this article shall be established by the city manager, or his designee, in a public art account within each capital improvement project fund. Contributions to the public art program from private sources shall be deposited into a separate public art account, subject to any donor’s conditions within the instrument of conveyance. Disbursements from each public art account must be made in accordance with the annual public art projects plan and this article.

(e) City bond financed projects.

(1) This article shall apply to a city capital improvement project financed with proceeds from:

(A) general obligation bonds authorized and approved by the voters on or after January 1, 1989; or
§ 2-103 Administration

(B) revenue bonds, certificates, notes, or other obligations authorized and approved by the city council on or after January 1, 1989.

(2) This article shall not apply to any refunding bond proceeds.

(3) The public art appropriation on a city capital improvement project financed with city bond proceeds shall be established in the fiscal year in which the bonds are sold.

(4) In developing the capital improvement program for bond-financed capital improvement projects, the city manager may recommend that the city council exempt certain bond-financed capital improvement projects from the application of this article. The city manager’s recommendations shall govern unless the city council provides otherwise.

(5) If a city capital improvement project is financed with city bond proceeds, the use of any amounts appropriated for artists’ services and works of art in accordance with this article must be consistent with any voted proposition approved by the voters of the city, any resolution or ordinance adopted by the city council authorizing issuance of the bonds, and applicable state or federal law. In no event shall city bond proceeds be used for public art maintenance purposes.

(f) Water and wastewater utility projects.

(1) Notwithstanding any other provision of this article, the public art appropriation for that portion of a city capital improvement project financed with Dallas water utilities department revenues shall not exceed 0.75 percent of the total water utilities revenues appropriated for the capital improvement project.

(2) This article shall not apply to:

(A) any city capital improvement project financed with Dallas water utilities department revenues that is located outside the city limits; or

(B) any below-grade capital improvement financed with Dallas water utilities department revenues, whether or not the below-grade improvement is part of a city capital improvement project that involves at-grade or above-grade improvements.

(g) City council exclusions. When adopting the capital budget each year, the city council may exclude individual city capital improvement projects from the application of this article. (Ord. Nos. 20064; 20267)

SEC. 2-104. USES OF MONIES IN PUBLIC ART ACCOUNTS.

(a) Monies appropriated under this article may be used for artists’ design concepts and for the selection, acquisition, purchase, commissioning, placement, installation, exhibition, and display of artworks. Artworks must be of a permanent nature and may be integral to the architecture or incorporated into the city capital improvement project.

(b) Up to 20 percent of the total annual public art appropriation shall be used to establish the public art administration fund and may be used to pay the costs incurred in the administration of the public art program, including project administration, artist-selection-related costs, architect’s fees where collaboration is involved, design, drawing, and maquette costs, community education, insurance, curatorial services, identifying plaques, documentation, publicity, and such other purposes as may be deemed appropriate by the city council for the administration of the public art program. (Ord. Nos. 20064; 20267)

SEC. 2-105. ADMINISTRATION OF THE PUBLIC ART PROGRAM - RESPONSIBILITIES.

(a) Arts and culture advisory commission and the office of cultural affairs. The arts and culture advisory commission, acting in cooperation with the
The director of cultural affairs shall have the following duties and responsibilities associated with the administration of the public art program:

(1) The overall administration of the public art program, including the selection of resident members of the public art committee, the establishment of program policies and guidelines, the recommendation of program budgets, and the approval of all selection juries and all other recommendations made by the public art committee to the arts and culture advisory commission.

(2) The establishment of policies and guidelines to facilitate and encourage the donation of high quality artworks to the city.

(3) The establishment of policies and guidelines to ensure that the long-term collection of artworks by the city represents a broad range of artistic schools, styles, tastes, and media, without giving exclusive support to any particular one, and gives consideration to affirmative action.

(4) The review of a survey, to be updated annually, of the condition of the public art collection. The survey must include a report on the condition of each artwork, prioritized recommendations for the restoration, repair, and maintenance of the artwork, and estimated costs.

(5) The recommendation of an annual designation of funds for repair and maintenance of the public art collection. Any recommendation involving a work of art for which operation or maintenance costs exceed $5,000 a year must be accompanied by a detailed fiscal note.

(a) Arts and culture advisory commission and the office of arts and culture. The arts and culture advisory commission, acting in cooperation with the director of arts and culture, shall have the following duties and responsibilities associated with the administration of the public art program:

(1) The overall administration of the public art program, including the selection of resident members of the public art committee, the establishment of program policies and guidelines, the recommendations of program budgets, and the approval of all selection juries and all other recommendations made by the public art committee to the arts and culture advisory commission.

(b) Public art committee. The public art committee shall have the following duties and responsibilities associated with the administration of the public art program, with all decisions and recommendations made by the public art committee being subject to the review and approval of the arts and culture advisory commission and, when required, the city council:

(2) The establishment of policies and guidelines to facilitate and encourage the donation of high quality artworks to the city.

(3) The establishment of policies and guidelines to ensure that the long-term collection of artworks by the city represents a broad range of artistic schools, styles, tastes, and media, without giving exclusive support to any particular one, and gives consideration to affirmative action.

(4) The review of a survey, to be updated annually, of the condition of the public art collection. The survey must include a report on the condition of each artwork, prioritized recommendations for the restoration, repair, and maintenance of the artwork, and estimated costs.

(5) The recommendation of an annual designation of funds for repair and maintenance of the public art collection. Any recommendation involving a work of art for which operation or maintenance costs exceed $5,000 a year must be accompanied by a detailed fiscal note.
(1) The commission of artworks; the review of the design, execution, and placement of artworks; and the overseeing of the removal of artworks from the public art collection.

(2) The designation of sites for implementation of the public art program; the recommendation of the scope and budget of public art program projects; and the overseeing of the artist selection process.

(3) The selection of juries, to be composed of professionals in the visual arts and design fields and members of the community, who will recommend artists and artworks of the highest quality.

(4) The education of the community on the public arts program.

(5) The review and recommendation for approval of any artworks proposed to be donated to the city. (Ord. Nos. 20064; 20267; 20456; 21972; 22026; 23694; 31049; 31333, eff. 10/1/19)

ARTICLE XI.

FILLING TEMPORARY VACANCIES.

SEC. 2-118. DESIGNATION, APPOINTMENT AND DUTIES OF TEMPORARY ACTING AND ACTING CITY MANAGER.

The following procedures shall be used to fill the position of city manager where a temporary vacancy of the type specified occurs in that position, and such
successors shall be responsible for the duties as ascribed thereto:

(a) **Designation and duties of temporary acting city manager.** The city manager shall, by written memorandum filed with the city secretary and with copies forwarded to each member of the city council, the city auditor, the city attorney and all other department directors, designate one of his assistants who shall have and exercise the powers and duties of the city manager during his absence from the city for any reason. Any documents, orders or official papers signed by him shall be presumed to have been signed during the absence of the city manager and in his official capacity while so acting. The authority and responsibility of the city manager shall continue to exist concurrently with those of the temporary acting city manager and he shall resume his duties upon his return.

(b) **Appointment and duties of acting city manager.**

1. In the event the city manager is absent from the city for an extended period of time for whatever reason or is unable to perform his duties by reason of any illness or disability, the city council may appoint a temporary successor to be titled acting city manager to perform the duties of the city manager until his return to the city or his recovery from such illness or disability. During such period of time, the city manager shall be relieved of his authority and responsibilities.

2. In the event the position of city manager becomes vacant by reason of termination or dismissal, the city council may appoint a temporary successor as acting city manager to perform the duties of city manager, pending the selection and appointment of a successor on a permanent basis.

3. Any such temporary appointment shall be made at a regular meeting of the city council by majority vote, and a copy of the memorandum of appointment shall be promptly furnished the mayor, each member of the city council, the city attorney and to department directors.

4. During the term of a temporary appointment, the acting city manager shall have the powers and duties of the city manager, as set forth in the charter, ordinances and resolutions. (Ord. 13015)

SEC. 2-119. **DESIGNATION, APPOINTMENT AND DUTIES OF TEMPORARY ACTING AND ACTING DEPARTMENT DIRECTORS; “DEPARTMENT DIRECTOR” DEFINED.**

As used herein, the term “department director” means the official of any department of the city whose title is “director,” “chief” or “manager” thereof or any other official who is the head of any administrative department or office of the city.

The following procedures shall be used to fill vacancies as they may occur with respect to the director of any city department, and the successor in office shall be responsible for the duties as ascribed thereto:

(a) **Designation and duties of temporary acting department director.** Every department director shall, by written memorandum filed with the city manager in the case of those appointed by him and with the city secretary, city auditor and the city attorney, designate one of his assistants to be temporary acting department director who shall have and exercise the powers of the department director during his absence from the city for any reason. The authority and responsibility of the department director shall continue to exist concurrently with the temporary acting department director, and he shall resume his duties upon his return.
§ 2-119 Administration

(b) Appointment and duties of acting department director.

(1) In the event a department director is absent from the city for an extended period of time, or is deemed by the city council, city manager, board or commission that has the appointing authority with respect to the department director, to be unable to perform his duties by reason of any illness or disability, the appointing authority may appoint a temporary successor, with the title of acting department director, to perform the duties of the department director until his return to the city, or his recovery from such illness or disability.

(2) In the event a department director’s position is vacated by reason of termination or dismissal, or if a new department is established, the appointing authority may appoint an acting department director to exercise the duties of the position pending the selection and appointment of the department director on a permanent basis.

(3) Appointments to positions of acting department director made by the appointing authority shall be by memorandum and a copy of such memorandum shall promptly be furnished the city manager, in cases of action by the council, a commission or board, the city secretary, the city auditor and the city attorney. The city secretary shall retain in an official file a signed copy of every such memorandum for a period of five years from the date thereof.

(4) During the term of such appointment, the acting department director shall have the same powers and duties of the department director, as set forth in the charter, ordinances and resolutions. During such term of appointment, the department director shall be relieved of his authority and responsibilities. (Ord. 13015)

ARTICLE XIII.

MARTIN LUTHER KING, JR. COMMUNITY CENTER BOARD.

SEC. 2-125. DEFINITIONS.

In this article:

(1) MARTIN LUTHER KING, JR. COMMUNITY CENTER means the group of buildings located in the 2900 block of Forest Avenue in the city that are in proximity to one another and in which the city and other agencies or organizations offer a consolidation of various community services into a single delivery system in response to the needs of the community.

(2) SERVICES means the functions and work performed by community agencies concerned with the health, education, social, physical, economic and other related needs to improve the quality of the urban environment. Such services may be provided by privately or publicly sponsored organizations and agencies.

(3) SERVICE AREA means the geographical area within the city primarily served by the Martin Luther King, Jr. community center, as shall be delineated by the city council.

(4) BOARD means the Martin Luther King, Jr. community center board. (Ord. Nos. 13384; 14941; 15574; 15955)
SEC. 2-126. CREATED; TERMS; MEMBERSHIP; VACANCIES.

(a) There is hereby created the Martin Luther King, Jr. community center board, which shall consist of 15 members. Each city council member shall appoint one member to the board. The mayor shall appoint the chair, and the full city council shall appoint the vice-chair.

(b) Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified.

(c) If a vacancy occurs in a board position held by a member appointed directly by the city council, the city council shall appoint a new member to serve for the unexpired term. If a vacancy occurs in a board position held by a member appointed from service area nominations, the vacancy may not be filled, and that position will not be counted in determining total board membership for quorum purposes. (Ord. Nos. 13384; 14083; 14941; 15955; 15979; 21153; 21514; 22259; 29645)

SEC. 2-127. FUNCTIONS.

(a) The board shall serve in an advisory capacity and shall make recommendations to the city center manager concerning programs and policies within the service center.

(b) The board shall submit an annual report to the city council in accordance with Section 8-1.1 of this Code. (Ord. Nos. 13384; 14941; 15955)

SEC. 2-128. RESERVED.

(Repealed by Ord. 17393)

SEC. 2-129. TREATMENT OF BUDGET.

The budget of the center shall be approved by the city council and treated as is the budget of other city departments by referring it to the city manager through the usual budget administration process. (Ord. Nos. 13384; 14941; 15955)

ARTICLE XIV.

SOUTH DALLAS/FAIR PARK OPPORTUNITY FUND BOARD.

SEC. 2-130. SOUTH DALLAS/FAIR PARK OPPORTUNITY FUND BOARD - CREATED; TERMS; MEMBERSHIP.

(a) There is hereby created the South Dallas/Fair Park Opportunity Fund board of the city, which shall be an advisory body of 15 members. Each city council member shall appoint one member to the board. The mayor shall appoint the chair, and the full city council shall appoint the vice-chair.

(b) Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified.

(c) Members of the board must meet the following qualifications:

(1) Eight members must meet any of the following qualifications:

(A) Be a resident of the South Dallas/Fair Park Opportunity Fund program area as defined by city council resolution.

(B) Be a representative of a cultural institution or other facility permanently housed at Fair Park.
(C) Be the owner or operator of a business in the South Dallas/Fair Park Opportunity Fund program area as defined by city council resolution.

(D) Be actively involved in the South Dallas/Fair Park community.

(2) Seven members must have substantial knowledge and expertise in any of the following areas:

(A) Housing development.

(B) Business development and operations.

(C) Non-profit management and operations.

(D) General community development principles and practices.

(3) In addition to the qualifications listed in Paragraphs (1) and (2) of this subsection, at least two of the board members must have loan underwriting experience.

(d) The city manager or a designated representative shall serve as an ex officio, nonvoting member of the board. (Ord. Nos. 20570; 22414; 26811; 30905)

§ 2-132. RESERVED. (Ord. Nos. 20570; 26811; 30905)

ARTICLE XV.

CHIEF FINANCIAL OFFICER.

SEC. 2-133. POSITION OF CHIEF FINANCIAL OFFICER CREATED.

There is hereby created the position of the chief financial officer of the city. The chief financial officer shall be appointed by the city manager and shall be a person professionally competent by experience and training to perform the duties of the position. (Ord. Nos. 22026; 24410; 27697)

SEC. 2-134. DUTIES OF THE CHIEF FINANCIAL OFFICER.

(a) The chief financial officer shall perform the following duties:

(1) Direct the cash and debt management programs of the city with authority to make the following investment and redemption decisions:

(A) Purchase, at their original sale or after they have been issued, securities that are permissible investments under state law with money that is not required for the immediate necessities of the city and as the chief financial officer determines is wise and expedient, and sell or exchange securities for other

(2) perform other duties assigned by the city council or requested by the city manager.
eligible securities and reinvest the proceeds of the securities so purchased.

(B) From time to time redeem the securities in which city money has been invested so that the proceeds may be applied to the purposes for which the original purchase money was designated or placed in the city treasury.

(C) Prepare a written report, at least once a year, describing the investment position of the city as of the end of the date of the report.

(2) With the approval of the city manager, and in accordance with Subsection (b), sell at the current market price shares of stock or corporate bonds received from time to time by the city as a gift, donation, or bequest or as a result of a bankruptcy proceeding; deposit the proceeds of each sale, netted after payment of any commissions and other related expenses, in the appropriate city fund; and carry out any terms of the gift, donation, or bequest.

(3) Direct the accounting function of the city and specifically:

(A) establish and maintain an adequate and efficient accounting and financial information system for the city;

(B) maintain comprehensive accounts of all real, personal, and mixed property of the city; and

(C) maintain comprehensive accounts of all receipts and disbursements of money, separating under proper headings each source of receipt and the cause of each disbursement.

(4) Prepare and transmit regular reports detailing the activities of all city departments, including but not limited to:

(A) a summary statement of the revenues and expenses of the preceding period, transmitted to the city manager, detailed as to the appropriations and funds, in such manner as to show the financial condition of the city and of such department, division, and office as of the last day of the period, reflecting the condition of each of the city funds, showing the budget appropriation, the amount expended to the date of the report, and the unexpended balance; and

(B) periodic and annual financial reports, including an annual balance sheet.

(5) Serve, or designate a person to serve, as the assessor and collector of taxes of the city and direct the assessment and collection of taxes in accordance with state law, Chapter 44 of this code, and Chapter XIX of the charter of the city, including those billing and collection functions of the city as may be provided for by contract or assigned by the city manager or ordinance.

(6) Administer the public utility franchises granted by the city.

(7) Perform such other duties as may be required by the city manager or by ordinance of the city council.

(b) The chief financial officer shall conduct any sale authorized under Subsection (a)(2) of this section as soon as is reasonably possible following receipt of the stock or corporate bonds, using the city’s financial advisor or investment advisor. The city manager is authorized to execute such documents, authorizations, assignments, and endorsements as necessary to accomplish the sale. The chief financial officer shall provide confirmation of each sale to the director of the department designated by the city manager to carry out any terms of the gift, donation, or bequest. The chief financial officer shall keep an accurate record of each sale transaction.
(c) Whenever the director of finance is referred to in the city charter, this code, or any other city ordinance, the term means the chief financial officer.

(d) Whenever the director of public utilities or the director of consumer services is referred to in a franchise granted by the city, those terms mean the chief financial officer.  (Ord. Nos. 22026; 23694; 24410; 27697)

ARTICLE XV-a.

CITY CONTROLLER’S OFFICE.

SEC. 2-135. CREATED; CITY CONTROLLER AS HEAD OF OFFICE.

There is hereby created a division of the city manager’s office to be known as the city controller’s office of the city, the head of which shall be the city controller who shall be appointed by the city manager. The city controller must be a person professionally competent by experience and training to manage the office. The office shall be composed of the city controller and such other assistants and employees as the city council may provide upon recommendation of the city manager.  (Ord. 27697)

SEC. 2-135.1. DUTIES OF THE CITY CONTROLLER.

The city controller shall perform the following duties:

(1) Supervise and administer the city controller’s office.

(2) Direct the accounting function of the city and specifically:

   (A) establish and maintain an adequate and efficient accounting and financial information system for the city;

   (B) maintain comprehensive accounts of all real, personal, and mixed property of the city; and

   (C) maintain comprehensive accounts of all receipts and disbursements of money, separating under proper headings each source of receipt and the cause of each disbursement.

(3) Prepare and transmit regular reports detailing the activities of all city departments, including but not limited to:

   (A) a summary statement of the revenues and expenses of the preceding period, transmitted to the city manager, detailed as to the appropriations and funds, in such manner as to show the financial condition of the city and of such department, division, and office as of the last day of the period, reflecting the condition of each of the city funds, showing the budget appropriation, the amount expended to the date of the report, and the unexpended balance; and

   (B) periodic and annual financial reports, including an annual balance sheet.

(4) Perform such other duties as may be required by the city manager or by ordinance of the city council.  (Ord. 27697)

ARTICLE XV-b.

OFFICE OF BUDGET.

SEC. 2-135.2. CREATED; DIRECTOR OF BUDGET.

There is hereby created a division of the city manager’s office to be known as the office of budget of
§ 2-135.2 Administration § 2-136

the city of Dallas, at the head of which shall be the
director of budget, who shall be appointed by the city
manager and who shall be a person professionally
competent by experience and training to manage the
office. The office will be composed of the director of
budget and other assistants and employees as the city
council may provide by ordinance upon recommenda-
tion of the city manager. (Ord. Nos. 27697; 30654)

SEC. 2-135.3. DUTIES OF THE DIRECTOR OF
BUDGET.

The director of budget shall perform the following
duties:

(1) Supervise and administer the office of
budget.

(2) Perform such other duties as may be
required by the city manager or by ordinance of the city
council. (Ord. Nos. 27697; 29478; 30654)

ARTICLE XV-c.

OFFICE OF RISK MANAGEMENT.

SEC. 2-135.4. CREATED; DIRECTOR OF RISK
MANAGEMENT.

There is hereby created a division of the city
manager’s office to be known as the office of risk
management of the city of Dallas, at the head of which
shall be the director of risk management, who shall be
appointed by the city manager and who shall be a
person professionally competent by experience and
training to manage the office. The office will be
composed of the director of risk management and other
assistants and employees as the city council may
provide by ordinance upon recommendation of the city
manager. (Ord. 28424)

SEC. 2-135.5. DUTIES OF THE DIRECTOR OF
RISK MANAGEMENT.

The director of risk management shall perform
the following duties:

(1) Supervise and administer the office of
risk management.

(2) Administer the risk management
program of the city, including, but not limited to,
liability and workers’ compensation programs,
procurement of insurance policies for the city, loss
control initiatives, and performance of risk
assessments.

(3) Perform such other duties as may be
required by the city manager or by ordinance of the
city council. (Ord. 28424)

ARTICLE XVI.

DEPARTMENT OF COMMUNICATION
AND INFORMATION AND TECHNOLOGY
SERVICES.

SEC. 2-136. CREATED; DIRECTOR OF
COMMUNICATION AND
INFORMATION SERVICES.

(a) There is hereby created the department of
communication and information services, the head of
which shall be the director of communication and
information services who shall be appointed by the

(b) In addition to the office of director of
communication and information services, there will
also be such additional personnel as may be necessary
for the administration of the department as the council
may provide, upon recommendation of the city
manager.

SEC. 2-136. CREATED; DIRECTOR OF
INFORMATION AND
TECHNOLOGY SERVICES.

(a) There is hereby created the department of
information and technology services, the head of which shall be the director of information and technology services who shall be appointed by the city manager and who shall be a person professionally competent by experience and training to manage such department.

(b) In addition to the office of director of information and technology services, there will also be such additional personnel as may be necessary for the administration of the department as the council may provide, upon recommendation of the city manager. (Ord. Nos. 13718; 19312; 22026; 23694; 31333, eff. 10/1/19)
§ 2-137. DUTIES OF DIRECTOR OF COMMUNICATION AND INFORMATION SERVICES.

The director of communication and information services shall perform the following duties:

1. Provide all information services for administration of the affairs of the city of Dallas to be used in the municipal operations of the city and make such reports as may be required by the city manager.

2. Acquire, maintain, and operate all telephone and radio communications systems used in municipal operations.

3. Obtain and maintain radio licenses from the Federal Communications Commission on behalf of all city departments and ensure compliance with all applicable regulations of the Federal Communications Commission.

4. Perform such other duties as may be required by the city manager or by ordinance of the city council.

§ 2-138. CREATED; DIRECTOR OF SANITATION SERVICES.

Article XVII.

DEPARTMENT OF SANITATION SERVICES.

There is hereby created the department of sanitation services of the city of Dallas, at the head of which shall be the director of sanitation services who shall be appointed by the city manager. The director must be a person professionally competent by experience and training to manage the department. The department will be composed of the director of sanitation services and other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. Nos. 13718; 15004; 22026; 23666; 23694)

§ 2-137. DUTIES OF DIRECTOR OF INFORMATION AND TECHNOLOGY SERVICES.

The director of information and technology services shall perform the following duties:

1. Provide all information services for administration of the affairs of the city of Dallas to be used in municipal operations of the city and make such reports as may be required by the city manager.

2. Acquire, maintain, and operate all telephone and radio communications systems used in municipal operations.

3. Obtain and maintain radio licences from the Federal Communications Commission on behalf of all city departments and ensure compliance with all applicable regulations of the Federal Communications Commission.

4. Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 13718; 19312; 19679; 22026; 23694; 31333, eff. 10/1/19)
SEC. 2-139. DUTIES OF THE DIRECTOR OF SANITATION SERVICES.

The director of the department of sanitation services shall perform the following duties:

(1) Supervise and administer the department of sanitation services.

(2) Supervise and administer the city’s solid waste collection and disposal system, which is a utility of the city and includes, but is not limited to, all facilities, equipment, services, and programs relating to the collection, removal, disposal, and processing of solid waste.

(3) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 13718; 14385; 15004; 17226; 22026; 23666; 23694; 29881)

ARTICLE XVII-a.

DEPARTMENT OF TRANSPORTATION.

SEC. 2-139.1. CREATED; DIRECTOR OF TRANSPORTATION.

There is hereby created the department of transportation of the city of Dallas, at the head of which shall be the director of transportation who shall be appointed by the city manager. The director must be a person professionally competent by experience and training to manage the department, and must be an engineer registered to practice in the State of Texas, a planner, or possess an equivalent combination of education and experience. The department will be composed of the director of transportation and other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. Nos. 23694; 30239; 30654)
SEC. 2-139.2. DUTIES OF THE DIRECTOR OF TRANSPORTATION.

The director of the department of transportation shall perform the following duties:

(1) Supervise and administer the department of transportation.

(2) Provide for the maintenance and repair of traffic control devices and street lights, as designated by the city manager.

(3) Manage neighborhood traffic calming, construction zone traffic, and block parties.

(4) Plan, design, construct, maintain, and operate, by contract or with city employees, the public lighting system that illuminates highways, streets, and other public ways in the city, except as provided otherwise by the city manager, the city charter, or ordinance or resolution of the city council.

(5) Supervise the engineering, planning, and construction, of all traffic signals, school flashers, dynamic message signs, striping, and signing on public rights-of-way.

(6) Develop and recommend to the city manager a comprehensive transportation plan for the city.

(7) Review and make recommendations regarding proposed actions implementing the transportation plan.

(8) Coordinate with DART, TxDOT, and other entities for the planning, construction, and maintenance of all transportation-related improvements within the city.

(9) Supervise the Thoroughfare Plan amendment process and supervise the implementation of the Dallas Bike Plan.

(10) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 23694; 27697; 28424; 30239; 30654)

ARTICLE XVIII.

SENIOR AFFAIRS COMMISSION.

SEC. 2-140. SENIOR AFFAIRS COMMISSION - CREATED; TERMS; MEMBERSHIP; MEETINGS.

(a) There is hereby created the senior affairs commission of the city, which shall be an advisory body of 15 members. Each city council member shall appoint one member to the commission. The mayor shall appoint the chair, and the full city council shall appoint the vice-chair.

(b) Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified.

(c) Members must be at least 55 years of age and must be chosen, as far as practicable, in a manner that will represent the entire community. Members should be persons who are concerned about senior affairs in the community. Disqualification of an appointee under the minimum age requirement of this subsection may be waived by the city council after a review of the specific circumstances.

(d) The commission must meet at least once each month and may hold additional meetings at the call of the chair. (Ord. Nos. 20216; 20665; 21153; 21514; 24194; 25478; 29645)
SEC. 2-141. SENIOR AFFAIRS COMMISSION - FUNCTIONS.

(a) The senior affairs commission shall act as an advisory body to the city manager and the city council and shall:

(1) recommend the role of the city and the commission in ensuring the provision of services to the elderly;

(2) advise the city council as requested on elderly issues;

(3) provide access for citizen comment on elderly issues;

(4) assist the city in the identification of programs for the elderly that are needed in the community; and

(5) perform other duties assigned by the city council.

(b) Staff liaison responsibilities to the commission shall be designated by the city manager.

(Ord. 20216)

ARTICLE XIX.

DEPARTMENT OF HOUSING & NEIGHBORHOOD REVITALIZATION.

SEC. 2-142. CREATED; DIRECTOR OF HOUSING & NEIGHBORHOOD REVITALIZATION.

There is hereby created the department of housing & neighborhood revitalization of the city, the head of which shall be the director of housing & neighborhood revitalization who shall be appointed by the city manager. The department will be composed of the director of housing & neighborhood revitalization and such other assistants and employees as the city council may provide upon recommendation of the city manager. (Ord. Nos. 17226; 22026; 27697; 30654)

SEC. 2-143. DUTIES OF THE DIRECTOR OF HOUSING & NEIGHBORHOOD REVITALIZATION.

The director of housing & neighborhood revitalization shall perform the following duties:

(1) Supervise and administer the department of housing & neighborhood revitalization.

(2) Perform such other duties as may be required by the city manager or by ordinance of the city council. (Ord. Nos. 17226; 22026; 27697; 30654)

SECS. 2-144 THRU 2-146. RESERVED.

(Repealed by Ord. Nos. 15562; 27697)

ARTICLE XX.

CITIZEN HOMELESSNESS COMMISSION.

SEC. 2-147. PURPOSE.

The purpose of this commission is to assure participation from, and inclusion of, all stakeholders, including those with past or present experience with homelessness, in order to develop policy recommendations to ensure alignment of city services with regional services to enhance efficiency, quality, and effectiveness of the community-wide response to homelessness. (Ord. 30431)
SEC. 2-148. CREATED; MEMBERSHIP; TERMS; MEETINGS.

(a) There is hereby created the citizen homelessness commission, which shall be an advisory body of 15 members. Each city council member shall appoint one member to the commission. The mayor shall appoint the chair, and the full city council shall appoint the vice-chair.

(b) Members of the commission must meet the following qualifications:

(1) two members must have past or present experience as a homeless person, and the city council may, after a review of the specific circumstances, waive disqualification under Section 8-1.4 of this code for these members;

(2) one member must be a representative from a faith-based organization; and

(3) the remaining members must be chosen from the general public.

(c) All members shall be appointed for an initial term to expire on September 30, 2019. Subsequent appointments will be made in September of each odd-numbered year for a two-year term beginning on October 1.

(d) The commission must meet at least once each month and may hold additional meetings at the call of the chair. (Ord. 30431)

SEC. 2-149. DUTIES AND FUNCTIONS.

(a) The commission, in carrying out its purpose, shall act as an advisory body to the city manager and the city council and shall:

(1) advise the city manager and the city council on issues affecting homelessness;

(2) assist the city in evaluating new and existing programs;

(3) coordinate with other local and regional bodies addressing homelessness; and

(4) perform such other duties assigned by the city manager or city council.

(b) The city manager shall provide information and assistance to the commission in the performance of its duties and functions. (Ord. 30431)

ARTICLE XXI.
COMMUNITY DEVELOPMENT COMMISSION.

SEC. 2-150. COMMUNITY DEVELOPMENT COMMISSION CREATED.

(a) There is hereby created the community development commission of the city, which shall be composed of 15 members. Each city council member shall appoint one member to the commission. The mayor shall appoint the chair, and the full city council shall appoint the vice-chair. Appointments must be made in accordance with the provisions of Title 24 of the Code of Federal Regulations.

(b) Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified. (Ord. Nos. 16923; 17702; 18836; 20418; 21012; 21153; 21514; 22414; 29645)

SEC. 2-151. DUTIES AND FUNCTIONS.

(a) The commission shall hold monthly meetings each month and may hold additional meetings at the call of the chair. The commission shall
§ 2-151 Administration  § 2-152.2

act as an advisory body to the city manager and the city council.

(b) The commission shall:

(1) hold public meetings at such times and locations as will further the purpose of obtaining citizens’ suggestions and comments concerning uses of HUD entitlement grant funds;

(2) carry out the objectives of the city’s citizen participation plan for HUD entitlement grant funds;

(3) submit to the city manager and the city council:

(A) a recommended list of priorities for the consolidated application for HUD entitlement grant funds; and

(B) specific recommendations as to the use and allocation of HUD entitlement grant funds for the next year;

(4) review and make recommendations with respect to the city’s housing and nonhousing community development needs;

(5) participate in the review and assessment of the past and current use of HUD entitlement grant funds;

(6) submit to the city council an annual report containing an analysis of the use of HUD entitlement grant funds and a summary of the commission’s work during the prior year;

(7) review the status of unspent community development funds at least once each quarter of each fiscal year and make recommendations with respect to the reallocation of unappropriated and unobligated community development funds;

(8) hold public hearings and make recommendations concerning the creation or elimination of projects that affect the HUD entitlement grant fund budget; and

(9) perform other duties assigned by the city council or requested by the city manager.

(c) The final determination of the consolidated application and the annual budget for HUD entitlement grant funds will be made by the city council.

(d) In this section, “HUD entitlement grant funds” means funds from the following grants and programs:

(1) the Community Development Block Grant (CDBG);

(2) the HOME Investment Partnerships Program (HOME);

(3) the Housing Opportunities for Persons with AIDS (HOPWA); and

(4) the Emergency Shelter Grant (ESG).

(Ord. Nos. 16923; 17139; 17702; 18836; 19604; 21012; 22354; 22414)

SEC. 2-152. STANDARDS OF CONDUCT.

The members of the commission shall be subject to the provisions of Article XII of this chapter to the same extent as officers or employees of the city. (Ord. Nos. 16923; 21012; 22414)

ARTICLE XXI-a.

RESERVED.

SECS. 2-152.1 THRU 2-152.2. (Repealed by Ord. 27705)
ARTICLE XXII.

OFFICE OF COMMUNITY POLICE OVERSIGHT.

SEC. 2-153. PURPOSE.

The purpose of this office is to provide support and technical assistance to the community police oversight board. (Ord. 31192, eff. 10/1/19)

SEC. 2-154. CREATED; DIRECTOR/MONITOR OF OFFICE OF COMMUNITY POLICE OVERSIGHT.

(a) There is hereby created a division of the city manager's office to be known as the office of community police oversight, the head of which shall be the director/monitor of community police oversight who shall be appointed by the city manager with input from the chair of the community police oversight board and who shall be a person professionally competent by experience and training to manage such office.

(b) The office of community police oversight will be composed of the director/monitor of community police oversight and such other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager. (Ord. 31192, eff. 10/1/19)

SEC. 2-154.1. DUTIES OF THE DIRECTOR/MONITOR OF THE OFFICE OF COMMUNITY POLICE OVERSIGHT.

The director/monitor of community police oversight shall perform the following duties:

(1) Provide functional support to the community police oversight board.

(2) Ensure that the community police oversight board can fulfill its duties.

(3) Make such reports as may be required by the city manager and the community police oversight board.

(4) Perform such other duties as may be required by the city manager, by ordinance of the city council, or the community police oversight board in accordance with Article III of Chapter 37 of the Dallas City Code. (Ord. 31192, eff. 10/1/19)

ARTICLE XXIII.

DEPARTMENT OF DALLAS ANIMAL SERVICES.

SEC. 2-155. CREATED; DIRECTOR OF DALLAS ANIMAL SERVICES.

There is hereby created the department of Dallas animal services, at the head of which shall be the director of Dallas animal services who shall be appointed by the city manager. The department will be composed of the director of Dallas animal services and other assistants and employees as the city council may provide upon recommendation of the city manager. (Ord. 30483)

SEC. 2-156. DUTIES OF THE DIRECTOR OF DALLAS ANIMAL SERVICES.

The director of Dallas animal services shall perform the following duties:

(1) Supervise and administer the department of Dallas animal services; and

(2) Perform such other duties as may be required by the city manager or the city council. (Ord. 30483)
ARTICLE XXIV.

ANIMAL ADVISORY COMMISSION.

SEC. 2-157. CREATED; MEMBERSHIP; MEETINGS.

(a) There is hereby created the animal advisory commission, which shall be an advisory body of 15 members. Each city council member shall appoint one member to the commission. The mayor shall appoint the chair, and the full city council shall appoint the vice-chair.

(b) Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified.

(c) Members of the commission must meet the following qualifications:

1. one member must be a licensed veterinarian;
2. one member must be a city or county official;
3. one member must have duties including the daily operation of an animal shelter;
4. one member must be a representative from an animal welfare organization; and
5. eleven members must be chosen from the general public.

(d) Disqualification of an appointee under Section 8-1.4(a)(1) of this code may be waived by the city council after review of the specific circumstances.

(e) The commission must meet at least four times a year and may hold additional meetings at the call of the chair. (Ord. Nos. 18665; 18940; 21153; 21515; 22414; 29403; 29645; 30483)

SEC. 2-158. DUTIES AND RESPONSIBILITIES.

(a) The commission shall act as an advisory body to the city manager and the city council to assist in complying with the requirements of state law and city ordinances pertaining to the operation of an animal shelter.

(b) The city manager shall provide necessary information and assistance to the commission in the performance of its duties and responsibilities. (Ord. Nos. 18665; 22414; 29403)

ARTICLE XXV.

YOUTH COMMISSION.

SEC. 2-159. PURPOSE.

The purpose of this commission is to promote regular and active civic engagement among the youth of the city by giving them a formal role in local decision making, offering real world experiences with elected bodies, teaching them about the role of our city council and the city’s boards and commissions, providing an opportunity to develop leadership skills, offering an avenue to engage in discussion with adults and other youth, increasing volunteerism, and enhancing classroom civic education. (Ord. 29920)

SEC. 2-159.1. CREATED; MEMBERSHIP; TERMS; MEETINGS.

(a) There is hereby created the youth commission, which shall be an advisory body of 15 members. Each city council member shall appoint one member to the commission. The mayor shall appoint the chair, and the full city council shall appoint the vice-chair.

(b) All members shall be appointed for an initial term to expire on September 30, 2017. Subsequent appointments will be made in September of each odd-
§ 2-159.1 Administration § 2-161

numbered year for a two-year term beginning on October 1.

(c) Each member of the commission must:

(1) either:

(A) be enrolled as a full-time student in grades nine through 12 at a public or private school that accepts students who reside within the city of Dallas; or

(B) be a home-schooled student, as that term is defined in Chapter 29 of the Texas Education Code, entitled to attend public school within the city of Dallas; and

(2) be no younger than 14 years of age and no older than 19 years of age at the time of appointment; and

(3) reside within the district for which the member is appointed.

(d) A member is not required to fulfill the qualifications for board service in Chapter 8 of the Dallas City Code except that the member must:

(1) have been a resident of the city for at least six months prior to the date of appointment; and

(2) not be in arrears on any obligations owed to the city.

(e) The commission must meet at least once each month and may hold additional meetings at the call of the chair.  (Ord. 29920)

SEC. 2-160. DUTIES AND RESPONSIBILITIES.

(a) The commission shall act as an advisory body to the city manager and the city council and shall:

(1) advise the city council and city manager on issues impacting the city;

(2) assist the city in identifying programs that are needed in the community; and

(3) perform such other duties assigned by the city council or city manager.

(b) The city manager shall provide information and assistance to the commission in the performance of its duties and responsibilities.  (Ord. 29920)

ARTICLE XXVI.

ARTS AND CULTURE ADVISORY COMMISSION.

SEC. 2-161. ARTS AND CULTURE ADVISORY COMMISSION - CREATED; TERMS; MEMBERSHIP; MEETINGS.

(a) There is hereby created the arts and culture advisory commission of the city, which shall be an advisory body of 18 members appointed by the city council. Fifteen of the members shall be appointed respectively by each city council member, and three of the members shall be appointed by the city council as a whole. The mayor shall appoint the chair of the commission, and the full city council shall appoint the vice-chair.

(b) Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified.

(c) Members of the commission should be persons who are concerned about cultural affairs in the city of Dallas and may be persons who have professional expertise or substantial volunteer involvement in the following areas:

(1) architecture, design, or urban planning;

(2) visual, performing, or literary arts;
§ 2-161 Administration § 2-162

(3) history;
(4) science;
(5) cultural institutions management; or
(6) volunteer cultural board experience.

(d) The membership of the arts and culture advisory commission may include at least one of each of the following persons:

(1) a registered professional architect or landscape architect;
(2) a professional visual artist;
(3) a professional performing artist;
(4) a scientist;
(5) a historian; and
(6) an interested resident who does not represent any specific cultural organization or interest group.

(e) The three members of the commission appointed by the city council as a whole shall also serve on the public art committee of the arts and culture advisory commission, and, in addition to qualifying for service on the commission under this section, must meet the qualifications for service on the public art committee as set forth in the city’s cultural policy and program adopted by city council resolution.

(f) The chair of the city council committee with jurisdiction over arts and culture and one member of the park and recreation board of the city shall serve as ex-officio, nonvoting members of the arts and culture advisory commission.

(g) The commission must meet at least once each month and may hold additional meetings at the call of the chair. (Ord. Nos. 20266; 20462; 21153; 21515; 21972; 22259; 29645; 31049)

SEC. 2-162. ARTS AND CULTURE ADVISORY COMMISSION - DUTIES AND RESPONSIBILITIES.

(a) The arts and culture advisory commission shall act as an advisory body to the city manager and the city council and shall:

(1) make recommendations concerning the establishment and implementation of cultural policies and procedures, including cultural diversity;
(2) make recommendations concerning the design, operation, and use of city facilities devoted to the arts and other cultural activities;
(3) make recommendations to encourage the development of cultural programs and activities involving emerging cultural organizations and artists, with special emphasis on the development of ethnic and minority artists and arts organizations;
(4) make recommendations concerning the expenditure of city funds on cultural programs, facilities, and organizations; and
(5) make recommendations to create opportunities for all residents of the city to have access to the arts and the means of cultural expression; and
(6) perform other duties assigned by the city council or requested by the city manager.

(b) The city manager shall provide staff to assist the commission in performing its duties and responsibilities. (Ord. Nos. 20266; 21515; 21972; 31049)
ARTICLE XXVI-a.

OFFICE OF ARTS AND CULTURE CULTURAL AFFAIRS.

SEC. 2-162.1. CREATED; DIRECTOR OF CULTURAL AFFAIRS.

There is hereby created a division of the city manager’s office to be known as the office of cultural affairs, the head of which shall be the director of cultural affairs who shall be appointed by the city manager and who shall be a person professionally competent by experience and training to manage the office. The office of cultural affairs will be composed of the director of cultural affairs and other assistants and employees as the city council may provide by ordinance upon recommendation of the city manager.

SEC. 2-162.2. DUTIES OF THE DIRECTOR OF CULTURAL AFFAIRS.

(a) The director of cultural affairs shall perform the following duties:

(1) Supervise and administer the office of cultural affairs and WRR radio station.

(2) Manage cultural facilities of the city under the director’s supervision as designated by the city manager or by ordinance or resolution of the city council, including approval of lease or license agreements for use of such cultural facilities for short terms not exceeding one year.

(3) Award cultural funding contracts to cultural organizations and to individuals as provided in Section 2-162.3 of this code.

(4) Perform such other duties as may be required by the city manager or by ordinance of the city council.

(Ord. Nos. 23694; 31333, eff. 10/1/19)
(b) The director of cultural affairs and any designated representatives may represent the city in negotiating and contracting with persons planning to use any cultural facility under the management of the director of cultural affairs. Short-term leases and license agreements with small or ethnically and culturally specific nonprofit arts and cultural organizations may be entered into for a nominal consideration, when the director of cultural affairs finds it to be of benefit to the public.

SEC. 2-162.2. DUTIES OF THE DIRECTOR OF ARTS AND CULTURE.

(a) The director of arts and culture shall perform the following duties:

(1) Supervise and administer the office of arts and culture and WRR radio station.

(2) Manage cultural facilities of the city under the director's supervision as designated by the city manager or by ordinance or resolution of the city council, including approval of lease or license agreements for use of such cultural facilities for short terms not exceeding one year.

(3) Award cultural funding contracts to cultural organizations and to individuals as provided in Section 2-162.3 of this code.

(4) Perform such other duties as may be required by the city manager or by ordinance of the city council.

(b) The director of arts and culture and any designated representatives may represent the city in negotiating and contracting with persons planning to use any cultural facility under the management of the director of cultural affairs. Short-term leases and license agreements with small or ethnically and culturally specific nonprofit arts and cultural organizations may be entered into for a nominal consideration, when the director of cultural affairs finds it to be of benefit to the public. (Ord. Nos. 23694; 31049; 31333, eff. 10/1/19)

SEC. 2-162.3. PROCUREMENT OF CULTURAL SERVICES.

(a) Except as provided in Subsection (f), contracts with organizations and individuals for cultural services shall be awarded in accordance with this section.

(b) Cultural services mean artistic and cultural services provided by individuals or organizations that have been recommended for funding by a review panel to the director of cultural affairs. Eligibility requirements to serve on each review panel and a review panel process for recommendations must be approved by city council. Cultural services do not include any services described in Subsection (f) below.

(c) The director of cultural affairs may procure services a maximum of five times per fiscal year for production, festivals, and exhibitions under $50,000 without panel review or recommendation by the arts and culture advisory commission, as the director deems necessary to implement arts and culture programs when:

(1) timing of support needed is outside of the fiscal year's cultural support program application period for cultural services;

(2) the support needed is from a Dallas-based 501(c)(3) cultural organization or individual artist;

(a) Except as provided in Subsection (f), contracts with organizations and individuals for cultural services shall be awarded in accordance with this section.

(b) Cultural services mean artistic and cultural services provided by individuals or organizations that have been recommended for funding by a review panel to the director of arts and culture. Eligibility requirements to serve on each review panel and a review panel process for recommendations must be approved by city council. Cultural services do not include any services described in Subsection (f) below.

(1) timing of support needed is outside of the fiscal year's cultural support program application period for cultural services;

(2) the support needed is from a Dallas-based 501(c)(3) cultural organization or individual artist;
§ 2-162.3 Administration § 2-162.4

(3) the service to be provided is less than one year in length; and

(4) the city manager, or designee, has issued a memorandum of justification establishing a special need that meets the requirements of Administrative Directive 4-5, as amended.

(d) Contracts for cultural services, requiring an expenditure of $50,000 or less, may be authorized by the city manager by administrative action, approved as to form by the city attorney, without further city council approval.

(e) If a contract described under this section requires an expenditure exceeding $50,000, the contract must be authorized by city council.

(f) This section does not apply to services that are required to be competitively bid under state law or subject to other state law requirements such as requirements to contact historically underutilized businesses or the special rules for architect and engineering agreements.

(g) All other contracts not covered under this section are governed by the other applicable provisions of this code or other local rules and regulations. (Ord. Nos. 31049; 31333, eff. 10/1/19)

SEC. 2-162.4. CONTRACTS FOR RADIO STATION AIR TIME REQUIRED; OTHER RADIO STATION CONTRACTS.

(a) There shall be a contract made for the use of each period of air time sold by the radio station, no matter how small, and the sale shall be represented by written contract. Each contract shall be signed by the station manager or shall be approved by the station manager if the sale was made by some subordinate. In the event a contract for sale of air time provides for other services such as line rentals, commentators, musicians, announcers, and other costs incidental to the rendition of the program, then such contract shall—
distinctly specify each separate item or charge made for such service.

(b) Each contract shall provide for cancellation by the city upon reasonable notice, and shall distinctly specify whether the air time used is commercial, civic, or non-revenue and shall be signed by the person or organization so using the air time.

c) The following types of contracts for the benefit of the radio station, requiring an expenditure of $50,000 or less, may be authorized by the city manager by administrative action, approved as to form by the city attorney, without further city council approval:

1. payment of copyright or license fees or royalties to obtain the rights to broadcast or play specific musical works or compositions;

2. the purchase of rights to broadcast radio programs produced by persons or entities other than other radio station employees or former radio station employees less than two years after their employment with the city;

3. the purchase of advertising, through radio, television, print, billboard, or other media, to promote the radio station, including services rendered in connection with the production or preparation of artwork, copy, or music used in such advertising;

4. payment of fees to secure professional talent (other than employees of the radio station) for the purpose of promoting the radio station;

5. payment of commissions (not to exceed 25 percent of the contract amount) to persons or advertising agencies (other than employees of the radio station) who render services in connection with the sale of radio station air time or the purchase of advertising to promote the radio station; and

6. the purchase of services rendered in connection with market research and analysis, radio station ratings, and statistical, demographic, or other related research or analysis.

(a) There shall be a contract made for the use of each period of air time sold by the radio station, no matter how small, and the sale shall be represented by written contract. Each contract shall be signed by the station manager or shall be approved by the station manager if the sale was made by some subordinate. In the event a contract for sale of air time provides for other services such as line rentals, commentators, musicians, announcers, and other costs incidental to the rendition of the program, then such contract shall distinctly specify each separate item or charge made for such service.

(b) Each contract shall provide for cancellation by the city upon reasonable notice, and shall distinctly specify whether the air time used is commercial, civic, or non-revenue and shall be signed by the person or organization so using the air time.

c) The following types of contracts for the benefit of the radio station, requiring an expenditure of $50,000 or less, may be authorized by the city manager by administrative action, approved as to form by the city attorney, without further city council approval:

1. payment of copyright or license fees or royalties to obtain the rights to broadcast or play specific musical works or compositions;

2. the purchase of rights to broadcast radio programs produced by persons or entities other than other radio station employees or former radio station employees less than two years after their employment with the city;

3. the purchase of advertising, through radio, television, print, billboard, or other media, to promote the radio station, including services rendered in connection with the production or preparation of artwork, copy, or music used in such advertising;

4. payment of fees to secure professional talent (other than employees of the radio station) for the purpose of promoting the radio station;

5. payment of commissions (not to exceed 25 percent of the contract amount) to persons or advertising agencies (other than employees of the radio station) who render services in connection with the sale of radio station air time or the purchase of advertising to promote the radio station; and

6. the purchase of services rendered in connection with market research and analysis, radio station ratings, and statistical, demographic, or other related research or analysis.
(d) If a contract described in Subsection (c) requires an expenditure exceeding $50,000, the contract must be authorized by the city council. If a contract described in Subsection (c) is required by state law to be competitively bid, the rules stated in Sections 2-32 and 2-33(a) through (e) of this code apply to the contract.

(e) All other radio station contracts not covered by this section are governed by the other applicable provisions of this code.

(b) Nothing in this article prohibits the appointment of a former city employee as a member or adjunct member of the civil service board.

ARTICLE XXVII.

CIVIL SERVICE BOARD; ADJUNCT MEMBERS; ADMINISTRATIVE LAW JUDGES.

SEC. 2-163. SPECIAL QUALIFICATIONS FOR ADJUNCT MEMBERS OF THE CIVIL SERVICE BOARD.

(a) In addition to the qualifications required by the city charter and Chapter 8 of this code, each adjunct member of the civil service board must meet the following qualifications:

(1) have a total of at least five years experience as a volunteer or employee with a business, governmental, or nonprofit organization that has a work staff of at least 15 persons;

(2) have a total of at least five years experience as a volunteer or employee in the administration or personnel functions of a business, governmental, or nonprofit organization; or

(3) have an accumulation of at least five years experience under Paragraphs (1) and (2) of this subsection.
(c) The city council shall, as nearly as may be practicable, appoint adjunct members of the civil service board that are representative of the racial, ethnic, and gender makeup of the city’s population. (Ord. 20526)

SEC. 2-164. ADMINISTRATIVE LAW JUDGES:
APPOINTMENT;
QUALIFICATIONS; TERMINATION
OF CONTRACT.

(a) By January 1 of each even-numbered year beginning with the year 1992, and whenever a vacancy occurs, the judicial nominating commission shall recommend persons to be appointed by the city council to serve as administrative law judges, as provided for in Section 12.1, Chapter XVI of the city charter. Each appointment will be made through the award of a city contract, and not less than three nor more than five persons may have contracts with the city to serve as administrative law judges at the same time. Administrative law judges shall hear appeals in accordance with Section 34-40 of this code.

(b) The judicial nominating commission shall recommend as administrative law judges persons selected from applicants responding to an open, public request for proposals for professional services. The judicial nominating commission shall review the applications and resumes, research applicant qualifications, and interview the applicants. If a vacancy occurs within 120 days after the appointment of any administrative law judge, for which the commission conducted interviews, the commission is not required to conduct additional interviews but may, in its discretion, recommend nominees to fill the new vacancy from applicants who were interviewed for any administrative law judge position that was filled within the preceding 120 days. The judicial nominating commission shall, as nearly as may be practicable, recruit and recommend as administrative law judges persons who are representative of the racial, ethnic, and gender makeup of the city’s population.
§ 2-164

(c) An administrative law judge must:

(1) be a licensed attorney who has practiced law in the State of Texas for at least three years or a person who has at least five years experience adjudicating hearings of personnel decisions; and

(2) not have been an employee or an elected or appointed officer of the city, other than a full-time or associate municipal judge, within the five years immediately preceding application.

(d) An administrative law judge will be compensated for services based on a rate established by contract with the city. At least every two years, the judicial nominating commission shall review the pay structure of the administrative law judges and recommend to the city council appropriate rate adjustments or other compensation.

(e) A person is ineligible to serve as an administrative law judge if, on two occasions within any 12-month period after appointment as an administrative law judge, the person:

(1) refuses or is unable to accept an assignment from the civil service board to conduct an appeal hearing, except when based on a challenge by a party as to the selection of the administrative law judge; or

(2) is unable to conduct an appeal hearing within the time limits required by Section 34-40 of this code after considering all allowable postponements and extensions.

(f) The judicial nominating commission shall periodically review and evaluate the performance of each administrative law judge and recommend to the city council whenever the contract of an administrative law judge should be terminated or not renewed. The city council may, by a majority vote and upon the recommendation of the judicial nominating commission, terminate the contract of an administrative law judge for unsatisfactory performance. Unsatisfactory performance includes, but is not limited to:

(1) failure to acquire, retain, or correctly apply knowledge of the city’s personnel rules, civil service rules and procedures, or other laws and regulations governing personnel matters heard by an administrative law judge;

(2) failure to remain impartial and objective in hearing appeals and performing other duties as an administrative law judge; or

(3) failure to competently and efficiently hear appeals and perform other duties as an administrative law judge. (Ord. Nos. 20526; 21091; 22612; 22718)

SEC. 2-165. TRAINING.

(a) Every person appointed as a member or adjunct member of the civil service board or as an administrative law judge must attend a two-day training course before hearing an appeal under Section 34-40 of this code. The training course will include, but not be limited to:

(1) instruction in the city’s personnel rules, civil service process, and civil service procedures;

(2) an orientation session concerning police and fire personnel rules and procedures;

(3) an overview session concerning civilian employees and their responsibilities at the various levels of administration; and

(4) a mock trial board or observation of an actual appeal hearing.

(b) In addition to the training course required in Subsection (a) of this section, an administrative law judge must take a refresher training course not less than 12 months nor more than 15 months after being appointed.

(c) A person who fails to attend the two-day training course within 90 days from the date of
appointment as a member or an adjunct member of the civil service board or as an administrative law judge, or an administrative law judge who fails to attend the refresher training course within the time required in Subsection (b) of this section, shall forfeit that position with the city, and that position becomes vacant. (Ord. Nos. 20526; 22612)

SEC. 2-166. TRIAL BOARD RESPONSIBILITIES OF CIVIL SERVICE BOARD MEMBERS; ATTENDANCE.

(a) The chair of the civil service board shall establish a rotation procedure for selecting civil service board members and adjunct members to serve on trial boards, as provided for in Section 34-40 of this code. Except where conflicts of interest exist or unexpected circumstances arise, the chair shall enforce a strict rotation for service on a trial board. A member shall not request service on a particular trial board and may not serve on a requested trial board. Such a request is a violation of this section and is cause for removal of the member from the civil service board by the city council.

(b) If a member or an adjunct member of the civil service board is unable to participate on a trial board when the member’s name comes up in rotation any three times within a 12-month period, that member forfeits membership on the board, and that place becomes vacant. The civil service board secretary shall keep accurate records of all rotation procedures and members’ service. (Ord. 20526)

ARTICLE XXVIII.
STORMWATER DRAINAGE UTILITY.

SEC. 2-167. PURPOSE AND CREATION; ADOPTION OF STATE LAW; AND ADMINISTRATION OF STORMWATER DRAINAGE UTILITY.

(a) Purpose and creation. To protect public health and promote public safety from loss of life and property caused by stormwater overflows, stagnation, and pollution, a stormwater drainage utility is created, which shall be a public utility.

(b) Adoption of state law. The rules of Subchapter C, Chapter 552 of the Texas Local Government Code, as amended, which is adopted and incorporated into this article by reference, and any other provisions of this code relating to stormwater drainage shall govern the operation of the utility. Nothing in this section shall be construed to restrict the city council’s ability to make other rules or policies governing the operation of the utility.

(c) Administration. The city manager shall designate a department to manage the stormwater drainage utility. The director of the designated department must be a person professionally competent by experience and training to manage stormwater drainage operations. The director of the designated department shall perform such duties as required by:

(1) Subchapter C, Chapter 552 of the Texas Local Government Code, as amended;

(2) the city manager; or

(3) city council action. (Ord. Nos. 21059; 30215)
SEC. 2-168. DEFINITIONS; STORMWATER DRAINAGE UTILITY RATES; EXEMPTIONS; INCENTIVES FOR RESIDENTIAL-BENEFITED PROPERTIES; BILLING AND COLLECTION PROCEDURES.

(a) Definitions.

(1) BENEFITED PROPERTY has the meaning assigned in Section 552.044, Chapter 552, Texas Local Government Code, as amended.

(2) CITY TAX ROLLS means the current tax records of the appraisal district in which a particular property is located.

(3) CUSTOMER OF RECORD has the meaning assigned in Section 49-1 of this code, as amended, and also includes the term customer, as assigned in Section 49-1 of this code, as amended.

(4) DIRECTOR means the director of the department designated by the city manager to manage the stormwater drainage utility or the director’s designee.

(5) DRAINAGE SYSTEM has the meaning assigned in Subchapter C, Chapter 552 of the Texas Local Government Code, as amended.

(6) IMPERVIOUS AREA means any surface that prevents or substantially impedes the natural infiltration of stormwater into the ground, and includes, but is not limited to, roads, parking areas, buildings, patios, sheds, driveways, sidewalks, and surfaces made of asphalt, concrete, and roofing materials.

(7) RESIDENTIAL-BENEFITED PROPERTY means a benefitted property that contains one of the following structures: single family (including townhouse), duplex, or multifamily with four or fewer dwelling units, as those terms are defined in the Dallas Development Code, as amended.

(b) Stormwater drainage utility rates.

(1) The stormwater drainage charge for residential-benefitted property per month is as follows:

<table>
<thead>
<tr>
<th>IMPERVIOUS AREA (in square feet)</th>
<th>MONTHLY RATE</th>
</tr>
</thead>
<tbody>
<tr>
<td>up to 2,000</td>
<td>$3.73</td>
</tr>
<tr>
<td>2,001 - 3,500</td>
<td>$5.94</td>
</tr>
<tr>
<td>3,501 - 5,500</td>
<td>$8.89</td>
</tr>
<tr>
<td>more than 5,500</td>
<td>$14.54</td>
</tr>
</tbody>
</table>

(2) The stormwater drainage charge for all other benefitted properties not defined as residential-benefitted property is an amount equal to $2.01 per month for each 1,000 square feet, or parts thereof, of impervious area of the benefitted property, with a minimum charge of $5.74 per month for non-residential-benefitted property.

(3) If information regarding the impervious area square footage of a particular lot or tract of benefitted property is unavailable or inadequate, the director may make a reasonable estimate of impervious area square footage and levy the drainage charge on that basis.

(2) The stormwater drainage charge for all other benefitted properties not defined as residential-benefitted property is an amount equal to $2.10 per month for each 1,000 square feet, or parts thereof, of impervious area of the benefitted property, with a minimum charge of $6.00 per month for non-residential-benefitted property.

(3) If information regarding the impervious area square footage of a particular lot or tract of benefitted property is unavailable or inadequate, the
director may make a reasonable estimate of impervious area square footage and levy the drainage charge on that basis.

(c) Exemptions. All of the real property that requires an exemption under Subchapter C, Chapter 552 of the Texas Local Government Code, as amended, as well as the real property owned by the following are exempt from the charges prescribed in this section:

(1) the city if used for municipal purposes;

(2) the State of Texas; and

(3) a public or private institution of higher education.
(d) Residential-benefitted property incentives.

(1) A customer of record may be eligible for an incentive in the form of a reduction to the customer of record’s monthly rate as follows:

(A) the monthly rate for the customer of record’s impervious area shall be charged at the next lower monthly rate; or

(B) if the customer of record’s monthly rate is the lowest monthly rate, the customer of record shall be charged 60 percent of the lowest monthly rate.

(2) To be eligible, the:

(A) customer of record must use a pond, bioswale, cistern, gravel paving, or other stormwater storage method, as approved by the director;

(B) stormwater storage method must comply with federal, state, and local laws and regulations; and

(C) stormwater storage method must store more than 134 cubic feet or 1,000 gallons of stormwater.

(3) To apply for an incentive under this subsection, a customer of record must make application to the director, on a form approved by the director, and include the following: stormwater storage method used, amount of stormwater stored, zoning district in which the customer of record’s residential-benefitted property is located, and any other information the director deems necessary.

(4) The director shall approve the incentive if the customer of record meets all of the eligibility criteria in Paragraph (2) of this subsection. If approved by the director, an incentive in the form of a reduction to the customer of record’s monthly stormwater drainage charge will be effective on the next full billing cycle after approval.

(5) The director may periodically inspect and review approved incentives, and may invalidate an incentive if the customer of record no longer meets the eligibility criteria in Paragraph (2) of this subsection. If the incentive is invalidated, the director will send the customer of record a letter stating the basis of invalidation, and the monthly rate adjustment shall apply to the next full billing cycle after invalidation.

(e) Billing and collection procedures.

Stormwater drainage charges will be billed and collected in accordance with the following procedures:

(1) The water utilities department shall bill the customer of record in the regular water and wastewater service bill or, if no water or wastewater service account exists, the true owner of record as shown in the current city tax rolls.

(2) In cases involving occupancy of a lot or tract by two or more tenants who are customers of record, the water utilities department may either prorate the charges on an equitable basis between all the customers of record or may instead bill the property owner for stormwater drainage service under a separate account. In addition, if a lot or tract of land receives water or wastewater service under two or more service accounts and the service accounts are all in the name of the same customer of record, the water utilities department may bill the entire drainage charge due through one service account.

(3) If more than one person is named in the current city tax rolls as the true owner of record of benefitted property, each person is jointly and severally liable for stormwater drainage charges on the property. The water utilities department may bill any or all of the joint owners through one service account.

(f) The water utilities department shall administer collection procedures and service accounts under this section.

(g) Except as otherwise provided in this section, the provisions of Sections 49-3, 49-7, 49-8, 49-12, 49-15,
and 49-16 of this code, as amended, will govern in all matters regarding the application for stormwater drainage service, payment and collection of stormwater drainage charges, the liability of persons for charges, and the remedies of the city in the event of nonpayment. (Ord. Nos. 21060; 21429; 21823; 2207; 22563; 22665; 24411; 25384; 25754; 27353; 27695; 30215; 30653; 30993; 31332, eff. 10/1/19)

SEC. 2-169. SERVICE AREA.

The service area of the stormwater drainage utility shall be defined by the corporate boundaries of the city, as those boundaries are altered from time to time in accordance with state law and the charter and ordinances of the city. (Ord. Nos. 21060; 30215)
CHAPTER 6
ALCOHOLIC BEVERAGES

Sec. 6-1. Definitions.
Sec. 6-2. Enforcement.
Sec. 6-3. Zoning laws to be complied with.
Sec. 6-4. Dealers located near churches, schools, day-care centers, child-care facilities, and hospitals; variances.
Sec. 6-5. Public school activities.
Sec. 6-6. Reserved.
Sec. 6-6.1. Open containers and consumption of alcoholic beverages prohibited in certain public places.
Sec. 6-7. Reserved.
Sec. 6-8. Reserved.
Sec. 6-9. State law to control.
Sec. 6-10. Local fees.
Sec. 6-11. Sale of beer prohibited in residential zoning districts.
Sec. 6-12. Reserved.
Sec. 6-13. Seizure of alcoholic beverages.
Sec. 6-14. Late hours sales of alcoholic beverages in counties having a population of less than 500,000.

SEC. 6-1. DEFINITIONS.

In this chapter:

(1) ALCOHOLIC BEVERAGE means an alcoholic beverage as defined in the Texas Alcoholic Beverage Code.

(2) DALLAS CENTRAL AREA means the area contained within the following boundaries:

- Beginning at the intersection of the Trinity River and I-35;
- Northerly along the Trinity River to Inwood Road;
- Northeasterly on Inwood Road to Maple Avenue;
- Southeasterly on Maple Avenue to Motor Street;
- Southeasterly on Motor Street to Harry Hines Boulevard;
- Southerly on Harry Hines Boulevard to intersect the Union Pacific/DART Rail Line;
- Northerly and easterly along the Union Pacific/DART Rail Line to intersect Lemmon Avenue;
- Southeasterly on Lemmon Avenue to intersect North Central Expressway;
- Northerly on North Central Expressway to intersect Haskell Avenue;
- Southeasterly on Haskell Avenue to intersect the Santa Fe/DART Rail Line;
- Southwesterly along the Santa Fe/DART Rail Line to intersect the Union Pacific/DART Rail Line;
- Southwesterly along the Union Pacific/DART Rail Line to intersect I-30;
- Southwesterly on I-30 to intersect the Santa Fe/DART Rail Line;
- Southeasterly along the Santa Fe/DART Rail Line to intersect the Trinity River;
- Northwesterly along the Trinity River to intersect I-35 at the point of beginning.

(3) OPEN CONTAINER means a container that is no longer sealed.

(4) PRIVATE SCHOOL means a private school, including a parochial school, that:

   (A) offers a course of instruction for students in one or more grades from kindergarten through grade 12; and

   (B) has more than 100 students enrolled and attending courses at a single location.

(Code 1941, Art. 69-6; Ord. Nos. 21735; 21828; 25174)

SEC. 6-2. ENFORCEMENT.

A person violating a provision of this chapter is guilty of a separate offense for each day or part of a day during which the violation is committed,
continued, or permitted. Each offense is punishable by a fine not to exceed $500. (Code 1941, Art. 69-11; Ord. 21735)

SEC. 6-3. ZONING LAWS TO BE COMPLIED WITH.

No person may sell alcoholic beverages and no license or permit to sell alcoholic beverages will be certified by the city of Dallas unless sale of alcoholic beverages at the location at which such activity is sought to be established and maintained is permitted under the Dallas Development Code, as amended, this chapter, and all other applicable ordinances, rules, and regulations of the city. Certification under this section does not make a nonconforming use conforming. (Code 1941, Art. 69-7; Ord. 21735)

SEC. 6-4. DEALERS LOCATED NEAR CHURCHES, SCHOOLS, DAY-CARE CENTERS, CHILD-CARE FACILITIES, AND HOSPITALS; VARIANCES.

(a) No person may sell alcoholic beverages if the place of business is within:

(1) 300 feet of a church, public or private school, or public hospital, except that this paragraph does not apply to the holder of:

   (A) a license or permit who also holds a food and beverage certificate covering a premises that is located within 300 feet of a private school; or

   (B) a license or permit covering a premises where minors are prohibited from entering under Section 109.53 of the Texas Alcoholic Beverage Code and that is located within 300 feet of a private school;

(2) 1,000 feet of a public school if the city council by resolution adopts a request from the board of trustees of a school district under Section 38.007 of the Texas Education Code, except that this paragraph does not apply to the holder of:

   (A) a retail on-premises consumption permit or license if less than 50 percent of the gross receipts for the premises is from the sale or service of alcoholic beverages;

   (B) a retail off-premises consumption permit or license if less than 50 percent of the gross receipts for the premises, excluding the sale of items subject to motor fuels tax, is from the sale or service of alcoholic beverages; or

   (C) a wholesaler’s, distributor’s, brewer’s, distiller’s and rectifier’s, winery, wine bottler’s, or manufacturer’s permit or license, or any other license or permit held by a wholesaler or manufacturer as those words are ordinarily used and understood in Chapter 102 of the Texas Alcoholic Beverage Code;

(3) 1,000 feet of a private school if the city council by resolution adopts a request from the governing body of the private school, except that this paragraph does not apply to the holder of:

   (A) a retail on-premises consumption permit or license if less than 50 percent of the gross receipts for the premises is from the sale or service of alcoholic beverages;

   (B) a retail off-premises consumption permit or license if less than 50 percent of the gross receipts for the premises, excluding the sale of items subject to motor fuels tax, is from the sale or service of alcoholic beverages;

   (C) a wholesaler’s, distributor’s, brewer’s, distiller’s and rectifier’s, winery, wine bottler’s, or manufacturer’s permit or license, or any other license or permit held by a wholesaler or manufacturer as those words are ordinarily used and
understood in Chapter 102 of the Texas Alcoholic Beverage Code;

(D) a license or permit issued under Chapter 27, 31, or 72 of the Texas Alcoholic Beverage Code who is operating on the premises of a private school; or

(E) a license or permit covering a premises where minors are prohibited from entering under Section 109.53 of the Texas Alcoholic Beverage Code and that is located within 1,000 feet of a private school; or

(4) 300 feet of a day-care center or a child-care facility, as those terms are defined by Section 42.002 of the Texas Human Resources Code, if the person is the holder of a permit or license under Chapter 25, 28, 32, 69, or 74 of the Texas Alcoholic Beverage Code who does not hold a food and beverage certificate, except that this paragraph does not apply:

(A) if the permit or license holder and the day-care center or child-care facility are located:

(i) on different stories of a multistory building; or

(ii) in separate buildings and either the permit or license holder or the day-care center or child-care facility is located on the second story or higher of a multistory building; or

(B) to a foster group home, foster family home, family home, agency group home, or agency home, as those terms are defined by Section 42.002 of the Texas Human Resources Code.

(b) The measurement of the distance between the place of business where alcoholic beverages are sold and a church or public hospital will be along the property lines of the street fronts and from front door to front door, and in a direct line across intersections.

(c) Except as otherwise provided in this subsection, the measurement of the distance between the place of business where alcoholic beverages are sold and a public or private school, a day-care center, or a child-care facility will be in a direct line from the property line of the public or private school, day-care center, or child-care facility to the property line of the place of business, and in a direct line across intersections. If the permit or license holder is located on or above the fifth story of a multistory building, the measurement of the distance between the place of business where alcoholic beverages are sold and a public or private school, a day-care center, or a child-care facility will be in a direct line from the property line of the public or private school, day-care center, or child-care facility to the property line of the place of business, in a direct line across intersections, and vertically up the building at the property line to the base of the floor on which the permit or license holder is located. As to any dealer who held a license or permit from the Texas Alcoholic Beverage Commission on September 1, 1983, the measurement of the distance between the place of business of the dealer and a public or private school, day-care center, or child-care facility will be along the property lines of the street fronts and from front door to front door, and in a direct line across intersections.

(d) If at the time an original alcoholic beverage permit or license is granted by the Texas Alcoholic Beverage Commission, the premises satisfies the requirements regarding distance from churches, public hospitals, public or private schools, day-care centers, or child-care facilities set forth in this section, the premises will be deemed to satisfy the distance requirements of this section for all subsequent renewals of the license or permit. This subsection does not apply to the satisfaction of the distance requirement prescribed by Subsection (a)(2) of this section for a public school if the permit or license has been suspended for a violation, occurring after September 1, 1995, of any of the following provisions of the Texas Alcoholic Beverage Code:
§ 6-4 Alcoholic Beverages

(1) Section 11.61(b)(1), (6), (7), (8), (9), (10), (11), (13), (14), or (20); or

(2) Section 61.71(a)(5), (6), (7), (8), (11), (12), (14), (17), (18), (22), or (24).

(e) On the sale or transfer of the business in which a new original license or permit is required, the business will be deemed to satisfy the distance requirements as if the issuance of the new original permit or license were a renewal of a previously held permit or license. This subsection does not apply to the satisfaction of the distance requirement prescribed by Subsection (a)(2) of this section for a public school, except that on the death of a permit or license holder or a person having an interest in a permit or license, this subsection does apply to the holder’s surviving spouse or child of the holder or person if the spouse or child qualifies as a successor in interest to the permit or license.

(f) This section does not apply to:

(1) the area bounded by the south side of Woodall Rodgers Freeway, the east side of Stemmons Freeway (I-35E), the north side of R.L. Thornton Freeway (I-30), and the west side of Central Expressway (U.S. 75);

(2) Planned Development District No. 269 (the Deep Ellum/Near East Side District); or

(3) the area bounded by Lemmon Avenue East, McKinney Avenue, Blackburn Street, and Cole Avenue (West Village).

(g) Variances. Pursuant to Section 109.33(e) of the Texas Alcoholic Beverage Code, a variance to the distance requirements prescribed by Subsection (a) may be requested and granted in accordance with the following procedures.

(1) Application. An applicant for a variance shall submit the following information to the director of the department of sustainable development and construction:

(A) The name of the owner of the property where the alcohol business will be located.

(B) The name and address of the applicant for the alcohol permit.

(C) The type of alcohol permit for which application is being made.

(D) The name and address of the protected use that creates the need for the variance. For purposes of this section, “protected use” means a church, public or private school, public hospital, day-care center, or child-care facility as defined in this chapter.

(E) A survey showing the location and distances of the business where alcohol will be sold, the front door of the business where alcohol will be sold, the location of the protected use, and the front door of the protected use.

(F) A statement of why the variance meets the standard of Subparagraph (5)(D).

(G) Any other information the director of the department of sustainable development and construction deems necessary.

(2) Fee. A nonrefundable fee of $1,200 must be paid to the director of sustainable development and construction when the application for a variance is filed.

(3) Notification signs.

(A) Signs required to be obtained from the city. An applicant is responsible for obtaining the required number of notification signs and posting them on the property that is the subject of the application. Notification signs must be obtained from the director of the department of sustainable development and construction or the building official.
An application will not be processed until the fee of $10 per sign has been paid.

(B) Number of signs required. A minimum of one notification sign is required for every 500 feet or less of street frontage, with one additional notification sign required for each additional 500 feet or less of street frontage. For tracts without street frontage, a minimum of one notification sign is required for every five acres or less, with one additional notification sign required for each additional five acres or less. A maximum of five notification signs are required.

(C) Posting of signs. The applicant shall post the required number of notification signs on the alcoholic beverage premises, as defined in Section 11.49 of the Texas Alcoholic Beverage Code, within 14 days after an application is filed. The signs must be legible and remain posted until a final decision is made on the application. For tracts with street frontage, signs must be evenly spaced over the length of every street frontage, posted at a prominent location adjacent to a public street, and be easily visible from the street. For tracts without street frontage, signs must be evenly posted in prominent locations most visible to the public.

(D) Failure to comply. If the city council determines that the applicant has failed to comply with the provisions of this paragraph, it shall take no action on the application other than to postpone the public hearing for at least four weeks or deny the applicant’s request. If the hearing is postponed, the required notification signs must be posted within 24 hours after the public hearing is postponed and comply with all other requirements of this paragraph.

(E) Illegal removal of signs. A person commits an offense if he intentionally or knowingly removes a notification sign that has been posted pursuant to this paragraph. It is a defense to prosecution under this paragraph that the sign was no longer required to be posted pursuant to this paragraph at the time of its removal.

(4) Hearing. The director of the department of sustainable development and construction shall set a date for a public hearing before the city council within 60 days after a complete application is filed. Not less than 10 days before the public hearing, the director of the department of sustainable development and construction shall:

(A) publish notice of the public hearing in a newspaper of general circulation;

(B) provide notice of the public hearing to all neighborhood associations registered with the department of sustainable development and construction to receive zoning notices for the area in which the alcoholic beverage premises, as defined in Section 11.49 of the Texas Alcoholic Beverage Code, is located; and

(C) provide notice of the public hearing to the protected use that creates the need for the variance.

(5) Standard for approval. A main motion to approve a variance must be seconded two times, with each second made by a different city council member. The city council may, but is not required, to allow variances to the spacing requirements of Subsection (a) if the city council finds that:

(A) the application is for:

(i) a brewer’s permit pursuant to Chapter 12 of the Texas Alcoholic Beverage Code;

(ii) a distiller’s and rectifier’s permit pursuant to Chapter 14 of the Texas Alcoholic Beverage Code;

(iii) a winery permit pursuant to Chapter 16 of the Texas Alcoholic Beverage Code;

(iv) a wine and beer retailer’s permit pursuant to Chapter 25 of the Texas Alcoholic Beverage Code;
§ 6-4 Alcoholic Beverages

(v) a wine and beer retailer’s off-premise permit pursuant to Chapter 26 of the Texas Alcoholic Beverage Code;

(vi) a mixed beverage permit pursuant to Chapter 28 of the Texas Alcoholic Beverage Code with a food and beverage certificate;

(vii) a manufacturer’s license pursuant to Chapter 62 of the Texas Alcoholic Beverage Code;

(B) the application is for one of the following uses as defined in the Dallas Development Code:

(i) general merchandise or food store with 10,000 square feet or more of floor area;

(ii) restaurant without drive-in or drive-through service with a food and beverage certificate pursuant to the Texas Alcoholic Beverage Code;

(iii) alcoholic beverage establishment limited to a microbrewery, microdistillery, or winery; or

(iv) alcoholic beverage manufacturing;

(C) alcoholic beverages will not be sold by drive-in or drive-through service; and

(D) enforcement of the spacing requirements in this particular instance:

(i) is not in the best interest of the public;

(ii) constitutes waste or inefficient use of land or other resources;

(iii) creates an undue hardship on an applicant for an alcohol permit;

(iv) does not serve its intended purpose;

(v) is not effective or necessary; or

(vi) for any other reason that the city council, after consideration of the health, safety, and welfare of the public and the equities of the situation, determines is in the best interest of the community.

(6) Conditions. City council may impose reasonable conditions on the granting of a variance and may require development pursuant to a site plan.

(7) Renewal and transfer. A variance granted pursuant to this subsection is valid for subsequent renewals of the alcohol permit. A variance granted pursuant to this subsection may not be transferred to another location or to another alcohol permit holder. (Ord. Nos. 8096; 13172; 15669; 21735; 22537; 25174; 25465; 27747; 28444; 28565; 28799; 29208; 29261; 31143)

SEC. 6-5. PUBLIC SCHOOL ACTIVITIES.

A person commits an offense if he possesses, transports, or consumes any alcoholic beverage, at any high school athletic contest, at any school-sponsored dance, party or other social gathering, or on the grounds or in the buildings of any public school. Any police officer is authorized to seize and confiscate such alcoholic beverages. (Ord. Nos. 4175; 21735)

SEC. 6-6. RESERVED. (Ord. 21735)
SEC. 6-6.1. OPEN CONTAINERS AND CONSUMPTION OF ALCOHOLIC BEVERAGES PROHIBITED IN CERTAIN PUBLIC PLACES.

(a) A person commits an offense if he consumes an alcoholic beverage outside the Dallas central area on:

(1) any property owned or leased by the city; or

(2) a public street or any public place within 18 feet of a public street.

(b) A person commits an offense if he possesses an open container of or consumes an alcoholic beverage on a public street, public alley, or public sidewalk within 1,000 feet of the property line of a facility that is a public or private school, including a parochial school, that provides all or any part of prekindergarten through twelfth grade.

(c) A person commits an offense if he possesses an open container of or consumes an alcoholic beverage within the Dallas central area.

(d) It is a defense to prosecution under Subsection (a), (b), or (c) of this section that the person:

(1) was attending a special event:

(A) that was authorized by the city; and

(B) for which a valid permit or license to sell or serve alcoholic beverages was issued by the Texas Alcoholic Beverage Commission;

(2) was within the area of an establishment licensed by the Texas Alcoholic Beverage Commission for alcohol consumption on the premises.

(3) is able to prove a defense to prosecution under Section 32-11.3(b) of this code;

(4) was in a motor vehicle;

(5) was inside a building not owned or controlled by the city; or

(6) was inside a residential structure.

(e) Nothing in this section is intended to prohibit or otherwise control the manufacture, sale, distribution, transportation, or possession of alcoholic beverages, except to the extent allowed by state law.

(Ord. Nos. 15635; 15816; 15849; 16600; 19963; 21021; 21352; 21385; 21735; 21828; 25174)

SEC. 6-7. RESERVED.

(Repealed by Ord. 16870)

SEC. 6-8. RESERVED.

(Repealed by Ord. 16870)

SEC. 6-9. STATE LAW TO CONTROL.

The penalties provided for by this chapter are subject to the limitations of the Texas Alcoholic Beverage Code, and if there is any conflict between the penalties of this chapter and the state law, then to that extent the state law controls, and the municipal court of the city will have jurisdiction of any offense under this chapter and under the state law only where the Constitution and the general law of this state confer such jurisdiction. (Code 1941, Art. 69-14; Ord. 21735)

SEC. 6-10. LOCAL FEES.

The city hereby levies, and shall collect, a fee from every person who is issued a permit or license for a premise located within the city, as allowed under the Texas Alcoholic Beverage Code, as amended. The amount of the fee shall be the maximum permitted under state law.

(a) The city hereby levies, and shall collect, a fee from every person who is issued a permit or license for a premise located within the city, as allowed under the Texas Alcoholic Beverage Code, as amended. The amount of the fee is the maximum permitted under state law.
(b) The Special Collections Division of the Dallas Water Utilities Department shall, upon receipt of payment, issue and provide a receipt to the permittee or licensee.

(c) The receipt must be displayed with the certificate of occupancy in a conspicuous location at the permitted or licensed premise at all times. A person commits an offense if he fails to display the receipt in accordance with this subsection.

(d) A refund of the fees levied under this section may not be made for any reason, except when:

(1) the permittee or licensee is prevented from continuing in business as a result of a local option election; or

(2) the Texas Alcoholic Beverage Commission or its administrator rejects a permit or license application.

(e) A permittee or licensee who sells an alcoholic beverage at a business location within the city before the permittee or licensee pays the fees levied under this section commits a class C misdemeanor punishable by a fine of not less than $10 and not more than $200. (Ord. Nos. 30653; 31332, eff. 10/1/19)
§ 6-11  ALCOHOLIC BEVERAGES

SEC. 6-11. SALE OF BEER PROHIBITED IN RESIDENTIAL ZONING DISTRICTS.

The sale of beer is prohibited at a location that is within a residential zoning district or an identifiable portion of a planned development or conservation district restricted to residential uses, except as allowed by the Dallas Development Code. (Ord. Nos. 15371; 21735)

SEC. 6-12. RESERVED. (Ord. 21735)

SEC. 6-13. SEIZURE OF ALCOHOLIC BEVERAGES.

(a) A police officer of the city who arrests or issues a citation to a person for public intoxication, or for any other alcohol-related Class C misdemeanor or city ordinance violation, shall seize any alcoholic beverage in the possession of the person at the time of the arrest or citation.

(b) Except as provided in Subsection (c), and unless specifically provided otherwise by another applicable city ordinance or state or federal law, containers of alcoholic beverages seized under Subsection (a) must be disposed of as follows:

(1) If the person arrested or cited is under 21 years of age, each container, whether opened or unopened, must be discarded in accordance with the rules and regulations promulgated by the chief of police.

(2) If the person arrested or cited is 21 years of age or older:

(A) any open container must be discarded in accordance with the rules and regulations promulgated by the chief of police; and

(B) any unopened container will be:

(i) released, with the consent of the person taken into custody, to a third party who is 21 years of age or older; or

(ii) stored by the police department pending the release of the person in custody.

(c) If 24 or more unopened containers of alcoholic beverages are seized from a person under Subsection (a), each unopened container will be stored by the police department pending a hearing to be held by the municipal court following the disposition of the charge for which the person was arrested or cited. At the hearing, the municipal court may order:

(1) the return of the containers of alcoholic beverages to the person from whom they were seized, if the person is 21 years of age or older;

(2) the destruction of the alcoholic beverages by the police department in accordance with the rules and regulations promulgated by the chief of police; or

(3) such other disposition as the municipal court deems necessary. (Ord. Nos. 15868; 21735; 22619)

SEC. 6-14. LATE HOURS SALES OF ALCOHOLIC BEVERAGES IN COUNTIES HAVING A POPULATION OF LESS THAN 500,000.

(a) Pursuant to Sections 105.03(d) and 105.05(d) of the Texas Alcoholic Beverage Code, as amended, late hours sales of alcoholic beverages are authorized in any part of the city of Dallas located within a county having a population of less than 500,000, according to the last preceding federal census, as follows:
(1) A holder of a mixed beverage late hours permit may sell and offer for sale mixed beverages between midnight and 2 a.m. on any day.

(2) A holder of a retail dealer’s on-premise late hours license may sell, offer for sale, and deliver beer between midnight and 2 a.m. on any day.

(b) This section expires on June 25, 2005, unless sooner terminated or extended by ordinance of the city council. (Ord. 25322)

Sec. 7-5.11. Dangerous dog registry.
ARTICLE I.
GENERAL.

SEC. 7-1.1. DEFINITIONS.

In this chapter:

(1) ADOPTER means a person who adopts an animal from an animal shelter or an animal adoption agency.

(2) ADOPTION AGENCY means an animal welfare organization or animal placement group approved by the director to take impounded dogs and cats from animal services for adoption to the public.

(3) ANIMAL means any nonhuman vertebrate.

(4) ANIMAL SERVICES means the department so designated by the director for the purpose of animal care and control and enforcement of this chapter.

(5) ANIMAL SERVICES OFFICER means an employee of animal services whose duty it is to enforce the provisions of this chapter.

(6) ANIMAL SHELTER means a city-owned and operated animal shelter facility established for the impoundment, quarantine, care, adoption, euthanasia, and other disposition of unwanted, loose, diseased, or vicious animals.

(7) ANIMAL WELFARE ORGANIZATION means a non-profit organization incorporated under state law and exempt from federal taxation under Section 501(c)(3) of the federal Internal Revenue Code, as amended, and whose principal purpose is the prevention of cruelty to animals and whose principal activity is to rescue sick, injured, abused, neglected, unwanted, abandoned, orphaned, lost, or displaced animals and to adopt them to good homes.
(8) AUTHORIZED REGISTRAR means a person issued written permission by the director to register dogs and cats in compliance with this chapter.

(8.1) BODILY INJURY means physical pain, illness, or any impairment of physical condition.

(9) CHIEF OF POLICE means the head of the police department of the city of Dallas or a designated representative.

(10) COMPETITION CAT means a pedigreed cat not used for breeding that:

   (A) is of a breed recognized by and registered with an approved cat breed registry, such as the American Cat Fanciers Association, the Cat Fanciers’ Association, the International Cat Association, or any other cat breed registry approved by the director; and

   (B) competes in cat shows or other competition events sponsored by an approved cat breed registry.

(11) COMPETITION DOG means a pedigreed dog not used for breeding that:

   (A) is of a breed recognized by and registered with an approved dog breed registry, such as the American Kennel Club, the United Kennel Club, the American Dog Breeders Association, or any other dog breed registry approved by the director; and

   (B) shows or competes in a confirmation, obedience, agility, carting, herding, protection, rally, sporting, working, or other event sponsored by an approved dog breed registry.

(12) CONTACT INFORMATION means the owner's name, mailing address, telephone number, and electronic mail address, if any.

(13) CONVICTION means a conviction in a federal court or a court of any state or foreign nation or political subdivision of a state or foreign nation that has not been reversed, vacated, or pardoned. "Conviction" includes disposition of charges against a person by probation, deferred adjudication, or deferred disposition.

(14) CURRENTLY VACCINATED means vaccinated against rabies by a licensed veterinarian, with a rabies vaccine licensed by the U.S. Department of Agriculture, and:

   (A) not more than 12 months have elapsed since the animal's most recent vaccination date, if the most recent vaccination was with a one-year rabies vaccine or was the animal’s initial vaccination; or

   (B) not more than 36 months have elapsed since the animal’s most recent vaccination date, if the most recent vaccination was with a three-year rabies vaccine and the animal is a dog or cat that has received at least two vaccinations.

(15) DIRECTOR means the director of the department designated by the city manager to perform the duties assigned in this chapter or the director's authorized representative.

(16) DOMESTIC ANIMAL means:

   (A) a dog;

   (B) a cat;

   (C) a ferret;

   (D) any bird, other than one in the Falconiforms or Strigiforms Order, that is commonly kept as a human's companion;

   (E) any "pocket pet," such as a mouse, hamster, gerbil, guinea pig, or rabbit, that is commonly kept as a human's companion;

   (F) any fish, such as a goldfish or tropical fish, that is commonly kept as a human's companion; and
(G) any non-venomous and non-constrictor reptile or amphibian that is commonly kept as a human's companion.

(17) EUTHANASIA means to put an animal to death in a humane manner.

(18) FENCED YARD means an area that is completely surrounded by a substantial fence of sufficient strength, height, construction, materials, and design as to prevent:

(A) any animal confined within from escaping; or

(B) the head of a dog confined within from extending over, under, or through the fence.

(19) FERAL CAT means any homeless, wild, or untamed cat.

(20) LICENSED VETERINARIAN means a person licensed to practice veterinary medicine within the United States, or an authorized representative under that person's direct supervision.

(21) LIVESTOCK means any fowl, horse, mule, burro, ass, cattle, sheep, swine, goat, llama, emu, ostrich, or other common farm animal.

(22) LOOSE means an unrestrained domestic animal or livestock that is outside the boundaries of the premises owned, leased, or legally occupied by the animal's owner.

(23) MICROCHIP means a passive electronic device that is injected into an animal by means of a pre-packaged sterilized implanting device for purposes of identification and/or the recovery of the animal by its owner.

(24) ONE-YEAR RABIES VACCINE means a rabies vaccine labeled and licensed by the U.S. Department of Agriculture as immunizing a dog, cat, or ferret against rabies for one year.

(25) OWN means to have legal right of possession or to otherwise have care, custody, possession, or control of an animal.

(26) OWNER means any person owning, harboring, or having care, custody, possession, or control of an animal. An occupant of any premises on which a dog or cat remains, or customarily returns to, is an owner for purposes of this chapter. If a person under the age of 17 years owns an animal, the parent, legal guardian, or head of the household is the owner for purposes of this chapter. There may be more than one owner for an animal.

(27) PERMITTEE means a person issued a breeding permit under Section 7-4.11 of this chapter.

(28) PERSON means an individual or group of individuals acting in concert, a firm, partnership, association, corporation, or other legal entity.

(29) PET means a domestic animal to be kept as a human's companion.

(30) PROHIBITED ANIMAL means:

(A) a "dangerous wild animal" as that term is defined in Section 822.101 of the Texas Health and Safety Code, as amended;

(B) a margay, badger, wolf, dingo, elephant, hippopotamus, rhinoceros, non-human primate (other than a spider monkey or capuchin), crocodile, alligator, caiman, gavial, venomous amphibian or reptile, racer, boa (other than a red-tail boa), water snake, python (other than a ball python), hawk, eagle, vulture, and owl; and

(C) any hybrid of an animal listed in Paragraph (A) or (B) of this subsection (other than a dog-wolf hybrid).

(31) PROPERLY FITTED means, with respect to a collar or harness used for a dog, a collar or harness that:
§ 7-1.1 Animals

(A) does not impede the dog’s normal breathing or swallowing; and

(B) is attached to the dog in a manner that does not allow for escape and does not cause injury to the dog.

(32) PROTECTIVE CUSTODY means the holding of an animal in a city animal shelter:

(A) due to the arrest, eviction, hospitalization, or death of the animal’s owner;

(B) pursuant to a court order; or

(C) at the request of a law enforcement agency.

(33) REGULATED ANIMAL means any animal other than a prohibited animal, livestock, or domestic animal.

(34) RETAIL PET STORE means a business that regularly sells animals for pet purposes to an ultimate owner. The term includes any owner, operator, agent, or employee of the business.

(35) SERVICE ANIMAL means:

(A) any guide dog, signal dog, or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals with impaired hearing to intruders or sounds, and assisting non-ambulatory persons by pulling a wheelchair or fetching dropped items; and

(B) any trained animal used by a governmental agency in police and rescue work.

(36) TETHER means restraining an animal or the act of chaining, tying, fastening, or otherwise securing an animal to a fixed point so that it can move or range only within certain limits.

(37) TETHERING DEVICE means a cable, chain, cord, leash, rope, or other means of attaching an animal to a stationary object.

(38) THREE-YEAR RABIES VACCINE means a rabies vaccine labeled and licensed by the U.S. Department of Agriculture as immunizing a dog or cat against rabies for three years. (Ord. Nos. 26024; 27250; 30483; 30687; 30901)

ARTICLE II.

ANIMAL SERVICES; CITY ANIMAL SHELTERS.

SEC. 7-2.1. STATE LAW; LOCAL RABIES CONTROL AUTHORITY DESIGNATED.

(a) The provisions of Chapters 823 and 826 of the Texas Health and Safety Code, as amended, are incorporated into this article by reference.

(b) The director is designated as the local rabies control authority for purposes of Chapter 826 of the Texas Health and Safety Code, as amended, and shall perform the duties required of a local rabies control authority under that chapter and under rules adopted by the Texas Board of Health pursuant to that chapter. (Ord. 26024)

SEC. 7-2.2. SHELTERS ESTABLISHED.

The city council shall select and establish one or more animal shelters in the city for impoundment, quarantine, care, adoption, euthanasia, and other humane disposition of unwanted, stray, diseased, or vicious animals. (Ord. 26024)

SEC. 7-2.3. POLICIES AND PROCEDURES.

The director will develop written policies and procedures for all animal services operations,
including standards for city animal shelters; the training of animal services personnel; the care, euthanasia, and disposition of animals in the custody of animal services; the form and maintenance of records relating to impounded animals; and the transfer and adoption of dogs and cats. (Ord. 26024)

SEC. 7-2.4. QUARANTINE OF ANIMALS.

(a) The director is authorized to quarantine an animal as provided in Chapter 826 of the Texas Health and Safety Code, as amended, and the rules adopted by the Texas Board of Health under that chapter.

(b) Any person with knowledge of a likely rabies exposure to a human must report the incident to the director as soon as possible after the incident. This requirement does not apply to contact with low-risk animals as defined in 25 TAC §169.22.

(c) An owner of an animal commits an offense if, upon notification by the director that the animal has bitten, scratched, or likely exposed a person to rabies, the owner fails to either:

(1) surrender the animal immediately to the director for quarantine at a city animal shelter;

(2) immediately deliver the animal to a veterinary clinic approved by the director for quarantine at the owner's expense; or

(3) quarantine the animal on the owner's property in a secure enclosure approved by the director. (Ord. Nos. 26024; 30483)

SEC. 7-2.5. IMPOUNDMENT OF ANIMALS.

(a) The director or the chief of police is authorized to seize and impound any animal:

(1) in the city that is loose;

(2) for protective custody;

(3) required to be quarantined under Section 7-2.4;

(4) seized pursuant to a warrant or court order;

(5) that is a prohibited animal and kept in the city in violation of Section 7-6.1;

(6) posing a threat to the public health or safety; and

(7) displaying signs and symptoms of extreme health concerns.

(b) If an animal is impounded, except pursuant to Subsection (a)(4) and Section 7-2.6(e), the director shall make a reasonable effort to locate the animal's owner by sending notice using contact information from the animal's vaccination tag, microchip, or other identification. Additionally, the director shall call all telephone numbers listed as part of the contact information.

(1) A notice delivered pursuant to this subsection is deemed to be received on the earlier of the date actually received, or the third day following the date upon which the notice was sent. On the second calendar day following receipt of notice, the animal becomes the sole property of the city and is subject to disposition as the director deems appropriate.

(2) If the director is unable to locate contact information for the animal's owner from the animal's vaccination tag, microchip, or other identification, the director shall hold the animal at an animal shelter for a period of 72 hours, after which the animal becomes the sole property of the city and subject to disposition as the director deems appropriate.

(c) If an animal described in Subsection (a) is on private property, the impounding officer may enter the property for the purpose of impoundment or issuance of a citation, or both.
(d) The director is the designated caretaker of a loose, impounded, or surrendered animal immediately upon intake at the animal shelter.

(e) Visitation of a seized animal is prohibited.

(f) No animal impounded at a city animal shelter or in the custody or control of animal services may be knowingly sold, released, or otherwise disposed of for research purposes. (Ord. Nos. 26024; 29403; 30483; 30900)

SEC. 7-2.6. REDEMPTION OF IMPOUNDED ANIMALS.

(a) To redeem an impounded animal from a city animal shelter, the owner of the animal must provide proof of ownership and pay to the director the following fees for services rendered before redemption:

(1) on all animals held at least one full day, a redemption fee of:

(A) $27 for an animal delivered for impoundment to a city animal shelter by a person other than a city employee in the performance of official duties; or

(B) $27 for an animal delivered for impoundment to a city animal shelter by a city employee in the performance of official duties;

(2) on all animals held at least one full day, $10 for each night the animal is housed in a city shelter;

(3) $10 for a rabies vaccination of a dog, cat, or ferret if the owner cannot show either:

(A) a current certificate of vaccination for the animal; or

(B) a letter from a licensed veterinarian on office stationery dated prior to impoundment stating that the animal was not vaccinated due to health reasons;

(4) $15 for a microchip implant and initial national registration of a dog or cat, unless:

(A) the animal was injected with a microchip implant prior to impoundment;

(B) a letter from a licensed veterinarian on office stationery dated prior to impoundment stating that the animal should not be injected with a microchip implant for health reasons;

(5) $60 for sterilization of an animal, unless:

(A) the animal was spayed or neutered prior to impoundment;

(B) the animal is under six months of age;

(C) the owner provides a letter from a licensed veterinarian on office stationery dated prior to impoundment certifying that the animal should not be spayed or neutered for health reasons or is permanently non-fertile as confirmed by a health examination within 90 days prior to impoundment.

(a) To redeem an impounded animal from a city animal shelter, the owner of the animal must provide proof of ownership and pay to the director the following fees for services rendered before redemption:

(1) on all animals held at least one full day, a redemption fee of:

(A) $25 for an animal delivered for impoundment to a city animal shelter by a person other than a city employee in the performance of official duties; or

(B) $25 for an animal delivered for impoundment to a city animal shelter by a city employee in the performance of official duties;

(2) on all animals held at least one full day, $10 for each night the animal is housed in a city shelter;

(3) $10 for a rabies vaccination of a dog, cat, or ferret if the owner cannot show either:

(A) a current certificate of vaccination for the animal; or

(B) a letter from a licensed veterinarian on office stationery dated prior to impoundment stating that the animal was not vaccinated due to health reasons;

(2) on all animals held at least one full day, $10 for each night the animal is housed in a city shelter;

(3) $10 for a rabies vaccination of a dog, cat, or ferret if the owner cannot show either:

(A) a current certificate of vaccination
for the animal; or

(B) a letter from a licensed veterinarian on office stationery dated prior to impoundment stating that the animal was not vaccinated due to health reasons;

(4) $10 for a microchip implant and initial national registration of a dog or cat unless:

(A) the animal was injected with a microchip implant prior to impoundment;

(B) a letter from a licensed veterinarian on office stationery dated prior to impoundment stating the animal should not be injected with a microchip implant for health reasons; and

(5) $40 for sterilization of an animal, unless:

(A) the animal was spayed or neutered prior to impoundment;

(B) the animal is under six months of age;

(C) the owner provides a letter from a licensed veterinarian on office stationery dated prior to impoundment certifying that the animal should not be spayed or neutered for health reasons or is permanently non-fertile as confirmed by a health examination within 90 days prior to impoundment.

(b) The redemption period for an animal impounded in a city animal shelter, other than for quarantine or pursuant to a court order, is:

(1) three days after the date of impoundment, unless Paragraph (2) or (3) of this subsection applies to the animal;

(2) five days after the date of impoundment if:

(A) the animal is wearing a legible tag or has a microchip implant identifying its owner with contact information; or

(B) the director has reason to believe the animal has an owner; or

(3) 10 days after the date of impoundment if the animal is being held for protective custody.
(c) The redemption period for an animal impounded pursuant to a court order is the time set forth in the court order or, if no provision is made in the court order, five days after the court proceedings are final.

(d) Except as provided in Section 7-5.3(c), the redemption period for an animal, with an identified owner, impounded for quarantine is the same day as completion of the quarantine period.

(e) Kitten litters, puppy litters, and mothers nursing litters impounded in the city’s animal shelter cannot be redeemed and immediately become the sole property of the city and are subject to disposition as the director deems appropriate.

(f) If an animal is not redeemed within the appropriate time period specified in Subsections (b) through (d), the animal will become the property of the city and may be placed for adoption, euthanized, or otherwise disposed of as recommended by the director.

(g) An owner of an impounded animal commits an offense if he removes or attempts to remove the animal from a city animal shelter without first paying all applicable fees required in Subsection (a). (Ord. Nos. 26024; 27250; 29879; 29986; 30900; 31332, eff. 10/1/19)

SEC. 7-2.7. ADOPTION OF ANIMALS.

(a) To adopt a dog or cat from animal services, the adopter shall:

(1) complete and sign an adoption application on a form provided by the director for that purpose;

(2) sign an adoption contract on a form provided by the director for that purpose, which shall include a statement that the adopter agrees that if the adopter fails to comply with a sterilization agreement under Subsection (d), the animal may be seized and impounded by the director and ownership will automatically revert to the city;

(3) pay to the director a non-refundable adoption fee (which includes, but is not limited to, the costs of any required vaccination, microchip implant, initial national registration, and sterilization) of:

(A) $85 for a dog and $55 for a cat, unless Subparagraph (B) of this paragraph applies to the adoption; or

(B) $43 for a dog and $27 for a cat if:

(i) the dog or cat is at least six years of age, as determined by the director;

(ii) the ultimate owner of the dog or cat will be a person who is 65 years of age or older as of the date of adoption; or

(iii) the adopter adopts two or more dogs and/or cats on the same date and as part of the same transaction, and the adopter will be the ultimate owner of all of the animals adopted in the transaction; and

(4) pay to the director the applicable registration fee for the dog or cat under Section 7-4.2, if the dog or cat is at least four months of age and the adopter resides in the city.

(a) To adopt a dog or cat from animal services, the adopter shall:

(1) complete and sign an adoption application on a form provided by the director for that purpose;

(2) sign an adoption contract on a form provided by the director for that purpose, which shall include a statement that the adopter agrees that if the adopter fails to comply with a sterilization agreement under Subsection (d), the animal may be seized and impounded by the director and ownership will automatically revert to the city; and

(3) pay to the director a non-refundable adoption fee (which includes, but is not limited to, the costs of any required vaccination, microchip implant, initial national registration, and sterilization) of:

(A) $45 for a dog and $15 for a cat, unless Subparagraph (B) of this paragraph applies to the adoption; or
(B) $25 for a dog and $5 for a cat if:

(i) the dog or cat is at least six years of age, as determined by the director;

(ii) the ultimate owner of the dog or cat will be a person who is 65 years of age or older as of the date of adoption; or

(iii) the adopter adopts two or more dogs and/or cats on the same date and as a part of the same transaction, and the adopter will be the ultimate owner of all of the animals adopted in the transaction.

(b) The director may, from time to time, designate and advertise promotional adoption periods during which the non-refundable adoption fees payable under Subsection (a)(3)(A) will be reduced or waived.

(c) Each dog or cat adopted from animal services will be spayed or neutered prior to release of the animal to the adopter, unless:

(1) the dog or cat is under six months of age; or

(2) a licensed veterinarian certifies that the dog or cat should not be spayed or neutered for health reasons or is permanently non-fertile.
§ 7-2.7 Animals § 7-2.7

(d) Before an unsterilized dog or cat under the age of six months will be released from animal services for adoption, the adopter must sign a sterilization agreement with the director, complying with Section 828.003 of the Texas Health and Safety Code, as amended, agreeing to:

(1) have the dog or cat spayed or neutered within 30 days after the date of adoption or the date the animal attains six months of age, whichever occurs last; and

(2) furnish to the director, within seven days after the date of sterilization, confirmation complying with Section 828.005 of the Texas Health and Safety Code, as amended, that the animal was spayed or neutered by the completion date required in Paragraph (1) of this subsection.

(e) An adopter who signs a sterilization agreement under Subsection (d) commits an offense if he fails to:

(1) have the adopted dog or cat spayed or neutered within the time period required under Subsection (d)(1); or

(2) furnish confirmation of sterilization as required under Subsection (d)(2).
Animals

[Intentionally left blank]
§ 7-2.7 Animals

(f) It is a defense to prosecution under Subsection (e) if, by the seventh day after the sterilization completion date required in Subsection (d)(1), the director receives from the adopter either:

(1) a letter complying with Section 828.006 of the Texas Health and Safety Code, as amended, stating that the animal is dead; or

(2) a letter complying with Section 828.007 of the Texas Health and Safety Code, as amended, stating that the animal is lost or stolen.

(g) The director may refuse to release a dog or cat for adoption under any circumstances, including, but not limited to:

(1) the prospective adopter or adoption agency has previously violated a provision of this chapter or has been convicted of an animal-related crime;

(2) the prospective adopter or adoption agency has inadequate or inappropriate facilities for confining the animal and for providing proper care to the animal as required by this chapter;

(3) the prospective adoption agency has failed to sign or comply with a transfer agreement with animal services that requires the sterilization of adopted animals or other conditions imposed by the director; or

(4) the director determines that the health, safety, or welfare of the animal or of the public would be endangered.

(h) If an adopter of a dog or cat violates Subsection (e), the director may seize and impound the animal, and ownership of the animal will automatically revert to the city. (Ord. Nos. 26024; 27250; 28335; 29403; 31332, eff. 10/1/19)

§ 7-2.8. KILLING OR EUTHANASIA OF ANIMALS.

(a) The director or chief of police is authorized to kill by appropriate and available means an animal that poses an imminent danger to a person or another animal and a real or apparent necessity exists for destruction of the animal.

(b) The director is authorized to euthanize, or to allow a licensed veterinarian to euthanize, an animal impounded at a city animal shelter if:

(1) the director or a licensed veterinarian determines that euthanasia is necessary to prevent the unnecessary pain and suffering of the animal;

(2) the director or a licensed veterinarian determines that recovery of the animal from injury, disease, or sickness is in serious doubt; or

(3) the animal is not redeemed from a city animal shelter within the applicable time period required under Section 7-2.6 of this chapter.

(c) An animal impounded at a city animal shelter may only be euthanized by using a barbiturate or derivative substance approved for that purpose by the Federal Food and Drug Administration and administered under the direction of a licensed veterinarian. This section does not apply to action authorized by Subsection (a) of this section. (Ord. 26024)

ARTICLE III.

CARE AND TREATMENT OF ANIMALS.

SEC. 7-3.1. LOOSE ANIMALS.

(a) An owner commits an offense if the owner fails to restrain the animal, at all times:

(1) in a fenced yard;
§ 7-3.1 ANIMALS

(2) in an enclosed pen;

(3) in a structure; or

(4) by a tethering device, but only if the animal is in the owner's immediate possession and accompanied by the animal's owner, and, if the animal is a dog, the owner complies with the requirements in Section 7-4.7 of this chapter.

(b) An owner commits an offense if the owner restrains a domestic animal without providing the domestic animal access, at all times, to potable water and shelter which protects the domestic animal from direct sunlight, standing water, and extreme weather conditions, including conditions in which:

(1) the actual or effective outdoor temperature is below 32 degrees Fahrenheit;

(2) a heat advisory has been issued by a local or state authority or jurisdiction; or

(3) a hurricane, tropical storm, or tornado warning has been issued for the jurisdiction by the National Weather Service.

(c) It is a defense to prosecution under Subsection (a) that the animal was:

(1) a dog in an off-leash site established under Section 32-6.1 of this code; or

(2) a feral cat participating in a trap, neuter, and return program approved by the director.

(d) It is a defense to prosecution under Subsection (b) that:

(1) the domestic animal was a dog;

(2) the dog was restrained by a tethering device while in the owner's immediate possession and accompanied by the dog's owner; and

(3) the owner was in compliance with the requirements in Section 7-4.7 of this chapter. (Ord. Nos. 26024; 27250; 30483; 30687, eff. 2/1/18)

§ 7-3.2 SANITARY CONDITIONS; MAINTENANCE OF PREMISES.

(a) An owner of an animal commits an offense if he fails to:

(1) keep any cage, pen, enclosure, or other area in which the animal is kept in a sanitary condition; or

(2) remove all animal excreta from the cage, pen, enclosure, or other area in which the animal is kept as often as necessary to maintain a healthy environment.

(b) A person commits an offense if he permits any yard, ground, premises, or structure belonging to, controlled by, or occupied by him to become nauseating, foul, offensive, or injurious to the public health or unpleasant and disagreeable to adjacent residents or persons due to the accumulation of animal excreta. (Ord. 26024)

§ 7-3.3 TRAPPING ANIMALS.

(a) A person commits an offense if he uses, places, sets, or causes to be set in the city any steel jaw trap, spring trap with teeth or perforated edges on the holding mechanism, or any type of trap with a holding mechanism designed to reasonably ensure the cutting, slicing, tearing or otherwise traumatizing of the entrapped animal.

(b) It is a defense to prosecution under Subsection (a) that the trap was:

(1) specifically designed and used to kill common rodents such as rats and mice, and the trap was not placed in a manner or location that would endanger other animals or humans; or
§ 7-3.3 Animals

(2) specifically designed to kill and was used under the direction of the city public health officer, the city environmental health officer, or an agent of another governmental entity authorized by the director to trap in the city. (Ord. 26024)

§ 7-4.1 Vaccination of Dogs and Cats

ARTICLE IV.

SPECIFIC REQUIREMENTS FOR DOGS AND CATS.

SEC. 7-4.1. VACCINATION OF DOGS AND CATS.

(a) An owner of a dog or cat commits an offense if:

(1) the dog or cat is not currently vaccinated;

(2) the dog or cat is not wearing a collar or harness with a current rabies tag securely attached to it; or

(3) the owner fails to show a current certificate of vaccination and rabies tag for the dog or cat upon request by the director or a peace officer.

(b) It is a defense to prosecution under Subsection (a) that:

(1) the dog or cat is under four months of age;

(2) the dog or cat is unable to be vaccinated due to health reasons as verified by a licensed veterinarian; or

(3) the person charged produces to the court proof of vaccination from a licensed veterinarian showing the dog or cat was vaccinated at the time the citation was issued or not later than 20 days after the citation was issued.

(c) A licensed veterinarian who vaccinates a dog or cat for rabies shall issue to the owner of the animal a current rabies tag and a certificate of vaccination and send a copy of the certificate of vaccination to the director by the 10th day of the month following the month in which the dog or cat was vaccinated. The certificate of vaccination must contain the following information:
§ 7-4.1 Animals

(1) name, address, and telephone number of the owner;

(2) animal identification, including species, sex, age, size (pounds), predominant breed, and color;

(3) vaccine used (including whether it is a one-year or three-year rabies vaccine), producer, expiration date, and serial number;

(4) date vaccinated and expiration date of the certificate of vaccination;

(5) rabies tag number; and

(6) veterinarian’s signature and license number. (Ord. Nos. 26024; 30483)

§ 7-4.2. MICROCHIPPING OF DOGS AND CATS.

(a) An owner of a dog or cat commits an offense if the dog or cat does not have a microchip.

(b) It is a defense to prosecution under Subsection (a) that:

(1) the dog or cat was under four months of age;

(2) the dog or cat was being held for sale by a retail pet store or for adoption by animal services or an animal welfare organization;

(3) the owner of the dog or cat has resided in the city for fewer than 30 days;

(4) the dog or cat qualifies for a medical exception from a licensed veterinarian;

(5) the dog or cat owner is a not a resident of the city and is staying in the city for fewer than 60 days; or

(6) the person charged produces to the court proof of a registered microchip showing the dog or cat was implanted with a microchip at the time the citation was issued or not later than 20 days after the citation was issued.

(c) The owner of a dog or cat shall maintain his or her current contact information with a microchip registration company.

(1) If the owner’s contact information changes, the owner shall update the microchip registration company not later than 30 days after the change in the contact information.

(2) If the ownership of a dog or cat changes, the new owner shall provide the microchip registration company with his or her contact information not later than 30 days after the change in ownership.

(3) It is a defense to prosecution under this subsection that the person charged produces to the court proof that the contact information was current and the correct owner was listed at the time the citation was issued or the contact information was corrected and made current not later than 20 days after the citation was issued.  (Ord. Nos. 26024; 27250; 30483)

SEC. 7-4.3. REVOCATION AND DENIAL OF REGISTRATION.

(a) If, within any 12-month period, a person commits two or more violations of this chapter involving a dog or cat, the director may revoke the existing registrations on all dogs and cats owned by that person and deny all applications for registration of any dog or cat by that person.

(b) If the director revokes or denies the registration of a dog or cat, a written notice of the action and of the right to an appeal must be given to the owner of the dog or cat by personal service or by certified mail, return receipt requested. The owner may appeal the decision of the director to the permit and license appeal board in accordance with Section 2-96 of this code. The filing of a request for an appeal hearing stays an action of the director in revoking or

Dallas City Code 1/18
§ 7-4.3 Animals

(c) Within 15 calendar days after receipt of a notice of revocation or denial of registration, or after a final decision of the permit and license appeal board if an appeal is filed, the owner shall remove and relocate all dogs and cats from his premises or surrender and forfeit ownership of them to the director. The director or the permit and license appeal board may extend the 15-calendar-day removal and relocation period up to an additional 15 calendar days if it is determined that all dogs and cats of the owner cannot reasonably be removed and relocated from the premises within the initial period and no immediate threat to the public health exists. The owner shall demonstrate to the director proof of removal and relocation by furnishing the director with the address to which each dog or cat was relocated and by:

(1) allowing the director to inspect the premises of the owner to determine that all dogs and cats have been removed from those premises; or

(2) providing the director with a written, sworn affidavit stating that all dogs and cats have been removed from the premises.

(d) A person who has had the registration of a dog or cat revoked or denied under this section may not apply for registration of any dog or cat until 12 consecutive months have elapsed after the date of registration revocation or denial without the person committing any violation of this chapter involving a dog or cat.

(e) A person commits an offense if he:

(1) owns any dog or cat within the city during a period when he is prohibited under Subsection (d) from applying for registration of a dog or cat; or

(2) fails to remove all dogs and cats from his premises when required by this section. (Ord. 26024)

SEC. 7-4.4. AUTHORIZED REGISTRARS.

(a) The director may, upon receipt of an application on a form provided for that purpose, designate a person as an authorized registrar to collect the annual registration fee and issue a registration receipt and registration tag for a dog or cat. The director may, at his sole discretion and without cause, deny or revoke the designation of any person to act as an authorized registrar.

(b) An authorized registrar shall not register a dog or cat without proof that the animal is currently vaccinated or proof that the dog or cat was not vaccinated due to health reasons as verified by a licensed veterinarian.

(c) An authorized registrar may, as a service charge, be paid $1 for each dog or cat registration fee collected by the authorized registrar.

(d) The director shall provide an authorized registrar with registration receipts, registration tags, and monthly report forms. An authorized registrar must at all times be able to account for all registration receipts and tags issued to the authorized registrar by the director.

(e) The director shall establish rules and procedures for the collection and payment of registration fees by authorized registrars and a format for monthly report forms to be used by authorized registrars.

(f) Registration fees collected by an authorized registrar must be sent to the director, along with a properly completed monthly report form, by the end of the month following the month in which the registration fees were collected.

(g) An authorized registrar who fails to comply with any requirement of this section or with any rule or procedure for the collection and payment of registration fees and the delivery of monthly report forms as established by the director pursuant to this section forfeits the right to be paid a service charge and may be issued a citation for a violation of this section. (Ord. 26024)
SEC. 7-4.5. SALE OF DOGS AND CATS.

(a) A person commits an offense if he sells, exchanges, barter, gives away, or transfers, or offers or advertises for sale, exchange, barter, give away, or transfer, a dog or cat four months of age or older unless:

(1) the dog or cat is currently vaccinated or cannot be vaccinated due to health reasons as verified by a licensed veterinarian; and

(2) the person has a current registration receipt and registration tag for the dog or cat.

(b) It is a defense to prosecution under Subsection (a) if the person is:

(1) animal services;

(2) an animal welfare organization; or

(3) an animal adoption agency. (Ord. 26024)

SEC. 7-4.6. LIMITATION ON THE NUMBER OF DOGS AND CATS IN DWELLING UNITS.

(a) In this section, DWELLING UNIT has the meaning given it in Section 51A-2.102 of the Dallas Development Code, as amended.

(b) A person commits an offense if he harbors more than four dogs, cats, or any combination of dogs and cats on the premises of a dwelling unit that shares a common wall with another dwelling unit.

(c) A person commits an offense if he harbors more than:

(1) six dogs, cats, or any combination of dogs and cats on the premises of a dwelling unit that shares no common wall with another dwelling unit and that is located on not more than one-half acre of land; or

(2) eight dogs, cats, or any combination of dogs and cats on the premises of a dwelling unit that shares no common wall with another dwelling unit and that is located on more than one-half acre of land.

(d) In determining the number of dogs or cats harbored on the premises of a dwelling unit under Subsections (b) and (c) of this section, the director shall not count any dog or cat under six months of age or any feral cat participating in a trap, neuter, and return program approved by the director.

(e) It is a defense to prosecution under Subsection (c) that:

(1) the person:

(A) was approved by the director as a foster care provider under a foster care program sponsored by animal services or an animal welfare organization;

(B) was not fostering more dogs, cats, or any combination of dogs and cats on the premises than approved by the director based on the type and size of the animals, the size of the premises, the location of the premises, the facilities located on the premises, and other factors established by the director; and

(C) had on file with the director a written document (on a form provided by the director for that purpose) authorizing the director to conduct unannounced inspections of the premises and all animals located on the premises to ensure that the person was complying with all applicable provisions of this chapter, which document must be signed and acknowledged before a notary public by the legal owner of the dwelling unit and at least one occupant of the dwelling unit who is 18 years of age or older; or

(2) the person:

(A) on June 25, 2008, was the owner of, and was harboring on the premises of the dwelling unit, more than six dogs, cats, or any combination of dogs and cats;
§ 7-4.6 Animals

(B) before September 25, 2008, provided information to the director (on a form provided by the director for that purpose) relating to each dog or cat harbored on the premises of the dwelling unit;

(C) harbored no additional dogs or cats on the premises of the dwelling unit on or after June 25, 2008; and

(D) was in compliance with all other requirements of this chapter applicable to dogs and cats.  (Ord. Nos. 26024; 27250)

SEC. 7-4.7. TETHERED DOGS.

An owner of a dog may only tether a dog if the dog is in the owner's immediate possession and accompanied by the owner, as required by Section 7-3.1 of this chapter. In addition, the owner of a tethered dog shall:

(1) not allow the dog to be tethered in any manner or by any method that allows the dog to become entangled or injured;

(2) use a properly fitted harness or collar that is specifically designed for the dog; and

(3) attach the tethering device to the dog's harness or collar and not directly to the dog's neck.  (Ord. Nos. 26024; 27250; 30687, eff. 2/1/18)

SEC. 7-4.8. DEFECAATION OF DOGS ON PUBLIC AND PRIVATE PROPERTY; FAILURE TO CARRY MATERIALS AND IMPLEMENTS FOR THE REMOVAL AND DISPOSAL OF DOG EXCRETA.

(a) An owner of a dog commits an offense if he knowingly permits, or by insufficient control allows, the dog to defecate in the city on private property or on property located in a public place.

(b) An owner of a dog commits an offense if he:

(1) knowingly permits the dog to enter or be present on private property or on property located in a public place; and

(2) fails to have in his possession materials or implements that, either alone or in combination with each other, can be used to immediately and in a sanitary and lawful manner both remove and dispose of any excreta the dog may deposit on the property.

(c) It is a defense to prosecution under Subsection (a) that the owner of the dog immediately and in a sanitary and lawful manner removed and disposed of, or caused the removal and disposal of, all excreta deposited on the property by the dog.

(d) It is a defense to prosecution under Subsection (a) or (b) that:

(1) the property was owned, leased, or controlled by the owner of the dog;

(2) the owner or person in control of the property had given prior consent for the dog to defecate on the property; or

(3) the dog was a service dog being used in official law enforcement activities.

(e) This section does not apply to a service dog that is specially trained to assist a person with a disability and that was in the custody or control of that disabled person at the time it defecated or was otherwise present on private property or on property located in a public place.  (Ord. 26024)

SEC. 7-4.9. CONFINEMENT REQUIREMENTS FOR DOGS KEPT OUTDOORS.

(a) An owner of a dog commits an offense if the fenced yard, or other outdoor pen or structure, used as the primary living area for the dog or used as an area for the dog to regularly eat, sleep, drink, and eliminate is not:
§ 7-4.9 Animals

(1) at least 150 square feet for each dog six months of age or older;

(2) designed, constructed, and composed of material sufficient to prevent the dog’s escape; and

(3) designed in a manner that provides the dog access to the inside of a doghouse, building, or shelter that meets all requirements of Subsection (b) of this section.

(b) A doghouse or other building or shelter for a dog must:

(1) have a weatherproof top, bottom, and sides;

(2) have an opening on no more than one side that allows the dog to remain dry and provides adequate shade during daylight hours to prevent overheating or discomfort to the dog;

(3) have a floor that is level and dry;

(4) be free from cracks, depressions, and rough areas that might be conducive to insects, parasites, and other pests;

(5) be of adequate size to allow the dog to stand erect with the dog’s head up, to turn around easily, and to sit and lie down in a comfortable and normal position;

(6) have sufficient clean and dry bedding material or other means of protection from the weather that will allow the dog to retain body heat when the weather is colder than what a dog of that breed and condition can comfortably tolerate;

(7) provide a suitable means for the prompt elimination of excess liquid;

(8) be structurally sound, maintained in good repair, and constructed with material that protects the dog from injury; and

(9) allow the dog easy access in and out.  (Ord. 27250)

SEC. 7-4.10. RESTRICTIONS ON UNSTERILIZED DOGS AND CATS.

(a) An owner of a dog or cat commits an offense if the animal is not spayed or neutered.

(b) It is a defense to prosecution under Subsection (a) that:

(1) the animal is under six months of age;

(2) a licensed veterinarian annually certifies that the dog or cat should not be spayed or neutered for health reasons or is permanently non-fertile;

(3) the animal is being held for sale by a retail pet store or held for adoption by animal services or an animal welfare organization;

(4) the animal is certified annually as a competition cat or competition dog;

(5) the person charged produces to the court proof of sterilization from a licensed veterinarian showing the dog or cat was sterilized at the time the citation was issued or not later than 20 days after the citation was issued; or

(6) the owner holds a valid breeding permit issued under Section 7-4.11 of this chapter for the animal.  (Ord. Nos. 27250; 30483)

SEC. 7-4.11. BREEDING PERMIT.

(a) A person commits an offense if he breeds or allows the breeding of a dog or cat without a valid breeding permit for the dog or cat.  A separate permit is required for each dog or cat that the person keeps unsterilized for breeding purposes.

(b) A breeding permit may only be issued for a dog or cat:

(1) that is currently in compliance with the vaccination requirements of Section 7-4.1 of this chapter;
(2) that is currently in compliance with the microchipping requirements of Section 7-4.2 of this chapter;

(3) that, not more than 90 days before the date of the breeding permit application, has been approved to breed by a licensed veterinarian; and

(4) whose owner:

(A) is a member of a purebred dog or cat club, approved by the director, that maintains and enforces a code of ethics for breeding that includes restrictions on breeding dogs and cats with genetic defects and life threatening health problems common to the breed; or

(B) holds a license as required by Texas Occupation Code, §802.101 for each facility owned or operated in the state.

(c) To obtain a breeding permit, a person must submit an application to the director (on a form provided by the director for that purpose) and pay an annual breeding permit fee of $100. The breeding permit application must include:

(1) the name, address, and telephone number of the applicant;

(2) the location where the dog or cat is harbored;

(3) a description of the dog or cat, including but not limited to, a photograph of the animal;

(4) proof that the animal is qualified for a breeding permit under Subsection (b) of this section; and

(5) any other information determined necessary by the director for the enforcement and administration of this section.

(c) To obtain a breeding permit, a person must submit an application to the director (on a form provided by the director for that purpose) and pay an annual breeding fee of $250. The breeding permit application must include:

(1) the name, address, and telephone number of the applicant;
(d) A breeding permit expires one year after the date of issuance and may be renewed by applying in accordance with Subsection (c) of this section. If the director does not receive an application for a permit renewal within 45 days after the expiration of the permit, a $10 late fee will be added to the permit fee.

(e) A breeding permit is not transferable.

(f) A permittee commits an offense if he allows a permitted female dog or cat to have more than one litter during the permit term.

(g) It is a defense to prosecution under Subsection (f) that the permittee:

1. received written authorization from the director under Subsection (h) of this section to allow the female dog or cat to have two litters during the permit term; and

2. did not allow the female dog or cat to have more than the number of litters authorized by the director for the permit term.

(h) Upon request of a permittee, the director may, in writing, authorize the permittee to allow a permitted female dog or cat to have two litters during the permit term if the permittee establishes, according to regulations adopted by the director, that:

1. having two litters during the permit term is required to:

   A. protect the health of the female dog or cat; or

   B. avert a substantial economic loss to the permittee; or

   2. previously in the permit term, the female dog's or cat's litter was euthanized or did not survive for other reasons.
§ 7-4.11 Animals

(i) A permittee commits an offense if the permittee:

(1) allows the offspring of a female dog or cat for which he holds a breeding permit to be sold, adopted, or otherwise transferred, regardless of compensation, before the offspring have reached at least eight weeks of age and have been vaccinated against common diseases;

(2) fails to keep a permitted dog or cat restrained pursuant to Section 7-3.1 of this chapter;

(3) fails to prominently display the breeding permit number on any advertisement by the permittee for the sale, adoption, or other transfer of any dog or cat, regardless of compensation; or

(4) sells, adopts, or otherwise transfers any dog or cat, regardless of compensation and fails to:

(A) include a statement signed by the permittee attesting to knowledge of the animal’s health and immunization history;

(B) prominently display the breeding permit number on any sales receipt or transfer document;

(C) provide the breeding permit number to any person who purchases, adopts, or receives any dog or cat from the permittee;

(D) provide written information regarding the vaccination, microchipping, and sterilization requirements of this chapter applicable to the dog or cat; or

(E) provide to the director (on a form provided by the director for that purpose) the name, address, and telephone number of the dog’s or cat’s new owner within five days after the date of the sale, adoption, or other transfer of the animal.

(j) The director shall deny or revoke a breeding permit if the director determines that the applicant or permittee:

(1) failed to comply with any provision of this chapter; or

(2) intentionally made a false statement as to a material matter on the breeding permit application.

(k) If the director denies or revokes a breeding permit, the director shall notify the applicant or permittee in writing of the action and a statement of the right to an appeal. The applicant or permittee may appeal the decision of the director to the permit and license appeal board in accordance with Section 2-96 of this code. The filing of an appeal stays an action of the director in revoking the permit until the permit and license appeal board makes a final decision. (Ord. Nos. 27250; 29879; 30483; 31332, eff. 10/1/19)

SEC. 7-4.12. DUTY TO LOCATE OWNERS OF LOOSE DOGS.

A person commits an offense if he takes possession of a loose dog in the city and knowingly fails to make, within 72 hours after taking possession, a reasonable effort to locate the dog’s owner by:

(1) calling the telephone number listed on the dog’s tags;

(2) taking the dog to a licensed veterinarian for a microchip, tattoo, or other identification screening and calling the owner identified through the screening;

(3) calling 311 to request that animal services pick up the dog for identification screening and impoundment; or

(4) delivering the dog to the city’s animal shelter for identification screening and impoundment. (Ord. Nos. 27888; 30483)
§ 7-4.13. CONFINEMENT OF DOGS OR CATS IN UNATTENDED MOTOR VEHICLES.

(a) A person commits an offense if he or she knowingly confines a dog or cat in an unattended motor vehicle for more than five minutes under conditions that, in the opinion of a trained peace officer, animal services officer, or licensed veterinarian, endanger the health of the dog or cat due to extreme temperatures, lack of adequate ventilation, or other circumstances that could reasonably be expected to cause the suffering, disability, or death of the dog or cat and as demonstrated by, but not limited to, the dog or cat's excessive drooling or panting, lethargic behavior, collapse, vomiting, or convulsions.

(b) A peace officer, animal services officer, or licensed veterinarian may, after reasonably attempting to locate the dog or cat's owner, remove the dog or cat from the motor vehicle using any reasonable means, including breaking a window or lock. If professional services are required to remove the cat or dog from the vehicle, the owner is responsible for the cost of professional services. A peace officer, animal services officer, or licensed veterinarian who removes a dog or cat from a motor vehicle in accordance with this section is not liable for any resulting property damage.

(c) This section does not create a cause of action for damages or enforcement of this section. (Ord. 30483)

§ 7-4.14. DOG BITES.

(a) A person commits an offense if the person is the owner or keeper of a dog and the person fails to secure the dog and the dog makes an unprovoked bite that causes bodily injury to another person, legally restrained domestic animal, or livestock, that occurs at a location other than the owner's or keeper's real property or in or on the owner's or keeper's motor vehicle or boat.

(b) An offense under this section is a Class C misdemeanor.

(c) It is a defense to prosecution under this section that the person:

(1) is a veterinarian, a veterinary clinic employee, a peace officer, a person employed by the city, or a subdivision of the city, to deal with stray animals and has temporary ownership, custody, or control of the dog in connection to that position; or

(2) is an employee of a law enforcement agency and trains dogs or uses dogs for law enforcement or corrections purposes and is training or using the dog in connection with the person's official capacity. (Ord. 30901)

ARTICLE V.

DANGEROUS DOGS.

§ 7-5.1. DEFINITIONS.

(a) Except where a term is otherwise defined in Subsection (b) of this section, the definitions contained in Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended, are incorporated into this article by reference.

(b) In this article:

(1) BODILY INJURY means physical pain, illness, or any impairment of physical condition.

(2) DANGEROUS DOG means a dog that:

(A) makes an unprovoked attack on a person that causes bodily injury and occurs in a place other than an enclosure in which the dog was being kept and that was reasonably certain to prevent the dog from leaving the enclosure on its own; or
§ 7-5.1 Animals

(B) commits unprovoked acts in a place other than an enclosure in which the dog was being kept and that was reasonably certain to prevent the dog from leaving the enclosure on its own, and those acts cause a person to reasonably believe that the dog will attack and cause bodily injury to that person.

(3) SERIOUS BODILY INJURY means an injury characterized by severe bite wounds or severe ripping and tearing of muscle that would cause a reasonably prudent person to seek treatment from a medical professional and would require hospitalization without regard to whether the person actually sought medical treatment.

(4) UNPROVOKED means an action by a dog that is not:

(A) in response to being tormented, abused, or assaulted by any person;

(B) in response to pain or injury;

(C) in protection of itself or its food, kennel, immediate territory, or nursing offspring; or

(D) in response to an assault or attempted assault on a person. (Ord. Nos. 26024; 27250)

SEC. 7-5.2. STATE LAW; ANIMAL CONTROL AUTHORITY.

(a) The provisions of Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended, are incorporated into this article, and a violation of any provision of Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended, is an offense under this article.

(b) The director shall serve as the animal control authority for the city for purposes of administering and enforcing this article and Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended.

(c) Seizure, impoundment, and humane destruction of a dog that has caused death or serious bodily injury to a person is governed by Subchapter A, Chapter 822 of the Texas Health and Safety Code, as amended. (Ord. Nos. 26024; 27250)

SEC. 7-5.3. DETERMINATION AS A DANGEROUS DOG.

In addition to the provisions of Section 822.0421 of the Texas Health and Safety Code, as amended:

(a) At the conclusion of the investigation authorized by Section 822.0421 of the Texas Health and Safety Code, as amended, the director shall:

(1) determine that the dog is not dangerous and, if the dog is impounded, may waive any impoundment fees incurred and release the dog to its owner; or

(2) determine that the dog is dangerous and order the owner to comply with the requirements for ownership of a dangerous dog set forth in Section 7-5.5 of this article and in Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended, and, if the dog is impounded, release the dog to its owner after compliance with all applicable requirements of Subsection (c) of this section.

(b) If a dog is determined to be dangerous, the director shall notify the dog owner, either in person or by certified mail, return receipt requested:

(1) that the dog has been determined to be a dangerous dog;

(2) what the owner must do to comply with requirements for ownership of a dangerous dog and to reclaim the dog, if impounded; and

(3) that the owner has the right to appeal the determination of dangerousness.
§ 7-5.3 Animals § 7-5.5

(c) An impounded dog determined by the director to be dangerous must remain impounded, or confined at a location approved by the director, and may not be released to the owner until the owner pays all fees incurred for impoundment of the dog and complies with all requirements for ownership of a dangerous dog set forth in this article and Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended.

(d) If the owner of an impounded dog has not complied with Subsection (c) within 15 days after a final determination is made that an impounded dog is dangerous, the dog will become the sole property of the city and is subject to disposition as the director deems appropriate. (Ord. Nos. 26024; 27250; 29403; 30901)

SEC. 7-5.4. APPEAL OF DIRECTOR’S DANGEROUS DOG DETERMINATION.

(a) If, under Section 7-5.3 of this article, the director determines that a dog is dangerous, that decision is final unless the dog owner files a written appeal with the municipal, justice, or county court within 15 days after receiving notice that the dog has been determined to be dangerous. The appeal is a de novo hearing and is a civil proceeding for the purpose of affirming or reversing the director’s determination of dangerousness. If the municipal court affirms the director’s determination of dangerousness, the court shall order that the dog owner comply with the ownership requirements set forth in Section 7-5.5 of this article.

(b) The dog owner filing an appeal of a municipal court’s affirmation of the director’s determination shall also file an appeal bond in an amount determined as the estimated costs to board and impound the dog during the appeal process. The bond must be filed with the court if the dog is impounded in the city’s animal shelter or another director-approved facility. The bond must be used to cover the cost of daily care of the dog. Should the judge or jury determine the dog is not dangerous, the appeal bond may be returned if the amount has not been assessed as costs of daily care.

(c) In addition to the appeal bond, the dog owner is responsible for any costs beyond feeding, including but not limited to: veterinary care, immunizations, medications, and care for other animals or employees injured by the animal. (Ord. Nos. 26024; 27250; 29403; 30483; 30901)

SEC. 7-5.5. REQUIREMENTS FOR OWNERSHIP OF A DANGEROUS DOG; NONCOMPLIANCE HEARING.

(a) In addition to complying with the requirements of Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended, a person shall, not later than the 15th day after learning that he is the owner of a dangerous dog:

(1) have an unsterilized dangerous dog spayed or neutered;

(2) register the dangerous dog with the director and pay to the director a dangerous dog registration fee of $50;

(3) restrain the dangerous dog at all times on a leash in the immediate control of a person or in a secure enclosure;

(4) when taken outside the enclosure, securely muzzle the dangerous dog in a manner that will not cause injury to the dog nor interfere with its vision or respiration. The muzzle must prevent the dangerous dog from biting any person or animal;

(5) obtain liability insurance coverage or show financial responsibility in an amount of at least $100,000 to cover damages resulting from an attack by the dangerous dog causing bodily injury to a person and provide proof of the required liability insurance coverage or financial responsibility to the director;

(a) In addition to complying with the requirements of Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended, a person shall, not later than the 15th day after learning that he is the owner of a dangerous dog:
(1) have an unsterilized dangerous dog spayed or neutered;

(2) register the dangerous dog with the director and pay to the director a dangerous dog registration fee of $250;

(3) restrain the dangerous dog at all times on a leash in the immediate control of a person or in a secure enclosure;

(4) when taken outside the enclosure, securely muzzle the dangerous dog in a manner that will not cause injury to the dog nor interfere with its vision or respiration. The muzzle must prevent the dangerous dog from biting any person or animal;

(5) obtain liability insurance coverage or show financial responsibility in the amount of at least $100,000 to cover damages resulting from an attack by the dangerous dog causing bodily injury to a person and provide proof of the required liability insurance coverage or financial responsibility to the director;
§ 7-5.5 Animals § 7-5.5

(6) place and maintain on the dangerous dog a collar or harness with a current dangerous dog registration tag securely attached to it;

(7) have the dangerous dog injected with a microchip implant and registered with a national registry for dogs; and

(8) post a legible sign at each entrance to the enclosure in which the dangerous dog is confined stating "BEWARE DANGEROUS DOG." The aforementioned sign must be purchased from Dallas Animal Services.

(b) The owner of a dangerous dog shall renew registration of the dangerous dog with the director annually and pay an annual dangerous dog registration fee to the director of $50.

(c) The owner of a dangerous dog who does not comply with Subsection (a) shall deliver the dog to the director not later than the 15th day after learning that the animal is dangerous.

(d) Upon receipt of a sworn, written complaint by any person that the owner of a previously determined dangerous dog has failed to comply with Subsection (a) of this section, the municipal court shall conduct a hearing to determine whether the owner is in compliance with Subsection (a). The hearing must be conducted within 30 days after receipt of the complaint, but, if the dog is already impounded, not later than 10 days after the date on which the dog was seized or delivered. The municipal court shall provide by mail, written notice of the date, time, and location of the hearing to the dog owner and to the complainant. Any interested party may present evidence at the hearing.

(e) At the conclusion of the hearing, the municipal court shall:

(1) find that the owner of a dangerous dog is in compliance with Subsection (a) of this section and, if the dog is impounded, order the director to waive any impoundment fees incurred and release the dog to its owner; or
(2) find that the owner of a dangerous dog is not in compliance with Subsection (a) of this section and order the director to seize and impound the dog (if the dog is not already impounded) and to:

(A) humanely destroy the dog if the director determines that the owner has not complied with Subsection (a) of this section by the 11th day after the date the municipal court issues an order under this subsection or the dog is seized and impounded, whichever occurs later, or release the dog to the owner if the director determines that the owner has complied with Subsection (a) before the 11th day;

(B) humanely destroy the dog if:

(i) the director determines that the owner has not complied with Subsection (a) of this section by the 11th day after the date the municipal court issues an order under this subsection or the dog is seized and impounded, whichever occurs later;

(ii) the owner of the dog cannot be located before the 11th day after the date the municipal court issues an order under this subsection or the dog is seized and impounded, whichever occurs later; or

(iii) the dog was previously determined dangerous was at large.

(f) Prior to transferring ownership, either inside or outside the city limits, the owner shall notify the director in writing of his intention. In addition to written notification if ownership of the dangerous dog is being transferred to a person who resides within the city limits, the new owner must provide proof to the director of complying with Subsection (a) before the dangerous dog can be moved from the previous owner’s custody. A person commits an offense if he transfers ownership without complying with the requirements of this subsection.

(g) The owner of the dangerous dog is responsible for all costs of seizure, acceptance, and
impoundment, and all costs must be paid before the
dog will be released to the owner. (Ord. Nos. 26024;
27250; 30901; 31332, eff. 10/1/19)

SEC. 7-5.6. ATTACKS BY DANGEROUS DOG;
HEARING.

(a) If a previously determined dangerous dog
commits an act described in Section 7-5.1(b)(2)(A) or (B)
of this article, the director may seize and impound the
dangerous dog at the owner’s expense pending a
hearing before the municipal court in accordance with
this section.

(b) Upon receipt of a sworn, written complaint
by any person of an incident described in Section
7-5.1(b)(2)(A) or (B) of this article, the owner of a
dangerous dog, in accordance with Section 822.0422 of
Subchapter D, Chapter 822 of the Texas Health and
Safety Code, as amended, shall deliver the dog to the
director not later than the fifth day after the date on
which the owner receives notice that a complaint has
been filed. Additionally, the municipal court shall
conduct a hearing to determine whether a dangerous
dog committed an act described in Section
7-5.1(b)(2)(A) or (B) of this article. The hearing must be
conducted within 30 days after receipt of the complaint,
but, if the dog is already impounded, not later than 10
days after the date on which the dog was seized or
delivered. The municipal court shall provide, either in
person or by mail, written notice of the date, time, and
location of the hearing to the dog owner and the
complainant. Any interested person may present
evidence at the hearing.

(c) At the conclusion of the hearing, the
municipal court shall:

(1) find that the dangerous dog did not
commit an act described in Section 7-5.1(b)(2)(A) or (B)
of this article, and, if the dog is impounded, order the
director to waive any impoundment fees incurred and
release the dog to its owner;

(2) find that the dangerous dog did commit
an act described in Section 7-5.1(b)(2)(A) or (B) of this
article, and order the director to seize and impound
the dog (if the dog is not already impounded) and to:

(A) humanely destroy the dog;

(B) humanely destroy the dog if the
director determines that the owner has not complied
with Section 7-5.5(a) within a period of time
designated by the court, or release the dog to the
owner if the director determines that the owner has
complied with Section 7-5.5(a) within the designated
period of time;

(C) or humanely destroy the dog if the
owner of the dog has not been located before the 11th
day after the municipal court issues an order under
this subsection or the dog is seized and impounded,
whichever occurs later. (Ord. Nos. 27250; 30901)

SEC. 7-5.7. PROHIBITION ON OWNING A
DOG DETERMINED DANGEROUS
BY ANOTHER JURISDICTION.

(a) A person commits an offense if he owns a
dog in the city that has been determined to be a
dangerous dog by any other jurisdiction.

(b) It is a defense to prosecution under
Subsection (a) that the person owned the dog in the
city on June 25, 2008. (Ord. 27250)

SEC. 7-5.8. SURRENDER OF A DANGEROUS
DOG.

A person who owns a dog that has been ordered
to be seized or impounded under this article commits
an offense if the person does not surrender the dog to
the director within the time period ordered by the
director or the municipal court, whichever applies.
(Ord. 27250)
§ 7-5.9 DANGEROUS DOG OWNED OR HARBORED BY MINOR.

If the owner of a dangerous dog is a minor, the parent or guardian of the minor is liable for all injuries sustained by any person or another animal in an unprovoked attack by the dog. (Ord. Nos. 26024; 27250)

SEC. 7-5.10. DEFENSES.

Any defense to prosecution under Subchapter D, Chapter 822 of the Texas Health and Safety Code, as amended, is a defense to prosecution for a violation under this article. (Ord. Nos. 26024; 27250)

SEC. 7-5.11. DANGEROUS DOG REGISTRY.

The director shall publish a list including identifying information on all dogs determined dangerous in the city. The list must include the dangerous dog’s address, description, pictures, microchip number, the owner’s name, and any other pertinent information. This list must be publicly available at the Dallas Animal Services Facility and on the animal services website. (Ord. 30901)

ARTICLE V-a.

AGGRESSIVE DOGS.

SEC. 7-5.12. DEFINITION.

In this article, AGGRESSIVE DOG means a dog that on at least one occasion, while not legally restrained, killed or injured a legally restrained domestic animal or livestock. (Ord. 30901)

SEC. 7-5.13. DETERMINATION AS AN AGGRESSIVE DOG.

(a) Upon notification of an incident described in Section 7-5.12 of this article, the director shall investigate to determine if a dog is aggressive. The determination must be based upon an investigation that includes observation and testimony about the dog’s actions at the date of the incident, including the owner’s or keeper's control of the dog, and any other relevant evidence determined by the director. Observations and testimony can be provided by the animal services officer or by other witnesses who personally observed the dog’s actions on the date of the incident. Animal service officers or other witnesses shall sign an affidavit attesting to the observed actions on the date of the incident or other evidence collected and detailed in a report by an animal services officer and agree to provide testimony regarding the dog’s actions on the date of the incident if necessary.

(b) Notwithstanding Subsection (a), the director shall have discretionary authority to refrain from determining a dog is an aggressive dog, even if the dog engaged in acts specified in Section 7-5.12.

(c) The director may seize and impound the dog at the owner's expense pending the investigation and determination of whether the dog is an aggressive dog. The director shall impound the dog, if the director cannot, with due diligence locate the owner of the dog that has been seized under this subsection. If the
owner of the dog has not been located before the 15th day after seizure and impoundment, the dog will become the sole property of the city and is subject to disposition as the director deems appropriate.

(d) At the conclusion of the investigation required by this section, the director shall:

1. determine that the dog is not aggressive and, if the dog is impounded, may waive any impoundment fees incurred and release the dog to its owner;

2. determine that the dog is aggressive and order the owner to comply with the requirements for ownership of an aggressive dog set forth in Section 7-5.15 of this article and, if the dog is impounded, release the dog to its owner after compliance with all applicable requirements of Subsection (e) of this section.

3. If a dog is determined to be an aggressive dog, the director shall notify the dog owner in person or by certified mail, return receipt requested:

   i. that the dog has been determined to be an aggressive dog;

   ii. what the owner must do to comply with requirements for ownership of an aggressive dog and to reclaim the dog, if impounded; and

   iii. that the owner has the right to appeal the determination of aggressiveness.

(e) An impounded dog determined by the director to be aggressive must remain impounded, or confined at a location approved by the director, and may not be released to the owner until the owner pays all fees incurred for impoundment of the dog and complies with all requirements for ownership of an aggressive dog set forth in this article.

(f) If the owner of an impounded dog has not complied with Subsection (e) within 15 days after a final determination is made that an impounded dog is aggressive, the dog will become the sole property of the city and is subject to disposition as the director deems appropriate. (Ord. 30901)

SEC. 7-5.14. APPEALS.

If, under Section 7-5.13 of this article, the director determines that a dog is aggressive, that decision is final unless the dog owner files a written appeal with the municipal court within 10 days after receiving notice that the dog has been determined to be aggressive. The appeal is a de novo hearing and is a civil proceeding for the purpose of affirming or reversing the director’s determination of aggressiveness. If the municipal court affirms the director’s determination of aggressiveness, the court shall order that the dog owner comply with the ownership requirements set forth in Section 7-5.15 of this article. If the municipal court reverses the director’s determination of aggressiveness and, if the dog is impounded, the court may waive any impoundment fees incurred and release the dog to its owner. (Ord. 30901)

SEC. 7-5.15. REQUIREMENTS FOR OWNERSHIP OF AN AGGRESSIVE DOG; NONCOMPLIANCE HEARING.

(a) A person shall, not later than the 15th day after learning that he is the owner of an aggressive dog:

   (1) have an unsterilized aggressive dog spayed or neutered;

   (2) register the aggressive dog with the director and pay to the director an aggressive dog registration fee of $50.

   (3) restrain the aggressive dog at all times on a leash in the immediate control of a person or in a secure enclosure;

   (a) A person shall, not later than the 15th day after learning that he is the owner of an aggressive dog:

      (1) have an unsterilized aggressive dog spayed or neutered;
(2) register the aggressive dog with the director and pay to the director an aggressive dog fee of $250;

(3) restrain the aggressive dog at all times on a leash in the immediate control of a person or in a secure enclosure;
§ 7-5.15 Animals § 7-5.16

(4) when taken outside the secure enclosure, securely muzzle the dog in a manner that will not cause injury to the dog nor interfere with its vision or respiration. The muzzle must prevent the dangerous dog from biting any person or animal;

(5) obtain liability insurance coverage or show financial responsibility in an amount of at least $100,000 to cover damages resulting from an attack by the aggressive dog causing bodily injury to a person or another animal and provide proof of the required liability insurance coverage or financial responsibility to the director;

(6) place and maintain on the aggressive dog a collar or harness with a current aggressive dog registration tag securely attached to it;

(7) have the aggressive dog injected with a microchip implant and registered with a national registry for dogs;

(8) post a legible sign at each entrance to the enclosure in which the aggressive dog is confined stating "BEWARE AGGRESSIVE DOG." The aforementioned sign must be purchased from Dallas Animal Services.

(b) The owner of the aggressive dog shall renew the registration of the aggressive dog with the director annually and pay an annual aggressive dog registration fee of $50.

(c) The owner of an aggressive dog who does not comply with Subsection (a) shall deliver the dog to the director not later than the 30th day after learning that the animal is aggressive. (Ord. Nos. 30901; 31332, eff. 10/1/19)
SEC. 7-5.16.  ATTACKS BY AN AGGRESSIVE DOG.

(a) If a previously determined aggressive dog commits an act described in Section 7-5.12 of this article, the director may seize and impound the aggressive dog at the owner's expense pending a hearing before the municipal court in accordance with this section.

(b) Upon receipt of a sworn, written complaint by any person, including the director, of an incident described in Section 7-5.12 of this article, the municipal court shall conduct a hearing to determine whether an aggressive dog committed an act described in Section 7-5.12 of this article. The hearing must be conducted within 30 days after receipt of the complaint, but if the dog is already impounded, not later than 10 days after the date on which the dog was seized or delivered. The municipal court shall provide, by mail, written notice of the date, time, and location of the hearing to the owner of the aggressive dog and the complainant. Any interested party may present evidence at the hearing.

(c) At the conclusion of the investigation, the director shall:

(1) find that the aggressive dog did not commit an act described in Section 7-5.12 of this article, and, if the dog is impounded, order the director to waive any impoundment fees incurred and release the dog to its owner;

(2) find that the aggressive dog did commit an act described in Section 7-5.12 of this article, and order the director to seize and impound the dog, if the dog is not already impounded, and the aggressive dog will become the sole property of the city and is subject to disposition as the director deems appropriate.

(d) The owner of an aggressive dog is responsible for all costs of seizure, acceptance, and impoundment, and all costs must be paid before the dog will be released to the owner. (Ord. 30901)
ARTICLE VI.

PROHIBITED AND REGULATED ANIMALS.

SEC. 7-6.1. PROHIBITED ANIMALS.

(a) A person commits an offense if he:

(1) owns a prohibited animal for any purpose in the city; or

(2) sells, exchanges, gives away, or transfers a prohibited animal to any person in the city for use, retention, resale, or transfer as a pet or as a human’s companion.

(b) It is a defense to prosecution under Subsection (a)(1) that the person is:

(1) a federal, state, county, or municipal agency or an agent of such an agency acting in an official capacity that:

(A) has all required state and federal licenses and permits; and

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal;

(2) a research facility licensed by the United States Secretary of Agriculture under the Animal Welfare Act (7 U.S.C. Section 2131, et seq.), as amended, that:

(A) has all required state and federal licenses and permits;

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal;

(3) an organization that is an accredited member of the American Zoo and Aquarium Association that:

(A) has all required state and federal licenses and permits;

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal; and

(C) has on file with the director, on a form provided for that purpose, a current list describing all prohibited animals kept in the city by the organization and specifying the location where each animal is kept;

(4) transporting an injured, infirm, orphaned, or abandoned prohibited animal for care or treatment, if the person:

(A) has all required state and federal licenses and permits; and

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal;

(5) a licensed veterinarian, an incorporated humane society or animal shelter, or a person who holds a rehabilitation permit issued under Subchapter C, Chapter 43 of the Parks and Wildlife Code, as amended, who is temporarily treating or caring for a sick or injured prohibited animal, if the veterinarian, humane society, animal shelter, or rehabilitator:

(A) has all required state and federal licenses and permits; and

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal;
§ 7-6.1 Animals § 7-6.1

(6) a transient circus company not based in the State of Texas, if:

(A) the prohibited animal is used as an integral part of the circus performances;

(B) the animal is kept within the city only during the time the circus is performing in the city; and

(C) the circus:

(i) has all required state and federal licenses and permits;

(ii) is in compliance with all federal, state, and city laws or regulations applicable to the animal; and

(iii) has on file with the director, on a form provided for that purpose, a current list describing all prohibited animals kept in the city by the circus and specifying the location where each animal is kept;

(7) a television or motion picture production company that has temporary custody or control of the prohibited animal during the filming of a television or motion picture production in the city, if the production company:

(A) has all required state and federal licenses and permits;

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal; and

(C) has on file with the director, on a form provided for that purpose, a current list describing all prohibited animals kept in the city by the production company and specifying the location where each animal is kept;

(8) a college or university that owns and has possession, custody, or control of the prohibited animal solely as a mascot for the college or university, if the college or university:

(A) has all required state and federal licenses and permits;

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal; and

(C) has on file with the director, on a form provided for that purpose, a current list describing all prohibited animals kept in the city by the college or university and specifying the location where each animal is kept;

(9) transporting the prohibited animal in interstate commerce in compliance with the Animal Welfare Act (7 U.S.C. Section 2131, et seq.), as amended, and any regulations adopted under that act, if the person:

(A) has all required state and federal licenses and permits; and

(B) is in compliance with all federal, state, and city laws or regulations applicable to the prohibited animal;

(10) a person whose only business is to supply nonhuman primates directly and exclusively to biomedical research facilities and who holds a Class “A” or Class “B” dealer’s license issued by the United States Secretary of Agriculture under the Animal Welfare Act (7 U.S.C. Section 2131, et seq.), as amended, if:

(A) the prohibited animal is a nonhuman primate owned by and in the custody and control of the person;

(B) the person has all required state and federal licenses and permits;

(C) the person is in compliance with all federal, state, and city laws or regulations applicable to the animal; and
§ 7-6.1 Animals

(D) the person has on file with the director, on a form provided for that purpose, a current list describing all prohibited animals kept in the city by the person and specifying the location where each animal is kept;

(11) a participant in a species survival plan of the American Zoo and Aquarium Association for the species of prohibited animal owned by or in the possession, control, or custody of the person, if:

(A) the prohibited animal is an integral part of the species survival plan;

(B) the person has all required state and federal licenses and permits;

(C) the person is in compliance with all federal, state, and city laws or regulations applicable to the animal; and

(D) the person has on file with the director, on a form provided for that purpose, a current list describing all prohibited animals kept in the city by the person and specifying the location where each animal is kept; or

(12) exhibiting a prohibited animal (other than a dangerous wild animal as defined in Section 822.101 of the Texas Health and Safety Code, as amended) at the State Fair of Texas or at a special event conducted with written permission of the city, if the person:

(A) has all required state and federal licenses and permits;

(B) is in compliance with all federal, state, and city laws or regulations applicable to the animal; and

(C) has on file with the director, on a form provided for that purpose, a current list describing all prohibited animals kept in the city by the person and specifying the location where each animal is kept. (Ord. 26024)

§ 7-6.2 REGULATED ANIMALS.

(a) A person commits an offense if he owns a regulated animal for any purpose in the city without holding a valid regulated animal permit issued for the animal under this section.

(b) All defenses set forth in Section 7-6.1(b) relating to prohibited animals are defenses to prosecution under Subsection (a) of this section when applied to regulated animals.

(c) A regulated animal permit may be issued only to a person who is in the business of exhibiting one or more regulated animals to the public and who:

(1) has all required state and federal licenses and permits; and

(2) is in compliance with all federal, state, and city laws or regulations applicable to the regulated animal.

(d) Regulated animal permits are classified as follows:

(1) Annual regulated animal permit. Possession of an annual regulated animal permit is required to keep a regulated animal in the city for more than 10 days within any calendar year. The permit is valid for one year after the date of issuance, unless sooner revoked by the director, and may be renewed by filing an application in accordance with this section.

(2) Temporary regulated animal permit. Possession of a temporary regulated animal permit is required to keep a regulated animal in the city for not more than 10 days within any calendar year. The permit is valid for a period designated by the director not to exceed 10 days.

(e) The fees for a regulated animal permit are as follows:

(Ord. 26024)
§ 7-6.2 Animals

Type of Permit Fee
(1) Annual $500
(2) Temporary $250

(f) A regulated animal permit is nontransferable, and the permit fee is nonrefundable.

(g) An applicant for a regulated animal permit shall file an application with the director on a form provided for that purpose. The application must include:

(1) the name, address, and telephone number of the applicant;

(2) a complete identification of each regulated animal kept in the city, including species, sex, age (if known), and any distinguishing marks or coloration that would aid in the identification of the animal;

(3) the exact location where each regulated animal is to be kept; and

(4) any other information the director determines necessary to the enforcement and administration of this section.

(h) An application for a regulated animal permit must be accompanied by:

(1) the applicable regulated animal permit fee set forth in Subsection (e) of this section;

(2) proof, in a form acceptable to the director, that the applicant has the liability insurance required in Subsection (i) of this section; and

(3) if the applicant holds a Class “A” or Class “B” dealer’s license or a Class “C” exhibitor’s license issued by the United States Secretary of Agriculture under the Animal Welfare Act (7 U.S.C. Section 2131, et seq.), as amended, a clear and legible photocopy of the license.

(i) An owner of a regulated animal shall maintain liability insurance acceptable to the city, in an amount of not less than $100,000 for each occurrence, that provides coverage for any damage to or destruction of property, and for any death or bodily injury to a person, caused by the regulated animal.

(j) An owner of a regulated animal shall, at all reasonable times, allow the director or a designated licensed veterinarian to enter the premises where the animal is kept and to inspect the animal, the animal’s enclosure, and the owner’s records relating to the animal to ensure compliance with this section.

(k) An owner of a regulated animal may not permanently relocate the animal to another location in the city unless the owner first notifies the director in writing of the exact location to which the animal will be relocated.

(l) Within 10 days after the death, sale, or other disposition of a regulated animal, the owner of the animal shall notify the director in writing of that event.

(m) An owner of a regulated animal shall immediately notify the director of any attack on a human by the animal and of any escape by the animal.

(n) An owner of a regulated animal that escapes is liable for all costs incurred in apprehending and confining the animal. The city, animal services, and any law enforcement agency (and their employees and agents) are not liable to an owner of a regulated animal for damages arising in connection with the escape of the animal, including any liability for damage, injury, or death caused by the animal during or after its escape, or for injury to or death of the animal resulting from the apprehension or confinement of the animal after its escape.

(o) The director may establish caging requirements and standards for the keeping and confinement of a regulated animal to ensure that the animal is kept and confined in a manner that:

(1) protects and enhances the public’s health and safety;
§ 7-6.2 Animals

(2) prevents escape by the animal; and

(3) provides a safe, healthy, and humane environment for the animal.

(p) An owner of a regulated animal shall keep and confine the animal in accordance with the caging requirements and standards established by the director.

(q) For each regulated animal, the owner shall comply with all applicable standards of the Animal Welfare Act (7 U.S.C. Section 2131, et seq.), as amended, and with regulations adopted under that Act relating to:

(1) facilities and operations;

(2) animal health and husbandry; and

(3) veterinary care.

(r) An owner of a regulated animal commits an offense if he fails to comply with this section. Each animal with respect to which there is a violation and each day that a violation continues is a separate offense.

(s) The director shall deny issuance or renewal of a regulated animal permit if the applicant:

(1) makes a false statement of material fact on an application for a regulated animal permit;

(2) is not in compliance with this section or Article III of this chapter;

(3) is not in compliance with any conditions of the permit or any rules established by the director relating to the regulated animal;

(4) has had a regulated animal permit revoked by the director within the preceding 12 months; or

(5) intentionally or knowingly impeded a lawful inspection by the director or the director’s authorized representative.

(t) The director shall revoke a regulated animal permit if the director determines that the permit holder has:

(1) made a false statement of material fact on an application for a regulated animal permit;

(2) violated a provision of this section or Article III of this chapter;

(3) violated a condition of the permit or a rule established by the director relating to the regulated animal; or

(4) intentionally or knowingly impeded a lawful inspection by the director or the director’s authorized representative.

(u) If the director refuses to issue or renew a regulated animal permit, or revokes a regulated animal permit, the director shall send to the applicant or permit holder by certified mail, return receipt requested, written notice of the action, including the reason for the action, and a statement of the right to an appeal. The applicant or permit holder may appeal the decision of the director to a permit and license appeal board in accordance with Section 2-96 of this code. The filing of a request for an appeal hearing with the permit and license appeal board stays an action of the director in revoking a permit until the permit and license appeal board makes a final decision. (Ord. Nos. 26024; 29879, eff. 10/1/15; 31332, eff. 10/1/19)

ARTICLE VII.

MISCELLANEOUS.

SEC. 7-7.1. INTERFERENCE WITH AN ANIMAL SERVICES OFFICER.

A person commits an offense if he interferes with, hinders, or molests any employee or agent of animal services in the performance of official duties. (Ord. 26024)
SEC. 7-7.2. SALE OF ANIMALS FROM PUBLIC PROPERTY.

(a) A person commits an offense if he sells, exchanges, barters, or gives away, or offers to sell, exchange, barter, or give away, any animal from:

(1) any public property; or

(2) any property to which the public has access that does not have a valid certificate of occupancy allowing the sale of animals on the property.

(b) It is a defense to prosecution under Subsection (a) that the person is:

(1) animal services; or

(2) an animal adoption agency. (Ord. 26024)

SEC. 7-7.3. KEEPING OF ROOSTERS.

(a) In this section, ROOSTER means the male of the domestic fowl.

(b) A person commits an offense if he owns a live rooster on any premises within the city.

(c) It is a defense to prosecution under Subsection (b) that the rooster is:

(1) kept on premises upon which animal production is permitted under Section 51A-4.201 of the Dallas Development Code;

(2) being exhibited at the State Fair of Texas or at a special event conducted with written permission of the city;

(3) owned by a governmental entity or participating in a health, research, educational, or similar program conducted by a governmental entity;

(4) owned by a medical, educational, or research institution operating in compliance with all city ordinances and state and federal laws; or

(5) being held for slaughter in a slaughterhouse or meat packing plant operating in compliance with all city ordinances and state and federal laws.

(d) A person who owns a live rooster commits an offense if he:

(1) fails to confine the rooster at all times within an enclosure that is of sufficient height and strength to retain the rooster;

(2) confines the rooster in an enclosure that is wholly or partially located less than 20 feet from any adjacent property line;

(3) maintains the enclosure in which the rooster is confined in a manner that creates offensive odors, fly breeding, or any other nuisance or condition that is injurious to the public health, safety, or welfare; or

(4) allows the rooster to violate the noise restrictions of Section 7-7.4 of this chapter.

(e) For the purpose of calculating the distance requirement of Subsection (d)(2) of this section, the width of alleys, street rights-of-way, and other public rights-of-way will be used. The distance between a rooster enclosure and an adjacent property line must be measured in a straight line, without regard to intervening structures or objects, from the nearest exterior wall of the enclosure to the nearest property line. (Ord. 26024)

SEC. 7-7.4. DISTURBANCE BY ANIMALS.

(a) A person commits an offense if he knowingly owns an animal that unreasonably barks, howls, crows,
or makes other unreasonable noise near a private residence. Noise made by an animal is unreasonable under this subsection if the noise:

(1) continues more than 15 consecutive minutes; or

(2) exceeds the sound pressure level allowed in a residential district under the Dallas Development Code.

(b) A person who is disturbed by an animal that unreasonably barks, howls, crows, or makes other unreasonable noise near a private residence may file a disturbance complaint with the director. A disturbance complaint must include the name and address of the complainant, the location of the disturbance, the type of animal causing the disturbance, and the times that the animal is causing the disturbance.

(c) The director shall mail to the animal’s owner a notice that the disturbance complaint has been received. A copy of the notice must be mailed to the complainant.

(d) If, after receiving notice from the director that a disturbance complaint has been received, the owner continues to allow the animal to cause a disturbance:

(1) the complainant may file a complaint, in writing, with the city attorney; or

(2) the director may issue a citation to the owner for the violation of this section. (Ord. 26024)

SEC. 7-7.5. VACCINATION OF FERRETS.

(a) An owner of a ferret commits an offense if:

(1) the ferret is not currently vaccinated; or

(2) the owner fails to show a current certificate of vaccination and rabies tag for the ferret upon request by the director or a peace officer.

(b) It is a defense to prosecution under Subsection (a) that the ferret is:

(1) under four months of age; or

(2) unable to be vaccinated due to health reasons as verified by a licensed veterinarian.

(c) A licensed veterinarian who vaccinates a ferret for rabies shall issue to the owner of the ferret a current rabies tag and a certificate of vaccination and send a copy of the certificate of vaccination to the director by the 10th day of the month following the month in which the ferret was vaccinated. The certificate of vaccination must contain the following information:

(1) name, address, and telephone number of the owner;

(2) animal identification, including species, sex, age, size (pounds), predominant breed, and color;

(3) vaccine used, producer, expiration date, and serial number;

(4) date vaccinated and expiration date of the certificate of vaccination;

(5) rabies tag number; and

(6) veterinarian’s signature and license number. (Ord. 26024)

SEC. 7-7.6. ANIMALS AS PRIZES, PROMOTIONS, AND NOVELTIES.

A person commits an offense if he sells, exchanges, raffles, auctions, or gives away or offers to
sell, exchange, raffle, auction, or give away any live animal as:

(1) a prize;
(2) an inducement to enter a place of amusement or a business establishment; or
(3) an inducement to participate in a charitable fund-raising event. (Ord. 27250)

ARTICLE VIII.
VIOLATIONS, PENALTIES, AND ENFORCEMENT.

SEC. 7-8.1. VIOLATIONS; CRIMINAL AND CIVIL PENALTIES.

(a) A person who violates a provision of this chapter, or who fails to perform an act required of him by this chapter, commits an offense.

(b) A person violating a provision of this chapter commits a separate offense for each day or part of a day during which a violation is committed, continued, or permitted.

(c) The culpable mental state required for the commission of an offense under this chapter is governed by Section 1-5.1 of this code.

(d) Unless specifically provided otherwise in this chapter, an offense under this chapter is punishable by a fine not to exceed:

(1) $2,000 if the provision violated governs public health or sanitation;
(2) the amount fixed by state law if the violation is one for which the state has fixed a fine; or
(3) $500 for all other offenses.

(e) Unless specifically provided otherwise in this chapter or by state law, an offense under this chapter is punishable by a fine of not less than:

(1) $50 for a first conviction of a violation of Section 7-2.6(f), 7-2.7(d), 7-3.1, 7-4.2(a), 7-4.5, 7-4.6, 7-4.8, 7-7.2, or 7-7.4(a);
(2) $100 for a first conviction of a violation of Section 7-3.3, 7-4.1(a), 7-4.7, 7-4.10, 7-7.3, or 7-7.5(a); and
(3) $150 for a first conviction of a violation of Section 7-2.4(b), 7-3.2, 7-4.3(e), 7-4.11, 7-4.14, 7-6.1, 7-6.2, or 7-7.1.

(f) The minimum fines established in Subsection (e) will be doubled for the second conviction of the same offense within any 24-month period and trebled for the third and subsequent convictions of the same offense within any 24-month period. At no time may the minimum fine exceed the maximum fine established in Subsection (d).

(g) Prosecution for an offense under Subsection (a) does not prevent the use of civil enforcement remedies or procedures applicable to the person charged with or the conduct involved in the offense.

(h) In addition to imposing a criminal penalty, the city may, in accordance with Section 54.012(5) and (10) of the Texas Local Government Code, bring a civil action against a person violating a provision of this chapter. The civil action may include, but is not limited to, a suit to recover a civil penalty pursuant to Section 54.017 of the Texas Local Government Code not to exceed $1,000 for each day or portion of a day during which each violation is committed, continued, or permitted.

(i) As an alternative to imposing the criminal penalty prescribed in Subsections (d) and (e), the city may, as authorized by Section 54.044 of the Texas Local Government Code, impose administrative penalties, fees, and court costs in accordance with Article IV-b of...
Chapter 27 of this code for an offense under this chapter. The alternative administrative penalty range for an offense is the same as is prescribed in Subsections (d) and (e). The provisions of Article IV-b of Chapter 27 of this code pertaining to financial inability to comply with an administrative order do not apply to violations of this chapter. (Ord. Nos. 26024; 27250; 29403; 30901)

SEC. 7-8.2. ADDITIONAL ENFORCEMENT PROVISIONS.

(a) In addition to imposing a monetary penalty against a person convicted of an offense under this chapter, a court may do one or more of the following:

   (1) require the person, at the person's expense, to attend a responsible pet ownership program approved by the director;

   (2) revoke any permit issued to the person under this chapter;

   (3) require the person to have any animal owned by the person spayed or neutered within a time period specified by the court; or

   (4) impose any other conditions or restrictions that would reasonably abate the violation for which the person was convicted.

(b) Upon a person's third conviction of violating Section 7-3.1, 7-4.1, 7-4.2, 7-4.7, 7-4.10, 7-4.11, or 7-4.14 of this chapter, a court may do one or more of the following:

   (1) order the impoundment of any animal owned by the person, forfeit the person's ownership of the animal, and award sole possession of the animal to the city; or

   (2) suspend the person's right to own an animal in the city for a period of time as specified by the court. (Ord. Nos. 26024; 30483; 30901)

SEC. 7-8.3. RESERVED.

(Repealed by Ord. 30483)

SEC. 7-8.4. DALLAS ANIMAL WELFARE FUND.

(a) The Dallas Animal Welfare Fund is composed of:

   (1) All Dallas Animal Welfare Fund administrative penalties collected under Sections 27-16.16(b), 27-16.18(g), and 27-16.21(b) of Chapter 27 of this code;

   (2) 30 percent of all civil fines collected by the city for lawsuits filed in the municipal court under Subchapter B, Chapter 54 of the Texas Local Government Code; and

   (3) Any funds donated by an individual or entity, any of which may be refused by a majority vote of the city council.

(b) The director shall adopt rules and procedures consistent with this article for the administration of the Dallas Animal Welfare Fund.

(c) To be eligible to receive funds from the Dallas Animal Welfare Fund, a person must:

   (1) establish to the satisfaction of the director that the person’s income does not exceed the Dallas area median family income as determined by the U.S. Department of Housing and Urban Development; and

   (2) not have received funds from the Dallas Animal Welfare Fund within the preceding 24 months.

(d) The director may not make an award from the Dallas Animal Welfare Fund in excess of $1,000. The director may not make an award unless the award is for less than or equal to the amount in the Dallas Animal Welfare Fund at any one time. If the fund is
temporarily out of money, the director may not make an award until such time as there are additional funds equal to or exceeding the amount of the award. (Ord. 29403)

AMBULANCES.

SEC. 15D-1. STATEMENT OF POLICY.

It is the policy of the city to provide for the protection of the public interest as it relates to the transportation of the sick, injured, and deceased within the city, and as it relates to the efficient use of emergency medical services within the city. To this end, this article provides for the regulation of emergency ambulance service, emergency medical services, and private ambulance service to be administered in a manner that protects the public.
health and safety and promotes the public convenience and necessity. Nothing in this article will be construed to conflict with any state or federal law relating to emergency and private ambulance service. (Ord. Nos. 21861; 29544)

SEC. 15D-2. GENERAL AUTHORITY AND DUTY OF DIRECTOR.

The director shall implement and enforce this article and may by written order establish such rules and regulations, not inconsistent with this article, as the director determines necessary to discharge any duty under or to effect the policy of this article. (Ord. 21861)

SEC. 15D-3. ESTABLISHMENT OF RULES AND REGULATIONS.

(a) Before adopting, amending, or abolishing a rule or regulation, the director shall hold a public hearing on the proposal.

(b) The director shall fix the time and place of the hearing and, in addition to notice required under Article 6252-17, Vernon’s Texas Civil Statutes, shall notify each licensee and such other persons as the director determines are interested in the subject matter of the hearing.

(c) After the public hearing, the director shall notify the licensees and other interested persons of the action taken and shall post an order adopting, amending, or abolishing a rule or regulation on the official bulletin board in the city hall for a period of not fewer than 10 days. The order becomes effective immediately upon expiration of the posting period. (Ord. 21861)

SEC. 15D-4. DEFINITIONS.

In this article:

1. AMBULANCE means any motor vehicle constructed, reconstructed, arranged, equipped, or used for the purpose of transporting sick, injured, or deceased persons.

2. AMBULANCE CALL means the act of responding with an ambulance, for compensation, to a request for transportation of a sick, injured, or deceased person.

3. AMBULANCE PERSONNEL means a person who for compensation has the duty of performing or assisting in the performance of an ambulance call, including driving or acting as an attendant on an ambulance.

4. CITY means the city of Dallas, Texas.

5. CONVICTION means a conviction in a federal court or a court of any state or foreign nation or political subdivision of a state or foreign nation that has not been reversed, vacated, or pardoned.

6. DIRECTOR means the director of the department designated by the city manager to enforce and administer this article, or the director’s authorized representative.

7. EMERGENCY means any circumstance that calls for immediate action and in which the element of time in transporting a sick or injured person for medical treatment or in providing treatment for a sick or injured person is essential to the health, life, or limb of the person. Such circumstances include, but are not limited to, accidents generally, acts of violence resulting in personal injury, and sudden illnesses.

8. EMERGENCY AMBULANCE means an ambulance specially designed, constructed, equipped,
and used for transporting the sick or injured in answer to an emergency call.

(9) EMERGENCY CALL means any request for ambulance service that is made by telephone or other means of communication in circumstances that are, or have been represented to be, an emergency.

(10) EMERGENCY MEDICAL SERVICES means services used to respond to an individual’s perceived need for immediate medical care and to prevent death or aggravation of physiological or psychological illness or injury.

(11) EMERGENCY MEDICAL SERVICES VEHICLE means any motor vehicle constructed, reconstructed, arranged, equipped, or used in the mobile community healthcare program by the fire department for the purpose of providing emergency medical services but not for transporting sick, injured, or deceased persons.

(12) EMERGENCY PATIENT means a person in whom a sickness or injury may cause a significant risk to the person’s life or limb. Such sickness or injury may include, but is not limited to, trauma (major injury to the body, head, or extremities), chest pain, abdominal pain, unconsciousness, delirium, imminent delivery of a child, and serious infection.

(13) EMERGENCY PREHOSPITAL CARE means care provided to the sick or injured during emergency transportation to a medical facility and includes any necessary stabilization of the sick or injured in connection with that transportation.

(14) EMERGENCY RUN means an emergency ambulance trip, requiring the use of warning lights or sirens, to the place where an emergency exists or from the place of the emergency to a hospital, medical clinic or office, or other appropriate destination for the patient.

(15) FIRE ALARM DISPATCHER means the central communications center of the fire department.

(16) FIRE CHIEF means the chief of the fire department or the chief’s duly authorized representative.

(17) FIRE DEPARTMENT means the fire department of the city of Dallas, Texas.

(18) FIRE DEPARTMENT PARAMEDIC means a fire department employee certified as a paramedic by the Texas Department of State Health Services.

(18.1) HARDSHIP ASSISTANCE means the reduction of ambulance service charges assessed to a transported patient or the payment-responsible party on behalf of a transported patient approved by the city manager, department director, or designee.

(19) LAWFUL ORDER means a verbal or written directive issued by the director in the performance of official duties in the enforcement of this chapter and any rules and regulations promulgated under this chapter.

(20) LICENSE means written authorization issued by the director for a person to operate a private ambulance service within the city.

(21) LICENSEE means a person licensed under this article to engage in private ambulance service. The term includes any owner, operator, driver, ambulance personnel, employee, or agent of the licensed business, but does not include a subcontractor.

(22) MEDICAL DIRECTOR means a physician licensed by the Texas Medical Board who is under contract with the city to be responsible for all aspects of the provision of emergency medical services within the city under Title 22 of the Texas Administrative Code Chapter 197, as amended.

(23) MUTUAL AID CALL means a request for emergency ambulance service issued by one political jurisdiction to a neighboring political jurisdiction.
§ 15D-4  Emergency Vehicles  § 15D-5

(24) NEONATE/PEDIATRIC TRANSPORT PERSONNEL means a registered nurse, physician, or respiratory therapist specially trained in the emergency and transport care of newborn and pediatric patients.

(25) OPERATE means to drive or to be in control of an ambulance.

(26) OPERATOR means the driver of an ambulance, the owner of an ambulance, or the holder of a private ambulance service license.

(27) OWNER means the person to whom state license plates for a vehicle were issued.

(28) PERMIT means written authorization issued by the director for a person to act as an ambulance personnel on a private ambulance within the city.

(29) PERMITTEE means a person who has been issued an ambulance personnel permit by the director under this article.

(30) PERSON means any individual, corporation, business, trust, partnership, association, or other legal entity.

(31) POLICE CHIEF means the chief of police of the city of Dallas or the chief’s duly authorized representative.

(32) PRIVATE AMBULANCE means an ambulance constructed, equipped, and used for transporting sick, injured, or deceased persons under circumstances that do not constitute an emergency and have not been represented as an emergency.

(33) PRIVATE AMBULANCE SERVICE means the business of transporting, for compensation, sick, injured, or deceased persons under circumstances that do not constitute an emergency and have not been represented as an emergency.

(34) SPECIAL EVENT means any parade, sporting event, concert, or other event or gathering requiring on-site standby medical personnel.

(35) STREET means any street, alley, avenue, boulevard, drive, or highway commonly used for the purpose of travel within the corporate limits of the city. (Ord. Nos. 21861; 29544; 31289)

Division 2. Emergency Medical Services.

SEC. 15D-5. EMERGENCY AMBULANCE SERVICE PROVIDED BY FIRE DEPARTMENT; FEE.

(a) The fire department shall provide all emergency ambulance service within the city.

(b) The city shall charge the following fees for emergency ambulance services in the city provided in response to a call received by the fire department requesting the services:

________ (1) $1,578 for each transport of a resident of the city of Dallas to a hospital and $1,678 for each transport of a nonresident of the city of Dallas to a hospital.

________ (2) $125 for treatment of a person who is not transported by ambulance.

(b) The city shall charge the following fees for emergency ambulance services in the city provided in response to a call received by the fire department requesting the services:

(1) $1,868 for each transport of a resident of the city of Dallas to a hospital and $1,868 for each transport of a nonresident of the city of Dallas to a hospital.
(2) $125 for treatment of a person who is not transported by ambulance.

(3) The reasonable cost of any expendable items that are medically required to be used on a person transported by ambulance or treated without being transported by ambulance, including but not limited to drugs, dressings and bandages, airways, oxygen masks, intravenous fluids and equipment, syringes, and needles.

(4) The reasonable cost of any EKG/telemetry that is medically required to be performed on a person transported by ambulance or treated without being transported by ambulance.

(5) The reasonable cost of each additional paramedic over two that is medically required to respond to an emergency call.
§ 15D-5 Emergency Vehicles

(4) The reasonable cost of any EKG/telemetry that is medically required to be performed on a person transported by ambulance or treated without being transported by ambulance.

(5) The reasonable cost of each additional paramedic over two that is medically required to respond to an emergency call.

(6) $15 for each loaded mile of transport by ambulance, beginning when the patient is loaded into the ambulance and ending upon arrival at the hospital.

(c) The person receiving emergency ambulance service, whether transported by ambulance or treated without being transported by ambulance, and any person contracting for the service shall be responsible for payment of all fees. In the case of service received by a minor, the parent or guardian of the minor shall be responsible for payment of all fees.

(6) $15 for each loaded mile of transport by ambulance, beginning when the patient is loaded into the ambulance and ending upon arrival at the hospital.

(e) The person receiving emergency ambulance service, whether transported by ambulance or treated without being transported by ambulance, and any person contracting for the service shall be responsible for payment of all fees less any reduction in fees received from hardship assistance. In the case of service received by a minor, the parent or guardian of the minor shall be responsible for payment of all fees less any reduction in fees received from hardship assistance on behalf of the qualifying minor.

(d) A current list of charges for the items, services, and personnel described in Subsections (b)(3), (4), and (5) must be maintained in the office of the emergency medical services division of the fire department and made available for public inspection during normal business hours.

(e) The city manager or his or her designee shall adopt an ambulance hardship assistance policy and the procedures for administering the policy. (Ord. Nos. 21861; 22565; 24743; 26134; 27353; 29879; 30215; 31289; 31332, eff. 10/1/19)

SEC. 15D-5.1. MOBILE COMMUNITY HEALTHCARE PROGRAM PROVIDED BY FIRE
(2) The city’s mobile community healthcare program is designed to:

(A) support efficient and effective emergency medical services within the city;

(B) provide health education to residents;

(C) assess living environments that may be dangerous or detrimental to a citizen’s health and could contribute to an emergency situation; and

(D) respond to certain emergency medical situations by providing vaccinations and immunizations.

(3) The mobile community healthcare program is also intended to promote health and safety by referring mobile healthcare program participants to appropriate professionals and organizations in the community.

(4) Because police and fire personnel encounter many individuals while performing their duties, protecting those personnel from communicable diseases using appropriate vaccines or immunizations reduces the spread of such diseases and reduces the number of personnel unavailable to protect the safety of the public.

(b) General provisions.

(1) Texas Health and Safety Code Chapter 773, as amended, and Title 22 of the Texas Administrative Code Chapter 197, as amended, authorize fire department paramedics that are supervised by a physician licensed to practice medicine in Texas to provide emergency medical services.

(2) Under the mobile community healthcare program, fire department paramedics that are under the supervision of a physician licensed to practice medicine in Texas may use emergency medical
services vehicles to provide emergency medical services, including immunization and vaccinations, to:

(A) individuals that meet criteria established by the director;

(B) individuals identified through a contract executed under Paragraph (5) below; and

(C) police and fire personnel.

(3) The director shall promulgate standard operating procedures regarding emergency medical services provided by fire department paramedics as part of the mobile community healthcare program.

(4) A physician licensed to practice medicine in Texas shall develop, implement, and revise protocols and standing delegation orders regarding emergency medical services provided by the fire department paramedics as part of the mobile community healthcare program.

(5) The city may enter into contracts with hospitals within Dallas city limits authorizing fire department paramedics, through the mobile community healthcare program, to provide emergency medical services to certain individuals who reside in the city, meet criteria established by a contract, and are designated by the contracting hospital. These contracts with hospitals must:

(A) require that any emergency medical services provided by the fire department paramedics shall be provided under the supervision of the individual’s treating physician or the appropriate hospital medical staff and through the exercise of the supervising physician’s independent medical judgment;

(B) require that the hospital develop treatment protocols for their discharged individuals receiving emergency medical services from fire department paramedics through the mobile community healthcare program, and that those treatment protocols are deemed by the medical director to be within the scope of the fire department paramedics’ certification;

(C) require that any medications prescribed to individuals participating in the mobile community healthcare program will be prescribed by the individual’s treating physician or the appropriate hospital medical staff based on the prescribing physician’s relationship with the individual; and

(D) be reviewed and approved as to form by the compliance officer and director of risk management before consideration by city council.

(6) Nothing in this chapter shall be construed to restrict a physician from delegating administrative and technical or clinical tasks not involving the exercise of independent medical judgment to those specifically trained individuals instructed and directed by a licensed physician who accepts responsibility for the acts of such allied health personnel. Further, nothing shall be construed to relieve the supervising physician of the professional or legal responsibility for the care and treatment of his or her patients.

(c) Fees. The city shall charge a $252 per hour fee to hospitals utilizing emergency medical services in the city to provide mobile community healthcare.

(Ord. Nos. 29544; 31332, eff. 10/1/19)

SEC. 15D-5.2. EMERGENCY MEDICAL SERVICE TRAINING PROGRAM.

(a) Findings and purpose. The city partners with Emergency Medical Service (“EMS”) training programs throughout the city. Through the partnerships, the city provides students in the programs the opportunity to participate in ride-outs with Dallas Fire-Rescue EMS personnel for the purpose of attaining the necessary training hours required for program completion.

(b) Fees. The city shall charge the following fees for all training ride-out services:

(1) $75 per emergency medical training internship college district student.
SEC. 15D-6. PRIVATE EMERGENCY AMBULANCE SERVICE REGULATIONS.

(a) A person who is not a member of the fire department or of an agency of the United States commits an offense if he furnishes, operates, conducts, maintains, advertises, or otherwise engages in or professes to be engaged in emergency ambulance service within the city, for the purpose of picking up emergency patients within the city, except in the following circumstances:

(1) A person shall operate an emergency ambulance within the city to render assistance during a catastrophe or major emergency if requested to do so
by the fire alarm dispatcher when city-authorized emergency ambulances are determined to be insufficient in number or inadequate for other reasons.

(2) A person may operate an emergency ambulance within the city to render assistance to city-authorized emergency ambulances responding to a mutual aid call if requested to do so by the fire alarm dispatcher.

(3) A person may operate an emergency ambulance to a hospital within the city, if:

(A) the emergency patient was picked up by the ambulance outside the city limits;

(B) the ambulance making the emergency run is licensed and operated in accordance with the Emergency Medical Services Act (Chapter 773, Texas Health and Safety Code), as amended; and

(C) the person first notifies the fire alarm dispatcher of the route to be used in the emergency run.

(4) A licensee or permittee may operate a private ambulance within the city as a backup emergency ambulance if requested to do so by the fire alarm dispatcher when city-authorized emergency ambulances are not available.

(5) A permittee may operate a private ambulance on an emergency run if, upon responding to a direct call for nonemergency private ambulance service, the permittee determines that an emergency exists requiring the sick or injured person to be transported with all practical speed to a hospital and obtains permission from the fire alarm dispatcher to make the emergency run.

(6) A permittee may operate a private ambulance on an emergency run if, while performing the service of maintaining a private ambulance at a particular location for a special event, the permittee determines that an emergency exists requiring a sick or injured person to be transported with all practical speed to a hospital and obtains permission from the fire alarm dispatcher to make the emergency run.

(7) A permittee may operate a private ambulance on an emergency run to transport vital organs, including, but not limited to, hearts, lungs, kidneys, and eyes, to or from a hospital if the permittee obtains permission from the fire alarm dispatcher.

(8) A permittee may operate a private ambulance on an emergency run to transport a newborn or pediatric patient from a lower level skill facility to a higher level skill facility if:

(A) the patient’s doctor has determined that an emergency exists;

(B) the patient is accompanied by neonate/pediatric transport personnel; and

(C) the permittee obtains permission from the fire alarm dispatcher to make the emergency run.

(b) Any person who operates a licensed private ambulance on an emergency run under Subsection (a)(5), (6), (7), or (8) shall, within 30 days of each emergency run, submit to the director a report on a form provided for that purpose, describing the circumstances requiring the emergency run. (Ord. 21861)

Division 3. Private Ambulance Service License.

SEC. 15D-7. PRIVATE AMBULANCE SERVICE LICENSE REQUIRED.

(a) A person commits an offense if he operates a private ambulance service within the city without a
valid private ambulance service license issued by the director.

(b) A person commits an offense if he advertises or causes to be advertised the operation of a private ambulance service that does not have a valid license granted under this article when the advertisement is reasonably calculated to be seen by persons seeking private ambulance service in the city.

(c) A person commits an offense if he transports or offers to transport, for compensation, a sick, injured, or deceased person by private ambulance from a location within the city to a location either inside or outside the city without holding or being employed by a person holding a valid license issued under this article.

(d) A person commits an offense if he hires or employs a private ambulance service to pick up a sick, injured, or deceased person in the city when he knows the private ambulance service does not have a valid license under this article.

(e) It is a defense to prosecution under Subsection (b) that the person was the publisher of the advertising material and had no knowledge that the private ambulance service did not have a valid license under this article. (Ord. 21861)

SEC. 15D-8. QUALIFICATION FOR PRIVATE AMBULANCE LICENSE.

(a) To qualify for a private ambulance license, an applicant must:

1. be at least 18 years of age;
2. be currently authorized to work full-time in the United States;
3. be able to communicate in the English language; and
4. not have been convicted of a crime:
   (A) involving:
   i. criminal homicide as described in Chapter 19 of the Texas Penal Code;
   ii. kidnapping as described in Chapter 20 of the Texas Penal Code;
   iii. a sexual offense as described in Chapter 21 of the Texas Penal Code;
   iv. robbery as described in Chapter 29 of the Texas Penal Code;
   v. burglary as described in Chapter 30 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;
   vi. theft as described in Chapter 31 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;
   vii. fraud as described in Chapter 32 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;
   viii. tampering with a governmental record as described in Chapter 37 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;
(ix) public indecency (prostitution or obscenity) as described in Chapter 43 of the Texas Penal Code;

(x) the transfer, carrying, or possession of a weapon in violation of Chapter 46 of the Texas Penal Code, or of any comparable state or federal law, but only if the violation is punishable as a felony under the applicable law;

(xi) a violation of the Dangerous Drugs Act (Article 4476-14, Vernon’s Texas Civil Statutes), or of any comparable state or federal law, that is punishable as a felony under the applicable law;

(xii) a violation of the Controlled Substances Act (Article 4476-15, Vernon’s Texas Civil Statutes), or of any comparable state or federal law, that is punishable as a felony under the applicable law; or

(xiii) criminal attempt to commit any of the offenses listed in Subdivision (4)(A)(i) through (xii) of this subsection;

(B) for which:

(i) less than two years have elapsed since the date of conviction or the date of release from confinement imposed for the conviction, whichever is the later date, if the applicant was convicted of a misdemeanor offense;

(ii) less than five years have elapsed since the date of conviction or the date of release from confinement for the conviction, whichever is the later date, if the applicant was convicted of a felony offense; or

(iii) less than five years have elapsed since the date of the last conviction or the date of release from confinement for the last conviction, whichever is the later date, if, within any 24-month period, the applicant has two or more convictions of any misdemeanor offense or combination of misdemeanor offenses;

(b) An applicant who has been convicted of an offense listed in Subsection (a)(4), for which the required time period has elapsed since the date of conviction or the date of release from confinement imposed for the conviction, may qualify for a license only if the director determines that the applicant is presently fit to provide private ambulance service. In determining present fitness under this section, the director shall consider the following:

(1) the extent and nature of the applicant’s past criminal activity;

(2) the age of the applicant at the time of the commission of the crime;

(3) the amount of time that has elapsed since the applicant’s last criminal activity;

(4) the conduct and work activity of the applicant prior to and following the criminal activity;

(5) evidence of the applicant’s rehabilitation or rehabilitative effort while incarcerated or following release; and

(6) other evidence of the applicant’s present fitness, including letters of recommendation from prosecution, law enforcement, and correctional officers who prosecuted, arrested, or had custodial responsibility for the applicant; the sheriff and chief of police in the community where the applicant resides; and any other persons in contact with the applicant.

(c) It is the responsibility of the applicant, to the extent possible, to secure and provide to the director the evidence required to determine present fitness under Subsection (b) of this section. (Ord. 21861)
SEC. 15D-9. APPLICATION FOR LICENSE.

(a) To obtain a private ambulance service license, a person must make written application to the director upon a form provided for that purpose. The application must be signed and sworn to by an applicant who is the owner of the private ambulance service. The application must include the following:

1. The name, address, and telephone number of the applicant, the trade name under which the applicant does business, and the street address and telephone number of the business establishment from which the private ambulance service will be operated;

2. The form of business of the applicant and, if the business is a sole proprietorship, partnership, corporation, or association, a copy of the documents establishing the business and the name and address of each person with a direct interest in the business;

3. A statement of the nature and character of the service that the applicant proposes to provide, the facts showing the demand for the service, the experience that the applicant has had in providing such service, and the time period, if any, that the applicant provided such service within the city;

4. An identification and description of any revocation or suspension of a private ambulance service license held by the applicant or business before the date of filing the application;

5. The number and description of vehicles to be operated in the proposed service, including the year, make, model, vehicle identification number, and state license plate number and the class, size, design, and color scheme of each ambulance;

6. Documentary evidence from an insurance company indicating a willingness to provide insurance as required by this article;

7. Documentary evidence of payment of ad valorem taxes owed on the real and personal property to be used in connection with the operation of the proposed service if the business establishment is located in the city;

8. A list, to be current at all times, of the owners and management personnel of the private ambulance service and of all employees who will participate in private ambulance service, including names, addresses, dates of birth, state driver’s license numbers, and social security numbers;

9. A list of any claims or judgments against the applicant, other owners or management personnel, or employees for damages resulting from the negligent operation of an ambulance or any other vehicle;

10. Proof of financial ability and responsibility of the applicant;

11. Proof of a license from the Texas Department of Health to operate as an emergency medical services provider;

12. Any other information determined by the director to be necessary to the implementation and enforcement of this article or to the protection of the public safety; and

13. A nonrefundable application processing fee of $120.

(b) Reserved.

(c) A person desiring to engage in private ambulance service shall register with the director a trade name that clearly differentiates that person’s company from all other companies engaging in private ambulance service and shall use no other trade name for the private ambulance service. (Ord. Nos. 21861; 27695; 30215)
§ 15D-9.1 Emergency Vehicles

SEC. 15D-9.1. PUBLIC HEARING; BURDEN OF PROOF.

(a) Upon receipt of an application for a private ambulance service license, the director shall promptly call a public hearing to consider the application. The director shall publish notice of the hearing once in the official newspaper of the city, and post notice of the hearing on the official bulletin board in the city hall, not less than five nor more than 15 days before the date of the hearing and shall give at least five days’ written notice of the hearing to:

(1) the applicant;

(2) the fire department; and

(3) the city secretary’s office.

(b) At the public hearing, the director shall hear evidence from interested persons on relevant issues.

(c) The applicant for a license has the burden of proving that:

(1) the public convenience and necessity require the proposed private ambulance service;

(2) the applicant is qualified and financially able to provide the service proposed in the application;

(3) the proposed fares and rates to be charged by the applicant are reasonable; and

(4) the proposed operating procedures and type of service to be offered will not interfere with, or adversely affect, existing ambulance systems. (Ord. 21861)

SEC. 15D-9.2. LICENSE ISSUANCE; FEE; DISPLAY; TRANSFERABILITY.

(a) The director shall, within a reasonable time after the date of application, issue a private ambulance service license to an applicant who complies with the provisions of this article.

(b) A license issued to a private ambulance service authorizes the licensee and the licensee’s bona fide employees to engage in private ambulance service.

(c) The annual fee for a private ambulance service license is $445. The fee for issuing a duplicate license for one lost, destroyed, or mutilated is $5. The fee is payable to the director upon issuance of a license. No refund of a license fee will be made.

(d) A private ambulance service license issued under this article must be conspicuously displayed in the private ambulance service’s business establishment.

(e) A private ambulance service license, or any accompanying permit, badge, sticker, ticket, or emblem, is not assignable or transferable. (Ord. Nos. 21861; 30215)

SEC. 15D-9.3. EXPIRATION AND RENEWAL OF LICENSE.

(a) A private ambulance service license expires one year from the date of issuance. A licensee shall apply for a renewal at least 30 days before the expiration of the license. The director shall renew a license without a public hearing if, after investigation, the director determines that:

(1) the licensee has performed satisfactorily under the terms of the license;

(2) the service provided continues to be necessary and desirable; and

(3) the licensee continues to comply with all requirements of this article.

(b) If, after investigation of a renewal application, the director determines that a statement in Subsection (a)(1), (2), or (3) is not true, the director
shall call a public hearing and consider the renewal in the same manner as an original application. (Ord. 21861)

SEC. 15D-9.4. REFUSAL TO ISSUE OR RENEW LICENSE.

(a) The director shall refuse to issue or renew a private ambulance service license if the director determines that the applicant or licensee:

(1) made a false statement as to a material matter in an application for a license or license renewal, or in a hearing concerning the license;

(2) was convicted twice within a 12-month period or three times within a 24-month period for violation of this article;

(3) had a private ambulance service license suspended two times within the preceding 12 months or three times within the preceding 24 months, or revoked within the preceding 24 months;

(4) failed to comply with any requirement of this article or any rule or regulation established by the director under this article;

(5) was convicted for a violation of another city, state, or federal law or regulation that indicates lack of fitness of the applicant or licensee to operate a private ambulance service;

(6) was convicted of any felony offense while holding a private ambulance service license;

(7) used a trade name for a private ambulance service other than the one registered with the director; or

(8) is not fit, willing, or able to operate a private ambulance service in accordance with the license, this article, rules and regulations established by the director under this article, and other applicable state and federal laws.

(b) If the director determines that a license should be denied the applicant or licensee, the director shall notify the applicant or licensee in writing that the application is denied and include in the notice the reason for denial and a statement informing the applicant or licensee of the right of appeal. (Ord. 21861)

SEC. 15D-9.5. SUSPENSION AND REVOCATION OF LICENSE.

(a) The director may suspend or revoke a private ambulance service license if the director determines that the licensee:

(1) made a false statement as to a material matter in an application for a license or license renewal, or in a hearing concerning a license;

(2) failed to comply with any provision of this article or any rule or regulation established by the director under this article;

(3) was convicted for a violation of another city, state, or federal law or regulation that indicates lack of fitness of the licensee to operate a private ambulance service;

(4) is under indictment for or was convicted of any felony offense while holding a private ambulance service license;

(5) used a trade name for a private ambulance service other than the one registered for that service with the director;

(6) is not fit, willing, or able to continue to operate a private ambulance service in accordance with the license, this article, rules and regulations
established by the director under this article, and other applicable state and federal laws; or

(7) failed to pay all fees required by this article.

(b) The director may suspend a private ambulance service license for a period not to exceed 60 days. At the end of the suspension period, the licensee may file with the director a written request for reinstatement of the license. The director shall determine if the deficiency causing the suspension has been corrected by the licensee and approve or deny reinstatement.

(c) The director shall notify the licensee in writing of a suspension or revocation under this section and include in the notice:

(1) the reason for the suspension or revocation;

(2) the date the suspension or revocation becomes effective;

(3) the duration of a suspension; and

(4) a statement informing the licensee of the right of appeal.

(d) After receipt of a notice of suspension or revocation, the licensee shall, on the date specified in the notice, surrender the license to the director and discontinue operating a private ambulance service inside the city.

(e) Notwithstanding Subsection (d), if the licensee appeals a suspension or revocation under this section, the licensee may continue to operate a private ambulance service pending the appeal unless:

(1) the licensee fails to meet the minimum insurance requirements of Section 15D-9.26 of this article; or

(2) the director determines that continued operation by the licensee would impose a serious and imminent threat to the public safety.

(f) A person whose private ambulance service license is revoked shall not, before the expiration of 24 months from the date the director revokes the license or, in the case of an appeal, the date the permit and license appeal board affirms the revocation:

(1) apply for another private ambulance service license; or

(2) perform as an employee, representative, or ambulance personnel for a private ambulance service licensee. (Ord. 21861)

SEC. 15D-9.6. APPEAL FROM LICENSE SUSPENSION.

(a) If the director suspends a private ambulance service license, the action is final unless the licensee files an appeal, in writing, with the city manager within 10 business days after notice of suspension.

(b) The city manager or the city manager’s designated representative shall act as the appeal hearing officer in an appeal hearing under this section. The hearing officer shall give the appealing party an opportunity to present evidence and make argument. The formal rules of evidence do not apply to an appeal hearing under this section, and the hearing officer shall make a ruling on the basis of a preponderance of the evidence presented at the hearing.

(c) The hearing officer may affirm, modify, or reverse all or part of the action of the director being appealed. The decision of the hearing officer is final. (Ord. 21861)
§ 15D-9.7  \textbf{APPEAL FROM LICENSE DENIAL OR REVOCATION.}

If the director denies an application for a license or license renewal, or revokes a license, the action is final unless the applicant or licensee files an appeal with the permit and license appeal board in accordance with Section 2-96 of this code. (Ord. 21861)

\textbf{Division 4. Ambulance Personnel Permit.}

§ 15D-9.8 \textbf{AMBULANCE PERSONNEL PERMIT REQUIRED.}

(a) A person commits an offense if he drives or acts as an attendant on a private ambulance within the city without a valid ambulance personnel permit issued under this article. It is a defense to prosecution under this subsection that the person was riding in the ambulance solely as an observer or as an ambulance personnel trainee.

(b) A private ambulance service licensee shall not employ, contract with, or otherwise allow a person to drive or act as an attendant on a private ambulance owned, controlled, or operated by the licensee unless the person has a valid ambulance personnel permit issued under this article. (Ord. 21861)

§ 15D-9.9 \textbf{QUALIFICATION FOR AMBULANCE PERSONNEL PERMIT.}

(a) To qualify for an ambulance personnel permit, an applicant must:

(1) be at least 18 years of age;

(2) be currently authorized to work full-time in the United States;

(3) hold a valid driver’s license issued by the State of Texas;

(4) be able to communicate in the English language;

(5) have 20/20 vision in both eyes, with or without corrective lenses, and not be afflicted with a physical or mental disease or disability that is likely to prevent the person from exercising ordinary and reasonable control over a motor vehicle or that is likely to otherwise endanger the public health or safety;

(6) not have been convicted of more than four moving traffic violations arising out of separate transactions, nor involved in more than two motor vehicle accidents in which it could be reasonably determined that the applicant was at fault, within any 12-month period during the preceding 36 months;

(7) not have been convicted of a crime:

(A) involving:

(i) criminal homicide as described in Chapter 19 of the Texas Penal Code;

(ii) kidnapping as described in Chapter 20 of the Texas Penal Code;

(iii) a sexual offense as described in Chapter 21 of the Texas Penal Code;

(iv) an assaultive offense as described in Chapter 22 of the Texas Penal Code;

(v) robbery as described in Chapter 29 of the Texas Penal Code;

(vi) burglary as described in Chapter 30 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;
(vii) theft as described in Chapter 31 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;

(viii) fraud as described in Chapter 32 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;

(ix) tampering with a governmental record as described in Chapter 37 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in private or emergency ambulance service;

(x) public indecency (prostitution or obscenity) as described in Chapter 43 of the Texas Penal Code;

(xi) the private, carrying, or possession of a weapon in violation of Chapter 46 of the Texas Penal Code, or of any comparable state or federal law, that is punishable as a felony under the applicable law;

(xii) a violation of the Dangerous Drugs Act (Article 4476-14, Vernon’s Texas Civil Statutes), or of any comparable state or federal law, that is punishable as a felony under the applicable law;

(xiii) a violation of the Controlled Substances Act (Article 4476-15, Vernon’s Texas Civil Statutes), or of any comparable state or federal law, that is punishable as a felony under the applicable law; or

(xiv) criminal attempt to commit any of the offenses listed in Subdivision (7)(A)(i) through (xiii) of this subsection;

(B) for which:

(i) less than two years have elapsed since the date of conviction or the date of release from confinement imposed for the conviction, whichever is the later date, if the applicant was convicted of a misdemeanor offense;

(ii) less than five years have elapsed since the date of conviction or the date of release from confinement for the conviction, whichever is the later date, if the applicant was convicted of a felony offense; or

(iii) less than five years have elapsed since the date of the last conviction or the date of release from confinement for the last conviction, whichever is the later date, if, within any 24-month period, the applicant has two or more convictions of any misdemeanor offense or combination of misdemeanor offenses;

(8) not have been convicted of, or discharged by probation or deferred adjudication for, driving while intoxicated:

(A) within the preceding 12 months; or

(B) more than one time within the preceding five years;

(9) not be addicted to the use of alcohol or narcotics;

(10) be subject to no outstanding warrants of arrest;

(11) be sanitary and well-groomed in dress and person;

(12) be employed by a licensed private ambulance service;
§ 15D-9.9 Emergency Vehicles

(13) have successfully completed within the preceding 36 months a defensive driving course approved by the Texas Education Agency and be able to present proof of completion; and

(14) meet all standards and requirements for emergency medical services personnel set forth in the Emergency Medical Services Act (Chapter 773, Texas Health and Safety Code), as amended, and be currently certified by and registered with the Texas Department of Health as either a basic emergency medical technician, a specially skilled emergency medical technician, or a paramedic emergency medical technician.

(b) An applicant who has been convicted of an offense listed in Subsection (a)(7) or (8), for which the required time period has elapsed since the date of conviction or the date of release from confinement imposed for the conviction, may qualify for an ambulance personnel permit only if the director determines that the applicant is presently fit to engage in the occupation of ambulance personnel for a private ambulance service. In determining present fitness under this section, the director shall consider the following:

(1) the extent and nature of the applicant’s past criminal activity;

(2) the age of the applicant at the time of the commission of the crime;

(3) the amount of time that has elapsed since the applicant’s last criminal activity;

(4) the conduct and work activity of the applicant prior to and following the criminal activity;

(5) evidence of the applicant’s rehabilitation or rehabilitative effort while incarcerated or following release; and

(6) other evidence of the applicant’s present fitness, including letters of recommendation from prosecution, law enforcement, and correctional officers who prosecuted, arrested, or had custodial responsibility for the applicant; the sheriff and chief of police in the community where the applicant resides; and any other persons in contact with the applicant.

(c) It is the responsibility of the applicant, to the extent possible, to secure and provide to the director the evidence required to determine present fitness under Subsection (b) of this section and under Section 15D-9.15 of this article.

(d) As an additional qualification for an ambulance personnel permit, the director may require the applicant to pass an examination testing general knowledge of traffic laws and the geography of the city. (Ord. 21861)

SEC. 15D-9.10. APPLICATION FOR AMBULANCE PERSONNEL PERMIT.

To obtain an ambulance personnel permit or renewal of an ambulance personnel permit, a person must file with the director a completed written application on a form provided for that purpose and a nonrefundable application fee of $64. The director shall require each application to state any information the director considers necessary to determine whether an applicant is qualified. (Ord. Nos. 21861; 25048; 27695; 30215)

SEC. 15D-9.11. INVESTIGATION OF APPLICATION.

(a) For the purpose of determining qualification under Section 15D-9.9(a)(5) for a permit or permit renewal, the director may require an applicant to submit to a physical examination conducted by a licensed physician, at the applicant’s expense, and to

furnish to the director a signed statement from the physician certifying that the physician has examined the applicant and that in the physician’s professional opinion the applicant is qualified under Section 15D-9.9(a)(5).

(b) Upon request of the director, the police department shall investigate each applicant and furnish the director a report concerning the applicant’s qualification under Section 15D-9.9. The municipal court shall furnish the director a copy of the applicant’s motor vehicle driving record and a list of any warrants of arrest for the applicant that might be outstanding.

(c) The director may conduct any other investigation as the director considers necessary to determine whether an applicant for an ambulance personnel permit is qualified. (Ord. 21861)

SEC. 15D-9.12. ISSUANCE AND DENIAL OF AMBULANCE PERSONNEL PERMIT.

(a) If the director determines that an applicant is qualified, the director shall issue an ambulance personnel permit to the applicant. An ambulance personnel permit, or any accompanying badge, sticker, ticket, or emblem, is not assignable or transferable.

(b) The director shall delay until final adjudication the approval of the application of any applicant who is under indictment for or has charges pending for:

(1) a felony offense involving a crime described in Section 15D-9.9(a)(7)(A)(i), (ii), (iii), (iv), or (v) or criminal attempt to commit any of those offenses; or

(2) any offense involving driving while intoxicated.

(c) The director shall deny the application for an ambulance personnel permit if the director determines that the applicant:

(1) is not qualified under Section 15D-9.9;

(2) refuses to submit to or does not pass a medical examination authorized under Section 15D-9.11(a) or a written examination authorized under Section 15D-9.9(d);

(3) makes a false statement of a material matter in an application for an ambulance personnel permit or permit renewal, or in a hearing concerning the permit; or

(4) fails to comply with this article or any rule or regulation established by the director under this article.

(d) If the director determines that an ambulance personnel permit should be denied the applicant, the director shall notify the applicant in writing that the application is denied and include in the notice the reason for denial and a statement informing the applicant of the right of appeal. (Ord. 21861)

SEC. 15D-9.13. EXPIRATION OF PERMIT; VOIDANCE UPON SUSPENSION OR REVOCATION OF STATE DRIVER’S LICENSE.

(a) Except in the case of a provisional or probationary permit, an ambulance personnel permit expires one year from the date of issuance.

(b) If a permittee’s state driver’s license is suspended or revoked by the state, the ambulance personnel permit automatically becomes void. A permittee shall notify the director and the licensee for whom the permittee drives within three days of a suspension or revocation of a state driver’s license and
§ 15D-9.13 Emergency Vehicles

shall immediately surrender the ambulance personnel permit to the director and cease to drive or act as an attendant on a private ambulance. (Ord. 21861)

SEC. 15D-9.14. PROVISIONAL PERMIT.

(a) The director may issue a provisional ambulance personnel permit if the director determines that:

(1) the number of ambulance personnel is inadequate to meet the city’s need for private ambulance service, in which case he may issue the number necessary to meet the need; or

(2) it is necessary to allow the director to complete investigation of an applicant for an ambulance personnel permit.

(b) A provisional ambulance personnel permit expires on the date shown on the permit, which date shall not exceed 45 days after the date of issuance, or upon the applicant’s being denied an ambulance personnel permit, whichever occurs first.

(c) The director shall not issue a provisional permit to a person who has been previously denied an ambulance personnel permit. (Ord. 21861)

SEC. 15D-9.15. PROBATIONARY PERMIT.

(a) The director may issue a probationary ambulance personnel permit to an applicant who is not qualified for an ambulance personnel permit under Section 15D-9.9 if the applicant:

(1) could qualify under Section 15D-9.9 for an ambulance personnel permit within one year from the date of application;

(2) holds a valid state driver’s license or occupation driver’s license; and

(3) is determined by the director, using the criteria listed in Section 15D-9.9(b) of this article, to be presently fit to engage in the occupation of ambulance personnel.

(b) A probationary permit may be issued for a period not to exceed one year.

(c) The director may prescribe appropriate terms and conditions for a probationary permit as the director determines are necessary. (Ord. 21861)

SEC. 15D-9.16. DUPLICATE PERMIT.

If an ambulance personnel permit is lost, destroyed, or mutilated, the director may issue the permittee a duplicate permit upon receiving payment of a duplicate permit fee of $40. (Ord. Nos. 21861; 25048; 27695; 30215)

SEC. 15D-9.17. DISPLAY OF PERMIT.

A permittee shall keep an ambulance personnel permit in the permittee’s possession at all times while on duty. The permittee shall allow the director, the fire chief, or a peace officer to examine the ambulance personnel permit upon request. (Ord. 21861)

SEC. 15D-9.18. SUSPENSION BY A DESIGNATED REPRESENTATIVE.

(a) If a representative designated by the director to enforce this article determines that a permittee has failed to comply with this article (except Section 15D-9.9) or a regulation established under this article, the representative may suspend the ambulance personnel permit for a period of time not to exceed three days by personally serving the permittee with a written notice of the suspension. The notice must include:
§ 15D-9.18 Emergency Vehicles

(1) the reason for suspension;
(2) the date the suspension begins;
(3) the duration of the suspension; and
(4) a statement informing the permittee of the right of appeal.

(b) A suspension under this section may be appealed to the director if the permittee requests an appeal at the time the representative serves notice of the suspension. When an appeal is requested, the suspension may not take effect until a hearing is provided by the director.

(c) The director may order an expedited hearing under this section, to be held as soon as possible after the permittee requests an appeal. The director may affirm, reverse, or modify the order of the representative. The decision of the director is final. (Ord. 21861)

SEC. 15D-9.19. SUSPENSION OF AMBULANCE PERSONNEL PERMIT.

(a) If the director determines that a permittee has failed to comply with this article (except Section 15D-9.9) or a regulation established under this article, the director may suspend the ambulance personnel permit for a definite period of time not to exceed 60 days.

(b) If at any time the director determines that a permittee is not qualified under Section 15D-9.9, or is under indictment or has charges pending for any offense involving driving while intoxicated or a felony offense involving a crime described in Section 15D-9.9(a)(7)(A)(i), (ii), (iii), (iv), or (v) or criminal attempt to commit any of those offenses, the director shall suspend the ambulance personnel permit until the director determines that the permittee is qualified or that the charges against the permittee have been finally adjudicated.

(c) A permittee whose ambulance personnel permit is suspended shall not drive or act as an attendant on a private ambulance within the city during the period of suspension.

(d) The director shall, in writing, notify the permittee and the licensee employing the permittee of a suspension under this section. The notice must include:

(1) the reason for the suspension;
(2) the date the permittee requests an appeal;
(3) the duration of the suspension or if it is under Subsection (b); and
(4) a statement informing the permittee of the right of appeal.

(e) The period of suspension begins on the date specified by the director or, in the case of an appeal, on the date ordered by the appeal hearing officer. (Ord. 21861)

SEC. 15D-9.20. REVOCATION OF AMBULANCE PERSONNEL PERMIT.

(a) The director may revoke an ambulance personnel permit if the director determines that the permittee:

(1) drove or acted as an attendant on a private ambulance within the city during a period in which the permittee’s ambulance personnel permit was suspended;
(2) made a false statement of a material matter in an application for an ambulance personnel permit or permit renewal, or in a hearing concerning the permit;

(3) engaged in conduct that constitutes a ground for suspension under Section 15D-9.19 and received either a suspension in excess of three days or a conviction for violation of this article, two times within the 12-month period preceding the conduct or three times within the 24-month period preceding the conduct;

(4) engaged in conduct that could reasonably be determined to be detrimental to the public safety;

(5) failed to comply with a condition of a probationary permit; or

(6) is under indictment for or was convicted of any felony offense while holding an ambulance personnel permit.

(b) A person whose ambulance personnel permit is revoked shall not:

(1) apply for another ambulance personnel permit before the expiration of 12 months from the date the director revokes the permit or, in the case of an appeal, the date the appeal hearing officer affirms the revocation; or

(2) drive or act as an attendant on any private ambulance within the city.

(c) The director shall, in writing, notify the permittee and the licensee employing the permittee of a revocation. The notice shall include:

(1) the reason for the revocation;

(2) the date the director orders the revocation; and

(3) a statement informing the permittee of the right of appeal. (Ord. 21861)

SEC. 15D-9.21. PRIVATE AMBULANCE OPERATION AFTER SUSPENSION, REVOCATION, OR DENIAL OF PERMIT RENEWAL.

(a) After receiving notice of suspension or revocation of a permit or denial of a permit renewal, the permittee shall, on the date specified in the notice, surrender the ambulance personnel permit to the director and discontinue driving or acting as an attendant on a private ambulance within the city.

(b) Notwithstanding Section 15D-9.19(c), Section 15D-9.20(b)(2), and Subsection (a) of this section, if the permittee appeals the suspension or revocation of an ambulance personnel permit, the permittee may continue to drive or act as an attendant on a private ambulance within the city pending the appeal unless:

(1) the permittee is not qualified under Section 15D-9.9; or

(2) the director determines that continued operation by the permittee would impose an immediate threat to the public safety. (Ord. 21861)

SEC. 15D-9.22. APPEAL OF DENIAL, SUSPENSION, OR REVOCATION.

(a) A person may appeal a denial of an ambulance personnel permit or permit renewal, suspension of an ambulance personnel permit, or revocation of an ambulance personnel permit, if the person requests an appeal in writing, delivered to the city manager not more than 10 business days after notice of the director’s action is received.
(b) The city manager or the city manager’s designated representative shall act as the appeal hearing officer in an appeal hearing under this section. The hearing officer shall give the appealing party an opportunity to present evidence and make argument. The formal rules of evidence do not apply to an appeal hearing under this section, and the hearing officer shall make a ruling on the basis of a preponderance of the evidence presented at the hearing.

(c) The hearing officer may affirm, modify, or reverse all or part of the action of the director being appealed. The decision of the hearing officer is final as to available administrative remedies. (Ord. 21861)

SEC. 15D-9.23. CURRENT MAILING ADDRESS OF PERMITTEE.

A person issued an ambulance personnel permit shall maintain a current mailing address on file with the director. The permittee shall notify the director of any change in this mailing address within 10 business days of the change. (Ord. 21861)

Division 5. Miscellaneous Regulations.

SEC. 15D-9.24. DUTY OF LICENSEE AND PERMITTEE TO COMPLY.

(a) Licensee. In the operation of a private ambulance service, a licensee shall comply with the terms and conditions of the license, lawful orders of the director, this article, rules and regulations established under this article, and other city ordinances and state and federal laws applicable to the operation of a private ambulance service.

(b) Permittee. While driving or acting as an attendant on a private ambulance within the city, a permittee shall comply with the terms and conditions of the permit, this article, rules and regulations established under this article, other city ordinances and state and federal laws applicable to the operation of a motor vehicle and applicable to emergency medical services personnel, lawful orders of the director, and orders issued by the private ambulance service licensee employing the permittee in connection with the licensee’s discharge of duties under the license and this article. (Ord. 21861)

SEC. 15D-9.25. LICENSEE’S DUTY TO ENFORCE COMPLIANCE BY PERMITTEES.

(a) A private ambulance service licensee shall establish policy and take action to discourage, prevent, or correct violations of this article by ambulance personnel who are employed by the licensee.

(b) A private ambulance service licensee shall not allow any ambulance personnel employed by the licensee to operate a private ambulance within the city if the licensee knows or has reasonable cause to suspect that the ambulance personnel has failed to comply with this article, rules and regulations established by the director, or other applicable law. (Ord. 21861)

SEC. 15D-9.26. INSURANCE.

(a) A licensee shall procure and keep in full force and effect automobile liability insurance, malpractice insurance, and commercial general liability insurance written by an insurance company approved by the State of Texas and acceptable to the city and issued in the standard form approved by the Texas Department of Insurance. All provisions of the policies must be acceptable to the city. The insured provisions of each policy must name the city and its officers and employees as additional insureds, and the coverage provisions must provide coverage for any loss or damage that may arise to any person or property by reason of the operation of a private ambulance service by the licensee.
§ 15D-9.26 Emergency Vehicles

(b) The automobile liability insurance must provide combined single limits of liability for bodily injury and property damage of not less than $300,000 for each occurrence, or the equivalent, for each ambulance used by the licensee, with a maximum deductible not to exceed the amount allowed by the Texas Safety Responsibility Act (6701h, Vernon's Texas Civil Statutes), as amended. The insurance must include uninsured and underinsured motorist coverage in amounts of not less than $20,000 per person and $40,000 per accident for bodily injury and $15,000 per accident for property damage, or the equivalent. Aggregate limits of liability are prohibited.

(c) The malpractice insurance must provide limits of liability of not less than $300,000 for each claim, or the equivalent.

(d) The commercial general liability insurance must be broad form and provide limits of liability for bodily injury and property damage of not less than $300,000 combined single limit, or the equivalent.

(e) If a vehicle is removed from service, the licensee shall maintain the insurance coverage required by this section for the vehicle until the director receives satisfactory proof that all evidence of operation as an ambulance has been removed from the vehicle.

(f) Insurance required under this section must include:

(1) a cancellation provision in which the insurance company is required to notify the director in writing not fewer than 10 days before canceling, failing to renew, or making a material change to the insurance policy; and

(2) a provision to cover all vehicles, whether owned or not owned by the licensee, operated under the private ambulance service license.

(g) A license will not be granted or renewed unless the applicant or licensee furnishes the director with such proof of insurance as the director considers necessary to determine whether the applicant or licensee is adequately insured under this section.

(h) If the insurance of a licensee lapses or is canceled and new insurance is not obtained, the director shall suspend the license until the licensee provides evidence that insurance coverage required by this section has been obtained. A person shall not operate a private ambulance service while a license is suspended under this section whether or not the action is appealed. A $100 fee must be paid before a license suspended under this section will be reinstated. (Ord. 21861)

SEC. 15D-9.27. PRIVATE AMBULANCE SERVICE.

(a) Each private ambulance service licensee shall:

(1) be available to provide private ambulance service at least Monday through Friday from 8:30 a.m. to 5:00 p.m., except on legal holidays; and

(2) have a working, publicly-listed telephone that must be physically answered by the licensee or an employee 24 hours a day.

(b) A licensee shall provide the director with not less than 10 days' written notice prior to any change in the business address or telephone number of the private ambulance service.

(c) A licensee who experiences interruption of telephone service to the place of business shall notify the director immediately. (Ord. 21861)
SEC. 15D-9.28. APPAREL TO BE WORN BY AMBULANCE PERSONNEL.

(a) A licensee shall specify and require an item of apparel or an item placed on the apparel to be worn by ambulance personnel employed by the licensee, which item must be of such distinctive and uniform design as to readily identify the licensee’s service and must bear the name of the licensee’s service. The item specified by each licensee must be approved by the director to ensure that ambulance personnel of one licensee may be easily distinguished from ambulance personnel of another and to ensure the neat appearance of ambulance personnel.

(b) While on duty, ambulance personnel shall wear the item specified by the licensee who employs the ambulance personnel and shall comply with such other identification regulations prescribed in the private ambulance service license. (Ord. 21861)

SEC. 15D-9.29. RECORDS AND REPORTS OF PRIVATE AMBULANCE SERVICE.

(a) Each licensee shall maintain at a single location accurate business records of the private ambulance service. A licensee shall make records available for inspection by the director upon request. (Ord. 21861)

SEC. 15D-9.30. MISCELLANEOUS OFFENSES.

(a) A person commits an offense if he:

(1) intentionally follows any police car or fire apparatus that is traveling in response to an emergency call with red lights and siren or intentionally follows any ambulance to or near the scene of an emergency call;

(2) by word or gesture, solicits on a public street within the city the business of transporting a sick, injured, or deceased person for compensation;

(3) intentionally informs the fire alarm dispatcher, police dispatcher, or other fire or police official that an ambulance or more than one ambulance is needed at a location or address when the person knows that such a statement is false; or

(4) operates a private ambulance or uses any equipment in providing private ambulance service that fails to comply with all minimum safety and equipment standards required for a basic life support vehicle by the Emergency Medical Services Act (Chapter 773, Texas Health and Safety Code), as amended, or by any rule or regulation promulgated under that act.

(b) A licensee or permittee commits an offense if he:

(1) causes, induces, or seeks to induce, without good cause, a change of destination to or from a hospital or other place specified by the person requesting private ambulance service; or

(3) operates or permits the operation of a private ambulance on an emergency run or in response to an emergency call or with the use of red lights and sirens, without obtaining permission from the fire alarm dispatcher. (Ord. 21861)

DIVISION 7. VEHICLES AND EQUIPMENT.

SEC. 15D-9.31. INSPECTION OF PRIVATE AMBULANCES AND EQUIPMENT.

(a) A licensee shall only provide private ambulance service with vehicles designed and constructed to transport sick and injured persons in
comfort and safety. A licensee shall maintain vehicles in safe mechanical condition and shall maintain the interior and exterior of the vehicles in good repair and in a clean, sanitary condition.

(b) A licensee or applicant for a license shall have each vehicle to be used in private ambulance service inspected in a manner approved by the director before issuance of a license and at such other times as may be ordered by the director. Inspection must determine safety of the vehicle, condition of maintenance, and compliance with state and federal laws.

(c) The fee for each inspection of each vehicle to be operated under a private ambulance service license is $131.

(d) If a vehicle is involved in an accident or collision during the term of the license, the licensee shall notify the director within five days after the accident or collision. Before operating the vehicle again under the license, a licensee shall have the vehicle reinspected for safety and shall send to the director a sworn affidavit that the vehicle has been restored to its previous condition.

(e) The director shall designate the time and place for annual inspection of vehicles operated under a license. If the director designates someone other than a city employee to perform the inspection, the applicant or licensee shall bear the reasonable cost of inspection.

(f) A licensee may contract for maintenance but shall be responsible for maintaining all vehicles operated under the license in safe operating condition. (Ord. Nos. 21861; 25048; 30215)

SEC. 15D-9.32. VEHICLES AND EQUIPMENT.

(a) The licensee, owner, or permittee of a private ambulance shall provide and maintain in the vehicle all equipment required by the director, which shall be specified in the private ambulance service license.

(b) Each vehicle must have:

(1) a paint scheme that has been approved by the director;

(2) the trade name of the company and the equipment number permanently affixed in a manner and location approved by the director; and

(3) a decal complying with Section 15D-9.33.

(c) Each private ambulance must be licensed as an emergency medical services vehicle with the Texas Department of Health. Each private ambulance and all private ambulance equipment must comply with all applicable federal and state motor vehicle safety standards and with the standards for emergency medical services vehicles set forth in the Emergency Medical Services Act (Chapter 773, Texas Health and Safety Code), as amended. All safety mechanisms on each vehicle must be operative and in good repair, including, but not limited to, headlights, taillights, turn signals, brakes, brakelights, emergency lights, windshield wipers, wiper blades, handles opening doors and windows, tires, and spare tires.

(d) Each private ambulance, while on an ambulance call, must be accompanied by at least two ambulance personnel permitted under this article. One of the ambulance personnel shall serve as the driver while the other remains in attendance on the sick or injured patient.

(e) Clean and sanitary bed linens must be provided on each private ambulance for each patient carried. Bed linens must be changed as soon as practical after the discharge of a patient, but before picking up another patient. (Ord. 21861)

SEC. 15D-9.33. DECALS.

(a) A licensee shall obtain from the director a decal indicating a private ambulance’s authority to
operate in the city. The decal must be attached to each vehicle in a manner and location approved by the director.

(b) The director may cause a decal to be removed from a private ambulance that at any time fails to meet the minimum standards for appearance, condition, age, or equipment. The fee for reissuance of a decal to a private ambulance from which a decal has been removed by the director is $10. The fee for a duplicate decal for one lost, destroyed, or mutilated, is $5.

(c) A person commits an offense if he:

(1) operates a private ambulance in the city with an expired decal or with no decal affixed to it; or

(2) attaches a decal to a vehicle not authorized to operate as a private ambulance in the city. (Ord. 21861)

Division 8. Enforcement.

SEC. 15D-9.34. AUTHORITY TO INSPECT.

The director, the fire chief, or a peace officer may inspect a private ambulance service operating in the city to determine whether the service complies with this article, rules and regulations established by the director under this article, and other applicable law. (Ord. 21861)

SEC. 15D-9.35. ENFORCEMENT BY POLICE DEPARTMENT.

Officers of the police department shall assist in the enforcement of this article. A police officer, upon observing a violation of this article or the rules and regulations established by the director under this article, shall take necessary enforcement action to insure effective regulation of private ambulance service. (Ord. 21861)

SEC. 15D-9.36. CORRECTION ORDER.

(a) If the director determines that a licensee is in violation of the terms of the license, this article, the rules and regulations established by the director under this article, a lawful order of the director, or other applicable law, the director may notify the licensee in writing of the violation and by written order direct the licensee to correct the violation within a reasonable period of time. In setting the time for correction, the director shall consider the degree of danger to the public health or safety and the nature of the violation. If the violation involves equipment that is unsafe or functioning improperly, the director shall order the licensee to immediately cease use of the equipment.

(b) If the director determines that a violation is an imminent and serious threat to the public health or safety, the director shall order the licensee to correct the violation immediately. If the licensee fails to comply, the director shall promptly take or cause to be taken any action he considers necessary to the immediate enforcement of the order.

(c) The director shall include in a notice issued under this section:

(1) an identification of the violation;

(2) the date of issuance of the notice;

(3) the time period within which the violation must be corrected;

(4) a warning that failure to comply with the order may result in suspension or revocation of the license, imposition of a fine, or both; and

(5) a statement indicating that the order may be appealed to the city manager. (Ord. 21861)
SEC. 15D-9.37. SERVICE OF NOTICE.

(a) A private ambulance service licensee shall designate and maintain a representative to:

(1) receive service of notice required under this article to be given a licensee; and

(2) serve notice required under this article to be given an ambulance personnel permittee employed by a licensee.

(b) Notice required under this article to be given:

(1) a licensee must be personally served by the director on the licensee or the licensee’s designated representative or served by certified United States mail, five-day return receipt requested, to the address last known to the director of the person to be notified, or to the designated representative of the licensee;

(2) a permittee must be personally served by the director or served by certified United States mail, five-day return receipt requested, to the address last known to the director of the person to be notified, or to the designated representative for the permittee; or

(3) a person other than a permittee or a licensee under this article may be served in the manner prescribed by Subsection (b)(2) of this section.

(c) Service executed in accordance with this section constitutes notice to the person to whom the notice is addressed. The date of service for a notice that is mailed is the date of receipt. (Ord. 21861)

SEC. 15D-9.38. APPEAL.

(a) A licensee may appeal a correction order issued under Section 15D-9.36 if an appeal is requested in writing not more than 10 days after notice of the order or action is received.

(b) The city manager or the city manager’s designated representative shall act as the appeal hearing officer in an appeal hearing under this section. The hearing officer shall give the appealing party an opportunity to present evidence and make argument. The formal rules of evidence do not apply to an appeal hearing under this section, and the hearing officer shall make a ruling on the basis of a preponderance of evidence presented at the hearing.

(c) The hearing officer may affirm, modify, or reverse all or a part of the order of the director. The decision of the hearing officer is final. (Ord. 21861)

SEC. 15D-9.39. CRIMINAL OFFENSES; DEFENSES.

(a) A person commits an offense if he violates or attempts to violate a provision of this article applicable to him. A culpable mental state is not required for the commission of an offense under this article unless the provision defining the conduct expressly requires a culpable mental state. A separate offense is committed each time an offense occurs. An offense committed under this article is punishable by a fine of not less than $100 nor more than $2,000.

(b) It is a defense to prosecution under this article that a person or vehicle was transporting a deceased person within the city solely for:

(1) a funeral home for the purpose of burial or preparation for burial; or

(2) a county medical examiner’s office.

(c) It is a defense to prosecution under Section 15D-7(a), (c), and (d); Section 15D-9.8; Section 15D-9.32(a), (b), (d), and (e); and Section 15D-9.33(c)(1) that a private ambulance service was only picking up a sick, injured, or deceased person at a health care facility within the city for the purpose of transporting that person by private ambulance to a location outside...
the city pursuant to the terms of a subscription program for emergency medical services approved by the Texas Board of Health in accordance with Section 773.011 of the Texas Health and Safety Code, as amended, provided that:

(1) the sick, injured, or deceased person was a prepaid subscriber to the program operated by the private ambulance service;

(2) the sick, injured, or deceased person was originally transported from a location outside the city to a health care facility within the city by the same private ambulance service;

(3) the private ambulance service does not have a place of business located within any county in which the city of Dallas is incorporated;

(4) the private ambulance service complies with all state requirements for emergency medical services providers, emergency medical services personnel, and private ambulances; and

(5) the private ambulance service does not pick up sick, injured, or deceased persons in the city more than 15 times within any 12-month period.

(d) Prosecution of an offense under Subsection (a) does not prevent the use of other enforcement remedies or procedures applicable to the person charged with or the conduct involved in the offense. (Ord. 21861)

ARTICLE II.

EMERGENCY WRECKERS.

SEC. 15D-10. STATEMENT OF POLICY.

It is the policy of the city to provide for the protection of the public interest as it relates to the removal of wrecked, disabled, and illegally parked vehicles from public streets and other public property. To this end, this article provides for the regulation of emergency wrecker service, to be administered in a manner that protects the public health and safety and promotes the public convenience and necessity. (Ord. 24661)

SEC. 15D-11. POWERS AND DUTIES OF THE DIRECTOR.

In addition to the powers and duties prescribed elsewhere in this article, the director is authorized to:

(1) administer and enforce all provisions of this article;

(2) keep records of all licenses and permits issued, suspended, or revoked under this article;

(3) keep records of all authorized emergency wreckers;

(4) by written order establish such rules and regulations, consistent with this article, as may be determined necessary to discharge the director’s duty under, or to effect the policy of, this article;

(5) adopt new emergency wrecker procedures for experimentation on a temporary basis, after reasonable notice to the licensees;
§ 15D-11 Emergency Vehicles

(6) conduct, when appropriate, periodic investigations of emergency wrecker companies throughout the city; and

(7) require periodic reports as necessary to evaluate each emergency wrecker company’s operations. (Ord. Nos. 13977; 14685; 15612; 16850; 24661)

SEC. 15D-12. POWERS AND DUTIES OF THE CHIEF OF POLICE.

In addition to the powers and duties prescribed elsewhere in this article, the chief of police is authorized to:

(1) enforce all provisions of this article;

(2) by written order establish such rules and regulations, consistent with this article, as may be determined necessary to discharge the chief of police’s duty under, or to effect the policy of, this article;

(3) adopt new emergency wrecker procedures for experimentation on a temporary basis, after reasonable notice to the licensees;

(4) conduct, when appropriate, periodic investigations of emergency wrecker companies throughout the city; and

(5) keep records of service adequacy and responsiveness of licensees and provide these records to the director upon request. (Ord. Nos. 13977; 14685; 16850; 24661)

SEC. 15D-13. ESTABLISHMENT OF RULES AND REGULATIONS.

(a) Before adopting, amending, or abolishing a rule or regulation, the director or the chief of police shall hold a public hearing on the proposal.

(b) The director or the chief of police shall fix the time and place of the hearing and, in addition to notice required under the Public Information Act (Chapter 552, Texas Government Code), as amended, shall notify each licensee and such other persons as the director or chief of police determines are interested in the subject matter of the hearing.

(c) After the public hearing, the director or the chief of police shall notify the licensees and other interested persons of the action taken and shall post an order adopting, amending, or abolishing a rule or regulation on the official bulletin board in the city hall for a period of not fewer than 10 days. The order becomes effective immediately upon expiration of the posting period. (Ord. Nos. 24661; 27487)

SEC. 15D-14. EXCEPTIONS.

(a) This article does not apply to an emergency wrecker company providing emergency wrecker service within the city of Dallas on behalf of another city in the performance of the terms of a duly authorized interlocal agreement between the city of Dallas and the other city if:

(1) the emergency wrecker company holds a valid license from and is in good standing with the other city;

(2) the other city’s regulation of emergency wrecker companies and emergency wrecker service is as strict as or stricter than regulation by the city of Dallas;

(3) the emergency wrecker company would not be disqualified under Section 15D-22 from holding an emergency wrecker service license under this article;

(4) the emergency wrecker company complies with the vehicle and equipment specifications and the hours of operation required respectively by Sections 15D-58 and 15D-52;
§ 15D-14 Emergency Vehicles

(5) the emergency wrecker company complies with the insurance requirements of Section 15D-46; and

(6) the emergency wrecker company does not charge more for emergency wrecker service provided in the city of Dallas than is allowed under Section 15D-57.

(b) This article does not apply to:

(1) a governmental entity when dispatching an emergency wrecker company, pursuant to Section 545.305 of the Texas Transportation Code or other applicable state law, to perform a power, duty, or function that is within the authority and jurisdiction of the governmental entity; or

(2) an emergency wrecker company providing emergency wrecker service within the city of Dallas in response to a dispatch from a governmental entity as described in Paragraph (1) of this subsection.

(c) This article does not apply to Dallas County when dispatching an emergency wrecker company to an accident or other police scene, or to an emergency wrecker company providing emergency wrecker service within the city of Dallas in response to a dispatch from Dallas County, if:

(1) the emergency wrecker service is being provided pursuant to a duly authorized interlocal agreement between the city of Dallas and Dallas County;

(2) the emergency wrecker company is currently licensed under this article to perform emergency wrecker service within the city of Dallas;

(3) the emergency wrecker company complies with the vehicle and equipment specifications and the hours of operation required respectively by Sections 15D-58 and 15D-52;

(4) the emergency wrecker company complies with the insurance requirements of Section 15D-46; and

(5) the emergency wrecker company does not charge more for emergency wrecker service performed in the city of Dallas than is allowed under Section 15D-57. (Ord. Nos. 21311; 24661; 26992)

SEC. 15D-15. DEFINITIONS.

In this article:

(1) ACCIDENT means any occurrence that renders a vehicle wrecked.

(2) APPLICANT means:

(A) for purposes of Division 2 of this article, a person in whose name a license to engage in emergency wrecker service will be issued under Section 15D-23 and each individual who has a 20 percent or greater ownership interest in the emergency wrecker service business; and

(B) for purposes of Division 3 of this article, an individual applying for a wrecker driver’s permit under Section 15D-30.

(3) BUSINESS LOCATION means the place of business, required to be designated in Section 15D-20, where a licensee’s primary emergency wrecker service business activity is conducted, which location is staffed by the licensed emergency wrecker company’s employees and equipped with standard office furniture, equipment, and other items necessary to conduct the normal activities and business of an emergency wrecker service.

(4) CHIEF OF POLICE means the chief of police for the city of Dallas, and includes representatives, agents, and department employees designated by the chief.
§ 15D-15 Emergency Vehicles

(5) CITY means the city of Dallas, Texas.

(6) CONVICTION means a conviction in a federal court or court of any state or foreign nation or political subdivision of a state or foreign nation that has not been reversed, vacated, or pardoned.

(7) CUSTODIAL ARREST means an arrest during which a peace officer employed by the city takes the owner or operator of a vehicle into custody and determines that it is necessary to cause the person’s vehicle to be removed from the police scene for storage or for use in a criminal investigation.

(8) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article, and includes representatives, agents, and department employees designated by the director.

(9) DISABLED VEHICLE means a vehicle that reasonably requires removal by a wrecker because it:

   (A) has been rendered unsafe to be driven as the result of some occurrence other than a wreck, including, but not limited to, mechanical failure, breakdown, fire, or vandalism; or

   (B) is in a safe driving condition, but the owner is not present, able, or permitted to drive.

(10) DRIVER means an individual who drives or operates a wrecker.

(11) EMERGENCY WRECKER COMPANY means a person who owns, controls, or has a financial interest in an emergency wrecker service.

(12) EMERGENCY WRECKER SERVICE means the business of towing or removing wrecked, disabled, illegally parked, or city-owned vehicles from the streets upon request of the chief of police.

(13) HEAVY DUTY WRECKER means a wrecker that:

   (A) has a manufacturer’s gross vehicle weight rating of not less than 48,000 pounds;

   (B) has a power-operated winch, winch line, and boom, with a factory-rated lifting capacity of not less than 50,000 pounds and a dual line capacity of not less than 20,000 pounds;

   (C) has an underlift device with a factory-rated lifting capacity of not less than 14,000 pounds when extended;

   (D) has a dual rear axle; and

   (E) is capable of towing a vehicle that weighs up to 80,000 pounds.

(14) ILLEGALLY PARKED VEHICLE means a vehicle that is parked on a street or other public property in violation of any city ordinance or state law regulating the parking of vehicles.

(15) INCIDENT MANAGEMENT TOWING OPERATOR’S LICENSE means a tow truck operator’s license issued by the state under Section 2308.153 of the Texas Occupations Code, as amended.

(16) LAWFUL ORDER means a verbal or written directive that:

   (A) is issued by the director or the chief of police in the performance of official duties in the enforcement of this article and any rules and regulations promulgated under this article; and

   (B) does not violate the United States Constitution or the Texas Constitution.

(17) LICENSEE means a person licensed under this article to engage in emergency wrecker service. The term includes:
(A) any individual who has a 20 percent or greater ownership interest in the licensed business; and

(B) any operator of the licensed business.

(18) LIGHT DUTY WRECKER means a wrecker that has:

(A) a manufacturer’s gross vehicle weight rating of not less than 12,500 pounds; and

(B) either:

(i) a power-operated winch, winch line, and boom, with a factory-rated lifting capacity of not less than 8,000 pounds, single line capacity; or

(ii) an underlift device with a factory-rated lifting capacity of not less than 3,000 pounds when extended.

(19) LOWBOY UNIT means a vehicle that is designed and equipped so as to be capable of carrying another vehicle upon itself for the purpose of transporting the vehicle when it cannot be safely transported by a conventional wrecker and that:

(A) consists of:

(i) a dual-axle truck tractor equipped with a power-operated winch and winch line that has a factory-rated lifting capacity of not less than 20,000 pounds, single line capacity; and

(ii) a trailer with a steel or aluminum carrier bed that is at least 40 feet long, with a load rating of not less than 40,000 pounds; and

(B) complies with all applicable state and federal vehicle weight laws.

(20) MEDIUM DUTY WRECKER means a wrecker that has:

(A) a manufacturer’s gross vehicle weight rating of not less than 18,000 pounds; and

(B) a power-operated winch, winch line, and boom, with a factory-rated lifting capacity of not less than 24,000 pounds and a dual line capacity of not less than 8,000 pounds.

(21) OPERATE means to drive or to be in control of a wrecker.

(22) OPERATOR means the holder of an emergency wrecker service license.

(23) PARKING BAN means certain hours of the day during which the standing, parking, or stopping of vehicles is prohibited along designated streets as indicated by signs authorized by the traffic engineer.

(24) PERMITTEE means an individual who has been issued a wrecker driver’s permit under this article.

(25) PERSON means an individual, assumed name entity, partnership, joint-venture, association, corporation, or other legal entity.

(26) POLICE DEPARTMENT means the police department of the city of Dallas.

(27) POLICE SCENE means a location at which:

(A) an accident has taken place that is subject to city police field investigation;

(B) city police have recovered a stolen vehicle;
(C) a vehicle has been abandoned on a street or other public property;

(D) a custodial arrest has taken place;

(E) a disabled vehicle is blocking a traffic lane of a street; or

(F) an illegally parked vehicle is subject by law to removal or impoundment by the chief of police or any other authorized city official.

(28) RAPID RESPONSE LOCATION means an area designated under Section 15D-53.1 to which an emergency wrecker must provide rapid removal of wrecked, disabled, or illegally parked vehicles.

(29) RAPID RESPONSE ROTATION LIST means a list, maintained by the chief of police as provided for in Section 15D-53 of this article, of licensed emergency wrecker companies participating in the rapid response program.

(30) ROTATION means an occasion when the chief of police calls an emergency wrecker from either the wrecker rotation list or the rapid response rotation list to perform a vehicle tow.

(31) STREET means any public street, road, right-of-way, alley, avenue, lane, square, highway, freeway, expressway, high occupancy vehicle lane, or other public way within the corporate limits of the city. The term includes all paved and unpaved portions of the right-of-way.

(32) TILT BED/ROLL BACK CARRIER means a motor vehicle that is designed and equipped so as to be capable of lifting another vehicle upon itself for the purpose of transporting the vehicle when it cannot be safely transported by a conventional wrecker and that:

(A) has a manufacturer’s gross vehicle weight rating of not less than 15,000 pounds;

(B) has a steel or aluminum carrier bed that is at least 17 feet long, with a load rating of not less than 8,000 pounds;

(C) has a power-operated winch and winch line, with a factory-rated lifting capacity of not less than 8,000 pounds, single line capacity;

(D) has a wheel lift tow bar with a factory-rated lifting capacity of not less than 3,000 pounds; and

(E) complies with all applicable state and federal vehicle weight laws.

(33) VEHICLE means a device in, upon, or by which a person or property may be transported on a public street. The term includes, but is not limited to, an operable or inoperable automobile, truck, motorcycle, recreational vehicle, or trailer, but does not include a device moved by human power or used exclusively upon a stationary rail or track.

(34) VEHICLE OWNER OR OPERATOR means a person, or the designated agent of a person, who:

(A) holds legal title to a vehicle, including any lienholder of record;

(B) has legal right of possession of a vehicle; or

(C) has legal control of a vehicle.

(35) VEHICLE STORAGE FACILITY has the meaning given that term in the Vehicle Storage Facility Act.

(36) VEHICLE STORAGE FACILITY ACT means Chapter 2303, Texas Occupations Code, as amended.
§ 15D-15 Emergency Vehicles

(37) WRECKED VEHICLE means a vehicle that has been damaged as the result of overturning or colliding with another vehicle or object so as to reasonably necessitate that the vehicle be removed by a wrecker.

(38) WRECKER means a vehicle designed for the towing or carrying of other vehicles.

(39) WRECKER DRIVER'S PERMIT means a permit issued under this article to an individual by the director authorizing that individual to operate a wrecker for an emergency wrecker service in the city.

(40) WRECKER ROTATION LIST means a list of licensed emergency wrecker companies maintained by the chief of police, as provided for in Section 15D-50 of this article.

(41) ZONE means a geographical area in which a licensee is licensed by the city to operate. (Ord. Nos. 13977; 14685; 15612; 17226; 21175; 24661; 27487; 31233)

SEC. 15D-16. DRIVING WRECKER TO A POLICE SCENE PROHIBITED; EXCEPTION.

A person commits an offense if he drives a wrecker, whether licensed or unlicensed, to a police scene unless the person has been called to the scene by the chief of police. (Ord. Nos. 13977; 14685; 24661)

SEC. 15D-17. SOLICITING WRECKER BUSINESS AT A POLICE SCENE PROHIBITED; PRESENCE AT SCENE AS EVIDENCE OF VIOLATION.

(a) A person commits an offense if he, in any manner, directly or indirectly solicits on the streets of the city the business of towing a vehicle in need of emergency wrecker service from a police scene, regardless of whether the solicitation is for the purpose of soliciting the business of towing, removing, repairing, wrecking, storing, trading, or purchasing the vehicle.

(b) Proof of the presence of a person engaged in the wrecker business or the presence of a wrecker or vehicle owned or operated by a person engaged in the wrecker business, either as owner, operator, employee, or agent, on a street in the city at or near a police scene within one hour after the happening of an incident that resulted in the need for emergency wrecker service is prima facie evidence of a solicitation in violation of this section, unless the particular wrecker company has been called to the police scene by the chief of police. (Ord. Nos. 13977; 14685; 24661)

SEC. 15D-18. SOLICITING BY ADVERTISING.

(a) A person commits an offense if he, personally or through an employee or agent, solicits at or near a police scene any business that deals directly or indirectly with the towing, removing, repairing, wrecking, storing, trading, or purchase of a wrecked, disabled, or illegally parked vehicle on the streets, sidewalks, or other public place of the city by distributing an advertisement for, or by otherwise advertising, a repair shop, garage, or place of business where the wrecked, disabled, or illegally parked vehicle may be repaired, stored, wrecked, traded, or purchased.

(b) Proof of the unauthorized presence of a person engaged in the business of towing, repairing, wrecking, storing, or offering to purchase or trade for a wrecked, disabled, or illegally parked vehicle at or near a police scene is prima facie evidence of solicitation in violation of this section. (Ord. Nos. 13977; 14685; 24661)
SEC. 15D-19. RESPONSE TO PRIVATE CALLS PROHIBITED.

A wrecker company shall not respond within the city to a private request for wrecker service at a police scene, unless specifically authorized by the chief of police. (Ord. Nos. 13977; 14685; 24661)

Division 2. Emergency Wrecker Service License.

SEC. 15D-20. LICENSE REQUIRED; TRADE NAME REGISTRATION; BUSINESS LOCATION.

(a) A person commits an offense if he, or his agent or employee, engages in emergency wrecker service in the city without a valid emergency wrecker service license issued by the director under this article. Only one license may be issued to each emergency wrecker company.

(b) The owner of an emergency wrecker company shall register with the director a trade name that clearly differentiates that emergency wrecker company from all other companies engaging in emergency wrecker service and shall use no other trade name for the emergency wrecker company.

(c) A licensee shall maintain a permanent and established place of business at a location in the city where an emergency wrecker service is not prohibited by the Dallas Development Code. This location must be either within the zone in which the licensee is licensed to operate an emergency wrecker service or within one-half mile outside the established boundaries of that zone.

(d) A licensee shall operate the licensed emergency wrecker service from a location inside the city. (Ord. Nos. 13977; 14685; 15612; 16554; 24661; 27487)

SEC. 15D-21. LICENSE APPLICATION; CHANGE OF ZONE.

(a) A person desiring to engage in emergency wrecker service in the city shall file with the director a written application upon a form provided for that purpose, accompanied by a nonrefundable application processing fee of $250. The application must be signed by an individual who will own, control, or operate the proposed emergency wrecker service. The application must be verified and include the following information:

(1) The trade name under which the applicant does business and the street address and telephone number of the emergency wrecker service's business location.

(2) The number and types of wreckers to be operated, including the year, make, model, vehicle identification number, and state license plate number of, and the type of winch or lifting device to be operated on, each wrecker.

(3) The name, address, and telephone number of the applicant.

(4) An agreement that the applicant will participate in the wrecker rotation list.

(5) A list, to be kept current, of the owners (including each owner's percentage of ownership) and management personnel of the emergency wrecker service, and of all employees who will participate in emergency wrecker service, including names, state driver's license numbers, wrecker driver's permit numbers, and whether the person holds an incident management towing operator's license.

(6) A statement attesting that all property, both real and personal, used in connection with the emergency wrecker service has been rendered for ad valorem taxation in the city and that the applicant is current on payment of those taxes.
§ 15D-21 Emergency Vehicles

(7) Documentary evidence from an insurance company indicating a willingness to provide liability insurance as required by this article.

(8) Proof of an ability to provide emergency wrecker service with at least four wreckers, including a minimum of one conventional light duty wrecker and one tilt bed/roll back carrier (the other two wreckers may be either conventional light duty or tilt bed/roll back), that meet the requirements of this article and any rules and regulations promulgated by the director or the chief of police pursuant to this article.

(9) Detailed financial reports for the previous three years that include income statements and balance sheets covering all wrecker activities or, if the applicant does not prepare an annual financial report, copies of the applicant’s federal income tax statements for the previous three calendar years relating to the business.

(10) Proof of a valid certificate of occupancy issued by the city in the name of the company and for the location of the emergency wrecker service business.

(b) If a licensee requests a change of zone, the requirements of an initial applicant must be met.

(c) The director may, at any time, require additional information of an applicant or licensee to clarify items on the application. (Ord. Nos. 13977; 14685; 15612; 16554; 16578; 21175; 24661; 27487; 27695; 30215)

SEC. 15D-22. LICENSE QUALIFICATIONS.

(a) To qualify for an emergency wrecker service license, an applicant must:

(1) be at least 19 years of age;

(2) be currently authorized to work full-time in the United States;

(3) be able to communicate in the English language; and

(4) not have been convicted of a crime:

(A) involving:

(i) criminal homicide as described in Chapter 19 of the Texas Penal Code;

(ii) kidnapping as described in Chapter 20 of the Texas Penal Code;

(iii) a sexual offense as described in Chapter 21 of the Texas Penal Code;

(iv) an assaultive offense as described in Chapter 22 of the Texas Penal Code;

(v) robbery as described in Chapter 29 of the Texas Penal Code;

(vi) burglary as described in Chapter 30 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(vii) theft as described in Chapter 31 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(viii) fraud as described in Chapter 32 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(ix) tampering with a govern-

mental record as described in Chapter 37 of the Texas Penal Code, but only if the offense was committed

Dallas City Code 37

4/17
§ 15D-22 Emergency Vehicles

against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(x) public indecency (prostitution or obscenity) as described in Chapter 43 of the Texas Penal Code;

(xi) the transfer, carrying, or possession of a weapon in violation of Chapter 46 of the Texas Penal Code, or of any comparable state or federal law, but only if the violation is punishable as a felony under the applicable law;

(xii) a violation of the Texas Dangerous Drug Act (Chapter 483, Texas Health and Safety Code), or of any comparable state or federal law, but only if the violation is punishable as a felony under the applicable law;

(xiii) a violation of the Texas Controlled Substances Act (Chapter 481, Texas Health and Safety Code), or of any comparable state or federal law, but only if the violation is punishable as a felony under the applicable law; or

(xiv) criminal attempt to commit any of the offenses listed in Subdivision (4)(A)(i) through (xiii) of this subsection; and

(B) for which:

(i) less than two years have elapsed since the date of conviction or the date of release from confinement imposed for the conviction, whichever is the later date, if the applicant was convicted of a misdemeanor offense;

(ii) less than five years have elapsed since the date of conviction or the date of release from confinement for the conviction, whichever is the later date, if the applicant was convicted of a felony offense; or

(iii) less than five years have elapsed since the date of the last conviction or the date of release from confinement for the last conviction, whichever is the later date, if, within any 24-month period, the applicant has two or more convictions of any misdemeanor offense or combination of misdemeanor offenses;

(5) not be addicted to the use of alcohol or narcotics;

(6) be subject to no outstanding warrants of arrest;

(7) not employ any person who is not qualified under this subsection;

(8) be able to provide emergency wrecker service with at least four wreckers, including a minimum of one conventional light duty wrecker and one tilt bed/roll back carrier (the other two wreckers may be either conventional light duty or tilt bed/roll back), that meet the requirements of this article and any rules and regulations promulgated by the director or the chief of police under this article;

(9) have at least three years experience in wrecker operations and provide detailed financial reports for the previous three years that include income statements and balance sheets covering all wrecker activities or, if the applicant does not prepare an annual financial report, copies of the applicant’s federal income tax statements for the previous three calendar years relating to the business; and

(10) have an established drug testing policy as required under Chapter 2308 of the Texas Occupations Code, as amended.

(b) An applicant who has been convicted of, or who employs a person who has been convicted of, an offense listed in Subsection (a)(4), for which the required time period has elapsed since the date of conviction or the date of release from confinement
imposed for the conviction, may qualify for an emergency wrecker service license only if the director determines that the applicant, or the employee, is presently fit to engage in the business of an emergency wrecker service. In determining present fitness under this section, the director shall consider the following:

1. the extent and nature of the applicant’s, or employee’s, past criminal activity;
2. the age of the applicant, or employee, at the time of the commission of the crime;
3. the amount of time that has elapsed since the applicant’s, or employee’s, last criminal activity;
4. the conduct and work activity of the applicant, or employee, prior to and following the criminal activity;
5. evidence of the applicant’s, or employee’s, rehabilitation or rehabilitative effort while incarcerated or following release; and
6. other evidence of the applicant’s, or employee’s, present fitness, including letters of recommendation from prosecution, law enforcement, and correctional officers who prosecuted, arrested, or had custodial responsibility for the applicant, or employee; the sheriff and chief of police in the community where the applicant, or employee, resides; and any other persons in contact with the applicant, or employee.

(c) It is the responsibility of the applicant, to the extent possible, to secure and provide to the director the evidence required to determine present fitness under Subsection (b) of this section.

(d) An applicant for an emergency wrecker service license has the burden of proving that the applicant is qualified to operate an emergency wrecker service under this article.

(e) In determining whether the applicant is qualified to operate an emergency wrecker service in the city, the director shall consider, but not be limited to considering, the fitness of the applicant to perform an emergency wrecker service as may be indicated by the experience in wrecker operation, the safety record of the applicant, and the applicant’s compliance with other city, state, and federal laws. (Ord. Nos. 24661; 27487)

SEC. 15D-23. LICENSE ISSUANCE; FEE; DISPLAY; TRANSFERABILITY; EXPIRATION.

(a) The director shall, within 30 days after the date of application, issue an emergency wrecker service license to an applicant who complies with this article.

(b) A license issued to an emergency wrecker service authorizes the licensee and any bona fide employee to engage in emergency wrecker service.

(c) The annual fee for an emergency wrecker service license is $520, prorated on the basis of whole months. The fee for issuing a duplicate license for one lost, destroyed, or mutilated is $20. The fee is payable to the director upon issuance of a license. No refund of a license fee will be made.

(d) An emergency wrecker service license issued pursuant to this article must be conspicuously displayed in the emergency wrecker service’s business location.

(e) An emergency wrecker service license, or any accompanying permit, badge, sticker, ticket, or emblem, is not assignable or transferable.

(f) An emergency wrecker service license expires June 30 of each year and may be renewed by applying in accordance with Section 15D-21. Application for renewal must be made not less than 30
§ 15D-23 Emergency Vehicles

days or more than 60 days before expiration of the license and must be accompanied by the annual license fee.

(g) A licensee shall, not less than 10 days before any change of address or trade name, notify the director of such changes. (Ord. Nos. 13977; 14685; 15612; 16554; 21175; 24661; 27487; 27695; 30215)

SEC. 15D-24. REFUSAL TO ISSUE OR RENEW LICENSE.

(a) The director shall refuse to issue or renew an emergency wrecker service license if the applicant or licensee:

(1) intentionally or knowingly makes a false statement as to a material matter in an application for a license or license renewal, or in a hearing concerning the license;

(2) has been convicted twice within a 12-month period or three times within a 24-month period for violation of this article or has had an emergency wrecker service license revoked within two years prior to the date of application;

(3) uses a trade name for the emergency wrecker company other than the one registered with the director;

(4) has had an emergency wrecker service license suspended on three occasions within 12 months for more than three days on each occasion;

(5) has been finally convicted for violation of another city, state, or federal law that indicates a lack of fitness of the applicant to perform emergency wrecker service;

(6) fails to meet the service standards in the rules and regulations established by the director or the chief of police;

(7) is not qualified under Section 15D-22 of this article; or

(8) uses a subcontractor to provide emergency wrecker service.

(b) If the director determines that a license should be denied the applicant or licensee, the director shall notify the applicant or licensee in writing that the application is denied and include in the notice the specific reason or reasons for denial and a statement informing the applicant or licensee of the right to, and process for, appeal of the decision. (Ord. Nos. 13977; 14685; 14996; 15612; 16554; 24661; 27487)

SEC. 15D-25. SUSPENSION OF LICENSE.

(a) A representative of the director or chief of police may suspend an emergency wrecker service license for a definite period of time not to exceed three days, and the director or the chief of police may suspend an emergency wrecker service license for a definite period of time not to exceed 10 days or, if the deficiency is detrimental to public safety, then for a period of time until the deficiency is corrected, for one or more of the following reasons:

(1) Failure of the licensee to maintain any wrecker or equipment in a good and safe working condition.

(2) Violation by the licensee or an employee of the licensee of a provision of this article or of the rules and regulations established by the chief of police or the director under this article.

(3) Failure of the licensee’s wrecker to arrive at a police scene location or a rapid response location within the prescribed time after having been notified to do so by the chief of police.

(4) Conviction of an emergency wrecker driver of a provision of the motor vehicle or traffic
§ 15D-25 Emergency Vehicles

laws of this state or city while in the scope of employment in the licensee’s emergency wrecker service.

(5) Failure to continuously employ at least four emergency wrecker drivers who hold valid wrecker driver’s permits issued under this article.

(b) Written notice of the suspension must be served on the licensee and must include the reason for suspension, the date the suspension begins, the duration of the suspension, and a statement informing the licensee of the right of appeal.

(c) A licensee may appeal a suspension imposed under Subsection (a) in the following manner:

(1) A licensee who is suspended by a representative of the chief of police may appeal the suspension by written request to the chief of police within 10 days after written notification of suspension. The chief of police shall conduct a hearing and may sustain, reverse, or modify the action appealed. The action of the chief of police is final.

(2) A licensee who is suspended by a representative of the director may appeal the suspension by written request to the director within 10 days after written notification of suspension. The director shall conduct a hearing and may sustain, reverse, or modify the action appealed. The action of the director is final.

(3) A licensee who is suspended by the director or the chief of police may appeal the suspension to an appeals panel consisting of the chief of police, the director, and a representative of the city manager’s office, in accordance with the following procedures:

(A) A written request to the director must be made within 10 days after written notice to the licensee.

(B) The appeals panel shall set a time, date, and place for a hearing and the licensee will be notified at least three days prior to the hearing.

(C) The appeals panel may sustain, reverse, or modify the action appealed. The action of the panel is final.

(d) The period of suspension begins on the date specified in the notice of suspension or, in the case of an appeal, on the date ordered by the appeal hearing officer or panel, whichever applies.

(e) A licensee whose emergency wrecker service license is suspended shall not operate an emergency wrecker service inside the city during the period of suspension. (Ord. Nos. 13977; 14685; 15612; 16554; 24661; 27487)

SEC. 15D-26. REVOCATION OF LICENSE.

The director shall revoke an emergency wrecker service license if the director determines that the licensee:

(1) intentionally or knowingly made a false statement as to a material matter in an application or hearing concerning the license;

(2) used a trade name for the emergency wrecker company other than the one registered with the director;

(3) had the emergency wrecker service license suspended on three occasions within 12 months for more than three days on each occasion;

(4) had the emergency wrecker service license suspended for a deficiency that is detrimental to public safety and 20 days have elapsed without a correction of the deficiency;
(5) intentionally or knowingly failed to comply with applicable provisions of this article or with the conditions and limitations of the license;

(6) operated a towing or wrecker service not authorized by the license or other applicable law;

(7) has been finally convicted for violation of another city, state, or federal law that indicates a lack of fitness of the licensee to perform emergency wrecker service;

(8) is under indictment for or has been convicted of any felony offense while holding an emergency wrecker service license;

(9) does not qualify for a license under Section 15D-22 of this article;

(10) failed to pay a fee required under this article; or

(11) violated Section 15D-57(c)(1), (2), or (3) of this article.  (Ord. Nos. 13977; 14685; 14996; 15612; 16554; 24661; 27487)

SEC. 15D-27. APPEALS.

If the director denies issuance or renewal of a license or revokes a license, the applicant or licensee may file an appeal with the permit and license appeal board in accordance with Section 2-96 of this code.  (Ord. Nos. 13977; 14685; 14996; 15612; 16554; 24661; 27487)

Division 3. Wrecker Driver’s Permit.

SEC. 15D-28. WRECKER DRIVER’S PERMIT REQUIRED.

(a) A person commits an offense if he operates a wrecker engaged in emergency wrecker service in the city without a valid wrecker driver’s permit issued to the person under this division.

(b) A licensee commits an offense if he employs or otherwise allows a person to operate for compensation a wrecker owned, controlled, or operated by the licensee unless the person has a valid wrecker driver’s permit issued under this division.  (Ord. 24661)

SEC. 15D-29. QUALIFICATIONS FOR A WRECKER DRIVER’S PERMIT.

(a) To qualify for a wrecker driver’s permit, an applicant must:

(1) be at least 19 years of age;

(2) be currently authorized to work full-time in the United States;

(3) hold a valid driver’s license and a valid incident management towing operator’s license issued by the State of Texas;

(4) be able to communicate in the English language;

(5) not be afflicted with a physical or mental disease or disability that is likely to prevent the applicant from exercising ordinary and reasonable control over a motor vehicle or that is likely to otherwise endanger the public health or safety, as determined by a medical doctor licensed to practice medicine in the United States;
§ 15D-29  Emergency Vehicles  § 15D-29

(6) not have been convicted of more than four moving traffic violations arising out of separate transactions, nor involved in more than two motor vehicle accidents in which it could be reasonably determined that the applicant was at fault, within any 12 month period during the preceding 36 months;

(7) not have been convicted of a crime:

(A) involving:

(i) criminal homicide as described in Chapter 19 of the Texas Penal Code;

(ii) kidnapping as described in Chapter 20 of the Texas Penal Code;

(iii) a sexual offense as described in Chapter 21 of the Texas Penal Code;

(iv) an assaultive offense as described in Chapter 22 of the Texas Penal Code;

(v) robbery as described in Chapter 29 of the Texas Penal Code;

(vi) burglary as described in Chapter 30 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(vii) theft as described in Chapter 31 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(viii) fraud as described in Chapter 32 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(ix) tampering with a governmental record as described in Chapter 37 of the Texas Penal Code, but only if the offense was committed against a person with whom the applicant came in contact while engaged in a towing or wrecker service;

(x) public indecency (prostitution or obscenity) as described in Chapter 43 of the Texas Penal Code;

(xi) the transfer, carrying, or possession of a weapon in violation of Chapter 46 of the Texas Penal Code, or of any comparable state or federal law, but only if the violation is punishable as a felony under the applicable law;

(xii) a violation of the Texas Dangerous Drug Act (Chapter 483, Texas Health and Safety Code), or of any comparable state or federal law, that is punishable as a felony under the applicable law;

(xiii) a violation of the Texas Controlled Substances Act (Chapter 481, Texas Health and Safety Code), or of any comparable state or federal law, that is punishable as a felony under the applicable law; or

(xiv) criminal attempt to commit any of the offenses listed in Subdivision (7)(A)(i) through (xiii) of this subsection;

(B) for which:

(i) less than two years have elapsed since the date of conviction or the date of release from confinement imposed for the conviction, whichever is the later date, if the applicant was convicted of a misdemeanor offense;

(ii) less than five years have elapsed since the date of conviction or the date of release from confinement for the conviction, whichever is the later date, if the applicant was convicted of a felony offense; or
(iii) less than five years have elapsed since the date of the last conviction or the date of release from confinement for the last conviction, whichever is the later date, if, within any 24-month period, the applicant has two or more convictions of any misdemeanor offense or combination of misdemeanor offenses;

(8) not have been convicted of, or discharged by probation or deferred adjudication for, driving while intoxicated:

(A) within the preceding 12 months; or

(B) more than one time within the preceding five years;

(9) not be addicted to the use of alcohol or narcotics;

(10) be subject to no outstanding warrants of arrest;

(11) be sanitary and well-groomed in dress and person;

(12) be employed by a licensee; and

(13) have successfully completed within the preceding 12 months a defensive driving course approved by the Texas Education Agency and be able to present proof of completion.

(b) An applicant who has been convicted of an offense listed in Subsection (a)(7) or (8), for which the required time period has elapsed since the date of conviction or the date of release from confinement imposed for the conviction, may qualify for a wrecker driver’s permit only if the director determines that the applicant is presently fit to engage in the occupation of a wrecker driver. In determining present fitness under this section, the director shall consider the following:

(1) the extent and nature of the applicant’s past criminal activity;

(2) the age of the applicant at the time of the commission of the crime;

(3) the amount of time that has elapsed since the applicant’s last criminal activity;

(4) the conduct and work activity of the applicant prior to and following the criminal activity;

(5) evidence of the applicant’s rehabilitation or rehabilitative effort while incarcerated or following release; and

(6) other evidence of the applicant’s present fitness, including letters of recommendation from prosecution, law enforcement, and correctional officers who prosecuted, arrested, or had custodial responsibility for the applicant; the sheriff and chief of police in the community where the applicant resides; and any other persons in contact with the applicant.

(c) It is the responsibility of the applicant, to the extent possible, to secure and provide to the director the evidence required to determine present fitness under Subsection (b) of this section and under Section 15D-35 of this article. (Ord. Nos. 24661; 27487)

SEC. 15D-30. APPLICATION FOR WRECKER DRIVER’S PERMIT; FEE.

To obtain a wrecker driver’s permit, or renewal of a wrecker driver’s permit, a person must file with the director a completed written application on a form provided for the purpose and a nonrefundable application fee of $29. The director shall require each application to state such information as the director reasonably considers necessary to determine whether an applicant is qualified. (Ord. Nos. 24661; 27695; 30215)
SEC. 15D-31. INVESTIGATION OF APPLICATION.

(a) For the purpose of determining qualification under Section 15D-29(a)(5), the director may require an applicant to submit to a physical examination conducted by a licensed physician, at applicant’s expense, and to furnish to the director a signed statement from the physician certifying that the physician has examined the applicant and that in the physician’s professional opinion the applicant is qualified under Section 15D-29(a)(5).

(b) The director shall obtain a current official criminal history report (issued by the Texas Department of Public Safety within the preceding 12 months) on each applicant to determine the applicant’s qualification under Section 15D-29. The director shall obtain a copy of the applicant’s motor vehicle driving record and a list of any warrants of arrest for the applicant that might be outstanding.

(c) The director may conduct such other investigation as the director considers necessary to determine whether an applicant for a wrecker driver’s permit is qualified.

(d) The director shall provide the applicant, upon written request, a copy of all materials contained in the applicant’s file to the extent allowed under the Public Information Act (Chapter 552, Texas Government Code), as amended. (Ord. Nos. 24661; 27487)

SEC. 15D-32. ISSUANCE AND DENIAL OF WRECKER DRIVER’S PERMIT.

(a) The director shall issue a wrecker driver’s permit to an applicant, unless the director determines that the applicant is not qualified.

(b) The director shall delay until final adjudication the approval of the application of any applicant who is under indictment for or has charges pending for:

(1) a felony offense involving a crime described in Section 15D-29(a)(7)(A)(i), (ii), (iii), (iv), or (v) or criminal attempt to commit any of those offenses; or

(2) any offense involving driving while intoxicated.

(c) The director shall deny the application for a wrecker driver’s permit if the applicant:

(1) is not qualified under Section 15D-29;

(2) refuses to submit to or does not pass a medical examination authorized under Section 15D-31(a); or

(3) intentionally or knowingly makes a false statement of a material fact in an application for a wrecker driver’s permit.

(d) If the director determines that a permit should be denied the applicant, the director shall notify the applicant in writing that the application is denied and include in the notice the specific reason or reasons for denial and a statement informing the applicant of the right to, and the process for, appeal of the decision. (Ord. 24661)

SEC. 15D-33. EXPIRATION OF WRECKER DRIVER’S PERMIT; VOIDANCE UPON SUSPENSION OR REVOCATION OF STATE DRIVER’S LICENSE OR STATE TOWING OPERATOR’S LICENSE.

(a) Except in the case of a probationary or provisional permit, a wrecker driver’s permit expires one year from the date of issuance.

(b) If a permittee’s state driver’s license or incident management towing operator’s license is
suspended or revoked by the state, the wrecker driver’s permit automatically becomes void. A permittee shall notify the director and the licensee for whom the permittee drives within three days after a suspension or revocation of either state license and shall immediately surrender the wrecker driver’s permit to the director. (Ord. Nos. 24661; 27487)

SEC. 15D-34. PROVISIONAL PERMIT.

(a) The director may issue a provisional wrecker driver’s permit if the director determines that it is necessary pending completion of investigation of an applicant for a wrecker driver’s permit.

(b) A provisional wrecker driver’s permit expires on the date shown on the permit, which date shall not exceed 45 days after the date of issuance, or on the date the applicant is denied a wrecker driver’s permit, whichever occurs first.

(c) The director shall not issue a provisional permit to a person who has been previously denied a wrecker driver’s permit. (Ord. 24661)

SEC. 15D-35. PROBATIONARY PERMIT.

(a) The director may issue a probationary wrecker driver’s permit to an applicant who is not qualified for a wrecker driver’s permit under Section 15D-29 if the applicant:

(1) could qualify under Section 15D-29 for a wrecker driver’s permit within one year from the date of application;

(2) holds a valid state driver’s license or occupational driver’s license;

(3) holds a valid state incident management towing operator’s license; and

(4) is determined by the director, using the criteria listed in Section 15D-29(b) of this article, to be presently fit to engage in the occupation of a wrecker driver.

(b) A probationary wrecker driver’s permit may be issued for a period not to exceed one year.

(c) The director may prescribe appropriate terms and conditions for a probationary wrecker driver’s permit as the director determines are necessary. (Ord. Nos. 24661; 27487)

SEC. 15D-36. DUPLICATE PERMIT.

If a wrecker driver’s permit is lost or destroyed, the director shall issue the permittee a duplicate permit upon payment to the city of a duplicate permit fee of $24. (Ord. Nos. 24661; 27695; 30215)

SEC. 15D-37. DISPLAY OF PERMIT.

A wrecker driver shall at all times keep a valid wrecker driver’s permit in the driver’s possession and shall allow the director, the chief of police, or a peace officer to examine the permit upon request. (Ord. Nos. 24661; 27487)

SEC. 15D-38. SUSPENSION BY A DESIGNATED REPRESENTATIVE.

(a) If a duly authorized representative designated by the director to enforce this article determines that a permittee has failed to comply with this article (except Section 15D-29) or a regulation established under this article, the representative may suspend the wrecker driver’s permit for a period of time not to exceed three days by personally serving the permittee with a written notice of the suspension. The written notice must include the reason for suspension,
§ 15D-38 Emergency Vehicles § 15D-40

the date the suspension begins, the duration of the suspension, and a statement informing the permittee of the right of appeal.

(b) A suspension under this section may be appealed to the director or the director’s assistant if the permittee requests an appeal at the time the representative serves notice of suspension or within 10 days after the notice of suspension is served. When an appeal is requested, the suspension may not take effect until a hearing is provided by the director or the director’s assistant.

(c) The director may order an expedited hearing under this section, to be held as soon as possible after the permittee requests an appeal, but at least 10 days advance notice of the hearing must be given to the permittee. The director may affirm, reverse, or modify the order of the representative. The decision of the director is final. (Ord. 24661)

SEC. 15D-39. SUSPENSION OF WRECKER DRIVER’S PERMIT.

(a) If the director determines that a permittee has failed to comply with this article (except Section 15D-29) or any regulation established under this article, the director shall suspend the wrecker driver’s permit for a definite period of time not to exceed 60 days.

(b) If at any time the director determines that a permittee is not qualified under Section 15D-29, or is under indictment or has charges pending for any offense involving driving while intoxicated or a felony offense involving a crime described in Section 15D-29(a)(7)(A)(i), (ii), (iii), (iv), or (v) or criminal attempt to commit any of those offenses, the director shall suspend the wrecker driver’s permit until such time as the director determines that the permittee is qualified or that the charges against the permittee have been finally adjudicated.

(c) A permittee whose wrecker driver’s permit is suspended shall not drive a wrecker for an emergency wrecker service inside the city during the period of suspension.

(d) The director shall notify the permittee in writing of a suspension under this section and include in the notice:

(1) the reason for the suspension;
(2) the date the suspension is to begin;
(3) the duration of the suspension; and
(4) a statement informing the permittee of the right of appeal.

(e) The period of suspension begins on the date specified by the director or, in the case of an appeal, on the date ordered by the appeal hearing officer. (Ord. 24661)

SEC. 15D-40. REVOCATION OF WRECKER DRIVER’S PERMIT.

(a) The director shall revoke a wrecker driver’s permit if the director determines that a permittee:

(1) operated a wrecker inside the city for an emergency wrecker service during a period when the wrecker driver’s permit was suspended;
(2) intentionally or knowingly made a false statement of a material fact in an application for a wrecker driver’s permit;
(3) engaged in conduct that constitutes a ground for suspension under Section 15D-39(a) and, at least two times within the 12-month period preceding the conduct or three times within the 24-month period preceding the conduct, had received either a
suspension in excess of three days or a conviction for a violation of this article;

(4) engaged in conduct that could reasonably be determined to be detrimental to the public safety;

(5) failed to comply with a condition of a probationary permit; or

(6) is under indictment for or has been convicted of any felony offense while holding a wrecker driver’s permit.

(b) A person whose wrecker driver’s permit is revoked shall not:

(1) apply for another wrecker driver’s permit before the expiration of 12 months from the date the director revokes the permit or, in the case of an appeal, the date the appeal hearing officer affirms the revocation; or

(2) operate a wrecker for an emergency wrecker service inside the city.

(c) The director shall notify the permittee and the licensee in writing of a revocation and include in the notice:

(1) the specific reason or reasons for the revocation;

(2) the date the director orders the revocation; and

(3) a statement informing the permittee of the right to, and process for, appeal of the decision. (Ord. 24661)

SEC. 15D-41. WRECKER OPERATION AFTER SUSPENSION OR REVOCATION.

(a) After receipt of a notice of suspension, revocation, or denial of permit renewal, the permittee shall, on the date specified in the notice, surrender the wrecker driver’s permit to the director and discontinue operating a wrecker for an emergency wrecker service inside the city.

(b) Notwithstanding Section 15D-39(c), Section 15D-40(b), and Subsection (a) of this section, if the permittee appeals a suspension or revocation under this section, the permittee may continue to operate a wrecker for an emergency wrecker service pending the appeal unless:

(1) the permittee’s wrecker driver’s permit is suspended pursuant to Section 15D-39(b) or revoked pursuant to Section 15D-40(a)(6) of this article; or

(2) the director determines that continued operation by the permittee would impose a serious and imminent threat to the public safety. (Ord. 24661)

SEC. 15D-42. APPEAL FROM DENIAL, SUSPENSION, OR REVOCATION.

(a) If the director suspends a wrecker driver’s permit, the action is final unless the permittee files an appeal, in writing, with the city manager not more than 10 business days after notice of the director’s action is received.

(b) The city manager or a designated representative shall act as the appeal hearing officer in an appeal hearing under this section. The hearing officer shall give the appealing party an opportunity to present evidence and make argument. The formal rules of evidence do not apply to an appeal hearing under
this section, and the hearing officer shall make a ruling on the basis of a preponderance of the evidence presented at the hearing.

(c) The hearing officer may affirm, modify, or reverse all or part of the action of the director being appealed. The decision of the hearing officer is final as to available administrative remedies.

(d) If the director denies issuance or renewal of a wrecker driver’s permit or revokes a wrecker driver’s permit, the applicant or permittee may file an appeal with the permit and license appeal board in accordance with Section 2-96 of this code. (Ord. Nos. 24661; 27487)

SEC. 15D-43. LICENSEE’S AND DRIVER’S DUTY TO COMPLY.

(a) Licensee. In the operation of an emergency wrecker service, a licensee shall comply with the terms and conditions of the emergency wrecker service license and, except to the extent expressly provided otherwise by the license, shall comply with this article, rules and regulations established under this article, and other law applicable to the operation of an emergency wrecker service.

(b) Driver. While on duty, a driver shall comply with this article, rules and regulations established under this article, other law applicable to the operation of a motor vehicle in this state, and orders issued by the licensee employing the driver in connection with the licensee’s discharging of its duty under its emergency wrecker service license and this article. (Ord. 24661)

SEC. 15D-44. LICENSEE’S DUTY TO ENFORCE COMPLIANCE BY DRIVERS.

(a) A licensee shall establish policy and take action to discourage, prevent, or correct violations of this article by drivers who are employed by the licensee.

(b) A licensee shall not permit a driver who is employed by the licensee to drive a wrecker if the licensee knows or has reasonable cause to suspect that the driver has failed to comply with this article, the rules and regulations established by the director or the chief or police, or other applicable law. (Ord. 24661)

SEC. 15D-45. APPAREL TO BE WORN BY DRIVERS.

(a) A licensee shall specify and require an item of apparel or an item placed on the apparel to be worn by drivers employed by the licensee, which item must be of such distinctive and uniform design as to readily identify the licensee’s emergency wrecker company and must bear the name of the licensee’s emergency wrecker company. The item specified by each licensee must be approved by the director to ensure that drivers of one licensee may be easily distinguished from drivers of another.

(b) While on duty, a driver shall wear the item specified by the licensee who employs the driver and shall comply with such other identification regulations prescribed by the emergency wrecker service license.

(c) While on duty, a driver may not wear:

(1) apparel with offensive or suggestive language;

(2) cut offs;
(3) tank tops; or

(4) sandals.

(d) While on duty, a driver shall wear a traffic safety vest that is certified by the American National Standards Institute (ANSI) for visibility. (Ord. Nos. 24661; 27487)

SEC. 15D-46. INSURANCE.

(a) A licensee shall procure and keep in full force and effect automobile liability insurance written by an insurance company that:

(1) is approved, licensed, or authorized by the State of Texas;

(2) is acceptable to the city; and

(3) does not violate the ownership/operational control prohibition described in Subsection (j) of this section.

(b) The insurance must be issued in the standard form approved by the Texas Department of Insurance, and all provisions of the policy must be acceptable to the city. The insured provisions of the policy must name the city and its officers and employees as additional insureds. The coverage provisions must provide coverage for any loss or damage that may arise to any person or property by reason of the operation of an emergency wrecker service by the licensee, including but not limited to damage to a towed vehicle caused directly or indirectly by improper hookup or improper towing.

(c) The automobile liability insurance must provide combined single limits of liability for bodily injury and property damage of not less than $500,000 for each occurrence, or the equivalent, for each wrecker used by the licensee. Aggregate limits of liability are prohibited.

(d) The cargo/on hook insurance for vehicles while being loaded, unloaded, or transported must provide limits of liability of not less than $25,000 for each light duty wrecker or tilt bed/roll back carrier and $50,000 for each medium duty wrecker, heavy duty wrecker, or lowboy unit.

(e) If a vehicle is removed from service, the licensee shall maintain the insurance coverage required by this section for the vehicle until the director receives satisfactory proof that all evidence of operation as an emergency wrecker has been removed from the vehicle.

(f) Insurance required under this section must include:

(1) a cancellation provision in which the insurance company is required to notify the director in writing not fewer than 30 days before canceling, failing to renew, or making a material change to the insurance policy;

(2) a provision to cover all vehicles, whether owned or not owned by the licensee, that are operated under the license; and

(3) a provision requiring the insurance company to pay every claim on a first-dollar basis.

(g) Insurance required by this section may be obtained from an assigned risk pool if all of the policies and coverages are managed by one agent, and one certificate of insurance is issued to the city.

(h) A license will not be granted or renewed unless the applicant or licensee furnishes the director with such proof of insurance as the director considers necessary to determine whether the applicant or licensee is adequately insured under this section.

(i) If the insurance of a licensee lapses or is canceled and new insurance is not obtained, the director shall suspend the license until the licensee provides evidence that insurance coverage required by
this section has been obtained. A person shall not operate an emergency wrecker service while a license is suspended under this section whether or not the action is appealed. A $100 fee must be paid before a license suspended under this section will be reinstated.

(j) No person with any direct or indirect ownership interest in the licensee’s emergency wrecker service may have any operational control, direct or indirect, in any insurance company that provides insurance required by this section to the emergency wrecker service. For purposes of this subsection, “operational control” means holding any management position with the insurance company (including, but not limited to, the chief executive officer, the president, any vice-president, or any person in a decision-making position with respect to insurance claims) or having the right to control the actions or decisions of any person in such a management position in the insurance company.

(Ord. Nos. 21175; 21238; 24661; 25215; 27487)

SEC. 15D-47. INFORMATION TO BE SUPPLIED UPON REQUEST OF DIRECTOR.

Upon request of the director, a licensee shall submit to the director the following information:

(1) A current consolidated list of vehicles.

(2) A current financial statement that includes a balance sheet and income statement.

(3) Names of current officers, owners, and managers.

(4) A list of current drivers employed by the licensee, with their wrecker driver’s permit numbers indicated, and a copy of the incident management towing operator’s license issued by the state to each driver.

(5) A copy of the licensee’s drug testing policy established under Chapter 2308 of the Texas Occupations Code, as amended.

(6) Any additional information deemed necessary by the director relating to the operations and activities of the emergency wrecker service. (Ord. Nos. 24661; 27487)

SEC. 15D-48. EMERGENCY WRECKER SERVICE RECORDS.

A licensee shall maintain the business records of the emergency wrecker service, including but not limited to records relating to the activities, operations, service, and safety record of the emergency wrecker service, at its business location required by Section 15D-20(c). The licensee shall make the emergency wrecker service records available for inspection by the director or the chief of police upon reasonable notice and request. (Ord. 24661)

SEC. 15D-49. FAILURE TO PAY AD VALOREM TAXES.

A licensee or an applicant for an emergency wrecker service license shall not allow the payment of ad valorem taxes upon any vehicle, equipment, or other property used directly or indirectly in connection with the emergency wrecker service to become delinquent. (Ord. 24661)

Division 5. Service Rules and Regulations.

SEC. 15D-50. EMERGENCY WRECKER SERVICE ZONES; WRECKER ROTATION LIST PROCEDURE.

(a) The chief of police shall partition the city into zones for emergency wrecker service and shall place
§ 15D-50 Emergency Vehicles

the names of all emergency wrecker companies licensed under this article on a wrecker rotation list. Notice of the boundary limits of each zone will be provided to each licensee on the rotation list. Each licensee may apply for and be assigned to only one zone.

(b) When an emergency wrecker is needed at a police scene, the police officer or other authorized city official at the scene will communicate that need immediately to the police department. On receiving the first request for emergency wrecker service, the dispatcher will call the first available emergency wrecker company on the rotation list assigned to the zone in which the police scene is located and order removal of the wrecked, disabled, or illegally parked vehicle to a place designated by the chief of police. On each succeeding request for emergency wrecker service, the dispatcher will call the next available emergency wrecker company on the rotation list that is assigned to the zone involved, or call the nearest available emergency wrecker in an adjacent zone if none are available in the zone involved. Proper notation of each call for emergency wrecker service must be made on the master rotation list.

(c) The chief of police may direct that an emergency wrecker be called out of its zone or out of rotation when determined to be in the best interest of the public health, safety, and welfare. (Ord. Nos. 13977; 14685; 15612; 16850; 24661; 27487)

SEC. 15D-51. REMOVAL OF A VEHICLE WITH A WRECKER.

A licensee or permittee commits an offense if he, either personally or through an employee or agent, removes a vehicle from a street or other public property without:

(1) using a wrecker; or

(2) first completing every procedure required to secure the vehicle to the wrecker or wrecker equipment, including the attachment of any safety chains, so that the vehicle may be safely towed. (Ord. Nos. 24661; 27487)

SEC. 15D-52. REQUIREMENTS AND OPERATING PROCEDURES FOR EMERGENCY WRECKER SERVICE.

(a) A licensee shall comply with the following requirements and procedures:

(1) Maintain a 24 hour emergency wrecker service and operate a two-way communication system on a 24-hour basis. The licensee shall keep the business location required under Section 15D-20(c) open and staffed from 9:00 a.m. to 5:00 p.m. weekdays, except for:

(A) holidays recognized by the city; and

(B) other times for which the licensee has:

(i) obtained prior written approval from the chief of police; and

(ii) provided the director with a copy of that approval.

(2) Arrive at the police scene, if it is not a rapid response location, within 30 minutes after having been notified to do so by the chief of police.

(3) Deliver, in every instance, the wrecked, disabled, or illegally parked vehicle directly to a location designated by the chief of police without stopping at any other location or for any reason other than mechanical breakdown or problems with the vehicle hookup to the wrecker. In the event of a mechanical breakdown or problem with the vehicle hookup to the wrecker, the wrecker driver or the licensee shall immediately notify the chief of police.
(4) Report to the director all changes in emergency wreckers and equipment used in the licensee’s emergency wrecker service and render all additional vehicles for inspection by the director. A wrecker without a valid emergency wrecker inspection sticker is not allowed to participate in the wrecker rotation list or the rapid response rotation list.

(5) Employ at least four emergency wrecker drivers who hold valid wrecker driver’s permits issued under this article and valid incident management towing operator’s licenses.

(6) Upon arrival at the scene of an accident and in a manner that minimizes the duration of interference with normal traffic flow, promptly clear the wreckage and debris from the travelled portion of the roadway or confine it to the smallest possible portion of the travelled roadway while removal is taking place and, before leaving the accident site, completely remove from the site all resulting wreckage or debris, including all broken glass, but excluding truck or vehicle cargoes.

(7) Request the police officer or other authorized city official at a police scene to call for the dispatch of another emergency wrecker if additional wreckers are needed to clear a police scene.

(8) Not permit the use of the licensee’s wrecker by another licensee.

(b) Nothing in this article permits the operation of a wrecker as an authorized emergency vehicle. (Ord. Nos. 13977; 14685; 16554; 21175; 24661; 27487)

SEC. 15D-53. RAPID RESPONSE PROGRAM.

(a) The chief of police shall create a rapid response rotation list to assign licensed emergency wrecker companies to city-owned vehicles and rapid response locations in a particular zone for each day of the week. The chief of police may modify the rotation list on a monthly basis to prevent one emergency wrecker company from always working the same day of the week in rotation.

(b) Participation by a licensed emergency wrecker company in the rapid response program is voluntary. An emergency wrecker company may request to be placed on the rapid response rotation list only when applying for license issuance or renewal or at other times designated by the chief of police. An emergency wrecker company may request to have its name removed from the rapid response rotation list at any time.

(c) Each participating emergency wrecker company shall provide at least one conventional light duty wrecker and one tilt bed/roll back carrier to be available for a designated day assigned by the chief of police to remove vehicles as directed by the chief of police. The emergency wrecker company shall be available to provide emergency wrecker service under the rapid response program for the full 24 hours of its assigned day.

(d) On each subsequent day, an adequate number of emergency wrecker companies next appearing on the rapid response rotation list will be assigned to remove vehicles as directed by the chief of police.

(e) The chief of police shall designate back-up emergency wrecker companies in the event that a primary emergency wrecker company is unable to respond on an assigned day. If a primary emergency wrecker company is unable to respond, it shall immediately notify the chief of police, and the chief of police will dispatch a back-up emergency wrecker company to the police scene at the rapid response location.

(f) An emergency wrecker company responding to a dispatch under the rapid response program shall arrive at the dispatched location within 15 minutes after notification to do so by the chief of police.
§ 15D-53 Emergency Vehicles

(g) On its assigned day, an emergency wrecker company may stage its wreckers in strategic locations within its approved zone (but not on a freeway, highway, or expressway) to facilitate timely response to a police scene in a rapid response location. An emergency wrecker company may not respond to a police scene without first being dispatched by the chief of police.

(h) An emergency wrecker company dispatched to a rapid response location may conduct a “double tow” by loading two vehicles onto a single tilt bed/rollback carrier, but only when both vehicles are towed from a single police scene to the same location approved by the chief of police. If the emergency wrecker company receives a subsequent call for service at a different location, it must send another wrecker to the other location.

(i) All towed vehicles must be disposed of in accordance with Section 15D-54. (Ord. Nos. 13977; 14685; 15612; 21175; 24661; 27487; 31233)

SEC. 15D-53.1 RAPID RESPONSE LOCATIONS.

The following are rapid response locations:

(1) C. F. Hawn Freeway.

(2) Central Expressway.

(3) East R. L. Thornton Freeway.

(4) Interstate Highway 20.

(5) John W. Carpenter Freeway.

(6) Julius Schepps Freeway.

(7) Lyndon B. Johnson Freeway.

(8) Marvin D. Love Freeway.

(9) S. M. Wright Freeway.

(10) South R. L. Thornton Freeway.

(11) Stemmons Freeway.

(12) Tom Landry Freeway.

(13) Walton Walker Boulevard.

(14) Woodall Rogers Freeway.

(15) All entrance and exit ramps and all adjacent service roads of the freeways named in Paragraphs (1) through (14) of this section.

(16) Any other area designated by the chief of police. (Ord. 27487)

SEC. 15D-54. DISPOSITION OF TOWED VEHICLES.

(a) Except as provided in Subsection (b) of this section, a vehicle towed under this article will be kept at a vehicle storage facility designated by the chief of police until application for the vehicle’s redemption is made by the vehicle owner, or the owner’s authorized agent, who will be entitled to possession of the vehicle upon payment of all costs of removal and storage that may have accrued. If the vehicle is not redeemed by the vehicle owner or the owner’s authorized agent, the vehicle will be disposed of in a manner prescribed by law.

(b) The owner or operator of a wrecked or disabled vehicle, or the owner or operator’s authorized agent, may request that an emergency wrecker remove the vehicle to a location other than one designated in Subsection (a). Removal of the vehicle to a location designated by the vehicle owner or operator, or the owner or operator’s authorized agent, must be authorized by the chief of police, or the chief’s authorized representative at the police scene, and be in
§ 15D-54 Emergency Vehicles § 15D-57

accordance with rules and regulations established by the chief of police.

(c) If a licensee or wrecker driver refuses to leave a towed vehicle at the vehicle owner or operator’s designated delivery location for failure of the vehicle owner or operator to pay all fees allowed under Section 15D-57, the licensee or wrecker driver shall tow the vehicle to a location designated by the chief of police under Subsection (a) and report the change in the delivery location to the police department in accordance with Section 15D-55.  (Ord. Nos. 21175; 24661; 27487)

SEC. 15D-55. NOTIFICATION OF POLICE DEPARTMENT; IMPOUNDED VEHICLE RECEIPTS.

(a) A licensee or wrecker driver commits an offense if he fails to notify and provide all of the following information to the police department within two hours after removing a vehicle from a police scene with an emergency wrecker:

(1) The location from which the vehicle was removed and the date and time of removal.

(2) The reason for removal of the vehicle.

(3) A physical description of the removed vehicle, including the year, make, model, color, state license plate number, and vehicle identification number of the vehicle.

(4) The trade name of the emergency wrecker service.

(5) The name, address, and telephone number of the vehicle storage facility or other location to which the vehicle was taken.

(6) The fee paid to the licensee or wrecker driver for removal of the vehicle and a copy of the receipt given to the owner or operator of the towed vehicle, which receipt must be signed by, and list the telephone number of, the vehicle’s owner or operator.

(7) The dispatch number assigned by the chief of police to authorize the removal of the vehicle.

(b) A licensee or wrecker driver shall obtain from the chief of police impounded vehicle receipt forms on which to record the information required in Subsection (a) and any other information determined necessary by the director or the chief of police. A licensee or wrecker driver shall complete a separate impounded vehicle receipt for each vehicle removed by the licensee or wrecker driver under this article. The licensee or wrecker driver shall return copies of all completed impounded vehicle receipts to the police department in a manner and on a schedule required by the chief of police.  (Ord. Nos. 24661; 27487)

SEC. 15D-56. CITY-OWNED WRECKERS.

Nothing in this article prevents the chief of police from calling a city-owned wrecker to a police scene to render emergency wrecker service in lieu of calling an emergency wrecker from the wrecker rotation list or the rapid response rotation list.  (Ord. Nos. 13977; 14685; 24661; 27487)

Division 6. Fee Schedule.

SEC. 15D-57. MAXIMUM FEE SCHEDULE FOR EMERGENCY WRECKER SERVICE.

(a) The following fees are authorized for providing emergency wrecker service to vehicles (except for vehicles owned by the city):

(1) $139 for towage of a vehicle with a manufacturer’s gross vehicle weight rating of not more
than 10,000 pounds, plus a fee of $73 for each hour over two hours that is required to complete the tow, with partial hours paid in quarter hour increments.

(2) $219 for towage of a vehicle with a manufacturer’s gross vehicle weight rating of more than 10,000 pounds but not more than 26,000 pounds, plus a fee of $109 for each hour over two hours that is required to complete the tow, with partial hours paid in quarter hour increments.

(3) $509 for towage of a vehicle with a manufacturer’s gross vehicle weight rating of more than 26,000 pounds, plus a fee of $182 for each hour over two hours that is required to complete the tow, with partial hours paid in quarter hour increments.

(4) $73 for any service a wrecker operator or driver performs that renders a vehicle operable, including, but not limited to, removing or straightening a bumper or fender, or another similar service.

(5) When dispatched by the chief of police to a location more than 100 yards outside the corporate limits of the city to tow a vehicle from the dispatched location to a location inside the corporate limits of the city, $4 for each loaded one-way mile that the wrecker travels, measured from the dispatched location to the nearest point of the corporate limits of the city using the most direct and expeditious route.

(6) When dispatched by the chief of police to a location inside the corporate limits of the city to tow a vehicle to a location more than 100 yards outside the corporate limits of the city, $4 for each loaded one-way mile that the wrecker travels, measured from the nearest point of the corporate limits of the city to the vehicle delivery location using the most direct and expeditious route.

(7) No additional fee may be charged for linkage of a vehicle prior to a tow or for the use of towing dollies, go-jacks, winching, or air bags.

(b) The charges allowed in Subsections (a)(1), (2), and (3) are calculated from the time a wrecker is dispatched by the chief of police to the time the vehicle to be towed is delivered to a location designated by the chief of police.

(c) A licensee or permittee commits an offense if he, either personally or through an employee or agent:

(1) charges more than the maximum towage fee allowed by this section for the particular vehicle towed;

(2) charges any fee in addition to those lawfully charged under this section; or

(3) requests payment of a fee for emergency wrecker service from a person or in a manner not authorized by this article or rules and regulations established by the director or the chief of police pursuant to this article. (Ord. Nos. 13977; 14685; 15612; 16403; 17673; 18566; 21175; 21311; 24661; 27487; 30993)

Division 7. Vehicles and Equipment.

SEC. 15D-58. VEHICLES AND EQUIPMENT.

(a) An applicant or licensee shall submit each wrecker to be used in the emergency wrecker service for inspection in a manner determined by the director. Each wrecker must:

(1) if used for towing a vehicle with a manufacturer’s gross vehicle weight rating of not more than 10,000 pounds, meet the requirements for a light duty wrecker or a tilt bed/roll back carrier;

(2) if used for towing a vehicle with a manufacturer’s gross vehicle weight rating of more than 10,000 pounds but not more than 26,000 pounds, meet the requirements for a medium duty wrecker;
§ 15D-58 Emergency Vehicles

(3) if used for towing a vehicle with a manufacturer’s gross vehicle weight rating of more than 26,000 pounds, meet the requirements for a heavy duty wrecker or a lowboy unit;

(4) carry, as standard equipment, a tow bar, towing dollies, safety chains, a fire extinguisher, a wrecking bar, a broom, a shovel, at least six flares or three reflective triangles, absorbent material for oil or fuel leakages, and a container to carry debris, except that:

(A) towing dollies are not required on medium duty or heavy duty wreckers; and

(B) towing dollies and tow bars are not required on tilt bed/roll back carriers or lowboy units;

(5) be maintained in a safe and good working condition, contain equipment that is maintained in a safe and good working condition, and comply with all minimum safety and equipment standards required for a wrecker by city ordinance or state or federal law;

(6) have permanently affixed to each side of the front doors of the wrecker legible letters and numbers, at least two inches high, in a color that contrasts with the front doors, stating the trade name and telephone number (including area code) of the emergency wrecker service and the motor carrier registration number of the wrecker; and

(7) be capable of providing two-way communication with the licensee’s base station at all times.

(b) An inspection fee of $226 must be paid for each wrecker that is used in the emergency wrecker service. Upon inspection and approval of each vehicle, the director shall issue a decal to the applicant or licensee. The decal must be affixed securely to the lower left corner of the front windshield of the inspected wrecker.

(c) The director, the chief of police, or a peace officer may, at any time, inspect a wrecker used by a licensee for emergency wrecker service to determine whether the vehicle complies with this section.

(d) A licensee or permittee commits an offense if he, either personally or through an employee or agent:

(1) uses a light duty wrecker, a tilt bed/roll back carrier, a medium duty wrecker, a heavy duty wrecker, or a lowboy unit to tow a vehicle that exceeds the manufacturer’s gross vehicle weight rating allowed to be towed by the particular type of wrecker under Subsection (a)(1), (2), or (3), whichever is applicable; or

(2) tows a vehicle using a wrecker that does not have a valid city of Dallas emergency wrecker decal affixed to the windshield as required by Subsection (b) of this section. (Ord. Nos. 24661; 25048; 27487; 27695; 30215)

Division 8. Enforcement.

SEC. 15D-59. AUTHORITY TO INSPECT.

(a) The director, the chief of police, or a peace officer may inspect any emergency wrecker service to determine whether a licensee or permittee complies with this article, rules and regulations established under this article, or other applicable law.

(b) A licensee or permittee, either personally or through an employee or agent, shall not attempt to interfere or refuse to cooperate with the director, the chief of police, or a peace officer in the conduct of any investigation or discharge of any duty pursuant to this article. (Ord. 24661)
SEC. 15D-60. ENFORCEMENT BY POLICE DEPARTMENT.

Officers of the police department shall assist in the enforcement of this article. A police officer upon observing a violation of this article, or of any rule or regulation established by the director or the chief of police pursuant to this article, shall take necessary enforcement action to ensure effective regulation of emergency wrecker service. (Ord. 24661)

SEC. 15D-61. CORRECTION ORDER.

(a) If the director or the chief of police determines that a licensee, either personally or through an employee or agent, violates this article, the terms of its license, a rule or regulation established by the director or the chief of police, or other law, the director or the chief of police may notify the licensee in writing of the violation and by written order direct the licensee to correct the violation within a reasonable period of time. In setting the time for correction, the director or the chief of police shall consider the degree of danger to the public health or safety and the nature of the violation. If the violation involves equipment that is unsafe or functioning improperly, the director or the chief of police shall order the licensee to immediately cease use of the equipment.

(b) If the director or the chief of police determines that a violation constitutes an imminent and serious threat to the public health or safety, the director or the chief of police shall order the licensee to correct the violation immediately, and, if the licensee fails to comply, the director or the chief of police shall promptly take or cause to be taken such action as considered necessary to enforce the order immediately.

(c) The director or the chief of police shall include in a notice issued under this section an identification of the specific violation, the date of issuance of the notice and the time period within which the violation must be corrected, a warning that failure to comply with the order may result in suspension or revocation of license or imposition of a fine or both, and a statement indicating how the order may be appealed. (Ord. 24661)

SEC. 15D-62. SERVICE OF NOTICE.

(a) A licensee shall designate and maintain a representative to receive service of notice required under this article to be given a licensee.

(b) Notice required under this article to be given to:

(1) a licensee must be personally served by the director on the licensee or the licensee’s designated representative; or

(2) a driver permitted by the city under Division 3 of this article must be personally served or sent by certified United States Mail, five day return receipt requested, to the address, last known to the director, of the person to be notified.

(c) Notice required under this article to be given a person other than a driver permitted under Division 3 of this article or a licensee may be served in the manner prescribed by Subsection (b)(2).

(d) Service executed in accordance with this section constitutes notice to the person to whom the notice is addressed. The date of service for notice that is mailed is the date received. (Ord. 24661)

SEC. 15D-63. APPEAL.

(a) A licensee may appeal a correction order issued under Section 15D-61 if an appeal is requested in writing not more than 10 days after notice of the order or action is received.
(b) The city manager or a designated representative shall act as the appeal hearing officer in an appeal hearing under this section. The hearing officer shall give the appealing party an opportunity to present evidence and make argument. The formal rules of evidence do not apply to an appeal hearing under this section, and the hearing officer shall make a ruling on the basis of a preponderance of evidence presented at the hearing.

(c) The hearing officer may affirm, modify, or reverse all or a part of the order of the director. The decision of the hearing officer is final. (Ord. 24661)

SEC. 15D-64. OFFENSES.

(a) A person commits an offense if he violates a provision of this article applicable to him.

(b) A separate offense is committed each day in which an offense occurs. An offense committed under this article is punishable by a fine of not less than $200 or more than $1,000 as provided by Section 2308.505 of the Texas Occupations Code, as amended. The minimum fine established in this subsection will be doubled for the second conviction of the same offense within any 24-month period and trebled for the third and subsequent convictions of the same offense within any 24-month period. At no time may the minimum fine exceed the maximum fine established in this subsection.

(c) The culpable mental state required for the commission of an offense under this article is governed by Section 1-5.1 of this code.

(d) Prosecution for an offense under Subsection (a) does not prevent the use of other enforcement remedies or procedures applicable to the person charged with the conduct or involved in the offense. (Ord. Nos. 24661; 27487)

ARTICLE III

PUBLIC SERVICE CORPORATIONS.

SEC. 15D-65. DEFINITIONS.

In this article:

(1) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article or the director’s authorized representative.

(2) PUBLIC SERVICE CORPORATION means a corporation that provides a general public service under a franchise from the city and that has a need to dispatch vehicles to the scene of accidents, fires, explosions, or other disasters on an emergency basis. (Ord. Nos. 19312; 24661)

SEC. 15D-66. PERMIT REQUIRED.

No person shall operate or cause to be operated a vehicle for a public service corporation as an emergency vehicle without first obtaining a permit. (Ord. Nos. 14586; 19312; 24661)

SEC. 15D-67. APPLICATION.

(a) A public service corporation which desires to have a vehicle designated as an authorized emergency vehicle shall apply to the director for a permit for each vehicle to be designated.

(b) The application shall be on a form provided by the director and shall contain all information reasonably necessary to enable him to determine whether the vehicle meets the requirements of this article. (Ord. Nos. 14586; 19312; 24661)
SEC. 15D-68. PERMIT ISSUANCE; STANDARDS OF OPERATION.

(a) The director shall consider each application and shall issue a permit designating the vehicle of a public service corporation as an authorized emergency vehicle if he finds that:

(1) it is necessary to have vehicles owned by the public service corporation at the scene of accidents, fires, explosions, or other disasters in the shortest possible time to protect public health, safety, and welfare of persons and property and that they should be permitted to travel as authorized emergency vehicles during these emergencies;

(2) the vehicle is properly equipped with siren and flashing red lights as required by Section 124, Article 6701d, Vernon’s Texas Civil Statutes; and

(3) the vehicle has a current state inspection sticker of the state department of public safety.

(b) If the director finds that these three conditions do not exist, he shall deny the permit.

(c) The director may establish rules or standards of operation regarding public service emergency vehicles. (Ord. Nos. 14586; 19312; 24661)

SEC. 15D-69. TERM; POSTING.

The permit required by this article expires the first day of April following its issuance and shall be renewed annually. The permit must be posted in the interior of the emergency vehicle in a place accessible to inspection. (Ord. Nos. 14586; 19312; 24661)

SEC. 15D-70. OPERATORS TO HAVE CHAUFFEUR’S LICENSE.

A public service corporation operating a permitted vehicle as an authorized emergency vehicle shall allow only persons possessing a chauffeur’s license from the state department of public safety to operate the emergency vehicle. (Ord. Nos. 14586; 19312; 24661)

ARTICLE IV.

MOTOR VEHICLE ACCIDENT CLEANUP FEE.

SEC. 15D-71. MOTOR VEHICLE ACCIDENT CLEANUP FEE.

(a) Whenever the fire-rescue department provides services to clean up contaminants, debris, and other materials discharged onto a public right-of-way as a result of a motor vehicle accident, a motor vehicle accident cleanup fee will be charged by the city in accordance with this article. The purpose of the fee is to recover the costs incurred by the fire-rescue department in preventing the contaminants, debris, and other materials from entering the city’s storm water system and in returning the public right-of-way to its condition immediately prior to the accident.

(b) The fee amount will be calculated based on the following rates:

(1) $213 per hour for the use of each ambulance/rescue vehicle (including personnel) necessary to provide bio-hazardous cleanup services.

(2) $275 per hour for the use of each fire engine (including personnel) necessary to provide general cleanup services.

(3) $275 per hour for the use of each aerial fire truck (including personnel) necessary to provide general cleanup services.

(4) $161 per hour for the use of each battalion chief vehicle (including personnel) necessary to provide general cleanup services.
(5) $16 per accident for absorbent materials used to provide general cleanup services.

(6) $5 per accident for consumable supplies (including, but not limited to, brooms, scoops, gloves, and bags) used to provide general cleanup services.

(7) $2 per accident for the disposal of biohazardous waste.

(8) $7 per accident for the disposal of contaminated waste.

(c) The driver of the motor vehicle determined to be liable for the motor vehicle accident shall be responsible for payment of the motor vehicle accident cleanup fee assessed under this article. If more than one driver is determined to be liable for the motor vehicle accident, then the fee will be apportioned among the drivers based on each driver’s percentage of liability. If a driver is a minor, the parent or guardian of the minor shall be responsible for payment of any fee or portion of a fee assessed to the minor driver under this article.

(d) Any fee or portion of a fee assessed to a driver under this article will be waived by the city if the driver provides proof that, at the time of the motor vehicle accident, the driver was a city of Dallas resident. (Ord. 27354)

ARTICLE I.

COLLECTION AND DISPOSAL.

SEC. 18-1. SCOPE OF CHAPTER.

The provisions of this chapter apply to all territory within the city and are for the benefit and protection of the city, its citizens, and the city’s solid waste collection and disposal utility. (Ord. Nos. 16367; 29881)

SEC. 18-2. DEFINITIONS.

For the purpose of this chapter, the following words and phrases have the meanings respectively ascribed to them by this section:

(1) ALLEY. Any public way, generally of less width than a street, used for public utility purposes and right-of-way and as an alternate secondary or emergency route for vehicular and pedestrian traffic, generally situated at the rear of or alongside a tier of lots.

(2) APARTMENT HOUSE. Apartment house as defined by the building code.

(3) BRUSH AND BULKY TRASH. Brush and bulky trash originating from the dwelling unit (residence or duplex) being serviced by sanitation services.

   (A) BRUSH. Cuttings or trimmings, individual pieces not exceeding eight inches in diameter or 10 feet in length, from trees, shrubs, or lawns and similar materials, which also may include yard trash consisting of bagged leaves, twigs, and other similar objects.

   (B) BULKY TRASH. Furniture, appliances (freon removed, if applicable), mattresses, small household trash that is bagged or containerized, and other household objects too large for routine placement in normal compaction-type collection vehicles via the provided rollcart. This definition does not include household garbage (bagged or un-bagged), wet solid waste, construction debris, automotive parts, soil, rocks, stones, tires, electronics, household hazardous waste (e.g. chemicals, paints, fuel), or other items designated in writing by the director of sanitation.

(4) BUILDING. A structure used or intended for supporting or sheltering any use or occupancy.

(5) BUILDING CODE. The Dallas Building Code, as amended.

(6) CITY. The city of Dallas, Texas.

(7) CODE. The Dallas City Code, as amended.

(8) COMMERCIAL ESTABLISHMENT. Any structure intended or used for the purpose of conducting a commercial business enterprise.

(9) CONSTRUCTION DEBRIS. Those materials resulting from the alteration, construction, destruction, rehabilitation, remodeling, or significant repair of any manmade physical structure including houses, buildings, industrial or commercial facilities, and roadways. This includes but is not limited to brick, concrete, other masonry materials, stone, glass, drywall, framing and finishing lumber, roofing materials, plumbing fixtures, HVAC equipment such as heating and air conditioning equipment and ductwork, insulation, and wall-to-wall carpeting. This definition does not include incidental waste from small home repairs (e.g. replacing a toilet, sink, small amounts of carpet or lumber, fence panels, or doors).

(10) CONTAINER. A receptacle for the deposit of solid waste, including garbage and recyclable materials (meeting the requirements of Section 18-3 for containers).

(11) DESIGNATED ALLEY. An alley that is not paved to city standard with concrete or asphalt, that has a right-of-way less than 12 feet in width, that deadends, that serves a dual use as a lined drainage
channel, or that involves other unusual conditions and which has been designated by the director of sanitation.

(12) DIRECTOR OF SANITATION. The head of the department of sanitation services of the city or any authorized representative.

(13) DOWNTOWN AREA. The area within the Dallas city limits bounded by the west line of Houston Street, the south line of all properties on the south side of Young Street, the east line of Pearl Street, and the south line of Gaston-Pacific extension.

(14) DRIVE-IN SERVICE. Service involving city sanitation service employees driving in on private property to collect garbage or recyclable materials.

(15) DRY SOLID WASTE. Trash (or rubbish), as defined in this section.

(16) DUPLEX. A structure intended for the use and occupancy as two family dwelling units.

(17) DWELLING UNIT. Dwelling unit has the meaning assigned in Section 51A-2.102 of the Dallas Development Code, as amended.

(18) FOOD ESTABLISHMENT. Cafe, restaurant, or other similar establishment serving food or food products, including quick service drive-ins where food is prepared or served.

(19) GARBAGE. Solid waste consisting of putrescible animal and vegetable waste materials resulting from the handling, preparation, cooking, and consumption of food, including waste materials from markets, storage facilities, handling and sale of produce, and other food products.

(20) ILLEGALLY DUMPED SOLID WASTE. Any solid waste placed on property with or without the consent of the owner or person in control.

(21) INDUSTRIAL SOLID WASTE. Solid waste resulting from or incidental to any process of industry or manufacturing, or mining or agricultural operations.

(22) INSTITUTION OR INSTITUTIONAL. Any church, church building, or structure housing any charitable or philanthropic undertaking, or any school.

(23) MANAGER. The person in charge of real estate used for apartment, institutional, or commercial purposes.

(24) MANUAL COLLECTION. The service rendered in collecting municipal solid waste, including recyclable materials, in bags or from containers where sanitation workers pick up the bags and containers manually instead of by mechanical means.

(25) MOBILE HOME PARK. Six or more mobile home type dwelling units or mobile home parking spaces that are:

(A) all located on one lot under single ownership; and

(B) only accessible by a private road.

(26) MULCH. Cutting grass, weeds, and similar vegetation into fine particles.

(27) MULTIFAMILY SITE RECYCLING COLLECTION SERVICE. The business of removing recyclable material, for processing, from a multifamily site for compliance with Section 18-5.1 of this code.

(28) MULTIFAMILY SITE. Multifamily site means eight or more dwelling units on a lot.

(29) MUNICIPAL SOLID WASTE. Solid waste resulting from or incidental to municipal, community, commercial, and recreational activities, including garbage, trash (or rubbish), ashes, street cleanings, dead animals, and all other solid waste other than industrial solid waste.

(30) OCCUPANT. A person living on premises or in control of premises.

(31) OWNER. A person or the person’s agent, including a condominium or homeowner’s association,
(32) OVERSIZED BRUSH AND BULKY TRASH COLLECTION. A collection of brush and bulky trash greater in volume than the standard limit of 10 cubic yards.

(33) PACKOUT SERVICE. Service involving city sanitation service employees walking in on private property or walking in to a point that is not immediately adjacent to a location reasonably accessible to the standard city garbage or recycling truck by route of a public right-of-way to collect garbage or recyclable materials. Brush and bulky trash collection will not be rendered as a pack out service.

(34) PARKWAY. The area ordinarily intervening between the curb line of a street and the adjacent property line, or the sidewalk if a sidewalk exists.

(35) PERMITTEE. Any person licensed by the city of Dallas to contract to collect, remove, or dispose of solid waste.

(36) PERSON. Any individual, corporation, organization, partnership, association, or any other legal entity.

(37) PROPERTY LINE. The peripheral boundary of real estate.

(38) PUBLIC UTILITY EASEMENT. A right-of-way used or dedicated to be used by any public utility, including but not limited to services such as electricity, telephone, gas, solid waste collection, water, sewer, and drainage.

(39) PUBLIC WAY. Any street, alley, easement, or other right-of-way.

(40) RECYCLING. The process of collecting, sorting, cleansing, treating, and reconstituting recyclable materials for the purpose of using the altered form in the manufacture of a new product.

(41) RECYCLABLE MATERIAL. Any material or product designated in writing by the director of sanitation as being suitable for re-use and/or recycling.

(42) RESIDENCE. A structure intended for use and occupancy as a one family dwelling unit, including a mobile type dwelling unit that is not part of a mobile home park.

(43) ROLLCART. A plastic receptacle, which is furnished by the city for the collection of residential refuse and recyclable materials, that:

   (A) has two wheels and a lid;

   (B) is designed to be lifted and emptied mechanically;

   (C) is too large for handling by manual means; and

   (D) is from 48 to 96 gallons.

(44) ROLLCART SERVICE. The service rendered in collecting municipal solid waste, including recyclable materials, by mechanical means from rollcart containers furnished by the city.

(45) SANITARY LANDFILL. A method of disposing of municipal solid waste on land without creating a nuisance or hazard to public health or safety by utilizing the principles of engineering to confine the solid waste to the smallest practical area, to reduce it to the smallest practical volume, and to cover it with a layer of earth at appropriate periodic intervals.

(46) SANITATION SERVICES. The department of the city that is responsible for the operation of the city’s solid waste collection and disposal utility, including, but not limited to, the collection, removal, disposal, and processing of municipal solid waste (including recyclable materials).

(47) STREET. Any public roadway for the passage of vehicular and pedestrian traffic.
(48) TRASH (OR RUBBISH). Municipal solid wastes other than garbage and further categorized as:

(A) BRUSH AND BULKY TRASH. Has the meaning as defined in Section 18-2(3) of this chapter.

(B) YARD TRASH. Consisting of bagged leaves, grass, twigs, and other similar objects.

(C) HOUSEHOLD TRASH. Paper, wood, glass, metal, cans, rags, cartons, rubber, plastic, and other similar materials.

(D) CONTAINERIZED TRASH. Household or yard trash in containers not exceeding a combined weight of 50 pounds.

(49) UNPAVED ALLEY. Any alley not paved with concrete or asphalt.

(50) VEGETATION. Any plant growth.

(51) VEHICLES. Every wheeled conveyance or any other device in, or by which any property may be transported or drawn upon a public street or highway, including devices used exclusively on stationary rails or tracks.

(52) WALKWAY. Any area, paved or unpaved, normally used as a pedestrian right-of-way.

(53) WET SOLID WASTE. Any putrescible animal or vegetable waste materials, other than waterborne waste material, resulting from the handling, preparation, cooking, or consumption of food, including waste material from markets, storage facilities, or the handling or sale of produce or other food products. (Ord. Nos. 16367; 19409; 21058; 21186; 22026; 23694; 24743; 26960; 27697; 29879; 29881; 30879; 31231)

SEC. 18-3. REGULATING CONTAINERS FOR MUNICIPAL SOLID WASTE MATERIALS.

(a) Containers for residences and duplexes. Every occupant of a residence or duplex shall provide the premises with a sufficient number of solid waste containers to provide for the peak output of municipal solid wastes from those premises without overloading the containers. The containers must be rollcarts and must meet the requirements of this subsection.

(1) At a residence or duplex, a person shall use only city owned and provided rollcarts as solid waste containers, except that blue rollcarts may be used as solid waste containers for recyclable materials.

(2) A person shall comply with the following requirements when using a rollcart or a blue or clear recycling bag as a solid waste container:

(A) A container must not be overloaded to the point where spillage occurs from overflow, wind, or handling.

(B) A container must be closed or secured at the top to prevent spillage.

(C) Glass and other wastes that are dangerous to handle must be securely wrapped, and the container must be labeled to warn of the need for careful handling.

(D) Ashes must be cold before being placed in a container.

(E) Non-recyclable materials must not be placed in a container (rollcart) designated for recyclable materials. A recycling rollcart that is used for non-recyclable materials may be removed from the premises at the direction of the director of sanitation.

(3) Unless otherwise specified by the director of sanitation, and in addition to the requirements of Subsection (a)(3), a person shall comply with the following requirements when using a rollcart as a solid waste container:
§ 18-3 Municipal Solid Wastes

(A) A rollcart must be placed for collection so that there is a minimum clearance of three feet to each side of the rollcart and one and one-half feet to the rear of the rollcart from any fence, gas meter, telephone pole, utility box, tree, shrub, additional collection container, or other potential obstruction. A rollcart must be placed so that its handle faces the dwelling unit.

(B) No person shall block or cause to be blocked access to or hinder collection of a rollcart that has been placed for curbside collection.

(C) Solid waste, including recyclable materials, must be placed in a rollcart in a manner that prevents the contents from blowing out of the rollcart when being emptied.

(D) The director of sanitation must be promptly notified of any need for repair or replacement of a rollcart. Cleanliness of a rollcart is the responsibility of the occupant or owner of the premises to which the rollcart is provided.

(E) A 60 to 65 gallon rollcart may not weigh more than 200 pounds when loaded, and a 90 to 96 gallon rollcart may not weigh more than 250 pounds when loaded.

(F) Additional rollcarts for garbage may be obtained from the director of sanitation for an additional fee set forth in Section 18-9(c)(1) of this article. Additional rollcarts for recyclable materials may be obtained from the director of sanitation for no additional fee.

(G) A rollcart that is lost or damaged due to a customer’s negligence may be replaced for a fee as set forth in Section 18-9(c)(8) of this article.

(b) Containers for apartments, mobile home parks, institutions, and commercial establishments. Every owner of an apartment, mobile home park, institution, or commercial establishment shall provide the premises with a sufficient number of solid waste containers to provide for the peak output of municipal solid wastes from those premises without overloading the containers.

(1) A container must be watertight and constructed of a solid and durable grade of metal or plastic material. Any container that is manually collected by city sanitation services employees must not exceed 96 gallons in capacity, and the combined weight of the waste and the container must not exceed 250 pounds. A container must not be overloaded to a point where spillage occurs from overflow, wind, or handling.

(2) All containers must meet the following requirements:

(A) A container must be provided with suitable lifting handles on the outside and a close-fitting or other approved cover equipped with a handle.

(B) A container must not contain any inside structure, such as a band or reinforcing angle, or anything within the container to prevent the free discharge of the contents. A container that has deteriorated or become damaged to the extent that the cover will not fit securely or that has a jagged or sharp edge capable of causing injury to a sanitation services employee or other person whose duty it is to handle the container will be condemned by the city. If such a container is not replaced after notice to the owner or user, the container will be removed along with its contents.

(c) Underground solid waste containers. Underground solid waste containers are prohibited for use in the city unless the installation is specifically approved by the director of sanitation. (Ord. Nos. 16367; 19409; 19991; 21058; 24743; 26960; 28019; 29879)
SEC. 18-4. REGULATING THE COLLECTION OF SOLID WASTE MATERIALS FROM RESIDENCES AND DUPLEXES.

(a) General. It shall be the duty of every occupant of any residence or duplex to provide a sufficient number of solid waste containers at the place designated by the director of sanitation for collection of municipal solid waste from the particular premises and to provide adequate capacity for the solid waste placed out for collection without overloading the capacity of the containers or wedging the contents in the container by compaction.

(1) All containers must conform to the requirements of Section 18-3(a).

(2) A person commits an offense if he collects dry or wet solid waste, including salvageable newspaper or any other recyclable material, from a residence or duplex. It is a defense to prosecution under this paragraph that the person was:

(A) the owner or occupant of the residence or duplex;

(B) employed or under contract with the city to provide solid waste collection services to the residence or duplex and was in the performance of official duties;

(C) a charitable organization that gathers clothes, salvageable newspapers, or other recyclable material;

(D) hauling away brush, bulky trash, or yard trash from the residence or duplex as a service that was incidental to a maintenance, delivery, lawn, or home improvement service being provided by the person to the residence or duplex; or

(E) providing recycling services to the premises pursuant to a written agreement with the owner or occupant of the residence or duplex and was collecting only recyclable materials that were composed solely of one or more of the following:

(ii) empty and rinsed aluminum, steel, glass, or recyclable plastic containers that were only used for the storage or processing of consumable food or beverage products, medications, or ordinary household detergents or soaps and that were never used to store or process any hazardous material or hazardous waste.

(3) The city may, through the competitive bid process, contract with a private solid waste collection service, which is franchised in accordance with Article IV of this chapter, to provide solid waste collection, including the collection of recyclable materials, for specific areas designated by the director of sanitation.

(b) Placement of containers for alley collection service. Except as may be otherwise authorized by the director of sanitation, it shall be unlawful for any person to place any container within any alley within the city. If a fence separates the alley from the lot where the container is located, the container must be placed outside the fence in a manner that protects the container from overturn or spillage and does not interfere with solid waste collection service in the alley. A container may not be placed in a rack, and any rack on the premises may not extend into the alley or interfere with solid waste collection service in the alley.

(c) Placement of garbage or recycling containers for curb collection service. Where a residence or duplex is designated by the director of sanitation to be provided with curb collection service, each container must be placed just behind the curbline of the street abutting such property, but may not be placed in the street, on the sidewalk, or in any manner where the container will interfere with vehicular or pedestrian traffic or with solid waste collection service.
§ 18-4 Municipal Solid Wastes  § 18-4

(1) Where garbage or recyclable materials are collected from the street curbline adjacent to the property, a container must be placed there no earlier than 6:00 p.m. of the afternoon preceding the collection day and must be removed to a point at the side or rear of the structure not later than 8:00 a.m. of the day following collection.

(2) A container must be placed in a manner that protects it from overturn and spillage.

(3) A container may not be placed in a rack, and any rack on the premises may not extend into the street or sidewalk or interfere with solid waste collection service.

(d) Placement of garbage and recycling containers for packout or drive-in collection service. Garbage containers and recycling containers must be placed at locations and under such conditions approved by the director of sanitation for packout or drive-in collection service by the sanitation services of the city.

(e) Placement of brush and bulky trash. Brush and bulky trash must be placed just behind the curb line of the street abutting the property from which the brush and trash originated, or as otherwise designated by the director of sanitation, but must not be placed:

(1) in the street, on the sidewalk, or in any manner that will interfere with vehicular or pedestrian traffic or with solid waste collection service;

(2) out for collection earlier than the Thursday preceding the collection week or later than 7:00 a.m. on the Monday of the collection week;

(3) within five feet from a rollcart, mailbox, fence or wall, water meter, telephone connection box, or parked cars;

(4) under low hanging tree limbs or power lines;

(5) in an alley either paved or unpaved; or

(6) in front of a vacant lot or business.

(f) Placement of bundled or containerized brush and yard or household containerized trash. Bundled or containerized brush and yard or household containerized trash must be placed adjacent to the normal place for collection of garbage or as designated by the director of sanitation, but must not be placed in the street, on the sidewalk, or in any manner that will interfere with vehicular or pedestrian traffic or with solid waste collection service.

(1) Where the quantity of brush set out for collection is excessive, the director of sanitation shall determine the amount of brush to be collected at any one time, the day of its collection, and any other matters pertaining to brush collection in order not to disrupt normal service to other premises.

(2) Rubbish or trash consisting of small, loose items must be placed in an approved container as specified in Section 18-3(a).

(3) Bulky trash and oversized brush may not be placed out for collection in an alley, whether paved or unpaved, but must be placed at the street as specified in this section.

(4) All boxes and cartons must be broken down and bundled where specified by the director of sanitation, and no bundle may exceed 50 pounds in weight for collection by sanitation services crews of the city.

(5) Brush or trash collection service may not be rendered as a packout collection service. [eff. through 6/30/20]

(f) Allowable quantity of brush and bulky trash.

(1) The quantity of brush and bulky trash set out during a collection week may not exceed 10 cubic yards, unless the service unit has designated their monthly collection as their one time per year oversized collection.
§ 18-4 Municipal Solid Wastes § 18-5

(2) Limits may be temporarily lifted at the discretion of the director of sanitation for matters concerning public health and safety. [eff. 7/1/20]

(g) Oversized brush and bulky trash collection.

(1) In general. The occupant of a residence or duplex may request one oversized brush and bulky trash collection per year to occur during one of their normal collection months. This oversized collection will take the place of one of the 12 monthly brush and bulky trash collections.

(2) Dimensions. An oversized collection may not exceed 20 cubic yards or consist of more than 10 cubic yards of bulky trash.

(3) Request. An occupant of a residence or duplex must submit, either online or by phone, an oversized collection service request through the city’s 311 services requests systems before the beginning of an occupant’s normally scheduled collection week in order to avoid an excessive volume service fee.

(4) Fee. Where the quantity of the oversized brush and bulky trash set out for collection exceeds 20 cubic yards, the set out may be collected and a fee will be assessed on the dwelling unit’s water bill pursuant to a fee schedule that will be adopted in the 2019-2020 fee ordinance. [eff. 7/1/20]

(h) Excessive and non-compliant brush and bulky trash service fees.

(1) Excessive brush and bulky trash service fees. Where the quantity of brush and bulky trash set out for collection exceeds 10 cubic yards and a request for an oversized brush and bulky trash collection was not submitted, the set out may be collected and a fee will be assessed on the dwelling unit’s water bill. The fee will be assessed at a rate of $60 per five cubic yards, billed in five cubic yard increments.

(2) Non-compliant brush and bulky trash service fees. A dwelling unit is subject to a service charge for a collection of a non-compliant brush and bulky trash set out which contains excluded items as defined in Section 18-2(3), that are with or on top of the set out, or if such items are placed so close to the set out pile that the items cannot reasonably be removed from the pile to be collected. A service charge will be placed on the dwelling unit’s water bill pursuant to a fee schedule that will be adopted in the 2019-2020 fee ordinance.

(3) Violations. Nothing in this subsection prevents the city from issuing a citation for a violation described in this section.

SEC. 18-5. REGULATING THE COLLECTION AND REMOVAL OF SOLID WASTE MATERIALS FROM APARTMENTS, INSTITUTIONS, COMMERCIAL ESTABLISHMENTS, AND MOBILE HOME PARKS.

(a) The manual collection of dry or wet solid waste from an apartment, institution, commercial
establishment, or mobile home park shall be performed by a sanitation services employee only where each container conforms to the requirements of Section 18-3(b) of this chapter.

(b) Brush or trash collection from an apartment, institution, commercial establishment, or mobile home park shall not be rendered as a packout service by a sanitation services employee.

(c) No person other than a sanitation services employee in the performance of official duties, shall collect dry or wet solid waste, including salvageable cardboard, from an area designated by this chapter or by the director of sanitation as a city waste collection location at an apartment, institution, commercial establishment, or mobile home park.

(d) Solid waste collection from an apartment, institution, commercial establishment, or mobile home park may be performed by a person who has a solid waste collection license as provided in Article IV of this chapter.
§ 18-5 Municipal Solid Wastes

§ 18-5.1

(e) If an apartment, institution, commercial establishment, or mobile home park has contracted with a solid waste collection service to perform solid waste collection, the solid waste collection service shall collect solid waste that contains putrescible material at least twice every seven days.

(f) If not regulated by this chapter, the placement of any container for collection from an apartment, institution, commercial establishment, or mobile home park must be approved by the director of sanitation. (Ord. Nos. 16367; 19409; 19991; 21058)

SEC. 18-5.1. COLLECTION AND REMOVAL OF RECYCLABLE MATERIALS FROM MULTIFAMILY SITES.

(a) General regulations. The owner of a multifamily site shall:

(1) provide single stream, dual stream, or valet recycling through persons holding a multifamily site recycling collection service permit pursuant to Article IV-a of this chapter.

(2) provide recycling container(s) through persons holding a multifamily site recycling collection service permit pursuant to Article IV-a of this chapter.

(3) provide and place recycling containers in locations within visibility of waste containers. If valet trash service is provided, the recycling service should be of a similar nature. If trash chute rooms or trash rooms are utilized, then the recycling service should be of a similar nature or should be as convenient for the tenant, such as placing a recycling container adjacent to the trash chute, if there is adequate space.

(4) provide information (e.g. posters, signs) in suitable common areas, such as mail rooms and laundry facilities, that discusses how to recycle at the property, including information on the types of recyclable materials that are acceptable using photos or images, the chasing arrows recycling symbol, locations of recycling containers, and onsite contact information to report overflowing recycling containers and contamination. If the property utilizes valet recycling collection services, then only information regarding how to recycle and materials accepted is required.

(5) educate each tenant on recycling program implementation upon lease commencement and biannually thereafter of the following:

(A) the multifamily site provides access to recycling in accordance with Chapter 18 of the Dallas City Code;

(B) location of recycling containers;

(C) types of recycling materials accepted;

(D) information related to proper recycling practices, including that cardboard boxes should be broken down before placed in recycling containers;

(E) onsite contact information to report overflowing recycling containers and contamination; and

(F) information on how to report waste or recycling problems to the City of Dallas, utilizing 3-1-1, the 311 app or submitting an online service request.

(6) inform each tenant within 30 days of any significant change in recycling services to the multifamily site.

(7) for multifamily sites offering back-of-house and valet recycling, provide biannual training (or within 30 days of new employee start date) to those collecting recyclable materials of the following:

(A) types of clean and empty materials accepted in recycling containers;

(B) instruction to break down cardboard boxes before depositing into recycling
§ 18-5.1 Municipal Solid Wastes

(b) **Recyclable materials for collection.** The owner of a multifamily site must provide collection for recyclable materials that are consistent with those materials accepted by the city’s residential recycling program, unless otherwise exempted by the director of sanitation.

(c) **Recycling collection and capacity.** The owner of a multifamily site must provide recycling container collection capacity equal to or greater than 11 gallons per unit, per week.

(d) **Recycling containers.** A recycling container must:

1. be a roll cart, bin, wheelie bin, dumpster, or compactor. Wheelie bins, dumpsters, and compactors larger than two yards may have restricted access to prevent gross contamination; and

2. comply with screening and other applicable regulations in the Dallas Development Code, as amended.

(e) **Parking reduction.** Minimum parking required for a multifamily site may be reduced in order to provide adequate space for recycling containers.

(f) **Implementation.**

1. An owner of a multifamily site shall implement a multifamily site recycling program by January 1, 2020.

2. An owner of a multifamily site applying for a certificate of occupancy after January 1, 2020, shall immediately comply with this section upon issuance of the property’s certificate of occupancy and submit a recycling plan with their initial multi-tenant registration application.

(g) **Recycling plans.**

1. The owner of a multifamily site shall submit a recycling plan each year, as part of their annual multi-tenant registration application, to the city. Initial recycling plans must be submitted upon the first annual multi-tenant registration after January 1, 2020. Electronic or hard copy of the recycling plan information should be available for inspection on site after January 1, 2020. The recycling plan must include the following information:

   (A) name of permitted multifamily site recycling collection service business utilized;

   (B) types of materials recycled;

   (C) type, size, location(s), and frequency of recycling container(s) collection;

   (D) a site map of the property showing current garbage and recycling locations, unless valet recycling service is provided and no community recycling containers are available;

   (E) notation of any changes to the multifamily site recycling program in the previous calendar year, including but not limited to changes of

Containers serviced by a permitted multifamily site recycling collection service business;

(C) for multifamily sites providing valet recycling, instruction to empty plastic bags before depositing contents into recycling containers serviced by permitted multifamily site recycling collection service businesses and instruction to place plastic bags into waste or garbage containers to be landfilled;

(D) location of recycling containers; and

(E) onsite contact information for reporting overflowing recycling containers and contamination.

(8) submit an annual recycling plan to the director of sanitation as set forth in Subsection (g) of this section, along with an affidavit of compliance as part of the owner’s annual multi-tenant registration or on a form approved by the director of sanitation.
§ 18-5.1 Municipal Solid Wastes § 18-6

the following: multifamily site recycling collection service business utilized or method of collection, if applicable; and

(F) any other information that the director of sanitation deems necessary, and is reasonable, to verify compliance with this ordinance or to enhance program reporting capabilities and other information.

(2) The owner of a multifamily site shall maintain records and examples of materials relevant to meeting the requirements of Section 18-5.1(a)(5) and make records available if requested by the city manager's designee, or that designee's authorized representative during an on-site inspection.

(3) The director of sanitation may reject a recycling plan if it does not contain the information specified in this section or meet the minimum requirements as defined in this section. The owner of a multifamily site shall submit a revised plan no later than 30 days from notification of the director of sanitation’s determination to reject the plan.

(h) Inspection. For any multifamily site, the city manager’s designee, or that designee’s authorized representative, may conduct an inspection for compliance with this section and verify the site’s provision of access to recycling services at any time or when an inspection under Section 27-42, of Chapter 27 of the Dallas City Code, as amended, is conducted, even if the multifamily site is not a rental property, as defined in Chapter 27 of the Dallas City Code, as amended.

(i) Exemptions and Implementation Extension.

(1) Section 18-5.1(a)(8) does not apply to multifamily sites that have a current contract with the City of Dallas to receive recycling collection services from the city.

(2) The owner of a multifamily site may submit to the director of sanitation, within 90 days of required recycling program implementation, a written request for an implementation extension and/or exemption from all or specifics provisions of the regulations of this section because of the owner’s inability to comply. The director of sanitation will conduct a thorough evaluation on whether the owner demonstrated an inability to comply with the ordinance. The owner will receive a determination by the director of sanitation in writing within 60 days. The director of sanitation’s decision will be final. (Ord. 30879)

SEC. 18-6. REGULATING THE COLLECTION AND REMOVAL OF SOLID WASTE FROM THE DOWNTOWN AREA.

(a) The collection of solid waste materials from the downtown area, as described herein, shall be governed by all the rules and regulations pertaining to apartments, institutions and commercial establishments, except that no solid waste materials or containers of any kind shall be placed for collection on the public streets, sidewalks, alleys or easements of the city prior to 6:00 p.m. and all containers must be removed to a location inside the building situated on the premises by not later than 10:00 p.m.

(b) At any of the establishments in the downtown area where there is sufficient space between any structure and the alley property line, the easement property line, or street property line to permit the placing of waste containers as required by the provisions of this chapter relating to residences and duplexes, the containers may be placed in such public way at the very boundary thereof so as to permit the passage of pedestrian and vehicular traffic, subject to the approval of the director of sanitation. In these special locations, the owner or occupant of the premises shall remove all containers immediately after the solid waste material has been collected to a place within the structure situated on the premises until the next regularly scheduled time for collection. (Ord. 16367)
§ 18-7 Municipal Solid Wastes § 18-8

SEC. 18-7. REGULATING THE COLLECTION AND REMOVAL OF DEAD ANIMALS.

The bodies of dead animals may not be placed in solid waste containers or in any street, alley, easement, or public way. The collection and removal of dead animal bodies is a service of the city and will be furnished upon request or notification by any interested party without charge except that:

(1) a fee based on a cost plus rate determined by the director of sanitation will be charged for the collection and removal of dead animal bodies from animal clinics; and

(2) a fee set forth in Section 18-9(c)(9) of this article will be charged for the collection and removal of the bodies of large dead animals, including but not limited to horses, cattle, and other animals of similar size. (Ord. Nos. 16367; 26960)

SEC. 18-8. SOLID WASTE MATERIALS NOT HANDLED BY CITY SANITATION SERVICES.

(a) General. The scope of the service rendered by the city sanitation services in the collection and removal of solid waste materials is intended, in general, to serve the normal needs of dwelling units and their directly related activities, operating businesses, and commercial establishments except as exempted from the provisions of this chapter. It is considered to be beyond the scope of such service to collect or remove solid waste materials generated by clearing, construction, or demolition or any other solid waste materials resulting from an activity beyond the scope described in this subsection.

(b) Materials not collected by city. Solid waste materials that will not be collected and removed by the city sanitation services as a regular service include:

(1) Trash or debris resulting from construction, demolition, destruction by fire, or clearance of vacant or improved property in preparation for construction or occupancy, or similar materials as designated by the director of sanitation, will not be collected and removed by the city as a regular service, but these materials must be removed at the expense of the owner or developer.

(2) Industrial wastes resulting from manufacturing or processing operations, including waste from food and vegetable produce houses, poultry dressing establishments, and meat processing and meat packing plants, must be disposed of by the owner or occupant of the building, business, or premises where the wastes originate in the manner prescribed by state law and any other applicable ordinance. The director of sanitation shall determine what wastes fall within the industrial classification described in this subsection.

(3) Grass cuttings will not be collected or removed by the city, except that, from March 15 through April 15 of each calendar year, grass cuttings that are placed in disposable bags and separated from all other solid waste materials will be collected and removed by the city, for an additional service charge that provides the city with full cost recovery, either by using city sanitation services or by contracting through the competitive bid process with a private solid waste hauler franchised under Article IV of this chapter. Each bag used for grass cuttings must be of watertight, leakproof plastic, must have at least a 1.3 mil thickness, must not exceed 50 gallons in capacity, and must be secured at the top to prevent spillage. The combined weight of the grass cuttings and bag must not exceed 50 pounds. Grass cuttings collected will be composted by the city of Dallas and in no case will any of the cuttings collected be placed in the McCommas Bluff landfill. City sanitation services will continue to collect and remove brush and yard trash, other than grass cuttings, from premises within the city. Nothing in this paragraph prohibits the city from collecting and removing grass cuttings as part of a code enforcement action against any premises in the city. (Ord. Nos. 16367; 16697; 21632; 22306; 28019)
SEC. 18-9. SPECIFYING CHARGES FOR SANITATION SERVICE.

(a) Method of charging and billing for sanitation services.

(1) A sanitation service charge for garbage and recycling will be made for the following:

(A) All dwelling units in the city that are served with water delivered under an active water account of the water utilities department of the city.

(B) All dwelling units in the city that are served with wastewater service only under an active account of the water utilities department of the city.

(C) All commercial properties in the city that can be adequately serviced with no more than 10 garbage rollcarts and 10 recycling rollcarts and that are served with water delivered under an active water account of the water utilities department of the city or that are served with wastewater service only under an active account of the water utilities department of the city.

(D) All commercial properties that are serviced with a single garbage rollcart. These properties have the option to receive one recycling rollcart of the same size or greater than the garbage rollcart, at no additional cost.

(E) All property that is served with sanitation services by the city and that is not specified by Subparagraphs (A), (B), (C), or (D) of this paragraph. The water utilities department shall bill for sanitation services in a manner that distinguishes the sanitation charges from water or wastewater charges.

(2) The water utilities department shall bill the person in whose name the water service or wastewater service account appears. If a sanitation services customer is not served with water or wastewater service by the city, the water utilities department shall bill the person in control of the premises or, if that person is unknown, the owner of the premises. Payment of the fee for sanitation services is due on or before the date stated on the face of the customer's bill and is delinquent after that date. A bill is delinquent if not paid within 15 days from the date it is rendered by the water utilities department.

(3) In addition to all other legal remedies available for the collection of a debt, the following actions and remedies are authorized for delinquent payment of the charges authorized in this article:

(A) The sanitation services may refuse to pick up and dispose of the garbage and trash (or rubbish) at the delinquent location;

(B) The water and/or wastewater service, if any, serving the delinquent premises in question may be shut off and terminated.

(C) A five percent late payment fee will be added to the total net bill.

(4) All collections by the water utilities department will be applied first to the water utilities charges, and the customer will be deemed to have paid such water utilities charges first if any question arises as to how outstanding balances should be composed and applied.

(A) All present water utilities department customers to be billed under this article will be automatically placed on the billing for sanitation services charges, regardless of whether or not a written contract exists between the city and such customers.

(B) All present water utilities guaranty deposits upon termination of wastewater service and/or water service may be applied to any amounts due either for sanitation services charges or fees of water utilities bills.

(C) All water utilities services contracts entered into between the water utilities department and the customer must contain an agreement that any guaranty deposit upon termination of wastewater service and/or water service may be applied to...
sanitation services fees and charges and to water utilities charges that have become due.

(b) General regulations.

(1) Establishment of service charges will be based upon the current use of the property rather than being based upon the zoning.

(2) There will be no proration of service charges for a portion of a billing period. The initial billing will be made concurrent with the initial water billing. The final billing for sanitation charges will be for a full billing period.

(3) Except as otherwise set forth in this article, collection service must be provided by the sanitation services of the city for all residences and duplexes and for all manual collection from apartments and mobile home parks, and such service may not be contracted or performed by other than the city’s sanitation services.

(4) A commercial property in the city cannot receive service for more than 10 recycling rollcarts.

(A) A commercial property has the option to apply for an exemption to receive more than 10 recycling rollcarts upon written approval from the director of sanitation. Approval of the exemption will be at the discretion of the director of sanitation.

(B) The director of sanitation has the discretion to limit a property to fewer than 10 garbage rollcarts if the property does not have adequate space or if the property cannot reasonably be provided with garbage service.

(6) Commercial establishments that are located within a 1.5-mile radius of Dallas City Hall may receive more than one garbage and recycling collection per week by sanitation services. Commercial establishments that are located outside of a 1.5-mile radius of Dallas City Hall may receive more than one garbage and recycling collection per week by the sanitation services of the city only if the director of sanitation agrees in writing.

(7) A commercial property shall comply with the following requirements when using a recycling rollcart:

(A) The rollcart must not be overloaded to the point where spillage occurs from overflow, wind, or handling.

(B) The rollcart must be closed or secured at the top to prevent spillage.

(C) Only recyclable materials may be placed in a recycling rollcart. A recycling rollcart that is used for non-recyclable materials or that contains a significant amount of non-recyclable materials may be removed from the premises at the direction of the director of sanitation.

(D) A recycling rollcart must be placed on the curb in accordance with Section 18-3(a)(4) and Section 18-4(c). A recycling rollcart that is not kept clean or that causes a nuisance may be removed from the premises at the direction of the director of sanitation.

(8) The director may provide for alternative solid waste collection service to a customer, if the director determines that the customer cannot be adequately serviced with the standard collection service.
§ 18-9 Municipal Solid Wastes § 18-9

(c) Schedule of service charges.

(1) The collection service charge for a residence or duplex is as follows:

(A) Alley or curb collection service for municipal solid waste - $27.29 per dwelling unit per month for one rollcart, plus $10.56 per month for each additional garbage rollcart requested by the owner or occupant of the premises.

(B) Packout or drive-in collection service for municipal solid waste - $95.04 per dwelling unit per month.

(2) The collection service charge for an apartment or a mobile home park that receives manual collection service from the sanitation services of the city is as follows:

(A) Alley, curb, or drive-in collection service for municipal solid waste - $28.64 per apartment unit or mobile home space per month.

(B) Packout collection service for municipal solid waste - $99.75 per apartment unit or mobile home space per month.

(3) A monthly collection service charge will be made for all commercial establishments for collection service provided by the sanitation services of the city as follows:

(5) Extraordinary collection and removal service: A cost plus rate determined by the director of sanitation for materials not included in the regular collection service as described in Section 18-8, as amended.

(5) Extraordinary collection and removal service: A cost plus rate of $50 per five cubic yards, billed in five cubic yard increments for materials not included in the regular collection service as described in Section 18-8, as amended.

(6) Miscellaneous collection service charges will be as follows:

(A) Public housing may be charged as apartments.

(B) Churches, clinics, hospitals, public buildings, and schools will be charged as commercial locations.

(7) The service charge for the collection and removal of grass cuttings from any premises is:

(A) $1.50 per bag, if the service is performed by city sanitation services; and

(B) an amount specified by city contract, if the service is performed by a contractor selected by the city under Section 18-8(b)(3), as amended.

(8) Packout or drive-in service for certain handicapped persons meeting uniform requirements specified by the director of sanitation will be provided at the rate for alley or curb collection service. Any applicant for a reduced rate under this subparagraph who intentionally makes any misrepresentation in any written statement required by such uniform requirements is guilty of an offense and, upon conviction, is punishable by a fine not to exceed $500.

(9) The fee for replacement of a rollcart that is lost or damaged due to a customer’s negligence is $49.59 for a garbage rollcart or $52.94 for a recycling rollcart.

(10) Large dead animals, including but not limited to horses, cattle, and other animals of similar size, will be picked up by the city for a fee of $100 per animal.

(11) Construction debris may be collected for a fee as part of a non-compliant brush and bulky trash collection as outlined in Section 18-4(h)(2) or as a cost plus rate as outlined in Section 18-9(c)(5). Loose or small construction debris such as roofing materials, shingles, brick, concrete, stone, drywall, insulation, glass, masonry materials, and other materials designated in writing by the director of sanitation will not be collected by the department of sanitation services.
(d) A person claiming entitlement to a refund of sanitation services paid to the city must notify the director of sanitation of the claim within 180 days from the date the disputed payment was received by the city. (Ord. Nos. 16367; 16435; 16697; 17133; 17545; 17987; 19300; 19409; 19991; 20736; 21058; 21431; 21632; 21819; 22206; 22306; 22565; 22906; 24743; 25048; 25384; 25754; 26134; 26478; 26960; 27353; 27695; 28019; 29149; 29477; 29879; 30215; 30653; 30993; 31231; 31332, eff. 10/1/19)

SEC. 18-10. REGULATING THE PROCESSING AND DISPOSAL OF SOLID WASTE MATERIALS.

(a) General regulations.

(1) A person commits an offense if he disposes of dry or wet solid waste or other waste materials inside the city, other than at a location and in a manner approved by the director of sanitation as complying with federal, state, and local law regulating solid waste processing and disposal. The owner, occupant, or person in control of premises to which illegally-deposited solid waste is traced is presumed to have illegally disposed of or caused the illegal disposal of the solid waste. If a vehicle is used to illegally dispose of solid waste, the owner of the vehicle is presumed to have illegally disposed of or authorized the illegal disposal of the solid waste. Proof of ownership of a vehicle may be made by a computer-generated record of the registration of the vehicle with the Texas Department of Public Safety showing the name of the person to whom state license plates were issued. This proof is prima facie evidence of the ownership of the vehicle by the person to whom the certificate of registration was issued.

(2) The director of sanitation shall be responsible for determining disposal procedures, authorized users, and methods of operation at municipal transfer stations and landfill sites inside the city.

(b) Processing and disposal of solid waste materials by private persons, firms, or corporations will be permitted only after application has been made to, and approved by, the director of sanitation as complying with all applicable city, county, state, and federal regulations pertaining to solid waste processing and disposal operations, and all fees required by this article have been paid.

(3) The director of sanitation shall have authority to approve the establishment and make inspections of non-municipal landfill sites inside the city to ensure compliance with federal, state, and local law regulating the establishment and operation of landfill sites.

(4) The director of sanitation shall have authority to regulate traffic at the city’s transfer stations and landfill sites. Designated employees of the department of sanitation services shall direct traffic by voice, hand, or signal at the transfer stations and landfill sites. A person commits an offense if he fails or refuses to comply with a traffic directive of a designated employee of the department of sanitation services. A designated employee of the department of sanitation services may cause the removal from a transfer station or landfill site of any person or vehicle in violation of this paragraph.
§ 18-10 Municipal Solid Wastes § 18-11

(1) The director of sanitation shall have authority to curtail, temporarily suspend, or permanently halt any solid waste processing or disposal operation being conducted by any private person, firm, or corporation that does not conform to the requirements of city, county, state, or federal regulations pertaining to solid waste processing and disposal operations or that in any manner jeopardizes the public health, safety, and welfare. The director of sanitation shall have authority to maintain curtailment or suspension restrictions until, in the director’s judgment, adequate measures have been taken to assure that removal of the restrictions will not jeopardize the public health, safety, or welfare.

(2) The director of sanitation shall have authority to cause to be rejected for processing or disposal any material that, in the director’s judgment, would create a nuisance by reason of emission or disagreeable odors or would operate to make the processing or disposal facilities unwholesome or adversely affect the public health, safety, and welfare.

(c) Processing and disposal of solid waste materials by the city.

(1) A person commits an offense if he takes, removes, or carries away from any processing or disposal facility operated by the city any garbage, trash, or other solid waste material, article, thing, or object situated on the facility, whether or not the thing has monetary value, without prior written permission and approval of the director of sanitation. In prosecutions for this offense, it is not necessary to describe the thing taken, removed, or carried away other than as generally described in this subsection or as “article,” “thing,” or “item,” and it is not necessary to allege that the thing had “value.”

(2) The director of sanitation shall have authority to designate those processing or disposal sites operated by the city that will be open to public access and those that will not be open to public access. (Ord. Nos. 16367; 20599; 24743)

SEC. 18-11. SPECIFYING CHARGES FOR DISPOSAL OF SOLID WASTE MATERIALS.

(a) The following disposal service charges are established for disposing of municipal solid waste at the Northwest (Bachman) Transfer Station:

(1) Earth, rocks, and inert material will not be accepted at the station.

(2) Passenger cars, station wagons, pickups, and trailers less than 15 feet long that are used by Dallas city residents to haul their own waste from their residences to the station - no charge. (A current, valid Texas driver’s license showing a Dallas address or a current Dallas water utilities bill is required as proof of residency.)

(3) Trucks or trailers with a cargo bed length of 25 feet or greater or truck-tractors with semitrailers are prohibited from using the Northwest (Bachman) transfer station, unless specifically permitted in writing by the director of sanitation.

(4) Roll-off containers, whether open top or compactor, and compactor trucks or other trucks carrying compacted or baled refuse are prohibited from using the Northwest (Bachman) transfer station, unless specifically permitted in writing by the director of sanitation.

(5) Except as provided in Subsection (a)(6), the charge for all materials accepted at the transfer station is $47 per ton based on the transfer station weighing system, with a minimum charge of $47 for any load that is less than one ton.

(6) Whenever the transfer station weighing system is inoperable, the following fees will be charged for materials accepted at the transfer station:

(A) Passenger cars, station wagons, and pickups that are used by persons other than Dallas city
residents to haul their own waste from their residences to the station—$40 per load.

(B) Commercial pickups—$47 per load.

(C) Trucks or trailers with a cargo bed length of less than 15 feet—$187 per load.

(D) Trucks or trailers with a cargo bed length of not less than 15 feet but less than 25 feet—$234 per load.

(6) Whenever the transfer station weighing system is inoperable, the following fees will be charged for materials accepted at the transfer station:

(A) Passenger cars, station wagons, and pickups that are used by persons other than Dallas city residents to haul their own waste from their residences to the station—$43.43 per load.

(B) Commercial pickups—$51 per load.

(C) Trucks or trailers with a cargo bed length of less than 15 feet—$203 per load.

(D) Trucks or trailers with a cargo bed length of not less than 15 feet but less than 25 feet—$254 per load.

(b) The following disposal service charges are established for disposing of municipal solid waste at city landfill sites:

(1) Passenger cars, station wagons, pickups, and trailers less than 15 feet long that are used by Dallas city residents to haul their own waste from their residences to a city landfill site—no charge. (A current, valid Texas driver’s license showing a Dallas address or a current Dallas water utilities bill is required as proof of residency.)

(2) Except as provided in Subsection (b)(3), the charge for all materials accepted at a city landfill site is $26.25 per ton based on the landfill weighing system, with a minimum charge of $26.25 for any load that is less than one ton.

(2) Except as provided in Subsection (b)(3), the charge for all materials accepted at a city landfill site is $28.50 per ton based on the landfill weighing system, with a minimum charge of $28.50 for any load that is less than one ton.

(3) Whenever the landfill weighing system is inoperable, the following fees will be charged for materials accepted at a city landfill:

(A) Passenger cars, station wagons, and pickups that are used by persons other than Dallas city residents to haul their own waste from their residences to a city landfill site—$39.50 per load.

(B) Commercial pickups—$39.50 per load.

(C) Trucks or trailers with a cargo bed length of less than 15 feet—$92.15 per load.
(D) Trucks or trailers with a cargo bed length of 15 feet or greater - $197.50 per load.

(E) Roll-off containers, whether open top or compactor - $210.60 per load.

(F) Compactor trucks - $263.25 per load.

(3) Whenever the landfill weighing system is inoperable, the following fees will be charged for materials accepted at a city landfill:

(A) Passenger cars, station wagons, and pickups that are used by persons other than Dallas city residents to haul their own waste from their residences to a city landfill site - $43.00 per load.

(B) Commercial pickups - $43.00 per load.

(C) Trucks or trailers with a cargo bed length of less than 15 feet - $100.00 per load.

(D) Trucks or trailers with a cargo bed length of 15 feet or greater - $214.50 per load.

(E) Roll-off containers, whether open top or compactor - $229.00 per load.

(F) Compactor trucks - $286.00 per load.

(4) A fee of $46.80 per load will be charged for the use of city equipment, when available, to off-load bundled waste by pulling it with cables, chains, or other devices. City equipment will be used at the customer’s own risk, with the city assuming no liability for any resulting damage. Non-city vehicles are prohibited from pulling loads off of other vehicles at a city landfill site.

(5) The fee for use of the city’s mechanical tipper to off-load tractor trailer loads is $87.75 per use.

(6) Collection vehicles not constructed with an enclosed transport body must use nets, tarpaulins, or other devices to prevent accidental spillage. A cover fee of $10 will be charged for any collection vehicle (other than a pickup truck) that enters the landfill without being so equipped.

(7) Tires exceeding 25 inches in diameter will not be accepted at a city landfill site.

(c) The director of sanitation may enter into a disposal service contract with a solid waste collection service (as defined in Section 18-29 of this chapter) to provide for volume delivery of solid waste to the landfill on an annual basis for a discounted disposal service charge, subject to the following rules and conditions:

(1) The disposal service contract must be in writing, on a form approved by the director of sanitation and the city attorney’s office. The term of the contract may not be longer than five years. The contract must be authorized by administrative action.
and must be signed by the city manager and approved as to form by the city attorney.

(2) The disposal service contract must provide for a guaranteed annual tonnage of solid waste of not less than 10,000 tons to be disposed of at the landfill. The contractor shall not exceed the contracted guaranteed annual tonnage by more than 25 percent; this will be the contractor’s maximum annual tonnage limit. Notwithstanding Subsection (b)(3) of this section, if the landfill weighing system is inoperable during a delivery of solid waste under the contract, the tonnage will be estimated by the city on the basis of the full capacity of the vehicle delivering the solid waste.

(3) The director of sanitation is not required to enter into a disposal service contract under this subsection if the director determines that:

(A) the useful life of the landfill would be adversely affected; or

(B) it is not practical to enter into a proposed disposal service contract for engineering, operational, or financial reasons.

(4) Payment of the disposal service charge under a disposal service contract will be calculated in accordance with the terms of the contract and this subsection. The initial disposal service charge for each solid waste disposal contract entered into pursuant to this subsection will be the disposal service charge in effect under Subsection (b)(2) on the date the contract is executed. On October 1 of each calendar year, the disposal service charge may be increased by the percent change, if any, between the June consumer price index for the current calendar year and the June consumer price index for the prior calendar year, except that the annual increase in the disposal service charge may not exceed six percent during any calendar year. The percent change will be determined by the director using The Consumer Price Index for All Urban Consumers (CPI-U) for the South Region for All Items, 1982-84=100, published by the United States Department of Labor, Bureau of Labor Statistics. This Consumer Price Index adjustment to the disposal service charge will only be applied if there is an equal or greater percentage increase in the disposal service charge in effect under Subsection (b)(2) for the next fiscal year. The contractor must pay the disposal service charge on a monthly basis. At the end of each contract year, the director of sanitation shall perform a reconciliation to determine the actual tonnage of solid waste disposed of at the landfill under the contract in that contract year and to make any adjustments to the amounts finally owed by the contractor.

(5) In consideration of the agreement of a solid waste collection service to guarantee the disposal of an annual tonnage of solid waste at the landfill pursuant to a disposal service contract, the director of sanitation may provide a discount from the disposal service charge required under Subsection (c)(4) of this section in accordance with the following table:
§ 18-11 Municipal Solid Wastes § 18-11

Disposal Service Contract Discount Rate

| SOLID WASTE DISPOSED OF AT THE LANDFILL DURING A CONTRACT YEAR (in tons) | DISCOUNT RECEIVED BASED ON THE CONTRACT TERM (in percentages) |
|---|---|---|
| From | To | 1 or 2 Year Contract Term | 3 or 4 Year Contract Term | 5 Year Contract Term |
| 10,000 | 49,999 | 12.28% | 13.60% | 14.88% |
| 50,000 | 74,999 | 14.24% | 16.24% | 20.16% |
| 75,000 | 99,999 | 14.88% | 17.56% | 22.80% |
| 100,000 | 124,999 | 15.60% | 18.84% | 25.40% |
| 125,000 | 149,999 | 15.76% | 19.16% | 26.12% |
| 150,000 | 199,999 | 15.84% | 19.40% | 26.52% |
| 200,000 | No maximum | 16.00% | 19.76% | 27.16% |

(6) If the contractor fails to dispose of the annual tonnage of solid waste at the landfill as guaranteed under the contract, the contractor must still pay the discounted disposal service charge for the entire annual tonnage guaranteed.

(7) If the director of sanitation determines that the contractor has disposed of an amount of solid waste at the landfill that exceeds the annual tonnage guaranteed under the contract but does not exceed the maximum annual tonnage limit under Paragraph (2) of this subsection, the director shall charge a disposal service charge for that excess tonnage of solid waste using the same percentage of discount applied to the guaranteed annual tonnage under the contract.

(8) If the director of sanitation determines that the contractor has disposed of solid waste under the contract in a tonnage that exceeds the maximum annual tonnage limit under Paragraph (2) of this subsection, the director:

(A) may prohibit further disposal of solid waste by the contractor at the landfill during the contract year in which the maximum annual tonnage limit is exceeded; and

(B) shall charge the full disposal service charge required by Subsection (c)(4), without any discount, for any solid waste disposed of at the landfill in excess of the contractor’s maximum annual tonnage limit.

(9) Whenever the contractor delivers a load of solid waste to the landfill that is less than one ton, the contractor will be charged the discounted disposal service charge for one ton of solid waste.

(d) Disposal service charges are payable by any of the following methods:

(1) cash at the disposal site;

(2) credit or debit cards, under conditions established by the city; or

(3) monthly billing for commercial haulers upon approval of the director of sanitation and under such conditions as may be established by the director of sanitation and approved by the city attorney.

(e) A person engaged in a special residential cleanup effort may apply to the director of sanitation for a waiver of the disposal service charge. The director of sanitation may approve the application and waive the disposal service charge if the director finds that the cleanup effort is being conducted within a residential area of the city and not for profit.
§ 18-11 Municipal Solid Wastes

(f) A person who refuses to pay a disposal service charge required by this section or who breaches a term or condition of a disposal service contract entered into under Subsection (c) may not deposit any waste at a city transfer station or landfill site. (Ord. Nos. 16367; 16697; 17133; 18876; 19300; 20448; 20838; 21058; 21431; 21819; 22206; 22565; 24743; 25754; 26960; 27092; 27203; 27353; 27934; 28019; 29039; 29477; 30215; 30993; 31332, eff. 10/1/19)

SEC. 18-12. REGULATING THE COLLECTION AND REMOVAL OF ILLEGALLY DUMPED SOLID WASTE MATERIALS ON PRIVATE PREMISES.

(a) In this section:

(1) DIRECTOR means the director of the department designated by the city manager to enforce and administer this section or the director’s authorized representative.

(2) PREMISES means the lot, plot, or parcel of land, plus the front or side parkway between the property line or sidewalk and the curb or traveled way, and the rear or side parkway between the property line and the center line of an adjacent alley.

(b) An owner, occupant, or person in control of private premises commits an offense if he places, deposits, or throws; permits to accumulate; or permits or causes to be placed, deposited, or thrown, solid waste material on those premises in a manner or location that is in violation of this article.

(c) City authorized to collect and remove solid waste materials. Upon the failure of the owner, occupant, or person in control of private premises to comply with Subsection (b) of this section, or upon the written request and authorization of the owner after notification under Subsection (d) of this section, or upon a determination by the city health officer that the conditions constitute an immediate health hazard, the director shall have the solid waste materials collected and removed from the premises.

(d) Notice to remove.

(1) Before removing illegally-deposited solid waste material from private premises, the director must notify the owner of the premises to remove the solid waste material within seven days. This notice must be in writing and may be served by handing it to the owner in person or by sending it United States regular mail, addressed to the owner at the owner’s address as recorded in the appraisal district records of the appraisal district in which the premises are located.

(2) If personal service to the owner cannot be obtained, then the owner may be notified by:

(A) publication at least once in the official newspaper adopted by the city council;

(B) posting the notice on or near the front door of each building on the premises to which the violation relates; or

(C) posting the notice on a placard attached to a stake driven into the ground on the premises to which the violation relates.

(3) If the director mails a notice to a property owner in accordance with Subsection (d)(1) and the United States Postal Service returns the notice as “refused” or “unclaimed,” the validity of the notice is not affected, and the notice is considered as delivered.

(4) In a notice provided under this section, the director may, by regular mail and by a posting on the property, inform the owner of the property on which the violation exists that, if the owner commits another violation of the same kind or nature that poses a danger to the public health and safety on or before the first anniversary of the date of the notice, the city may, without further notice, correct the violation at the owner’s expense and then assess the expense against the property. If a violation covered by a notice under this subsection occurs within the one-year period, and the city has not been informed in writing by the owner...
of a change in ownership of the property, then the city may, without notice, take any action permitted by Subsection (c) of this section and assess its expenses as provided in Subsection (e) of this section.

(3) Notice under this subsection is not necessary when the solid waste material is determined by the director to be an immediate health hazard.

(e) Charge to be levied and collected by the city for solid waste material collection and removal. If the city collects and removes solid waste materials from private premises at the request of the owner or upon failure of the owner to comply with the notice required under Subsection (d) of this section, charges in the amount of the total actual costs incurred by the city in performing the work will be collected from the owner or levied, assessed, and collected against the premises on which the work is performed. The charges will be collected by the city controller. The city controller shall file a statement by the director with the county clerk of the county in which the property is located setting out the total actual costs incurred by the city, the name of the property owner if known, and a legal description of the property, as required by state law. At the time the statement is filed, the city shall have a privileged lien on the premises involved, second only to tax liens and liens for street improvements, in the amount of the actual costs incurred, plus 10 percent interest on that amount from the date the costs were incurred. The city may file a suit in an appropriate court of law to foreclose upon its lien and recover its actual costs incurred plus interest. The suit must be filed in the name of the city. The statement filed under this subsection, or a certified copy of the statement, is prima facie proof of the amount of actual costs incurred by the city.

(f) The director may issue citations and prosecute persons for violating Subsection (b) regardless of whether a notice is issued under this section. (Ord. Nos. 16367; 17226; 19963; 20599; 21025; 22026; 22334; 22494; 25371; 27697)

SEC. 18-12.1. PENALTIES FOR VIOLATION.

(a) A person who violates a provision of this article, or who fails to perform a duty required of him by this article, commits an offense. A person is guilty of a separate offense for each day or part of a day during which the violation is committed, continued, or permitted.

(b) Except as provided in Subsection (c), an offense under this article is punishable by a fine of not more than $2,000 or less than:

(1) $50 for a first conviction of any violation of this article except Section 18-4(e)(1), 18-5(c), 18-8(b)(1), 18-12(b), or 18-10;

(2) $150 for a first conviction of a violation of Section 18-4(e)(1);

(3) $100 for a first conviction of a violation of Section 18-5(c), 18-8(b)(1), or 18-12(b); and

(4) $200 for a first conviction of a violation of Section 18-10.

(c) An offense under section 18-4(c)(1) is punishable by a fine of not more than $500 or less than $50. An offense under Section 18-4(e)(2) is punishable by a fine of not more than $500 or less than $150. An offense under Section 18-5.1(a)(1) is punishable by a fine of not more than $500 or less than $150. Each day’s violation shall constitute a separate offense and will be subject to the fines established in this section.

(d) The minimum fines established in Subsections (b) and (c) shall be doubled for the second conviction of the same offense within any 24-month period and trebled for the third and subsequent convictions of the same offense within any 24-month period. At no time shall the minimum fine exceed the maximum fine established in Subsection (b) or (c), whichever applies.
(e) Except where otherwise specified in this code, a culpable mental state is not required for the commission of an offense under this article.

(f) As an alternative to imposing the criminal penalty prescribed in Subsection (b) or (c), the city may impose administrative penalties, fees, and court costs in accordance with Article IV-b of Chapter 27 of this code, as authorized by Section 54.044 of the Texas Local Government Code, for an offense under this article. The alternative administrative penalty range for an offense is the same as is prescribed for a criminal offense in Subsection (b) or (c), whichever applies.

(Ord. Nos. 20599; 22334; 25927; 26274; 30879, eff. 1-1-19)

ARTICLE II.
WEEDS, GRASS, AND VEGETATION.

SEC. 18-13. GROWTH TO CERTAIN HEIGHT PROHIBITED; OFFENSES.

(a) A person commits an offense if he is an owner, occupant, or person in control of occupied or unoccupied premises in the city and:

(1) permits weeds or grass located on the premises to grow to a height greater than 12 inches; or

(2) fails to remove weeds or grass from the premises after they have been cut.

(b) It is a defense to prosecution under:

(1) Subsection (a)(1) that the weeds and grass are maintained at or below a height of 12 inches at all points on the premises within 100 feet of its perimeters; and

(2) Subsection (a)(2) that the weeds and grass have been mulched, raked, or composted in a manner approved by the director.

(c) For purposes of this article, PREMISES means the lot, plot, or parcel of land, plus the front or side parkway between the property line or sidewalk and the curb or traveled way, and the rear or side parkway between the property line and the center line of an adjacent alley. (Ord. Nos. 13796; 17597; 17985; 20599; 21632; 26585)

SEC. 18-14. DUTY TO PREVENT WEEDS, GRASS, OR VEGETATION FROM BECOMING A NUISANCE OR FIRE HAZARD.

Every owner, occupant, or person in control of any occupied or unoccupied premises in the city shall use every precaution to prevent weeds, grass, or other vegetation from growing on the premises so as to become a nuisance or fire hazard. (Ord. Nos. 13796; 17597; 20599; 22413; 26585)

SEC. 18-14.1. VEGETATION IN ALLEY, STREET, OR SIDEWALK.

(a) An owner, occupant, or person in control of any private premises abutting an alley, street, or sidewalk within the city commits an offense if he allows any vegetation, including, but not limited to, trees, shrubbery, bushes, and vines, to grow on the premises so as to project across the property line over or into the right-of-way of the alley, street, or sidewalk.

(b) It is a defense to prosecution under Subsection (a) that:

(1) the vegetation consisted solely of weeds or grass not more than 12 inches high;
§ 18-14.1 Municipal Solid Wastes § 18-17

(2) no part of the vegetation projected over or into the alley or street at a height of less than 15 feet above the ground; or

(3) no part of the vegetation projected over or into the sidewalk at a height of less than eight feet above the ground, except that this defense does not apply if the vegetation obstructed the visibility of a traffic control sign, signal, or device or interfered with garbage or trash collection adjacent to the sidewalk.

(c) Vegetation growing in violation of this section is a nuisance and may be abated by the city in accordance with Section 18-17 of this article. (Ord. Nos. 20599; 22413; 25979; 26585)

SEC. 18-15. ENFORCEMENT.

(a) For the purposes of this article, DIRECTOR means the director of the department designated by the city manager to enforce and administer this article or the director’s authorized representative.

(b) The director shall enforce the provisions of this article; provided, that where a fire hazard exists, the provisions of Sections 18-13, 18-14, and 18-14.1 must be enforced by the fire marshal. (Ord. Nos. 13796; 17226; 20599; 26585)

SEC. 18-16. PENALTIES FOR VIOLATION.

(a) A person who violates a provision of this article, or who fails to perform a duty required of him under this article, commits an offense. A person is guilty of a separate offense for each day or part of a day during which a violation is committed, continued, or permitted.

(b) An offense under this article is punishable by a fine of not more than $2,000 and, upon a first conviction, not less than $50.

(c) The minimum fine established in Subsection (b) will be doubled for the second conviction of the same offense within any 24-month period and trebled for the third and subsequent convictions of the same offense within any 24-month period. At no time may the minimum fine exceed the maximum fine established in Subsection (b).

(d) As an alternative to imposing the criminal penalty prescribed in Subsection (b), the city may impose administrative penalties, fees, and court costs in accordance with Article IV-b of Chapter 27 of this code, as authorized by Section 54.044 of the Texas Local Government Code, for an offense under this article. The alternative administrative penalty range for an offense is the same as is prescribed for a criminal offense in Subsection (b).

(e) The culpable mental state required for the commission of an offense under this article is governed by Section 1-5.1 of this code. (Ord. Nos. 20599; 25927; 26585)

SEC. 18-17. CITY REMOVAL OF WEEDS AND VEGETATION UPON FAILURE OF OWNER, OCCUPANT, OR PERSON IN CONTROL TO DO SO; NOTICE REQUIRED.

(a) Upon the failure of the owner, occupant, or person in control of private premises to comply with Section 18-13 of this article, the director shall have the weeds or grass cut, mulched or raked, and removed from the premises.

(b) Upon the failure of the owner, occupant, or person in control of private premises abutting an alley, street, or sidewalk within the city to comply with Section 18-14.1 of this article, the director shall have the noncomplying vegetation cut or trimmed, and removed from the alley, street, or sidewalk, whichever applies.
§ 18-17 Municipal Solid Wastes

(c) Before performing work, or causing work to be performed, under Subsection (a) or (b), the director must notify the owner of the premises to bring the premises into compliance within seven days. The notice must be in writing and may be served by handing it to the owner in person or by sending it United States regular mail, addressed to the owner at the owner’s address as recorded in the appraisal district records of the appraisal district in which the premises are located.

(d) If personal service to the owner cannot be obtained, then the owner may be notified by:

(1) publication at least once in a newspaper of general circulation in the city;

(2) posting the notice on or near the front door of each building on the premises to which the violation relates; or

(3) posting the notice on a placard attached to a stake driven into the ground on the premises to which the violation relates.

(e) If the director mails a notice to a property owner in accordance with Subsection (c) and the United States Postal Service returns the notice as “refused” or “unclaimed,” the validity of the notice is not affected, and the notice is considered as delivered.

(f) In a notice provided under this section, the director may, by regular mail and by a posting on the property, inform the owner of the property on which the violation exists that, if the owner commits another violation of the same kind or nature that poses a danger to the public health and safety on or before the first anniversary of the date of the notice, the city may, without further notice, correct the violation at the owner’s expense and then, in the case of a violation of Section 18-13, assess the expense against the property. If a violation covered by a notice under this subsection occurs within the one-year period, and the city has not been informed in writing by the owner of a change in ownership of the property, then the city may, without notice, take any action permitted by Subsection (a) or (b) and assess its expenses as provided in Section 18-18.

(g) The director may issue citations and prosecute persons for violating Section 18-13 or 18-14.1 regardless of whether a notice is issued under this section. (Ord. Nos. 13796; 17226; 17597; 20599; 21025; 22494; 25371; 26585)

SEC. 18-18. CHARGES TO BE COLLECTED FROM THE PROPERTY OWNER; LIEN ON PREMISES FOR FAILURE TO PAY CHARGES.

(a) If the city cuts, mulches, rakes, or removes weeds or grass on or from private premises under Section 18-17(a) or cuts, trims, or removes vegetation projecting over or into an alley, street, or sidewalk right-of-way under Section 18-17(b) (either at the request of the owner or upon the failure of the owner to comply with the notice required under Section 18-17), charges in the amount of the total actual costs incurred by the city in performing the work will be collected from the owner by the city controller. If the work was performed under Section 18-17(a), the charges may be levied, assessed, and collected against the premises on which the work is performed, and the city controller shall file a statement by the director with the county clerk of the county in which the property is located setting out the total actual costs incurred by the city, the name of the property owner if known, and a legal description of the property, as required by state law.

(b) At the time a statement is filed under Subsection (a) for work performed under Section 18-17(a), as required by state law, the city shall have a privileged lien against the premises, second only to tax liens and liens for street improvements, in the amount of the actual costs incurred, plus 10 percent interest on that amount from the date the costs were incurred.
(c) The city may file a suit in an appropriate court of law to foreclose upon its lien and recover its actual costs incurred plus interest. The suit must be filed in the name of the city. The statement filed under Subsection (a), or a certified copy of the statement, is prima facie proof of the amount of actual costs incurred by the city. (Ord. Nos. 13796; 15900; 16367; 17226; 17597; 20599; 22026; 22494; 25371; 26585)

ARTICLE III.
JUNKED VEHICLES.

SEC. 18-19. DEFINITIONS.

In this article:

(1) ANTIQUE VEHICLE means any passenger car or truck that:

(A) was manufactured in 1925 or before; or

(B) is at least 35 years old.

(2) COLLECTOR means the owner of one or more antique or special interest vehicles who collects, purchases, acquires, trades, or disposes of special interest or antique vehicles or parts of them for personal use in order to restore, preserve, and maintain an antique or special interest vehicle for historic interest.

(3) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article or the director’s authorized representative.

(4) INOPERATIVE or INOPERABLE means incapable of being propelled on its own power due to dismantling, disrepair, or some other cause.

(5) JUNKED VEHICLE means any motor vehicle, as defined in Section 5.01 of Article 4477-9a, Vernon’s Texas Civil Statutes, as amended, that:

(A) is inoperative; and

(B) does not have lawfully affixed to it either an unexpired license plate or a valid motor vehicle safety inspection certificate; is wrecked, dismantled, partially dismantled, or discarded; or remains inoperative for a continuous period of more than 45 days.

(6) SPECIAL INTEREST VEHICLE means a motor vehicle of any age that has not been altered or modified from original manufacturer’s specifications and, because of its historic interest, is being preserved by hobbyists. (Ord. Nos. 13900; 14494; 15720; 17226; 20599)

SEC. 18-20. DEEMED PUBLIC NUISANCE; DECLARED UNLAWFUL.

(a) The presence of any junked vehicle on any private lot, tract, or parcel of land, occupied or unoccupied, improved or unimproved, or on any public right-of-way or other public property, within the city, is a public nuisance.

(b) A person commits an offense if he causes or maintains such a public nuisance by wrecking, dismantling, partially dismantling, rendering inoperable, abandoning, or discarding a motor vehicle on a public right-of-way or other public property or on the real property of another or permits a junked vehicle to be parked, left, or maintained on personal real property.

(c) If the director reasonably believes that a vehicle is inoperable, the director may request the owner or person claiming control of the vehicle to demonstrate that it is operable. (Ord. Nos. 13900; 14494; 15720; 20599)
SEC. 18-21. EXCEPTIONS.

This article does not apply to:

(1) a vehicle or vehicle part that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property;

(2) a vehicle on the premises of a business enterprise operated in a lawful manner, when necessary to the operation of the business enterprise;

(3) a vehicle or vehicle part in an appropriate storage place or depository maintained at a location officially designated and in a manner approved by the city;

(4) an unlicensed, operable, or inoperable antique or special interest vehicle stored by a collector on the collector’s property, if the vehicle and the outdoor storage area are maintained in such a manner that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means;

(5) a motor vehicle in operable condition specifically adapted or constructed for racing or operation on privately-owned drag strips or raceways; or

(6) a motor vehicle stored as the property of a member of the armed forces of the United States who is on active duty assignment. (Ord. Nos. 13900; 14494; 15720; 20599; 22413)

SEC. 18-22. NOTICE TO ABATE NUISANCE.

(a) Whenever a public nuisance exists on public property, on occupied premises, or on the public right-of-way adjacent to occupied premises within the city in violation of Section 18-20, the director shall order the owner, if the owner is in possession of the premises, or the occupant of the premises, to abate or remove the nuisance.

(b) Whenever a public nuisance exists on unoccupied premises or on the public right-of-way adjacent to unoccupied premises within the city in violation of Section 18-20, and the owner of the premises can be found, the director shall order the owner of the premises to abate or remove the nuisance.

(c) An order issued under Subsection (a) or (b) shall be served upon the last known registered owner of the junked vehicle and any lienholder of record and to the owner or, if the premises are occupied, the occupant of the premises on which the public nuisance exists or the premises adjacent to the public right-of-way on which the public nuisance exists by sending the order by certified mail, five-day return receipt requested, to their addresses as shown on the current city tax rolls or as last recorded with the United States Post Office. If the post office address of the last known registered owner of the junked vehicle is unknown, the order to that person may be placed on the junked vehicle, or, if that person is physically located, the order may be hand delivered. The order shall:

(1) be in writing;

(2) specify the public nuisance and its location;

(3) specify the corrective measures required;

(4) provide for compliance within 10 days after service of notice; and

(5) state that a request for a hearing must be made before expiration of the 10-day period for compliance.
§ 18-22 Municipal Solid Wastes § 18-25

(d) If the last known registered owner of the junked vehicle, any lienholder of record, and the owner or, if the premises are occupied, the occupant of the premises all fail or refuse to comply with the order of the director within the 10-day period after service of notice, the director may take possession of the junked vehicle and remove it from the premises. After removing a junked vehicle, the director shall dispose of the vehicle in such manner as the city council may provide that is consistent with state law, and the vehicle shall not be reconstructed or made operable.

(e) The owner or occupant of the premises may, within the 10-day period after service of notice to abate the nuisance, request the clerk of the municipal court of the city, either in person or in writing and without the requirement of bond, to set a date and time to appear before the judge of the municipal court for a trial to determine whether the person is in violation of this article. The trial shall be set as provided in Section 18-24. If a hearing is requested within 10 days after service of notice to abate the nuisance, then the director shall not order the removal of the junked vehicle until ordered to do so by the judge of the municipal court.

(f) If the owner or, if the premises are occupied, the occupant of the premises fails to either remove and abate the nuisance or to request a hearing within 10 days after service of notice to abate the nuisance, then the director may cause both the removal of the junked vehicle and the filing in municipal court of a complaint for the violation of maintaining a public nuisance.

SEC. 18-23. MOTOR VEHICLE DESCRIPTION.

Any order requiring the removal of a vehicle or vehicle part must include a description of the vehicle and the correct identification number and license number of the vehicle, if available at the site. (Ord. Nos. 15720; 20599)

SEC. 18-24. TRIAL IN MUNICIPAL COURT - PRELIMINARIES.

Upon receiving a request for trial made pursuant to Section 18-22, the clerk of the municipal court shall set a date and a time for trial on the court docket. The clerk of the municipal court shall notify the city attorney of the date and time of the hearing. The city attorney shall cause to be prepared, filed, and served on the defendant a written complaint charging that the owner or occupant of the premises, as the case may be, has violated this article. After service, the complaint shall be on file with the clerk of the municipal court not less than 10 days prior to the date of trial. (Ord. Nos. 13900; 20599)

SEC. 18-25. FINDINGS OF JUDGE; PENALTY.

(a) The judge of the municipal court shall hear any case brought before the court pursuant to this article and shall determine whether the defendant is, in fact, in violation of this article. At the trial it is presumed, unless demonstrated otherwise by the defendant, that the vehicle that is the subject of the complaint is inoperable.

(b) Upon a finding that the defendant is in violation of this article, the defendant is guilty of a misdemeanor and subject to a fine not to exceed $200. The judge of the court shall further order the defendant to remove and abate the nuisance within 10 days.

(c) If the defendant fails or refuses, within 10 days, to abate or remove the nuisance, the judge of the municipal court may issue an order to the director to have the nuisance removed, and the director shall take possession of the junked vehicle and remove it from the premises. The director shall then dispose of the vehicle in such manner as the city council may provide that is consistent with state law, and the vehicle shall not be reconstructed or made operable. (Ord. Nos. 13900; 19963; 20599; 21025)
SEC. 18-26. REMOVAL WITH PERMISSION OF OWNER.

If, within 10 days after receipt of notice from the director to abate the nuisance, the owner or occupant of the premises gives written permission to the director for removal of the junked vehicle, the giving of the permission shall be considered compliance with the provisions of this article. (Ord. Nos. 13900; 20599)

SEC. 18-27. REMOVAL FROM PUBLIC PROPERTY OR OCCUPIED OR UNOCCUPIED PREMISES BY COURT ORDER.

(a) If there is a junked vehicle on public property, on private premises that are occupied or unoccupied, or on the public right-of-way adjacent to occupied or unoccupied premises and the owner or occupant of the premises, or the last known registered owner of the junked vehicle, or any lienholder of record cannot be found and notified to remove the vehicle, then, upon a showing of the facts to the judge of the municipal court, the court may issue an order to the director to have the vehicle removed, and the director shall take possession of the junked vehicle and remove it.

(b) If the notice required in Section 18-22 is returned undelivered by the United States post office, then after 10 days from the date of the return, the court may issue an order to the director to have the vehicle removed, and the director shall take possession of the vehicle and remove it.

(c) The director shall, after removing the vehicle in compliance with a court order issued pursuant to Subsection (a) or (b), dispose of the junked vehicle in the manner provided by the city council that is consistent with state law, and the vehicle shall not be reconstructed or made operable. (Ord. Nos. 13900; 14494; 20599)

SEC. 18-28. NOTICE TO TEXAS DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION.

Notice shall be given to the Texas Department of Highways and Public Transportation within five days after the date of removal of any junked vehicle as provided in this article, identifying the vehicle or vehicle part. (Ord. Nos. 13900; 20599)

SEC. 18-28.1. PENALTIES FOR VIOLATION.

(a) A person who violates a provision of this article, or who fails to perform a duty required of him under this article, commits an offense. A person is guilty of a separate offense for each day or part of a day during which a violation is committed, continued, or permitted.

(b) An offense under this article is punishable by a fine of not more than $200.

(c) As an alternative to imposing the criminal penalty prescribed in Subsection (b), the city may impose administrative penalties, fees, and court costs in accordance with Article IV-b of Chapter 27 of this code, as authorized by Section 683.0765 of the Texas Transportation Code, for an offense under this article. The alternative administrative penalty range for an offense is the same as is prescribed for a criminal offense in Subsection (b). (Ord. 25927)
ARTICLE IV.
PRIVATE SOLID WASTE COLLECTION SERVICE.

Division 1. In General.

SEC. 18-29. DEFINITIONS.

In this article:

(1) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article or the director’s authorized representative.

(2) FRANCHISEE means a person who has been granted a franchise under this article and Chapter XIV of the city charter to operate a solid waste collection service in the city.

(3) GROSS RECEIPTS means any revenue directly or indirectly received or generated from or in connection with any solid waste collection service provided within the city, excluding the following amounts:

(A) disposal fees paid to the city by a franchisee;

(B) annual bad debt write-off amounts on uncollectible accounts for solid waste collection service, provided that the write-off allowed is verified by adequate supporting documentation and does not reduce the annual gross receipts by more than three percent;

(C) revenues received or generated for any solid waste collection service provided on behalf of the city by the franchisee pursuant to a written contract with the city; and

(D) revenues directly received or generated from the processing of recyclable materials.

(4) PERSON means an individual, corporation, firm, government or governmental subdivision, partnership, joint venture, limited liability company, or other business entity.

(5) SOLID WASTE COLLECTION SERVICE means the business of:

(A) removing wet or dry solid waste from any premises; or

(B) transporting, processing, or disposing of wet or dry solid waste. (Ord. Nos. 17226; 21058; 26480; 26608)

SEC. 18-30. AUTHORITY OF DIRECTOR.

(a) The director shall implement and enforce this article and may by written order promulgate such rules or regulations, not inconsistent with this article or state or federal law, as the director determines are necessary to discharge any duty under or to effect the policy of this article.

(b) The director shall have authority to impound any vehicle, dumpster, or roll-off container:

(1) whose contents have become foul, offensive, or otherwise hazardous to the public health or safety; or

(2) that is being used for the collection of solid waste material in violation of this article.

(c) A vehicle, dumpster, or roll-off container impounded under Subsection (b) may not be moved without the consent of the director and may not be returned to service until the contents are disposed of
and the vehicle, dumpster, or roll-off container is cleaned and brought into compliance with this article. (Ord. Nos. 14219; 17226; 21058; 26480; 26608)

SEC. 18-31. DEFENSES.

It is a defense to prosecution under this article, except for Sections 18-30(b) and (c), 18-45, 18-47, 18-49, 18-50, and 18-51, that the solid waste collection service:

(1) was operated by a governmental entity;

(2) was only collecting, transporting, or processing recyclable materials; or

(3) did not operate a vehicle, or cause or permit the operation of a vehicle, more than twice during any calendar year to:

(A) remove dry or wet solid waste from any premises within the city; or

(B) transport, process, or dispose of wet or dry solid waste within the city. (Ord. Nos. 21058; 21163; 26480; 26608)

Division 2. Solid Waste Collection Franchises.

SEC. 18-32. FRANCHISE AND DECAL REQUIRED.

A person commits an offense if, within the city, he:

(1) operates, or causes or permits the operation of, a solid waste collection service without a valid solid waste collection franchise granted under this article and Chapter XIV of the city charter; or

(2) operates, or causes or permits the operation of, a vehicle for the purpose of providing solid waste collection service in the city without displaying on the vehicle a valid decal issued under this article. (Ord. Nos. 14219; 16367; 17226; 21058; 21163; 24743; 26480; 26608)

SEC. 18-33. FRANCHISE APPLICATION.

(a) To obtain a solid waste collection franchise, a person must submit an application on a form provided for that purpose to the director. The applicant must be the person who will own, control, or operate the proposed solid waste collection service. The application must be acknowledged by a notary public and contain the following information:

(1) the applicant’s name, address, and notarized signature;

(2) the form of business of the applicant, and, if the business is a corporation, partnership, limited liability company, joint venture, or unincorporated association, a copy of the documents establishing the business;

(3) a description of any past business experience of the applicant, particularly in providing solid waste collection service, and an identification and description of any revocation or suspension by the city, or by any other governmental entity, of a solid waste collection license, franchise, or similar authorization held by the applicant or business before the date of filing the application;

(4) the number and description of vehicles the applicant proposes to use in the operation of the solid waste collection service, including year, make, model, motor identification number, and state license registration number for each vehicle;

(5) a description of the proposed solid waste collection service;

(6) documentary evidence from an insurance company indicating a willingness to provide
liability insurance as required by the city in the
franchise ordinance;

(7) documentary evidence of payment of ad
valorem taxes owed on the real and personal property
to be used in connection with the operation of the
proposed solid waste collection service if the business
establishment is located in the city; and

(8) such additional information as the
applicant desires to include to aid in the determination
of whether the requested franchise should be granted.

(b) The director is authorized to make any
additional investigation as is necessary to verify the
truth of the information contained in the application
and to determine if the applicant meets the
requirements of this article and the standard franchise
ordinance required by the city. (Ord. Nos. 21058;
21163; 24743; 26480; 26608)

SEC. 18-34. FRANCHISE GRANT.

(a) If the director determines from the
application that the applicant meets the requirements of
this article and other applicable law to hold a franchise
for solid waste collection service, the director shall
present the application to the city council and make a
recommendation regarding the application. The city
council may grant or deny the franchise. The city
council shall grant a franchise by ordinance. The grant
of a franchise under this article is nonexclusive.

(b) The terms and conditions of a franchise will
be set forth in the ordinance granting the franchise to
the applicant. By accepting the franchise, the applicant
agrees to comply with all of those terms and conditions.
(Ord. Nos. 26480; 26608)

SEC. 18-35. FRANCHISE FEES.

(a) A franchisee shall pay a franchise fee set by
the city council in the franchise ordinance. The
franchise fee may not be less than four percent of the
gross receipts resulting from the operation of the solid
waste collection service within the city.

(b) The franchise fee must be paid on a payment
schedule established by the city council in the
franchise ordinance. A payment received later than 10
days after the due date accrues interest at the rate
prescribed in Section 2-1.1 of this code.

(c) A franchise fee payment is nonrefundable.
(Ord. Nos. 14219; 14566; 17226; 20076; 21058; 21819;
24743; 26134; 26480; 26608)

SEC. 18-36. ISSUANCE AND DISPLAY OF
VEHICLE DECAL; PROOF OF
FRANCHISE TO BE SHOWN UPON
REQUEST.

(a) Upon the granting of a solid waste collection
franchise to an applicant and satisfactory completion
of all inspections required by this article, the director
shall issue a decal for each vehicle to be operated by
the applicant under the franchise.

(b) A decal issued under this section must be
displayed on the vehicle for which it was issued in a
manner and location approved by the director. A copy
of the franchise ordinance must be presented upon
request to the director or to a peace officer for
examination.

(c) A decal issued under this section is not
transferable. If a decal is lost, stolen, or mutilated, the
director may issue a duplicate decal upon payment to
the city of a $10 fee. (Ord. Nos. 21058; 21163; 24743;
26480; 26608)
SEC. 18-37. SUSPENSION OR REVOCATION OF FRANCHISE; ASSESSMENT OF CIVIL PENALTIES.

(a) The director may suspend the operation of a solid waste collection service doing business under a franchise granted under this article if:

(1) the franchisee fails or refuses to comply with any provision of the franchise ordinance, this article, or any other city ordinance or state or federal law applicable to the collection or disposal of solid waste material;

(2) the franchisee fails or refuses to make a franchise fee payment required by this article or the franchise ordinance at the time it was due; or

(3) the solid waste collection operation creates a public nuisance or a serious public health or safety hazard.

(b) The director shall provide at least 24 hours written notice to the franchisee of any suspension and include in the notice the reason for the suspension, the date the suspension takes effect, the duration of the suspension, and a statement informing the franchisee of the right to appeal the suspension. The suspension must be for a definite period of time not to exceed 60 days.

(c) A suspension by the director is final unless, within 20 days after the receipt of written notice of the director’s action, the franchisee files a written appeal with the city manager. The city manager shall, within 15 days after the appeal is filed, consider all the evidence in support of and against the action appealed and render a decision either sustaining, reversing, or modifying the action. The decision of the city manager is final. The filing of an appeal under this subsection stays an action of the director until a final decision is made by the city manager, unless the director determines that continued operation of the solid waste collection service constitutes an imminent and serious threat to the public health and safety.

(d) In addition to terminating a solid waste collection franchise on the grounds set forth in the franchise ordinance, the city council, on the recommendation of the director, may revoke a franchise, assess a civil penalty, or both, if the franchisee:

(1) fails or refuses to comply with any provision of the franchise ordinance, this article, or any other city ordinance or state or federal law applicable to the collection, transportation, processing, or disposal of solid waste material;

(2) knowingly or intentionally made a false statement or misrepresentation as to a material matter in the franchise application or in the negotiations for the franchise; or

(3) fails or refuses to make a franchise fee payment required by this article or the franchise ordinance at the time it was due.

(e) Before presenting a franchise revocation or civil penalty assessment to the city council under Subsection (d), the director shall notify the franchisee in writing of the proposed action. The notice must include:

(1) the reason for the proposed revocation or civil penalty assessment;

(2) action the franchisee must take to prevent the revocation or civil penalty assessment;

(3) a statement that the franchisee has 10 days to take the action to correct any violation or noncompliance; and

(4) a statement that the franchisee has a right to appear before the city council and contest the proposed revocation or civil penalty assessment.
(f) If, within 10 days after receipt of the notice required in Subsection (e), the franchisee has not taken the action necessary to correct the violation or noncompliance, the director shall present the franchise revocation, civil penalty assessment, or both to the city council and make a recommendation regarding the proposed action. The director shall notify the franchisee in writing of the date the city council will consider the proposed action. The city council may formally revoke the franchise, assess the recommended civil penalty, impose any other penalty or action that the city council in its discretion considers appropriate, or remand the matter to the director for further review and recommendation. The action of the city council is final. The director shall notify the franchisee in writing of the city council’s decision.

(g) Revocation of a solid waste collection franchise constitutes termination of the franchise ordinance and all accompanying rights, privileges, and permissions. Suspension or revocation of a solid waste collection franchise does not waive the city’s right to collect civil penalties imposed under the terms of the franchise ordinance prior to the suspension or revocation. (Ord. Nos. 14219; 17226; 21058; 21163; 26480; 26608)

SEC. 18-38. AMENDMENTS TO AND TRANSFER OF A FRANCHISE.

(a) A solid waste collection franchise may not be assigned, transferred, mortgaged, or pledged without the approval of the city council upon recommendation of the director. Minor amendments to a franchise, or approval of additional vehicles or equipment for use in the solid waste collection service, may be made by the director upon written request by a franchisee. An assignment, transfer, mortgage, or pledge of the franchise, or an amendment that substantially changes the scope, terms, or obligations of the franchise, must be applied for in the same manner as the original franchise.

(b) Before any vehicle not listed in the application for a solid waste collection franchise may be placed in service, the franchisee must notify the director of the proposed use of a new or additional vehicle, obtain a decal for the vehicle, and display a valid decal on the vehicle as required by this article.

(c) If an assignment or transfer is approved, the director shall issue new decals for the solid waste collection vehicles used by the assignee or transferee upon payment of the next installment of the franchise fee owed. (Ord. Nos. 21058; 21163; 24743; 26480; 26608)

SEC. 18-39. EXPIRATION AND RENEWAL OF FRANCHISE; VOIDANCE OF AUTHORITY TO OPERATE VEHICLES.

(a) The city council shall designate the term of a solid waste collection franchise in the franchise ordinance, which term may never exceed 40 years. The franchisee may renew the franchise by making application in accordance with Section 18-33. A franchisee shall apply for renewal at least 90 days before the expiration of the franchise term.

(b) Any decal issued under this article for a solid waste collection vehicle expires upon expiration, revocation, suspension, or nonrenewal of the accompanying solid waste collection franchise. (Ord. Nos. 21058; 21163; 24743; 26480; 26608)

SEC. 18-40. FRANCHISEE’S RECORDS AND REPORTS.

Each franchisee shall maintain, at a single location in the Dallas-Fort Worth metropolitan area, adequate financial records documenting all of its solid waste collection service transactions within the city. The records must be maintained in accordance with generally-accepted accounting and government-

auditing standards. The franchisee may be audited by
the city as often as the director deems necessary to
to ensure that accurate franchise fee payments are
received. A franchisee shall make its records available
for inspection by the director at reasonable times upon
request. (Ord. Nos. 21058; 21163; 26480; 26608)

SEC. 18-41. ANNUAL REPORT.

By February 1 of each year, a franchisee shall file
an annual report with the director containing the
following information for the preceding calendar year
concerning solid wastes and recyclable materials
collected by the franchisee within the city:

(1) Total volume in tons of wet and dry
solid waste collected by the franchisee, with separate
figures for total residential waste and total commercial
waste.

(2) Total volume in tons of recyclable
materials collected and recycled by the franchisee, with
separate figures for total recycled residential waste and
total recycled commercial waste.

(3) A description and the total volume in
tons of each type of material recycled by the franchisee.
(Ord. Nos. 21058; 21163; 26480; 26608)

SEC. 18-42. FAILURE TO PAY AD VALOREM TAXES.

A franchisee or an applicant for a solid waste
collection franchise shall not allow the payment of ad
valorem taxes upon any vehicle, equipment, or other
real or personal property used directly or indirectly in
connection with the solid waste collection service to
become delinquent. (Ord. Nos. 21058; 26480; 26608)

SEC. 18-43. NOTIFICATION OF CHANGE OF ADDRESS OR OWNERSHIP.

A franchisee shall notify the director within 10
days of a change in:

(1) the address or telephone number of the
solid waste collection service; or

(2) the form of the business or the executive
officers of the solid waste collection service. (Ord.
Nos. 21058; 21163; 26480; 26608)

SEC. 18-44. VEHICLE INSPECTION.

A franchisee or an applicant for a solid waste
collection franchise shall have each vehicle to be used
in the solid waste collection service inspected in a
manner approved by the director before a decal is
issued to the vehicle and at such other times as may be
ordered by the director. (Ord. Nos. 21058; 26480;
26608)

Division 3. Miscellaneous Requirements relating to
Solid Waste Collection, Disposal, and Vehicles.

SEC. 18-45. REQUIREMENTS FOR SOLID WASTE COLLECTION VEHICLES.

(a) Any vehicle used for transporting dry solid
waste material within the city must:

(1) be fitted with a substantial, tight-fitting
enclosure that is free of any cracks or breaks and that
has side boards and head boards of not less than 24
inches in height and a tail board of not less than 18
inches in height, to prevent waste material from being
scattered or thrown onto the streets;

(2) be equipped with a closely fitting cover
that must be used to prevent the escape of loose
material or effluvia; and
§ 18-45 Municipal Solid Wastes § 18-49

(3) be equipped with any other equipment required to comply with all applicable federal and state motor vehicle safety standards.

(b) Any vehicle used for transporting wet solid waste material within the city must:

(1) be fitted with a substantial, tight-fitting enclosure, with the deck, sides, and ends of the bed constructed of sheet steel so that the vehicle may be easily cleaned and with the sides not less than 24 inches high and the tail board not less than 18 inches high;

(2) have a tight-fitting cover to prevent spillage;

(3) when carrying cans to transport wet solid waste material, use only cans equipped with tight-fitting lids and holding chains so that the cans will not turn over and spill;

(4) not have any drain holes in the sides of the vehicle and must have any drain holes in the deck of the vehicle capped to prevent spillage or leakage; and

(5) be equipped with any other equipment required to comply with all applicable federal and state motor vehicle safety standards. (Ord. Nos. 14219; 21058; 26480; 26608)

SEC. 18-46. RESPONSIBILITY OF PRODUCER OF DRY OR WET SOLID WASTE.

It is the responsibility of the producer of any dry or wet solid waste to ensure that such waste material is disposed of in an approved manner at an approved disposal site. It is the producer’s responsibility to inform the solid waste collection service, in writing, of any waste that includes any material that is hazardous by reason of its pathological, radiological, explosive, toxic, or corrosive character. (Ord. Nos. 14219; 21058; 24743; 26480; 26608)

SEC. 18-47. HAZARDOUS WASTE MATERIAL.

A person providing solid waste collection service within the city shall comply with all city ordinances and state and federal laws regulating the handling, disposal, and transportation of hazardous waste materials. (Ord. Nos. 14219; 21058; 26480; 26608)

SEC. 18-48. RESTRICTIONS ON REMOVAL OF SOLID WASTE.

(a) A person commits an offense if he removes from any garbage container or receptacle any dry or wet solid waste, or in any way obstructs or interferes with any garbage container or receptacle in the city.

(b) It is a defense to prosecution under Subsection (a) of this section that the person was:

(1) an employee of the city in the performance of official duties;

(2) a franchisee under this article performing solid waste collection service in compliance with the terms of this article and the solid waste collection franchise ordinance; or

(3) any owner or occupant of the premises on which the container or receptacle is located. (Ord. Nos. 14219; 21058; 26480; 26608)

SEC. 18-49. RESTRICTIONS ON DISPOSAL OF WASTE.

A person engaged in the removal, handling, or transfer of dry or wet solid waste or in any manner dealing with dry or wet solid waste commits an offense if, either in person or by an agent, employee, or servant, he separates, unloads, offers for sale or trade, or exchanges any part of the solid waste materials within the city, except at a place designated by and in
compliance with this chapter and other applicable city ordinances. (Ord. Nos. 14219; 21058; 26480; 26608)

SEC. 18-50. ACCUMULATIONS AND DEPOSIT OF WASTE PROHIBITED.

(a) A person commits an offense if he deposits, causes to be deposited, or permits to accumulate any dry or wet solid waste upon any public or private premises within the city in such a manner as to emit noxious or offensive odors or to become unsanitary or injurious to public health or safety.

(b) A person commits an offense if he causes or permits any solid waste collection vehicle, dumpster, or roll-off container or the contents of such vehicle, dumpster, or roll-off container to be maintained in a condition that is foul, offensive, or otherwise hazardous to the public health or safety. (Ord. Nos. 14219; 21058; 26480; 26608)

Division 4. Violations and Penalties.

SEC. 18-51. PENALTIES FOR VIOLATIONS.

(a) A person who violates a provision of this article, or who fails to perform a duty required of him under this article, commits an offense. A person is guilty of a separate offense for each day or part of a day during which a violation is committed, continued, or permitted.

(b) An offense under this article is punishable by a fine of not more than $2,000 and, upon a first conviction, not less than $100.

(c) The minimum fine established in Subsection (b) shall be doubled for the second conviction of the same offense within any 24-month period and trebled for the third and subsequent convictions of the same offense within any 24-month period. At no time shall the minimum fine exceed the maximum fine established in Subsection (b).

(d) In addition to being subject to criminal enforcement and penalties as provided in Subsections (a) through (c) of this section, a franchisee that violates or causes or permits the violation of any of the terms or conditions of the franchise ordinance is liable for a civil penalty in the amount prescribed by the city council in the franchise ordinance. A civil penalty under the franchise ordinance may not exceed $2,000 for each violation. A franchisee is liable for a separate violation for each day or part of a day during which a violation is committed, continued, or permitted. (Ord. Nos. 20599; 21058; 26480; 26608)

ARTICLE IV-a.

MULTIFAMILY SITE RECYCLING COLLECTION AND REMOVAL SERVICES.

SEC. 18-52. DIRECTOR OF SANITATION’S AUTHORITY.

(a) The director of sanitation shall implement and enforce this article and may, by written order, promulgate rules or regulations consistent with this article and other applicable laws, as the director of sanitation determines are necessary to discharge any duty under this article or to achieve a purpose outlined in the scope of this chapter.

(b) The city manager's designee, or that designee's authorized representative may impound any vehicle or container used for the collection and removal of recyclable materials if its contents become foul, offensive, or otherwise hazardous to the public health or safety or if it is being used in violation of this chapter. A vehicle or container impounded under this subsection may not be moved without the consent of the city manager's designee, or that designee's authorized representative and may not be returned to service until the contents are properly disposed of and the vehicle or container is cleaned and brought into compliance with this chapter. (Ord. 30879, eff. 1-1-19)
SEC. 18-53. MULTIFAMILY SITE RECYCLING COLLECTION SERVICE.

(a) Multifamily site recycling collection service permit.

(1) Recycling collection service permit required. A person who is in the business of collecting or removing recyclable materials from a multifamily site shall obtain a multifamily site recycling collection service permit from the city. A permit is not required for a business such as a building contracting, home repair, landscaping, roofing, or other similar business that incidentally collects or removes recyclable materials in performance of their service.

(2) Permit application requirements. To obtain a multifamily site recycling collection service permit, a person shall submit an application, on a form or in a manner approved by the director of sanitation, and shall include the following information:

(A) the person’s name, address, and notarized signature;

(B) the person’s form of business, and, if applicable, the documents establishing the form of business, including a list of directors and officers and their contact information;

(C) a description of any past business experience in providing recycling collection and removal services as well as information related to revocation or suspension by the city, or by any other governmental entity, of a recycling permit, solid waste collection license, franchise, or similar authorization held by the applicant;

(D) the number and description of vehicles to be used for recycling collection and removal services, including year, make, model, vehicle identification number, and state license registration number for each vehicle;

(E) documentary evidence from an insurance company that the person or company has liability insurance and a commercial fleet policy;

(F) documentation that applicant is registered and authorized to do business in the state of Texas;

(G) documentary evidence, if requested, of payment of ad valorem taxes owed on the real and personal property to be used in connection with the operation of the proposed recycling collection service if the business establishment is located in the City of Dallas; and

(H) any other information that the director of sanitation deems necessary and is reasonable in determining if the person is qualified to provide recycling collection and removal services at a multifamily site in compliance with this code.

(3) Fees and annual renewal. The fee for an initial multifamily site recycling collection service permit is $275 and is non-refundable. The recycling permit must be renewed every twelve months for a fee of $100 and is non-refundable.

(b) Recycling containers. A multifamily site recycling collection service business shall provide color coded recycling containers to its customers. The recycling containers must display the following affixed signage:

(1) photo or images of recyclable materials accepted, minimum size of 18” x 12”, must be on the front of the container, along with information or a graphic indicating that cardboard boxes should be broken down and "No Plastic Bags";

(2) the word "RECYCLING ONLY", with minimum letter size of 12 inches, and chasing arrows symbol in prominent lettering and clearly labeled on the front recycling container; and

(3) contact information to report overflowing recycling containers and contamination.

(c) Recycling facilities. A multifamily site recycling collection service business shall transport collected recyclable materials to a recycling facility authorized to operate in the State of Texas.
§ 18-53 Municipal Solid Wastes § 18-54

(d) Reporting. A multifamily site recycling collection service business shall submit an annual report to the director of sanitation by February 1 of each year, beginning on February 1, 2021, on a form provided by the director of sanitation, and shall include the following information:

(A) multifamily site recycling collection service business’s contact information;

(B) tonnage of recyclable materials collected from multifamily sites in the city of Dallas in the prior calendar year. If collection routes require commingling of material collected outside the city, tonnage should be reported on a total basis and an appropriately prorated percentage to estimate Dallas tons;

(C) for the prior fiscal year, on average, the total number of units served and total weekly recycling capacity for multifamily sites in Dallas;

(D) name and location of materials recovery facilities or other recycling processing facility utilized in the prior calendar year;

(E) load reject rate used in the prior calendar year, as reported by materials recovery or recycling processing facilities;

(F) residue percentage rate used in the prior calendar year, as reported by materials recovery facilities or recycling processing facilities;

(G) documentary evidence, if requested, of payment of ad valorem taxes owed on the real and personal property to be used in connection with the operation of the proposed multifamily site recycling collection service if the business establishment is located within the city; and

(H) any other information that may be reasonably requested by the director of sanitation regarding the recycling collection services.

(e) Customer education. A multifamily site recycling collection service business shall educate and inform each customer upon contracting and annually thereafter of the following:

(1) that the multifamily site recycling collection service business provides recycling collection services in accordance with Chapter 18 of the Dallas City Code;

(2) types and capacity of recycling containers that may be utilized;

(3) types of recyclable materials accepted to transport to a materials recovery facility;

(4) disclosure of additional fees assessed to multifamily sites that exceed the multifamily site recycling collection service business’s allowable contamination rate;

(5) instruction on reducing contamination of recyclable materials; and

(6) the multifamily site recycling collection service business’s information to request an audit of recyclables collected from a multifamily site. (Ord. 30879, eff. 1-1-19)

SEC. 18-54. INSPECTIONS, SUSPENSIONS, REVOCATIONS, AND PENALTIES.

(a) Inspections, suspensions, and revocations. A multifamily site recycling collection service business’s vehicles are subject to inspections in a manner approved by the director of sanitation. If a multifamily site recycling collection service business has three violations of this chapter, then the director of sanitation may suspend or revoke the recycling permit until such time that the director of sanitation determines the business is in compliance with this chapter.

(b) Penalties. A person who violates a provision of this article, or who fails to perform a duty required
§ 18-54 Municipal Solid Wastes § 18-56

of him under this article, commits an offense. A person is guilty of a separate offense for each day or part of a day during which a violation is committed, continued, or permitted. An offense under this article is punishable by a fine not more than $500 or less than $150. (Ord. 30879, eff. 1-1-19)

ARTICLE V.

TIRES.

SEC. 18-55. DEFINITIONS.

In this article:

(1) CITY means the city of Dallas, Texas.

(2) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article, and includes the director’s authorized representatives.

(3) MOBILE TIRE REPAIR BUSINESS means a business that repairs tires at any temporary location, including but not limited to a roadway, alley, parking lot, or residence. The term does not include a business that only changes out or replaces tires, but does not make any repairs to a tire.

(4) MOBILE TIRE REPAIR UNIT means any vehicle used in a mobile tire repair business.

(5) SCRAP TIRE means a whole tire or any portion of a tire that:

(A) can no longer be used for its original intended purpose; or

(B) is being held, transported, or processed for disposal or recycling.

(6) TIRE BUSINESS means any business or establishment where used tires are collected, repaired, processed, recycled, scrapped, sold, bought, or stored, including but not limited to a mobile tire repair business and a salvage yard.

(7) TIRE RECYCLING FACILITY means a state-registered facility that processes, recycles, or conducts energy recovery with scrap tires.

(8) VEHICLE means any motorized vehicle and any non-motorized trailer that is or may be attached to a motorized vehicle. If a trailer is attached to a motorized vehicle, both the trailer and the motorized vehicle will be considered as one vehicle. (Ord. 25635)

SEC. 18-56. TIRE BUSINESS LICENSE AND MOBILE TIRE REPAIR UNIT PERMIT REQUIRED; APPLICATION; TRANSFERABILITY.

(a) A person commits an offense if, within the city, he:

(1) owns or operates a tire business without a valid tire business license issued under this article; or

(2) owns, operates, or permits the operation of a mobile tire repair unit without displaying a valid mobile tire repair unit permit in a visible and conspicuous location on the unit.

(b) To obtain a tire business license, a person must submit an application on a form provided for that purpose to the director. The applicant must be the person who will own, control, or operate the tire business. The application must be signed and verified by the applicant and contain all of the following information:

(1) The name, mailing address, county of residence, and telephone and facsimile numbers of each owner and operator of the tire business.

(2) The physical address and telephone number of the tire business.
(3) The approximate number of tires that will be stored on site at the tire business.

(4) If the tire business is located in the city of Dallas, the zoning district or districts where the business is located.

(5) The tax identification number or tax payer identification number of each owner and operator listed in the license application.

(6) A statement that the tire business is in compliance with the requirements of Section 19-34.1 of this code.

(7) The number and description of vehicles the applicant proposes to use as mobile tire repair units, including the year, make, model, vehicle identification number, and state license registration number for each vehicle, and proof that each vehicle is in compliance with state requirements for vehicle registration, vehicle inspection, and vehicle financial responsibility.

(c) A separate tire business license is required for each separate establishment operated as a tire business. A separate mobile tire repair unit permit is required for each separate vehicle operated as a mobile tire repair unit. Licenses and permits are not transferable between persons, businesses, or vehicles. (Ord. 25635)

SEC. 18-57. LICENSE AND PERMIT FEES.

(a) The annual fee for a tire business license is $75.

(b) The annual fee for each mobile tire repair unit permit is $75.

(c) The fee for issuing a duplicate tire business license or mobile tire repair unit permit for one that is lost, stolen, or mutilated is $32.

(d) The applicant shall pay all fees required by this section to the director before a license or permit will be issued. No refund of a fee will be made.

(a) The annual fee for a tire business license is $58.

(b) The annual fee for each mobile tire repair unit permit is $58.

(c) The fee for issuing a duplicate tire business license or mobile tire repair unit permit for one that is lost, stolen, or mutilated is $9.

(d) The applicant shall pay all fees required by this section to the director before a license or permit will be issued. No refund of a fee will be made. (Ord. Nos. 25635; 26598; 29879; 31332, eff. 10/1/19)

SEC. 18-58. ISSUANCE, DENIAL, AND DISPLAY OF A LICENSE OR PERMIT.

(a) The director shall issue a tire business license to the applicant, unless the director determines that the applicant:

(1) failed to completely fill out an application;

(2) provided false information on an application;

(3) failed to pay a license or permit fee required under this article: or

(4) has had a tire business license revoked within the preceding 12 months.

(b) Upon issuance of a license to an applicant, the director shall issue a permit to each vehicle to be operated by the applicant as a mobile tire repair unit.

(c) If the director determines that an applicant should be denied a tire business license, the director shall notify the applicant in writing that the application is denied and include in the notice the reason for denial and a statement informing the applicant of the right of appeal.
(d) A license or permit issued under this section must be displayed in a manner and location approved by the director. A license and permit must be presented upon request to the director or to a peace officer for examination. (Ord. 25635)
SEC. 18-59.  REVOCATION OF A LICENSE.

(a) The director shall revoke a tire business license if the licensee:

(1) refuses to allow any agent of the city entry into and inspection of the tire business or a mobile tire repair unit;

(2) is convicted twice within a 24-month period of any city ordinance or state or federal law regulating solid waste, litter, dumping, pollution, standing water, insect or rodent infestation, junk or salvage yards, junk motor vehicles, tires, or similar health, sanitation, or environmental concerns; or

(3) violates any provision of this article or Section 19-34.1 of this code.  (Ord. 25635)

SEC. 18-60.  APPEALS.

If the director denies issuance of a license or a license renewal or revokes a license issued pursuant to this article, this action is final unless the applicant or licensee shall, within 30 days after the receipt of written notice of the director's action, file with the city manager a written appeal.  The city manager shall, within 10 days after the appeal is filed, consider all the evidence in support of and against the action appealed and render a decision either sustaining or reversing the action.  The decision of the city manager is final.  (Ord. 25635)

SEC. 18-61.  EXPIRATION AND RENEWAL OF LICENSE; VOIDANCE OF AUTHORITY TO OPERATE A MOBILE TIRE REPAIR UNIT.

(a) A tire business license expires one year from the date of issuance and may be renewed by making application in accordance with Section 18-56.  A licensee shall apply for renewal at least 30 days before the expiration of the license.

(b) Any permit to operate a mobile tire repair unit that is granted under this article expires upon expiration, revocation, suspension, or nonrenewal of the accompanying tire business license.  (Ord. 25635)

SEC. 18-62.  TRANSPORTING SCRAP TIRES.

(a) A person commits an offense if he transports scrap tires in a vehicle within the city without:

(1) displaying a valid scrap tire transporter decal in a visible and conspicuous location on the rear of the vehicle;

(2) being listed as a transporter or authorized driver for the vehicle in the application for the vehicle’s scrap tire transporter decal that is on file with the director; or

(3) maintaining for inspection at any time a current manifest as required by Section 361.112 of the Texas Health and Safety Code, as amended.

(b) A person wishing to transport scrap tires in the city must apply for a scrap tire transporter decal on a form provided by the director for that purpose. A separate application must be made for each vehicle to be used to transport scrap tires. The application must be signed and verified by the applicant, be accompanied by a nonrefundable decal fee of $20, and contain all of the following information:

(1) The name, mailing address, county of residence, and telephone and facsimile numbers of the transporter and all authorized drivers of the vehicle.

(2) The year, make, model, vehicle identification number, and state license registration number for the vehicle on which the tires will be transported, and proof that the vehicle is in compliance with state requirements for vehicle registration, vehicle inspection, and vehicle financial responsibility.

(b) A person wishing to transport scrap tires in the city must apply for a scrap tire transporter decal on a form provided by the director for that purpose. A separate application must be made for each vehicle to be used to transport scrap tires. The application must be signed and verified by the applicant, be accompanied by a nonrefundable fee of $58, and...
contain all of the following information:

(1) The name, mailing address, county of residence, and telephone and facsimile numbers of the transporter and all authorized drivers of the vehicle.

(2) The year, make, model, vehicle identification number, and state registration number for the vehicle on which the tires will be transported, and proof that the vehicle is in compliance with state requirements for vehicle registration, vehicle inspection, and vehicle financial responsibility.

(c) A scrap tire transporter decal is not transferable from one vehicle to another.
(d) It is a defense to prosecution under Subsections (a)(1) and (a)(2) of this section that:

(1) not more than six scrap tires were being transported at the same time in the same vehicle; or

(2) the scrap tires were being transported from a point outside of the Dallas city limits to another point outside of the Dallas city limits, and the vehicle did not stop within the Dallas city limits for the purpose of loading or unloading any scrap tires. (Ord. Nos. 25635; 31332, eff. 10/1/19)

SEC. 18-63. IMPOUNDMENT OF VEHICLES.

(a) A peace officer is authorized to remove or cause the removal of a vehicle when the officer arrests a person for a violation of Section 18-62 and the officer is by law required to take the person arrested immediately before a magistrate.

(b) A vehicle removed and towed under this section must be kept at a place designated by the chief of police as a city pound location until application for redemption is made by the vehicle owner or the owner’s authorized agent.

(c) A vehicle impounded under this section will be released to the vehicle owner or the owner’s authorized agent in accordance with the provisions of Sections 28-4 and 28-5 of this code, after:

(1) the city has removed all illegal scrap tires from the impounded vehicle and stored or disposed of them in a manner prescribed by the director; and

(2) the vehicle owner or the owner’s authorized agent has paid the following fees to the city:

(A) the towing fees required by Section 15D-57 of this code for the tow of a disabled vehicle by an emergency wrecker service;

(B) the notification, impoundment, and storage fees required by Section 28-4 of this code for an impounded vehicle; and

(C) a disposal fee of $2.50 for each scrap tire removed from the impounded vehicle for disposal by the city. (Ord. 25635)

SEC. 18-64. UNAUTHORIZED DISPOSAL OF TIRES.

(a) A person commits an offense if he disposes of a scrap tire at any location within the city.

(b) It is a defense to prosecution under Subsection (a) that the scrap tire was disposed of:

(1) at a city landfill in compliance with city regulations governing the landfill; or

(2) at a tire recycling facility or a tire disposal facility that is registered or permitted by the state as required under Section 361.112 of the Texas Health and Safety Code, as amended, provided that the tires were delivered to the facility by a tire transporter registered by the state and the manifest for the tires was signed by the transporter and the facility accepting the tires. (Ord. 25635)

SEC. 18-65. EXEMPTIONS.

This article does not apply to any department, branch, or agency of the government of the United States or the State of Texas. (Ord. 25635)

SEC. 18-66. PENALTY.

(a) An offense under this article is punishable by a fine of not less than $500 or more than $2,000. Each tire transported in violation of this article constitutes a separate offense.

(b) A culpable mental state is not required for the commission of an offense under this article.
(c) If a vehicle that has previously been impounded and redeemed under this article is again impounded as the result of a subsequent violation of this article, the director is authorized to retain the vehicle as evidence in the criminal proceeding for that violation until the termination of the criminal case in municipal court. If, upon termination of the criminal case, the defendant is found not guilty of the violation, the defendant may redeem the vehicle without paying any storage fees. If the defendant is assessed a fine for the violation, the municipal court judge may, in lieu of requiring payment of the fine assessed and any costs, declare the vehicle is a criminal instrument, declare the vehicle is forfeited to the city, and order the sale of the impounded vehicle, with the proceeds of the sale to be used to satisfy any outstanding municipal court judgment. Any amount obtained in the sale of the vehicle that is in excess of the amount of the fine assessed and any costs will be returned to the defendant. (Ord. 25635)

ARTICLE I.

GENERAL PROVISIONS.

SEC. 27-1. LEGISLATIVE FINDINGS OF FACT.

There exists in the city of Dallas, Texas, structures used for human habitation and nonresidential purposes that are substandard in structure and maintenance. Furthermore, inadequate provision for light and air, insufficient protection against fire, lack of proper heating, insanitary conditions, and overcrowding constitute a menace to the health, safety, morals, welfare, and reasonable comfort of the citizens of the city of Dallas. The existence of such conditions will create slum and blighted areas requiring large scale clearance, if not remedied. Furthermore, in the absence of corrective measures, such areas will experience a deterioration of social values, a curtailment of investment and tax revenue, and an impairment of economic values. The establishment and maintenance of minimum structural and environmental standards are essential to the prevention of blight and decay and the safeguarding of public health, safety, morals, and welfare. (Ord. Nos. 15198; 19234)

SEC. 27-2. PURPOSE OF CHAPTER.

(a) The purpose of this chapter is to protect the health, safety, morals, and welfare of the citizens of the city of Dallas by establishing minimum standards applicable to residential and nonresidential structures. Minimum standards are established with respect to utilities, facilities, and other physical components essential to make structures safe, sanitary, and fit for human use and habitation.

(b) This chapter is found to be remedial and essential to the public interest, and it is intended that this chapter be liberally construed to effect its purpose. All structures within the city on the effective date of this chapter, or constructed thereafter, must comply with the provisions of this chapter. (Ord. Nos. 15198; 19234; 24961)

SEC. 27-3. DEFINITIONS.

In this chapter:

(1) BATHROOM means an enclosed space containing one or more bathtubs, showers, or both, and which may also include toilets, lavatories, or fixtures serving similar purposes.

(2) BUILDING means a structure for the support or shelter of any use or occupancy.

(3) CITY ATTORNEY means the city attorney of the city of Dallas and includes the assistants and other authorized representatives of the city attorney.

(4) CONDOMINIUM has the meaning assigned in Chapter 82 of the Texas Property Code, as amended.

(5) CONDOMINIUM ASSOCIATION means a corporation whose members are condominium unit owners in a condominium and who are charged with governing, operating, managing, or overseeing a condominium or its common elements.

(6) CONSTRUCTION CODES means the Dallas Building Code, Chapter 53 of the Dallas City Code, as amended; Dallas Plumbing Code, Chapter 54 of the Dallas City Code, as amended; Dallas Mechanical Code, Chapter 55 of the Dallas City Code, as amended; Dallas Electrical Code, Chapter 56 of the Dallas City Code, as amended; Dallas One- and Two-Family Dwelling Code, Chapter 57 of the Dallas City Code, as amended; Dallas Existing Building Code, Chapter 58 of the Dallas City Code, as amended; Dallas Fuel Gas Code, Chapter 59, Dallas Energy Conservation Code; Chapter 60 of the Dallas City Code, as amended; Dallas Green Code, Chapter 61 of the Dallas City Code, as amended.
(7) CRIME PREVENTION ADDENDUM means an addendum to a residential lease or rental agreement for the use of a rental property as required by Section 27-43 of this chapter.

(8) DALLAS ANIMAL WELFARE FUND means the Dallas Animal Welfare Fund as described in Section 7-8.4 of Chapter 7 of this code.

(9) DEPARTMENT means the department designated by the city manager to enforce and administer this chapter.

(10) DIRECTOR means the director of the department designated by the city manager to enforce and administer this chapter and includes representatives, agents, or department employees designated by the director.

(11) DWELLING means a structure or building used, intended, or designed to be used, rented, leased, let, or hired out to be occupied, or that is occupied for living purposes.

(12) DWELLING UNIT has the definition given that term in Section 51A-2.102 of the Dallas Development Code, as amended.

(13) GRADED INSPECTION means an inspection of a rental property in which the property is given a score by the director based on the number of code violations found to exist on the premises.

(14) HABITABLE ROOM means a space in a building or structure for living, sleeping, eating, or cooking. Bathrooms, toilet rooms, closets, halls, storage and utility spaces, and other similar areas, are not considered habitable rooms.

(15) HOUSING STANDARDS MANUAL means the manual by that title and which is kept on file in the office of the city secretary.

(16) INFESTATION means the presence, within or contiguous to a structure or premises, of insects, rodents, vectors, or other pests.

(17) KITCHEN means an area used, or designated to be used, for cooking or preparation of food.

(18) LANDLORD has the same meaning as in Chapter 92 of the Texas Property Code, as amended.

(19) MULTIFAMILY DWELLING means a multifamily use as defined in Section 51A-4.209(b)(5) of the Dallas Development Code, as amended, or, for purposes of this chapter, three or more single dwelling units on the same premises and which are under common ownership.

(20) MULTITENANT PROPERTY means property containing any of the following uses:

(A) A multifamily dwelling as defined in this section.

(B) A lodging or boarding house as defined in Section 51A-4.205(2) of the Dallas Development Code, as amended.

(C) A group residential facility as defined in Section 51A-4.209(b)(3) of the Dallas Development Code, as amended.

(D) An extended stay hotel or motel as defined in Section 51A-4.205(1.1) of the Dallas Development Code, as amended.

(E) A residential hotel as defined in Section 51A-4.209(b)(5.1) of the Dallas Development Code, as amended.
(21) OCCUPANT means a person who has possessory rights to and is actually in possession of a premise.

(22) OPEN AND VACANT STRUCTURE means a structure that is, regardless of its structural condition:

(A) unoccupied by its owners, lessees, or other invitees; and

(B) unsecured from unauthorized entry to the extent that it could be entered or used by vagrants or other uninvited persons as a place of harborage or could be entered or used by children.

(23) OPERATING CONDITION means free of leaks, safe, sanitary, structurally sound, and in good working order.

(24) OWNER means a person who has ownership or title of real property:

(A) including, but not limited to:

(i) the holder of fee simple title;

(ii) the holder of a life estate;

(iii) the holder of a leasehold estate for an initial term of five years or more;

(iv) the buyer in a contract for deed;

(v) a mortgagee, receiver, executor, or trustee in control of real property; and

(vi) the named grantee in the last recorded deed; or

(B) the owner’s representative with control over the property.

(25) PERSON means any natural person, corporation, organization, estate, trust, partnership, association, or other legal entity.

(26) PEST means an invertebrate animal that can cause disease or damage to humans or building materials.

(27) PLUMBING FIXTURES means gas pipes, water pipes, toilets, lavatories, urinals, sinks, laundry tubs, dishwashers, garbage disposal units, clothes-washing machines, catch basins, wash basins, bathtubs, shower baths, sewer pipes, sewage system, septic tanks, drains, vents, traps, and other fuel-burning or water-using fixtures and appliances, together with all connections to pipes.

(28) PREMISES or PROPERTY means a lot, plot, or parcel of land, including any structures on the land.

(29) PROPERTY MANAGER means a person who, for compensation, has managing control of real property, including an on-site manager of a building or structure.

(30) PUBLIC SEWER means a sewer operated by a public authority or public utility and available for public use.

(31) REGISTRANT means a person submitting a rental property registration or renewal application or a person whose application the director deems complete under Article VII of this chapter.

(32) RENTAL PROPERTY means a multitenant property or a single dwelling unit that is leased or rented to one or more persons other than the owner of the property, regardless of whether the lease or rental agreement is oral or written, or the compensation received by the lessor for the lease or rental of the property is in the form of money, services, or any other thing of value.
§ 27-3 Minimum Property Standards

(33) SANITARY means any condition of good order and cleanliness that precludes the probability of disease transmission.

(34) SECURITY DEVICE has the definition given that term in Chapter 92 of the Texas Property Code, as amended.

(35) SHORT-TERM RENTAL has the definition given that term in Section 156.001(b) of the Texas Tax Code, as amended.

(36) SINGLE DWELLING UNIT means a single family or duplex, as defined in the Dallas Development Code, as amended, or a condominium dwelling unit.

(37) SOLID WASTE means:

(A) industrial solid waste as defined in Section 18-2(22) of the Dallas City Code, as amended; or

(B) municipal solid waste as defined in Section 18-2(28) of the Dallas City Code, as amended.

(38) STRUCTURE means that which is built or constructed, an edifice or building of any kind, or any piece of work artificially built up or composed of parts joined together in some definite manner.

(39) TOILET ROOM means a room containing a toilet or urinal but not a bathtub or shower.

(40) URBAN NUISANCE means a premises or structure that:

(A) is dilapidated, substandard, or unfit for human habitation and a hazard to the public health, safety, and welfare;

(B) regardless of its structural condition, is unoccupied by its owners, lessees, or other invitees and is unsecured from unauthorized entry to the extent that it could be entered or used by vagrants or other uninvited persons as a place of harborage or could be entered or used by children; or

(C) boarded up, fenced, or otherwise secured in any manner if:

(i) the structure constitutes a danger to the public even though secured from entry; or

(ii) the means used to secure the structure are inadequate to prevent unauthorized entry or use of the structure in the manner described by Paragraph (B) of this subsection.

(41) VECTOR means an insect or other animal that is capable of transmitting a disease-producing organism.

(42) WORKMANLIKE means executed in a skilled manner, for example, generally plumb, level, square, in line, undamaged, and without marring adjacent work. (Ord. Nos. 15198; 15919; 16473; 17226; 19234; 19896; 22154; 24086; 24961; 25522; 26455; 27147; 27751; 29403; 30236)

SEC. 27-3.1. CODE ENFORCEMENT OFFICIAL.

(a) The director, or a designated representative, shall serve as the code enforcement official of the city.

(b) The code enforcement official has the power to render interpretations of this chapter and to adopt and enforce rules and regulations supplemental to this chapter as the code enforcement official deems necessary to clarify the application of this chapter. Such interpretations, rules, and regulations must be in conformity with the purpose of this chapter.

(c) The code enforcement official has the power to obtain:

(1) search warrants for the purpose of investigating a violation of a health and safety or
§ 27-3.1 Minimum Property Standards § 27-4

nuisance abatement, including an urban nuisance, regulation, statute, or ordinance; and

(2) seizure warrants for the purpose of securing, removing, or demolishing an offending property and removing the debris from the premises.

(Ord. Nos. 20433; 30236)

ARTICLE II.

ADMINISTRATION.

SEC. 27-4. VIOLATIONS; PENALTY.

(a) A person who violates a provision of this chapter, or who fails to perform an act required of him by this chapter, commits an offense. A person commits a separate offense each day during which a violation is committed, permitted, or continued.

(b) Criminal penalties.

(1) An offense under this chapter is punishable by a fine not to exceed $2,000; except, that an offense under Section 27-5.2 and 27-25 of this chapter is punishable by a fine not to exceed $500.

(2) An offense under this chapter is punishable by a fine of not less than:

(A) $150 for a first conviction of a violation of Section 27-11(c)(1), (c)(2), or (c)(6); Section 27-11(d)(2), (d)(3)(A), (d)(4), (d)(5), (d)(6), (d)(7), (d)(9)(A), (d)(9)(C), (d)(9)(D), (d)(10)(A), (d)(11), (d)(13), (d)(15)(A), or (d)(16)(C); Section 27-11(e)(1)(B), (e)(1)(C), or (e)(3); Section 27-11(f)(1)(A), (f)(1)(B), (f)(3)(C), (f)(3)(F), or (f)(4)(C); Section 27-11(g)(5); Section 27-11(h)(1)(B), (h)(3)(i), (h)(4)(i), (h)(4)(ii), (h)(4)(iii), (h)(6)(A), or (h)(6)(B); Section 27-11(j); Section 27-12(1), (2), (3), or (5); and

(3) The minimum fines established in Subsection (b)(2) will be doubled for the second conviction of the same offense within any 24-month period and trebled for the third and subsequent convictions of the same offense within any 24-month period. At no time may the minimum fine exceed the maximum fine established in Subsection (b)(1).

(c) The culpable mental state required for the commission of an offense under this chapter is governed by Section 1-5.1 of this code.

(d) In addition to imposing the criminal penalty prescribed in Subsection (b) or exercising the other remedies provided by this chapter, the city may, in accordance with Chapter 54, Subchapter B of the Texas Local Government Code, as amended, bring a civil action against a person violating a provision of this chapter. The civil action may include, but is not limited to, a suit to recover a civil penalty not to exceed $1,000 for each day during which the violation is committed, continued, or permitted.

(e) The penalties provided for in Subsections (b), (d), and (h) are in addition to any other enforcement remedies that the city may have under city ordinances and state law.

(f) The director has the authority to enforce provisions of Chapter 7A and Article II, Chapter 18 of this code.

(g) A person is criminally responsible for a violation of this chapter if:

(1) the person commits the violation or assists in the commission of the violation; or

(2) the person is an owner of the property and, either personally or through an employee or agent, allows the violation to exist.
§ 27-4 Minimum Property Standards  § 27-5.2

(h) For purposes of Subsection (g), an employee of the owner of real property that is a single dwelling unit rental property, or has been issued a certificate of occupancy or received final approval from the building official with respect to improvements on the property, is not personally liable for a violation of this chapter if, not later than the fifth calendar day after the date the citation is issued, the employee provides the property owner’s name, current street address, and current telephone number to the enforcement official who issues the citation or to the director.

(i) As an alternative to imposing the criminal penalty prescribed in Subsection (b), the city may impose administrative penalties, fees, and court costs in accordance with Article IV-b of this chapter, as amended, for an offense under this chapter. The alternative administrative penalty range for an offense is the same as is prescribed for a criminal offense in Subsection (b). (Ord. Nos. 19234; 19896; 20017; 20599; 22695; 24457; 25522; 25927; 26455; 26955; 27458; 27751; 30236)

SEC. 27-5. INSPECTION.

(a) For the purpose of ascertaining whether violations of this chapter or other city ordinances exist, the director is authorized, at a reasonable time, to inspect:

(1) the exterior of a structure and premises that do not contain a structure; and

(2) the interior of a structure, if the owner, occupant, or person in control gives his permission to the director.

(b) Nothing in this section limits the director’s ability to seek and obtain an administrative search warrant authorizing an interior or exterior inspection of a structure or a vacant premises. (Ord. Nos. 15198; 19234; 25522; 26455; 30236)

SEC. 27-5.1. DONATION OF NONCOMPLYING PROPERTY TO A NONPROFIT CORPORATION.

(a) A judge of the municipal court may dismiss one or more citations of a property owner who is charged with violating this chapter, if the property owner donates the property, for which the citations have been issued, to a nonprofit corporation selected by the city.

(b) The city is authorized to contract with a nonprofit corporation for the acceptance of property donated pursuant to Subsection (a) of this section. The terms of the contract must provide that the nonprofit corporation will:

(1) within 90 days from the date of acceptance of the donated property, bring the property into compliance with this chapter, including, but not limited to, providing all necessary cleanup, maintenance, repairs, and alterations; and

(2) within 120 days from the date of acceptance of the donated property, sell the property directly to an occupant owner or rent the property directly to an occupant tenant. (Ord. Nos. 19234; 19896; 21973; 26455)

SEC. 27-5.2. RETALIATION AGAINST TENANTS PROHIBITED.

(a) A landlord commits an offense if he raises a tenant’s rent, diminishes services to a tenant, or attempts eviction of a tenant within six months after:

(1) the tenant files a valid complaint with the director complaining of a violation of this chapter on property occupied by the tenant; a complaint is considered valid if it results in an action described in Paragraph (2), (3), or (4) of this subsection;

(2) the director issues to the landlord or the landlord’s agent a written notice or citation listing any
§ 27-5.2 Minimum Property Standards

violation of this chapter that exists on property occupied by the tenant;

(3) the city attorney files an action under Article IV-a of this chapter or under Chapter 54, 211, or 214 of the Texas Local Government Code relating to any violation of this chapter that exists on property occupied by the tenant;

(4) the tenant, after filing a complaint with the director and the landlord or the landlord’s agent, files a written complaint with the city attorney complaining of a violation of this chapter on property occupied by the tenant, unless the complaint is later withdrawn by the tenant or dismissed on the merits; or

(5) repairs are completed on property occupied by the tenant in compliance with either a written notice or citation issued by the director or a court order.

(b) It is a defense to prosecution under Subsection (a) that:

(1) rent was increased pursuant to an escalation clause in a written lease which provided for changes in costs of utilities, taxes, and insurance;

(2) rent was increased, services were reduced, or notices to vacate were issued as part of a pattern of rent increases, service reductions, or evictions for an entire multidwelling project;

(3) the tenant was delinquent in rent when the landlord gave notice to vacate or filed an eviction action;

(4) the tenant was responsible for or caused a violation of this chapter that existed on property occupied by the tenant;

(5) the tenant’s written lease fixing the rent, services, or term of occupancy had expired, unless, at the time an action described in Subsection (a)(1), (2), or (3) occurred, a violation of this chapter that was reasonably dangerous to the physical health or safety of the tenant or another person existed on property occupied by the tenant;

(6) the tenant holds over after giving notice of termination or intent to vacate;

(7) the tenant holds over after the landlord gives notice of termination at the end of the rental term and, at the time the notice of termination was given, the landlord or the landlord’s agent had not received actual notice that a valid complaint had been filed with the city complaining of violations of this chapter on property occupied by the tenant;

(8) before filing a complaint with the city complaining of a violation of this chapter on property occupied by the tenant, other than a violation that is reasonably dangerous to the physical health or safety of the tenant or another person, the tenant fails to comply with a written lease provision requiring the tenant to:

(A) notify the landlord or the landlord’s agent, in writing, of the violation; and

(B) allow the landlord 15 days to correct the violation; or

(9) the landlord proves that the rent increase, service reduction, or attempted eviction was for good cause and not for purposes of retaliation against the tenant.

(c) An offense under this section may be prosecuted upon the filing of a written complaint by the tenant with the city attorney. (Ord. Nos. 20017; 26455)

ARTICLE III.  
MINIMUM STANDARDS.

SEC. 27-11. MINIMUM PROPERTY STANDARDS; RESPONSIBILITIES OF OWNER.

(a) In general.  

(1) The regulations in this article are minimum property standards for vacant and occupied buildings, properties, and structures. In addition to the minimum property standards, all buildings, properties, and structures must comply with all federal, state, and local laws and regulations, including the construction codes.

(2) The minimum property standards are intended to complement existing laws and regulations. If any provision of this chapter is less restrictive than another applicable law or regulation, the more restrictive law or regulation shall apply.

(3) An owner who enters into a written lease shall, upon the occupant’s request, provide the occupant with a written lease in the occupant’s primary language, if the primary language is English, Spanish, or Vietnamese.

(b) Repairs. All repairs required by this section must be performed in a workmanlike manner and in accordance with all applicable federal, state, and local laws, rules, and regulations, including the construction codes.

(c) Property standards. An owner shall:

(1) maintain his or her premises in operating condition without any holes, excavations, or sharp protrusions, and without any other object or condition that exists on the land and is reasonably capable of causing injury to a person;

(2) securely cover or close any wells, cesspools, or cisterns;

(3) provide solid waste receptacles or containers when required by Chapter 18 of this code, as amended;

(4) provide drainage to prevent standing water and flooding on the land;

(5) remove dead trees and tree limbs that are reasonably capable of causing injury to a person;

(6) keep the doors and windows of a vacant structure or vacant portion of a structure securely closed to prevent unauthorized entry; and

(7) protect, by periodic application of paint or other weather-coating materials, any exposed metal or wood surfaces from the elements and against decay or rust.

(d) Structural and material standards.

(1) In general. An owner shall maintain structural members free from deterioration so that they are capable of safely supporting imposed dead and live loads.

(2) Construction materials. An owner shall maintain building and structural materials, including wood, gypsum products, glass, fiberglass, paper, canvas, fabric, plastic, vinyl, masonry, ceramic, plaster, brick, rock, stucco, slate, concrete, asphalt, tin, copper,
§ 27-11 Minimum Property Standards

(3) **Roofs.** An owner shall:

(A) maintain roofs in operating condition, free from leaks, holes, charred or deteriorated roofing materials, rotted wood, and other unsafe conditions; and

(B) maintain gutters and downspouts, if any, in operating condition and securely fastened.

(4) **Chimneys and towers.** An owner shall maintain chimneys, cooling towers, smoke stacks, and similar appurtenances in operating condition.

(5) **Foundations.** An owner shall maintain foundations and foundation components in operating condition, and keep all foundation components securely fastened.

(6) **Floors.** An owner shall maintain all flooring in operating condition, free from holes, cracks, decay, and trip hazards.

(7) **Shower enclosures.** An owner shall maintain shower enclosure floors and walls in operating condition, free of holes, cracks, breaches, decay, rust, and rot.

(8) **Countertops and backsplashes.** An owner shall maintain kitchen and bathroom countertops and backsplashes surrounding kitchen sinks and lavatory sinks in operating condition free of decay, rust, and rot.

(9) **Interior walls, ceilings, and surfaces; doors.** An owner shall:

(A) maintain all interior walls and ceilings in operating condition;

(B) keep all interior walls and ceilings securely fastened to eliminate collapse hazards;

(C) maintain all interior surfaces, including windows and doors, in operating condition;

(D) repair, remove, or cover all peeling, chipping, flaking, or abraded paint; and

(E) repair all cracked or loose plaster, wood, or other defective surface conditions.

(10) **Exterior windows and skylights.** An owner shall maintain the glass surfaces of exterior windows and skylights so that they are weather tight and in operating condition.

(11) **Exterior doors.** An owner shall maintain exterior doors so that they are weather tight and in operating condition.

(12) **Security devices.** An owner shall maintain any bars, grilles, grates, and security devices in operating condition.

(13) **Ventilation.** An owner shall maintain all natural and mechanical ventilation in habitable rooms in operating condition.

(14) **Balconies, landings, porches, decks, and walkways.** An owner shall maintain:

(A) all balconies, landings, porches, decks, and walkways in operating condition and securely fastened;

(B) support posts, columns, and canopies in operating condition, securely fastened and anchored.

(15) **Handrails and guardrails.** An owner shall maintain all handrails and guardrails:

(A) in operating condition and securely fastened and anchored; and

(B) so that they are capable of safely supporting imposed dead and live loads.
§ 27-11 Minimum Property Standards

(16) Steps and stairways. An owner shall:

(A) maintain steps and stairways in operating condition, securely fastened and anchored, and free from trip hazards;

(B) maintain steps and stairways so that they are capable of safely supporting imposed dead and live loads; and

(C) seal any cracks or breaches in lightweight concrete steps, balconies, and walkways.

(17) Fencing, retaining walls, and barriers. An owner shall:

(A) maintain all fences, retaining walls, decorative walls, and barriers in operating condition, and in accordance with the Dallas Development Code, as amended. This requirement applies to a masonry wall only if the masonry wall encloses:

(i) a multitenant property; or

(ii) a single-family or duplex property where the wall is not shared with another property;

(B) repair or replace rotted, missing, fire-damaged, or broken wooden slots and support posts;

(C) repair or replace broken, missing, or bent metal posts and torn, cut, bent, or ripped metal fencing materials; and

(i) encloses a multitenant property or a single-family property or duplex, or

(ii) serves as a retaining wall.

(e) Utility and appliance standards.

(1) Air conditioning.

(A) An owner shall:

(i) provide, and maintain, in operating condition, refrigerated air equipment capable of maintaining a room temperature of at least 15 degrees cooler than the outside temperature, but in no event higher than 85° F. in each habitable room;

(ii) maintain all fixed air conditioning systems, including air conditioning unit covers, panels, conduits, and disconnects, in operating condition, properly attached; and

(iii) install window-mounted air conditioning units, if provided, in compliance with the construction codes.

(B) It is a defense to prosecution under this paragraph that at least one habitable room is 85° F. at a point three feet above the floor and two feet from exterior walls if the outside temperature is over 110° F.

(2) Heating.

(A) An owner shall:

(i) provide, and maintain, in operating condition, heating facilities capable of maintaining a room temperature of at least 15 degrees warmer than the outside temperature, but in no event lower than 68° F. in each habitable room; and

(ii) if provided, maintain, in operating condition, heating facilities in buildings or structures other than dwelling units.

(B) It is a defense to prosecution under this paragraph that at least one habitable room is 68° F. at a point three feet above the floor and two feet from exterior walls if the outside temperature is under 40° F.

(3) Appliances. If appliances are provided in a rental dwelling unit, the owner shall maintain those appliances, including portable heating units, portable air conditioning units, cook stoves, refrigerators, dishwashers, garbage disposals, ventilation hoods, washing machines, and clothes
dryers, and appliance connections, in operating condition.

(f) Plumbing standards.

(1) Plumbing systems. An owner shall maintain:

(A) all plumbing pipes, fittings, and valves necessary to supply and conduct natural fuel gases, sanitary drainage, storm drainage, or potable water in operating condition; and

(B) all plumbing fixtures free of cross-connections and conditions that permit backflow into the potable water supply.

(2) Fuel gas distribution systems. An owner shall maintain distribution systems that carry fuel gas or liquefied petroleum gas in leak-free condition in accordance with the construction codes. If such a distribution system has been compromised, an owner shall have the system pressure-tested and repaired in accordance with the Dallas Fuel Gas Code, Chapter 60 of the Dallas City Code, as amended.

(3) Plumbing fixtures. An owner shall:

(A) provide each dwelling unit with:

(i) a kitchen equipped with a kitchen sink; and

(ii) a minimum of one toilet; a lavatory sink; and either a bathtub or shower, or a combination of bathtub and shower;

(B) keep all plumbing fixtures connected to a public sewer system or to an approved private sewage disposal system;

(F) maintain all piping distribution systems in operating condition, and eliminate all unsafe, unsanitary, and inoperable conditions in such distribution systems; and

(G) cap each sewer clean-out opening with an approved plug, except when the sewer line is being serviced.

(4) Water heating equipment. An owner shall:

(A) maintain all water heating equipment, including existing fuel-fired water heaters, in operating condition;

(B) maintain all water heating equipment with a pressure relief valve with an approved drain line;

(C) provide and maintain, in operating condition, water heating equipment that supplies hot water at a minimum temperature of 110° F., measured at the water outlet, to every required plumbing fixture;

(D) vent all fuel-fired water heating equipment as required by the construction codes; and

(E) maintain boilers and central heating plants in operating condition.

(g) Electrical standards. An owner shall:

(1) maintain all electrical equipment and materials in operating condition;

(2) maintain electrical circuits and outlets sufficient to safely carry a load imposed by normal use of appliances, equipment, and fixtures, and maintain them in operating condition;
§ 27-11 Minimum Property Standards

(3) maintain in each habitable room, bathroom, hallway, and stairway of a dwelling unit at least one electric lighting outlet, and the electric lighting outlet must be controlled by a wall switch, unless a wall switch is not required by the construction codes;

(4) maintain all electric light fixtures located adjacent to exterior doors of all buildings or structures in operating condition; and

(5) use extension cords and flexible cords in accordance with the construction codes, and not as substitutes for permanent wiring.

(h) Lighting standards for multitenant properties.

(1) In general.

(A) An owner shall not wire lighting in common areas into individual dwelling units.

(B) An owner shall maintain overall illumination of four footcandles for exterior lighting on the premises, measured in accordance with the Housing Standards Manual.

(2) Exterior lighting.

(A) An owner shall maintain illumination from dusk until dawn:

(i) along pedestrian pathways; in plazas, courtyards, building entrances, parking areas, including carports and driveway areas; and other outdoor spaces commonly used.

(ii) at stairwells, landings, and areas under the lower landing.

(iii) along breezeways, and transitional lighting must be maintained at all entries to a breezeway.

(iv) at cluster or gang mailboxes.

(B) An owner shall maintain exterior lighting so that it reduces conflicts or obstructions between building design and landscape treatments and provides appropriate crime prevention.

(i) Health standards.

(1) Infestations.

(A) Where evidence of an infestation exists, the owner of a building, structure, or property, including a vacant or occupied one- or two-family dwelling, or multifamily dwelling, shall eliminate the infestation using a person licensed under the Texas Structural Pest Control Act, as amended, and repair any condition that contributes to an infestation.

(B) If the building, structure, or property is a rental property, the owner shall provide notice to the tenants at least 48 hours before taking steps to eliminate an infestation.

(i) Notice must be in writing and must include the method being used to eliminate the infestation.

(ii) A tenant may in writing waive the 48-hour requirement.

(2) Common toilet and shower facilities. An owner shall maintain in operating condition toilet and shower facilities in common area multifamily uses.

(3) Swimming pools, spas, ponds, and fountains.

(i) Water in swimming pools, spas, ponds, and fountains must be maintained to prevent the breeding or harborage of insects.

(ii) Swimming pools, spas, ponds, and fountains must be maintained in operating condition.

(iii) Fences or other barriers enclosing swimming pools, spas, ponds, and fountains must be maintained in operating condition.
§ 27-11 Minimum Property Standards

(iv) Pool yard enclosures, as defined in Chapter 757 of the Texas Health and Safety Code, as amended, shall be maintained in operating condition and must comply with the standards in Chapter 757 of the Texas Health and Safety Code, as amended.

(4) Sewage overflow. An owner shall sanitize all areas contaminated by sewage overflow immediately after servicing is completed.

(5) Vacant dwelling units.

(A) An owner shall maintain the interiors of all vacant dwelling units free of solid waste.

(B) The owner of a vacant dwelling unit must store any swimming pool chemicals, cleaning chemicals, pesticides, herbicides, rodenticides, fertilizers, paints, solvents, gasoline, gasoline-powered equipment, or combustible materials of any kind in accordance with the construction codes and the Dallas Development Code, as amended.

(j) Security standards. An owner of a multifamily dwelling, other than one exempt from registration under this chapter, shall provide and maintain security devices in each dwelling unit as required by Sections 92.153, 92.154, and 92.155 of the Texas Property Code, as amended.

(k) It is a defense to prosecution under Subsection (a) of this section that the premises is the site of new construction and reasonable and continuous progress is being made to complete the construction.

(l) An owner shall provide a tenant with alternative housing that meets the minimum standards required by this section when:

(1) after being issued a notice or citation for violation of Subsection (e)(2) of this section, the owner fails to repair heating equipment within 72 hours after receiving such notice or citation and the overnight low temperature, as measured by the National Weather Service at Dallas Love Field, is below 40° F. for three consecutive days after receiving such notice or citation; or

(2) after being issued a notice or citation for violation of Subsection (e)(1) of this section, the owner fails to repair refrigerated air equipment within 72 hours after receiving such notice or citation and the daytime high temperature, as measured by the National Weather Service at Dallas Love Field, is 95° F. or above for three consecutive days after receiving such notice or citation.

(m) It is a defense to prosecution under Subsections (e)(1) and (e)(2) of this section and to the alternative housing requirements of Subsection (i) of this section that:

(1) failure to maintain heating and refrigerated air equipment in compliance with those subsections was the direct result of an act of nature or other cause beyond the reasonable control of the owner; or

(2) the owner is making diligent efforts to repair the heating and refrigerated air equipment in compliance with those subsections; if the owner demonstrates to the director that diligent efforts to repair are being made, the director will not issue a notice or citation for a violation of Subsection (e)(1) or (e)(2) of this section.

(n) It is a defense to prosecution under Subsection (e)(2) of this section and to the alternative housing requirements of Subsection (i)(1) of this section that a written contract is in effect requiring the tenant to provide and maintain heating equipment and the owner has provided utility connections for heating equipment in compliance with the Dallas Mechanical Code, as amended, in each room of the structure intended for human occupancy.

(o) It is a defense to prosecution under Subsection (e)(1) of this section and to the alternative housing requirement of Subsection (i)(2) of this section that the structure is not a rental property. (Ord. Nos. 15198; 15372; 15919; 19234; 20578; 24481; 25522; 30236)
SEC. 27-12. RESPONSIBILITIES OF OCCUPANT.

An occupant shall:

(1) maintain the interior and exterior portions of the person's dwelling unit free from accumulations of solid waste and other conditions that would encourage an infestation;

(2) remove any animal from a structure if the presence of the animal is a health hazard to an occupant;

(3) connect plumbing fixtures and heating equipment that the occupant supplies in accordance with the construction codes.

(4) provide solid waste receptacles or containers when required by Chapter 18 of this code; and

(5) not alter a structure or its facilities so as to create a nonconformity with Section 27-11 or this section. (Ord. Nos. 15198; 15372; 19234; 30236)

ARTICLE IV.

VACATION, REDUCTION OF OCCUPANCY LOAD, AND SECURING OF STRUCTURES AND RELOCATION OF OCCUPANTS.

(Ord. Nos. 20470, 24086, and 26455, title)

SEC. 27-13. RESERVED.
(Repealed by Ord. 26455)

SEC. 27-14. RESERVED.
(Repealed by Ord. 26455)

SEC. 27-14.1. TREATMENT FOR INSECTS AND RODENTS.

When a structure is ordered demolished by a municipal court judge under Article IV-a of this chapter, if the owner fails to comply with the Dallas Building Code in obtaining certification from a person licensed under the Texas Structural Pest Control Act that:

(1) the structure is free of insects and rodents; or

(2) the structure has been treated within the preceding 30 days to eliminate insect and rodent infestation;

the city may obtain the certification and charge the cost as part of the expense of demolition constituting a lien against the real property as provided in Section 27-16.8(e). (Ord. Nos. 15202; 19234; 24086; 26455)

SEC. 27-14.2. RESERVED.
(Repealed by Ord. 24086)

SEC. 27-14.3. RESERVED.
(Repealed by Ord. 24086)

SEC. 27-15. OCCUPANCY LIMITS.

An owner shall not allow a structure or dwelling unit to exceed the occupancy limits in Texas Property Code Section 92.010, as amended. (Ord. Nos. 15198; 16473; 19234; 20470; 24086; 26455; 30236)
SEC. 27-15.1.  PLACARDING OF A STRUCTURE BY THE DIRECTOR.

(a) Upon issuance of a final court order requiring vacation of a structure or dwelling unit, the director may place a red placard on or near the front door of a structure or dwelling unit.

(b) The red placard must state that:

(1) the structure or dwelling unit was ordered to be vacated;

(2) a person commits an offense if he, without authority from the director:

(A) removes or destroys the red placard;

(B) occupies the structure or dwelling unit; or

(C) as owner of the structure, authorizes a person to occupy the structure or dwelling unit; and

(3) the maximum fine for violation of the ordinance.

(c) A person commits an offense if he:

(1) without authority from the director, removes or destroys a red placard placed by the director;

(2) occupies a structure or dwelling unit on which the director has placed a red placard; or

(3) authorizes a person to occupy a structure or dwelling unit on which the director has placed a red placard. (Ord. Nos. 24086; 26455; 30236)

SEC. 27-16.  SECURING OF A STRUCTURE BY THE DIRECTOR.

(a) The requirements of this section are in addition to any other requirements of this chapter governing securing of a structure. Any hearing before the municipal court pursuant to this section concerning the securing of a structure must comply with all notice and procedural requirements contained in Article IV-a of this chapter for hearings before the municipal court.

(b) The director shall secure any structure that the director determines:

(1) violates a minimum standard established in Article III of this chapter; and

(2) is unoccupied or is occupied only by a person who does not have a right of possession to the structure.

(c) Before the 11th day after the date the director secures the structure, the director shall give notice to the owner by:

(1) personally serving the owner with written notice;

(2) depositing the notice in the United States mail addressed to the owner at the owner’s post office address;

(3) publishing the notice at least twice within a 10-day period in a newspaper of general circulation in the county in which the structure is located, if personal service cannot be obtained and the owner’s post office address is unknown; or

(4) posting the notice on or near the front door of the structure, if personal service cannot be obtained and the owner’s post office address is unknown.

(d) The notice issued under Subsection (c) must contain:
§ 27-16 Minimum Property Standards

(1) an identification, which is not required to be a legal description, of the structure and the property on which it is located;

(2) a description of the violation of the minimum standards that is present at the structure;

(3) a statement that the director will secure or has secured, as the case may be, the structure; and

(4) an explanation of the owner's entitlement to request a hearing about any matter relating to the director's securing of the structure.

(e) A public hearing shall be held before the municipal court if, within 30 days after the date the director secures the structure, the owner files with the municipal court a written request for the hearing. The hearing must be held within 20 days after the date the request is filed. Notice of the hearing must be given to each owner of the affected property in accordance with the notice requirements of Section 27-16.5. At the hearing, the director shall present evidence of the need to secure the structure, and the owner may testify or present witnesses or written information about any matter relating to the director's securing of the structure.

(f) The municipal court shall uphold the director's action in securing a structure if it finds the structure or a portion of the structure was an urban nuisance.

(g) An unoccupied structure that is closed pursuant to an order of the director, the municipal court, or the fire marshal, or that is closed by the owner of the structure without an official order, must be secured in compliance with the Dallas Fire Code, as amended.

(h) A structure intended for residential use or occupancy that, pursuant to an order of the director, the municipal court, or the fire marshal, is closed by the owner through sealing the doors or windows with boards, or equivalent materials, may be referred to the director to the city attorney for appropriate action under Article IV-a of this chapter, if the structure:

(1) remains boarded up for 180 days or more without being occupied by the owner or a lawful tenant; and

(2) has at least one visible violation of this chapter.

(i) The city's cost of securing a structure under this section constitutes a lien against the real property on which the structure stands, as provided in Section 27-16.8(e). (Ord. Nos. 15198; 16473; 19234; 20470; 20679; 21025; 24086; 26455; 30236)

SEC. 27-16.1. RESERVED.

(Repealed by Ord. 26455)

SEC. 27-16.2. RESERVED.

(Repealed by Ord. 26455)

ARTICLE IV-a.

MUNICIPAL COURT JURISDICTION OVER URBAN NUISANCES.

SEC. 27-16.3. MUNICIPAL COURT JURISDICTION, POWERS, AND DUTIES RELATING TO URBAN NUISANCES.

(a) The municipal court of record has the power and duty to hold a public hearing to determine whether a structure complies with the minimum standards set out in this chapter.

(b) The municipal court of record has the following powers and duties:
(1) To require the reduction in occupancy load of a structure that exceeds the limits set out in this chapter or the vacation of a structure found to be an urban nuisance.

(2) To require the repair of a structure found to be an urban nuisance.

(3) To require the demolition of a structure found to be an urban nuisance.

(4) To require the removal of personalty from a structure ordered vacated or demolished. Removal may be accomplished by use of city forces or a private transfer company if the owner of the personalty is not known, or the whereabouts of the owner cannot be ascertained, or the owner fails to remove the personalty. Costs of any removal and storage are the responsibility of the owner of the personalty.

(5) To require that an open and vacant structure or open and vacant portion of a structure be secured.

(6) To require or cause the correction of a dangerous condition on the land. Correction of a dangerous condition may be accomplished by city forces or a private contractor. Costs of correction are the responsibility of the owner.

(7) To assess a civil penalty, not to exceed $1,000 a day per violation or, if the property is the owner’s lawful homestead, $10 a day per violation, against a property or property owner for each day or part of a day that the owner fails to repair or demolish a structure in compliance with a court order issued under this article.

(8) To require vacation of the occupants of a structure found to be an urban nuisance or found to be overcrowded. (Ord. Nos. 24457; 26455; 30236)

SEC. 27-16.4. INITIATION OF PROCEEDING; PETITION REQUIREMENTS.

(a) A petition filed with the municipal court by the city attorney initiates a civil proceeding under this article. The proceeding must be kept and organized separately from the criminal dockets of the municipal court.

(b) The petition must include:

(1) an identification, which is not required to be a legal description, of the structure and the property on which it is located; and

(2) a description of the alleged violation or violations of minimum standards that are present on the property.

(c) The municipal court shall set the matter for a hearing not less than 30 days nor more than 60 days after the filing of the petition. (Ord. Nos. 24457; 26455; 30236)

SEC. 27-16.5. NOTICE OF HEARING BEFORE THE MUNICIPAL COURT.

(a) The city attorney or the director shall give notice of a municipal court hearing on the repair, demolition, vacation, or securing of a structure, or the relocation of the occupants of a structure, to any owner, mortgagee, or lienholder of the structure. A diligent effort must be made to discover each owner, mortgagee, or lienholder of the structure and to give such persons notice of the hearing.

(b) Notice of the hearing must include:

(1) the date, time, and place of the hearing;

(2) an identification, which is not required to be a legal description, of the structure and the property on which it is located;
(3) a description of the alleged violation or violations of minimum standards that are present on the property; and

(4) a statement that the owner, mortgagee, or lienholder must submit at the hearing proof of the scope of any work that may be required to comply with this chapter and the time it will take to reasonably perform the work.

(c) On or before the 10th day before the hearing date, notice of the hearing must be:

(1) mailed, by certified mail, return receipt requested, to the record owners of the affected property, and each holder of a recorded lien against the property, as shown by the records in the office of the county clerk of the county in which the property is located if the address of the lienholder can be ascertained from the deed of trust establishing the lien or any other applicable instruments on file in the office of the county clerk;

(2) posted, to all unknown owners, on the front door of each improvement situated on the affected property or as close to the front door as practicable; and

(3) published on one occasion in a newspaper of general circulation in the city.

(d) The city attorney or the director may file in the official public records of real property in the county in which the property is located a notice of hearing that contains:

(1) the name and address of the property owner, if that information can be determined;

(2) a legal description of the property; and

(3) a description of the hearing.

SEC. 27-16.6. REQUEST FOR CONTINUANCE OF HEARING.

A continuance of a hearing requested and set under this article may only be considered and granted in open court by the presiding judge of the court on the date and time of the originally scheduled hearing. A continuance must be requested in writing and may only be granted for good cause shown. The court may continue the hearing no more than 60 days and must notify the parties appearing in open court of the new date and time of the hearing. No other notice of the continued hearing date and time is required to be filed, sent, published, or posted. (Ord. Nos. 24457; 26455)

SEC. 27-16.7. HEARING PROCEDURES BEFORE THE MUNICIPAL COURT; COURT ORDERS.

(a) At the civil hearing in municipal court:

(1) the city attorney shall present evidence of notice of the hearing, the violation or violations of minimum standards that are present on the property, and other relevant issues;

(2) an owner, lienholder, mortgagee, or other person shown to have an interest in the property may present evidence of the scope of work and time required to comply with minimum standards under this chapter, present evidence on other relevant issues, and cross-examine witnesses; and

(3) the city attorney may cross-examine or rebut any evidence offered by an opposing party or other witness.
(b) At the close of evidence at the hearing, the municipal court judge may do one or more of the following:

(1) Find by a preponderance of the evidence that the structure is an urban nuisance, specifically describing each minimum standard found to be violated, and order one or more of the following:

(A) demolition of the structure by the owner, lienholder, or mortgagee within 30 days, unless an extension is granted under Subsection (c);

(B) repair of the structure by the owner, lienholder, or mortgagee as needed to correct every violation of minimum standards found by the court to exist at the structure, the repair to be accomplished within 30 days, unless an extension is granted under Subsection (c);

(C) vacation of the structure by the owner, lienholder, or mortgagee, within a specified period of time; or

(D) the assessment of a civil penalty against the owner for each day or part of a day that the owner fails to repair or demolish the structure in compliance with a court order issued under this subsection.

(2) Find that the structure is overcrowded under Section 27-15 of this chapter and order a reduction of occupancy load by the owner, lienholder, or mortgagee.

(3) Find that the structure is open and vacant and order securing of the structure from unauthorized entry in compliance with the Dallas Fire Code within 30 days by the owner, lienholder, or mortgagee.

(4) Order relocation of the occupants of a structure affected by a court order, within a specified period of time, by the owner, lienholder, or mortgagee.

(5) Determine whether any occupants of a structure affected by a board order are ineligible for relocation assistance under Section 27-16.3(c) of this chapter.

(c) Time extensions for complying with an order to repair or demolish a structure.

(1) The court may allow more than 30 days to comply with an order to repair or demolish a structure under Subsection (b)(1), if the owner, lienholder, or mortgagee establishes at the hearing that the work cannot reasonably be performed within 30 days. The court shall establish a specific time schedule for the commencement and performance of the work and require the owner, lienholder, or mortgagee to secure the property from unauthorized entry while the work is being performed.

(2) The court may not allow more than 90 days to comply with an order issued under Subsection (b)(1) unless the owner, lienholder, or mortgagee:

(A) submits at the hearing a detailed plan and time schedule for the work; and

(B) establishes at the hearing that the work cannot reasonably be completed within 90 days because of the scope and complexity of the work.

(3) If the court allows more than 90 days to complete any part of the work required to repair or demolish the structure under Subsection (b)(1), it shall require the owner, lienholder, or mortgagee to regularly submit progress reports to the court demonstrating compliance with the time schedules established for commencement and performance of the work. The order may require that the owner, lienholder, or mortgagee appear before the court to demonstrate compliance with the time schedules.

(4) If the owner, lienholder, or mortgagee owns property, including structures and improvements on property, within the city boundaries that exceeds $100,000 in total value, the court may require the owner, lienholder, or mortgagee to post a
cash or surety bond in an amount adequate to cover the cost of repairing or demolishing a structure under Subsection (c)(3). In lieu of a bond, the court may require the owner, lienholder, or mortgagee to provide a letter of credit from a financial institution or a guaranty from a third party approved by the city. The bond must be posted, or the letter of credit or third party guaranty provided, not later than the 30th day after the date the court issues the order. The court shall establish rules and procedures, to be approved by the city attorney, governing when a bond, letter of credit, or third party guaranty will be required under this paragraph.

(d) Demolition, vacation, and securing of a structure, and the relocation of the occupants of a structure, may be accomplished by the city if not timely accomplished by the owner, lienholder, or mortgagee. Repair of a structure may be accomplished by the city if not timely accomplished by the owner, lienholder, or mortgagee, but only to the extent necessary to bring the structure into compliance with minimum standards and only if the structure is a residential structure with not more than 10 dwelling units. If, at the close of evidence at the hearing, the court orders a structure to be repaired, vacated, secured, or demolished, or orders relocation of the occupants of a structure, the court shall in its order also authorize the city of Dallas, through its agents or contractors, to enter the property and repair, vacate, secure, or demolish the structure on the property, or relocate the occupants of the structure, whichever applies, if the ordered action is not accomplished by the owner, lienholder, or mortgagee by the deadline given by the court pursuant to Subsection (b) or (c). Performance of work by the city under this subsection does not limit the ability of the city to collect on a bond or other financial guaranty that may be required from the property owner, lienholder, or mortgagee under Subsection (c)(4) of this section.

(e) An order entered by the court must also include a statement that any order entered by the municipal court, when filed in the official public real property records of the county in which the property is located, binds any subsequent grantee, lienholder, or other transferee of an interest in the property who acquires the interest after the filing of the order.

(f) After the hearing, the city attorney or the director shall promptly mail by certified mail, return receipt requested, or personally deliver with proof of delivery, a copy of the order to each owner, lienholder, and mortgagee of the structure and shall file a copy of the order in the official public real property records of the county in which the property is located. Best efforts must be made to determine the identity and address of any owner, mortgagee, or lienholder and to give such persons notice of the order. If an order to repair, demolish, vacate, reduce in occupancy load, or secure a structure, or to relocate the occupants of a structure, is timely effected, the director shall, upon written request and payment of the cost by the owner, file a notice of compliance in the deed records of the county in which the property is located. Every notice given under this subsection must include an identification, which is not required to be a legal description, of the structure and property on which it is located, and a description of the violation of minimum standards that is present at the property.

(g) Within 10 days after the date the order is issued, the city attorney or the director shall:

(1) file a copy of the order in the office of the city secretary; and

(2) publish in a newspaper of general circulation in the city of Dallas an abbreviated copy of the order containing:

(A) the street address or legal description of the property;

(B) the date of the hearing;

(C) a brief statement indicating the results of the order; and

(D) instructions stating where a complete copy of the order may be obtained. (Ord. Nos. 24457; 26455)
§ 27-16.8 Minimum Property Standards

SEC. 27-16.8. NONCOMPLIANCE WITH COURT ORDERS; CIVIL PENALTIES; LIENS.

(a) If the city of Dallas determines that the owner, lienholder, or mortgagee of a structure has not timely complied with a municipal court order issued under Section 27-16.7 and the order included a provision authorizing the city to perform work upon failure of the owner, lienholder, or mortgagee to comply with the order, the city may, in addition to other remedies provided by law, repair, demolish, vacate, or secure the structure, or relocate the occupants of the structure, whichever is applicable, in accordance with the court order. Before the city begins performance of the work, the city attorney or the director shall issue a notice including:

(1) an identification, which is not required to be a legal description, of the structure and the property on which it is located;

(2) an identification of the court order;

(3) a description of each violation of minimum standards found by the court to be present on the property when the court order was issued;

(4) a description of any work ordered by the court to correct each violation on the property;

(5) a statement that the owner, lienholder, or mortgagee has not timely complied with the court order and a description of the provisions of the court order that still require compliance;

(6) a statement of the city’s intent to cause the repair, demolition, vacation, or securing of the structure, or the relocation of the occupants of the structure, whichever is applicable; and

(7) the date and time the city will begin performance of the work in accordance with the court order.

(b) At least 10 days before the city of Dallas begins the performance of work under this section, the notice required under Subsection (a) must be:

(1) mailed by certified mail, return receipt requested, to each owner, lienholder, and mortgagee of the structure;

(2) posted on the front door of the structure or as close to the front door as practicable; and

(3) published on one occasion in a newspaper of general circulation in the city.

(c) Any costs incurred by the city in performing work under this article may be enforced in accordance with Subsection (e) of this section and through any other remedies provided by city ordinance or state law.

(d) Assessment of civil penalties.

(1) If the city attorney or the director determines that the owner, lienholder, or mortgagee of a structure has not timely complied with a municipal court order issued under Section 27-16.7, the city attorney may file an action in municipal court for the assessment of a civil penalty against the property and property owner. The city attorney or the director shall promptly give notice to each owner, lienholder, and mortgagee of the hearing to assess a civil penalty. The notice must include:

(A) an identification, which is not required to be a legal description, of the structure and the property on which it is located;

(B) an identification of the court order affecting the property;

(C) a description of each violation of minimum standards found by the court to be present on the property when the court order was issued;

(D) a description of any work ordered by the court to correct each violation on the property;
§ 27-16.8 Minimum Property Standards

(E) a statement that the city attorney or the director has determined that an owner, lienholder, or mortgagee has not timely complied with the court order and a description of the provisions of the court order that still require compliance; and

(F) a statement that the court will conduct a hearing to consider assessment of a civil penalty against the property and property owner and the date, time, and place of the hearing.

(2) The notice required under Subsection (d)(1) for a municipal court hearing to consider the assessment of a civil penalty against the property and property owner subject to a court order must be given in compliance with the notice requirements set forth in Section 27-16.5 for other hearings under this article.

(3) A hearing to consider the assessment of a civil penalty on property subject to a court order must be conducted in compliance with the requirements and procedures set forth in this article for other hearings before the municipal court, except that, in addition to any other evidence presented, an owner, lienholder, or mortgagee may present evidence of any work performed or completed on the property to comply with the court order.

(4) The court, after hearing evidence from each interested person present, may assess a civil penalty against the owner in a specific amount in accordance with Section 27-16.3(b)(7) of this article.

(5) Notice of a court order issued under this subsection must comply with the requirements and procedures of Section 27-16.7(f) and (g) and Section 27-16.11 for notice of other board orders.

(6) A civil penalty assessed under this subsection may be enforced in accordance with Subsection (e) of this section.

(7) A civil penalty assessment hearing may be combined with any other hearing before the municipal court concerning the same property.

(e) Liens.

(1) The expense of the repair, demolition, vacation, or securing of a structure or the relocation of the occupants of a structure, when performed under contract with the city or by city forces, and any civil penalty assessed against the owner of the structure, constitute a nontransferable lien against the real property on which the structure stands or stood and runs with the land, unless it is a homestead as protected by the Texas Constitution. The city’s lien attaches when notice of the lien is recorded and indexed in the office of the county clerk in the county in which the property is located. The notice must contain the name and address of the owner, if reasonably determinable, a legal description of the real property, the amount of expenses incurred by the city, and the balance due.

(2) The city’s lien for the expenses is a privileged lien subordinate only to tax liens, if each mortgagee and lienholder is given notice and an opportunity to repair, demolish, vacate, or secure the structure, or relocate the occupants of the structure, whichever applies. Otherwise, the city’s lien for expenses, or for any civil penalties imposed, is superior to all other previously recorded judgment liens except for any previously recorded bona fide mortgage lien attached to the real property, if the mortgage lien was filed for record in the county clerk’s office of the county in which the real property is located before the date the civil penalty was assessed or the action for which the expenses were incurred was begun by the city.

(3) A lien acquired by the city under this section for repair expenses may not be foreclosed if the structure upon which the repairs were made is occupied as a residential homestead by a person 65 years of age or older.

(4) The city may use lawful means to collect expenses and civil penalties assessed under this article from an owner or a property. Any civil penalty or other assessment imposed under this article accrues interest at the rate of 10 percent a year from the date of

24 Dallas City Code 4/17
§ 27-16.8 Minimum Property Standards

the assessment until paid in full. The city may petition a court of competent jurisdiction in a civil suit for a final judgment in accordance with the assessed civil penalty. To enforce the civil penalty, the city must file with the district clerk of a county in which the city is located a certified copy of the municipal court order assessing the civil penalty, stating the amount and duration of the penalty. The assessment of a civil penalty under this article is final and binding and constitutes prima facie evidence of the penalty. No other proof is required for the district court to enter final judgment on the penalty. (Ord. Nos. 24457; 26455; 30236)

SEC. 27-16.9. MODIFICATION OF COURT ORDERS.

(a) Within 15 days after the municipal court enters an order under this article, the city of Dallas or an owner, lienholder, or mortgagee of a structure that is the subject of the order may request that the court modify its order. The request must be in writing and filed with the court.

(b) The court shall schedule a hearing on the motion not less than five days or more than 10 days after the request for modification is filed. The movant must promptly deliver a copy of the request and notice of the hearing date and time, in writing, to the city attorney and each owner, lienholder, and mortgagee by either personal service or certified mail, return receipt requested.

(c) If circumstances have changed and the court finds good cause, the court may modify the order. The city attorney or the director shall notify the owner, lienholder, and mortgagee of the structure of the modified order in accordance with Sections 27-16.7(f) and (g). (Ord. Nos. 24457; 26455)

SEC. 27-16.10. APPEAL OF COURT ORDERS.

Any owner, lienholder, or mortgagee of record who is jointly or severally aggrieved by a municipal court order issued under this article may appeal by filing in state district court a verified petition setting forth that the municipal court’s decision is illegal, in whole or in part, and specifying the grounds of the illegality. The petition must be filed by an owner, lienholder, or mortgagee of record within 30 calendar days after the respective dates a copy of the municipal court order is mailed to each in compliance with Section 27-16.7(f) of this chapter; otherwise, the order will become final as to each person upon expiration of each person’s respective 30-calendar-day period. An appeal in state district court is limited to a hearing under the substantial evidence rule. (Ord. Nos. 24457; 26455)

SEC. 27-16.11. MISCELLANEOUS NOTICE PROVISIONS.

(a) Any notice required by this article to be given to the owner, lienholder, or mortgagee of any structure must also be given to any occupant of the structure, if the subject of the notice involves the demolition, vacation, or reduction of occupancy load of the structure or the relocation or ineligibility for relocation expenses of the occupants. Notice required under this subsection must be given to the occupants either:

(1) in the same manner required by this article for notice to the owner, lienholder, or mortgagee of the structure; or

(2) by personal service, using the time and procedural requirements set forth in this article for notice to the owner, lienholder, or mortgagee of the structure.

(b) For purposes of this article, a requirement to use “best efforts” or “a diligent effort” is satisfied by a search of the following records:

(1) county real property records of the county in which the structure is located;
§ 27-16.11 Minimum Property Standards § 27-16.13

(2) appraisal district records of the appraisal district in which the structure is located;

(3) records of the secretary of state for the State of Texas;

(4) assumed name records of the county in which the structure is located;

(5) tax records of the city of Dallas; and

(6) utility records of the city of Dallas.

(c) If any notice, order, or other document is mailed by certified mail, return receipt requested, as required by this article, and is returned by the United States Postal Service as “refused” or “unclaimed,” the validity of the notice, order, or other document is not affected, and the notice, order, or other document will be deemed as delivered.

(d) If the city attorney requests a court to issue an order requiring demolition of a residential structure with no more than 3,000 square feet of floor area on a property subject to a predesignation moratorium or a structure in a historic overlay district, the city attorney shall comply with the requirements of Section 51A-4.501(i). (Ord. Nos. 24457; 26455; 27922)

ARTICLE IV-b.
ADMINISTRATIVE ADJUDICATION PROCEDURE FOR PREMISES, PROPERTY, AND CERTAIN OTHER VIOLATIONS.

SEC. 27-16.12. ALTERNATIVE ADMINISTRATIVE ADJUDICATION PROCEDURE.

Every violation of an ordinance described by Section 54.032 of the Texas Local Government Code or adopted under Subchapter E, Chapter 683 of the Texas Transportation Code or under Section 214.001(a)(1) of the Texas Local Government Code may be enforced as an administrative offense using the alternative administrative adjudication procedure set forth in this article, as authorized by Section 54.044 of the Texas Local Government Code. The adoption or use of this alternative administrative adjudication procedure does not preclude the city from enforcing a violation of an ordinance described in this section through criminal penalties and procedures. (Ord. Nos. 25927; 29403)

SEC. 27-16.13. ADMINISTRATIVE CITATION.

(a) An administrative citation issued under this article must:

(1) notify the person charged with violating the ordinance that the person has the right to a hearing;

(2) provide information as to the time and place to appear before the hearing officer;

(3) include the nature, date, and location of the violation;

(4) notify the person charged with violating the ordinance of the amount of the administrative penalty for which the person may be liable and provide instructions and the due date for paying the administrative penalty;

(5) notify the person charged that any request to have the inspector who issued the citation present at the administrative hearing must be in writing and must be received by the hearing officer at least five calendar days before the scheduled hearing date and that the failure to timely request the presence of the inspector constitutes a waiver of the person’s right to require the inspector to be present at the hearing;

(6) notify the person charged that failure to timely appear at the time and place of the hearing as set forth in the citation or, if the hearing is continued or postponed, at any subsequent hearing, is considered an admission of liability for the violation charged; and
§ 27-16.13 Minimum Property Standards

(7) contain a return of service signed by the inspector indicating how the administrative citation was served on the person charged.

(b) An administrative citation under this article serves as the summons and charging instrument for purposes of this article.

(c) A copy of the administrative citation must be kept as a record in the ordinary course of business of the city by the municipal court clerk.

(d) An administrative citation kept by the municipal court clerk is rebuttable proof of the facts it states. (Ord. Nos. 25927; 30236)

SEC. 27-16.14 SERVICE OF AN ADMINISTRATIVE CITATION.

(a) An attempt must be made to personally serve an administrative citation by handing it to the person charged if the person is present at the time of service or by leaving the citation at the person’s usual place of residence with any person residing at such residence who is 16 years of age or older and informing that person of the citation’s contents.

(b) If an attempt to personally serve the citation fails, the administrative citation must then be served upon the person charged by posting the citation on either:

1. the front door or front gate of the premises or property; or

2. a placard staked to the yard of the premises or property in a location visible from a public street or alley.

(c) If service upon the person charged is by posting the citation on the premises or property, a copy of the citation must also be sent to the last known address of the person charged by regular United States mail. If the person charged is the owner of the premises or property, then the last known address of the person is that address kept by the appraisal district of the county in which is located the premises or property that is the subject of the citation, except that if the owner is a corporation or other legal entity, a copy of the citation may be mailed to the registered agent’s address on file with the Texas Secretary of State. If the person charged is the person in control of the premises or property, then the last known address of the person is the address of the premises or property. (Ord. Nos. 25927; 30236)

SEC. 27-16.15 ANSWERING AN ADMINISTRATIVE CITATION.

(a) A person who has been charged with a violation of this chapter through an administrative citation shall answer to the charge by appearing in person or through counsel before the hearing officer no later than the 31st calendar day after the date the citation was issued. If the 31st calendar day falls on a day when the court is closed, then the person must appear (in person or through counsel) by the next day that the court is open.

(b) An answer to the administrative citation may be made in either of the following ways:

1. By returning the citation, on or before the 31st calendar day from the date the citation was issued, with the applicable administrative penalties, fees, and court costs, which action constitutes an admission of liability.

2. By personally appearing, with or without counsel, before the hearing officer on or before the 31st calendar day from the date the citation was issued and on any subsequent hearing date. The person charged in the administrative citation must be present at the hearing and cannot be represented by anyone other than an attorney who has a license to practice law in Texas, which is in good standing. If the person charged is a corporation or a business entity, the corporation or business entity must be represented.
by an attorney who has a license to practice law in
Texas, which is in good standing. (Ord. Nos. 25927; 30236)

SEC. 27-16.16. FAILURE TO APPEAR AT AN
ADMINISTRATIVE HEARING.

(a) A person who fails to answer an
administrative citation as required by Section 27-16.15
of this chapter is considered to have admitted liability
for the violation charged. Upon proof of service by the
city, the hearing officer shall issue, in writing, an
administrative order of liability and assess against the
person charged with the violation an appropriate
amount of administrative penalties, fees, and court
costs.

(b) The hearing officer shall assess an additional
$36 administrative penalty for each violation (other
than a violation of Section 49-21.1 of this code) for
which a person is found liable, which amount will be
placed in the Dallas Tomorrow Fund or the Dallas
Animal Welfare Fund, as applicable. In no case may the
total amount of administrative penalties assessed
against a person for a violation exceed the maximum
penalty established by city ordinance for the particular
violation, and in no case may the total amount of
administrative penalties, including the $36
administrative penalty, assessed against a person for a
violation be less than the minimum penalty established
by city ordinance for the particular violation.

(c) Within seven calendar days after the hearing
officer files the administrative order of liability with the
municipal court clerk, the municipal court clerk shall
send a copy of the order to the person charged with the
violation. The copy of the order must be sent by regular
United States mail to the person’s last known address as
defined in Section 27-16.14(c). The administrative order
must include a statement:

(1) of the amount of the administrative
penalties, fees, and court costs;

(2) of the right to appeal to municipal court
before the 31st calendar day after the date the hearing
officer’s order is filed with the municipal court clerk;

(3) that, unless the hearing officer’s order is
suspended through a properly filed appeal, the
administrative penalties, fees, and court costs must be
paid within 31 calendar days after the date the hearing
officer’s order is filed;

(4) that, if the administrative penalties, fees,
and court costs are not timely paid, the penalties, fees,
and costs may be referred to a collection agency and
the cost to the city for the collection services will be
assessed as costs, at the rate agreed to between the city
and the collection agency, and added to the judgment;
and

(5) that the city may enforce the hearing
officer’s administrative order by:

(A) filing a civil suit for collection of
the administrative penalties, fees, and court costs;

(B) obtaining an injunction to prohibit
specific conduct that violates the order or to require
specific conduct necessary for compliance with the
order; or

(C) both (A) and (B). (Ord. Nos. 25927;
29403; 29618; 30236)

SEC. 27-16.17. HEARING OFFICERS;
QUALIFICATIONS, POWERS,
DUTIES, AND FUNCTIONS.

(a) Hearing officers shall be recommended by
the administrative judge and appointed by the city
council, and shall serve until a successor is
recommended by the administrative judge and
appointed by the city council. Hearing officers shall
administratively adjudicate violations of ordinances
described by Section 54.032 of the Texas Local
Government Code or adopted under Subchapter E,
Chapter 683 of the Texas Transportation Code or
under Section 214.001(a)(1) of the Texas Local Government Code. The city council shall appoint one hearing officer and may appoint a maximum of five associate hearing officers, who shall meet the same qualifications and have the same powers, duties, and functions of the hearing officer.

(b) A hearing officer must meet all of the following qualifications:

(1) Be a resident of the city of Dallas at the time of employment as a hearing officer and maintain residency in the city throughout such employment.

(2) Be a citizen of the United States.

(3) Be a licensed attorney in good standing.

(4) Have two or more years of experience in the practice of law in the State of Texas.

(c) A hearing officer shall have the following powers, duties, and functions:

(1) To administer oaths.

(2) To accept admissions to, and to hear and determine contests of, premises and property violations under this article.

(3) To issue orders compelling the attendance of witnesses and the production of documents, which orders may be enforced by a municipal court.

(4) To assess administrative penalties, fees, and court costs in accordance with this article.

(5) To question witnesses and examine evidence offered.

(6) To suspend the payment of administrative penalties for a specific period of time.

(7) To make a finding as to the financial inability of a person found liable of a violation to comply with an administrative order and to refer that person to potential sources of funding to assist the person in complying with the administrative order.

(8) To make a finding as to the financial inability of a person found liable of a violation to pay for the transcription of any recording of an administrative hearing and/or to post an appeal bond. (Ord. Nos. 25927; 30236)

SEC. 27-16.18. HEARING FOR DISPOSITION OF AN ADMINISTRATIVE CITATION; CITATION AS REBUTTABLE PROOF OF OFFENSE.

(a) Every hearing for the adjudication of an administrative citation under this article must be held before a hearing officer. A hearing cannot be held without the presence of the person charged or the person's attorney.

(b) At a hearing under this article, the administrative citation is rebuttable proof of the facts that it states. Evidence of compliance with the ordinance after the administrative citation was issued can be taken into consideration by the hearing officer when assessing a reasonable administrative penalty, but the evidence is not considered rebuttal evidence nor does it refute or contradict the allegations made in the citation.

(c) The formal rules of evidence do not apply to the hearing, and any relevant evidence will be deemed admitted if the hearing officer finds it competent and reliable. The hearing officer shall make a decision based upon a preponderance of the evidence presented at the hearing, after giving due weight to all rebuttable proof established by this article or other applicable law.

(d) Each party shall have the right to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues, and to rebut evidence; except that, if the
person charged fails to make a timely, written request to have the inspector who issued the citation present at the hearing, the person charged will be deemed to have waived the right to call and examine that inspector.

(e) The hearing officer may examine any witness and may consider any evidence offered by a witness or person charged with a violation, giving due weight to all testimony and evidence offered.

(f) If requested by the hearing officer or any party to the hearing prior to commencement of the hearing, the administrative hearing will be recorded electronically. Failure to timely request that the administrative hearing be electronically recorded constitutes a waiver of the right to have a record of the hearing. The person charged may, at his expense, have a court reporter present in the hearing room during the proceedings.

(g) After hearing all the evidence, the hearing officer shall immediately issue an order in writing, either:

1. finding the person charged liable for the violation, assessing the applicable administrative penalties, fees, and court costs, and notifying the person of the right of appeal to municipal court; or

2. finding the person charged not liable for the violation.

(h) The hearing officer shall assess an additional $36 administrative penalty for each violation (other than a violation of Section 49-21.1 of this code) for which a person is found liable, which amount will be placed in the Dallas Tomorrow Fund or the Dallas Animal Welfare Fund, as applicable. In no case may the total amount of administrative penalties, including the $36 administrative penalty, assessed against a person for a violation be more than the maximum penalty or less than the minimum penalty established by city ordinance for the particular violation.

(i) A person who has been found liable for a violation may, after the hearing officer has issued an administrative order but prior to the conclusion of the hearing, assert financial inability to bring the property or premises into compliance with the order. At that time, the hearing officer shall suspend enforcement of the administrative order for a specific time not to exceed 30 days and set the matter for an indigency hearing pursuant to Section 27-16.19(e), if, in the interests of justice, the attorney for the city believes that a further extension should be granted, the attorney for the city can make a motion to extend the suspension period for a specific time and present the motion to the hearing officer for a ruling.

(j) An administrative order of the hearing officer must be filed with the municipal court clerk.

(Ord. Nos. 25927; 29403; 29618; 30236)

SEC. 27-16.19. FINANCIAL INABILITY TO COMPLY WITH AN ADMINISTRATIVE ORDER, PAY FOR TRANSCRIPTION OF A RECORD, OR POST AN APPEAL BOND.

(a) A person found by the hearing officer to be financially unable to comply with an administrative order must be:

1. a resident of the property or premises that is the subject of the administrative order; and

2. the sole owner of the property or premises, except that the person may be a co-owner of the property or premises if all other co-owners cannot be located or are financially unable to comply with the administrative order.

(b) A person claiming a financial inability to comply with the administrative order must make that claim prior to the conclusion of the administrative hearing before the hearing officer.

(c) A person claiming a financial inability to pay for a transcription of the record and/or to post an appeal bond must make that claim in writing to the
§ 27-16.19 Minimum Property Standards

hearing officer on or before the seventh calendar day following the administrative hearing.

(d) A person claiming a financial inability to comply with an administrative order, to pay for a transcription of the record, and/or to post an appeal bond must have an income that does not exceed 50 percent of the Dallas Area Median Family Income (AMFI) as determined by the United States Department of Housing and Urban Development.

(e) After receiving a claim that a person found liable for a violation under this article is financially unable to comply with an administrative order, to pay for a transcription of the record, and/or to post an appeal bond, the hearing officer shall set the matter for hearing and notify all parties of the hearing date by regular United States mail. The hearing officer shall order the person found liable for a violation to bring to the hearing documentary evidence to support the person’s claim of financial inability. The hearing officer’s determination of whether the person found liable for a violation is financially unable to comply with the administrative order, to pay for a transcription of the record, and/or to post an appeal bond must be based on all information provided to the hearing officer by the person found liable or by the city attorney in opposition to the claim of financial inability. If the hearing officer determines that the person found liable for a violation does not have the financial ability to bring the property or premises into compliance with the administrative order, to pay for a transcription of the record, and/or to post an appeal bond, then the hearing officer shall enter that finding in writing.

(f) If the hearing officer finds that a person is financially unable to bring the property or premises into compliance with the administrative order, the administrative penalty will be waived. If, at the end of the suspension period, the property or premises is still in violation of the administrative order, the administrative penalties, fees, and court costs originally assessed will become due. If, in the interests of justice, the attorney for the city believes that the suspension should be extended, the attorney for the city can make a motion to extend the suspension period for a specific time and present the motion to the hearing officer for a ruling.

(g) A Citizen Advocate Program will be created to assist individuals who are found by the hearing officer to be financially unable to comply with an administrative order or who need special assistance regarding an administrative citation.

(h) If the hearing officer finds that the person found liable for a violation is financially unable to pay the costs of the transcription of the record and/or to post an appeal bond, these costs will be waived by the city. (Ord. Nos. 25927; 30236)

SEC. 27-16.20. APPEAL TO MUNICIPAL COURT.

(a) Either party to an action ruled upon by the hearing officer under this article may appeal that determination by filing a petition in municipal court within 31 calendar days after the date the hearing officer’s administrative order is filed with the municipal court clerk. An appeal does not stay the enforcement of the order of the hearing officer unless, before the appeal petition is filed, a bond is filed with the municipal court for twice the amount of the administrative penalties, fees, and court costs ordered by the hearing officer. The city is not required to file a bond in order to appeal. An appellant to municipal court may request a waiver of the bond amount on the basis of financial inability to pay, in which case the hearing officer may hold a hearing pursuant to Section 27-16.19 to determine whether the appellant is indigent and whether the bond amount may be waived. If the hearing officer’s administrative order is reversed on appeal, the appeal bond will be returned to the appellant.
(b) If a person found liable for a violation does not timely appeal the hearing officer's administrative order, the order will become a final judgment. If the administrative penalties, fees, and court costs assessed in the final judgment are not paid within 31 calendar days after the date the hearing officer's order is filed with the municipal court clerk, the administrative penalties, fees, and court costs may be referred to a collection agency and the cost to the city for the collection services will be assessed as costs, at the rate agreed to between the city and the collection agency, and added to the judgment. The city may enforce the hearing officer's administrative order by filing a civil suit for collection of the administrative penalties, fees, and court costs and/or by obtaining an injunction to prohibit specific conduct that violates the administrative order or to require specific conduct necessary for compliance with the administrative order.

(c) Any recording of an administrative hearing must be kept and stored for not less than 45 calendar days beginning the day after the last day of the administrative hearing. Any administrative hearing that is appealed must be transcribed from the recording by a court reporter or other person authorized to transcribe court of record proceedings. The court reporter or other person transcribing the recorded administrative hearing is not required to have been present at the administrative hearing.

(d) The person found liable for the violation shall pay for any transcription of the recorded administrative hearing unless the hearing officer finds, pursuant to Section 27-16.19, that the person is unable to pay or give security for the transcription.

(e) Before the recorded proceedings are transcribed, the person found liable for the violation shall, unless found by the hearing officer to be unable to pay for the transcription, post a cash deposit with the municipal clerk for the estimated cost of the transcription. The cash deposit will be based on the length of the proceedings, and the costs of the court reporter, typing, and other incidental services. If the cash deposit exceeds the actual cost of the transcription, the municipal court clerk shall refund the difference to the person charged. If the cash deposit is insufficient to cover the actual cost of the transcription, the person charged must pay the additional amount before being given the transcription. If a case is reversed on appeal, the municipal court clerk shall refund to the person charged any amounts paid for a transcription.

(f) Upon receipt of an appeal petition, the municipal court clerk or deputy clerk shall cause a record of the case to be prepared from the transcript and the statement of facts, which must conform to the provisions relating to the preparation of a statement of facts in the Texas Rules of Appellate Procedure. The appellant shall pay for the statement of facts. If the person found liable for a violation failed to timely request that the administrative hearing be electronically recorded, then that person has waived the right to appeal the administrative order. If the person found liable for a violation timely requested that the administrative hearing be electronically recorded and, through no fault of the person, the recording of the hearing is either unavailable or cannot be transcribed, then the municipal judge shall reverse the hearing officer's order and remand the matter to the hearing officer for a new administrative hearing.

(g) Upon receiving the record of the administrative hearing, the municipal judge shall review the record and may grant relief from the administrative order only if the record reflects that the appellant's substantial rights have been prejudiced because the administrative order is:

1. in violation of a constitutional or statutory provision;
2. in excess of the hearing officer's statutory authority;
3. made through unlawful procedure;
4. affected by another error of law;
5. not reasonably supported by substantial evidence considering the reliable and probative evidence in the record as a whole; or
(6) arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

(h) The municipal judge shall rule on the appeal within 21 calendar days after receiving the record of the administrative hearing. The municipal judge shall affirm the administrative order of the hearing officer unless the record reflects that the order violates one of the standards in Subsection (g) of this section. If the record reflects that the hearing officer’s order violated one of the standards in Subsection (g), the municipal judge may either:

(1) reverse the hearing officer’s order and find the appellant not liable;

(2) reverse the hearing officer’s order and remand the matter to the hearing officer for a new hearing; or

(3) affirm the order, but reduce the amount of the administrative penalties assessed to no lower than the minimum penalty established by ordinance for the particular violation, including the additional $36 administrative penalty.

(i) The municipal judge’s ruling on the appeal must be issued in writing and filed with the municipal court clerk. A copy of the ruling must be sent to the appellant by regular United States mail at the last known address of the appellant as provided to the municipal court for the appeal.

(j) The municipal judge’s ruling is a final judgment. If an appeal bond was posted, any administrative penalties, fees, or court costs assessed by the municipal judge or by the hearing officer, if affirmed by the municipal judge, will be deducted from the appeal bond. If no appeal bond was posted, any administrative penalties, fees, or court costs assessed by the municipal judge or by the hearing officer, if affirmed by the municipal judge, must be paid within 30 calendar days after the municipal judge’s ruling is filed with the municipal court clerk. If not timely paid, such penalties, fees, and court costs may be referred to a collection agency and the cost to the city for the collection services will be assessed as costs, at the rate agreed to between the city and the collection agency, and added to the judgment. The city may enforce the municipal judge’s ruling by filing a civil suit for collection of the administrative penalties, fees, and court costs and/or by obtaining an injunction to prohibit specific conduct that violates the ruling or to require specific conduct necessary for compliance with the ruling. (Ord. Nos. 25927; 30236)

SEC. 27-16.21. DISPOSITION OF ADMINISTRATIVE PENALTIES, FEES, AND COURT COSTS.

(a) Except as provided in Subsection (b), administrative penalties, fees, and court costs assessed under this article must be paid into the city’s general fund for the use and benefit of the city.

(b) From the administrative penalties assessed under this article, $36 for each violation (other than a violation of Section 49-21.1 of this code) for which a person is found liable must be deposited into the Dallas Tomorrow Fund established in Section 27-16.22 of this article or the Dallas Animal Welfare Fund established under Section 7-8.4 of Chapter 7 of this code, as applicable. (Ord. Nos. 25927; 29403; 29618)

SEC. 27-16.22. DALLAS TOMORROW FUND.

(a) The Dallas Tomorrow Fund is composed of:

(1) all Dallas Tomorrow Fund penalties collected under Section 27-16.21(b) of this article;

(2) 30 percent of all civil penalties collected by the city for civil lawsuits filed in the municipal court under Subchapter B, Chapter 54 of the Texas Local Government Code, as amended, or under Chapter 214 of the Texas Local Government Code, as amended; and
(3) any funds donated by an individual or entity, any of which donations may be refused by a majority vote of the city council.

(b) The Dallas Tomorrow Fund must be used for the sole purpose of rehabilitating and repairing properties and premises in the city for persons who are found by the Dallas Tomorrow Fund administrator to be financially unable to comply with a notice of violation issued by the director under this chapter.

(Ord. Nos. 25927; 30236)

SEC. 27-16.23. ADMINISTRATION OF THE DALLAS TOMORROW FUND.

(a) The city manager shall appoint an administrator of the Dallas Tomorrow Fund. The administrator shall adopt policies and procedures consistent with this article for the administration of the fund.

(b) To be eligible to receive funds from the Dallas Tomorrow Fund, a person must:

(1) have received a notice of violation of this chapter from the director;

(2) have been found by the administrator of the Dallas Tomorrow Fund to be financially unable to comply with the notice of violation;

(3) file a request with the Dallas Tomorrow Fund administrator for the purpose of rehabilitating and/or repairing the person's property or premises until it complies with the notice of violation; and

(4) not have received funds from the Dallas Tomorrow Fund within the preceding 60 months.

(c) A person who makes a request to the Dallas Tomorrow Fund administrator is voluntarily requesting that the administrator use the fund to rehabilitate and/or repair the person's property or premises for the sole purpose of bringing the property or premises into compliance with the notice of violation.

(d) The administrator is responsible for ensuring that the property or premises is inspected and that a detailed, written project plan is prepared that includes the work proposed, the amount of time the work will take, and the cost of the work. The project plan must include only the work necessary to bring the property or premises into compliance with the notice of violation.

(e) A person who files a request with the Dallas Tomorrow Fund administrator does so voluntarily. Before the work on the property or premises begins, the person who filed the request must confirm in writing that he or she:

(1) inspected the project plan;

(2) approved the project plan; and

(3) has understood that he or she has the right to withdraw the request at any time by providing written notice to the Dallas Tomorrow Fund administrator.

(f) If the person continues with the request, the person must indemnify the city against any liability resulting from the project, any damages that may occur related to the project, and any damages resulting from any early termination of the project.

(g) The administrator shall comply with state law in procuring a contractor to rehabilitate and/or repair the property or premises in accordance with the project plan.

(h) The contractor selected by the Dallas Tomorrow Fund administrator has the right to terminate the project at any time pursuant to their contractual agreement and pursuant to policies and procedures adopted by the administrator. Any termination notice must be in writing. The city has no obligation, and is not liable, for any subsequent
(i) If the project is terminated prior to completion for any reason, the administrator may disburse money from the Dallas Tomorrow Fund to pay the contractor for work completed by the contractor.

(j) Once the administrator certifies that the project is completed, the administrator shall notify the code officer who wrote the notice of violation and the officer’s district manager in writing. The project must then be inspected by the city for the sole purpose of determining whether the property or premises complies with the notice of violation. If the city inspector determines that the property or premises does not comply with the notice of violation, then the city inspector shall send written notice to the administrator that the project is not completed and describe the work that is required before the project will be considered completed. At that point, the administrator shall ensure that the selected contractor will continue the project until once again certifying that the project is completed, at which time the project will again be inspected by the city for the sole purpose of determining whether the property or premises complies with the notice of violation.

(k) The administrator may only initiate project plans for projects costing $20,000 or less. No project plan may be initiated by the administrator unless the project cost is less than or equal to the amount in the Dallas Tomorrow Fund at any one time. The administrator shall produce a biannual report of available funds and appropriated funds in the Dallas Tomorrow Fund. If the fund is temporarily out of money, the administrator may not initiate a project plan until such time as there are additional funds equal to or exceeding the amount of the project’s cost. If during work on the project, additional funds are needed in order to ensure that the property or premises complies with the notice of violation, the administrator may approve additional funds, not to exceed 25 percent of the maximum project amount allowed by this subsection, for work that was necessary to bring the property or premises into compliance with the notice of violation, but that was not anticipated in the original project plan. Substantial changes to the project plan must be approved in writing by the person who filed the request with the Dallas Tomorrow Fund administrator. (Ord. Nos. 25927; 29618; 30236)

ARTICLE V.
RESERVED.

SECS. 27-17 THRU 27-23. (Repealed by Ord. 25522)

ARTICLE VI.
MASTER METERED UTILITIES.

SEC. 27-24. DEFINITIONS.

In this article:

(1) MASTER METERED APARTMENT BUILDING means a building or group of buildings on a single premise containing three or more dwelling units that are leased to occupants who are provided one or more utility services for which they do not pay the utility company directly.

(2) PROPERTY MANAGER means the person, firm, or corporation that collects or receives rental payments, or has responsibility for paying utility bills for a master metered apartment building.

(3) UTILITY COMPANY means the entity providing gas, electric, or water and wastewater service to a master metered apartment building.

(4) UTILITY INTERRUPTION means the termination of utility service to a master metered apartment building by a utility company for nonpayment of billed service. (Ord. Nos. 16232; 18591; 19234; 30236)
SEC. 27-25. RECORDS OF OWNERSHIP AND MANAGEMENT MAINTAINED BY UTILITY COMPANIES.

(a) Before providing utility service to a new account at a master metered apartment building, a utility company shall obtain the names and addresses of:

(1) the owner or owners of the building;

(2) the property manager responsible for paying the utility bills; and

(3) the first lienholder, if any.

(b) The utility company shall maintain a record of the information obtained under Subsection (a) and shall make it available to the director upon request.

(c) The applicant for utility service shall provide the information required in Subsection (a) to the utility company. (Ord. Nos. 16232; 18591; 19234)

SEC. 27-26. NOTICE TO TENANTS.

(a) The owner or property manager of a master metered apartment building shall post and maintain a notice in accordance with Subsection (b) containing the name, address, and telephone number of the person with authority and responsibility for making payment to the utility companies for utility bills. The owner or property manager shall correct the notice within 10 days of any change in the information given in the notice.

(b) The notice must be posted in a conspicuous place in a common area of the master metered apartment building so that it is accessible to tenants at all times, easily readable, protected from the weather, and visible from the common area. For the purpose of this section a common area includes, but is not limited to, a common corridor or passageway, a laundry room, the area adjacent to a grouped mail box location, or an area adjacent to the manager’s office.

(c) For the purpose of this section the notice may be placed on the inside of a glass door or window in the manager’s office or a tenant’s apartment so long as all requirements of Subsection (b) are met.

(d) A person commits an offense if he knowingly removes or mutilates a posted notice required under Subsection (a).

(e) It is a defense to prosecution under Subsection (d) if the person was authorized by the owner or property manager to replace the notice in order to correct the information. (Ord. Nos. 16232; 18591; 19234)

SEC. 27-27. NOTICE OF UTILITY INTERRUPTION.

(a) A utility company shall make a reasonable effort (including, but not limited to messenger delivery) to provide notice of a pending utility interruption to tenants of a master metered apartment building.

(b) A person commits an offense if he knowingly:

(1) interferes with an employee of a utility company posting notices of a utility interruption at dwelling units of a master metered apartment building; or

(2) removes a notice of utility interruption posted at a dwelling unit of a master metered apartment building.

(c) It is a defense to prosecution under Subsection (b)(2) that the person is the resident of the dwelling unit from which notice was removed.
§ 27-27 Minimum Property Standards

(d) A utility company shall notify the city attorney of any utility interruption to a master metered apartment dwelling unit resulting from a violation of Section 27-28 of this article. Notice must be given, in writing, not more than three days after utility service is interrupted.

(e) A person who is responsible for bills received for electric utility service or gas utility service provided to an apartment, a leased or owner-occupied condominium, or one or more buildings containing at least 10 dwellings that receive electric utility service or gas utility service that is master metered but not submetered, shall comply with the notice requirements in Subchapter G of Chapter 92 of the Texas Property Code, as amended. (Ord. Nos. 16232; 18591; 19234; 25522; 30236)

SEC. 27-28. NONPAYMENT OF UTILITY BILLS - ESSENTIAL UTILITY SERVICE.

(a) The owner or property manager of a master metered apartment building commits an offense if he fails to pay a utility bill and the nonpayment results in the interruption to any dwelling unit of a utility service essential to the habitability of the dwelling unit and to the health of the occupants. Essential utility services are gas, electric, and water and wastewater services.

(b) The owner or property manager of a master metered apartment building who violates Subsection (a) is guilty of a separate offense for each dwelling unit to which utility service is interrupted.

(c) It is a defense to prosecution under this section that the tenant occupying a dwelling unit to which utility service is interrupted is in arrears in rent to the owner or property manager of the master metered apartment building. (Ord. Nos. 18591; 19234; 25522)

ARTICLE VII.

REGISTRATION AND INSPECTION OF RENTAL PROPERTIES AND CONDOMINIUMS.

SEC. 27-29. AUTHORITY OF DIRECTOR.

The director shall implement and enforce this article and may by written order establish such rules, regulations, or procedures, not inconsistent with this article, as the director determines are necessary to discharge any duty under or to effect the policy of this article. (Ord. Nos. 22205; 22695; 24481; 25522; 30236)

SEC. 27-30. REGISTRATION AND POSTING REQUIREMENTS; DEFENSES.

(a) The owner of a rental property located in the city commits an offense if he operates the rental property or otherwise allows a dwelling unit in a rental property to be occupied or leased without first submitting a rental registration application or annual renewal application that fully complies with Section 27-31 of this article.

(b) A condominium association commits an offense if it governs, operates, manages, or oversees a condominium or its common elements without first submitting a rental registration application or annual renewal application that fully complies with Section 27-31 of this article.

(c) A person commits an offense if he, as a landlord or property manager, allows a dwelling unit in a rental property to be occupied or leased without first submitting a rental registration application or annual renewal application that fully complies with Section 27-31 of this article.

(d) A person commits an offense if he, as an owner, landlord, or property manager of a multitenant property or condominium association, fails to post, in
a conspicuous place in a common area of the property or as otherwise approved by the director:

(1) the certificate of inspection; and

(2) the property’s score from its most recent graded inspection as well as an information sheet explaining how the graded inspection is scored.

(e) A person commits an offense if he, as an owner, landlord, or property manager of a multitenant property, fails to provide each tenant, upon request, with a copy of the rules of the multitenant property.

(f) A person commits an offense if he, as an owner, landlord, or property manager of a multitenant property, operates that property or otherwise allows a dwelling unit in that property to be occupied or leased without employing a full-time manager to oversee the day-to-day operations of the property, if the property has 60 or more units.

(g) It is a defense to prosecution under this section that:

(1) at the time of notice of a violation, no dwelling units in the rental property are leased or offered for lease and the owner of the rental property has filed with the director an exemption affidavit on a form provided by the director;

(2) at the time of notice of a violation, the owner of the single dwelling unit rental property had rented the property to tenants for a total of not more than 30 days during the preceding 12 months;

(3) at the time of notice of a violation, the only tenants living in the single dwelling unit rental property are individuals related to the owner by consanguinity or affinity;

(4) within the two years preceding the notice of violation or at the time of the notice of violation, the owner of a single dwelling unit rental property had a homestead exemption for the property on file with the county appraisal district in which the rental property is located; or

(5) at the time of the notice of a violation:

(A) the property was a short-term rental; and

(B) applicable hotel occupancy taxes levied on the property under Article V of Chapter 44 of the city code, as amended, had been collected and remitted in full. (Ord. Nos. 22205; 22695; 24481; 25522; 30236)

SEC. 27-31. REGISTRATION; FEES; RENEWAL.

(a) Rental properties and condominium associations must provide a complete registration to the director annually.

(b) A registration application for a rental property or condominium association that was not previously required to register must be submitted before the owner leases the property or before any condominium units are occupied.

(c) Rental registration expires one year after the registration date.

(d) The annual registration fee, which includes the initial inspection fee, for a multitenant property is an amount equal to $6.00 times the total number of dwelling units, whether occupied or unoccupied, in the multitenant property.

(e) The annual registration fee, which excludes the initial inspection fee, for a single dwelling unit rental property is $21 per single dwelling unit rental property.

(f) No refund or prorating of a registration fee will be made.
§ 27-31

Minimum Property Standards

§ 27-32

(g) A registrant shall keep the information contained in its registration application current and accurate. If there is any change in the application information, the registrant shall promptly notify the director in writing of the changes information.

(h) A registration may be renewed by making application for a renewal in accordance with this article on a form provided by the director. In the application for renewal the registrant shall certify that all information in the then-current registration application is still accurate as of the date of the renewal application or correct any information that is not accurate as of the date of the renewal application. The registrant shall also submit a new, current affidavit certifying the matters identified in Subsection 27-32(b) of this article. (Ord. Nos. 22205; 22695; 24481; 26455; 27458; 29306; 29753; 30236)

SEC. 27-32. REGISTRATION APPLICATION.

(a) An owner of a rental property and the owner, landlord, or property manager of a condominium association must submit to the director a registration application on a form provided for that purpose by the director. The application must contain the following true and correct information:

(1) the name, mailing address, and telephone number for:

(A) the owner of the rental property being registered or the name of the condominium association being registered;

(B) the person or persons who can be contacted 24 hours a day, seven days a week in the event of an emergency condition on the rental property. An emergency condition includes any fire, natural disaster, collapse hazard, burst pipe, lack of working utilities, serious police incident, or other condition that requires an immediate response to avoid or minimize potential harm to the rental property, neighboring property, the occupants of the property, or the public.

(C) if the owner is not a natural person, then an agent, employee, or officer of the owner or condominium association authorized to receive legal notices and service of legal process on behalf of the owner or condominium association, and, in the case of an entity required to be registered with the State of Texas, the registered agent for service of process for the entity;

(D) the holder of any deed of trust or mortgage lien on the rental property being registered;

(E) any insurance carriers providing casualty insurance to the owner covering the rental property or condominium association being registered (and providing the applicable policy number(s));

(F) any agent, employee, officer, landlord, property manager, and other persons in control of, managing, or operating the rental property or condominium association on behalf of the owner or condominium association; and

(2) if the property being registered is part of a multitenant property or a condominium:

(A) the name, all legal addresses comprising the property, and the main telephone number, if any, of the property;

(B) the number of dwelling units, buildings, and swimming pools located on the property and the total number of bedrooms located on the property (a dwelling unit with no separate bedroom will be counted as one bedroom); and

(C) the name, mailing address, telephone number and e-mail address for any condominium association applicable to the property;

(3) if the owner of the rental property is not a natural person, the form of the entity, including, but not limited to, a corporation, general partnership, limited partnership, trust, or limited liability company, and the state or foreign jurisdiction of organization and registration, if other than the State of Texas, as
well as the name and mailing address for each principal officer, director, general partner, trustee, manager, member, or other person charged with the operation, control, or management of the entity;

(4) the location of business records pertaining to the rental property or condominium association required to be maintained by Section 27-38 of this article;

(5) the official recording information (e.g., volume, page, and county of recording) for the owner’s deed and any other instruments evidencing ownership of the rental property or creation and governance of the condominium association being registered;

(6) a list of all businesses, whether for-profit or non-profit, operating out of the property and offering goods or services to persons residing at or visiting the property;

(7) a copy of the owner’s current driver’s license or other government-issued personal identification card containing a photograph of the owner, if the owner is a natural person; and

(8) any additional information the registrant desires to include or that the director deems necessary to aid in the determination of whether the registration application will be deemed complete.

(b) In addition to the application containing the information enumerated above, the owner must also provide an affidavit certifying that the following statements are true:

(1) there are no outstanding and unpaid ad valorem taxes or city liens applicable to the rental property being registered;

(2) operation of the rental property as currently configured does not violate the city’s zoning ordinance;

(3) if the rental property is a multitenant property or part of a condominium, that it has a valid and adequate certificate of occupancy;

(4) if the rental property owner is an entity required to be registered or incorporated in its jurisdiction of formation, said entity is duly formed, existing, and in good standing with the jurisdiction; and

(5) if the rental property is a single dwelling unit rental property, the owner or the owner’s agent inspected the interior and exterior of the rental property within the 60 days prior to the submission of the application and the results have been recorded on a form provided by the director. (Ord. Nos. 22205; 22695; 22906; 24481; 25522; 27695; 28019; 28423; 29879; 30236)

SEC. 27-33. REVIEW AND ACCEPTANCE OF REGISTRATION APPLICATION.

(a) Upon receiving a registration application, the director shall review the application for completeness.

(b) If the director finds that the registrant submitted a complete application and paid the correct annual registration fee, the director shall promptly notify the registrant that his or her application has been received and found to be complete.

(c) If the director finds that the registrant has failed to submit a complete application or pay the annual registration fee or that any of the information on the application is materially incorrect or misleading, the director shall promptly notify the registrant that the application is defective or incomplete and the director shall list the defects or missing items. (Ord. Nos. 22205; 22695; 24481; 25522; 27458; 27695; 28019; 28423; 29879; 30236)

SEC. 27-35. RESERVED.
(Repealed by Ord. 30236)

SEC. 27-36. RESERVED.
(Repealed by Ord. 30236)

SEC. 27-37. RESERVED.
(Repealed by Ord. 30236)

SEC. 27-38. REGISTRANT’S RECORDS.

(a) Each registrant shall maintain at a single location within the city of Dallas, and identified in its registration application, the business records of the rental property or condominium association being registered. If the registrant refuses to make those records available for inspection by the director or a peace officer, the director or peace officer may seek a court order to inspect the records.

(b) Records that must be maintained by the registrant include:

(1) the current certificate of occupancy issued for the rental property, if required;  
(2) deeds or other instruments evidencing ownership for the rental property;  
(3) a current rental registration application or renewal application;  
(4) the pool logs, pool permits, and manager of pool operation certificates for any swimming pool on the rental property, if required;  
(5) leases or rental agreements applicable to the rental property;  
(6) the crime prevention addendum for each tenant of the property, as required under Section 27-43 of this article;  
(7) records of attendance at four crime watch meetings in the last calendar year, as required by Section 27-44 of this article, unless the property has not been operated as a rental property during part of the last calendar year;  
(8) a record of each tenant complaint, describing the complaint and how the complaint was resolved, and which record can only be viewed by the current tenant of the unit complained of and by the city, upon the city’s request;  
(9) a copy of the inspection report described in Section 27-32(b)(5) of this article; and  
(10) any other records deemed necessary by the director for the administration and enforcement of this article. (Ord. Nos. 22205; 22695; 24481; 25522; 29306; 30236)

SEC. 27-39. REQUIRED EMERGENCY RESPONSE.

(a) An owner of a rental property and a condominium association shall provide the director with the name, address, and telephone number of a person or persons who can be contacted 24 hours a day, seven days a week in the event of an emergency condition on the property. An emergency condition includes any fire, natural disaster, collapse hazard, burst pipe, lack of working utilities, serious police incident, or other condition that requires an immediate response to prevent harm to the property, the occupants of the property, or the public.

(b) The owner of the rental property and a condominium association shall notify the director within 10 days of any change in the emergency response information.
(c) The owner of a rental property or condominium association, or an authorized agent thereof, must arrive at the property within one hour after the contact person named in the registration application is notified by the city or emergency response personnel that an emergency condition has occurred on the property. (Ord. Nos. 25522; 30236)

SEC. 27-40. FAILURE TO PAY AD VALOREM TAXES.

A registrant, excluding a condominium association, for a property subject to registration under this article shall not allow the payment of ad valorem taxes owed in connection with the property to become delinquent. (Ord. Nos. 22205; 22695; 24481; 25522; 30236)

SEC. 27-41. RESERVED.

(Repealed by Ord. 30236)

SEC. 27-42. PROPERTY INSPECTIONS; INSPECTION AND REINSPECTION FEES.

(a) The director shall conduct a graded inspection of each multitenant property and each condominium property at least once every three years, but not more frequently than once a year. Graded inspections may be conducted more frequently by the director, when determined to be in the interest of the public health, safety, and welfare. The director, in accordance with Subsection (d) of this section, shall also conduct any subsequent inspections of any property failing the graded inspection. The director may conduct nongraded inspections on a multitenant and condominium property at any time the director determines necessary.

(1) After completing a graded inspection, the director shall timely issue the property owner or condominium association a certificate of inspection that includes the inspection score.

(2) Multitenant properties and condominiums that were constructed and issued a certificate of occupancy within the preceding five years are not subject to a graded inspection.

(b) The director shall conduct an inspection of each single dwelling unit rental property at least once every five years but not more frequently than once a year.

(c) The inspections conducted pursuant to this section are in addition to any inspections conducted under Section 27-5 of this chapter.

(d) The director may use a property condition assessment tool to determine the frequency and the scope of graded inspections. If a property fails its graded inspection, or if the graded inspection reveals a condition that the director determines to be a nuisance, the owner will be assessed fees for all subsequent inspections of the property conducted for the purposes of determining whether the owner has abated the nuisance or cured the deficiencies noted in the graded inspection. Inspection fees will be assessed as follows:

(1) For a multitenant property, a re-inspection of the exterior and any common area(s): $20 for each separate structure inspected.

(2) For a multitenant property, a re-inspection of the interior: $46 for each unit actually re-inspected.

(3) For an initial inspection of a single dwelling unit rental property: $110 per single dwelling unit rental property.

(4) For a re-inspection of a single dwelling unit rental property: $43 per single dwelling unit rental property.
(e) For failure to have or display, at any time, required documentation, including, but not limited to, permits, notices, licenses, records, or certificates of occupancy, the fee is $87 multiplied by the total number of units in the multitenant property.

(e) For failure to have or display, at any time, required documentation, including, not limited to, permits, notices, licenses, records, or certificates of occupancy, the fee is $86 multiplied by the total number of units in the multitenant property.

(f) The director shall provide a list of the current graded inspection scores for all registered rental properties on the city’s website. (Ord. Nos. 22205; 22695; 24481; 25522; 26598; 27185; 27695; 29879; 30236; 31332, eff. 10/1/19)

SEC. 27-42.1. REVOCATION OF CERTIFICATE OF OCCUPANCY.

Where a multitenant property is used or maintained in a manner that poses a substantial danger of injury or an adverse health impact to any person or property and is in violation of this ordinance, the Dallas Development Code, other city ordinances, rules or regulations, or any local, state, or federal laws or regulations, the director may ask the building official to revoke the multitenant property’s certificate of occupancy. (Ord. 30236)

SEC. 27-43. CRIME PREVENTION ADDENDUM REQUIRED.

(a) The owner of a multitenant property shall require that every lease or rental agreement, or renewal of a lease or rental agreement, executed after September 1, 2004 include a crime prevention addendum complying with this section.

(b) The owner of a single dwelling unit rental property shall require that every lease or rental agreement, or renewal of a lease or rental agreement, executed after January 1, 2017, include a crime prevention addendum complying with this section.

(c) The crime prevention addendum must include the following information:
(1) The name, date of birth, driver's license number (or, if the person does not have a driver's license, the number on any other government-issued personal identification card containing a photograph of the person), and signature of the tenant named in the lease or rental agreement and, if the tenant will not be occupying the rental property, the name, date of birth, driver's license number (or, if the person does not have a driver's license, the number on any other government-issued personal identification card containing a photograph of the person), and signature of the tenant or tenants who will be occupying the property. The signatures required on the crime prevention addendum must be separate and apart from the signatures used to execute other provisions of the lease or rental agreement.

(2) A statement advising the tenant or tenants that the owner of the rental property will initiate eviction proceedings if the tenant, or any guest or co-occupant of the tenant, engages in any abatable criminal activity on the premises of the rental property, as described in Subsection (d) of this section.

(d) For purposes of this section, an abatable criminal activity includes robbery or aggravated robbery; aggravated assault; murder; prostitution; criminal gang activity; discharge of firearms; gambling; illegal manufacture, sale, or use of drugs; illegal manufacture or sale of alcoholic beverages; and other crimes listed in Chapter 125 of the Texas Civil Practice and Remedies Code, as amended.

(e) It is a defense to prosecution under Subsection (a) of this section that the owner of the multitenant property used a Texas Apartment Association lease contract for the lease or lease renewal. (Ord. Nos. 25522; 25774; 30236)

SEC. 27-44. ATTENDANCE AT CRIME WATCH SAFETY MEETINGS.

(a) The owner of a multitenant property shall attend at least four [eff. 1-1-15] crime watch meetings each calendar year. The meetings attended must be
hold by crime watch organizations consisting of business owners, single-family residential property owners, or managers, employees, or tenants of multifamily dwellings, or any combination of those groups, gathered for the purpose of improving the quality of life in and around the properties, promoting crime prevention, reducing criminal opportunity, and encouraging cooperation with the Dallas Police Department. The meetings must be attended in the neighborhood in which the multitenant property is located or, if that neighborhood has no crime watch organization, then in the nearest neighborhood that does. A crime watch attendance certificate, signed by a crime watch chair, verifying that the crime watch meeting was attended by the owner of the multitenant property, or by the person designated to attend meetings for the property under Subsection (c), must be maintained with the property’s records and submitted to the director upon request.

(b) If unable to personally attend every crime watch meeting required by this section, the owner of a multitenant property may designate another person to attend the meetings. A person may not be designated to attend crime watch meetings for more than five separate multitenant properties. (Ord. Nos. 24481; 25522; 27458; 29306; 30236)

SEC. 27-44.1. PRESUMPTIONS.

(a) Unless otherwise provided in this article, 30 business days is deemed prompt and sufficient notice by the city.

(b) Any notice to be provided by the city pursuant to this article shall be deemed effective when personally delivered to the intended addressee or mailed by first class U.S. mail, certified mail, return receipt requested, addressed to the intended addressee at the last applicable address provided in the registration of the rental property in question. Mailed notice shall be deemed received and effective three days after the date of mailing whether the notice was actually received or not or whether the notice was returned unclaimed or undeliverable.

(c) Notices delivered to one tenant of a dwelling unit in a rental property shall be deemed effective as to all tenants and occupants of that dwelling unit.

(d) Notice delivered to one owner of a rental property shall be deemed effective as to all owners of a rental property.

(e) Notice to an owner of a rental property shall be deemed effective if made to an agent, employee, officer, landlord, or property manager authorized to act on behalf of the owner or identified in the registration for the rental property. For purposes of this article, an owner may act by and through an agent, employee, officer, landlord, or property manager authorized to act on behalf of the owner or identified in the registration for a rental property for that purpose.

(f) Notice to a condominium association with respect to common areas or exteriors of a condominium shall be effective as to all owners with an interest in that common area or those exteriors. If there is not a condominium association existing and in good standing with authority over common areas or exteriors of a condominium, notice to an owner of a common interest in the common areas or exterior shall be effective as to all other owners with a common interest in the common area or exterior.

(g) In lieu of originals, true and correct copies of any instruments or documents required of an owner or registrant shall be sufficient. Notwithstanding the foregoing, affidavits submitted to the city must bear the original signatures of the affiant and the authority who administered the oath.

(h) Any affidavits required in connection with this article must be made by a natural individual having personal knowledge of the matters certified and duly signed and sworn to under oath before an authority authorized to administer oaths. (Ord. 30236)
ARTICLE VIII.

HABITUAL CRIMINAL PROPERTIES.

SEC. 27-45. PURPOSE.

(a) Consistent with the findings of fact in Section 27-1 of this chapter, the purpose of this article is to protect the health, safety, and welfare of the people of the city of Dallas by obtaining an owner’s compliance with minimum property conditions and lawful operations, which compliance is likely to reduce certain criminal activity on property where that criminal activity is so prevalent as to render the property a habitual criminal property. Reducing the crime rate in the city of Dallas is essential to making properties safe, sanitary, and fit for human habitation and for nonresidential purposes.

(b) This article does not create a private cause of action or expand existing tort liability against a property owner. This article is not a prerequisite to any suit and does not in any way impair the city’s ability to file a lawsuit under Chapter 125 of the Texas Civil Practice and Remedies Code, as amended, or under any other law. (Ord. 30714)

SEC. 27-46. DEFINITIONS.

In this article:

(1) ABATABLE CRIMINAL ACTIVITY means those activities listed in Chapter 125 of the Texas Civil Practice and Remedies Code, as amended. The term does not include crimes of family violence.

(2) CHIEF OF POLICE OR CHIEF means the chief of the police department of the city or the chief’s designee.

(3) CPTED means crime prevention through environmental design and is a multi-disciplinary approach to reducing criminal behavior through environmental design by integrating the following concepts, among others, on property: natural surveillance that eliminates hiding places for people to engage in crime unnoticed; clear delineation of private space from public space; and controlled access onto private property.

(4) HABITUAL CRIMINAL PROPERTY means a property that is described in Section 27-48(a) of this chapter, as amended.

(5) OWNER means a person who has ownership or title of real property, including, but not limited to:

(i) the holder of fee simple title;

(ii) the holder of a life estate;

(iii) the holder of a leasehold estate for an initial term of five years or more;

(iv) the buyer in a contract for deed;

(v) a mortgagee, receiver, executor, or trustee in control of real property; and

(vi) the named grantee in the last recorded deed. (Ord. 30714)

SEC. 27-47. AUTHORITY OF THE CHIEF OF POLICE.

The chief of police shall implement and enforce this article and may by written order establish such rules, regulations, or procedures, not inconsistent with this article, as the chief of police determines are necessary to discharge any duty under or to effect the purpose of this article. (Ord. 30714)

SEC. 27-48. PRESUMPTIONS.

(a) A property is presumed a habitual criminal property if the property is the site:
§ 27-48 Minimum Property Standards § 27-49

(1) of five or more abatable criminal activities within 365 days resulting in either a report of a law enforcement agency documenting an investigation of an abatable criminal activity on the property or enforcement action against any person associated with the abatable criminal activity on the property; and

(2) at which persons have historically committed abatable criminal activities, according to recent crime data.

(b) An owner of a habitual criminal property is presumed to have knowingly tolerated the abatable criminal activity at the owner's property by failing to take reasonable steps, including those outlined in Section 27-49(b)(1) of this chapter, as amended, to abate the abatable criminal activity.

(c) The presumptions in this section are rebuttable at the accord meeting pursuant to Section 27-49 of this chapter, as amended. (Ord. 30714)

SEC. 27-49. ACCORD MEETING.

(a) If the chief of police determines that the presumptions in Section 27-48 of this chapter, as amended, are satisfied, the chief shall notify the owner of the property, in writing, of the chief's preliminary determination and shall provide the owner with notice to attend an accord meeting. The notice must include a copy of this article.

(b) At the accord meeting, the following applies:

(1) The presumed owner may present evidence that the person is not the owner or that the owner has taken reasonable steps to abate the abatable criminal activity, including, without limitation, that the:

(i) owner has implemented CPTED principles at the property;

(ii) owner has implemented monitoring and surveillance systems at the property;

(iii) owner is in compliance with all regulations governing the owner's business;

(iv) owner is enforcing lease clauses related to reducing abatable criminal activity, such as tenant screening, enforcement of property rules, and regular tenant verification;

(v) owner is communicating abatable criminal activity to the chief and cooperating with the chief, as requested; and

(vi) property is in compliance with the standards set out in this code.

(2) The city attorney may attend the meeting as the chief's legal counsel and the owner may bring his or her legal counsel.

(c) The chief shall make all reasonable efforts to schedule the accord meeting during a time when the owner is available but not later than 30 days from the date the accord meeting notice is deemed received or is actually received by the owner, whichever date is sooner.

(d) Not later than 30 days after the date of the accord meeting, the chief shall provide the owner with notice of the chief's final determination as to the presumptions under Section 27-48 of this chapter, as amended. Notwithstanding the foregoing, upon request of the owner during the accord meeting, the chief may delay the notice of determination up to 60 days after the accord meeting, during which time the owner may present additional evidence under Section 27-49(b)(1) of this chapter, as amended. If the owner does not appear for the accord meeting, the chief's determination is final as of the date of the accord meeting provided in the notice.

(e) An owner who is provided notice pursuant to this article commits an offense if the owner fails to attend an accord meeting. (Ord. 30714)
SEC. 27-50. ANNUAL REVIEW.

Each year, not later than 30 days after the date the chief's determination as to the presumptions under Section 27-48 of this chapter, as amended, are final, the chief shall send a notice to the owner as to whether the presumptions under Section 27-48 of this chapter, as amended, are still satisfied. The chief may, at any time, determine that the presumptions under Section 27-48 of this chapter, as amended, are no longer satisfied and shall then notify the owner of the chief's determination. (Ord. 30714)

SEC. 27-51. APPEAL FROM CHIEF OF POLICE'S DETERMINATION.

(a) The chief's determinations under Sections 27-49 and 27-50 of this chapter, as amended, are final unless the owner files a written appeal to the permit and license appeal board. The appeal must be filed with the city secretary not later than 10 calendar days after the date the owner receives notice of the chief's final determination. A person who does not attend the accord meeting is not entitled to an appeal under this section for one year after the accord meeting date in the notice. Only the owner is entitled to an appeal under this article.

(b) If a written request for an appeal hearing is filed under Subsection (a) with the city secretary within the 10-day limit, the permit and license appeal board shall hear the appeal. The city secretary shall set a date for the hearing not later than 30 days after the date the appeal is filed.

(c) In deciding the appeal, the permit and license appeal board is limited to the issues of whether the presumptions in Section 27-48 of this chapter, as amended, are satisfied.

(d) To the extent of a conflict between this article and Article IX, Chapter 2, of this code, this article controls. (Ord. 30714)

SEC. 27-52. PLACARDING; INSPECTIONS.

For a property that has been finally determined to satisfy the presumptions in Section 27-48 of this chapter, as amended, the following applies:

(1) **Placarding.** The chief may require the owner to place a placard on or near the front door or at any main entrance to the structure or dwelling unit. For multitenant and commercial properties, the chief may also require the owner to place a placard in a conspicuous place in a common area of the property.

(A) The placard must be visible at all times and must state the following:

"THE DALLAS POLICE DEPARTMENT HAS DECLARED THIS SITE A HABITUAL CRIMINAL PROPERTY UNDER ARTICLE VIII, CHAPTER 27, OF THE DALLAS CITY CODE. IF YOU HAVE QUESTIONS, PLEASE CALL DPD AT [TELEPHONE NUMBER DETERMINED BY THE CHIEF]. IF YOU SEE SOMETHING SUSPICIOUS OCCURRING AT THIS PROPERTY OR IN AN EMERGENCY, DIAL 911."

(B) A person commits an offense if the person, without authority from the chief, removes or destroys the placard.

(2) **Inspections.** The chief may inspect the property for compliance with the conditions and activities in Section 27-49(b)(1) of this chapter, as amended, or any other condition or activity the chief determines, in light of the chief's training and experience, will reduce abatable criminal activity at the property. (Ord. 30714)

SEC. 27-53. FEES.

For a property that has been finally determined to satisfy the presumptions in Section 27-48 of this chapter, as amended, the owner shall pay an annual fee to the city according to the table below for each year that the presumptions in Section 27-48 of this chapter, as amended, are satisfied. In this section,
residential and nonresidential refer to those uses as defined in the Dallas Development Code, as amended. The fees are not refundable in whole or in part.

### SEC. 27-54. DELIVERY OF NOTICES.

Any notice to be provided by the city pursuant to this article shall be deemed effective if made to the owner. Notice is effective when:

1. personally delivered to the owner; or

2. mailed by certified U.S. mail, with return receipt requested, and addressed to the owner at the last address provided in the registration of the property under Article VII of this chapter, as amended, or, if the property is not subject to registration under this chapter, then to the last address in the central appraisal district records. Mailed notice shall be deemed received and effective three days after the date of mailing whether the notice was actually received or whether the notice was returned unclaimed or undeliverable. (Ord. 30714)

CHAPTER 43

STREETS AND SIDEWALKS

ARTICLE I.

IN GENERAL.

Sec. 43-1. Reserved.
Sec. 43-2. Driving horses, cattle, etc., on certain streets forbidden.
Sec. 43-3. Moving horses and vehicles at request of street cleaner.
Sec. 43-4. Fruit stands, stalls, etc., on sidewalks.
Sec. 43-5. Attracting crowds on sidewalks.
Sec. 43-6. Unsafe scaffolds.
Sec. 43-7. Open cellar or trap doors; permitting sidewalk to remain in disrepair.
Sec. 43-8. Each day obstruction remains deemed separate offense.
Sec. 43-9. Glass to be removed from highway after a wreck.
Secs. 43-10 thru 43-11. Reserved.
Sec. 43-12. Depositing trash on streets and sidewalks.
Sec. 43-13. Trash, etc., not to accumulate or remain on sidewalks.
Sec. 43-14. Leaving rubbish in street after completion of building.
Sec. 43-15. Allowing weeds, grass, etc., to obstruct gutters and sidewalks.
Sec. 43-16. Throwing fruit peelings on sidewalks.
Sec. 43-17. Playing ball, throwing stones, etc., in streets.
Sec. 43-18. Skating on streets and sidewalks.
Sec. 43-19. Mixing concrete on paved streets.
Sec. 43-20. Reserved.
Sec. 43-21. Permits required for alterations, obstructions, etc., of sewers, gutters, etc.
Sec. 43-22. Marking sidewalks with stencils, etc.
Sec. 43-23. Insuring or defacing street signs and signposts.
Sec. 43-24. Heavy articles not to be carried along sidewalks.
Sec. 43-25. Reserved.

ARTICLE II.

AWNINGS.

Sec. 43-26. Height above sidewalk.
Sec. 43-27. Fastening to buildings; supports.
Sec. 43-28. Coverings to be fireproof; exceptions.
Sec. 43-29. Awning posts.
Sec. 43-30. Extending over public property.

ARTICLE III.

CONSTRUCTION AND REPAIR OF SIDEWALKS, CURBS AND DRIVEWAY APPROACHES.

Division 1. Generally.

Subdivision I. In General.

Sec. 43-31. Purpose of article.
Sec. 43-32. Definitions.
Sec. 43-33. Liability of abutting property owners for injuries caused by defective sidewalks.
Sec. 43-34. Liability of persons making special use of sidewalks.
Sec. 43-35. Administration and enforcement of article; police power of director.
Sec. 43-36. Director not personally liable for good faith actions.
Sec. 43-37. Authority of director generally.
Sec. 43-38. Effect of article on responsibility for damages.
Sec. 43-39. Construction permit - Required.
Sec. 43-40. Same - Application - Information to be furnished by applicants.
Sec. 43-41. Same - Same - Lot plan to be furnished when requested.
Sec. 43-42. Same - Expiration; new permit required before recommencing work.
Sec. 43-43. Surety bond - Required.
Sec. 43-44. Surety bond - Conditions of issuance.
Sec. 43-45. Same - Effect of article on persons now engaged in construction, etc.
Sec. 43-46. Standards for raw materials used in construction.
Sec. 43-47. Specifications for concrete reinforcing steel.
Sec. 43-48. Specifications and placement of concrete expansion joint filler.
Sec. 43-49. Subgrade determination.
Sec. 43-50. Form, specifications, and placement.
Sec. 43-51. Concrete - Ingredients and consistency required.
Sec. 43-52. Same - Placement
Sec. 43-53. Same - Protecting against extreme temperatures, etc.
Sec. 43-54. Examination and approval of materials prior to use.
Sec. 43-55. All work to comply with established lines and grades.
Sec. 43-56. Protection of grade and line stakes.
Sec. 43-57. Lights and safeguards.
Sec. 43-58. Removal of debris, etc., upon completion of work.
Sec. 43-59. Construction of retaining walls on public property.
Sec. 43-60. Traffic barriers for service stations and parking lots.
Sec. 43-61. Same - Placement of curbs.
Sec. 43-62. Indented parking.
Sec. 43-63. Repair of defective sidewalks or driveways by abutting property owners.
Sec. 43-64. Mixing concrete or mortar on existing pavement; unused mixture to be immediately removed.
Sec. 43-65. Sidewalk drainage openings to have metal covers.
Sec. 43-66. Alternative materials and construction methods.

Subdivision II. Sidewalks.

Sec. 43-67. Minimum dimensions; finishing.
Sec. 43-68. Concrete specifications.
Sec. 43-69. Form, placement and slope.
Sec. 43-70. Joints.

Subdivision I. Curbs and Gutters.

Sec. 43-71. Description; composition of concrete and mortar used in construction.
Sec. 43-72. Construction of joints.
Sec. 43-73. Forms.
Sec. 43-74. Placement of concrete and mortar.
Sec. 43-75. Finishing.
Sec. 43-76. Protection of new work from traffic; backfilling.
Sec. 43-77. Final dimensions; gutter ratio required for curb facing; dwelling for driveway construction.

Subdivision II. Driveway Approaches.

Sec. 43-78. Specifications for materials used in construction.
Sec. 43-79. Placement and compaction of concrete.
Sec. 43-80. Finishing.
Sec. 43-81. Protection from vehicular traffic.
Sec. 43-82. Removal of curb and gutter where required.
Sec. 43-83. Maximum space to be occupied.
Sec. 43-84. Number of approaches permitted.
Sec. 43-85. Separation of driveway approaches.
Sec. 43-86. Location; provision for joint approaches.
Sec. 43-87. Minimum angle in relation to curb line.
Sec. 43-88. Minimum requirements for approaches near street intersections.
Sec. 43-89. Location of approaches near traffic interchanges, etc.
Sec. 43-90. Location of approaches at pedestrian crossings, etc., prohibited.
Sec. 43-91. Construction in existing angle parking areas prohibited; exceptions.
Sec. 43-92. Standing or parking of vehicles, etc., on driveway approaches prohibited.
Sec. 43-93. Abandonment; duty of abutting property owner to restore curb.
Sec. 43-94. Residential driveway approaches.
Sec. 43-95. Commercial driveway approaches.

ARTICLE IV.

SNOW AND ICE.

Sec. 43-96. Removal of snow and ice from sidewalks required.
Sec. 43-97. Covering snow and ice with sand, ashes, etc.
Sec. 43-98. Where removed snow and ice to be placed.
Sec. 43-98.1. Causing ice to form on streets and alleys.
Sec. 43-98.2. Enforcement.

ARTICLE V.

BUILDING NUMBERING.

Sec. 43-99. Owner or occupant to number buildings.
Sec. 43-100. Official numbering plan must be followed.
Sec. 43-101. Specifications for numbers.
Sec. 43-102. Odd and even numbers.
Sec. 43-103. Basic units of space for numbering.
Sec. 43-104. Numbering within building complexes.
Sec. 43-105. Directional signs within building complexes.
Sec. 43-106. Diagram of mall areas.
Secs. 43-107 thru 43-110. Reserved.

ARTICLE VI.

LICENSE FOR THE USE OF PUBLIC RIGHT-OF-WAY.

Division 1. Licenses for Other than Bicycle Parking Devices, Valet Parking Services, and Newsracks.

Sec. 43-111. Definitions.
Sec. 43-112. Application; fee.
Sec. 43-113. Grant by city council.
Sec. 43-114. Terms and conditions; duration; right of termination reserved by city.
Sec. 43-115. Annual fee for use of public right-of-way.
Sec. 43-115.1. Special fees for the use of public right-of-way.
Sec. 43-115.2. Licenses for subdivision signs.
Sec. 43-116. Temporary license.
Sec. 43-117. Penalties.
Sec. 43-118. Breach by grantee.
Sec. 43-119. Waiver.

Division 2. Bicycle Parking Devices.

Sec. 43-120. Definitions.
Sec. 43-121. License required; application; issuance.
Sec. 43-122. Denial or revocation of license.
Sec. 43-123. Expiration of license.
Sec. 43-124. Standards for installation, operation, and maintenance of a bicycle parking device.
Sec. 43-125. Location of a bicycle parking device.
Sec. 43-126. Restrictions on the use of a bicycle parking device prohibited.
Sec. 43-126.1. Indemnification.
Sec. 43-126.2. Restoration of the right-of-way.

Division 3. Valet Parking Services.

Sec. 43-126.3. Definitions.
Sec. 43-126.4. Purpose.
Sec. 43-126.5. License required; application; issuance.
Sec. 43-126.6. Fees.
Sec. 43-126.7. Denial or revocation of license; temporary suspension.
Sec. 43-126.8. Expiration of license.
Sec. 43-126.9. Standards for operation of a valet parking service.
Sec. 43-126.10. Valet parking service stands.
Sec. 43-126.11. Location of a valet parking service.
Sec. 43-126.12. Insurance.
Sec. 43-126.13. Indemnification.

Division 4. Newsracks.

Sec. 43-126.15. Purpose and intent.
Sec. 43-126.16. Definitions.
Sec. 43-126.17. License and decal required.
Sec. 43-126.18. License application; issuance of license; and display of decals.
Sec. 43-126.19. Conditions of a license and annual fees.
Sec. 43-126.20. Denial or revocation of a license.
Sec. 43-126.21. Appeal from license denial or revocation.
Sec. 43-126.22. Expiration and renewal of a license.
Sec. 43-126.23. Allocation of freestanding newsrack locations.
Sec. 43-126.24. Standards for installation, operation, and maintenance of newsracks.
Sec. 43-126.25. Locational requirements for newsracks.
Sec. 43-126.26. Display and distribution of harmful materials through newsracks.
Sec. 43-126.27. Restoration of the right-of-way.
Sec. 43-126.28. Removal of newsracks and publications.
Sec. 43-126.29. Multiple newsrack unit zones.
Sec. 43-126.30. Split-door newsracks.
Sec. 43-126.31. Violations; penalty.

ARTICLE VII.
SALE OF MERCHANDISE AND PRODUCE ON STREETS AND SIDEWALKS.

Sec. 43-127. Unlawful solicitation at the convention center and reunion arena.
Sec. 43-128. Reserved.
Sec. 43-129. Causing crowd to congregate on sidewalk.
Secs. 43-130 thru 43-132. Reserved.
Sec. 43-133. Use of sidewalk for display of merchandise.
Sec. 43-134. Use of sidewalk to forward or receive merchandise.

ARTICLE VIII.
CERTAIN USES OF PUBLIC RIGHT-OF-WAY.

Sec. 43-135. Definitions.
Sec. 43-136. Director’s authority; enforcement; offenses.
Sec. 43-137. Registration; other requirements.
Sec. 43-138. Plans of record.
Sec. 43-139. Permit required; exceptions; conditions; denial and revocation.
Sec. 43-139.1. Network nodes and related infrastructure.
Sec. 43-140. Insurance and indemnity requirements; exceptions.
Sec. 43-140.1. Performance bond; letter of credit; cash deposit.
Sec. 43-140.2. Waiver of bonding requirements.
Sec. 43-141. Miscellaneous requirements for street excavation and installations, trench safety, and above ground utility structures.
Sec. 43-142. Restoration requirements.
Sec. 43-143. Clearance for street paving and storm drainage projects.
Sec. 43-144. Conformance with public improvements.
Sec. 43-145. Improperly constructed facilities.
| Sec. 43-146. | Emergency repairs. |
| Sec. 43-147. | Effect of article on persons engaged in construction. |
| Sec. 43-148. | Marking existing underground utilities. |

**ARTICLE IX.**

**DRIVEWAYS GENERALLY.**

| Sec. 43-149. | Director defined. |
| Sec. 43-150. | Driveways not to be within three feet of poles, etc. |
| Sec. 43-151. | Removal of poles, etc., to permit construction of driveways - Required. |
| Sec. 43-152. | Same - Plans to be approved by director. |
| Sec. 43-153. | Same - Allocation of costs for relocation. |
| Sec. 43-154. | Permit for driveway to be issued after poles, etc., removed. |
| Sec. 43-155. | Appeals. |
| Sec. 43-156. | Fee where poles, etc., to be relocated. |

**ARTICLE X.**

**DOCKLESS VEHICLE PERMIT.**

| Sec. 43-157. | Definitions. |
| Sec. 43-158. | General authority and duty of director. |
| Sec. 43-159. | Establishment of rules and regulations. |
| Sec. 43-160. | Operating authority permit. |
| Sec. 43-161. | Application for operating authority permit. |
| Sec. 43-162. | Changes to information in operating authority application. |
| Sec. 43-163. | Expiration of operating authority permit. |
| Sec. 43-164. | Refusal to issue or renew operating authority permit. |
| Sec. 43-165. | Suspension or revocation of operating authority permit. |
| Sec. 43-166. | Appeals. |
| Sec. 43-167. | Nontransferability. |
| Sec. 43-168. | Operations. |
| Sec. 43-169. | Dockless vehicle parking, deployment, and operation. |

| Sec. 43-170. | Insurance requirements. |
| Sec. 43-171. | Data sharing. |
| Sec. 43-172. | Vehicle fee. |
| Sec. 43-173. | Performance bond or irrevocable letter of credit. |
| Sec. 43-174. | Enforcement. |
| Sec. 43-175. | Criminal offenses. |

**ARTICLE I.**

**IN GENERAL.**

**SEC. 43-1.** RESERVED.

(Repealed by Ord. 22413)

**SEC. 43-2.** DRIVING HORSES, CATTLE, ETC., ON CERTAIN STREETS FORBIDDEN.

It shall not be lawful for any person to drive or have any drove of horses, cattle, sheep or hogs in any park or street in the city. (Code 1941, Art. 139-2)

**SEC. 43-3.** MOVING HORSES AND VEHICLES AT REQUEST OF STREET CLEANER.

No person in charge of horses and vehicles on the streets or alleys of the city shall fail or refuse to move the same when requested so to do by any street cleaner when engaged in cleaning the streets or alleys. (Code 1941, Art. 139-3)

**SEC. 43-4.** FRUIT STANDS, STALLS, ETC., ON SIDEWALKS.

No person shall have or maintain any fruit stand, huckster’s stand or other stall on any sidewalk in the city. (Code 1941, Art. 139-4)
SEC. 43-5. ATTRACTING CROWDS ON SIDEWALKS.

No person shall, by loud talking, unusual acts or exhibitions, attract a crowd on any sidewalk or refuse to desist when requested to do so by any police or other officer. (Code 1941, Art. 139-5)

SEC. 43-6. UNSAFE SCAFFOLDS.

No person shall erect, use or cause or suffer to be erected or used within the city any insecure or unsafe scaffold, whereby the safety of persons working thereon or passing thereunder may be in any manner endangered. (Code 1941, Art. 139-6)

SEC. 43-7. OPEN CELLAR OR TRAP DOORS; PERMITTING SIDEWALK TO REMAIN IN DISREPAIR.

A person commits an offense if he:

(1) keeps, leaves open, or allows to be left open any cellar door, trap door, sidewalk lift, or grating of any vault in or upon any sidewalk, street, or passageway;

(2) makes, keeps, or maintains any uncovered opening in any sidewalk or footway; or

(3) allows any sidewalk or footway, which it is the person’s duty to maintain or repair, to become broken or continue so broken, uneven, or out of repair. (Code 1941, Art. 139-7; Ord. Nos. 19963; 21186)

SEC. 43-8. EACH DAY OBSTRUCTION REMAINS DEEMED SEPARATE OFFENSE.

Every day that any partial or entire obstruction shall remain upon any sidewalk in the city shall be considered a violation of the regulations contained in this article and shall constitute a separate offense and be punished as such. (Code 1941, Art. 139-9)

SEC. 43-9. GLASS TO BE REMOVED FROM HIGHWAY AFTER A WRECK.

Any person removing a wrecked or damaged vehicle from a highway shall remove any glass or other injurious substance dropped upon the highway from such vehicle. (Code 1941, Art. 86-61)

SEC. 43-10 THRU 43-11. RESERVED.

(Repealed by Ord. 13764)

SEC. 43-12. DEPOSITING TRASH ON STREETS AND SIDEWALKS.

No person shall sweep out or deposit on any of the sidewalks or streets of the city any loose paper, filth or trash of any kind.

All persons using cans or barrels as trash containers shall have them emptied and all trash deposited therein removed at least once in every 24 hours. (Code 1941, Arts. 140-1, 140-2)

SEC. 43-13. TRASH, ETC., NOT TO ACCUMULATE OR REMAIN ON SIDEWALKS.

No property owner, occupant or agent of any property that abuts or adjoins any paved street in the city shall allow or permit any animal or vegetable substance whatever, any tin, glass or pieces of iron or any trash, mud, slop, refuse matter or filth of any kind or description whatever to accumulate or remain on any part of the sidewalk abutting or adjacent to the premises owned or occupied by such person on such paved street in the city. (Code 1941, Art. 140-4)
SEC. 43-14. LEAVING RUBBISH IN STREET AFTER COMPLETION OF BUILDING.

No person who has occupied a portion of a street for building purposes shall leave any rubbish in the street after the completion of such building and the expiration of the time of permit. Any person violating this article is guilty of an offense for each day rubbish is so left. (Code 1941, Art. 140-6; Ord. 19963)

SEC. 43-15. ALLOWING WEEDS, GRASS, ETC., TO OBSTRUCT GUTTERS AND SIDEWALKS.

No owner, agent or occupant of any lot in the city shall allow weeds or grass to grow or remain upon the sidewalks so as to obstruct the sidewalks or gutters fronting or abutting on any lot of which they may be the owner, agent or occupant. A person who fails to remove or to have removed such weeds or grass on the sidewalk or gutters in front of, adjoining or abutting...
Streets and Sidewalks

[Intentionally left blank]
on his lot, after 10 days notice to remove them, is guilty of an offense. Each day after notification is a separate offense. (Code 1941, Art. 140-8; Ord. 19963)

SEC. 43-16. THROWING FRUIT PEELINGS ON SIDEWALKS.

No person shall throw banana peelings or fruit peelings of any kind upon any public sidewalk in the city. (Code 1941, Art. 140-9)

SEC. 43-17. PLAYING BALL, THROWING STONES, ETC., IN STREETS.

No person shall play at a game of ball, practice at passing a ball, throw stones, use a slingshot or sling, or discharge gravel, marbles, shot or any other object or anything, out of a gravel shooter, blow gun or other device of like kind or character along, across or upon any highway, street or alley in the city. (Code 1941, Art. 140-10; Ord. 12700)

SEC. 43-18. SKATING ON STREETS AND SIDEWALKS.

No person shall skate on roller skates or otherwise along, upon or across any street in the city except when crossing a street at an authorized pedestrian crossing. Whenever a person is skating on a sidewalk either on roller skates or skate board, the person shall yield the right of way to any pedestrian using such sidewalk. (Code 1941, Art. 140-11; Ord. Nos. 11003; 16691)

SEC. 43-19. MIXING CONCRETE ON PAVED STREETS.

No person shall mix concrete on any paved street in the city except on a platform or in a box or other receptacle so constructed as to prevent the concrete from falling on the pavement of such street. (Code 1941, Art. 140-12)

SEC. 43-20. RESERVED.

(Repealed by Ord. 14762)

SEC. 43-21. PERMITS REQUIRED FOR ALTERATIONS, OBSTRUCTIONS, ETC., OF SEWERS, GUTTERS, ETC.

No person, under any pretext whatever, shall interfere with, obstruct, injure or alter in any manner any sewer, culvert, gutter or drain in the city without a written permit from the city engineer. Each day such interference, obstruction, alteration or injury shall be permitted to remain after a notification by the city engineer to remove the same shall constitute a separate offense. (Code 1941, Art. 140-14)

SEC. 43-22. MARKING SIDEWALKS WITH STENCILS, ETC.

No person shall deface by placing upon a sidewalk in the city any marks or signs by stencils or otherwise of any nature or character whatsoever. (Code 1941, Art. 140-15)

SEC. 43-23. INJURING OR DEFACING STREET SIGNS AND SIGNPOSTS.

No person shall abuse, deface or injure any street signs maintained on the streets by the city by throwing any rocks, stones or other hard substances against same, by scratching or defacing same in any manner, or otherwise injuring same in any manner, or injure or deface the posts upon which such signs are erected by throwing any rocks, stones or other hard substances against same or by scratching, cutting or defacing same in any manner. (Code 1941, Art. 140-16)
SEC. 43-24. HEAVY ARTICLES NOT TO BE CARRIED ALONG SIDEWALKS.

No person shall move or carry any safe or other heavy article over, across, along or upon any sidewalk in the city or over, along, across or upon any timbers or other substance resting either wholly or partially upon any sidewalk. (Code 1941, Art. 140-23)

SEC. 43-25. RESERVED.

(Repealed by Ord. 12408)

ARTICLE II.

AWNINGS.

SEC. 43-26. HEIGHT ABOVE SIDEWALK.

No person shall erect or construct any awnings on, over or across any sidewalk in the city lower, at any point, than eight feet from the surface of the sidewalk. (Code 1941, Art. 139-8; Ord. 20743)

SEC. 43-27. FASTENING TO BUILDINGS; SUPPORTS.

All awnings shall be securely fastened to the side of the building and shall be firmly supported by iron brackets. (Code 1941, Art. 139-8)

SEC. 43-28. COVERINGS TO BE FIREPROOF; EXCEPTIONS.

All awnings, except cloth awnings, within the fire limits, shall be covered with tin, sheet iron, zinc or some fireproof material. (Code 1941, Art. 139-8)

SEC. 43-29. AWNING POSTS.

No person shall erect any awning post on any sidewalk in the city. All awning posts now standing on any sidewalk shall be removed as soon as the awnings they support are removed for repairs or other purposes. (Code 1941, Art. 139-8)

SEC. 43-30. EXTENDING OVER PUBLIC PROPERTY.

No awning shall extend over public property further than to the outer edge of the sidewalk. (Code 1941, Art. 139-8)

ARTICLE III.

CONSTRUCTION AND REPAIR OF SIDEWALKS, CURBS AND DRIVEWAY APPROACHES.

Division 1. Generally.

Subdivision I. In General.

SEC. 43-31. PURPOSE OF ARTICLE.

The purpose and intent of this article is to provide minimum standards, provisions and requirements for safe and convenient access to abutting private property along streets, roads and highways and to provide for suitable materials and methods of construction of sidewalks, driveways, curbs, gutters and appurtenances on public property which are constructed, surfaced, paved, changed, altered, repaired, replaced, removed or eliminated or changed in use. The intent herein is to assure that access is provided to abutting private property with a minimum of interference with the free and safe movement of vehicular and pedestrian traffic, to prevent traffic
§ 43-31 Streets and Sidewalks

congestion along the streets and to prevent or alleviate traffic congestion arising from vehicular entry to or exit from abutting private property. This article shall be deemed to be remedial and is enacted for the beneficial interests of the public and for the public safety and general welfare. The right of the public to the free and unhindered passage on the streets and sidewalks shall be held paramount to other interest. (Ord. 8590)

SEC. 43-32. DEFINITIONS.

In this article:

(1) ANGLE PARKING means parking where the longitudinal axis of a vehicle forms an angle with the alignment of the roadway.

(2) ARTERIAL means a street designated as either a principal or minor arterial in the city’s thoroughfare plan.

(3) A.S.T.M. (AMERICAN SOCIETY FOR TESTING MATERIALS) means any publication, pamphlet, booklet, book, or document referred to by number, letter, or other designation in this article in connection with this definition, as amended. Such publication is a part of this article and incorporated into this article by reference.

(4) CONTRACTOR means any person engaged in the business of installing or altering walks, drives, curbs, gutters, or pavements or appurtenances on public property. This term also includes those who represent themselves to be engaged in the business whether actually doing the work or not and includes any person who subcontracts to do such work.

(5) CURB means a vertical or sloping member along the edge of a pavement forming part of a gutter, strengthening or protecting the pavement edge, and clearly defining the pavement edge to vehicle operators. The surface at the curb facing the general direction of the pavement is called the “face.”

(6) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article, or the director’s authorized representative.

(7) DRIVEWAY APPROACH means an area, construction, or facility between the roadway of a public street and private property intended to provide access for vehicles from the roadway of a public street to private property.

(8) GUTTER means the artificially surfaced and generally shallow waterway provided usually at the side of the street adjacent to, and part of, the curb of the curb for the drainage of surface water.

(9) INDENTED PARKING means angle parking or parallel parking adjacent to, but outside of, the travel lane of a public roadway where a portion of the public roadway is required for maneuvering into or out of the parking space.

(10) INTERSECTION means the area embraced within the prolongation of connection of the edges of the roadway of two or more streets that join at an angle whether or not one such street crosses the other. Where a street includes two roadways 30 feet or more apart, then each crossing of each roadway of such divided street by an intersecting street is regarded as a separate intersection. If the intersecting street also includes two or more roadways 30 feet or more apart, then each crossing of each roadway of such street is regarded as a separate intersection.

(11) OFF-STREET PARKING means a type of parking wherein the maneuvering of the vehicle while parking and unparking, as well as the actual parking itself, is done entirely on private property.

(12) ROADWAY means that portion of a highway, street, or road that is improved, designed, or ordinarily used for vehicular travel. If a street includes two or more separate roadways, the term “roadway”
refers to each roadway separately and not to all roadways collectively.

(13) SIDEWALK OR WALK means that portion of a street between the curb lines or the lateral lines of a roadway and the adjacent property lines that is for the use of pedestrians.

(14) SINGLE FAMILY DISTRICT means any of the single family districts described in Section 51A-4.112 of the Dallas Development Code, as amended.

(15) STREET means a public way for purposes of vehicular travel, including the entire area within the right of way. This term in urban areas means a highway or street and in rural areas means a highway or road.

(16) STREET SEGMENT means the portion of a street between two intersections.

(17) TRAFFIC ISLAND means a barrier within a roadway to exclude vehicles, designed for the purpose of separating or directing streams of vehicular traffic. (Ord. Nos. 8590; 21186; 22026; 27227)

SEC. 43-33. LIABILITY OF ABUTTING PROPERTY OWNERS FOR INJURIES CAUSED BY DEFECTIVE SIDEWALKS.

The abutting property owner or person enjoying the use of any property abutting on a sidewalk that has become defective and has resulted in causing damage or injury as a result of such defective condition shall be primarily liable in damages for any loss or damage sustained as a result of such defective condition. The city shall not be held as assuming any such liability by reason of inspection or reinspection authorized herein or by reason of the approval or disapproval of any access, facilities, surfacing or appurtenance not made in accordance with standards or specifications of this article. (Ord. Nos. 8590; 15123)

SEC. 43-34. LIABILITY OF PERSONS MAKING SPECIAL USE OF SIDEWALKS.

It shall be the duty of any property owner, landlord, tenant, lessee, sublessee, person, firm or corporation making special use of any sidewalk for the purpose of ingress or egress, for loading elevators, downspout drains or any other special use of whatsoever kind or character, whether recited herein or not, to keep such sidewalk, parkway and driveway abutting such property in a good and safe condition and free from any defects or hazards of whatsoever kind and character. Such special user shall be liable in damages for any loss or damage sustained as a result of any defective condition of the sidewalk, driveway, loading elevator, downspout drain or any other special use or facility of whatsoever kind or character. (Ord. Nos. 8590; 15123)

SEC. 43-35. ADMINISTRATION AND ENFORCEMENT OF ARTICLE; POLICE POWER OF DIRECTOR.

The director shall administer and enforce this article and, for this purpose, shall have police power. (Ord. Nos. 8590; 22026)

SEC. 43-36. DIRECTOR NOT PERSONALLY LIABLE FOR GOOD FAITH ACTIONS.

When action is taken by the director to enforce this article, such action is in the name of and on behalf of the city, and the director so acting for the city is not personally liable for any damage that may accrue to persons or property as a result of any action committed in good faith in the discharge of official duties. Any suit brought against the director by reason thereof will be defended by the city attorney throughout the proceedings. (Ord. Nos. 8590; 22026)
SEC. 43-37. AUTHORITY OF DIRECTOR GENERALLY.

(a) The director has authority to take the legal steps necessary to secure compliance with this article.

(b) The director has the right to enter any premises in the discharge of official duties or for the purpose of making any inspection, reinspection, or test or otherwise to ensure compliance with this article.

(c) The director has the power to inspect or reinspect surfacing and the laying of surfacing materials and issue notices or affix them to premises or to reject surfacing materials not meeting the standards provided in this article, and shall have such other powers provided in this article. The director has the power to control and regulate improvements and facilities placed upon public property and the power to cause to be removed all obstructions and encroachments not in conformance with a valid permit and the requirements of this article. (Ord. Nos. 8590; 22026)

SEC. 43-38. EFFECT OF ARTICLE ON RESPONSIBILITY FOR DAMAGES.

This article shall not be construed to relieve from or to lessen the responsibility or liability for damages of any person owning, controlling or installing any surfaces to persons or property caused by any defect therein. (Ord. 8590)

SEC. 43-39. CONSTRUCTION PERMIT - REQUIRED.

No person shall construct, reconstruct, alter, repair, remove, replace, pave, repave, surface or resurface any walk, drive, curb, gutter, paved area or appurtenance on public property in the city without first obtaining from the building inspector a permit so to do. (Ord. 8590)

SEC. 43-40. SAME - APPLICATION - INFORMATION TO BE FURNISHED BY APPLICANTS.

To obtain a permit as required by the preceding section, a bonded contractor or his authorized representative shall file with the building inspector an application in writing therefor on a form to be furnished for that purpose. Such bonded contractor shall be registered with the building inspector and shall furnish a list of the authorized representatives who are to secure permits for him. Each application for a permit shall describe the abutting property adjacent to which the proposed work on public property is to be done, either by lot, block or tract and house number, location on the street or similar description which will readily identify and definitely locate the site of the proposed work. Each applicant shall give such other pertinent information as shall be required by the building inspector. (Ord. 8590)

SEC. 43-41. SAME - SAME - LOT PLAN TO BE FURNISHED WHEN REQUESTED.

When required by the building inspector, an applicant for a permit shall file a lot or plot plan in triplicate showing the following:

(1) The exact location of the proposed building or structure.

(2) Every existing building or structure on abutting property.

(3) Every existing facility on public property adjacent thereto to the center line of the street right of way.

(4) All proposed walks, drives, curbs, gutters, pavements, public utility poles, fire hydrants, gas meters, water meters, storm sewer inlets, manholes or any other appurtenances.
§ 43-41 Streets and Sidewalks

Such plan shall be drawn to scale upon substantial paper and shall be of sufficient clarity to indicate the nature, character and extent of the work proposed, and shall show in detail that the work will conform to this article and to all related rules and regulations. Plans submitted at the time an application is made as provided in the Building Code, for construction on abutting property, may be used to meet this requirement. (Ord. 8590)

SEC. 43-42. SAME - EXPIRATION; NEW PERMIT REQUIRED BEFORE RECOMMENCING WORK.

Each permit shall expire and become null and void if the work authorized therein is not commenced within six months of the date of permit or if the work authorized by the permit is suspended or abandoned after the expiration of the initial six month period. Before the work may be recommenced a new permit shall be obtained. No permit issued in violation of this article shall operate as granting any vested right, and such permit shall be deemed to be null and void and confer no right whatsoever under it. (Ord. 8590)

SEC. 43-43. SURETY BOND - REQUIRED.

No person shall construct, reconstruct or repair any sidewalk, curb, gutter or driveway approach in the city without executing and delivering to the city a bond in the sum of $2,000, payable to the city of Dallas, Dallas County, Texas, with a good and sufficient corporate surety thereon, authorized to do business in the state, (Ord. 8590)

SEC. 43-44. SURETY BOND - CONDITIONS OF ISSUANCE.

(a) The surety bond required by Section 43-43 must include the following conditions:

(b) The opinion of the director as to the necessity of such reconstruction or repair is binding on all parties, and the bond must for such purpose be in force for five years after the construction, reconstruction, or repair of the facility. One recovery may not exhaust the bond, but the bond must be a continuing obligation against the sureties on it until the entire amount provided for is exhausted.

(c) If the bond is decreased because of any recovery that may be obtained, arising out of the violation of any condition of the bond, the governing body shall require, upon receiving notice of that fact, an additional bond to be given by any person in accordance with this article in an amount sufficient, when added to the unexhausted amount of the original bond, to be at all times equal to the sum of $2,000.
(d) The city may for itself, or for the use and benefit of any person injured or damaged by reason of any defective construction, reconstruction, or repair of any sidewalk, curb, gutter, or driveway approach by any person, firm, or corporation, maintain suit on the bond in any court having jurisdiction, or suit may be maintained by any person injured or damaged by reason of the failure of any person, firm, or corporation who constructs, reconstructs, or repairs any sidewalk, curb, gutter or driveway approach in the city to observe the conditions of the bond. (Ord. Nos. 8590; 22026)

SEC. 43-45. SAME - EFFECT OF ARTICLE ON PERSONS NOW ENGAGED IN CONSTRUCTION, ETC.

Nothing in this article shall affect the bond of any person, firm or corporation now engaged in constructing, reconstructing or repairing such facilities which have already been executed in accordance with the terms of existing city laws, nor shall this be construed to in any manner diminish the liability of any surety or principal on such bond. No person having a bond to construct, reconstruct, alter, repair, remove or replace sidewalks, curbs, gutters or driveways on public property within the city shall be permitted to take out a permit for the reconstruction, alteration or repair of any such facility on any public property within the city and allow any person other than the bona fide holder of such bond to do any of the work. No permit for the construction, alteration or repair of any sidewalk, curb, gutter or driveway on any public property within the city shall be granted unless the five year maintenance bond provided for herein shall be in full force and effect at the time of request for such permit and the doing of the work. (Ord. 8590)

SEC. 43-46. STANDARDS FOR RAW MATERIALS USED IN CONSTRUCTION.

Materials used in sidewalks, curbs, drives, gutters and pavements shall be in accordance with the following standards:

CEMENT. Portland cement shall conform to the Standard Specifications for Portland Cement (Serial Designation C-150-56) of the A.S.T.M. High Early-Strength Portland Cement shall conform to the standard specifications for High Early-Strength Portland Cement (Serial Designation C-150-56) of the A.S.T.M.

FINE AGGREGATE. Fine aggregate shall consist of a natural sand or a combination of natural sand and not more than 50 percent of stone screenings. Sand shall be uniformly graded, composed of clean, hard, durable particles of natural materials free from adherent coatings. It shall contain no lumps, soft or flaky particles, clay, loam, foreign, organic or other deleterious matter. Stone screenings shall consist of the clean, dustless product resulting from the crushing of stone or gravel, meeting all the requirements for coarse aggregate except for grading. Fine aggregate containing more than five per cent by weight of deleterious substances shall not be used. Fine aggregate shall be well graded in size from coarse to fine, and shall conform to the following requirements, the percentages to be determined by weight:

<table>
<thead>
<tr>
<th>Size in</th>
<th>Percentage Passing Laboratory Sieves</th>
</tr>
</thead>
<tbody>
<tr>
<td>3/8 in.</td>
<td>100 75-100 60-90 45-80 30-60 6-20 0-4</td>
</tr>
<tr>
<td>Mortar</td>
<td>100 75-100 50-70 45-80 30-60 6-20 0-4</td>
</tr>
</tbody>
</table>

All tests for fine aggregate shall be made in accordance with the current applicable methods of tests of the A.S.T.M.

COARSE AGGREGATE. Coarse aggregate shall consist of the uniformly graded, clean, hard, durable, uncoated particles of natural gravel or crushed stone or gravel, free from adhering coatings. Coarse aggregate shall not contain more than five per cent by weight of deleterious substances. Coarse aggregate shall be well graded in size from coarse to fine, and shall conform to the following requirements, the percentages to be determined by weight:

Materials used in sidewalks, curbs, drives, gutters, and pavements shall be in accordance with the following standards:
Standard Specifications for Portland Cement (Serial Designation C-150-56) of the A.S.T.M. High-Early-Strength Portland Cement shall conform to the standard specifications for High-Early-Strength Portland Cement (Serial Designation C-150-56) of the A.S.T.M.

FINE AGGREGATE. Fine aggregate shall consist of a natural sand or a combination of natural sand and not more than 50 percent of stone screenings. Sand shall be uniformly graded, composed of clean, hard, durable particles of natural materials free from adherent coatings. It shall contain no lumps, soft or flaky particles, clay, loam, foreign, organic, or other deleterious matter. Stone screenings shall consist of the clean, dustless product resulting from the crushing of stone or gravel, meeting all the requirements for coarse aggregate except for grading. Fine aggregate containing more than five per cent by weight of deleterious substances shall not be used. Fine aggregate shall be well graded in size from coarse to fine, and shall conform to the city of Dallas Addendum to the Public Works Construction Standards – North Central Texas as Published by the North Central Texas Council of Governments, current edition.

All tests for fine aggregate shall be made in accordance with the current applicable methods of tests of the A.S.T.M.

COARSE AGGREGATE. Coarse aggregate shall consist of the uniformly graded, clean, hard, durable, uncoated particles of natural gravel or crushed stone or gravel, free from adhering coatings. Coarse aggregate shall not contain more than five per cent by weight of deleterious substances. Coarse aggregate shall be well graded in size from coarse to fine, and shall conform to the city of Dallas Addendum to the Public Works Construction Standards – North Central Texas as Published by the North Central Texas Council of Governments, current edition.

All tests for coarse aggregate shall be made in accordance with the current applicable methods of tests of the A.S.T.M.

### PIT-RUN AGGREGATE

Pit-run aggregate will be permitted provided that portion passing the No. 4 sieve shall conform to these specifications for fine aggregate, and that portion retained on the No. 4 sieve shall conform to these specifications for coarse aggregate.

### WATER

Water used in mixing and curing concrete and mortar shall be clean and free from oil, acid, alkali, foreign organic matter or other deleterious substances.

All tests for coarse aggregate shall be made in accordance with the current applicable methods of tests of the A.S.T.M.

### SPECIFICATIONS FOR CONCRETE REINFORCING STEEL

Material for reinforcement shall conform to requirements of the Standard Specifications for Billet Steel Bars for Concrete Reinforcement (A.S.T.M. Designation A-15-57T) for structural, intermediate or hard grade; or for Rail Steel Bars for Concrete Reinforcement (A.S.T.M. Designation A-16-57-T) or for Axle Steel Bars for Concrete Reinforcement (A.S.T.M. Designation A-160-57T) or for Cold-Drawn Steel Wire...
for Concrete Reinforcement (A.S.T.M. Designation A-82-34) or for Welded Steel Wire Fabric for Concrete Reinforcement (A.S.T.M. Designation A-185-56T). All reinforcement shall be free from rust, scale, oil, paint and other substances which prevent bonding to the concrete. (Ord. 8590)

SEC. 43-48. SPECIFICATIONS AND PLACEMENT OF CONCRETE EXPANSION JOINT FILLER.

Expansion joint filler shall be of the pre-moulded type, one-half inch in thickness; the width shall conform to the section of concrete in which incorporated. Expansion joint filler shall be placed where new work abuts old concrete work. Upon completion of the work, expansion joint filler shall be cut off level with the top of the finished concrete. Expansion joint filler shall conform to the Standard Specifications for Bituminous Types (A.S.T.M. Designation D-994-53) or Non-extruding and Resilient Types (A.S.T.M. Designation D-544-56T). (Ord. 8590)

SEC. 43-49. SUBGRADE DETERMINATION.

Foundations or subgrades for all work shall be set at the grades determined by the director. Inspection of such foundation or subgrade must be made and approved by the director before concrete is placed on it. (Ord. Nos. 8590; 22026)

SEC. 43-50. FORM, SPECIFICATIONS, AND PLACEMENT.

Forms must be straight, smooth, free from warps, and aligned with the stakes set by the director and must be of sufficient strength to retain this alignment. Depth must be not less than the total thickness of the section for which used. Forms must be securely staked, anchored, braced, and set to the established
line and grade, the upper edge conforming to the grade of the finished work. Forms must be cleaned of all mortar and dirt. Surface for forms next to concrete may be required to be oiled. Forms must be of either wood or metal. (Ord. Nos. 8590; 22026)

SEC. 43-51. CONCRETE - INGREDIENTS AND CONSISTENCY REQUIRED.

Concrete shall consist of a mixture of Portland cement, fine and coarse aggregate and water in such proportions that will secure a dense, plastic, workable concrete of the strength specified at 28 days. The quantity of water specified per sack of Portland cement shall include the moisture on the surface of the aggregate, but shall not include the amount of water absorbed by the aggregates in 30 minutes. Concrete which has partially set shall not be retempered or remixed by adding additional ingredients. Concrete shall not be mixed during freezing weather, and shall not be placed when the temperature is 40°F. or less. No frozen ingredients or conglomerates shall be used in concrete. Test for slump of concrete shall be made in accordance with the Method of Test for Consistency of Portland Cement Concrete (Serial Designation C-143-52) of the A.S.T.M. All tests for ingredients and concrete shall be made in accordance with the current applicable methods of tests of the A.S.T.M. (Ord. 8590)

SEC. 43-52. SAME - PLACEMENT.

Concrete shall be placed in as near its final position as possible, and in such manner as to prevent separation or segregation of the ingredients. Concrete shall be placed in such quantities that after being thoroughly compacted it will be the required thickness, the upper surface true, uniform and parallel to the finished surface. (Ord. 8590)

SEC. 43-53. SAME - PROTECTING AGAINST EXTREME TEMPERATURES, ETC.

Concrete shall be protected against freezing or excessive heat. Concrete shall be kept continuously moist for four days. Concrete shall be protected from traffic until it has developed 80 percent of the required strength. (Ord. 8590)

SEC. 43-54. EXAMINATION AND APPROVAL OF MATERIALS PRIOR TO USE.

The director may inspect any and all materials before pouring the concrete. The contractor shall furnish the required samples when requested for the making of tests and other required examinations prior to the use of the materials. (Ord. Nos. 8590; 22026)

SEC. 43-55. ALL WORK TO COMPLY WITH ESTABLISHED LINES AND GRADES.

The work authorized by construction permits issued pursuant to this article must be aligned with the stakes and set to the grade as determined by the director. (Ord. Nos. 8590; 22026)

SEC. 43-56. PROTECTION OF GRADE AND LINE STAKES.

Stakes set by the director must be protected by the contractor. Grade and line stakes must be set by the director upon request. (Ord. Nos. 8590; 22026)

SEC. 43-57. LIGHTS AND SAFEGUARDS.

The contractor shall provide necessary red lanterns and flares and safeguards so placed that
§ 43-57 Streets and Sidewalks § 43-62

SEC. 43-57. PEDESTRIANS AND VEHICULAR TRAFFIC.

Pedestrians will not be injured and vehicular traffic shall not be unnecessarily impeded and be protected from injury. Provisions shall be made for the passage of water in the street gutter. (Ord. 8590)

SEC. 43-58. REMOVAL OF DEBRIS, ETC., UPON COMPLETION OF WORK.

Immediately upon completion of the work the contractor shall remove from the area all unused material, dirt, debris and loose concrete. He shall see that the entire area is broom clean and usable. (Ord. 8590)

SEC. 43-59. CONSTRUCTION OF RETAINING WALLS ON PUBLIC PROPERTY.

No buttresses, steps, projections, retaining walls or fences shall be constructed on any public property unless such construction is approved by the city council. (Ord. 8590)

SEC. 43-60. TRAFFIC BARRIERS FOR SERVICE STATIONS AND PARKING LOTS.

Premises used as motor vehicle service stations or parking lots shall have a six inch raised curb or other approved traffic barrier along the entire street frontage except at the driveway approaches and access walks. (Ord. 8590)

SEC. 43-61. SAME - PLACEMENT OF CURBS.

The curb for traffic barriers required by the preceding section shall be placed so that automobile bumpers shall not extend over the sidewalk or public property. (Ord. 8590)

SEC. 43-62. INDENTED PARKING.

(a) No indented parking is allowed in the city except as approved in accordance with this section.

(b) The director may approve an application for indented parking if:

(1) the speed limit for the portion of the public roadway required for maneuvering into or out of the proposed indented parking space or spaces is 35 miles per hour or less;

(2) the director determines that the proposed indented parking would not constitute a traffic hazard; and

(3) the application is not required to be denied on the basis of property owner objections under Subsection (e).

(c) An application for indented parking must be submitted to the director, along with a nonrefundable application fee of $50, and include:

(1) a schematic drawing that:

(A) shows the proposed parking layout, the roadway pavement, adjacent uses, nearby right-of-way, curbs, sidewalks, utility poles, street lighting poles, and other above-ground objects;

(B) shows that all geometric, operational, and safety issues have been addressed and mitigated;

(C) is prepared by a professional engineer who is registered in Texas and certified as a professional traffic operations engineer by the Institute of Transportation Engineers; and

(D) complies with all available standards and best practices for angle parking or parallel parking; and
§ 43-62 Streets and Sidewalks

§ 43-63

(2) any other information the director deems necessary.

(d) If, after reviewing the application, the director determines that the proposed indented parking meets the requirements of Subsections (b)(1) and (b)(2), but is located within 200 feet of a single family district, then the director shall send written notice of the indented parking proposal to all property owners located within 200 feet of the proposed indented parking. The notice must be given by depositing the notice properly addressed and postage paid in the United States mail to the property owners as evidenced by the last approved city tax roll.

(e) After receiving a notice under Subsection (d), a property owner has 14 days from the date the notice is mailed to file an objection to the indented parking proposal with the director. If any property owner notified under Subsection (d) timely files an objection with the director, then the director shall deny the application for indented parking.

(f) If the only basis for director’s denial is that an objection was timely filed under Subsection (e), then the applicant may appeal the denial to the city plan commission. A written request for an appeal must be signed by the applicant or its legal representative and filed with the director within 15 days after the date the director’s decision is issued. The appeal request must be accompanied by an appeal filing fee of $800.

(g) The city plan commission shall hold a public hearing to allow interested parties to express their views regarding the appeal. The director shall give notice of the public hearing in a newspaper of general circulation in the city at least 10 days before the hearing. In addition, the director shall send written notice of the hearing to all property owners located within 200 feet of the proposed indented parking. The notice must be given not less than 10 days before the date set for the hearing by depositing the notice properly addressed and postage paid in the United States mail to the property owners as evidenced by the last approved city tax roll.

(h) At the public hearing, the city plan commission shall determine whether the requested parking would detrimentally affect neighboring property. The city plan commission may reverse or affirm, in whole or in part, or modify the decision of the director based upon testimony presented at the public hearing, technical information provided by city staff, and the standards contained in this section. The decision of the commission is final.

(i) For purposes of this section, measurements must be made in a straight line, without regard to intervening structures or objects, from the nearest point of any proposed indented parking space to the nearest point of the boundary of a single-family district or other property required to receive notice under Subsection (d) or (g).

(j) Nothing in this section limits the authority of the city traffic engineer to approve parking under Chapter 28 of this code. (Ord. Nos. 8590; 11283; 27227)

SEC. 43-63. REPAIR OF DEFECTIVE SIDEWALKS OR DRIVEWAYS BY ABUTTING PROPERTY OWNERS.

(a) When a sidewalk, driveway, or any appurtenance to a sidewalk or driveway becomes defective, unsafe, or hazardous, the abutting property owner shall reconstruct or repair the sidewalk, driveway, or appurtenance, and the expense of such work must be borne by the abutting property owner.

(b) When a sidewalk, driveway, or appurtenance to a sidewalk or driveway is found to be defective, unsafe or hazardous, the director of public works or the director of code compliance shall notify the owner of the abutting property to reconstruct or repair the sidewalk, driveway, or appurtenance.

(c) Any owner who fails to reconstruct or repair a defective, unsafe, or hazardous condition within 30 days after the date of the written notice from the director of public works or the director of code compliance to do so, or any owner who fails to begin

10/18 Dallas City Code 17
such reconstruction or repair within 15 days after the date of such notice, is guilty of an offense. (Ord. Nos. 8590; 13898; 19963; 22026; 23694; 30239; 30654)

SEC. 43-64. MIXING CONCRETE OR MORTAR ON EXISTING PAVEMENT; UNUSED MIXTURE TO BE IMMEDIATELY REMOVED.

No person shall mix concrete or mortar or any mixture or substance containing cement on any existing pavement on public property nor leave or cause to be left any excess concrete or mortar or any mixture or substance containing cement on any existing pavement on public property, nor allow same to leak or fall from any container or receptacle onto pavement on public property. If any concrete, mortar or any mixture or substance containing cement is accidentally dropped or placed upon any pavement on public property within the city, the person responsible shall immediately remove same before such substance hardens or sets on the pavement. (Ord. 8590)

SEC. 43-65. SIDEWALK DRAINAGE OPENINGS TO HAVE METAL COVERS.

Wherever water from roofs of adjacent buildings is drained or conducted under sidewalks from downspout drains to the street gutters through aqueducts or concrete troughs, these openings in the sidewalk shall be fitted with strong metal covers, which shall be securely held in place with screws or other fasteners which will not rust or corrode. Such cover shall be set flush with the surface of the sidewalk and securely bolted, fastened or so constructed that it cannot slip, shift or become out of alignment with the surface of the sidewalk. (Ord. 8590)

SEC. 43-66. ALTERNATIVE MATERIALS AND CONSTRUCTION METHODS.

(a) The provisions of this article do not prevent the use of types of construction or materials or methods of construction offered as an alternate for the types of construction or materials or methods of construction specifically required by this article, but such alternate types of construction or materials or methods of construction to be given consideration must be offered for approval as being sufficient, safe, and equal to the standards set out in this article. When specifically authorized by the building official, upon review of the access facilities and the types of construction or materials or methods of construction by the director, materials and construction that have been so approved must be used and installed in accordance with the terms of the approval. Such approvals and the conditions upon which they are issued must be specific, must be reasonable when considered in the light of convenience and safety to the general public, must not create an injustice, and must be made a matter of public record.

(b) In unusual circumstances, the terms and provisions of this chapter may be varied by resolution of the city council. (Ord. Nos. 8590; 22026)

Subdivision II. Sidewalks.

SEC. 43-67. MINIMUM DIMENSIONS; FINISHING.

Sidewalks shall be a minimum width of four feet and shall be four inches thick. The surface may have a monolithic finish by floating with a wooden float until a slight excess of sand appears on the surfaces or may be brushed after troweling in lieu of floating. The edges of the sidewalk, markings and expansion joints shall be tooled to a smooth finish, not less than two-
inches in width. Exposed edges of the sidewalk shall be rounded with an edger to a radius of one-half inch. The surface of the sidewalk shall not be left with a slick or glossy finish.

Sidewalks shall be a minimum width of four feet and shall be four inches thick unless wider dimensions are required in the Street Design Manual of the city of Dallas. The surface may have a monolithic finish by floating with a wooden float until a slight excess of sand appears on the surfaces or may be brushed after troweling in lieu of floating. The edges of the sidewalk, markings and expansion joints shall be tooled to a smooth finish, not less than two inches in width. Exposed edges of the sidewalk shall be rounded with an edger to a radius of one-half inch. The surface of the sidewalk shall not be left with a slick or glossy finish. (Ord. Nos. 8590; 31313)

SEC. 43-68. CONCRETE SPECIFICATIONS.

(a) Concrete for walks must have a minimum compressive strength of 2,500 pounds per square inch at 28 days. The quantity of mixing water may not exceed seven U.S. gallons per sack (94 pounds) of Portland cement. The slump of the concrete may not exceed four inches.

(a) The minimum compressive strength of the concrete and requirements for the quantity of mixing water and the concrete slump must conform to the city of Dallas Addendum to the Public Works Construction Standards – North Central Texas as Published by the North Central Texas Council of Governments, current edition.

(b) The director may inspect the foundation and forms before concrete is poured.

(c) Concrete must be thoroughly compacted so that the minimum thickness is four inches. Concrete must be free from honey-combing, rock pockets and segregation of ingredients. The addition of neat cement to concrete in order to absorb excess water or to accelerate hardening is prohibited. (Ord. Nos. 8590; 22026; 31313)

SEC. 43-69. FORM, PLACEMENT AND SLOPE.

Forms shall be set to provide for drainage from the property line to the curb line; the slope in general will be one-fourth inch per foot of width of sidewalk, and it shall not exceed one-fourth inch per foot of width of sidewalk. (Ord. 8590)

SEC. 43-70. JOINTS.

One-half inch expansion joints shall be spaced 25 to 30 foot intervals or as otherwise specified and shall be placed where new work abuts old work, or where new work is constructed adjacent to either concrete work, walls, foundations, etc. The expansion joints shall be filled with premoulded bituminous expansion

Subdivision I. Curbs and Gutters.

SEC. 43-71. DESCRIPTION; COMPOSITION OF CONCRETE AND MORTAR USED IN CONSTRUCTION.

Curb, curb and gutter and separate gutter shall consist of a concrete core and a mortar surface.

Concrete shall have a minimum compressive strength of 3,000 pounds per square inch at 28 days. The quantity of mixing water shall not exceed seven U.S. gallons per sack (94 pounds) of Portland cement. The slump of the concrete shall not exceed three inches. Mortar shall be composed of one part Portland cement, one and one-half parts fine aggregate and water. Curb, curb and gutter and separate gutter shall consist of a concrete core and a mortar surface.

The minimum compressive strength of the concrete and requirements for the quantity of mixing water and the concrete slump must conform to the city of Dallas Addendum to Public Works Construction Standards – North Central Texas as published by the North Central Texas Council of Governments, current edition. Mortar shall be composed of one part Portland cement, one and one-half parts fine aggregate and water. (Ord. Nos. 8590; 31313)

SEC. 43-72. CONSTRUCTION OF JOINTS.

Three-fourths inch expansion joints shall be spaced at 25 to 30 foot intervals or as otherwise specified. The three-fourths inch expansion joints shall be filled with a three-fourths inch premoulded bituminous expansion joint filler or other approved type and shall extend the entire depth and width of the concrete section. Curb and gutter shall be grooved three-eighths inch deep on five-foot centers. (Ord. 8590)

SEC. 43-73. FORMS.

Wooden forms shall have a nominal thickness of two inches, surfaced one side and one edge and shall
be straight and devoid of warps, twists, knot holes and other defects to prevent leakage of concrete or mortar.  
(Ord. 8590)

SEC. 43-74. PLACEMENT OF CONCRETE AND MORTAR.

(a) Foundation or subgrade for all work must be set at the grades determined by the director. The director may inspect the foundation, subgrade, and reinforcing before concrete is poured.

(b) Concrete must be thoroughly compacted so that the minimum thickness conforms to the requirements of this article. Concrete must be free from honeycombing, rock pockets, and separation and segregation of ingredients. Upon completion of the concrete core, the one-half inch mortar surface must be placed while the core is still green, the work being carried on uniformly so that a perfect bond is obtained between the concrete core and mortar surface.  
(Ord. Nos. 8590; 22026)

SEC. 43-75. FINISHING.

The mortar surface shall be thoroughly troweled, not less than twice, to a uniformly smooth surface and brush finished. Exposed edges of the gutter and back of curb shall be rounded to a one-half inch radius.  
(Ord. 8590)

SEC. 43-76. PROTECTION OF NEW WORK FROM TRAFFIC; BACKFILLING.

Curb, curb and gutter and separate gutter shall be protected from vehicular traffic for not less than six days.

Earth or sand shall be used for backfill and shall be thoroughly compacted, care being taken not to injure the completed work.  
(Ord. 8590)

SEC. 43-77. FINAL DIMENSIONS; GUTTER RATIO REQUIRED FOR CURB FACING; DWELLING FOR DRIVEWAY CONSTRUCTION.

Curb and gutter shall have the back 12 inches deep and vertical. Curb shall be six inches thick at the top, face battered 1:3. The gutter shall be uniformly six inches thick and a minimum of 24 inches in width, except where gutter joins gutter of a greater width.

Where driveways are to be constructed, the curb may be laid back, radius begun and No. 3 (three-eighths inch diameter) round bars, exposed 15 inches, placed on 24 inches center to center for dowels.  
(Ord. 8590)

Subdivision II. Driveway Approaches.

SEC. 43-78. SPECIFICATIONS FOR MATERIALS USED IN CONSTRUCTION.

Driveway approaches shall conform to the following standards:

CONCRETE. Driveway approaches shall be constructed of one-course concrete, reinforced, six inches minimum thickness, which shall have a minimum compressive strength of 2,500 pounds per square inch at 28 days. The quantity of mixing water shall not exceed seven U.S. gallons per sack (94 pounds) of Portland cement. The slump of the concrete shall not exceed four inches.

REINFORCING STEEL. Reinforcement shall consist of No. 3 (three-eighths inch diameter) round bars placed not more than 24 inches on centers, both directions. Where steel is lapped, the lap shall be not less than 15 inches.

Driveway approaches shall conform to the following standards:

CONCRETE. Driveway approaches shall be constructed of one-course concrete, reinforced, with a six inch minimum thickness. The minimum compressive strength of the concrete and requirements for the quantity of mixing water and the concrete slump must conform to the city of Dallas Addendum to the Public Works Construction Standards – North
REINFORCING STEEL. Reinforcement shall consist of No. 3 (three-eighths inch diameter) round bars placed not more than 24 inches on centers, both directions. Where steel is lapped, the lap shall be not less than 15 inches. (Ord. Nos. 8590; 31313)
SEC. 43-79. PLACEMENT AND COMPACTION OF CONCRETE.

(a) The director may inspect the foundation, forms, and reinforcing before concrete is poured.

(b) Concrete must be thoroughly compacted with an open faced tamper and struck off with a straight edge so that the minimum thickness is six inches. Concrete must be free from honeycombing, rock pockets, and segregation of ingredients. (Ord. Nos. 8590; 22026)

SEC. 43-80. FINISHING.

The surface may have a monolithic finish by floating with a wooden float until a slight excess of sand appears on the surface or may be brushed after troweling in lieu of floating. In no case shall the surface be left slick or with a glossy finish. Exposed edges of driveway shall be rounded with an edger to a radius of one-half inch. (Ord. 8590)

SEC. 43-81. PROTECTION FROM VEHICULAR TRAFFIC.

Driveway approaches shall be protected from vehicular traffic for not less than six days. (Ord. 8590)

SEC. 43-82. REMOVAL OF CURB AND GUTTER WHERE REQUIRED.

Where a driveway approach is to be constructed at a location where there exists a curb and gutter, such curb and gutter shall be removed to the nearest construction joint. The driveway approach shall extend to the back side of the existing or future sidewalk. On concrete pavement with monolithic curb, the breakout line will be nine inches from the back of curb line and shall be parallel to it and form a right angle with the concrete surface. (Ord. 8590)

SEC. 43-83. MAXIMUM SPACE TO BE OCCUPIED.

Driveway approaches shall not occupy more than 70 percent of the frontage abutting the roadway of the tract of ground devoted to one use which abuts the roadway. (Ord. 8590)

SEC. 43-84. NUMBER OF APPROACHES PERMITTED.

Not more than two driveway approaches shall be permitted on any parcel of property with a frontage of 150 feet or less. Additional openings, for parcels of property having a frontage of 150 feet or less, may be permitted, after proof to the traffic engineer of necessity and convenience to the public. (Ord. 8590)

SEC. 43-85. SEPARATION OF DRIVEWAY APPROACHES.

When more than one driveway approach is required to serve a parcel of property, a traffic island shall separate the driveway approaches. The width of the traffic island at the property line shall be a minimum of 20 feet. Where the grade at the property line is the same as the sidewalk, a six inch raised curb shall be constructed at the back of the traffic island along the property line, and on private property. The raised curb shall be constructed so as to end 24 inches from the intersection of the driveway approach with the property line. (Ord. 8590)

SEC. 43-86. LOCATION; PROVISION FOR JOINT APPROACHES.

Driveway approaches shall be located entirely within the frontage of the premises abutting the work and shall be located not less than five feet from each side of the property line, except that joint driveway approaches with adjoining property holders may be
permitted provided joint application is made by all interested parties, and the width set out in Section 43-94 is not exceeded. (Ord. 8590)

SEC. 43-87. MINIMUM ANGLE IN RELATION TO CURB LINE.

The angle of the driveway approach with the curb line shall be not less than 45 degrees. (Ord. 8590)

SEC. 43-88. MINIMUM REQUIREMENTS FOR APPROACHES NEAR STREET INTERSECTIONS.

Where existing right of way permits, driveway approaches nearest an intersection of two streets shall meet the following minimum requirements. The corner rounding shall have curbs constructed with a minimum radius of 20 feet continuously between the points of tangency of the curb lines of both streets. The first driveway may start from the point of tangency of the curb line and corner radius and be cut in with a five foot minimum radius. (Ord. 8590)

SEC. 43-89. LOCATION OF APPROACHES NEAR TRAFFIC INTERCHANGES, ETC.

Driveway approaches at or near streets and traffic interchanges, grade separations and traffic circles shall be so located that traffic entering or leaving the street will not impede, confuse, imperil or otherwise interfere with vehicular traffic. (Ord. 8590)

SEC. 43-90. LOCATION OF APPROACHES AT PEDESTRIAN CROSSINGS, ETC., PROHIBITED.

Driveway approaches shall not be located at street intersections or at established pedestrian crossings. (Ord. 8590)

SEC. 43-91. CONSTRUCTION IN EXISTING ANGLE PARKING AREAS PROHIBITED; EXCEPTIONS.

Driveway approaches shall not be constructed in existing angle parking areas except when the curb is restored to its normal location along the roadway in front of the premises. (Ord. 8590)

SEC. 43-92. STANDING OR PARKING OF VEHICLES, ETC., ON DRIVEWAY APPROACHES PROHIBITED.

Driveway approaches shall not be constructed or designed for use for the standing or parking of vehicles or for use as angle parking. (Ord. 8590)

SEC. 43-93. ABANDONMENT; DUTY OF ABUTTING PROPERTY OWNER TO RESTORE CURB.

Whenever the use of any driveway approach is abandoned and no longer used for vehicular access to the abutting property, it shall be the duty of the abutting property owner to restore the curb according to the standards provided in this article. (Ord. 8590)

SEC. 43-94. RESIDENTIAL DRIVEWAY APPROACHES.

Residential driveway approaches shall comply with the following requirements:

(a) Width. Residential driveway approaches shall not be less than nine feet nor more than 30 feet in width measured at the property line.

(b) Radius. A residential driveway approach shall be constructed with the return curbs having a rolled face disappearing at the sidewalk and joining the street curb with a five foot minimum radius, except
that on an arterial the minimum radius shall be 10 feet. A driveway 18 feet in width and greater may have a five-foot radius on an arterial.

(c) Removal of existing sidewalks. Where the residential driveway approach is designed to cross an existing sidewalk, the sidewalk included in the driveway approach area shall be removed and reconstructed as a driveway approach.

Residential driveway approaches shall comply with the following requirements:

(a) Width. Residential driveway approaches shall not be less than 10 feet nor more than 30 feet in width measured at the property line.

(b) Radius. A residential driveway approach shall be constructed with the return curbs having a rolled face disappearing at the sidewalk and joining the street curb with a five-foot minimum radius, except that on an arterial the minimum radius shall be 10 feet.

(c) Removal of existing sidewalks. Where the residential driveway approach is designed to cross an existing sidewalk, the sidewalk included in the driveway approach area shall be removed and reconstructed as a driveway approach.

(Ord. Nos. 8590; 21186; 31313)

SEC. 43-95. COMMERCIAL DRIVEWAY APPROACHES.

Walks, drives, curbs, gutters, pavements and appurtenances on public property and other facilities to provide access to premises used for other than residential purposes shall be constructed, provided, or repaired in accordance with the following standards and requirements:

(a) Width. The width of any commercial driveway approach shall be not less than 12 feet nor more than 40 feet measured along the property line, except driveway approaches for motor vehicle docks within a building shall not exceed 60 feet in width at the property line. Where more dock space is required, the driveway approaches shall be separated by a traffic island meeting the standards set out in section 43-85.

(b) Radius. Commercial driveway approaches shall be constructed with the return curbs having a roll face disappearing at the sidewalk and joining the street curb with a 10 foot minimum radius.

(c) Removal of existing sidewalks. Where a commercial driveway approach is to be built, the sidewalk shall be removed and the entire area replaced as a driveway. The driveway approach shall extend to the back side of the existing or future sidewalk.

(Ord. Nos. 8590; 31313)
ARTICLE IV.
SNOW AND ICE.

SEC. 43-96. REMOVAL OF SNOW AND ICE FROM SIDEWALKS REQUIRED.

(a) Every owner, lessee, tenant, occupant or other person having charge of any building or lot abutting upon any public way or public place shall remove the snow and ice from the sidewalk in front of the building or lot.

(b) Snow and ice which falls or accumulates before 4:00 p.m. during any day, except Sunday, shall be removed within three hours after the snow or ice has fallen or accumulated. Snow and ice which falls or accumulates on a Sunday or after 4:00 p.m. and during the night on any other day shall be removed before 10:00 a.m. the following day. (Ord. Nos. 3314; 19398)

SEC. 43-97. COVERING SNOW AND ICE WITH SAND, ASHES, ETC.

If the snow and ice on the sidewalk is frozen so hard that it cannot be removed without injury to the pavement, the owner, lessee, tenant, occupant or the person having charge of any building or lot shall, within the time specified in this article, cause the sidewalk abutting on the premises to be strewn with ashes, sand, sawdust or other similar suitable materials and shall, as soon as the weather shall permit, thoroughly clean the sidewalk. (Ord. Nos. 3314; 19398)

SEC. 43-98. WHERE REMOVED SNOW AND ICE TO BE PLACED.

Removed snow and ice shall be uniformly distributed parallel to the curb and in the gutters where there is no parkway. When a parkway exists
between the curb and sidewalk, the snow and ice may be uniformly distributed on the parkway; provided that no snow or ice shall be so placed at crosswalks which must be left open and free of removed snow and ice. (Ord. Nos. 3314; 19398)

SEC. 43-98.1. CAUSING ICE TO FORM ON STREETS AND ALLEYS.

(a) A person commits an offense if he uses water, or allows the use of water under his control, in a manner that causes the water to collect on the roadway of a public street or alley and form ice.

(b) A person violating Subsection (a) of this section shall pay the city for all costs incurred by the city in removing or covering the ice on the roadway of the public street or alley, including, but not limited to, the costs of labor, equipment, and ashes, sand, sawdust or other material used to cover the ice. (Ord. 19398)

SEC. 43-98.2. ENFORCEMENT.

This article shall be enforced by the director of the department designated by the city manager to enforce and administer this article, or the director’s authorized representative. (Ord. 19398)

ARTICLE V.

BUILDING NUMBERING.

SEC. 43-99. OWNER OR OCCUPANT TO NUMBER BUILDINGS.

(a) The owner or occupant of each building in the city shall place and maintain an official building number in a conspicuous place on the premises so that it can be clearly seen from a public street. This requirement does not apply to accessory buildings.

(b) The number must be placed within 10 days after a new building is completed. (Code 1941, Art. 68-2; Ord. Nos. 15072; 15225)

SEC. 43-100. OFFICIAL NUMBERING PLAN MUST BE FOLLOWED.

(a) Buildings must be numbered in compliance with this article and in accordance with the plan delineating and prescribing the method of numbering buildings which is on file in the office of the building official.

(b) The building official shall designate the official number which is to be placed on each building. A person may request an official number designation by submitting a legal description of the property to the building official. (Code 1941, Art. 68-2; Ord. 15072)

SEC. 43-101. SPECIFICATIONS FOR NUMBERS.

An official building number placed pursuant to this article must be at least three inches high, composed of a durable material, and of a color which provides a contrast to the background. (Code 1941, Art. 68-3; Ord. 15072)

SEC. 43-102. ODD AND EVEN NUMBERS.

Odd numbers shall be assigned to the north side, and even numbers assigned to the south side, of streets and public accesses running east and west or substantially in that direction. Odd numbers shall be assigned to the west side, and even numbers assigned to the east side, of streets and public accesses running north and south or substantially in that direction. (Code 1941, Art. 68-4; Ord. 15072)
SEC. 43-103. BASIC UNITS OF SPACE FOR NUMBERING.

The basic unit of space for numbering along public streets and public accesses is 25 feet; however, in shopping centers, townhouse areas, apartment areas, and other building complexes where the building official determines that the 25 foot unit is not adequate, he may assign a basic unit of 10 feet. (Code 1041, Art. 68-5; Ord. 15072)

SEC. 43-104. NUMBERING WITHIN BUILDING COMPLEXES.

(a) A building complex composed of multiple structures must have an official number assigned to each building. Each unit within each building must also be assigned an official number. If there is sufficient street frontage, each unit or building may be assigned an official street address number. The official number must be prominently posted on the building so that it is visible, where possible, from the nearest vehicular access. The official number for each unit must be conspicuously posted on the unit.

(b) If a building is situated within a complex in such a way that it is not visible from a vehicular access the owner shall post and maintain directional signs along the nearest vehicular access indicating the location of the building by building number and unit numbers. (Code 1941, Art. 68-6; Ord. 15072)

SEC. 43-105. DIRECTIONAL SIGNS WITHIN BUILDING COMPLEXES.

(a) In a building complex composed of multiple structures which contains internal vehicular accesses, if each official building number is not discernible from the public street, the owner of the building complex shall post directional signs at each entrance to the complex and at each intersection of vehicular accesses, other than public streets, within the complex.

(b) For the purpose of this section, an “entrance” to a complex is a point at which vehicular access to the complex, other than a public street, intersects with a public street.

(c) The directional signs must indicate the direction to buildings and units by number, must be legible from the vehicular access, and must be painted with a color which is in contrast to the background. Directional signs required by this section are not required to comply with Chapter 41 of this Code. (Code 1941, Art. 68-5; Ord. 15072)

SEC. 43-106. DIAGRAM OF MALL AREAS.

The owner of a building complex which contains a mall area shall submit to the police and fire departments a diagram of the complex, indicating the location of each business. When a change in a business location is made, the owner shall advise the police and fire departments in writing of the change. (Code 1941, Art. 68-9; Ord. 15072)

SECS. 43-107 THRU 43-110. RESERVED.

(Repealed by Ord. No. 15072)

ARTICLE VI.

LICENSE FOR THE USE OF PUBLIC RIGHT-OF-WAY.

Division 1. Licenses for Other than Bicycle Parking Devices, Valet Parking Services, and Newsracks.

(Division title created by Ord. 18838 and amended by Ord. Nos. 25539, 26809)
SEC. 43-111. DEFINITIONS.

In this division,

(1) DIRECTOR means the director of the department designated by the city manager to enforce and administer this division, or the director’s authorized representative.

(2) SIDEWALK CAFE has the meaning given that term in Chapter 316 of the Texas Transportation Code, as amended. (Ord. 29906)

SEC. 43-112. APPLICATION; FEE.

(a) If a person, or governmental entity operating a utility, desires to make use of any portion of the public right-of-way for a private or governmental utility use, the person, or governmental entity operating a utility, must apply in writing to the director. The application must be accompanied by plans or drawings showing the area to be used, a statement of the purpose for which the right-of-way is to be used, and a nonrefundable application fee in the amount required by Subsection (b) of this section, plus recording fees; except that the application fee is not required for:

(1) existing encroachments previously licensed; or

(2) a license to place and maintain the facilities of a utility operated by a governmental entity on public right-of-way, where the governmental entity has previously contracted with the city to provide mutual granting of rights-of-way for utility purposes.

(b) The application fee is:

(1) $100 for a sidewalk cafe;

(2) $100 for a use of a public right-of-way described in Section 43-115.1; and

(3) $750 for any other use of the public right-of-way. (Ord. Nos. 18119; 18962; 24051; 25539; 29906)

SEC. 43-113. GRANT BY CITY COUNCIL.

If, in the judgment of the city council, the requested use is not inconsistent with and does not unreasonably impair the public use of the right-of-way, the council may by ordinance grant the license. (Ord. Nos. 18119; 25539)

SEC. 43-114. TERMS AND CONDITIONS; DURATION; RIGHT OF TERMINATION RESERVED BY CITY.

(a) The ordinance shall contain the terms and conditions of the license and shall state the time for which the license exists. Whether or not stated in the ordinance the city council retains the right to terminate a license whenever in its judgment the purpose or use of the license is inconsistent with the public use of the right-of-way or whenever the purpose or use of the license is likely to become a nuisance.

(b) If a private license does not state the time for expiration, it will expire 10 years from the date of the passage of the ordinance granting the license.

(c) If a license to place and maintain the facilities of a utility operated by a governmental entity on public right-of-way does not state the time for expiration, it will expire upon expiration of the governmental entity’s contract with the city providing for mutual granting of rights-of-way. (Ord. Nos. 18119; 18962; 25539)

SEC. 43-115. ANNUAL FEE FOR USE OF PUBLIC RIGHT-OF-WAY.

(a) The annual fee for a license to use a public right-of-way for the following uses is:
§ 43-115 Streets and Sidewalks

(1) Fee for railroad crossing: not less than $50 per track crossing the public right-of-way or an amount determined by the director and established in the ordinance granting the license. The fee will not be assessed for a railroad crossing where the railroad existed before the public right-of-way was established.

(2) Fee for encroachment of historically significant structures into public right-of-way: $1,000.

(3) Fee for placement and maintenance of facilities of a utility operated by a governmental entity on public right-of-way pursuant to a contract with the city providing for mutual grant of rights-of-way: None.

(4) Fee for a sidewalk cafe: $200.

(b) The annual fee for a license to use a public right-of-way for uses other than those listed in Subsection (a) is $1,000 or is calculated in accordance with one of the following formulas, whichever is greater:

(1) Fee for use of public right-of-way: area X market value X 85% X 12%.

(2) Fee for subsurface use only: area X market value X 30% X 12%.

(3) Fee for air rights use only (including awnings and canopies with a premise sign as defined in Section 51A-7.102(28) of the Dallas City Code): area X market value X 85% X 85% X 12%.

(4) Fee for commercial parking operation use: 50% of gross receipts (which include receipts for all parking and tips less sales and use taxes, if applicable).

(c) Except for a sidewalk cafe license, the application fee required by Section 43-112 will be applied to the first year’s fee if a license is granted.

(d) Whether or not stated in the ordinance granting the license, the city council retains the right to increase or decrease the annual fee.

(e) The market value of the area licensed is based on the per square foot appraised value, as determined by the Dallas County Central Appraisal District, of a fee simple interest in a useable tract of abutting property.

(f) The director shall annually review the market values of licensed areas for which fees are based on market value. If it is determined that the market value of a licensed area has decreased, the director shall notify the licensee in writing that the annual fee has been decreased. If it is determined that the market value of a licensed area has increased, the director shall notify the licensee in writing that the annual fee has been increased. If a licensee is unwilling to accept the increased fee, the licensee may terminate the license. (Ord. Nos. 18119; 18962; 22216; 24051; 25539; 26809; 27775; 29906)

SEC. 43-115.1. SPECIAL FEES FOR THE USE OF PUBLIC RIGHT-OF-WAY.

(a) Instead of the annual fee charged under Section 43-115 of this division, the following one-time fees will be charged for a license to use a public right-of-way for the following uses:

(1) Fee for landscaping and appurtenant irrigation systems: $100.

(2) Fee for awnings and canopies without a premise sign as defined in Section 51A-7.102(28) of the Dallas City Code: $100 per awning or canopy.

(3) Fee for subdivision and monument signs: $100 per sign.

(4) Fee for other streetscape elements, including planters, crosswalk texturing and coloring, artwork, lighting, benches, flag poles, bollards, and trash receptacles: $100.

(b) An application fee paid pursuant to Section 43-112 will not be applied to license fees charged under this section. (Ord. Nos. 25539; 27775; 29906)
SEC. 43-115.2. LICENSES FOR SUBDIVISION SIGNS.

(a) In this division, SUBDIVISION SIGN has the meaning given that term in Section 51A-7.102 of the Dallas City Code, as amended.

(b) An application for a license to place a subdivision sign in a residential subdivision must be submitted by a duly-formed and existing homeowners association with jurisdiction over the residential subdivision. If the homeowners association is dissolved for any reason, the license will expire and the subdivision sign must be promptly removed from the public right-of-way.

(c) An application for a license to place a subdivision sign in a business park must be submitted by the owner of the business park.

(d) An application for a license to place a subdivision sign in a residential subdivision or a business park must be supported by the owner of property abutting the proposed subdivision sign, if any, and two-thirds of the property owners located within 300 feet of the proposed subdivision sign.

(e) A subdivision sign licensed under this division, and its placement and location, must comply with all applicable city ordinances, including the sign regulations of the Dallas Development Code. (Ord. 25539)

SEC. 43-115.3. SIDEWALK CAFE DESIGN STANDARDS MANUAL.

All sidewalk cafes must comply with the Sidewalk Cafe Design Standards Manual. The director shall keep an updated electronic copy of the Sidewalk Cafe Design Standards Manual on the city’s website and keep an updated paper copy on file for public inspection and copying. (Ord. 29906)

SEC. 43-116. TEMPORARY LICENSE.

The director may grant a temporary license on a month-to-month basis if a license or abandonment application is being processed for city council action and if failure to grant a temporary license will subject the applicant to a substantial hardship. (Ord. Nos. 18119; 18838; 22026; 25539; 29906)

SEC. 43-117. PENALTIES.

(a) A person using or occupying a public right-of-way for a private use in violation of this division or without a license or other permit granted by the city is guilty of an offense and, upon conviction, is subject to a fine not to exceed $500 for each day that the violation exists.

(b) Any owner, occupant, tenant, or licensee who fails to keep the sidewalks, curbs, and private structures constructed within or over the licensed area in good repair is guilty of maintaining a nuisance and, upon conviction, is subject to a fine not to exceed $500 for each day the nuisance is maintained.

(c) Subsection (b) does not apply to railroad crossings for which maintenance and repair is required in the ordinance granting the license. (Ord. Nos. 18119; 18838; 19963; 25539)

SEC. 43-118. BREACH BY GRANTEE.

The director is authorized to terminate a license granted pursuant to this division if the grantee fails to fulfill any of the conditions stated in the license. (Ord. Nos. 18119; 18838; 25539)

SEC. 43-119. WAIVER.

The provisions of this division that are not required by state law or the city charter may be waived or modified by the city council in the ordinance granting the license. (Ord. Nos. 18119; 18838; 25539)
Division 2. Bicycle Parking Devices.

SEC. 43-120. DEFINITIONS.

In this division:

(1) BICYCLE PARKING DEVICE means a device, approved as to size and design by the director, to which a bicycle may be secured by a lock either provided by the user or provided on the device.

(2) CITY means the city of Dallas, Texas.

(3) DIRECTOR means the director of the department designated by the city manager to enforce and administer this division, or the director’s designated representative. (Ord. Nos. 18838; 22026)

SEC. 43-121. LICENSE REQUIRED; APPLICATION; ISSUANCE.

(a) A person commits an offense if he installs or operates a bicycle parking device on a public right-of-way within the city without a license issued by the director.

(b) A person who desires to install or operate a bicycle parking device on a public right-of-way abutting his property shall apply in writing to the director for a bicycle parking device license. The application must contain the following information:

(1) the names, addresses, and telephone numbers of:

   (A) the applicant;

   (B) if the applicant is a lessee, the property owner; and

   (C) the manufacturer of each bicycle parking device to be installed or operated;

(2) the number of bicycle parking devices to be installed or operated;

(3) the proposed location of each bicycle parking device;

(4) the dimensions of each bicycle parking device, measured with and without bicycles parked in the device;

(5) the proposed method of securing each bicycle parking device to the public right-of-way; and

(6) if the applicant is a lessee, written consent from the property owner to install or operate any bicycle parking device on public right-of-way abutting his property.

(c) The director shall forward a copy of any completed application to the departments of public works, sanitation services, code compliance, planning and urban design, and sustainable development and construction, and to any utility company that might be affected by the proposed installation and operation of a bicycle parking device. Each department, and any utility company notified, shall review the application and return it, with any comments, to the director within 30 days of receipt.

(d) After reviewing the application and departmental comments, the director may issue a bicycle parking device license unless denial is required by Section 43-122. (Ord. Nos. 18838; 22026; 23694; 25047; 27697; 28424; 29478; 29882; 30239; 30654)

SEC. 43-122. DENIAL OR REVOCATION OF LICENSE.

(a) The director shall deny a bicycle parking device license if:

   (1) the applicant fails to comply with the requirements of this division or other applicable law;

   (2) the applicant makes a false statement of material fact on an application for a bicycle parking device license; or
§ 43-122 Streets and Sidewalks § 43-124

(3) the director determines that the bicycle parking device, with or without bicycles parked in it, would:

(A) endanger the safety of persons or property or otherwise not be in the public interest;

(B) unreasonably interfere with pedestrian or vehicular traffic;

(C) unreasonably interfere with the use of a pole, traffic sign, traffic signal, hydrant, mailbox, or other object permitted at or near the proposed location of the bicycle parking device; or

(D) unreasonably interfere with an existing use permitted at or near the proposed location of the bicycle parking device.

(b) The director shall revoke a bicycle parking device license if:

(1) the applicant fails to comply with the requirements of the bicycle parking device license, this division, or other applicable law;

(2) the applicant made a false statement of material fact on an application for a bicycle parking device license; or

(3) the director determines that the bicycle parking device, with or without bicycles parked in it:

(A) endangers the safety of persons or property or is otherwise not in the public interest;

(B) unreasonably interferes with pedestrian or vehicular traffic;

(C) unreasonably interferes with the use of a pole, traffic sign, traffic signal, hydrant, mailbox, or other object permitted at or near the location of the bicycle parking device; or

(D) unreasonably interferes with an existing use permitted at or near the proposed location of the bicycle parking device.

(c) The city council may, at any time, unconditionally revoke a bicycle parking device license issued pursuant to this division. (Ord. 18838)

SEC. 43-123. EXPIRATION OF LICENSE.

A bicycle parking device license expires one year from the date of issuance, unless sooner terminated by the director or by the city council. A bicycle parking device license may be renewed by making application in accordance with Section 43-121 of this division at least 30 days before expiration of the license. (Ord. 18838)

SEC. 43-124. STANDARDS FOR INSTALLATION, OPERATION, AND MAINTENANCE OF A BICYCLE PARKING DEVICE.

A person issued a license to install or operate a bicycle parking device which in whole or in part rests on any public right-of-way shall:

(1) mount the bicycle parking device on a paved surface;

(2) not chain, belt, or otherwise attach a bicycle parking device to a fixture in the public right-of-way, without written approval from the director;

(3) cut weeds and grass within five feet of a bicycle parking device that rests in part on unpaved public right-of-way;

(4) attach to the bicycle parking device a plaque, to be approved by the director, engraved with the bicycle parking device license number and the licensee’s current telephone; and

(5) maintain the bicycle parking device:

(A) in good working order;

(B) in a manner that, with and without bicycles parked in the device, does not obstruct a
vehicle operator’s ability to see any part of an intersecting road; and

(C) in a manner that, with and without bicycles parked in the device, does not injure, damage, or create a hazard to persons or property. (Ord. 18838)

SEC. 43-125. LOCATION OF A BICYCLE PARKING DEVICE.

(a) A bicycle parking device may not:

(1) project into or rest upon any part of the public right-of-way open to motor vehicle traffic; or

(2) be located in a manner such that a bicycle parked in the device would project into or rest upon any part of the public right-of-way open to motor vehicle traffic.

(b) A bicycle parking device may not be installed or operated on public right-of-way not open to motor vehicle traffic if, measured with bicycles parked in it, the device would:

(1) be within five feet of a marked crosswalk;

(2) be within 12 feet of the curb return of an unmarked crosswalk;

(3) be within 10 feet of a fire hydrant, fire call box, police call box or other emergency facility;

(4) be within five feet of a driveway;

(5) be within three feet in front of or 15 feet behind a sign marking a designated bus stop;

(6) be within three feet of a bus bench;

(7) reduce the unobstructed space for the passage of pedestrians to less than:

(A) the minimum unobstructed sidewalk widths required by the Dallas Development Code for core and secondary pedestrian precinct overlay districts and fringe areas located within CA-1 and CA-1(A) zoning districts; or

(B) four feet in all other areas of the city;

(8) be within three feet of property improved with lawn, flowers, shrubs, trees, or other landscaping; or

(9) be within 10 feet of an exit door of a building. (Ord. Nos. 18838; 19455)

SEC. 43-126. RESTRICTIONS ON THE USE OF A BICYCLE PARKING DEVICE PROHIBITED.

No person may:

(1) restrict the use of a bicycle parking device, located in whole or in part on public right-of-way, to a particular group of people; or

(2) charge a fee for the use of a bicycle parking device located in whole or in part on public right-of-way. (Ord. 18838)

SEC. 43-126.1. INDEMNIFICATION.

An applicant for a bicycle parking device license must execute a written agreement to indemnify the city and its officers and employees against all claims of injury or damage to persons or property arising out of the negligent installation, maintenance, or operation of a bicycle parking device on public right-of-way. (Ord. 18838)
SEC. 43-126.2. RESTORATION OF THE RIGHT-OF-WAY.

Upon termination of a license, the licensee shall remove the bicycle parking device and restore the used portion of the public right-of-way to its previous condition. If the licensee fails to comply with this section, the director shall cause the bicycle parking device to be removed and the public right-of-way restored with costs being assessed against the licensee. (Ord. 18838)

Division 3. Valet Parking Services.

SEC. 43-126.3. DEFINITIONS.

In this division:

(1) CENTRAL BUSINESS DISTRICT means the area bounded by Woodall Rogers Freeway on the north, Central Expressway and Julius Schepps Freeway on the east, Interstate Highway 30 on the south, and Interstate Highway 35E on the west.

(2) CITY means the city of Dallas, Texas.

(3) DIRECTOR means the director of the department designated by the city manager to enforce and administer this division, or the director’s designated representative.

(4) LICENSEE means a person licensed under this division to operate a valet parking service. The term includes any employee, agent, or independent contractor of the person in whose name the license is issued.

(5) PERSON means an individual, assumed name entity, partnership, joint-venture, association, corporation, or other legal entity.

(6) VALET PARKING SERVICE means a business, or any part of a business, which provides a driver to operate a person’s vehicle to and from a parking location so that the person and any passengers in the vehicle may unload and load at their immediate destination. (Ord. Nos. 19190; 22026; 25539)

SEC. 43-126.4. PURPOSE.

This division is intended to only apply to valet parking service provided in connection with a commercial establishment or commercial activity and does not apply to occasional valet parking service provided at a private residence or in connection with a social or fund-raising activity. (Ord. 19190)

SEC. 43-126.5. LICENSE REQUIRED; APPLICATION; ISSUANCE.

(a) A person commits an offense if, without a license issued by the director, he operates a valet parking service within the city on public right-of-way or on private property which requires the use of public right-of-way for maneuvering vehicles.

(b) A licensee commits an offense if, at a time other than the hours and days of operation authorized in his license, he or his employee, agent, or independent contractor operates a valet parking service within the city on public right-of-way or on private property which requires the use of public right-of-way for maneuvering vehicles.

(c) A person who desires to operate a valet parking service on public right-of-way, or on private property which requires the use of public right-of-way for maneuvering vehicles, shall apply in writing to the director for a valet parking service license. The application must be made by the owner or lessee of the premises benefiting from the proposed valet parking service and must contain the following information:

(1) the names, addresses, and telephone numbers of:
§ 43-126.5 Streets and Sidewalks § 43-126.6

(A) the applicant;

(B) if the applicant is a lessee, the property owner; and

(C) any independent contractor the applicant will use to provide valet parking service;

(2) the proposed location of the valet parking service and any valet parking service stands;

(3) the number of spaces requested to be reserved for the valet parking service, each space being 22 feet long, if parallel to the curb, or nine feet wide, if head in to the curb; as a rule, three spaces must be reserved unless the director determines that, because of special traffic conditions, a greater or lesser number of spaces is needed to efficiently operate the valet parking service;

(4) the proposed hours and days of operation of the valet parking service;

(5) the location of off-street parking to be used in connection with the valet parking service and a signed agreement or other documentation showing that the applicant has a legal right to park vehicles at that location;

(6) proof of insurance required by Section 43-126.12; and

(7) a list of names and addresses of all property owners, or their representatives, located within 50 feet of, on the same side of the street as, and within the same block as the valet parking service location, either:

(A) with signatures showing consent to the operation of a valet parking service by the applicant; or

(B) without signatures, in which case the director shall notify the listed persons of the valet parking service application and obtain comments.

(d) The director shall forward a copy of any completed application to any person required to be notified under Subsection (c)(7) and to the departments of public works, sanitation services, code compliance, sustainable development and construction, planning and urban design, and risk management, and to any other department that might be affected by the proposed operation of a valet parking service. Each department, and any other notified persons, shall review the application and return it, with any comments, to the director within 30 days of receipt.

(e) After reviewing the application and comments of the departments and of any person notified in accordance with Subsection (c)(7), and upon receiving payment of all fees required by this division, the director may issue a valet parking service license unless denial is required by Section 43-126.7.

(f) A licensee desiring to change the location or hours of operation of a valet parking service must submit a new application to the director in accordance with this section. (Ord. Nos. 19190; 22026; 23694; 25047; 27697; 28424; 29478; 29882; 30239; 30654)

SEC. 43-126.6. FEES.

(a) A nonrefundable application fee of $25 must accompany each application for a valet parking service license.

(b) The annual fee for a valet parking service license is:

(1) if the valet parking service is being conducted inside the central business district, $250 per space for the first six spaces reserved by the valet parking service, plus $1,000 for each space over six reserved by the valet parking service; or

(2) if the valet parking service is being conducted outside the central business district, $350 per space for the first two spaces reserved by the valet
parking service, plus $1,000 for each space over two reserved by the valet parking service.

(c) No annual license fee is required if the valet parking service is conducted completely on private property and the public right-of-way is only used for maneuvering vehicles.

(d) In addition to other fees required by this section, an applicant must pay $25 for each sign or curb marking placed by the city at the valet parking service location in accordance with Section 43-126.14 of this division.

(e) In addition to other fees required by this section, an applicant must pay an annual fee of $50 if a valet parking service stand is placed on public right-of-way. (Ord. Nos. 19190; 19969; 25539)

SEC. 43-126.7. DENIAL OR REVOCATION OF LICENSE; TEMPORARY SUSPENSION.

(a) The director shall deny a valet parking service license if:

(1) the applicant fails to comply with the requirements of this division or other applicable law;

(2) the applicant makes a false statement of material fact on an application for a valet parking service license;

(3) the director determines that the operation of the valet parking service would:

(A) endanger the safety of persons or property or otherwise not be in the public interest;

(B) unreasonably interfere with pedestrian or vehicular traffic;

(C) unreasonably interfere with the use of a pole, traffic sign, traffic signal, hydrant, mailbox, or other object permitted at or near the proposed location of the valet parking service; or

(D) unreasonably interfere with an existing use permitted at or near the proposed location of the valet parking service.

(b) The director shall revoke a valet parking service license if:

(1) the licensee fails to comply with the requirements of the valet parking service license, this division, or other applicable law;

(2) the licensee made a false statement of material fact on an application for a valet parking service license; or

(3) the director determines that the operation of the valet parking service:

(A) endangers the safety of persons or property or is otherwise not in the public interest;

(B) unreasonably interferes with pedestrian or vehicular traffic;

(C) unreasonably interferes with the use of a pole, traffic sign, traffic signal, hydrant, mailbox, or other object permitted at or near the location of the valet parking service; or

(D) unreasonably interferes with an existing use permitted at or near the location of the valet parking service.

(c) The city council may, at any time, unconditionally revoke a valet parking service license issued pursuant to this division.

(d) The director may temporarily suspend the operations of a valet parking service if the public right-of-way reserved by the valet parking service is needed for an emergency or temporary use, including, but not limited to, the construction, maintenance, or repair of
§ 43-126.7 Streets and Sidewalks

a street or utility. The director may refund a part of the annual license fee, prorated according to the duration of the suspension, unless the conditions necessitating the suspension were caused by the valet parking service. (Ord. 19190)

SEC. 43-126.8. EXPIRATION OF LICENSE.

A valet parking service license expires one year from the date of issuance, unless sooner terminated by the director or by the city council. A valet parking service license may be renewed by making application in accordance with Section 43-126.5 of this division at least 30 days before expiration of the license. (Ord. 19190)

SEC. 43-126.9. STANDARDS FOR OPERATION OF A VALET PARKING SERVICE.

(a) A licensee shall:

(1) allow only employees and independent contractors who hold a valid state driver’s license, and who are covered by the insurance required by Section 43-126.12 of this division, to operate any vehicle in connection with the valet parking service;

(2) operate the valet parking service in a manner that does not:

(A) use or occupy more of the public right-of-way than is allowed by his valet parking service license;

(B) obstruct a pedestrian’s use of a sidewalk;

(C) obstruct a vehicle operator’s ability to see any part of an intersecting road; or

(D) injure, damage, or create a hazard to persons or property;

(3) place no more than one valet parking service stand on public right-of-way;

(4) not place or allow the placement of a sign advertising the valet parking service in the public right-of-way;

(5) not park or allow the parking of a vehicle in a valet parking service space, but shall only use the space for loading and unloading passengers; in no event shall a vehicle be allowed to remain in a valet parking service space for more than five minutes;

(6) continuously provide valet parking service during all hours of operation authorized in his license;

(7) only use an off-street parking location to park a vehicle accepted for valet parking service and shall not park the vehicle on public right-of-way; and

(8) notify the director within 10 days of a change in the location of off-street parking and provide the director with a signed agreement or other documentation showing that the licensee has a legal right to park vehicles at the new location.

(b) At all times other than the authorized hours of operation of a valet parking service, spaces reserved by the valet parking service shall be available for use by the general public on a first-come, first-served basis in accordance with posted signs and other traffic control devices, except where parking is restricted or prohibited. (Ord. 19190)

SEC. 43-126.10. VALET PARKING SERVICE STANDS.

(a) A licensee may place one valet parking service stand on the public right-of-way at a location approved by the director. The valet parking service stand must be necessary to the general conduct of the valet parking service and shall be used for such
§ 43-126.10 Streets and Sidewalks

purposes, including, but not limited to, the dispatch of valets and the storage of keys, umbrellas, and other items.

(b) A valet parking service stand shall:

(1) not occupy an area of the public right-of-way exceeding four feet in width and four feet in depth;
(2) not be affixed to the public right-of-way in any manner;
(3) be easily moveable by one person; and
(4) be removed from the public right-of-way when the valet parking service is not being operated;

(c) A name and logo may be placed on a valet parking service stand for the sole purpose of identifying the valet parking service. The identification of the valet parking service shall not:

(1) have dimensions greater than four feet high and four feet wide; or
(2) be placed on more than two sides of the valet parking service stand. (Ord. 19190)

SEC. 43-126.11. LOCATION OF A VALET PARKING SERVICE.

(a) Spaces and stands for a valet parking service may not:

(1) be within 10 feet of a crosswalk;
(2) be within 10 feet of a fire hydrant, fire call box, police or other emergency facility;
(3) be within five feet of a driveway;
(4) be within three feet in front of or 15 feet behind a sign marking a designated bus stop;
(5) be within three feet of a bus bench; or
(6) reduce the unobstructed space for the passage of pedestrians to less than:

(A) the minimum unobstructed sidewalk widths required by the Dallas Development Code for core and secondary pedestrian precinct overlay districts located within CA-1 and CA-1(A) zoning districts; or
(B) four feet in all other areas of the city.

(b) The director may require greater distances than those prescribed in Subsection (a) when warranted by special vehicular or pedestrian traffic conditions. (Ord. Nos. 19190; 19455)

SEC. 43-126.12. INSURANCE.

(a) A licensee shall procure, or cause to be procured, and keep in full force and effect, and shall keep on file with the director, a policy of comprehensive general liability insurance and garage insurance, or a certificate of insurance, issued by a casualty insurance company authorized to do business in this state and in the standard form approved by the board of insurance commissioners of the state. The insured provisions of the policy must include the city, and its officers and employees, as insureds and the coverage provisions must insure the public from loss or damage that may arise to any person or property by reason of the operation of a valet parking service by the licensee.

(b) The comprehensive general liability insurance must be on a broad form and provide limits of liability for bodily injury and property damage of not less than $300,000 combined single limit, or the equivalent.

(c) The garage insurance must provide limits of liability for bodily injury and property damage of not
§ 43-126.12 Streets and Sidewalks § 43-126.16

less than $300,000 combined single limit, or the equivalent, and must provide the following coverages:

(1) Comprehensive and collision coverage for physical damage.

(2) Coverage for vehicle storage.

(3) Coverage for a vehicle driven by or at the direction of the licensee.

(d) The insurance policy required by Subsection (a) of this section shall contain an endorsement which provides for 10 days’ notice to the director in the event of any material change or cancellation of the policy. (Ord. 19190)

SEC. 43-126.13. INDEMNIFICATION.

A licensee, and any independent contractor used by the licensee, must execute a written agreement to indemnify the city and its officers and employees against all claims of injury or damage to persons or property arising out of the operation of the valet parking service by the licensee. (Ord. 19190)

SEC. 43-126.14. SIGNS.

Upon recommendation of the director, the city traffic engineer is authorized to place city signs or curb markings at a location licensed for a valet parking service pursuant to this division. The signs and markings shall:

(1) indicate that the location is restricted for use by a valet parking service; and

(2) state the days and hours of operation of the valet parking service. (Ord. 19190)

Division 4. Newsracks.

SEC. 43-126.15. PURPOSE AND INTENT.

This division only applies to newsracks located on the public right-of-way within the city of Dallas and provides administrative procedures for the grant of annual licenses regarding newsracks to be located on the public right-of-way. This division regulates the placement of newsracks on the public right-of-way within the city. This division also ensures that newsracks do not create a hazard to persons or property, do not interfere with pedestrian or vehicular traffic, and are kept neat, clean, and in good repair. (Ord. Nos. 26809; 27201)

SEC. 43-126.16. DEFINITIONS.

In this division, unless the context requires a different definition:

(1) BLOCK means an area bounded by streets on all sides. If a street deadends, the terminus of the dead-end street will be treated as an intersecting street.

(2) BLOCKFACE means the linear distance of lots along one side of a street between the two nearest intersecting streets. If a street deadends, the terminus of the dead-end street will be treated as an intersecting street.

(3) CITY CONTRACTOR means a person who has a contract with the city for the installation, operation, maintenance, repair, removal, and replacement of multiple newsrack units in a multiple newsrack unit zone.

(4) CROSSWALK has the meaning given that term in Section 541.302 of the Texas Transportation Code, as amended.
§ 43-126.16 Streets and Sidewalks § 43-126.18

(5) DIRECTOR means the director of sustainable development and construction, or a designee.

(6) FREESTANDING NEWSRACK means a newsrack that is not a multiple newsrack unit or a part of a multiple newsrack unit.

(7) LICENSE means permission granted under this division to a person to install, operate, or maintain a newsrack within the public right-of-way of the city for a specified period of time.

(8) LICENSEE means the publisher, and any other person operating and maintaining a newsrack on behalf of a publisher, who is issued a license under this division to install, operate, or maintain a newsrack within the public right-of-way of the city.

(9) MULTIPLE NEWSRACK UNIT means a single structure containing more than one newsrack that is installed by the city or a city contractor in a multiple newsrack unit zone.

(10) NEWSRACK means any self-service or coin-operated container, rack, or structure used or maintained for the display, distribution, or sale of newspapers, periodicals, or other publications.

(11) PERSON means an individual, assumed name entity, partnership, joint venture, association, corporation, or other legal entity.

(12) PUBLISHER means any person who owns and/or distributes newspapers, periodicals, or other publications.

(13) SPLIT-DOOR NEWSRACK means a freestanding newsrack or a newsrack space in a multiple newsrack unit that has been split into two separate distribution areas. (Ord. Nos. 26809; 27201; 27697)

SEC. 43-126.17. LICENSE AND DECAL REQUIRED.

(a) A person commits an offense if:

1. he installs, operates, or maintains a newsrack on any portion of a public right-of-way within the city that is open to vehicular traffic;

2. without a license issued under this division, he installs, operates, or maintains a newsrack on a public right-of-way in the city that is not open to vehicular traffic;

3. he installs, operates, or maintains on a public right-of-way a newsrack that does not display a valid decal issued under this division;

4. he forges, alters, or counterfeits a newsrack decal required by this division or possesses a forged, altered, or counterfeited newsrack decal; or

5. without the consent of the director, he defaces or removes a decal that is displayed on a newsrack as required by this division.

(b) It is a defense to prosecution under Subsection (a)(2) or (a)(3) of this section that the person was installing, operating, or maintaining the newsrack pursuant to a contract with the city for those services. (Ord. Nos. 26809; 27201)

SEC. 43-126.18. LICENSE APPLICATION; ISSUANCE OF LICENSE; AND DISPLAY OF DECALS.

(a) A person who desires to install, operate, or maintain a newsrack on a public right-of-way that is not open to vehicular traffic shall submit an application for a newsrack license to the director on a form provided for that purpose. The applicant must be
the person who will install, operate, or maintain the newsrack. The application must be verified and contain all of the following information:

(1) Name, address, telephone number, and signature of the applicant. If the applicant is a person other than the publisher, then the publisher must also sign the application, agreeing to be bound by the terms contained in the license.

(2) Name, address, and telephone number of the person the city may contact concerning installation, placement, operation, and maintenance of the applicant’s newsracks.

(3) Form of business of the applicant and, if the business is a corporation or association, a copy of the documents establishing the business.

(4) Number of newsracks the applicant wishes to install or operate in the city and a list indicating the proposed location (by blockface) of each newsrack, the name of the publication each newsrack will dispense, and whether the publication will be dispensed free or for a charge.

(5) Dimensional measurements of each style of any freestanding newsracks to be installed, with drawings or photographs.

(6) Proposed method of securing any freestanding newsracks.

(b) Following a review of the application, execution of the written agreement required under Section 43-126.19(b), payment of a nonrefundable $100 application processing fee, and payment of the annual fee for a newsrack license, the director shall, within 60 days following the date of receipt of an application for an initial license and within 30 days following the date of receipt of an application for a license renewal, issue a newsrack license to the applicant unless denial is required by Section 43-126.20.

(c) Upon issuance of a license for the installation, operation, and maintenance of newsracks and payment of the annual fee for the newsrack license, the director shall issue a decal for each newsrack permitted under the license, reflecting the license number and expiration date. A decal must be displayed on each permitted newsrack at all times, so that the decal is visible from the street.

(d) A decal issued to one person may not be transferred to another person. A decal issued for one newsrack may not be transferred to another newsrack without the approval of the director, except that a decal may be transferred to a replacement newsrack at the same location.

(e) If a decal is lost, stolen, or mutilated, the director may issue a duplicate decal, upon written request of the licensee, for a fee of $2.

(f) Before any newsrack not authorized under a newsrack license may be installed, operated, or maintained on the public right-of-way, the licensee must make a written request to the director for the additional newsrack, pay the required annual fee, and display a valid decal on the newsrack as required by this division.

(g) The director may (in accordance with procedures established by this division for the allocation of newsrack locations) approve changes to the location of a validly licensed newsrack, upon written request by a licensee, for no additional fee. An amendment that substantially changes the scope of a license (such as displaying, distributing, or selling in a newsrack a publication not specified in the license application for that newsrack) must be applied for in the same manner as the original license.

(h) A licensee shall notify the director within 10 days of any change in the address or telephone number of the publisher or of the person responsible for the installation, operation, or maintenance of the newsracks permitted under the license.
§ 43-126.18 Streets and Sidewalks § 43-126.19

(i) A license issued to one person may not be transferred to another person. A newsrack location assigned to one person or publication may not be transferred to another person or publication without following the procedures established by this division for the allocation of newsrack locations. (Ord. Nos. 26809; 27201)

SEC. 43-126.19. CONDITIONS OF A LICENSE AND ANNUAL FEES.

(a) It is a condition of a license that the installation, operation, and maintenance of each newsrack be in accordance with this division.

(b) Prior to the issuance of a license, the licensee shall execute a written agreement providing all of the following:

   (1) The licensee will defend, indemnify, and hold whole and harmless the city of Dallas and its officers, agents, representatives, or employees against any and all claims, lawsuits, judgments, costs, or expenses (including attorney’s fees) for bodily injury, property damage, or other harm arising out of, or in any way related to, the licensee’s occupancy, maintenance, or use of the licensed area or the licensee’s placement, installation, operation, or maintenance of any newsrack. The indemnity must include claims for damages that any publicly or privately owned utility or communication company sustains arising from the licensee’s occupancy, maintenance, or use of the licensed area or the licensee’s placement, installation, operation, or maintenance of any newsrack.

   (2) The license is subject to the rights of the city, public utilities, and franchisees in and to the public right-of-way and the rights of the city to make changes to the grade of any street, sidewalk, or parkway, and the licensee will never make a claim against the city for damages it might suffer by reason of the installation, construction, reconstruction, operation, or maintenance of any public improvement, utility, or communication facility on the licensed area.

   (c) The annual license fee for a newsrack license is:

   (1) $15 for each freestanding newsrack located within a public right-of-way of the city; and

   (2) $60 for each newsrack space operated in a multiple newsrack unit, which amount includes $45 for rental of the newsrack space from the city or the city contractor.

   (3) The licensee will procure, prior to the issuance of a license, and keep in full force and effect at all times during the license term, commercial general liability insurance coverage (including, but not limited to, premises/operations, independent contractors, and contractual liability) protecting the city of Dallas against any and all claims for damages to persons or property as a result of, or arising out of, the licensee’s occupancy, maintenance, or use of the licensed area or the licensee’s placement, installation, operation, or maintenance of any newsrack, with minimum combined bodily injury (including death) and property damage limits of not less than $500,000 for each occurrence and $500,000 annual aggregate. The insurance policy must be written by an insurance company approved by the State of Texas and acceptable to the city and issued in a standard form approved by the Texas Department of Insurance. All provisions of the policy must be acceptable to the city and must name the city and its officers and employees as additional insureds and provide for 30 days written notice to the director of cancellation, non-renewal, or material change to the insurance policy.

   (4) The license is subject to the rights of the city, public utilities, and franchisees in and to the public right-of-way and the rights of the city to make changes to the grade of any street, sidewalk, or parkway, and the licensee will never make a claim against the city for damages it might suffer by reason of the installation, construction, reconstruction, operation, or maintenance of any public improvement, utility, or communication facility on the licensed area.
§ 43-126.19  Streets and Sidewalks  § 43-126.21

(d) A licensee shall pay the annual license fee for a newsrack license to the director. The payment must be made on or before the issuance of a license. All sums due under this section must be deposited by the city controller and are subject to a $25 fee for each dishonored check. Except as specifically provided otherwise in this division, no license fees will be prorated upon termination of any license. (Ord. Nos. 26809; 27201)

SEC. 43-126.20.  DENIAL OR REVOCATION OF A LICENSE.

(a) The director shall deny a newsrack license if the director determines that the applicant has:

(1) made a false statement of a material fact on an application for a newsrack license;

(2) failed to provide the information requested on an application for a newsrack license;

(3) failed to execute a written agreement in accordance with Section 43-126.19(b);

(4) failed to pay the nonrefundable application fee or annual license fee at the time due; or

(5) failed to comply with the requirements of this division or other applicable law.

(b) The director shall revoke a newsrack license if the director determines that the licensee has:

(1) made a false statement of a material fact on an application for a newsrack license;

(2) failed to comply with the requirements of the newsrack license, the written agreement executed under Section 43-126.19(b), this division, or any other applicable law;

(3) failed to maintain in full force and effect the insurance as required by this division; or

(4) failed to pay any fees required by this division at the time due.

(c) If the director determines that an applicant must be denied a newsrack license under this section, the director shall notify the person in writing that the application is denied and shall include in the notice the reason for denial and a statement informing the applicant of the right to appeal.

(d) If the director determines that a newsrack license must be revoked under this section, the director shall notify the licensee in writing that the license is revoked and shall include in the notice the reason for revocation and a statement informing the applicant of the right to appeal. (Ord. Nos. 26809; 27201)

SEC. 43-126.21.  APPEAL FROM LICENSE DENIAL OR REVOCATION.

(a) If the director denies the issuance or renewal of a license or revokes a license, the director shall send to the applicant or licensee, by certified mail, return receipt requested, written notice of the reason for denial, nonrenewal, or revocation and of the right to an appeal.

(b) Upon receipt of written notice of the denial, nonrenewal, or revocation, the applicant or licensee whose application for a license or license renewal has been denied or whose license has been revoked has the right to appeal to either the permit and license appeal board or the state district court.

(c) An appeal to a permit and license appeal board must be in accordance with Section 2-96 of this code. The filing of an appeal under this subsection stays the action of the director in revoking a license until a final decision is made by the permit and license appeal board. A revocation upheld by the board takes effect on the first midnight that is at least 24 hours after the board issues its decision.

(d) An appeal to the state district court must be filed within 30 days after receipt of notice of the appeal.
director’s decision. The applicant or licensee shall bear the burden of proof in court. (Ord. Nos. 26809; 27201)

SEC. 43-126.22. EXPIRATION AND RENEWAL OF A LICENSE.

(a) A newsrack license expires and becomes invalid on August 1 of each year, unless sooner terminated by the director in accordance with this division or by city council ordinance in accordance with the city charter. A licensee shall apply for renewal of a newsrack license at least 30 days, but not more than 90 days, before expiration of the license. An application for renewal must be made in accordance with the procedures established in Section 43-126.18.

(b) An existing licensee will be able to renew a license for the same newsrack locations until those newsrack locations are reallocated under a five-year lottery conducted under Section 43-126.23(c) or 43-126.29(h)(3), except that failure to timely renew a license in accordance with Subsection (a), or denial or revocation of a license, will result in the location for that newsrack being made available to other publishers.

(c) A licensee who timely applies for renewal of a license in accordance with Subsection (a) is not required to pay the $100 license application fee. (Ord. Nos. 26809; 27201)

SEC. 43-126.23. ALLOCATION OF FREESTANDING NEWSRACK LOCATIONS.

(a) Initial allocation. Before June 1, 2009, the director shall allocate locations for freestanding newsracks in accordance with the following procedures:

(1) The director shall determine how many freestanding newsracks may be placed on a blockface in locations complying with this division.

(2) The director shall determine how many freestanding newsracks are being lawfully operated on the blockface. A freestanding newsrack will be considered as being lawfully operated on a particular blockface if it is designated as being located on that blockface in the most recent list of newsrack locations:

(A) provided to the director before May 28, 2008 by a publisher holding a valid newsrack license issued by the city council or a valid temporary newsrack license issued by the director before May 28, 2008; or

(B) provided to the director by a publisher within 10 calendar days after the director’s issuance of a temporary newsrack license occurring on or after May 28, 2008.

(3) If the number of lawfully-operated freestanding newsracks on the blockface exceeds the number of newsrack spaces allowed on the blockface under this division, the director shall conduct a lottery to determine the allocation of the newsrack spaces.

(4) The director shall place in a pool the names of all publications dispensed in the freestanding newsracks that are being lawfully operated on the blockface. If the same publication is being dispensed by more than one newsrack on the blockface, its name will be placed in the pool twice. The director shall draw from the pool a number of publication names equal to the number of newsrack spaces allowed under this division on that blockface. The director shall assign numbers to the names, beginning with the Number 1 for the first-drawn name and continuing in a sequential manner. The publications whose names are drawn will be allocated a newsrack space on the blockface as long as compliance with this division is maintained. The publishers of the publications allocated a newsrack space through the lottery process will select locations on the blockface in the order in which their publication names were drawn, with Number 1 having first choice. The director shall draw the remaining publication names from the pool and
assign them a number, beginning with the number following the one assigned to the last publication allocated a newsrack space on the blockface. These remaining publications will be allocated a newsrack space on the blockface (in the order drawn) only if any of the other publications originally allocated a newsrack space on the blockface do not want the space or do not qualify for the space. The publisher of any publication that is not allocated a newsrack space on the blockface shall remove the newsrack containing that publication within 10 days after the date the lottery is conducted.

(5) If the number of lawfully-operated freestanding newsracks on the blockface equals the number of newsrack spaces allowed on the blockface under this division, the publications dispensed in those lawfully-operated newsracks will each be allocated a newsrack space on the blockface as long as compliance with this division is maintained. The publishers of the publications allocated newsrack spaces under this paragraph shall select locations on the blockface in the order in which their completed license applications are received by the director in compliance with this division, with the first received having first choice.

(6) If the number of lawfully-operated freestanding newsracks on the blockface is less than the number of newsrack spaces allowed on the blockface under this division, the publications dispensed in those lawfully-operated newsracks will each be allocated a newsrack space on the blockface as long as compliance with this division is maintained. The publishers of the existing publications allocated newsrack spaces under this paragraph shall select locations on the blockface in the order in which their completed license applications are received by the director in compliance with this division, with the first received having first choice. The remaining newsrack spaces will be allocated through the lottery process described in Subsection (b) of this section.

(b) Future allocation. After the initial allocation of newsrack locations in accordance with the following procedures:

1. The director shall, by personal service or by regular United States mail, notify all publishers that a lottery will be held to allocate the available freestanding newsrack spaces. The notice must:
   A. identify the number and location (by blockface) of the available newsrack spaces;
   B. state the date, time, and location of the lottery;
   C. state the date and time by which the director must receive all requests to have publications entered in the lottery and the address at which the requests must be received; and
   D. state any other information the director determines necessary to conduct the lottery.

2. The director shall place in a pool the names of all publications for which requests to participate in the lottery were timely received. If the same publication was requested more than once, its name will be placed in the pool twice. The director shall draw from the pool a number of publication names equal to the number of newsrack spaces available on that blockface. The director shall assign numbers to the names, beginning with the Number 1 for the first-drawn name and continuing in a sequential manner. The publications whose names are drawn will be allocated a newsrack space on the blockface as long as compliance with this division is maintained. The publishers of the publications allocated a newsrack space through the lottery process will select locations on the blockface in the order in which their publication names were drawn, with Number 1 having first choice. The director shall draw the remaining publication names from the pool and assign them a number, beginning with the number following the one assigned to the last publication allocated a newsrack space on the blockface. These remaining publications will be allocated a newsrack space on the blockface (in the order drawn) only if any
of the other publications originally allocated a newsrack space on the blockface do not want the space or do not qualify for the space.

(c) Random five-year lottery. Five years after the initial allocation of newsrack spaces on a blockface and every five years thereafter, the director shall reallocate the newsrack spaces in accordance with the lottery procedures established in Subsection (b) of this section. The publisher of any publication that is not allocated a newsrack space on the blockface shall remove the newsrack containing that publication within 10 days after the date the lottery is conducted. (Ord. Nos. 26809; 27201)

SEC. 43-126.24. STANDARDS FOR INSTALLATION, OPERATION, AND MAINTENANCE OF NEWSRACKS.

(a) Any newsrack that, in whole or part, rests on any public right-of-way within the city not open to vehicular traffic must:

(1) comply with all applicable city ordinances and state and federal laws; and

(2) not remain continuously empty of publications authorized under the newsrack license for more than 30 consecutive days.

(b) In addition to meeting the requirements of Subsection (a), any freestanding newsrack or multiple newsrack unit that, in whole or part, rests on any public right-of-way within the city not open to vehicular traffic must meet all of the following standards:

(1) Not display advertising, except that a logo or other information identifying the publication and coin operation information may appear on the newsrack. This information must be contained in an area not to exceed six inches high and 20 inches wide on the front, back, and/or sides of the newsrack.

(2) If the newsrack will be located within any special district with an overall design theme that specifies particular colors or materials, then the newsrack material and color must conform to the special district design requirements. If design standards for a special district require that particular materials or colors be used for newsracks, the director shall notify any licensee with a newsrack in that district of the requirements.

(3) Have a notice, not to exceed three inches high and five inches wide, in a readily visible place on the newsrack with the name of the distributor and a working telephone number of whom to call to report a malfunction or to obtain a refund if any coin return mechanism malfunctions. This separate notice is not required if the information required by this paragraph is included with the logo and information allowed under Paragraph (1) of this subsection.

(4) Be maintained in a neat and clean condition and in good repair such that:

(A) the newsrack is reasonably free of dirt and grease;

(B) the newsrack is reasonably free of chipped, faded, peeling, and cracked paint in the visible painted areas;

(C) the newsrack is reasonably free of rust and corrosion in the visible unpainted metal areas;

(D) any clear plastic or glass parts through which the publications are viewed are unbroken and reasonably free of cracks, dents, blemishes, and discoloration;

(E) any paper or cardboard parts or inserts are reasonably free of tears, peeling, or fading; and

(F) no structural parts are broken or excessively misshapen.
§ 43-126.24 Streets and Sidewalks § 43-126.25

(5) Be of sufficient weight, or be anchored in a manner approved by the director to a heavy metal plate of sufficient weight, to prevent tipping over of the newsrack. A freestanding newsrack may not be anchored to the ground, sidewalk, trees, posts, poles, or streetscape furniture. (Ord. Nos. 26809; 27201)

SEC. 43-126.25. LOCATIONAL REQUIREMENTS FOR NEWSRACKS.

(a) No freestanding newsrack or multiple newsrack unit may be located in a manner that:

(1) impairs or interferes with:

(A) pedestrian traffic;

(B) the ability to fully open a door to any building;

(C) the loading or unloading of passengers from a bus or light rail vehicle; or

(D) emergency access to a building or property by the police department, the fire department, or emergency medical services;

(2) reduces the clear, unimpeded sidewalk width to less than:

(A) nine feet for sidewalks 14 feet or wider; or

(B) three-fourths of the sidewalk width (but in no case less than three feet) for sidewalks less than 14 feet wide;

(3) obstructs the visibility of a fire hydrant, fire department inlet connection, fire protection system control valve, fire call box, police call box, traffic control signal box, or other emergency facility so that the emergency facility cannot be clearly seen from a public street or roadway open to motor vehicular traffic; or

(4) is determined by the director to endanger the safety of persons or property.

(b) On each blockface, freestanding newsracks must be placed together in groups, with not more than eight newsracks in each group. A distance of at least 50 feet must separate each group of freestanding newsracks located on the same blockface.

(c) No more than eight newsracks (whether freestanding newsracks or newsrack spaces in multiple newsrack units) on any block may dispense the same publication, and no more than two newsracks (whether freestanding newsracks or newsrack spaces in multiple newsrack units) on any blockface may dispense the same publication. The same publication may not be dispensed in more than one newsrack space in a multiple newsrack unit or in an attached grouping of multiple newsrack units. Notwithstanding any provision of this subsection to the contrary, the same publication may be dispensed in a multiple newsrack unit in excess of the limits set forth in this subsection whenever the director:

(1) determines it is necessary to fill vacant newsrack spaces in a multiple newsrack unit;

(2) determines that there is a lack of demand for the vacant newsrack spaces by other publications; and

(3) conducts a lottery in accordance with Section 43-126.29(h)(2) to allocate the vacant newsrack spaces.

(d) A freestanding newsrack or a multiple newsrack unit may not be located within:

(1) any median or traffic island;

(2) a visibility triangle as defined in Section 51A-4.602(d)(2) of this code;
§ 43-126.25 Streets and Sidewalks § 43-126.28

(3) the area contained within the projection of the width of a midblock crosswalk to the back of an adjacent sidewalk;

(4) the area contained within the projection of the width of a building’s doorway to the curb face or pavement edge of any public street or roadway open to motor vehicular traffic;

(5) two feet of a curb face or pavement edge of any public street or roadway open to motor vehicular traffic if the newsrack opens away from the curb face or pavement edge, except that if the curb face or pavement edge is adjacent to a designated no parking zone or area, then the newsrack may not be located within 1-1/2 feet of the curb face or pavement edge;

(6) three feet of:

(A) any mailbox, water feature, art, monument, planter, kiosk, trash receptacle, drinking fountain, streetscape bench, or parking meter;

(B) a fire hydrant, fire department inlet connection, fire protection system control valve, fire call box, police call box, traffic control signal box, or other emergency facility; or

(C) a bench, shelter, informational sign, or ticketing equipment of a light rail system;

(7) five feet of a curb face or pavement edge of any public street or roadway open to motor vehicular traffic if the newsrack opens towards the curb face or pavement edge;

(8) six feet of a bicycle rack;

(9) seven feet of a bus stop sign, bus stop bench, or bus stop shelter; or

(10) 15 feet of the centerline of rail of any light rail system track.

(e) A freestanding newsrack may not be located within a multiple newsrack unit zone or within 50 feet of a multiple newsrack unit zone. (Ord. Nos. 26809; 27201)

SEC. 43-126.26. DISPLAY AND DISTRIBUTION OF HARMFUL MATERIALS THROUGH NEWSRACKS.

A licensee shall not knowingly display, distribute, or sell any harmful matter, as defined in Section 43.24(a)(2) of the Texas Penal Code, as amended, through any newsrack licensed under this division. (Ord. Nos. 26809; 27201)

SEC. 43-126.27. RESTORATION OF THE RIGHT-OF-WAY.

(a) Upon termination of a license, the licensee (or the director’s designee, who shall assess any costs to the licensee) shall remove a freestanding newsrack and restore the right-of-way to its original condition in a manner satisfactory to the director. A licensee shall remain liable for all license fees from the time a license is issued until such time as all freestanding newsracks are removed, the license area is restored to its original condition, and the license is properly terminated.

(b) Whenever a city contractor removes a multiple newsrack unit from the right-of-way for any reason, the city contractor shall restore the right-of-way to its original condition in a manner satisfactory to the director. (Ord. Nos. 26809; 27201)

SEC. 43-126.28. REMOVAL OF NEWSRACKS AND PUBLICATIONS.

(a) If the director determines that a freestanding newsrack is not in compliance with the requirements of this division or that a newsrack space in a multiple newsrack unit is not being operated in compliance
with the requirements of this division, the director shall send a “Notice of Intent to Remove” by personal service or by certified mail, return receipt requested, to the licensee. The notice must state the violation or violations that constitute the basis for the proposed removal of the licensee’s freestanding newsrack or the proposed removal of publications from the licensee’s newsrack space in a multiple newsrack unit, whichever is applicable, and suggest corrective action if applicable. The notice must specify the date, time, and place for a hearing to be held before removal.

(b) The hearing must be held not less than 10 days following service of notice. Prior to the hearing, the licensee may correct the violation or may file a written statement setting forth the reason or reasons why the newsrack or publications, whichever applies, should not be removed. At the hearing, the director or the director’s designee shall hear evidence and determine whether the licensee’s freestanding newsrack complies with this division or whether the licensee’s newsrack space in a multiple newsrack unit is being operated in compliance with this division, whichever applies. If it is determined that a freestanding newsrack is not in compliance with this division, the newsrack must be removed by the licensee or otherwise brought into compliance. If it is determined that a newsrack space in a multiple newsrack unit is not being operated in compliance with this division, the licensee shall remove all publications from the newsrack space or otherwise bring the operation of the newsrack space into compliance. The decision of the director may be appealed to the city manager in accordance with Subsection (e) of this section. If within 10 days after the date of the hearing or, if an appeal is filed, within 10 days after the date of the city manager renders a decision, the city may remove the newsrack or the publications and recover the costs of removal and storage from the licensee.

(c) The director may summarily remove or order any freestanding newsrack removed if it creates an imminent danger of personal injury or property damage. Promptly following the summary removal, the director shall notify the licensee by personal service or by certified mail, return receipt requested, of the removal, the reason for the removal, and the right to appeal the action to the city manager in accordance with Subsection (e). The licensee may recover any newsracks summarily removed upon reimbursement to the city for the costs of removal and storage. Any coins or publications contained in the newsrack will be returned to the licensee when the newsrack is returned. The licensee may return the freestanding newsrack to its original location upon correction of the violation (unless the location constituted a violation).

(d) Any newsrack or publication not claimed within 10 days after removal by the city may be disposed of by the city as unclaimed property.

(e) If the director orders removal of a freestanding newsrack or a publication under Subsection (b) or summarily removes a freestanding newsrack under Subsection (c), this action is final unless, within 10 days after the receipt of notice of the director’s action, the affected licensee, publisher, or owner of the newsrack or publication, whichever applies, files with the city manager a written appeal. Within 15 days after the appeal is filed, the city manager or the city manager’s designee shall consider all the evidence in support of and against the action appealed and render a decision sustaining, modifying, or reversing all or part of the director’s action. The formal rules of evidence do not apply to an appeal hearing under this subsection, and the city manager or the city manager’s designee shall make a ruling on the basis of a preponderance of the evidence presented at the hearing. The decision of the city manager is final as to administrative remedies. (Ord. Nos. 26809; 27201)

SEC. 43-126.29. MULTIPLE NEWSRACK UNIT ZONES.

(a) The city council may, by ordinance, establish zones within the city where the exclusive use of
multiple newsrack units is required. A request for a multiple newsrack unit zone may be initiated by a city council member or by the signatures of at least 40 percent of the publishers lawfully operating freestanding newsracks in the proposed zone.

(b) Criteria that may be considered in establishing a multiple newsrack unit zone include, but are not limited to:

(1) whether there is extensive availability and use of public transportation services and facilities in the proposed zone;

(2) whether there is a large amount of pedestrian traffic in the proposed zone;

(3) whether there is a proliferation of freestanding newsracks in the proposed zone;

(4) whether limited space is available for freestanding newsracks in the proposed zone; and

(5) whether the proposed zone is located in a distinct area with an established urban or neighborhood character.

(c) The following areas have been established by the city council as multiple newsrack unit zones:

(1) Expanded Central Business District Zone, which is the area contained within the following boundaries:

Dallas North Tollway from Stemmons Freeway to Harry Hines Boulevard;

Harry Hines Boulevard from the Dallas North Tollway to Field Street;

Field Street from Harry Hines Boulevard to Woodall Rodgers Freeway;

Woodall Rodgers Freeway from Field Street to Central Expressway;

Central Expressway from Woodall Rodgers Freeway to Julius Schepps Freeway;

Julius Schepps Freeway from Central Expressway to Interstate 30;

Interstate 30 from Julius Schepps Freeway to Stemmons Freeway; and

Stemmons Freeway from Interstate 30 to the Dallas North Tollway.

(2) Reserved.

(d) Before multiple newsrack units are installed in the Expanded Central Business District Zone and before an ordinance is adopted establishing any additional multiple newsrack unit zone, the director shall prepare a plan that includes:

(1) the number and proposed locations of the multiple newsrack units to be installed in the zone;

(2) the design criteria for the multiple newsrack units to be installed in the zone; and

(3) the number and location of existing freestanding newsracks in the zone.

(e) After the plan is prepared, the director shall place on a city council agenda an item for council consideration of the installation of multiple newsrack units in the Expanded Central Business District Zone or the establishment of an additional proposed multiple newsrack unit zone, whichever applies. At least 10 days before the date of the council meeting at which the city council will consider the item, notice of the meeting must be sent by regular United States mail to:

(1) all publishers having current licenses with the city to operate newsracks in the public right-of-way; and
(2) All owners of property located within 200 feet of the Expanded Central Business District Zone or the proposed multiple newsrack unit zone, whichever applies, except that if more than 10 property owners are located within that distance, the director may, in lieu of mailing notices to the property owners, publish the notice in a newspaper of general circulation in the city at least 10 days before the date of the council meeting.

(f) The notice required in Subsection (e) must include the date, time, and location of the council meeting and a brief summary of the proposed plan for the multiple newsrack unit zone.

(g) After the installation of multiple newsrack units in the Expanded Central Business District Zone is approved by the city council or after a multiple newsrack unit zone is established by the city council, the city will install and maintain multiple newsrack units in the zone. A publisher shall only use a multiple newsrack unit provided by the city or a city contractor to dispense publications in a multiple newsrack unit zone, except that any freestanding newsrack lawfully operating on a blockface at the time the blockface is included in a multiple newsrack unit zone may continue to operate on the blockface until multiple newsrack units are actually installed on the blockface.

(h) The director shall allocate newsrack spaces in multiple newsrack units in accordance with the following procedures:

(1) Initial allocation.

   (A) The director shall determine how many newsrack spaces are available in multiple newsrack units placed on a blockface in compliance with this section.

   (B) The director shall determine how many freestanding newsracks are being lawfully operated on the blockface. A freestanding newsrack will be considered as being lawfully operated on a particular blockface if it is designated as being located on that blockface in the most recent list of newsrack locations provided to the director by a publisher holding a valid newsrack license issued by the city council or a valid temporary newsrack license issued by the director. The list must be received by the director before the date the city council adopts the particular multiple newsrack unit zone.

   (C) If the number of lawfully-operated freestanding newsracks on the blockface exceeds the number of newsrack spaces available in multiple newsrack units on the blockface, the director shall conduct a lottery to determine the allocation of the newsrack spaces.

   (D) The director shall place in a pool the names of all publications dispensed in the freestanding newsracks that are being lawfully operated on the blockface. If the same publication is being dispensed by more than one newsrack on the blockface, its name will be placed in the pool twice. The director shall draw from the pool a number of publication names equal to the number of newsrack spaces available in multiple newsrack units on that blockface. The director shall assign numbers to the names, beginning with the Number 1 for the first-drawn name and continuing in a sequential manner. The publications whose names are drawn will be allocated a newsrack space in a multiple newsrack unit on the blockface as long as compliance with this division is maintained. The publishers of the publications allocated a newsrack space through the lottery process will select locations in the multiple newsrack units on the blockface in the order in which their publication names were drawn, with Number 1 having first choice. The director shall draw the remaining publication names from the pool and assign them a number, beginning with the number following the one assigned to the last publication allocated a newsrack space in a multiple newsrack unit on the blockface. These remaining publications will be allocated a newsrack space in a multiple newsrack unit on the blockface (in the order drawn) only if any of the other publications originally allocated a newsrack space do not want the space or do not qualify for the
§ 43-126.29 Streets and Sidewalks

space. The publisher of any publication that is not allocated a newsrack space in a multiple newsrack unit on the blockface shall remove the newsrack containing that publication within 10 days after the date the lottery is conducted.

(E) If the number of lawfully-operated freestanding newsracks on the blockface equals the number of newsrack spaces available in multiple newsrack units on the blockface, the publications dispensed in those lawfully-operated newsracks will each be allocated a newsrack space in a multiple newsrack unit on the blockface as long as compliance with this division is maintained. The publishers of the publications allocated newsrack spaces under this paragraph shall select locations in the multiple newsrack units on the blockface in the order in which their completed license applications are received by the director in compliance with this division, with the first received having first choice.

(F) If the number of lawfully-operated freestanding newsracks on the blockface is less than the number of newsrack spaces available in multiple newsrack units on the blockface, the publications dispensed in those lawfully-operated newsracks will each be allocated a newsrack space in a multiple newsrack unit on the blockface as long as compliance with this division is maintained. The publishers of the existing publications allocated newsrack spaces under this paragraph shall select locations in a multiple newsrack unit on the blockface in the order in which their completed license applications are received by the director in compliance with this division, with the first received having first choice. The remaining newsrack spaces will be allocated through the lottery process described in Paragraph (2) of this subsection.

(2) Future allocation.

(A) Whenever one or more newsrack spaces become available in a multiple newsrack unit on a blockface, the director shall, by personal service or by regular United States mail, notify all publishers that a lottery will be held to allocate the available newsrack spaces. The notice must:

(i) identify the number and location (by blockface) of the available newsrack spaces;

(ii) state the date, time, and location of the lottery;

(iii) state the date and time by which the director must receive all requests to have publications entered in the lottery and the address at which the requests must be received; and

(iv) state any other information the director determines necessary to conduct the lottery.

(B) The director shall place in a pool the names of all publications for which requests to participate in the lottery were timely received. If the same publication was requested more than once, its name will be placed in the pool twice. The director shall draw from the pool a number of publication names equal to the number of newsrack spaces available in multiple newsrack units on that blockface. The director shall assign numbers to the names, beginning with the Number 1 for the first-drawn name and continuing in a sequential manner. The publications whose names are drawn will be allocated a newsrack space in a multiple newsrack unit on the blockface as long as compliance with this division is maintained. The publishers of the publications whose names are drawn will be allocated a newsrack space in a multiple newsrack unit on the blockface in the order in which their publication names were drawn, with Number 1 having first choice. The director shall draw the remaining publication names from the pool and assign them a number, beginning with the number following the one assigned to the last publication allocated a newsrack space in a multiple newsrack unit on the blockface. These remaining publications will be allocated a newsrack space in a multiple newsrack unit on the blockface (in the order
drawn) only if any of the other publications originally allocated a newsrack space do not want the space or do not qualify for the space.

(3) Random five-year lottery. Five years after the initial allocation of newsrack spaces in a multiple newsrack unit on a blockface and every five years thereafter, the director shall reallocate the newsrack spaces in accordance with the lottery procedures established in Paragraph (2) of this subsection. The publisher of any publication that is not allocated a newsrack space in a multiple newsrack unit on a blockface shall remove any publications from any newsrack space on that blockface within 10 days after the date the lottery is conducted.

(i) A publisher allocated a newsrack space in a multiple newsrack unit in a zone shall install and maintain any coin-operated lock it requires to be on its assigned newsrack. The locking device must be approved by the director (or a city contractor, if applicable) and must not interfere with the use of the other newsracks in the multiple newsrack unit.

(j) The city may contract with another person for the installation, operation, maintenance, repair, removal, and replacement of multiple newsrack units in a multiple newsrack unit zone established under this section. (Ord. Nos. 26809; 27201)

SEC. 43-126.30. SPLIT-DOOR NEWSRACKS.

(a) A freestanding newsrack or a newsrack space in a multiple newsrack unit may be split into two separate distribution areas.

(b) A separate license and license fee is required for each distribution area of a split-door newsrack. (Ord. Nos. 26809; 27201; 27659)

SEC. 43-126.31. VIOLATIONS; PENALTY.

(a) A person who installs, operates, or maintains a newsrack on a public right-of-way within the city in violation of this division or without a license issued under this division is guilty of an offense and, upon conviction, is subject to a fine not to exceed $500 for each day that the violation exists.

(b) It is a defense to prosecution under this section that the person was installing, operating, or maintaining the newsrack pursuant to a contract with the city for those services.

(c) The penalties provided for in Subsection (a) are in addition to any other enforcement remedies that the city may have under this division, other city ordinances, and state law. (Ord. Nos. 26809; 27201)

ARTICLE VII.

SALE OF MERCHANDISE AND PRODUCE ON STREETS AND SIDEWALKS.

SEC. 43-127. UNLAWFUL SOLICITATION AT THE CONVENTION CENTER AND REUNION ARENA.

(a) A person commits an offense if he solicits money on the premises of:

(1) the convention center; or

(2) reunion arena.

(b) If a person engages in conduct that violates Subsection (a), the person must be ordered to stop the solicitation before being arrested. The order to stop the solicitation may be given by a police officer, security officer, or person with authority to control the use of the premises.

(c) It is a defense to prosecution under Subsection (a) that:

(1) no order was given to stop the solicitation;
(2) an order, if given, was promptly obeyed; or

(3) the person had the written consent of the lessee of the premises to conduct a solicitation.

(d) For the purposes of this section, “convention center” means the area contained within the following boundaries:

BEGINNING at the intersection of the west line of Akard Street with the south line of Young Street;

THENCE along the south line of Young Street, in a westerly and northwesterly direction to its intersection with the east line of S. Griffin Street;

THENCE along the east line of S. Griffin Street, in a southerly direction to its intersection with the prolongation of the northerly line of a tract of land conveyed to the City of Dallas, by deed as recorded in Volume 83134, Page 5559, Deed Records of Dallas County, Texas;

THENCE along the prolongation of the northerly line and continuing along the northerly line of the abovementioned tract of land, in a westerly direction, passing the east line of S. Lamar Street and continuing to its intersection with the west line of S. Lamar Street;

THENCE along the west line of S. Lamar Street, in a southerly direction to its intersection with the most northerly line of the Final Plat Dallas Convention Center Expansion (City Plan File #S901-066R);

THENCE along the northerly line of the abovementioned Dallas Convention Center Expansion Plat, in a westerly direction to its intersection with the easterly line of Jefferson Boulevard Viaduct;

THENCE along the easterly line of Jefferson Boulevard Viaduct, in a southerly and southwesterly direction to its intersection with the southwesterly line of Hotel Street;

THENCE along the southwesterly line of Hotel Street, in a southeasterly direction to its intersection with the northwesterly R.O.W. line of E. R.L. Thornton Freeway (I.H. 30);

THENCE along the northwesterly line of E. R.L. Thornton Freeway (I.H. 30), in a northeasterly direction to its intersection with the northwesterly line of Canton Street;

THENCE along the northwesterly line of Canton Street, in a northeasterly direction to its intersection with the southwesterly line of Akard Street, excluding a tract of land bounded by Lamar Street, Canton Street, Griffin Street, and Memorial Drive;

THENCE along the southwesterly line of Akard Street, in a northwesterly and northerly direction to its intersection with the south line of Young Street, and the point of beginning.

(e) For the purposes of this section, “reunion arena” means:

(1) inside the reunion arena building and that area within 50 feet of any entrance to or exit from the reunion arena building; and

(2) parking area A - being the area bounded by Hotel Street, North Drive, Sports Street and “South Park” designated as “Parking Area A”, and being more particularly described as follows:

BEGINNING at a point on the west edge of the west sidewalk along Hotel Street, at a distance of 6 feet north of the north curb line of “Parking Area A”;

THENCE in a southerly, westerly and northerly direction along the back edge of the sidewalk which is 10 feet from the curb line along Hotel Street, North Drive and Sports Street, 413 feet, more or less, to a point 6 feet north of the north curb line of “Parking Area A”;

52 Dallas City Code
THENCE eastward along the south line of “South Park” and along a line which is 6 feet perpendicular distance north from and parallel with the north curb line of “Parking Area A”, 246 feet to the place of beginning; and

(3) parking area B - being the area bounded by Stemmons Freeway, Reunion Boulevard, Sports Street and Sports Place, which is designated as “Parking Area B”, and being more particularly described as follows:

BEGINNING at the intersection of the southeast right-of-way line of Houston Street Viaduct with the northeasterly right-of-way line of Stemmons Freeway;

THENCE in a northwesterly and northerly direction along the northeast and easterly right-of-way line of Stemmons Freeway, and along a line which is 15 feet eastward from the east curb line of the frontage road, 1632 feet, more or less, to the north curb line of “Parking Area B”;

THENCE eastward along the north curb line, 213.24 feet to the southwesterly right-of-way line of Reunion Boulevard;

THENCE southeastward along the southwest right-of-way line of Reunion Boulevard and along a line which is 10 feet southwest from the southwest curb line, 100 feet, more or less, to the easterly right-of-way line of Sports Street;

THENCE southerly and southeasterly along the westerly and northwesterly right-of-way line of Sports Street and along a line which is 10 feet westerly and southwesterly from the westerly curb line of Sports Street, 1367 feet, more or less, to the southeast right-of-way line of Houston Street Viaduct;

THENCE southwesterly along the southeast right-of-way of Houston Street Viaduct and along a line which is 40 feet southeastward from the center line of the Viaduct, 230 feet, more or less, to the place of beginning.

(4) parking area C - being the area bounded by Memorial Drive, Sports Street, Sports Place and Hotel Street, designated as “Parking Area C”, and being more particularly described as follows:

BEGINNING at the intersection of the northwest edge of the sidewalk along the northwest side of Memorial Drive with the northeast edge of the sidewalk along the northeast side of Sports Street;

THENCE northwestward along the northeast edge of the sidewalk along the northeast side of Sports Street, 280 feet, more or less, to a point on the southeast edge of the sidewalk along the southeast side of Sports Place;

THENCE northeastward along the southeast edge of the sidewalk along the southeast side of Sports Place, 445 feet, more or less, to the northeast curb line of “Parking Area C”;

THENCE southeastward along the curb line of the parking area and along the southwest line of Hotel Street, 275 feet, more or less, to a point on the northwest edge of the sidewalk along the northwest side of Memorial Drive;

THENCE southwestward along the northwest edge of the sidewalk along the northwest side of Memorial Drive, 410 feet, more or less, to the place of beginning.

(5) parking area D - being the area bounded by Stemmons Freeway, Sports Place, Sports Street, and Memorial Drive, designated as “Parking Area D”, and being more particularly described as follows:

BEGINNING at the intersection of the southwestward prolongation of the northwest line of the sidewalk along the northwest side of Memorial Drive with the southeastward prolongation of the line of the post with chain, which is approximately 7 feet from and parallel with the northeast curb line of the east frontage road along Stemmons Freeway;

THENCE northward along the line of the post with chain, along the northeast side of Stemmons
§ 43-127 Streets and Sidewalks

Freeway, 265 feet, more or less, to an angle point in the curb line of “Parking Area D”;

THENCE angle right 35° 00’ and northward along the curb line of the parking area, 28 feet, more or less, to a corner in the curb;

THENCE angle right 70° 00’ and northeastward along the curb line of the parking area, 19 feet to an inside corner;

THENCE angle left 90° 00’ and northeastward along the curb line of the parking area, 9 feet to the southeast edge of the 10-foot wide sidewalk along the southeast side of Sports Place;

THENCE northeastward along the southeast edge of the sidewalk along Sports Place, 184 feet to a point for corner in the curb line of the parking area;

THENCE angle right 90° 00’ and southeastward along the curb line of the parking area, 9 feet to the southwest edge of the sidewalk along the southeast side of Memorial Drive;

THENCE angle left 110° 00’ and northward along the curb line of the parking area, 19 feet, more or less, to a point on the southwest edge of the sidewalk along the southwest side of Sports Street;

THENCE southeastward along the line of the southwest edge of said sidewalk, 282 feet, more or less to a corner in the curb line of the parking area, said corner being approximately 13 feet southeast from the southeast line of columns for Jefferson Street Viaduct;

THENCE angle right 90° 00’ and southwestward along the curb line of the parking area, 19 feet, more or less, to an inside corner in the curb line;

THENCE angle left 90° 00’ and southeastward along the curb line of the parking area, 18 feet, more or less, to a point on the northwest edge of a 10-foot wide sidewalk along the northwest side of Memorial Drive;

THENCE southwestward along the line of the northwest edge of the sidewalk along the northwest side of Memorial Drive, 218 feet, more or less, to the place of beginning.

(6) parking area E - being the area bounded by Memorial Drive, Hotel Street, R. L. Thornton Freeway and Stemmons Freeway, designated as “Parking Area E”, and being more particularly described as follows:

BEGINNING at the southeast corner of “Parking Area E”, which is the intersection of the southwest edge of the sidewalk along the southwest side of Hotel Street with the post with chain line along the north line of R. L. Thornton Freeway;

THENCE in a westerly and northwesterly direction along the line of post with chain, along the northerly line of R. L. Thornton Freeway and the northeasterly line of Stemmons Freeway, 1380 feet, more or less, to a curb line at the northwest corner of “Parking Area E”, at a distance of approximately 30 feet south of the prolongation of the southeast curb line of Memorial Drive;

THENCE angle right 90° 00’ and northeastward along the curb line of said parking area, 22 feet, more or less, to an inside corner in said curb line;

THENCE angle left 80° 00’ and northwestward along the curb line of said parking area, 19 feet to the southeast edge of a 10-foot wide sidewalk along the southeast side of Memorial Drive;

THENCE northeastward along the southeast edge of the sidewalk along the southeast side of Memorial Drive, 189 feet to a corner in said parking area;

THENCE angle right 90° 00’ and southwestward along the curb line in said parking area, 19 feet to an inside corner of said curb;

54 Dallas City Code
THENCE angle left 100° 00’ and northeastward along a curb line in said parking area, 20 feet to the southwest edge of the sidewalk along the southwest side of a drive designated as “Driveway E”;  

THENCE angle right 90° 00’ and southeastward along the southwest edge of the sidewalk along the southwest side of said drive, 15 feet, more or less, to its intersection with the southwestward prolongation of the southeast edge of a 10-foot wide sidewalk along the southeast side of Memorial Drive;  

THENCE northeastward along the line of the southeast edge of the 10-foot wide sidewalk along the southeast side of Memorial Drive, 450 feet, more or less, to a corner in the most northerly portion of “Parking Area E”;  

THENCE angle right 90° 00’ and southeastward along a curb line in said parking area, 19 feet to an inside corner in the curb line of said parking area;  

THENCE angle left 90° 00’ and northeastward parallel with Memorial Drive and along a curb line of said parking area, 18 feet, more or less, to the southwest edge of the sidewalk along the southwest side of Hotel Street;  

THENCE southeastward along the southwest edge of the sidewalk along the southwest side of Hotel Street, 1078 feet, more or less, to the place of beginning.  

(7) parking area F - being a fenced area lying within the right-of-way of Stemmons Freeway at R. L. Thornton Freeway, designated as “Parking Area F”, and being more particularly described as follows:  

BEGINNING at a fence corner at the intersection of the northwest right-of-way line of Houston Street Viaduct with the westerly right-of-way line of Stemmons Freeway;  

THENCE in a southeasterly and southerly direction along a chain link fence along the westerly right-of-way line of Stemmons Freeway, 1022 feet, more or less,
to a point on the northeast right-of-way line of Industrial Boulevard;

THENCE in a northerly direction along a line of post, with chain, along the northeast right-of-way line of Industrial Boulevard, 822 feet, more or less, to a fence corner which is 3 feet southeast from the northwest right-of-way line of Houston Street Viaduct;

THENCE in a northerly direction along a chain link fence which is 3 feet southeast from the northwest right-of-way line of Houston Street Viaduct, 121 feet, more or less, to a fence corner;

THENCE angle left 90° 00’ in a northerly direction along a chain link fence, 3 feet to a fence corner;

THENCE angle right 90° 00’ in a northerly direction along a chain link fence along the northwest right-of-way line of Houston Street Viaduct, 336 feet, more or less, to the place of beginning.

(9) the Houston Loop Parking Area - being the area bounded by Houston Street, Houston Street Viaduct, AMTRAK right-of-way and Reunion Boulevard, designated as “Houston Loop Parking Area” and being more particularly described as follows:

BEGINNING at a point on the back of the east curb line of “Houston Loop Parking Area”, which is along the west line of Houston Street said point being approximately 12 feet north of the north end of Houston Street Viaduct;

THENCE southward along the back edge of the east curb line of said parking area and parallel with Houston Street Viaduct, 607 feet, more or less, to a guard rail with post;

THENCE southwestward along the guard rail and post, 40 feet, more or less, to a chain link fence; which is on the northeast right-of-way line of AMTRAK;

THENCE northwestward along the northeast line of the AMTRAK right-of-way and along a chain link fence, 575 feet, more or less, to the northwest curb line of said parking area;

THENCE northeastward along the curb line which is approximately 50 feet southeast from and parallel with the southeast curb line of Reunion Boulevard, 260 feet, more or less, to the beginning of the concrete pavement for the exit drive to Reunion Boulevard, which is also the northeast corner of a concrete pad for a revenue control system;

THENCE angle right 90° and southeastward, 19 feet;

THENCE angle left 45° 00’ and eastward 122 feet, more or less, to the place of beginning. (Ord. Nos. 15167; 16834; 24554)

SEC. 43-133. USE OF SIDEWALK FOR DISPLAY OF MERCHANDISE.

No merchant or owner of a building, fronting on any street, shall be allowed the use of any portion of
§ 43-133 Streets and Sidewalks

§ 43-135 Streets and Sidewalks

(1) ABOVE GROUND UTILITY STRUCTURE or AGUS means any utility structure that extends higher than the surrounding grade.

(2) AGUS PLACEMENT GUIDELINES means a manual published by the city of Dallas that contains engineering, technical, and other special criteria and standards established by the director for the placement of above ground utility structures.

(3) BACKFILL means:

(A) the placement of new dirt, fill, or other material to refill an excavation; or

(B) the return of excavated dirt, fill, or other material to an excavation.

(4) CITY means the city of Dallas and the city’s officers and employees.

(5) CLOSURE means a complete or partial closing of a sidewalk or one or more lanes of traffic of a thoroughfare for any period of time.

(6) CONSTRUCTION means any of the following activities performed by any person within a public right-of-way:

(A) Installation, excavation, laying, placement, repair, upgrade, maintenance, or relocation of facilities or other improvements, whether temporary or permanent.

(B) Modification or alteration to any surface, subsurface, or aerial space within the public right-of-way.

(C) Performance, restoration, or repair of pavement cuts or excavations.

(D) Reconstruction of any of the work described in Paragraphs (6)(A) through (6)(C) of this subsection.

(E) Other similar construction work.

(7) DESIGN DISTRICT means an area the city council has designated as a:

(A) public improvement district pursuant to Chapter 372 of the Texas Local Government Code, as amended;

(B) reinvestment zone pursuant to Chapter 311 of the Texas Tax Code, as amended;

(C) planned development zoning district;

(D) form zoning district subject to Chapter 51A of this code, as amended; or

(E) conservation district.

(8) DESIGN MANUAL means a manual published by the city that contains engineering, technical, and other special criteria and standards.
established by the director for the placement, installation, collocation, replacement, and repair of network nodes, as that term is defined in Chapter 284 of the Texas Local Government Code, as amended, and any related infrastructure, including poles, in the public right-of-way.

(9) DIRECTOR means the director of public works or any designated representative.

(10) EMERGENCY ACTIVITY means circumstances requiring immediate construction or operations by a public service provider to:

(A) prevent imminent damage or injury to the health or safety of any person or to the public right-of-way;

(B) restore service; or

(C) prevent the loss of service.

(11) EXCAVATION means the removal of dirt, fill, or other material in the public right-of-way, including but not limited to the methods of open trenching, boring, tunneling, or jacking.

(12) FACILITIES means the plant, equipment, buildings, structures, poles, wires, cables, lines, conduit, mains, pipes, vaults, above ground utility structures, and appurtenances of a public service provider and includes property owned, operated, leased, licensed, used, controlled, or supplied for, by, or in connection with the business of the public service provider.

(13) MAJOR PROJECT means any construction that requires a pavement cut of a length of 300 linear feet or greater within any single street or alley or any construction in an area that the director determines occurs in an area of high vehicular traffic.

(14) PAVEMENT CUT means a cut made into the paved surface of the public right-of-way.

(15) PAVEMENT CUT AND REPAIR STANDARDS MANUAL means a manual published by the city of Dallas that contains engineering, technical, and other special criteria and standards established by the director for pavement cut, excavation, backfill, restoration, and repair activities in the public right-of-way.

(16) PERMITTEE means the person applying for or receiving a permit to perform construction within the city’s right-of-way under the terms and conditions of this article. The term includes:

(A) any officer, director, partner, manager, superintendent, or other authorized person exercising control over or on behalf of the permittee; and

(B) any contractor or subcontractor of the permittee, for purposes of compliance with the City of Dallas Pavement Cut and Repair Standards Manual and the traffic control, construction, and maintenance requirements of this article.

(17) PERSON means a natural person, a corporation, a public service provider, a governmental entity or agency (including the city), a limited liability company, a joint venture, a business trust, an estate, a trust, a partnership, an association, or any other legal entity.

(18) PUBLIC RIGHT-OF-WAY means any area of land within the city that is acquired by, dedicated to, or claimed by the city in fee simple, by easement, or by prescriptive right and that is expressly or impliedly accepted or used in fact or by operation of law as a public roadway, highway, street, sidewalk, alley, or utility access easement. The term includes the area on, below, and above the surface of the public right-of-way. The term applies regardless of whether the public right-of-way is paved or unpaved. The term does not include airwaves above the public right-of-way that fall under the exclusive jurisdiction of the United States government.

(19) PUBLIC SERVICE PROVIDER means any wholesale or retail electric utility, gas utility,
telecommunications company, cable company, water utility, storm water utility, or wastewater utility, regardless of whether the public service provider is publicly or privately owned or required to operate within the city pursuant to a franchise, including a network provider as that term is defined in Chapter 284 of the Texas Local Government Code, as amended.

(20) SPOILS or EXCAVATED MATERIAL means construction waste, construction supplies, or excavated dirt, fill, or other similar material that is stored or placed upon the surface of a public right-of-way.

(21) SUBDIVISION means "subdivision" as defined in Article VIII, "Plat Regulations," of the Dallas Development Code, as amended.

(22) THOROUGHFARE means:

(A) a public traffic arterial, as designated in the city’s thoroughfare plan;

(B) a nonresidential collector street, as defined in the Street Design Manual of the city of Dallas; and

(C) all streets within the central business district.

(23) UTILITY STRUCTURE:

(A) means any structure, cabinet, or other appurtenance (other than a pole or a device attached to a pole) that is owned or used by a public service provider to provide service; and

(B) does not include:

(i) a device or structure used to control or direct pedestrian or vehicular traffic on an adjacent roadway; or

(ii) any infrastructure that provides water used for fire suppression. (Ord. Nos. 24495; 26263; 28424; 30239; 30620; 30654; 31313)
SEC. 43-136. DIRECTOR’S AUTHORITY; ENFORCEMENT; OFFENSES.

(a) The director is authorized to administer and enforce the provisions of this article, and to promulgate regulations, including but not limited to engineering, technical, and other special criteria and standards, to aid in the administration and enforcement of this article that are not in conflict with this article, this code, or state or federal law. To further aid in the administration and enforcement of this article, the director is also authorized to promulgate regulations and operational standards governing the shared use of the public right-of-way by transportation uses (including but not limited to streetcars) and public service providers, so long as those regulations and standards are not in conflict with this article, this code, or state or federal law.

(b) The director is authorized to enter upon a construction site for which a permit is granted under this article or, where necessary, upon private property adjacent to the construction site, for purposes of inspection to determine compliance with the permit or this article.

(c) A person commits an offense if he:

(1) performs, authorizes, directs, or supervises construction without a valid permit issued under this article;

(2) violates any other provision of this article;

(3) fails to comply with restrictions or requirements of a permit issued under this article; or

(4) fails to comply with an order or regulation of the director issued pursuant to this article.

(d) A person commits an offense if, in connection with the performance of construction in the public right-of-way, he:
§ 43-136 Streets and Sidewalks

(1) damages the public right-of-way beyond what is incidental or necessary to the performance of the construction;

(2) damages public or private facilities within the public right-of-way; or

(3) knowingly fails to clear debris associated with the construction from a public right-of-way after construction is completed.

(e) It is a defense to prosecution under Subsection (d)(2) if the person complied with all of the requirements of this article and state law and caused the damage because the facilities in question:

(1) were not shown or indicated in a plan document, plan of record, record construction drawing, or field survey, staking, or marking; and

(2) could not otherwise be discovered in the public right-of-way through the use of due diligence.

(f) A person commits an offense if, while performing any construction or other activity along a public right-of-way (whether or not a building or other permit is required for the activity), the person:

(1) damages the public right-of-way or public or private facilities located within the public right-of-way; or

(2) fails to clear debris associated with the construction or other activity from a public right-of-way.

(g) It is a defense to prosecution under Subsections (f)(1) and (f)(2) that the person was performing all of the construction or other activity along the public right-of-way in compliance with any permit issued for the construction or activity.

(h) A person who violates a provision of this article is guilty of a separate offense for each day or portion of a day during which the violation is committed, continued, authorized, directed, or permitted. An offense under Subsection (d)(3) or (f)(2) is punishable by a fine of not less than $500 or more than $2,000. Any other offense under this article is punishable by a fine of $500. The culpable mental state required for the commission of an offense under this article is governed by Section 1-5.1 of this code.

(i) This article may be enforced by civil court action in accordance with state or federal law, in addition to any other remedies, civil or criminal, the city has for a violation of this article.

(j) Prior to initiation of civil enforcement litigation, the permittee or any other person who has violated a provision of this article must be given the opportunity to correct the violation within the time frame specified by the director. This subsection does not prohibit the director or the city from taking enforcement action as to past or present violations of this article, notwithstanding their correction. (Ord. Nos. 24495; 26263; 28066)

SEC. 43-137. REGISTRATION; OTHER REQUIREMENTS.

(a) Nothing in this section relieves any person from obtaining a permit under this article to perform work in the public right-of-way.

(b) In order to protect the public health, safety, and welfare, a public service provider maintaining or operating existing facilities in the public right-of-way, and any other person working in the public right-of-way, must register with the director in accordance with the following requirements:

(1) The registration must be on a form furnished by the director and made in the name of the public service provider that owns the facilities or the person working in the public right-of-way.

(2) Registration expires March 1 of every year after the calendar year in which the first registration occurs. If a registration is not renewed by the expiration date, the director shall furnish written notice to the public service provider or person that the registration has expired. If a public service provider or
person fails to renew registration within 30 calendar days after the director gives notice of the expiration, the facilities of the public service provider or person will be deemed to have been legally abandoned.

(3) If information provided as part of the registration changes, the public service provider or person must inform the director in writing not more than 30 days after the date the change occurs.

(4) The public service provider or person shall also include the following with the registration:

(A) The name of the public service provider or person using the public right-of-way, including any business name, assumed name, or trade name the public service provider operates under or has operated under within the past five years.

(B) If the public service provider is a certificated telecommunications provider, the certificate number issued by the Texas Public Utility Commission.

(C) The ordinance number of any franchise or license issued by the city of Dallas that authorizes the public service provider or person to use the public right-of-way.

(D) The names, mailing addresses, e-mail addresses, and telephone numbers of at least two persons who will be general, day-to-day contacts for the public service provider or person. At least one of the addresses must be within the Dallas/Fort Worth metropolitan area.

(E) The name, mailing address, and e-mail address of the officer or agent designated as the person authorized to receive service of process on behalf of the public service provider or person.

(F) The name, mailing address, e-mail addresses, and telephone number of any contractor or subcontractor, if known, who will be working in the public right-of-way on behalf of the public service provider or person.

(G) The names, telephone numbers, and e-mail addresses of at least two persons serving as emergency contacts who can be reached by telephone 24 hours a day, seven days a week. The telephone numbers should be accessible without the city having to pay a long distance telephone or toll charge.

(H) Proof of existing insurance that complies with the following requirements:

(i) The minimum insurance coverage for a public service provider must be commercial general liability insurance, or any combination of general liability and umbrella/excess insurance, (including, but not limited to, premises operations, personal and advertising injury, products/completed operations, and independent contractors and contractual liability) with a minimum combined bodily injury (including death) and property damage limit of $25,000,000 per occurrence, $25,000,000 products/completed operations aggregate, and $25,000,000 general aggregate, except that public service providers or persons conducting pavement cuts or excavations not more than 18 inches in depth from the top of the pavement must provide a minimum combined bodily injury (including death) and property damage limit of $500,000 per occurrence $500,000 products/completed operations aggregate, and $500,000 general aggregate. The liability insurance policy must also include coverage for explosion, collapse, and underground hazards. The insurance coverage must be written by a company or companies approved to conduct business in the State of Texas. The city must be named as an additional insured on the policy by using endorsement CG 20 26 or broader.

(ii) The insurance filed by a public service provider or person working in the public right-of-way must also meet the same requirements as insurance filed by a permittee under Section 43-140(a)(3) through (a)(7). A public service provider or person registered under this section has the same duties, obligations, and liabilities as a permittee under Section 43-140(a)(3) through (a)(7), except that a public service provider or person registered under this section does not have to file separate proof of
insurance every time it obtains a permit to perform work in the public right-of-way.

(iii) If the public service provider or person is an entity that has a tangible net worth ratio of 3 to 1 (assets to liabilities) with a minimum tangible net worth of at least $100,000,000, proof of self-insurance sufficient to meet the coverage required in this subparagraph is sufficient to satisfy the insurance requirements of this subparagraph.

(5) The insurance requirements of Subsection (b)(4)(H) of this section do not apply to:

(A) construction or other activity performed by the city’s own departments or by contractors hired by the city and working on city-owned facilities within the public right-of-way; or

(B) a public service provider or person operating facilities or performing construction pursuant to a valid existing franchise or license approved by the city council. (Ord. Nos. 24495; 26263; 29993)

SEC. 43-138. PLANS OF RECORD.

(a) Any public service provider with facilities in the public right-of-way shall submit plans of record in accordance with the following requirements:

(1) On or before April 1, 2001, a public service provider shall submit to the director a schedule to provide complete plans of record that show all of its facilities existing in the public right-of-way as of the date the plans of record are submitted to the director in compliance with this section. The schedule must provide for all plans of record for existing facilities inside the central business district to be furnished to the director on or before March 1, 2002 and for all plans of record for existing facilities outside the central business district to be furnished to the director on or before March 1, 2003.

(2) On or before March 1 of each calendar year following the initial submittal of its plans of record, a public service provider shall provide to the director plans of record that show all installations of new facilities, and all changes, additions, abandonments, and relocations relating to existing facilities, completed in the previous calendar year, both inside and outside of the central business district.

(3) The plans of record must be provided in a format specified by the director and must contain such detail and accuracy as are required by the director. Plans of record must be submitted in computerized or digital format.

(b) If plans of record submitted under this section include information expressly designated by the public service provider as a trade secret or other confidential information protected from disclosure by state law, the director may not disclose that information to the public without the consent of the public service provider, unless otherwise compelled by an opinion of the attorney general pursuant to the Texas Open Records Act, as amended, or by a court having jurisdiction of the matter pursuant to applicable law. This subsection may not be construed to authorize a public service provider to designate all matters in its plans of record as confidential or as trade secrets. (Ord. Nos. 24495; 26263)

SEC. 43-139. PERMIT REQUIRED; EXCEPTIONS; CONDITIONS; DENIAL AND REVOCATION.

(a) A person shall not perform any construction, except for an emergency activity, within a public right-of-way without first obtaining a permit from the director prior to the start of construction. A person who undertakes any work outside of the public right-of-way that will cut, break, or otherwise damage the public right-of-way shall also obtain a permit under this section. Except as provided in Subsection (b), a permit is required in accordance with this section for the following types of construction, regardless of whether the construction is in or outside of a public right-of-way:

(1) Installation of an above ground utility structure that does not replace an existing facility.
(2) Replacement or upgrade of an existing above ground utility structure with another above ground utility structure.

(3) Replacement of an existing below ground utility structure with an above ground utility structure.

(b) Exceptions.

(1) A permit is not required under Subsection (a) if the activity in or outside of the public right-of-way consists exclusively of:

(A) the placement of an above ground utility structure on property that is not:

(i) zoned as residential; or

(ii) adjacent to property zoned as residential;

(B) the replacement or upgrade of an existing above ground utility structure on or adjacent to property that is zoned as residential when:

(i) the existing structure is less than 39 inches tall; and

(ii) the replacement or upgrade will not increase the size or change the location of the structure; or

(C) maintenance or service to an existing above ground utility structure.

(2) A permit is not required under Subsection (a) if the activity in the public right-of-way consists exclusively of:

(A) a connection of real property to a retail utility service on the same side of the public right-of-way, if the connection does not require a pavement cut; or

(B) the replacement of a single damaged pole.

(c) The following procedures and requirements govern the application for and issuance of a permit required under Subsection (a) of this section:

(1) A permit application must be made in writing on a form approved by the director. The application must be signed and submitted by the owner of the facility for which the permit is requested or, if the work does not involve a facility, by the owner of the improvement for which the permit is requested.

(2) Except in the case of a major project, a permit application must be submitted to the director not less than three business days before commencement of the proposed construction unless emergency activity is required, in which case immediate notice, including the reasons for the emergency activity, must be given to the director. The proposed construction on the project may commence upon issuance of the permit by the director.

(3) A permit application for a major project must be submitted enough time in advance of the commencement of the proposed construction to allow the director at least 30 business days for review. During this project submission review period, schedules, alternatives to cutting the street, utility assignments, special repair requirements, and all other questions will be resolved. Adjustments to time limits specified in the Pavement Cut and Repair Standards Manual may be granted by the director for major project work. The proposed construction on the project may commence upon issuance of the permit by the director.

(4) A permit application must include a statement by the applicant that the applicant has collected all available plans for existing city of Dallas underground facilities and other public and private utilities and has included those facilities and utilities in the applicant's design, showing no apparent conflict. The statement must also affirm that the applicant will perform field verifications as necessary during construction to locate all city and other existing underground facilities.
(5) A permit application for an above ground utility structure in or outside of a public right-of-way must include identification of appropriate locations for the structure that are consistent with the placement criteria set forth in the AGUS Placement Guidelines.

(6) The permit application on any project must include submittal of plans to the director. When required by the Texas Engineering Practice Act, as amended, the plans must be sealed by a professional engineer licensed to practice in the State of Texas. The plans must include the horizontal and vertical alignments of all proposed facilities in relation to all existing public and private facilities in plan view. The plans must clearly show the proposed locations of all above ground utility structures and include a detail view showing the height, width, and depth dimensions of each type of above ground utility structure (including any supporting pad) to be installed. If the project is a major project that is located within the central business district, crosses street intersections, or involves crossing proposed facilities over or under existing facilities, the plans must also include a representation of the vertical alignment of the facilities in profile view. Each sheet of the plans must have a note instructing the contractor to verify the location of underground utilities at least 100 feet in advance of all proposed utility crossings, and also at locations where the proposed facilities are shown to be running parallel to existing facilities within five feet. The plans must be half size (11” X 17”) at a scale no smaller than 1” = 40’ in plan view and 1” = 6’ in profile view. Each project must be assigned a project number, which must appear on each sheet. Plans must be readable with a minimum lettering size of 1/8”.

(7) A permit is required even if other authority has been granted by the director to make a pavement cut or excavation in a public right-of-way as part of a city construction project.

(8) The director shall state on the permit the activity for which the permit is issued and include any additional restrictions or requirements determined necessary by the director.

(9) The permittee has the exclusive responsibility to coordinate with other public service providers to protect all existing facilities in the public right-of-way in which the construction occurs.

(10) The permittee shall, as an express condition of the permit, comply in all respects with the requirements prescribed for the permitted activity in the Pavement Cut and Repair Standards Manual, the AGUS Placement Guidelines, and the Design Manual, as applicable; and with all other city ordinances and state or federal laws or regulations affecting the permitted activity.

(11) The director shall notify persons who registered under Section 43-137 during the previous calendar year of pavement surfaces to be reconstructed or resurfaced by the city during the next calendar year.

(12) A person or public service provider planning construction within the public right-of-way shall notify the director by March 1 of each year of all then-known facility expansion or replacement projects planned for the next fiscal year that may require pavement cuts or excavations.

(13) The director may require any permittee to use trenchless technology or boring, instead of disturbing a public right-of-way surface, if it is:

(A) in the best interest of the city;

(B) technically, commercially, and economically feasible; and

(C) not in violation of federal or state regulations or industry safety standards.

(14) Directional drilling or boring may not be used in the central business district, unless otherwise approved by the director as being in the best interest of the public health, safety, welfare, and convenience.

(15) In using trenchless technology or boring, whether or not required under Paragraph (13) of this subsection, the permittee must:
(A) obtain and have at the construction site recent plans from the city’s water utilities department, and, where available, plans from owners of all other underground facilities, showing the horizontal and vertical placement of the underground facilities, if the permittee's proposed facilities will:

   (i) cross other existing facilities; or

   (ii) be located within five feet of existing facilities at any point;

(B) locate all water main lines by potholing, if the permittee's proposed facilities will:

   (i) cross other existing facilities; or

   (ii) be located within five feet of existing facilities at any point; and

(C) be able to locate the bore head at all times in accordance with the latest technologies and provide the location of the bore to the director upon request.

(16) The permittee shall maintain the construction area in a public right-of-way in a manner that avoids dust, other health hazards, and hazards to vehicular and pedestrian traffic until the public right-of-way is permanently repaired.

(17) When making a pavement cut or excavation, or placing spoils or excavated material in or along a public right-of-way, the permittee shall place barricades, warning signs, and warning lights at the location sufficient to warn the public of the hazard of the cut, excavation, spoils, or excavated material in compliance with the latest Edition of the Texas Manual on Uniform Traffic Control Devices, as amended, published by the Texas Department of Transportation and City of Dallas requirements. Excavated material and debris must be removed from the right-of-way on a daily basis.

(18) The director may require the permittee to share trench space to minimize the disruption of vehicular and pedestrian traffic or to provide space for needed city facility installations if such sharing is:

   (A) technically, commercially, and economically feasible; and

   (B) not in violation of state or federal regulations or industry safety standards.

(19) A traffic control plan must be submitted with the permit application and must include detailed drawings showing the proposed traffic controls for vehicular and pedestrian traffic for each phase of the proposed work in the public right-of-way. Traffic control plans must show necessary pedestrian sidewalk detours, crosswalk closures, temporary covered walkways, or scaffolding for the safety of pedestrians that comply with the requirements of the latest edition of the Texas Manual of Uniform Traffic Control Devices, as amended, published by the Texas Department of Transportation and City of Dallas requirements. Traffic control plans must be approved by the City of Dallas before commencing work.

(20) The permittee must affirm on the permit application that the permittee has complied with the pre-construction notice requirements in this article.

(21) The director may prohibit street excavation when a permittee seeks to install facilities in a design district or in an area that is part of a major project, unless the permittee can show that existing facilities are unavailable to serve the current needs of the permittee or the permittee’s existing customers, whether through facilities owned by the permittee or are otherwise available.

(d) The following additional procedures apply if it is necessary to close, in whole or in part, a public right-of-way for purposes of making a pavement cut or an excavation:

(1) For any closure of a traffic lane or blocking of a sidewalk or alley lasting one day or less, the permittee shall conspicuously mark its vehicles with the permittee’s name and telephone number.
§ 43-139 Streets and Sidewalks

(2) Any closure of a traffic lane or blocking of a sidewalk or alley lasting longer than one day must be identified by a sign that is clearly legible to the traveling public. The sign must be posted at or in close proximity to the worksite and must contain:

(A) the name of the permittee;

(B) the name of the person performing the construction on behalf of the permittee, if any; and

(C) a local 24-hour contact number that can be used in case of emergency or to answer any questions.

(3) The requirements of Paragraphs (1) and (2) of this subsection are in addition to any other signage, barricades, or warning devices required by law or ordinance. The sign information required by Paragraph (2) of this subsection may be included on barricades or warning devices.

(4) When permitted construction will last longer than two weeks, the permittee shall give written notification to all adjacent property occupants by conspicuously posting the notification on each adjacent property at least 72 hours before commencement of construction, unless the director determines that an emergency exists.

(5) If a street or alley must be totally closed for any duration, the permittee shall provide for reasonable alternative access to the adjacent property by the property’s occupants and invitees, which access must include but is not limited to deliveries to the property.

(6) If construction on a partially closed thoroughfare stops for the day, all thoroughfare lanes must be reopened to traffic, unless an extended time of closure is expressly granted by the permit.

(7) If a pavement cut is to be covered, the permittee shall use steel plates, or equivalent plates, of sufficient strength and thickness to support all traffic.

(8) Plates must be sufficiently secured in place so as not to become dislodged or in any way cause a hazard to any traffic or cause any loud and disturbing noises and vibrations through the use of materials such as asphalt, flexible plastic gaskets, wedges, or other non-asphaltic devices. Transitions must be placed as required with a minimum 2:1 slope to provide a reasonably smooth riding surface.

(9) Plates must be marked with the name of the person performing the construction and with a local 24-hour contact number that can be used in case of an emergency, unless a sign complying with Paragraph (2) of this subsection is posted at or in close proximity to the worksite.

(e) Unless it becomes necessary to conduct emergency activity, a permittee shall not cause or allow interference with traffic flow on a thoroughfare, arterial, or a community collector during the hours of 6:30 a.m. through 9:30 a.m. and 3:30 p.m. through 6:30 p.m., Monday through Friday.

(f) A temporary repair may not remain on public right-of-way for more than 14 calendar days after the completion of the repair or installation of the underground structure or facility, unless a time extension has been granted by the director. The city may, at the expense of the permittee or other responsible person, remove any temporary repair remaining in the public right-of-way beyond the 14-day time limit and make permanent repairs. Any exception to the 14-day time limit, other than a relocation of a facility in advance of a city construction project in the public right-of-way, must be approved by the director prior to expiration of the time limit.

(g) If no construction has commenced under a permit within 60 calendar days after issuance of the permit, the permit becomes null and void, and a new permit is required before construction may be performed in the public right-of-way or, for an above ground utility structure, in or outside of the public right-of-way. An extension to a permit may be granted by the director only before the permit expires.
§ 43-139 Streets and Sidewalks

(h) The director may refuse to issue a permit if:

(1) the proposed construction will substantially interfere with vehicles or pedestrians and no procedures, or procedures inconsistent with this article, have been implemented to minimize the interference;

(2) the proposed construction will substantially interfere with another activity for which a permit has been issued, or will conflict or interfere with existing facilities already in the public right-of-way;

(3) the proposed barricading, channelizing, signing, warning, or other traffic control procedures or equipment do not comply with the requirements of the 1980 edition of the Texas Manual on Uniform Traffic Control Devices, as amended;

(4) the proposed construction, incidental traffic control, or other permitted activity, or the manner in which it is to be performed, will violate a city ordinance or regulation or a state or federal statute or regulation;

(5) the permittee:

(A) failed to furnish all the information required by this article;

(B) knowingly or intentionally furnished materially false or incorrect information to the director;

(C) failed, except for good cause shown, to file the application on the approved form within the time limits prescribed by this section;

(D) failed or refused to submit plans of record as required under Section 43-138;

(E) was convicted of violating a provision of this article twice within the two-year period immediately preceding the date of application;

(F) failed to furnish or have on file with the director the insurance required under this article;

(G) is not in compliance with applicable requirements of an existing permit issued under this article;

(H) has not obtained a current copy of the Pavement Cut and Repair Standards Manual from the director; or

(I) failed to comply with the AGUS Placement Guidelines without having received a waiver by the director under Section 43-141.

(i) The director may suspend construction or revoke an issued permit on the same grounds on which a permit may be denied under Subsection (h), or if the permittee:

(1) commences or performs construction in violation of an applicable requirement of this article or the permit;

(2) creates or is likely to create a public health or safety hazard by performance of the construction in question;

(3) fails to comply with an order or regulation of the director;

(4) fails to comply with restrictions or requirements of other city ordinances or state or federal laws or regulations applicable to the construction; or

(5) commences or performs work without having prior knowledge and understanding of the applicable repair standards or without having obtained a current copy of the Pavement Cut and Repair Standards Manual from the director.

(j) The director shall provide written notice of a suspension or revocation to the permittee or the person hired by the permittee to perform the construction. Construction that is suspended may not resume until the director determines that the permittee has corrected the violation, noncompliance, or hazard that caused the suspension. A permit that has been
revoked may be reinstated by the director if the director
determines that:

(1) the permittee has corrected the violation,
noncompliance, or hazard that caused the revocation; and

(2) the health or safety of the public is not
jeopardized by reinstating the permit.

(k) Any variance from the requirements of this
article must be approved in advance by the director.
The director may grant a variance only if an extreme
hardship exists and the public health, safety, welfare,
and convenience is not adversely affected by granting
the variance. The director may not approve any
variance that would give a competitive advantage to
one person over another person providing the same or
similar service. The director may not grant a variance
from the indemnity requirements of Section 43-140(d).
(Ord. Nos. 24495; 26263; 29993; 30620; 31209)

SEC. 43-139.1. NETWORK NODES AND
RELATED INFRASTRUCTURE.

(a) The terms used in this section have the
meanings ascribed to them in Chapter 284 of the Texas
Local Government Code, as amended.

(b) A person shall not construct, place, install,
replace, upgrade, repair, or collocate a network node or
related infrastructure, including poles, within a public
right-of-way without first obtaining a permit from the
director.

(c) Permit applications must be accepted and
processed as provided in the Design Manual and in
accordance with Chapter 284 of the Texas Local
Government Code, as amended. A permit application
for a network node must be accompanied by a fully
executed pole attachment agreement for the proposed
location or an approved permit for a node support pole
at the proposed location in order for the application to
be deemed complete. The director shall deny
applications that do not include required materials and
information in accordance with state law and the
Design Manual.

(d) A person shall not file, or have pending,
more than 30 permit applications for the installation or
collocation of network nodes at any time.

(e) Permit fees and compensation for use of the
right-of-way and any city infrastructure pursuant to
Chapter 284 of the Texas Local Government Code, as
amended, shall be as provided by state law and the
Design Manual.

(f) The placement, installation, or collocation of
a network node or related infrastructure, including
poles, in a design district with decorative poles or in a
district the city has designated as historic, is subject to
additional design, concealment, and aesthetic
standards, as set out in the Design Manual.

(g) A network provider shall not install a new
node support pole in a public right-of-way if the
public right-of-way is:

(1) adjacent to property under the control
and jurisdiction of the park board; or

(2) adjacent to a street or thoroughfare that
is not more than 50 feet wide and adjacent to property
zoned for residential uses, as that term is defined by
the Dallas Development Code, or deed restriction.

(h) Designations.

(1) Any area that meets the definition of a
design district under this article is hereby designated
a design district for purposes of Chapter 284 of the
Texas Local Government Code, as amended.

(2) Any area within the city without utility
poles is hereby designated as an underground district
pursuant to Chapter 284 of the Local Government
Code, as amended, and is subject to additional design,
concealment, and aesthetic standards as set out in the
Design Manual.
(i) A person acting under this section shall do so in accordance with the terms of the permit, the Design Manual, and all applicable city ordinances, state, and federal laws. (Ord. 30620)

SEC. 43-140. INSURANCE AND INDEMNITY REQUIREMENTS; EXCEPTIONS.

(a) As an express precondition to being granted a permit to perform construction within a public right-of-way, the permittee shall furnish the director proof of existing insurance in accordance with the following requirements:

(1) If the construction will require a pavement cut or excavation not more than 18 inches in depth and 300 feet in length, the permittee must provide proof of commercial general liability insurance (including, but not limited to, premises operations, personal and advertising injury, products/completed operations, and independent contractors and contractual liability) with a minimum combined bodily injury (including death) and property damage limit of $500,000 per occurrence, $500,000 products/completed operations aggregate, and $500,000 general aggregate. The insurance coverage must be written by a company or companies approved to conduct business in the State of Texas. The city must be named as an additional insured on the policy by using endorsement CG 20 26 or broader.

(2) If the construction will require a pavement cut or excavation exceeding either 18 inches in depth or 300 feet in length, the permittee must provide proof of commercial general liability insurance, or any combination of general liability and umbrella/excess insurance, (including, but not limited to, premises operations, personal and advertising injury, products/completed operations, and independent contractors and contractual liability) with a minimum combined bodily injury (including death) and property damage limit of $25,000,000 per occurrence, $25,000,000 products/completed operations aggregate, and $25,000,000 general aggregate. The liability insurance policy must also include coverage for explosion, collapse, and underground hazards. The insurance coverage must be written by a company or companies approved to conduct business in the State of Texas. The city must be named as an additional insured on the policy by using endorsement CG 20 26 or broader.

(3) Each policy must include a provision that requires the insurance company to notify the city in writing at least 30 days before canceling or failing to renew the policy or before reducing policy limits or coverages.

(4) The permittee agrees, with respect to the insurance coverage required by this subsection, to waive subrogation against the city and its officers and employees for bodily injury (including death), property damage, or any other loss.

(5) The insurance coverage required by this subsection is considered primary insurance in regard to the city and its officers, employees, and elected representatives.

(6) Proof of insurance in the form of an original industry standard certificate of insurance showing the city as an additional insured must be provided to the director prior to any commencement of work by the permittee. The certificate of insurance must be executed by the insurer or its authorized agent and must state specific coverage, limits, and expiration dates in accordance with the requirements of this subsection.

(7) The permittee shall make available to the director, upon request, a copy of the insurance policy, including any endorsements, riders, and amendments to the policy and any statements respecting coverage under the policy.

(b) A permittee who is a public service provider who has registered and filed proof of insurance under Section 43-137 of this article is not required to furnish separate proof of insurance under this section when obtaining a permit, but must comply with all other requirements of this section.
§ 43-140 Streets and Sidewalks § 43-140.1

(c) If the permittee is an entity that has a tangible net worth ratio of 3 to 1 (assets to liabilities) with a minimum tangible net worth of at least $100,000,000, proof of self-insurance sufficient to meet the coverage required in Subsection (a) is sufficient to satisfy the requirements of that subsection.

(d) The following indemnity provisions apply to a public service provider registered under Section 43-137 and are also included by reference as express terms of a permit issued under this article:

(1) A permittee who is a certificated telecommunications provider as defined in Chapter 283, Texas Local Government Code, as amended, or a network provider as defined by Chapter 284 of the Texas Local Government Code, as amended, agrees to give to the city the indemnity provided in Section 283.057, Texas Local Government Code, as amended.

(2) A permittee, other than a certificated telecommunications provider described in Paragraph (1) of this subsection, expressly agrees to fully and completely defend, indemnify, and hold harmless the city and its officers, agents, and employees, against any and all claims, lawsuits, judgments, costs, and expenses for personal injury (including death), property damage or other harm for which recovery of damages is sought, suffered by any person or persons, that may arise out of or be occasioned by any negligent, grossly negligent, wrongful, or strictly liable act or omission of the permittee or its agents, employees, or contractors, in the performance of work or activity pursuant to the permit issued under this article, regardless of whether or not the negligence, gross negligence, wrongful act, or fault of the city or its officers, agents, or employees, contributes in any way to the damage, injury, or other harm. The requirement of the permittee to defend the city also unconditionally applies regardless of whether or not the negligence, gross negligence, or fault of the city or its officers, agents, or employees contributes in any way to the damage, injury, or other harm. Nothing in this paragraph may be construed as waiving any governmental immunity available to the city under state law. This provision is solely for the benefit of the permittee and the city and is not intended to create or grant any rights, contractual or otherwise, in or to any other person.

(e) This section does not apply to:

(1) construction or other activity performed by the city’s own forces or by contractors hired by the city and working on city-owned facilities within the public right-of-way;

(2) a person operating facilities or performing construction pursuant to a valid existing franchise or license approved by the city council; or

(3) construction or repair of a sidewalk or driveway approach for an abutting single-family or duplex residential property owner. (Ord. Nos. 24495; 26263; 30620)

SEC. 43-140.1. PERFORMANCE BOND; LETTER OF CREDIT; CASH DEPOSIT.

(a) General. As an express precondition to being granted a permit to perform construction within a public right-of-way, the permittee shall furnish the director a performance bond, letter of credit, or cash deposit, complying with this section, for any project that involves pavement excavation or boring for the installation of a new facility or for a significant facility relocation other than an excavation or boring for the installation of a new facility or for a significant facility relocation other than an excavation or boring for a localized new service line installation or facility repair. Without exception, the city’s forms must be used, and exclusive venue for any lawsuit is specified as Dallas County. A performance bond will automatically be increased by the amount of any change order, which increases the contract price with or without notice to the surety, but in no event may a change, which reduced the contract amount, reduce the penal sum of the bond.

(b) Amount. A good and sufficient bond, letter of credit, or cash deposit must be in an amount not less than 100 percent of the total cost, as determined by the director, of those items of work associated with the
§ 43-140.1 Streets and Sidewalks

temporary and permanent repair of the city’s infrastructure, including, but not limited to backfill, pavement base, street pavement, curb and gutter, drive approaches, sidewalk, sod, irrigation, landscape, traffic control devices, signs, and pavement markings, thereby guaranteeing the full and faithful execution of the work and performance of the contract in accordance with the plans, specifications, and contract documents, including any extensions thereof, for the protection of the city. The bond, letter of credit, or cash deposit agreement must provide for the repair and/or replacement of all defects due to faulty materials and workmanship that appear within a period of one year from the date of completion and acceptance of the work by the city. The permittee may choose to have the amount determined on a per project basis or an aggregate basis. If on an aggregate basis, the amount of a single bond, letter of credit, or cash deposit must be sufficient to cover all of permittee’s projects outstanding at any one time. If the amount of the permittee’s outstanding projects exceeds an existing bond, letter of credit, or cash deposit, the permittee shall immediately increase it or post a new bond, letter of credit, or cash deposit to cover the project that has caused the deficiency.

(c) Sureties. No surety may be accepted by the city who is in default or delinquent on any bonds or who is interested in any litigation against the city. All bonds must be made on the forms furnished by the city and must be executed by not less than one corporate surety authorized to do business in the State of Texas and acceptable to the city. Each surety must be listed in the most current Federal Register Treasury List. The permittee and the surety shall execute each bond. The surety shall designate a resident agent in the city of Dallas acceptable to the city to whom any requisite notices may be delivered and on whom service of process may be had in matters arising out of such suretyship. The city reserves the right to reject any and all sureties.

(d) Additional or substitute bonds. If at any time the city is or becomes dissatisfied with any surety on a performance bond, the permittee shall, within five days after notice from the city to do so, substitute an acceptable bond, or provide an additional bond, in such form and sum signed by such other surety as may be satisfactory to the city. The premiums on the bonds must be paid by the permittee without recourse to the city.

(e) Letter of credit. In lieu of a performance bond, a permittee may provide an irrevocable letter of credit. Each letter of credit must be made on a form furnished by the city.

(f) Cash deposit. In lieu of a performance bond, a permittee may make a cash deposit, for the benefit of the city, pursuant to an agreement in a form acceptable to the city attorney. (Ord. Nos. 25409; 25693; 26263)

SEC. 43-140.2. WAIVER OF BONDING REQUIREMENTS.

(a) A person registered under Section 43-137 may annually submit to the director a written request for a waiver from the requirement that it provide a performance bond, letter of credit, or cash deposit pursuant to Section 43-140.1.

(b) The waiver request must set forth in detail the basis for the request, including but not limited to:

(1) the person’s history of performance in completing its projects and complying with restoration obligations in the city’s rights-of-way; and

(2) documentation, in a form acceptable to the city, demonstrating that the person has unencumbered assets or reserves sufficient to cover the amount of the performance bond, letter of credit, or cash deposit that would otherwise be required under Section 43-140.1.

(c) Within 30 calendar days after receiving a written request for a waiver, the director may, for good cause shown, grant a waiver from the requirement that the person provide a performance bond, letter of credit, or cash deposit pursuant to Section 43-140.1. In making this decision, the director shall consider all of the following:
(1) The person’s record of performance in the city’s rights-of-way.

(2) The person’s record of compliance with this article.

(3) A showing of financial responsibility by the person sufficient to guarantee the full and faithful execution of the estimated work to be performed during the year in which the waiver is in effect.

(4) Any other factor relevant to a determination of the financial responsibility of the person and its ability to safely and fully perform permitted work.

(d) A waiver expires one year after being granted by the director, and the person must reapply for a waiver each year during which it will perform work in the city’s rights-of-way.

(e) Upon determining that a person is in violation of this article, the director may deny any request for a waiver and may terminate any existing waiver that had been granted under this section. A person whose waiver is terminated may not reapply for another waiver until two years have elapsed since the date of termination.

(f) If a waiver is denied or terminated by the director, the person shall immediately take all necessary steps to temporarily restore the right-of-way and then cease all work in the right-of-way until the person has provided a bond, letter of credit, or cash deposit that has been approved by the director. (Ord. Nos. 25693; 26263; 29993)
§ 43-141 Streets and Sidewalks

required if the repairs are made to match pavement color and are approved by the director. The application of slurry seal or micro-surfacing must be made to the entire block of the street in which a cut is made. For an undivided street, the application must be made from curb to curb, and for a divided street, from median curb to outside curb. The City of Dallas Slurry Seal and Micro-surfacing Specifications, as amended, will govern design, material, testing, and construction of surface treatments.

(4) The permittee and any person responsible for construction shall protect the public right-of-way surface, drainage facilities, and all other existing facilities and improvements from excavated materials, equipment operations, and other construction activities. Particular attention must be paid to ensure that no excavated material or contamination of any type is allowed to enter or remain in a water or wastewater main or access structure, drainage facility, or natural drainage feature. Adequate provisions must be made to ensure that traffic and adjacent property owners experience a minimum of inconvenience.

(c) Five-year maintenance period.

(1) All construction must be done in a good and workmanlike manner and in faithful and strict compliance with the permit, this article, other city ordinances, and regulations promulgated by the director relating to construction within the public right-of-way.

(2) All construction performed under any permit granted to a permittee by the city under this article must be maintained to the satisfaction of the director for five years after the date of completion of the construction or repair.

(3) Any damage to, or any defect or other problem in, the permitted construction occurring at any time within five years after the completion of work under the permit must be corrected to the satisfaction of the director within 10 days after the director gives notice to the permittee to correct the damage, defect, or other problem.

(d) Repairs.

(1) All damage caused directly or indirectly to the public right-of-way surface or subsurface outside the pavement cut or excavation area will be regarded as a part of the pavement cut or excavation and must be included in the total area repaired. If repaired by the city, the permittee shall reimburse the city for the actual direct and indirect costs of the repair.

(2) The director shall notify the permittee if the backfill on a permitted construction settles at any time during the five-year maintenance period required in Subsection (c) of this section, causing subsidence in the pavement of one-half inch or more, vertically measured in any three-foot horizontal direction. Upon notification, the permittee shall schedule appropriate repair work and promptly notify the director of the anticipated dates of commencement and completion of the repair work. If the repair work is not commenced or completed within the agreed-upon time schedule, or if no response is received by the director within 24 hours after notification to the permittee, the repair work may be performed by the city. The permittee shall reimburse the city for the actual direct and indirect costs of any repair work performed by the city.

(e) Trench safety.

(1) Trench safety systems that meet U.S. Occupational Safety and Health Administration standards are required for construction in which trench excavation will exceed a depth of five feet.

(2) Paragraph (1) of this subsection does not apply to a construction contract entered into by a
permittee that is subject to the safety standards adopted under Chapter 121, Texas Utilities Code, as amended.

(f) Tests.

(1) The permittee will be required to provide a certified construction materials testing lab, or use a testing method approved by the director, to perform the appropriate tests, at the permittee's expense, to ensure quality control for the backfill and pavement construction phases. Concrete strength test results must be submitted to the director for any placement greater than five cubic yards.

(2) Unless another method is approved by the director, tests must be made in accordance with the latest methods of the American Society of Testing and Materials. The certified results from tests for backfill compaction must be supplied to the city within three days of the backfill work completion and before pavement construction begins. The results from tests for pavement construction must be submitted within one week of completion of the project. Retesting after failure to pass the required tests will be at the expense of the permittee.

(3) Compaction testing is not required when a flowable backfill material that complies with the Pavement Cut and Repair Standards Manual, as amended, is used.

(4) If the materials used for the street repairs do not meet the minimum requirements of the Pavement Cut and Repair Standards Manual, they may be considered unacceptable and may be ordered to be removed and replaced at the permittee's expense. In cases where the repairs are unacceptable and the permittee refuses to make them acceptable, the work may be accomplished by the city, and all of the direct and indirect costs will be charged back to the permittee responsible for the work.

(5) The city at its expense may perform, or have performed, any material tests it deems necessary to verify conformance with the specifications set forth in Paragraph (6) of this subsection. If tests performed at the city's expense show cause for additional work or rework by the permittee, then further testing required to show conformance with the specifications will be at the expense of the permittee, including the cost of the original testing that showed the need for additional work or rework.

(6) Specifications for backfill compaction must meet the requirements contained in the Pavement Cut and Repair Standards Manual. Specifications for pavement testing must meet the requirements in the applicable provisions of the Standard Specifications for Public Works Construction – North Central Texas and the city's addendum thereto, as amended.

(g) Additional requirements for above ground utility structures.

(1) Written notification required.

(A) An owner of an above ground utility structure shall provide written notice to:

(i) the occupant of each single family residence, town home, duplex, tri-plex, or four-plex property adjacent to the proposed location of the above ground utility structure; and

(ii) the management of each multi-family dwelling property adjacent to the proposed location of the above ground utility structure.

(B) The written notice must be provided at least two business days before construction of the above ground utility structure begins.

(C) The notice must be provided on forms approved by the director and must clearly identify:

(i) the proposed location of the above ground utility structure;
(ii) the dimensions and appearance of the above ground utility structure; and

(iii) the names and telephone numbers of the utility company representatives and the city of Dallas representatives authorized to discuss the proposed structure with the property owner.

(D) Written notice is not required for an above ground utility structure that:

(i) is placed in an alley; or

(ii) does not require a permit under Section 43-139.

(E) Upon request, proof of notification must be provided to the director at the time the permit application for the above ground utility structure is submitted to the city.

(F) An owner of an above ground utility structure shall make every reasonable effort to recognize and address the concerns of each property owner, subject to the service demands of the structure’s owner. Requests of property owners that exceed the requirements of the AGUS Placement Guidelines are not a basis to deny a permit.

(2) An above ground utility structure must comply with all requirements of other city ordinances and other state and federal laws and regulations. The owner of the above ground utility structure is responsible for obtaining all other required permits.

(3) The owner of an above ground utility structure shall maintain the structure free of graffiti and other defacements such as posters, stickers, decals, and signs, except those placed on the structure by its owner. The exterior finish of an above ground utility structure must be maintained free of rust, peeling or faded paint, and other visible deterioration. An above ground utility structure and its supporting foundation or pad must be maintained in such a way as to prevent or eliminate leaning and soil erosion underneath. An above ground utility structure that leans beyond five degrees from the perpendicular must be corrected to be as close as possible to perpendicular. Any open space between the bottom of a foundation or pad and the ground underneath must be filled with either additional soil or concrete to maintain continuous contact with the ground. The permit application for installation of an above ground utility structure must include the name, mailing address, and telephone number of a single contact who will be responsible for resolving graffiti and other appearance issues involving the structure.

(4) An above ground utility structure must be clearly marked with the owner’s name and telephone number.

(5) Waiver of AGUS Placement Guidelines.

(A) A request for a waiver from placing an above ground utility structure in accordance with one or more of the AGUS Placement Guidelines may be made to the director with respect to a particular site for a proposed structure.

(B) The request for a waiver must include:

(i) identification of the guideline or guidelines for which a waiver is requested;

(ii) proof that compliance with the guideline or guidelines is impracticable;

(iii) detailed justification for the waiver, including alternative sites sought and reviewed; and

(iv) an explanation of why the proposed above ground utility structure and its size are necessary at the proposed site to provide service to a property or area.

(C) Within 10 business days after receiving a written request for a waiver, the director shall grant or deny the waiver.
(D) The waiver may be granted for good cause shown. In determining whether to grant the waiver, the director shall consider:

(i) the feasibility of other sites located in or outside of the public right-of-way and the efforts of the owner of the proposed above ground utility structure to secure those sites;

(ii) the size and location of the above ground utility structure and its impact at the proposed site and on surrounding properties;

(iii) the need of the structure’s owner to provide services to a property or area to be served by the proposed site;

(iv) the need of the structure’s owner to provide services to a property or area to be served by the proposed site with an above ground utility structure of the size proposed;

(v) the public health, safety, welfare, and convenience; and

(vi) the size and location of other nearby above ground utility structures.

(6) Denial, suspension, or revocation of a permit for an above ground utility structure on private property; denial of a waiver from AGUS Placement Guidelines; appeals to the city manager.

(A) If the director denies, suspends, or revokes a permit for an above ground utility structure on private property, or denies waiver of an AGUS placement guideline, the director shall, in writing, notify the owner of the above ground utility structure of the action and include in the notice the reason for the action and a statement informing the structure’s owner of the right of appeal.

(B) The owner of an above ground utility structure may appeal a denial, suspension, or revocation of a permit for an above ground utility structure on private property, or a denial of a waiver of an AGUS placement guideline, if the structure’s owner requests an appeal in writing, delivered to the city manager not more than 10 business days after notice of the director’s action is received.

(C) The city manager or a designated representative shall act as the appeal hearing officer in an appeal hearing under this subsection. The hearing officer shall give the appealing party an opportunity to present evidence and make argument. The formal rules of evidence do not apply to an appeal hearing under this subsection, and the hearing officer shall make a ruling on the basis of a preponderance of the evidence presented at the hearing.

(D) The hearing officer may affirm, modify, or reverse all or part of the action of the director being appealed. The decision of the hearing officer is final as to available administrative remedies.

(h) Signage and other display materials.

(1) A copy of the approved permit with verification that all public and private utilities/facilities were properly located must be displayed by the permittee at the worksite at all times during construction in the public right-of-way.

(2) The permittee must display at least two signs in the permitted area of construction in the right-of-way no smaller than 30” x 24”, one facing each direction of traffic. The sign must provide the business name and primary contact information of the permittee and contractor. The sign letters and numbers must be a minimum 2” in height.

(3) Each vehicle and piece of equipment located in the permitted area of construction in the right-of-way must display a sign identifying the business name and primary contact information of the permittee or contractor. The sign letters and numbers must be legible and at least one inch in height.

(4) A copy of the approved traffic control plan required in Section 43-139 must be available at the permitted area of construction at all times when barriers are erected to divert or alter the flow of traffic.
(5) At least one sign labeled "Temporary Paving Repairs" must be displayed in accordance with the *Dallas Pavement Cut and Repair Standards Manual*, as amended, in any location that has temporary paving repairs. If temporary paving repairs exceed 50 feet in length, one "Temporary Paving Repairs" sign must be provided every 50 feet on the perimeter of the permitted area of public right-of-way under construction. Alternatively, a "Temporary Paving Repairs" sign may be stenciled on the temporary paving repairs in accordance with this paragraph. The lettering of the written sign on the temporary paving repairs must be a minimum of three inches using only white paint. If temporary paving repairs exceed 40 feet in length, one painted "Temporary Paving Repairs" sign must be painted on the temporary paving repairs every 30 feet on the perimeter on the perimeter of the permitted area of public right-of-way under construction.

(i) Notice requirements.

(1) Notice to the director. After issuance of a permit under this article, the permittee shall provide written notice to the director:

(A) at least one business day before any material or equipment is placed in the permitted area or the commencement of any temporary construction;

(B) within one business day after completing the temporary construction; and

(C) at least one business day before any permanent construction begins.

(2) Notice to the public.

(A) If construction in the public right-of-way without excavation or a lane closure will last less than 24 hours, individual notice to property within 500 feet of the construction area is not required.

(B) If construction in the public right-of-way without excavation or a lane closure will last more than 24 hours, the permittee must provide individual notice to each property within 500 feet of the construction area at least 24 hours before commencing construction by placing a door hanger or other similar notice. Notification of multi-family properties may be given to the property management teams of those properties.

(C) If construction in the public right-of-way with excavation or a lane closure will last less than 24 hours, the permittee must provide individual notice to each property within 500 feet of the construction area at least 24 hours before commencing construction by placing a door hanger or other similar notice. Notification of multi-family properties may be given to the property management teams of those properties.

(D) If construction in the public right-of-way with excavation or a lane closure will last more than 24 hours, the permittee must provide individual notice to each property within 500 feet of the construction area with two separate notifications by placing a door hanger or other similar notice. The first notification must be placed at least 10 days before commencing construction and the second notification must be placed 72 hours before commencing construction. Notification to multi-family properties may be given to the property management teams of those properties.

(E) If construction on a thoroughfare, arterial, or a community collector in the public right-of-way will involve complete street closures or extended traffic delays, at least two portable changeable message signs (CMS) that comply with the requirements of the latest edition of the *Texas Manual of Uniform Traffic Control Devices*, as amended, published by the Texas Department of Transportation and the City of Dallas requirements, are required to be installed facing each direction of traffic at least one week prior to commencing construction.

(F) The individual notice must include the following:

(i) permittee name and contractor name, if different;
(ii) primary contact information for the permittee and contractor, if different;

(iii) location of the construction area; and

(iv) estimated time of construction as authorized by the permit. (Ord. Nos. 24495; 25409; 26263; 29993; 31209)

SEC. 43-142. RESTORATION REQUIREMENTS.

(a) The Pavement Cut and Repair Standards Manual and the requirements of this section govern the restoration of public right-of-way surfaces within the city. For those restoration activities not covered by the Pavement Cut and Repair Standards Manual or this section, the applicable provisions of the Standard Specifications for Public Works Construction - North Central Texas will govern.

(b) A permittee performing construction in the public right-of-way shall restore the public right-of-way to a condition that is equal to or better than the condition prescribed by the most recent version of the Pavement Cut and Repair Standards Manual or other applicable city design and construction standards.

(c) Restoration work must be performed to the satisfaction of the director. Restoration work must include, but is not limited to, the following:

(1) Replacement of all sod or ground cover with sod or ground cover equal to or better than the type damaged during the work, either by sodding or seeding as required by the director.

(2) Installation or reinstallation of all manholes and handholes, as required by the director.

(3) Backfilling and compaction of all completed bore pits, potholes, trenches, or other holes, which must be performed on a daily basis unless other safety requirements are approved by the director.

(4) Street, sidewalk, and alley repair that conforms with the standards for construction established in this article and by the director.

(5) Leveling of all trenches and backhoe lines.

(6) Restoration of the excavation site to the specifications and requirements established in this article and by the director.

(7) Restoration of all landscaping, ground cover, and sprinkler systems.

(8) Restoration of any damaged traffic control devices, including but not limited to imbedded loop detectors, pavement markings, underground conduits, and signs.

(d) All location flags must be removed during the cleanup process by the permittee or the permittee’s contractor at the completion of the work.

(e) Restoration of special street, sidewalk, or drive approach surfaces designed to present unique visual images, color, or designs (regardless of the type, color, pattern, or texture of special material or process used) must be done so that the restoration matches the color, texture, and pattern of the surrounding special surfaces.

(f) Restoration must be made in a timely manner. If restoration is unsatisfactory or not performed in a timely manner, then all of the permittee’s work in progress on the project in question (except for that work related to the problem of unsatisfactory restoration) will be halted, and no other permit will be approved until all restoration is complete. Any hold on the permittee’s work will include work previously permitted but not completed. (Ord. Nos. 24495; 26263)
§ 43-143  CLEARANCE FOR STREET PAVING AND STORM DRAINAGE PROJECTS.

(a) A person making a pavement cut or excavation for the purpose of adjusting facilities at the request of the city in advance preparation for a city street paving or storm drainage project shall obtain a permit under this article, except that the time limits prescribed in Section 43-139(c) and (g) do not apply.

(b) The permittee shall maintain the pavement cut or excavation until the work order authorizing the construction of the street paving or storm drainage project is issued by the city. Upon notification by the director of any problem with the maintenance of the cut or excavation, the permittee shall promptly correct the problem. The permittee shall notify the director of the anticipated date of correction. If the correction is not made by the anticipated date, or if no response is received by the director within 24 hours after the director gives notice to the permittee, the correction may be made by the city, and the permittee shall reimburse the city for the actual direct and indirect costs of the correction.  (Ord. Nos. 24495; 26263)

SEC. 43-144. CONFORMANCE WITH PUBLIC IMPROVEMENTS.

(a) Whenever the city or the director deems it necessary to remove, alter, change, relocate, or adapt the underground or overhead facilities of a public service provider in the public right-of-way due to the city’s reconstruction, widening, or straightening of streets; replacement of water or wastewater facilities; installation of traffic signals, traffic signs, and markings; or construction of any other city public improvement project, the public service provider that owns the facilities shall conform its facilities with the project as prescribed by the director.

(b) The facilities must be conformed, at the public service provider’s expense, within 90 days after the director issues notice to the public service provider, unless a different schedule for the work is approved by the director.  (Ord. Nos. 24495; 26263)

(c) Facilities of a public service provider that are not conformed within the 90-day notice period or within the approved schedule will be deemed abandoned, and the city will not be liable for any damage to or destruction or removal of the facilities, or for any interruption or termination of service through the facilities, caused by the activity of the city described in this section.  (Ord. Nos. 24495; 26263)

SEC. 43-145. IMPROPERLY CONSTRUCTED FACILITIES.

(a) A permittee shall:

(1) properly construct, install, operate, repair, relocate, upgrade, and maintain its facilities existing within the public right-of-way or, for an above ground utility structure, in or outside of the public right-of-way; and

(2) repair or restore any damage to other facilities, the public right-of-way, or private property that occurs as a result of improper construction, installation, operation, repair, relocation, upgrade, or maintenance of the permittee’s facilities.

(b) Facilities will be considered to be improperly constructed, installed, operated, repaired, relocated, upgraded, or maintained if:

(1) the construction, installation, operation, repair, relocation, upgrade, or maintenance endangers public health or safety or creates a public inconvenience;
§ 43-145 Streets and Sidewalks

(2) the facilities were required to be located within the right-of-way and they encroach upon private property or extend outside the right-of-way location designated in the permit;

(3) above-ground facilities located within the right-of-way are less than one and one-half feet from the face of the curb or less than six inches from a sidewalk;

(4) the construction, design, or configuration of the facilities does not comply with applicable local, state, or federal laws or regulations;

(5) the construction, installation, operation, repair, relocation, upgrade or maintenance is conducted in a manner that damages private property or another public service provider’s facilities;

(6) the facilities are not capable of being located or maintained using standard practices;

(7) the facilities are placed in an area that interferes with another public service provider’s facilities; or

(8) the facilities consist of an above ground utility structure that fails to comply with the AGUS Placement Guidelines without having received a waiver by the director under Section 43-141.

(c) It is a defense to prosecution under Subsections (b)(3) and (b)(4) of this section that the facilities were constructed or installed in the public right-of-way before March 1, 2001.

(d) It is a defense to prosecution under Subsection (b)(8) of this section that the facilities were lawfully constructed or installed before March 1, 2006.

(e) Nothing in this section may be construed to diminish the authority of the director to require specific placement of specific facilities. (Ord. Nos. 24495; 26263)

SEC. 43-146. EMERGENCY REPAIRS.

(a) If the director determines during construction that an emergency repair to a public right-of-way is necessary to correct a situation that is hazardous to the public, the director shall immediately notify the permittee. If the permittee does not commence the emergency repair promptly, the director may, in his sole discretion, cause performance of such emergency repair work as is necessary to correct the hazardous situation. The permittee shall reimburse the city for the actual direct and indirect costs of the work necessary to correct the hazardous situation, including cleanup. The permittee shall maintain the emergency repair until the permittee completes final repairs.

(b) If the director determines that a problem with a public service provider’s existing facility in a public right-of-way requires an emergency repair to correct a situation that is hazardous to the public, the director shall immediately notify the public service provider. If the public service provider does not commence the emergency repair promptly, the director may, in his sole discretion, cause performance of such emergency repair work as is necessary to correct the hazardous situation. The public service provider shall reimburse the city for the actual direct and indirect costs of the work necessary to correct the hazardous situation, including cleanup. The public service provider shall maintain the emergency repair until the public service provider completes final repairs. (Ord. Nos. 24495; 26263)

SEC. 43-147. EFFECT OF ARTICLE ON PERSONS ENGAGED IN CONSTRUCTION.

Any permit issued prior to March 1, 2001 will remain subject to the terms and conditions of city ordinances and requirements in effect at the time of issuance of the permit and is not affected by this article, except that, upon expiration or conclusion of the permit, a new or renewal permit must be obtained in accordance with this article. (Ord. Nos. 24495; 26263)
SEC. 43-148. MARKING EXISTING UNDERGROUND UTILITIES.

A person shall not use, or cause the use of, any nonwashable substance in the public right-of-way to mark the location of existing underground utilities. A person commits an offense if a marking he makes, or causes to be made, in the public right-of-way to mark the location of existing underground utilities remains visible longer than 30 days after being applied. (Ord. Nos. 25438; 26263)

ARTICLE IX.

DRIVEWAYS GENERALLY.

SEC. 43-149. DIRECTOR DEFINED.

In this article, DIRECTOR means the director of the department designated by the city manager to enforce and administer this article, or the director’s designated representative. (Ord. 22026; 24495)

SEC. 43-150. DRIVEWAYS NOT TO BE WITHIN THREE FEET OF POLES, ETC.

No person shall open up or construct any driveway or other way for the use of any character of vehicle on or across any sidewalk, parkway, or other space between any public improved roadway and any private property so as to include or to be within less than three feet of any telephone, telegraph, electric light, or other pole, anchor, or guy wire, or any water plug, mailbox, or other structure located in such portion of any public street in the city where such structure is so located by virtue of any franchise, license, permit, or other right. (Code 1941, Art. 145-2; Ord. 24495)

SEC. 43-151. REMOVAL OF POLES, ETC., TO PERMIT CONSTRUCTION OF DRIVEWAYS - REQUIRED.

Wherever any person desires to locate any driveway and there is any structure that, under Section 43-150, would prevent the location of such driveway as desired, the person owning such structure or having the right to so maintain it shall move it as far as may be necessary to permit the desired location of such driveway, if the person desiring to locate the driveway first complies with all of the terms of this article. (Code 1941, Art. 145-3; Ord. 24495)

SEC. 43-152. SAME - PLANS TO BE APPROVED BY DIRECTOR.

In the event any poles, structures, or improvements are to be located and installed in or upon any public street in the city or relocated for the convenience or necessity of the person maintaining them, the person desiring to construct, erect, install, or relocate such poles, structures, or improvements shall first submit to the director a sketch or blueprint of the plan of such construction or relocation for approval. The director shall immediately inspect the sketch or blueprint of the plan and, if satisfactory, the director shall approve the plan. Until such approval is given, no work may be done in that connection. If the plan of construction or relocation does not meet with the director’s approval, the director shall return the plan to the person submitting it with any objections. The construction or relocation of all structures, improvements, and poles must be subject to the supervision of the director. (Code 1941, Art. 145-4; Ord. Nos. 22026; 24495)

SEC. 43-153. SAME - ALLOCATION OF COSTS FOR RELOCATION.

(a) Any person desiring to locate or open a driveway, the location of which is prevented by reason of any structure described in Section 43-150, and who desires to secure the shifting of the structure so as to permit such location shall, at the time of filing an
application for a permit with the building official to construct, locate, or open such drive and prior to locating, constructing, or opening the drive, file a sketch, drawing, or map with the director that shows the location of the proposed drive or other way, the relative location of the structure or structures in the way of the proposed driveway, and the name of the person maintaining the structure obstructing the proposed driveway or preventing its location. The director shall immediately notify the person maintaining the structure on the street, giving the name of the persons desiring the structure or structures moved.

(b) Immediately upon the filing of the drawing, sketch, or map under Subsection (a), the director shall prepare or obtain a statement of the expense or cost of the removal of the structure. The person requesting the relocation of the structure shall pay the cost of relocation. Upon the ascertainment of the estimated cost or expense as found by the director, such person shall deposit the sum of money required with the director, and then the person maintaining the structure shall promptly remove the structure so as not to interfere with the proposed driveway. Upon completing movement of the structure, with all attachments, to the satisfaction of the director, the person moving or relocating the structure is entitled to receive the deposit. (Code 1941, Art. 145-5; Ord. Nos. 22026; 24495)

SEC. 43-154. PERMIT FOR DRIVEWAY TO BE ISSUED AFTER POLES, ETC., REMOVED.

As soon as the structure interfering with the construction, location, or opening of the proposed driveway has been moved out of the way, the building inspector shall issue a permit authorizing the location, construction, or opening of such way as may be desired upon compliance with all other applicable city ordinances. (Code 1941, Art. 145-6; Ord. 24495)

SEC. 43-155. APPEALS.

If either the person maintaining any pole or structure described in Section 43-150 or the person desiring the structure or pole to be moved is dissatisfied with the estimate of the expense made or obtained by the director under this division or as to the location of the pole or structure, either or both of them may appeal from the decision by filing with the city controller a statement of their objections within five days from the date of the director’s findings of the estimated expense or location. (Code 1941, Art. 145-8; Ord. Nos. 22026; 24495)

SEC. 43-156. FEE WHERE POLES, ETC., TO BE RELOCATED.

At the time the person files the sketch seeking the removal of any obstructing structure described in Section 43-150, he shall also pay the building inspector a fee of one dollar, which must be used in defraying the expense of carrying out the provisions of this article and for no other purpose. (Code 1941, Art. 145-9; Ord. 24495)

ARTICLE X.

DOCKLESS VEHICLE PERMIT.

SEC. 43-157. DEFINITIONS.

In this article:

(1) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article and includes representatives, agents, or department employees designated by the director.

(2) DOCKLESS VEHICLE means a bicycle, an electric bicycle, or an electric motor-assisted scooter, pursuant to the definitions set forth in Texas
Transportation Code, Sections 541.201 and 551.351, that can be located and unlocked using a smartphone app.

(3) OPERATOR means an individual or company that has been issued an operating authority permit under this article.

(4) REBALANCE means moving dockless vehicles from an area of low demand to an area of high demand.

(5) RESIDENTIAL AREA means a residential district as defined in Section 51A-2.102, “Definitions,” of the Dallas Development Code, or a planned development district or conservation district with residential base zoning. (Ord. 30936)

SEC. 43-158. GENERAL AUTHORITY AND DUTY OF DIRECTOR.

The director shall implement and enforce this article and may by written order establish such rules or regulations, consistent with this article and state or federal law, as he determines are necessary to discharge his duty under, or to affect the policy of, this article. (Ord. 30936)

SEC. 43-159. ESTABLISHMENT OF RULES AND REGULATIONS.

(a) Before adopting, amending, or abolishing a rule, the director shall hold a public hearing on the proposal.

(b) The director shall fix the time and place of the hearing and, in addition to notice required under the Open Meetings Act (Chapter 551, Texas Government Code), as amended, shall notify each operator and such other persons as the director determines are interested in the subject matter of the hearing.

(c) After the public hearing, the director shall notify all operators and other interested persons of the director's action and shall post an order adopting, amending, or abolishing a rule on the official bulletin board in city hall for a period of not fewer than 10 days. The order becomes effective immediately upon expiration of the posting period. (Ord. 30936)

SEC. 43-160. OPERATING AUTHORITY PERMIT.

A person commits an offense if, within the city, he operates, or causes or permits the operation of, a dockless vehicle service without a valid operating authority permit issued under this article. (Ord. 30936)

SEC. 43-161. APPLICATION FOR OPERATING AUTHORITY PERMIT.

(a) To obtain an operating authority permit, a person shall make application in the manner prescribed by the director. The applicant must be the person who will own, control, or operate the proposed dockless vehicle program.

(b) An applicant shall file with the director a verified application statement, to be accompanied by a non-refundable application fee, containing the following:

(1) the form of business of the applicant and, if the business is a corporation or association, a copy of the documents establishing the business and the name and address of each person with a 20 percent or greater ownership interest in the business;

(2) the verified signature of the applicant;

(3) the address of the fixed facilities to be used in the operation, if any, and the address of the applicant's corporate headquarters, if different from the address of the fixed facilities;

(4) the name of the person designated by the applicant to receive on behalf of the applicant any
future notices sent by the city to the operator, and that person's contact information, including a mailing address, telephone number, and email or other electronic address;

(5) documentary evidence from an insurance company indicating that such insurance company has bound itself to provide the applicant with the liability insurance required by this article;

(6) documentary evidence of payment of ad valorem taxes on property within the city, if any, to be used in connection with the operation of the proposed dockless vehicle program;

(7) documentary evidence from a bonding or insurance company or a bank indicating that the bonding or insurance company or bank has bound itself to provide the applicant with the performance bond or irrevocable letter of credit required by this article;

(8) the number and types of dockless vehicles to be operated; and

(9) an agreement to indemnify the city.

(c) An operating authority permit may be renewed following the process in this section.

(d) The initial application for an operating authority permit must be accompanied by an application fee of $808 and the appropriate vehicle fee as specified in Section 43-172. Applications to renew an operating authority permit must be accompanied by an application fee of $404 and the appropriate vehicle fee as specified in Section 43-172. (Ord. 30936)

SEC. 43-163. EXPIRATION OF OPERATING AUTHORITY PERMIT.

An operating authority permit expires one year from the date it is issued. (Ord. 30936)

SEC. 43-164. REFUSAL TO ISSUE OR RENEW OPERATING AUTHORITY PERMIT.

(a) The director shall refuse to issue or renew an operating authority permit if the applicant:

(1) intentionally or knowingly makes a false statement as to a material matter in an application for a permit or permit renewal; or

(2) has been convicted twice within a 12-month period for a violation of this article regarding the deployment of a dockless vehicle or the rebalancing or removal of a dockless vehicle, or a rule or regulation adopted under this article regarding the deployment of a dockless vehicle or the rebalancing or removal of a dockless vehicle, or has had an operating authority permit revoked within two years of the date of application.

(b) If the director determines that a permit should be denied, the director shall notify the applicant or operator in writing that the application is denied and include in the notice the specific reason or reasons for denial and a statement informing the applicant or operator of the right to, and the process for, appeal of the decision. (Ord. 30936)
SEC. 43-165. SUSPENSION OR REVOCATION OF OPERATING AUTHORITY PERMIT.

(a) Suspension. The following regulations apply to the suspension of an operating authority permit:

(1) The director may suspend an operating authority permit if the director determines that:

(A) the operator failed to comply with a request to remove a dockless vehicle or a request to rebalance dockless vehicles issued by the director within the time specified in the order; or

(B) a performance bond or irrevocable letter of credit required by this article is cancelled.

(2) Suspension of an operating authority permit does not affect the expiration date of the permit.

(b) Revocation. The following regulations apply to the revocation of an operating authority permit:

(1) The director shall revoke an operating authority permit if the director determines that the operator has:

(A) made a false statement as to a material matter in the application concerning the operating authority permit;

(B) failed to maintain the insurance required by this article;

(C) operated dockless vehicles that were not authorized by the operating authority permit; or

(D) failed to pay a fee required by this article.

(2) After revocation of an operating authority permit, an operator is not eligible for another permit for a period of up to two years, depending on the severity of the violation resulting in the revocation. (Ord. 30936)

SEC. 43-166. APPEALS.

Any person whose application for an operating authority permit, or renewal of an operating authority permit, is denied by the director, or an operator whose operating authority permit has been revoked or suspended by the director, may file an appeal with the permit and license appeal board in accordance with Section 2-96, "Appeals From Actions of Department Directors," of this code. (Ord. 30936)

SEC. 43-167. NONTRANSFERABILITY.

An operating authority permit is not transferable. This regulation should not be construed to impede the continuing use of trade names. (Ord. 30936)

SEC. 43-168. OPERATIONS.

(a) Each operator shall provide dockless vehicles to accommodate a wide range of users.

(b) Each dockless vehicle permitted under this article must display the emblem of the operator along with a unique identification number.

(c) Dockless vehicles must not display third party advertising.

(d) Dockless vehicles must meet all requirements of local, state, and federal law. Bicycles must meet the safety standards outlined in ISO 43.150 - Cycles, Subsection 4210, as amended.

(e) Dockless vehicles must be high quality and sturdily built to withstand the effects of weather and constant use for five years.

(f) Dockless vehicles must be well maintained and in good riding condition.

(g) Each dockless vehicle permitted under this article must be equipped with active global positioning system technology.
(h) Spoken word alarm systems are prohibited on dockless vehicles.

(i) Operators shall maintain a staffed operations center.

(j) Operators shall maintain a 24-hour customer service number posted on each dockless vehicle for customers and citizens to report safety concerns, make complaints, ask questions, or request a dockless vehicle be relocated.

(k) Operators shall rebalance dockless vehicles at least once per week.

(l) Operators shall provide the director with contact information for someone who can rebalance and relocate dockless vehicles. The operator shall rebalance or relocate dockless vehicles within two hours of receiving notification on weekdays between 6:00 a.m. and 6:00 p.m. (excluding holidays) and within 12 hours of receiving notice at all other times. An operator shall notify the director within 24 hours of a change of contact information.

(m) An operator shall remove any inoperable dockless vehicle, or a dockless vehicle that is not safe to operate, from the right-of-way within 24 hours of notice from the director. A dockless vehicle removed from the right-of-way in accordance with this subsection must be repaired before it is returned to revenue service.

(n) An operator shall provide the director with special access, via the operator’s app or other device, to immediately unlock and remove dockless vehicles that are blocking access to city property or the public right-of-way.

(o) Any dockless vehicle retrieved by the director from a stream, lake, fountain, or other body of water will be disposed of in accordance with Division 2, “Sale of Unclaimed and Surplus Property,” of Article IV, “Purchasing,” of Chapter 2, “Administration,” of the Dallas City Code, as amended, if not collected by the operator after notification.

(p) If the city incurs any costs addressing or abating any violations of this article, or incurs any costs of repair or maintenance of public property, the operator shall reimburse the city for the costs within 30 days of receiving written notice from the director.

(q) An operator shall not place or attach any personal property (other than dockless vehicles), fixtures, or structures in the public right-of-way without the separate written permission of the director. Any permission to place items in the public right-of-way must be incorporated into the permit.

(r) An operator shall not adversely affect the property of any third parties during the use of city property or the public right-of-way.

(s) An operator shall educate customers regarding the law applicable to riding, operating, and parking a dockless vehicle. An operator’s mobile application must provide information notifying the user that:

(1) minors must wear helmets while riding a bicycle as required by Section 9-8, "Bicycle Helmet Required," of the Dallas City Code and while riding a motor assisted scooter as required by Section 28-41.1, "Restrictions on the Use of Motor Assisted Scooters, Pocket Bikes, and Minimotorbikes," of the Dallas City Code;

(2) dockless vehicles must be parked legally and properly;

(3) bicyclists and motor assisted scooters must yield to pedestrians on sidewalks and trails; and

(4) bicycles may not be ridden on sidewalks within the central business district per Section 9-1, "Applicability of Traffic Regulations to Bicycle Riders," of the Dallas City Code.

(t) The number of dockless vehicles in a fleet must be commensurate with the expected level of service. (Ord. 30936)
SEC. 43-169. DOCKLESS VEHICLE PARKING, DEPLOYMENT, AND OPERATION.

(a) Dockless vehicles may not be parked in a manner that would impede normal and reasonable pedestrian access on a sidewalk or in any manner that would reduce the minimum clear width of a sidewalk to less than 48 inches.

(b) Dockless vehicles may not be parked in a manner that would impede vehicular traffic on a street or alley.

(c) Dockless vehicles may not be parked in a manner that would impose a threat to public safety or security.

(d) Dockless vehicles may not be parked on a public street without specific permission from the director.

(e) Dockless vehicles may not be deployed on a block where the sidewalk is less than 96 inches in width, or on a block that does not have sidewalks. The director may determine other blocks where deploying dockless vehicles is prohibited.

(f) Dockless vehicles must be deployed on a sidewalk or other hard surface, at a bicycle rack, or at a city-owned location. Dockless vehicles may only be deployed on private property with the permission of the property owner.

(g) Dockless vehicles must stand upright while parked.

(h) Dockless vehicles may not be parked in a visibility triangle as defined in Section 51A-4.602, "Fence, Screening and Visual Obstruction Regulations," of the Dallas Development Code.

(i) Dockless vehicles may not be parked within five feet of a crosswalk or curb ramp, unless given specific permission by the director.

(j) Dockless vehicles may not be parked in a way that blocks:

(1) Transit stops, shelters, or platforms.

(2) Commercial loading zones.

(3) Railroad or light rail tracks or crossings.

(4) Passenger loading zones or valet parking service areas.

(5) Disabled parking zones.

(6) Street furniture that requires pedestrian access (for example, benches or parking pay stations).

(7) Building entryways.

(8) Vehicular driveways.

(k) Dockless vehicles parked along multi-use trails may only be parked at trailheads or other areas identified by the director.

(l) Dockless vehicles that are parked in an incorrect manner must be re-parked or removed by the operator within two hours of receiving notice from the director on weekdays between 6:00 a.m. and 6:00 p.m. (excluding holidays) and within 12 hours of receiving notice from the director at all other times.

(m) A dockless vehicle that is parked in a residential area may remain in the same location for up to 48 hours as long as it is parked in accordance with this section. An operator shall relocate or rebalance a dockless vehicle parked in a residential area after receiving a citizen request or complaint in accordance with the timeframes specified in Section 43-169(l).

(n) The director may remove and store any dockless vehicle that is left parked at the same location for seven or more consecutive days if the director has sent the operator a notification to rebalance the dockless vehicle.

(1) The operator is responsible for the costs of removal and storage.
§ 43-169 Streets and Sidewalks

(2) The director shall invoice the operator for the cost of removal and storage.

(3) Any dockless vehicle that remains unclaimed with the city for 60 days is subject to sale in accordance with Division 2, "Sale of Unclaimed and Surplus Property," of Article IV, "Purchasing," of Chapter 2, "Administration," of the Dallas City Code, as amended.

(o) The director may identify designated dockless vehicle parking zones. Subject to advance approval of the director, an operator may indicate virtual dockless vehicle parking areas with paint or decals where appropriate in order to guide riders to preferred parking zones in order to assist with orderly parking of dockless vehicles throughout the city.

(p) Every person riding a dockless vehicle upon the streets of the city shall be subject to provisions of all laws and ordinances applicable to the operator of any other vehicle, except those provisions of laws and ordinances which, by their very nature, can have no application; provided, however, it shall not be unlawful to ride a dockless vehicle on a public sidewalk anywhere in the city outside of the central business district; said district being formed by the following street lines:

The south line of Young Street from Houston Street to Lamar Street.

The west line of Lamar Street from Young Street to the DART Rail Corridor.

The north line of the DART Rail Corridor from Lamar Street to Interstate 45.

The west line of Interstate 45 from the DART Rail Corridor to Interstate 30.

The north line of Interstate 30 from Interstate 45 to Exposition Avenue.

The east line of Exposition Avenue from Interstate 30 to CBD Fair Park Link.

The east line of the CBD Fair Park Link from Exposition Avenue to Gaston Avenue.

The north line of Gaston Avenue from the CBD Fair Park Link to Pacific Avenue.

The north line of Pacific Avenue from Gaston Avenue to Pearl Street.

The east line of Pearl Street from Pacific Avenue to Ross Avenue.

The north line of Ross Avenue from Pearl Street to Austin Street.

The west line of Austin Street from Ross Avenue to Pacific Avenue.

The north line of Pacific Avenue from Austin Street to Houston Street.

The west line of Houston Street from Pacific Avenue to Young Street.

(q) Any person riding a dockless vehicle upon a sidewalk shall yield the right-of-way to any pedestrian and shall give audible signal before overtaking and passing such pedestrian. (Ord. 30936)

SEC. 43-170. INSURANCE REQUIREMENTS.

(a) An operator shall procure and keep in full force and effect no less than the insurance coverage required by this section through a policy or policies written by an insurance company that:

(1) is authorized to do business in the State of Texas;

(2) is acceptable to the city; and

(3) does not violate the ownership or operational control prohibition described in Subsection (e) of this section.
§ 43-170 Streets and Sidewalks

(b) The insured provisions of the policy must name the city and its officers and employees as additional insureds, and the coverage provisions must provide coverage for any loss or damage that may arise to any person or property by reason of the operation of a dockless vehicle.

(c) An operator shall maintain the following insurance coverages:

1. The commercial general liability insurance must provide single limits of liability for bodily injury (including death) and property damage of $1 million for each occurrence, with a $2 million annual aggregate.

2. If an operator will utilize motor vehicles in its operations, the business automotive liability insurance must cover owned, hired, and non-owned vehicles, with a combined single limit for bodily injury (including death) and property damage of $500,000 per occurrence.

3. Worker's compensation insurance with statutory limits.

4. Employer's liability insurance with the following minimum limits for bodily injury by:
   (A) accident, $500,000 per each accident; and
   (B) disease, $500,000 per employee with a per policy aggregate of $500,000.

(d) Insurance required under this article must:

1. include a cancellation provision in which the insurance company is required to notify the director in writing not fewer than 30 days before cancelling the insurance policy (for a reason other than non-payment) or before making a reduction in coverage;

2. include a cancellation provision in which the insurance company is required to notify the director in writing not fewer than 10 days before cancelling for non-payment;

3. cover all dockless vehicles during the times that the vehicles are deployed or operating in furtherance of the operator's business;

4. include a provision requiring the insurance company to pay every covered claim on a first-dollar basis;

5. require notice to the director if the policy is cancelled or if there is a reduction in coverage; and

6. comply with all applicable federal, state, and local laws.

(e) No person who has a 20 percent or greater ownership interest in the operator may have an interest in the insurance company.

(f) An operator may not be self-insured.

(g) Any insurance policy required by this article must be on file with the city within 45 days of the issuance of the initial operating authority permit, and thereafter within 45 days of the expiration or termination of a previously issued policy. (Ord. 30936)

SEC. 43-171. DATA SHARING.

(a) An operator shall cooperate with the city in the collection and analysis of aggregated data concerning its operations.

(b) An operator shall provide a quarterly report to the director that includes:

1. Total number of rides for the previous quarter.

2. Total number of vehicles in service for the previous quarter.

3. Number of rides per vehicle per day.

Dallas City Code 7/18
§ 43-171 Streets and Sidewalks

(4) Anonymized aggregated data taken by the operator’s dockless vehicles in the form of heat maps showing routes, trends, origins, and destinations.

(5) Anonymized trip data taken by the operator’s dockless vehicles that includes the origin and destination, trip duration, and date and time of trip.

(c) An operator shall provide other reports at the director’s request. (Ord. 30936)

SEC. 43-172. VEHICLE FEE.

An operator shall pay a vehicle fee as follows:

<table>
<thead>
<tr>
<th>Number of Dockless Vehicles</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-100</td>
<td>$2,100</td>
</tr>
<tr>
<td>101-200</td>
<td>$4,200</td>
</tr>
<tr>
<td>201-300</td>
<td>$6,300</td>
</tr>
<tr>
<td>301-400</td>
<td>$8,400</td>
</tr>
<tr>
<td>401-500</td>
<td>$10,500</td>
</tr>
<tr>
<td>Fee per dockless vehicle in excess of 500</td>
<td>$21</td>
</tr>
</tbody>
</table>

(Ord. 30936)

SEC. 43-173. PERFORMANCE BOND OR IRREVOCABLE LETTER OF CREDIT.

Before issuance of an operating authority permit, the operator shall give the director a performance bond or an irrevocable letter of credit approved as to form by the city attorney.

(1) A bonding or insurance company authorized to do business in the State of Texas and acceptable to the city must issue the performance bond. A bank authorized to do business in the State of Texas and acceptable to the city must issue the irrevocable letter of credit.

(2) The performance bond or irrevocable letter of credit must list the operator as principal and be payable to the city.

(3) The performance bond or irrevocable letter of credit must remain in effect for the duration of the operating authority permit.

(4) The amount of the performance bond or irrevocable letter of credit must be at least $10,000.

(5) Cancellation of the performance bond or irrevocable letter of credit does not release the operator from the obligation to meet all requirements of this article and the operating authority permit. If the performance bond or irrevocable letter of credit is cancelled, the operating authority permit shall be suspended on the date of cancellation and the operator shall immediately cease operations until the operator provides the director with a replacement performance bond or irrevocable letter of credit that meets the requirements of this article.

(6) The city may draw against the performance bond or irrevocable letter of credit or pursue any other available remedy to recover damages, fees, fines, or penalties due from the operator for violation of any provision of this article or the operating authority permit. (Ord. 30936)

SEC. 43-174. ENFORCEMENT.

(a) The director may, with or without notice, inspect any dockless vehicle operating under this article to determine whether the dockless vehicle complies with this article, rules and regulations established under this article, or other applicable laws.

(b) The director shall enforce this article. Upon observing a violation of this article or the rules or regulations established by the director, the director shall take necessary action to ensure effective regulation of dockless vehicles. (Ord. 30936)
SEC. 43-175. CRIMINAL OFFENSES.

(a) A person commits an offense if he violates or attempts to violate a provision of this article, or a rule or regulation established by the director under this article, that is applicable to a person. A culpable mental state is not required for the commission of an offense under this article unless the provision defining the conduct expressly requires a culpable mental state. A separate offense is committed each day in which an offense occurs.

(b) Prosecution for an offense under Subsection (a) does not prevent the use of other enforcement remedies or procedures applicable to the person charged with or the conduct involved in the offense. (Ord. 30936)
CHAPTER 43A

SWIMMING POOLS

ARTICLE I.

GENERAL PROVISIONS.

Sec. 43A-1. Definitions.
Sec. 43A-2. Permit required; application; issuance.
Sec. 43A-3. Inspections and reinspections.
Sec. 43A-3.1. Incorporation of Health and Safety Code Regulations for multiunit pool enclosures.

ARTICLE II.

POOL DESIGN AND CONSTRUCTION.

Sec. 43A-4. Materials.
Sec. 43A-5. Shape.
Sec. 43A-6. Depth and slope; depth markings.
Sec. 43A-7. Projections.
Sec. 43A-8. Diving area.
Sec. 43A-9. Steps, ladders and towers.
Sec. 43A-10. Overflow gutters and skimming devices.
Sec. 43A-11. Deck area; pool enclosure; spectator separation.
Sec. 43A-12. Recirculation system.
Sec. 43A-13. Inlets and outlets; water disposal.
Sec. 43A-14. Heating units.
Sec. 43A-15. Lighting.
Sec. 43A-16. Toilet facilities.

ARTICLE III.

MAINTENANCE AND OPERATION OF SWIMMING POOLS.

Sec. 43A-17. Permit and manager of operations required.
Sec. 43A-18. Certification of manager of operations.
Sec. 43A-19. Operation of a pool.
Sec. 43A-20. Quality of water; public and semi-public pools.

Sec. 43A-20.1. Pools not maintained.
Sec. 43A-21. Safety equipment.
Sec. 43A-22. Regulations in pool area.
Sec. 43A-23. Pool drainage.
Sec. 43A-24. Suspension.
Sec. 43A-25. Appeal.

ARTICLE IV.

SPAS.

Sec. 43A-26. Spa safety standards.

ARTICLE I.

GENERAL PROVISIONS.

SEC. 43A-1. DEFINITIONS.

(a) The terms used in this chapter have the meanings ascribed to them in the Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Section 182, as amended.

(b) In addition to the terms defined in Subsection (a), the terms in this chapter have the following meaning:

(1) DIRECTOR means the director of the department designated by the city manager to enforce and administer this chapter or the director’s designated representative.

(2) PERSON means an individual, partnership, company, corporation, association, firm, organization, institution, or similar entity.

(3) PRIVATE POOL means a swimming pool appurtenant to a single-family or duplex residence (including condominiums and townhouses) and used only by the occupants of the residence and their guests.
§ 43A-1 Swimming Pools

(4) PUBLIC POOL means a swimming pool to which the general public has access.

(5) SEMI-PUBLIC POOL means a swimming pool that is privately owned and open only to an identifiable class of persons, including, but not limited to, motel guests, apartment residents, and club members. (Ord. Nos. 15256; 30090)

SEC. 43A-2. PERMIT REQUIRED; APPLICATION; ISSUANCE.

No person may construct, modify, or repair a pool in the city without obtaining a permit. The application for a permit must be on a form provided by the building official and must be accompanied by the required fee and a specified number of copies of the plans of which the applicant seeks approval. If the building official and the director are satisfied that the proposed pool will conform in all respects to the requirements of the law, a permit shall be issued by the building official to the applicant. (Ord. Nos. 15256; 30090)

SEC. 43A-3. INSPECTIONS AND REINSPECTIONS.

(a) The director shall have all of the authority granted to the city under Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Section 207, as amended, to inspect a pool at any reasonable time and to enter upon the premises where a pool is located to the extent necessary to make a full examination for compliance with this chapter and state law. Advanced notice or permission for inspections or investigations by the director is not required.

(b) Public pools and semi-public pools, excluding multiunit, shall be inspected at least annually, and multiunit pools shall be inspected with the graded inspections for multitenant properties in accordance with Chapter 27 of the Dallas City Code. For purposes of this subsection, "multiunit" has the meaning ascribed to it in Texas Health and Safety Code Section 757.001, as amended.

(c) Water samples from a pool may be taken.

(d) If a reinspection is required, the fee for the reinspection is $43.

(d) If a reinspection is required, the fee for the reinspection is $20. (Ord. Nos. 15256; 29879; 30090; 31332, eff. 10/1/19)

SEC. 43A-3.1. INCORPORATION OF HEALTH AND SAFETY CODE REGULATIONS FOR MULTIUNIT POOL ENCLOSURES.

The provisions of Texas Health and Safety Code Chapter 757, as amended, apply and supersede any regulations in this chapter for pools owned, controlled, or maintained by the owner or manager of a multiunit rental complex or by a property owner’s association and for doors and windows of rental dwellings opening into the pool yard of a multiunit rental complex or condominium, cooperative, or town home project. (Ord. 30090)

ARTICLE II.

POOL DESIGN AND CONSTRUCTION.

SEC. 43A-4. MATERIALS.

A swimming pool must be constructed of materials that are sanitary, enduring, and non-toxic to humans. Materials used on walls and bottom surfaces must provide a watertight structure with a smooth and easily cleaned finish, free from cracks or open joints other than structural expansion joints. (Ord. 15256)

SEC. 43A-5. SHAPE.

The shape of a pool must be designed so that the water is uniformly circulated and so that all interior areas of a pool are visible from the edge of the pool. (Ord. 15256)
SEC. 43A-6. DEPTH AND SLOPE; DEPTH MARKINGS.

(a) The depth and slope of a pool must comply with the specifications indicated in Plate I.

(b) A pool without a diving area must have no sudden increase in slope and must not exceed five feet in depth.

(c) All surfaces on the bottom of a pool must slope toward the main drain. A main drain is not required in vinyl pools with a depth of less than five feet. In areas of a pool that are less than five feet in depth, the following slope requirements apply:

   (1) The slope of the floor in a pool 42 feet or more in length must not exceed one foot in 12 feet.

   (2) The slope of the floor in a pool less than 42 feet in length must not exceed one foot in eight feet.

(d) Walls in the deep portion of a pool must be vertical from the water line for a minimum depth of two feet six inches.

(e) Depth of water must be marked at or above the water surface on the vertical pool wall or on the edge of the deck next to the pool, at maximum and minimum depth points, at points of break between deep and shallow areas, and at intermediate increments of depth, spaced at not more than 25 foot intervals around the entire perimeter of the pool. Depth markings and additional signage for pools must be consistent with the requirements in Texas Administrative Code Title 25, Chapter 265, Subsections 265.199(c)-(f), as amended. Depth markers are not required for private pools.

(f) The depth of the water must be measured from the midpoint of the skimmer opening or the top of the overflow gutter. (Ord. Nos. 15256; 16271; 30090)

SEC. 43A-7. PROJECTIONS.

Pool structures, protrusions, or extensions must not project more than six inches within the pool area, as delineated by the profiles illustrated in Plate I. (Ord. 15256)

SEC. 43A-8. DIVING AREA.

(a) The minimum depth of water below a diving board or platform and other minimum dimensions in the diving area of a pool must comply with the minimum standards indicated in Table I and Plate I.

(b) A diving board or platform must not be placed more than three meters above the water level without approval of the director. The base of a diving board or tower must not extend into the pool water, and the tower must be anchored with sufficient bracing to insure stability under the heaviest load. Both sides of steps, ladders, and platforms of diving towers one meter or higher must be provided with suitable handrails designed to prevent persons from falling.

(c) A minimum clearance of 16 feet must be provided above each diving board or platform, measured from the center of the front end of the board or platform and extending at least eight feet behind and to each side and 16 feet ahead of the measuring point.

(d) The height of a diving board must be measured from the midpoint of the skimmer opening or the top of the overflow gutter. (Ord. Nos. 15256; 16271)

SEC. 43A-9. STEPS, LADDERS AND TOWERS.

(a) Materials used in steps, ladders, and diving towers must be of sufficient structural strength to safely support anticipated loads and must be corrosion resistant, easily cleaned, and of a nonskid design.
§ 43A-9 Swimming Pools

(b) A minimum of one ladder must be provided for each 100 feet of public or semi-public pool perimeter; except that a diving area which is wider than 30 feet at any point must be provided with two ladders at opposite sides.

(c) If recessed steps are used, they must be designed to drain into the pool and to be easily cleaned.

(d) Ladders and recessed steps must be provided with a handrail on both sides. Handrails must be constructed out over the coping and return to the pool deck.

(e) Handrails, ladders, steps, seat ledges, and coping must also comply with the standards for pool safety in Texas Administrative Code Title 25, Part 1, Subchapter L, Chapter 265, Subsection 199(a), as amended. (Ord. Nos. 15256; 30090)

SEC. 43A-10. OVERFLOW GUTTERS AND SKIMMING DEVICES.

(a) All pools must be equipped with either an overflow gutter or surface skimming device.

(b) If surface skimming devices are used:

(1) handholds must be provided around the entire perimeter of the pool except above steps and:

(A) if coping is used, the outer two inches must be not more than 2 1/2 inches thick; and

(B) must be not more than 12 inches above the normal water line;

(2) each skimming device must be individually controlled;

(3) each skimming device must be automatically adjustable to variations in water level over a range of at least three inches;

(4) the rate of flow through the total number of skimming devices must be automatically adjustable from 50 percent to 75 percent of the capacity of the pool filter system;

(5) each skimming device must have an easily removable and cleanable basket or screen to trap material which might clog the circulation pump; and

(6) one skimmer must be provided for each 500 square feet of water surface area plus an additional skimmer for any remaining increment of water surface area less than 500 square feet.

(c) If an overflow gutter is used, it must:

(1) extend around the entire perimeter of the pool except above steps;

(2) be constructed so that the gutter is not completely recessed into the wall and water entering the gutter cannot flow back into the pool;

(3) be capable of continuously removing 50 percent or more of the recirculated water through the filter system;

(4) be connected to a recirculation system with a surge capacity of not less than 1/2 gallon for each square foot of pool surface area, and in pools subject to heavy swimming use, a surge capacity of not less than one gallon for each square foot of surface area;

(5) be designed so that the edge of the gutter can be used as a handhold for bathers;

(6) be designed so that the overflow edge is level within 3/10 inch;

(7) be designed so that the bottom slopes not less than 1/8 inch to the foot, to outlets spaced at 10 foot intervals;

(8) discharge waste into the recirculating system, the drain pipe being not less than 1-1/2 inches in diameter. (Ord. 15256)
SEC. 43A-11. DECK AREA; POOL ENCLOSURE; SPECTATOR SEPARATION.

(a) Each public or semi-public pool must be provided with a deck area which:

(1) is continuous around the entire pool;

(2) is not less than 3 1/2 feet in width, including coping and curbing;

(3) is constructed of sanitary material with a skid resistant surface;

(4) has a minimum slope of 1/8 inch per foot for the first eight feet to points of disposal other than the pool;

(5) is equipped with gratings for drain pipe openings that are two times the diameter of the drain pipe if deck drains are used; and

(6) is equipped around the entire edge of the pool with coping designed to prevent deck water from entering the pool.

(b) Hose bibbs of not less than 3/4 inch must be provided around the perimeter of the deck area at intervals which will allow all parts of a pool to be reached with a 75 foot hose for cleaning. Each bibb must be equipped with an approved back-flow preventer.

(c) The pool enclosure must comply with requirements of the Dallas Building Code and Texas Administrative Code Title 25, Part 1, Subchapter L, Chapter 265, Section 200, as amended.

(d) If spectator galleries are installed:

(1) there must be a separation between the areas used by bathers and the areas used as galleries by spectators;

(2) galleries must not extend over any part of a pool; and

(3) separate entrances and toilet facilities must be provided for bathers and spectators. (Ord. Nos. 15256; 30090)

SEC. 43A-12. RECIRCULATION SYSTEM.

(a) Each pool with a water capacity of 800 gallons or more or a depth greater than two feet must be equipped with a recirculation system consisting of pumps, hair and lint catchers, filters, and pipe connections necessary to connect to the inlets and outlets of the pool.

(b) Filters. Filters must meet National Sanitation Foundation standards, or be approved by the director. The director shall disapprove a filter if it does not backwash thoroughly or does not filter at a sufficient rate.

(c) Pumps. The pumps must be of an adequate size to turn over the pool water capacity within six hours for a public pool and eight hours for a private or semipublic pool.

(d) Hair and lint catcher. A catcher must be installed on the suction side of the pumps to prevent hair, lint, and other extraneous matter from reaching the pumps and filters.

(1) Catchers must be designed so that they are easily dismantled for cleaning.

(2) If the catcher has circular openings, the diameter of each opening must not exceed 1/8 inch. If the catcher has square punched or square mesh openings, the openings must not exceed 1/10 inch on a side.

(3) The total area of catcher openings must be at least four times the cross-sectional area of the inlet pipe to the catcher.

(e) Cross connections. Cross connections between the pool water or the recirculation system and the water supply are prohibited. The pool must be designed so that fresh water added to the pool will not...
create a cross connection. Other cross connections must comply with applicable city ordinances. (Ord. 15256)

SEC. 43A-13. INLETS AND OUTLETS; WATER DISPOSAL.

(a) Inlets. Pool inlets must be arranged to produce a uniform chlorine or equivalent disinfectant residual throughout the pool.

(1) Each inlet must be equipped with an adjustable orifice or valve so that the flow of water to various portions of the pool may be adjusted.

(2) The minimum number of pool inlets required is determined by pool volume as indicated in Table II below.

(3) The fill pipe to a pool must have an air gap of six inches above the pool coping or be protected by a double check backflow preventer assembly.

(b) Outlets. Pool outlets must be arranged to produce a uniform circulation of water throughout a pool.

(1) At least one outlet must be provided at the lowest point of the floor to permit complete drainage of the floor area, except in vinyl pools of less than five feet in depth.

(2) If the width of a pool is more than 40 feet, multiple outlets must be provided. In this case outlets must be not more than 10 feet from each sidewall.

(3) If the exit velocity exceeds two feet per second, a National Sanitation Foundation approved, or equal, anti-vortex outlet must be used.

(4) Outlet gratings in the bottom of a pool must be securely fastened and must have a cross-sectional area of at least four times the cross-sectional area of the discharge pipe.

(5) A pool must be equipped with pipe connections which permit the pool to be emptied as well as recirculated, except vinyl pools of less than five feet in depth.

(c) Water disposal.

(1) Backwash from a filter must go to the sanitary sewer or a separation tank. Filter backwash may go to an approved septic tank system if a sanitary sewer or separation tank is not available.

(2) Pools drained for repairs or cleaning must drain to the sanitary sewer in compliance with the Dallas Plumbing Code, or to a natural drainage course if no sanitary sewer is available or sanitary sewer drainage would be too slow.

(3) A deck drain may go to a lawn, leaching field, dry well, or, if necessary, to a natural drainage course. (Ord. 15256)

SEC. 43A-14. HEATING UNITS.

Heating units for pools, dressing rooms, shower rooms, toilet rooms, and rooms in which pools are contained must be installed in a manner that will protect swimmers from injury and protect the units from damage. (Ord. 15256)

SEC. 43A-15. LIGHTING.

(a) A system of artificial lighting must be provided for pools, dressing rooms, shower rooms, toilet rooms, and rooms in which pools are contained. The system must be installed in conformance with the Dallas Electrical Code, and the design and arrangement of the lights must insure clear vision in all areas of a pool and surrounding pool area. Private pools of less than four feet maximum depth are not required to have a lighting system.
(b) Underwater lighting must provide 5/10 watts per square foot of pool area for private pools, and one watt per square foot of pool area for public or semi-public pools, and must be installed and maintained in a manner that will insure the safety of swimmers. If underwater lighting is used, deck lighting must be directed away from the pool surface as much as possible and be of a capacity not less than 6/10 watts per square foot of deck area. If underwater lighting is not used, pool and pool area lighting must be of a capacity not less than two watts per square foot of total area.

(c) Deck and underwater lighting must also comply with the standards in Texas Administrative Code Title 25, Part 1, Subchapter L, Chapter 265, Subsection 265.199(k), as amended. (Ord. Nos. 15256; 30090)

SEC. 43A-16. TOILET FACILITIES.

(a) Semi-public pools must have toilet facilities available within 200 feet of the pool.

(b) Public pools must have toilet facilities for each sex at the pool site.

(c) Dressing and toilet facilities at public and semi-public pools must comply with the standards in Texas Administrative Code Title 25, Part 1, Subchapter L, Chapter 265, Section 201, as amended. (Ord. Nos. 15256; 30090)

ARTICLE III.
MAINTENANCE AND OPERATION OF SWIMMING POOLS.

SEC. 43A-17. PERMIT AND MANAGER OF OPERATIONS REQUIRED.

(a) A person shall not operate a public or semi-public pool without a permit. To obtain a permit an applicant must complete a form provided by the director. An applicant must designate a manager of operations of each pool for which a permit is sought. A person designated as manager of operations of a pool must reside in the city or be employed on the premises where the pool is located.

(b) If a manager of operations of a pool ceases to perform that function for any reason, the owner of the pool shall designate a new manager within a reasonable period of time.

(c) The director shall issue a permit to an applicant if a qualified manager of operations has been designated and the fee has been paid. The amount of the fee is $47 for each pool owned by an applicant. The fee is due on or before the first day of March of each calendar year. If a permit is initially issued after the first day of March of a calendar year, the fee for that year will be prorated according to the number of whole months remaining in the year. No refunds will be made.

(c) The director shall issue a permit to an applicant if a qualified manager of operations has been designated and the fee has been paid. The amount of the fee is $20 for each pool owned by an applicant. The fee is due on or before the first day of March of each calendar year. If a permit is initially issued after the first day of March of a calendar year, the fee for that year will be prorated according to the number of whole months remaining in the year. No refunds will be made.

(d) This section does not apply to pools owned by the city. (Ord. Nos. 15256; 16271; 17989; 18411; 19300; 25048; 29879; 31332, eff. 10/1/19)

SEC. 43A-18. CERTIFICATION OF MANAGER OF OPERATIONS.
(a) A manager of operations of a public or semipublic pool shall obtain certification from the director by successfully completing a training course conducted by the director. If a person designated by
an owner as manager of operations of a pool is not certified, he shall attend and successfully complete the next training course conducted after his designation.

(b) The certification of a manager of operations expires two years from the date of certification, and a manager must repeat the training course to maintain certification. The fee for the training course and certificate is $47.

(b) The certification of a manager of operations expires two years from the date of certification, and a manager must repeat the training course to maintain certification. The fee for the training course and certificate is $25. (Ord. Nos. 15256; 18411; 20612; 25048; 29879; 31332, eff. 10/1/19)

SEC. 43A-19. OPERATION OF A POOL.

(a) A manager of operations, a manager of premises on which a public or semi-public pool is located, or the owner of a public or semi-public pool shall not:

1. knowingly permit a condition to exist that endangers the life, health, or safety of a swimmer or that violates a provision of this article;

2. knowingly permit a person to swim in a pool who has skin abrasions, open sores, cuts, skin disease, eye disease, nasal or ear discharge, or communicable disease;

3. knowingly allow dogs within a pool area or enclosure;

4. fail to post placards containing pool regulations and instructions in conspicuous places within a pool area or enclosure;

5. fail to maintain a pool in accordance with the standards of health and safety provided in Sections 43A-20 and 43A-21;

6. knowingly violate or permit any person to violate the regulations regarding food, beverages, and trash containers in Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Section 202, as amended; or

7. knowingly violate or permit any person to violate the lifeguard training and personnel requirements in Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Subsection 265.199(g), as amended.

(b) A manager of operations, a manager of premises on which a public or semi-public pool is located, and the owner of a public or semi-public pool must also comply with the pool and spa standards in Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Subsections 265.203(a)-(l), as amended. (Ord. 15256; 16271; 30090)

SEC. 43A-20. QUALITY OF WATER; PUBLIC AND SEMI-PUBLIC POOLS.

(a) Water quality. A manager of operations, a manager of premises on which a public or semi-public pool is located, and the owner of a public or semi-public pool must comply with the water quality standards in Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Subsection 265.204 and Figure 265.204(a), as amended.

(b) Disinfectant. In a public or semi-public pool disinfectant capable of killing bacteria and algae, but not harmful to humans, shall be added to the pool water through a continuous feed machine. If chlorine or bromine is used, a residual level shall be maintained consistent with the levels in Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Subsection 265.204 and Figure 265.204(a), as amended.

(c) Algae. A public or semi-public pool must be kept free of algae.

(d) Circulation. The recirculation system of a public or semi-public pool must be in operation at all times.

(e) Heating. Hot water must not enter a public or semi-public pool at a temperature exceeding 110 degrees Fahrenheit.
§ 43A-20 Swimming Pools § 43A-24

(f) **Level.** Fresh water must be added to a public or semi-public pool at a rate that will keep the pool water at a level sufficient to allow skimming devices or overflow gutters to work properly.

(g) **Cleaning.** The walls, floors, equipment, and appurtenant facilities of a public or semi-public pool must be maintained in a clean and sanitary condition at all times. (Ord. 15256; 16271; 30090)

SEC. 43A-20.1. POOLS NOT MAINTAINED.

(a) The owner of a semi-public pool that is not being maintained as a swimming pool in accordance with this article shall drain all water from the pool and either:

1. fill the pool with dirt or sand that is not capable of holding water; or

2. cover the pool with a material of sufficient strength, durability, and water tightness to prevent the entrance of water or children.

(b) A semi-public pool that remains drained of water for 60 days is presumed to be no longer maintained as a swimming pool. (Ord. 16271)

SEC. 43A-21. SAFETY EQUIPMENT.

Texas Administrative Code Title 25, Part 1, Chapter 265, Subchapter L, Subsection 265.199(b), Subsections 265.199(g)-(h), and (j), and Subsection 265.199(i)(1)(A)-(B), as amended, are hereby adopted and incorporated by reference into this chapter. (Ord. Nos. 15256; 30090)

SEC. 43A-22. REGULATIONS IN POOL AREA.

A person commits an offense if he:

1. allows a dog under his control to remain within the pool area or pool enclosure of a public or semi-public pool;

2. has skin abrasions, open sores, cuts, skin disease, eye disease, nasal or ear discharge, or communicable disease and swims in a public or semi-public pool;

3. carries glass within a public or semi-public pool area or enclosure; or

4. alters or removes safety equipment from a public or semi-public pool except in a bona fide emergency. (Ord. 15256)

SEC. 43A-23. POOL DRAINAGE.

A person commits an offense if he drains water from a pool at a rate that causes the water to leave a natural drainage course and flow onto adjacent property. (Ord. 15256)

SEC. 43A-24. SUSPENSION.

(a) The director shall suspend a permit to operate a public or semi-public pool if:

1. the annual permit fee is not paid; or

2. an owner fails to designate and retain a certified manager of operations as specified in this article; or

3. the condition of a pool is hazardous to the health or safety of swimmers or the general public; or

4. the owner fails to keep all pool equipment and devices working properly.

(b) The suspension shall continue until the cause of suspension is corrected. (Ord. 15256)
SEC. 43A-25. APPEAL.

(a) If the director denies the issuance of a permit, or suspends a permit, he shall send to the applicant, or permit holder, by certified mail, return receipt requested, written notice of his action and the right to an appeal. The applicant, or permit holder, may appeal the decision of the director to the city manager by filing with the city manager a written request for a hearing within 10 days after receipt of the notice from the director. If a request for an appeal hearing is not made within the 10 day limit, the action of the director is final.

(b) The city manager, or designee, shall serve as hearing officer at an appeal hearing and consider evidence offered by any interested person. The formal rules of evidence do not apply at an appeal hearing; the hearing officer shall make his decision on the basis of a preponderance of the evidence presented at the hearing. The hearing officer must render a decision within 30 days after the request for an appeal hearing is filed. The hearing officer shall affirm, reverse, or modify the action of the director and his decision is final unless the applicant, or permit holder, files a written request with the city council for a hearing within 10 days after receipt of notice of the action of the hearing officer.

(c) If a request for an appeal hearing with the city council is filed within the 10 day limit, the city council shall hear and consider evidence offered by any interested person. The formal rules of evidence do not apply at an appeal hearing before the city council. The city council shall decide the appeal on the basis of a preponderance of the evidence presented at the hearing. The city council shall affirm, reverse, or modify the action of the hearing officer by a majority vote; failure to reach a majority decision on a motion shall leave the hearing officer’s decision unchanged. The result of an appeal hearing before the city council is final. (Ord. 15256)

ARTICLE VIII.

TAXATION OF TANGIBLE PERSONAL PROPERTY IN TRANSIT.

Sec. 44-57. Taxation of tangible personal property in transit.

ARTICLE I.

IN GENERAL.

SEC. 44-1. PERSONS REQUIRED TO RENDER; TIME FOR RENDITION.

(a) All persons shall, on or before the first day of April of each year, furnish the assessor and collector of taxes of the city a full and complete statement, list and schedule, verified by affidavit, of all real and personal property situated in the city not otherwise exempt and all personal property located elsewhere and subject to taxation in the city, owned, held or controlled by them or in their possession as agent, bailee, warehouseman or custodian on the first day of January next preceding and shall, in such statement, list and schedule, state the name and address of the owner of such property.

(b) The assessor and collector of taxes shall provide a form for the rendition of income producing personal property. A person furnishing the statement, list, and schedule of income producing personal property required in Subsection (a) shall use the form provided by the assessor and collector of taxes and shall state the market value of the property listed.

(c) For the purpose of this section “income producing personal property” means tangible personal property used in the course of conducting a business.

(d) For the purpose of this section the market value of income producing personal property shall be established using any method approved by the State...

SEC. 44-2. FIRE INSURANCE COMPANIES.

Each fire insurance company incorporated under the laws of this state or legally authorized to do business in this state, whose property is under the law subject to ad valorem taxation by the city, shall render for taxation by the city all of its real estate as other real estate is rendered and all of the personal property of such insurance company shall be valued as other personal property is valued for assessment for taxation by the city in the following manner. From the total valuation of its assets shall be deducted the legal reserves required to be maintained by it under the laws of the state and from the remainder shall be deducted the assessed value of all real estate owned by the company and the capital stock of such company, except in case its surplus should not equal 50 percent of its capital stock, then only 50 percent of its capital stock shall be deducted, and the remainder of the valuation of its total assets, after the deduction of the assessed value of its reserves, its real estate and its capital stock, in whole or in part as herein provided, shall be the assessed taxable value of its personal property. The surplus provided for in this section shall be computed for the purpose of taxation whether the same constitutes or is made up, in part or in whole, of exempt securities under law, it being the purpose of this section to provide a method for arriving at the proper assessment of such companies irrespective of the character of property constituting the same. (Code 1941, Art. 148-2)

SEC. 44-3. PENALTIES FOR FAILURE TO MAKE TIMELY AND CORRECT RENDITION OF CERTAIN PROPERTY.

(a) A person who willfully fails to deliver a complete and accurate rendition for all income producing personal property in the time and manner required by Section 44-1, is guilty of a separate offense for each day after the first day of April that the person fails to properly file the rendition.

(b) In addition to the penalty prescribed in Subsection (a), a person who fails to deliver a complete and accurate rendition for all income producing personal property in the time and manner required by Section 44-1, is liable to the city for a civil penalty as follows:

(1) $25 a day for each calendar day after April 1st and through April 15th that a person fails to deliver the rendition to the assessor and collector of taxes; and

(2) $200 a day for each calendar day after April 15th and before July 1st that a person fails to deliver the rendition to the assessor and collector of taxes; however,

(3) in no case shall the person be liable to the city for a civil penalty that exceeds one-half the amount ultimately determined to be owed by the person to the city in taxes on income producing personal property.

(c) A rendition form delivered by United States mail that is postmarked on or before April 1st is considered to be delivered timely. For the purposes of calculating the amount of civil penalties owed, a rendition form delivered by the United States mail that is postmarked after April 1st is considered delivered when received by the assessor and collector of taxes.

(d) The assessor and collector of taxes shall notify a person of the amount owed to the city in civil penalties when tax bills are mailed. A person who is liable for a civil penalty shall pay the amount owed when the taxes are paid. If taxes are paid in more than one installment, the civil penalty must be paid with the first installment.

(e) The assessor and collector of taxes shall notify the city attorney of any unpaid civil penalty.
The city attorney shall collect the penalty in a suit on the city’s behalf.

(f) If the assessor and collector of taxes has reason to believe that income producing personal property has been intentionally undervalued on a rendition form, he shall refer the matter to the city attorney for appropriate action. A person who submits an incomplete rendition form or a rendition form on which the income producing property has been intentionally undervalued, is liable for the civil penalty imposed in Subsection (b) until a complete and accurate rendition is made in accordance with Section 44-1. (Ord. 16849)

SEC. 44-4. PRORATING OF REAL PROPERTY TAXES - AUTHORITY.

The assessor and collector of taxes of the city is hereby authorized, and it is hereby made his duty, to prorate the taxes against tracts of land owned by different owners, which have been taxed together as one tract, and apportion the lien held by the city for such taxes on each of the several tracts according to its proportion to the whole assessment. (Code 1941, Art. 149-1)

SEC. 44-5. SAME - AT REQUEST OF OWNER; NOTICE TO OWNERS WHEN PRORATION MADE ON INITIATIVE OF ASSESSOR AND COLLECTOR.

The assessor and collector of taxes shall, upon the request of any owner of any tract of land whose property has been assessed together with any other tract of land, divide and apportion the lien to each of the tracts and prorate the taxes to each, as prescribed by Section 44-4. If deemed necessary by the assessor and collector of taxes for the enforcement of the taxes due the city, he may prorate the taxes and apportion the lien, as prescribed by Section 44-4, without first being requested so to do by the owner or owners of the tracts of land, but in such case he shall notify the owner or owners of such tracts of land of his intention so to do, where the owners of the same are known to him, by giving each of such owners or their agents notice in writing. (Code 1941, Art. 149-2; Ord. 8144)

SEC. 44-6. DUTY OF BUILDING INSPECTOR.

For the purpose of assisting the assessor and collector of taxes in arriving at a just and proper prorating of the assessment, the building inspector, upon the request of the assessor and collector of taxes, shall render to him all assistance and information in his office bearing upon the values of the improvements on such property and other information had in connection therewith. (Code 1941, Art. 149-4)

SEC. 44-7. ASSESSMENT ROLLS TO SHOW NAME OF OWNER AND DESCRIPTION OF PROPERTY.

The tax assessment rolls of the city shall be so compiled that the same shall exhibit a complete record of the name of the owner of each piece of property listed and included upon the assessment rolls, so far as such owner can be ascertained. If the property be real property the assessment roll shall give the assessed value and an adequate description of each piece of property upon the rolls and shall give the number of acres or portion of an acre or number of lots and blocks or portions of such contained in or composing the particular piece of property so listed, together with the value of any improvements that may be located thereon. If the property be personal property the rolls shall give a general description of the personal property owned, according to its class or character, and the total value thereof shall be shown by the assessment rolls. (Code 1941, Art. 149-6)

SEC. 44-8. ASSESSMENT ROLLS TO SHOW TOTAL AMOUNT OF TAXES.

The assessment rolls of the city shall exhibit opposite the property listed for taxation the total amount of taxes assessed against such piece of property so listed, but it shall not be necessary for the
SEC. 44-8. Taxation

assessments roll to show what proportionate amount of
the total tax levied against any particular piece of
property is levied by virtue of the general ad valorem
tax or several special taxes assessed and levied under
the authority of the city; that is to say, it shall not be
required or necessary that the city assessor shall extend
upon the tax assessment roll the amount of taxes levied
and assessed against the property by virtue of the
general ad valorem tax, school tax, tax for interest and
sinking fund or any other partial or special tax of the
city, which partial or special taxes in the aggregate
compose and constitute the total ad valorem tax levy of
the city. (Code 1941, Art. 149-7)

SEC. 44-9. MANNER OF MAKING UP
ORIGINAL TAX ASSESSMENT
SHEETS NOT AFFECTED.

Nothing in this chapter shall be construed to affect
the manner and form of making up the original tax
assessment sheets by the city tax assessor. (Code 1941,
Art. 149-9)

SEC. 44-10. ASSESSMENT OF FRANCHISES,
ETC.

Every franchise, privilege, easement or right of an
intangible or incorporeal character, whether owned by
an individual or corporation, shall be rendered by the
owner thereof or the agent of the owner and shall be
assessed for taxation separately and distinct from the
real property and tangible or corporeal personal
property of the owner. The same shall in every case be
valued separately from the real property and tangible
personal property of the owner, and shall in every
instance be carried as an item of separate and distinct
valuation upon the assessment sheets and tax rolls of
the city. (Code 1941, Art. 149-11)

SEC. 44-11. TAXES DUE ON ADJUDICATION
OF BANKRUPTCY.

When any person shall be adjudged bankrupt
under the laws of the United States, and when such
person shall own any property within the city, real or
personal, which is subject to taxation by the city, such
taxes for such year shall thereupon immediately be
and become due and payable to the city, from and after
such adjudication in bankruptcy. (Code 1941, Art. 149-12)

SEC. 44-12. ASSESSMENT, ETC., OF AD
VALOREM TAXES IN CERTAIN
CONTINGENCIES; SUPPORT OF
ADVALOREM BONDS DURING
INTERIM PERIOD.

During the interim period beginning January 1
and ending the following September when the city
passes its annual tax levy ordinance, for the purposes
stated in this section, there is levied an ad valorem tax,
supported by a lien as of January 1, as provided by the
charter of the city and the state constitution, for all
municipal purposes, upon all taxable property, real,
personal and mixed, within the city, based upon
current valuations and the same rate which the city
levied for those purposes for the preceding year. In
the event any such taxable property was not on the tax
roll for the preceding year but becomes subject to
taxation as of January 1 for the then current calendar
year, the same tax at the same rate is levied, based
upon the current valuations of all other taxable
property.

Taxes at the rate and in the manner provided in
this section are likewise levied upon all taxable
property that was not on the tax roll for the preceding
year by reason of not being in the jurisdiction of the
City, or improvements not in existence on January 1 of
the next preceding year, or property that was tax
exempt by reason of public, charitable or religious order ownership and has lost its tax exempt status prior to January 1 or thereafter loses such status during the calendar year.

All taxes heretofore levied and necessary to meet the city’s obligations in connection with ad valorem tax supported bonds or so much thereof as may be necessary are confirmed, and the levy shall be a continued levy so long as such bonds or any additional bonds issued subsequent to the passage of this section are outstanding.

This section is enacted for the purpose of enabling the assessor of taxes on request to furnish the amount of taxes to be due and owing for the current calendar year beginning January 1 to the owner or purchaser of property subject to taxation who may desire to prorate taxes in the event the property is sold voluntarily, involuntarily or in the custody of the law, or becomes subject to taxation after the first of the year by reason of losing its tax exempt status during the current calendar year.

The taxes levied and assessed in this section also shall likewise apply in all cases where taxes become due and payable under the ordinances and charter of the city and the state law at an earlier date than provided for by law, by reason of special circumstances that may arise.

The provisions of this section shall be in force and effect during the interim period mentioned in this section; provided, such taxes are actually paid prior to enactment of the tax levy ordinance and shall be operative only during that interim period, and shall be superseded by that ordinance when passed as to that particular year. This section shall have prospective application and shall continue in full force and effect from year to year until modified or repealed. (Code 1941, Art. 149-13; Ord. 9581)

SEC. 44-13. DEDUCTION OF PENALTY AND INTEREST ACCRUING AFTER BANKRUPTCY.

When taxes due to the city shall become due and payable by any person who has been adjudged bankrupt under the laws of the United States, the assessor and collector of taxes of the city is hereby authorized and directed to deduct all penalties and interest accruing on such taxes from and after such adjudication in bankruptcy and to accept in full satisfaction thereof all taxes, penalties and interest due to the city at the date of such adjudication. (Code 1941, Art. 149-14)

SEC. 44-14. TAXES DUE UPON ASSIGNMENT FOR BENEFIT OF CREDITORS OR RECEIVERSHIP.

When any person shall make an assignment of his property for the benefit of his creditors or where any person shall suffer, voluntarily or involuntarily or procure or permit the appointment of a receiver or trustee to take charge of his property and when such property shall be subject to taxation by the city such taxes for that year shall thereupon immediately be and become due and payable to the city from and after such assignment for the benefit of creditors or such receivership or trusteeship, and shall be secured by the lien provided by of the charter. (Ord. 8144)

SEC. 44-15. COLLECTION OF TAXES UPON ASSIGNMENT FOR BENEFIT OF CREDITORS OR RECEIVERSHIP.

When any taxes shall become due and payable to the city under the provisions of the preceding section, the assessor and collector of taxes of the city shall be vested with full and complete authority and it shall be his duty to proceed at once to determine the amount of
§ 44-15 Taxation

such taxes and to collect such taxes immediately upon
the assignment for benefit of creditors or the
appointment of the receiver or trustee, and such taxes
shall be collected under the authority and in the
manner provided by the charter of the city and the laws
of the state for the collection of taxes.  (Ord. 8144)

SEC. 44-16. SERVICE CHARGE FOR
VERIFICATION OF TAXES
ON REAL PROPERTY.

(a) A person who requests city personnel to
verify whether taxes have been paid on particular
property, shall pay a charge for this service to the
assessor and collector of taxes.  The service charge is 80
cents on each item of verification.  When the assessor
and collector of taxes issues a statement of verification,
it is a special accommodation to the affected parties and
may be subject to correction by the assessor and
collector of taxes.

(b) In this section, a person means a mortgage,
insurance, land title guaranty or real estate entity, or an
individual who requests five or more items for
verification.  (Ord. Nos. 4456; 15220; 18411)

SEC. 44-17. HISTORIC LANDMARK TAX
EXEMPTIONS.

Property tax exemptions for designated historic
landmarks may be granted to the owner of the property
in accordance with the process established in the Dallas
Development Code.  (Ord. Nos. 17653; 19455; 21874)

SEC. 44-17.1 TAX CERTIFICATES.

At the request of any person, the assessor and
collector of taxes of the city shall issue a certificate
showing the amount of delinquent taxes, penalties, and
interest due on a property according to the city’s
current tax records.  A fee of $10 shall be charged for
each certificate issued.  (Ord. Nos. 19680; 19963)

ARTICLE II.

TAX ON TELECOMMUNICATIONS SERVICES.

SEC. 44-18 DEFINITIONS.

In this article, TELECOMMUNICATIONS
SERVICES has the meaning given that term in Section
151.0103, Chapter 151 of the Tax Code of the State of
Texas.  (Ord. 19580)

SEC. 44-19 LEVY OF TAX; AMOUNT.

(a) A tax is hereby levied on all
telecommunications services sold within the city.  For
purposes of this article, the sale of telecommunications
services is consummated at the location of the
telephone or other telecommunications device from
which the call or other communication originates.  If
the point of origin of the call or other communication
cannot be determined, the sale is consummated at the
address to which the call or other communication is
billed.

(b) The rate of the tax imposed by this article
shall be the same as the rate imposed by the city for all
other local sales and use taxes authorized by state law.
(Ord. 19580)

SEC. 44-20. REPEAL OF EXEMPTION.

The application of the local sales and use tax
exemption for the sale of telecommunications services,
provided by Section 4B(a), Article 1066c, Vernon’s
Texas Civil Statutes, is hereby repealed as authorized
by Section 4B(b) of Article 1066c.  (Ord. 19580)

SEC. 44-21. OTHER OBLIGATIONS NOT
AFFECTED BY TAX.

The tax imposed by this article shall not affect or
offset any amounts payable to the city by a provider of
telecommunications services pursuant to any license, franchise, ordinance, charter provision, or state or federal law. (Ord. 19580)

ARTICLE III.

OCCUPATION TAXES.

SEC. 44-22. OCCUPATION TAX LEVIED.

There is hereby levied and assessed and shall be collected from every person pursuing within the city any calling, occupation, profession, trade, vocation or business upon which a license tax or occupation tax is levied under the laws of the state, a license or occupation tax equal to one-half of such state tax, unless specifically provided otherwise by city ordinance, the city charter, or state law. (Ord. Nos. 8121; 28019)

SEC. 44-23. COLLECTION OF TAX AND ISSUANCE OF RECEIPT GENERALLY.

The assessor and collector of taxes of the city shall issue to each applicant therefor, on payment of the proper fee, a receipt and license showing the occupation paid for, the location where such occupation is to be conducted, the amount paid, the date of payment and the time paid for, and he shall make upon the stub or duplicate impression sheet thereof a correct statement of such receipt. (Ord. 8121)

SEC. 44-24. COUNTERSIGNING LICENSES; SIGNING RECEIPTS.

Each occupation license shall be countersigned by the city manager and city secretary, and the receipt for the payment of the license shall be signed by the assessor and collector of taxes of the city or by his duly appointed deputy. (Ord. Nos. 8121; 20073)

SEC. 44-25. COLLECTOR'S MONTHLY REPORTS; FAILURE TO COLLECT TAX OR GIVE RECEIPT.

It shall be the duty of the assessor and collector of taxes to report monthly the amount of occupation taxes collected, and if he shall knowingly fail to collect or try to collect any occupation tax, or shall collect any occupation tax without giving therefor a receipt as provided for in Section 44-23, reserving the proper stub, he shall be deemed guilty of malfeasance in office and summarily dismissed therefrom. (Ord. 8121)

SEC. 44-26. LEVY AND ENFORCEMENT OF PAYMENT.

The assessor and collector of taxes shall have the right, and it shall be his duty, to levy for all occupation taxes due, just as in the case of taxes for personal property, and he shall pursue the same remedy and in addition thereto it is made his imperative duty to file complaints against any and all persons offending against this article. (Ord. 8121)

SEC. 44-27. PAYMENT GENERALLY; RECEIPT TO CONSTITUTE LICENSE.

All taxes provided for in this article, when not otherwise expressly provided, must be paid for an entire year in advance before a license shall issue. No license shall issue for a less period than 12 months except in cases otherwise provided in this article. The receipt of the assessor and collector, countersigned by the city manager and city secretary, shall constitute the license, and these taxes are hereby made payable in currency or coin of the United States. (Ord. 8121)

SEC. 44-28. UNLAWFUL TO PURSUE OCCUPATION WITHOUT LICENSE; PROSECUTION NOT TO AFFECT CIVIL REMEDY.

(a) Any person who shall pursue or follow any occupation, calling or profession or do any act taxed
by this article, or who shall represent as agent any person, without first having paid the tax required by this article is guilty of an offense.

(b) This section shall not be construed so as to affect any civil remedy for the collection of such taxes. (Ord. Nos. 8121; 19963)

SEC. 44-29. EXEMPTION OF ELEEMOSYNARY INSTITUTIONS.

Associations organized for the promotion of art, science, charity or benevolence shall be exempt from taxation, as shall all entertainments given by citizens for charitable purposes, or for support or aid of any literary or cemetery association. (Ord. 8121)

SEC. 44-30. TRANSFER OF LICENSE - AUTHORITY OF LICENSEE.

Any person who shall be the legal owner of any unexpired occupation license issued in accordance with the provisions of this article is hereby authorized to transfer the same on the books of the assessor and collector of taxes of the city. (Ord. 8121)

SEC. 44-31. SAME - EFFECT; ONLY ONE TRANSFER ALLOWED.

The assignee or purchaser of any unexpired occupation license shall be authorized to pursue such occupation under such unexpired license for and during the unexpired term thereof; provided, that such purchaser or assignee shall, before following such occupation, comply in all other respects with all the terms and requirements of the provisions of this code or other ordinances of the city provided for in the original application for such license; and provided further, that nothing in this article shall be so construed as to authorize two or more persons to follow the same occupation under the same license at the same time; and provided further, that the purchaser of such occupation license shall have the right to pursue the occupation named therein or to transfer it to any other person, but under no circumstances shall such occupation license be transferred more than one time. (Ord. 8121)

SEC. 44-32. OCCUPATION TAX ON COIN-OPERATED MACHINES.

(a) In this section:

(1) COIN-OPERATED MACHINE has the meaning given that term in Section 2153.002 of the Texas Occupations Code, as amended.

(2) DIRECTOR means the director of the water utilities department of the city, or the director’s authorized representative.

(3) OWNER means the owner of a coin-operated machine.

(4) SPECIAL COLLECTIONS DIVISION means the special collections division of the water utilities department of the city.

(5) TAX means the local occupation tax imposed on coin-operated machines under this section.

(b) Pursuant to Section 2153.451 of the Texas Occupations Code, as amended, an annual occupation tax is imposed on each coin-operated machine that an owner exhibits or displays, or permits to be exhibited or displayed, in the city. The rate of the tax is one-fourth the rate of the tax imposed by the state under Section 2153.401 of the Texas Occupations Code, as amended. All exemptions that apply to the state occupation tax on coin-operated machines under Chapter 2153 of the Texas Occupations Code, as amended, apply to the local occupation tax imposed under this section.
§ 44-32 Taxation § 44-34

(c) The special collections division of the water department shall issue a tax permit sticker to an owner who pays the tax for a coin-operated machine. The sticker must be securely attached to the machine in a manner that requires continued application of steam and water to remove the sticker.

(d) If an owner fails to pay the tax on a coin-operated machine, the director may seal or cause the sealing of the machine in a manner that prevents the full operation of the machine. The director shall release or cause the release of the sealed coin-operated machine after the tax on the machine and a fee of $5 is paid to the special collections division.

(e) A person commits an offense if the person:

(1) removes a tax permit sticker from a coin-operated machine;

(2) exhibits or displays a coin-operated machine without a current tax permit sticker attached;

(3) breaks a seal attached to a coin-operated machine;

(4) exhibits or displays a coin-operated machine with a broken seal; or

(5) removes from its location a coin-operated machine that has a broken seal.

(f) It is a defense to prosecution under Subsection (e)(1) of this section that the person was the owner or the owner’s authorized representative and removed the sticker to replace it with a new one issued under this section.

(g) It is a defense to prosecution under Subsection (e) of this section that the person was a city or state employee acting in the performance of official duties.

(h) An offense under this section is punishable by a fine not to exceed $500. (Ord. Nos. 8121; 28019)

SEC. 44-33. RESERVED.

(Repealed by Ord. 28019)

ARTICLE IV.

BINGO GROSS RECEIPTS TAX.

SEC. 44-33.1. LEVY OF TAX; AMOUNT.

(a) There is hereby levied under the Bingo Enabling Act a gross receipts tax on the conduct of bingo games within the city. The tax is equal to one percent of the gross receipts collected from bingo games conducted within the city.

(b) The tax does not apply to the gross receipts of bingo games conducted within those portions of the city in which bingo has not been legalized by an election. (Ord. 18029)

ARTICLE V.

HOTEL OCCUPANCY TAX.

SEC. 44-34. DEFINITIONS.

In this article:

(1) CONSIDERATION means the cost of a room in a hotel, and does not include:

(A) the cost of any food served or personal services rendered to the occupant not related to cleaning and readying the room or space for occupancy; or

(B) any tax assessed by any other governmental agency for occupancy of the room.
(2) **CONVENTION CENTER COMPLEX** means civic centers, civic center buildings, auditoriums, exhibition halls, and coliseums that are owned by the city or other governmental entity or that are managed in whole or part by the city. The term includes parking areas or facilities that are for the parking or storage of conveyances and that are located at or in the vicinity of other convention center facilities.

(3) **DIRECTOR** means the director of the department designated by the city manager to enforce and administer this article, or the director’s designated representative.

(4) **HOTEL** means any building in which members of the public obtain sleeping accommodations for consideration. The term includes a hotel, motel, tourist home, tourist house, tourist court, lodging house, inn, rooming house, or bed and breakfast. The term does not include:

(A) a hospital, sanitarium, or nursing home; or

(B) a dormitory or other housing facility owned or leased and operated by an institution of higher education or a private or independent institution of higher education, as those terms are defined by Section 61.003 of the Texas Education Code, as amended, that is used by the institution for the purpose of providing sleeping accommodations for persons engaged in an educational program or activity at the institution.

(5) **OCCUPANCY** means the use or possession, or the right to the use or possession, of any room in a hotel.

(6) **OCCUPANT** means any person who, for a consideration, uses, possesses, or has a right to use or possess any room in a hotel under any lease, concession, permit, right of access, license, contract, or agreement.

(7) **TAX** means the hotel occupancy tax levied in this article pursuant to Chapter 351 of the Texas Tax Code, as amended.

(8) **TOURIST** means an individual who travels from the individual’s residence to a different municipality, county, state, or country for pleasure, recreation, education, or culture.

(9) **VISITOR INFORMATION CENTER** means a building or a portion of a building used to distribute or disseminate information to tourists. (Ord. Nos. 12470; 17955; 20073; 22026; 23555)

**SEC. 44-35. LEVY; AMOUNT; DISPOSITION OF REVENUE.**

(a) There is hereby levied a tax upon the occupant of any room that:

(1) is in a hotel;

(2) is ordinarily used for sleeping; and

(3) the cost of occupancy of which is $2 or more each day.

(b) The tax is equal to seven percent of the consideration paid by the occupant of the room to the hotel.

(c) Disposition of revenues collected from the seven percent tax must be as follows:

(1) 2.100 percent to advertising and conducting solicitations and promotional programs to attract tourists and convention delegates or registrants to the city;

(2) 0.182 percent to the encouragement, promotion, improvement, and application of the arts, including instrumental and vocal music, dance, drama, folk art, creative writing, architecture, design and allied fields, painting, sculpture, photography, graphic and craft arts, motion pictures, radio, television, tape and sound recording, and other arts related to the presentation, performance, execution, and exhibition of these major art forms; and
§ 44-35 Taxation

(3) 4.718 percent to:

(A) the acquisition of sites for and the constructing, improving, enlarging, equipping, repairing, operating, and maintaining of the convention center complex or visitor centers, or both; or

(B) pledging payment of bonds as authorized by Chapter 1504 of the Texas Government Code, as amended; or

(C) items listed in Subparagraphs (3)(A) and (B) above. (Ord. Nos. 12470; 12572; 15555; 15684; 17955; 19997; 23555; 23915; 29880)

SEC. 44-35.1. EXEMPTIONS AND REFUNDS.

(a) A person described in Section 156.101 or Section 156.103(d) of the Texas Tax Code, as amended, is exempt from the payment of the tax imposed under this article.

(b) A governmental entity excepted from the tax imposed by Chapter 156 of the Texas Tax Code, as amended, under Section 156.103(a)(1) or (a)(3) of that chapter shall pay the tax imposed by this article, but is entitled to a refund of the tax paid.

(c) A person described in Section 156.103(c) of the Texas Tax Code, as amended, shall pay the tax imposed by this article, but the state governmental entity with whom the person is associated is entitled to a refund of the tax paid.

(d) To receive a refund of tax paid under this article, the governmental entity entitled to the refund must file a refund claim with the director on a form prescribed by the state comptroller and provided by the director. A governmental entity may file a refund claim with the director only for each calendar quarter for all reimbursements accrued during that quarter. (Ord. 23555)

SEC. 44-36. RESPONSIBILITY FOR COLLECTION, REPORTING, AND PAYMENT OF TAX.

Every person owning, operating, managing, or controlling any hotel shall collect the tax for the city and report and pay the tax to the city in accordance with all requirements and procedures set forth in this article. (Ord. Nos. 12470; 17955; 23555)

SEC. 44-37. REPORTS; PAYMENTS; FEES.

(a) On the 15th day of the month following each month in which a tax is earned, every person required by this article to collect the tax shall file a report with the director showing:

(1) the consideration paid for all occupancies in the preceding month;

(2) the amount of the tax collected on the occupancies; and

(3) any other information the director may reasonably require.

(b) Every person required by this article to collect the tax shall pay the tax due on all occupancies in the preceding month to the director at the time of filing the report required under Subsection (a) of this section.

(c) Every person collecting a tax under this article may deduct a one percent collection fee from the gross amount of tax collected on all occupancies in the preceding month if the tax is paid to and received by the director no later than the 15th day of the month following the month in which the tax is required to be collected. If the 15th day falls on a weekend or holiday, the director must receive the tax by the next business day. If the tax is paid by mail, the date of receipt by the director is the date postmarked by the U. S. Postal Service.
(d) Each remittance of a tax required by this article must contain the following statement and representation:

The tax remitted and paid to the City of Dallas with this report was collected pursuant to the requirements of Article V, Chapter 44, Dallas City Code, as amended.

(Ord. Nos. 12470; 17955; 23555)

SEC. 44-37.1. TAX COLLECTION ON PURCHASE OF A HOTEL.

(a) If a person who is liable for the payment of a tax under this article is the owner of the hotel and sells the hotel, the successor to the seller or the seller’s assignee shall withhold an amount of the purchase price sufficient to pay the tax due until the seller provides a receipt from the director showing that the amount has been paid or a certificate stating that no tax is due.

(b) The purchaser of a hotel who fails to withhold an amount of the purchase price as required by this section is liable for the amount required to be withheld to the extent of the value of the purchase price.

(c) The purchaser of a hotel may request that the director issue a certificate stating that no tax is due or issue a statement of the amount required to be paid before a certificate may be issued. The director shall issue the certificate or statement not later than 60 days after receiving the request.

(d) If the director fails to issue the certificate or statement within the period provided by Subsection (c) of this section, the purchaser is released from the obligation to withhold the purchase price or pay the amount due. (Ord. Nos. 19388; 23555)

SEC. 44-37.2. CONVENIENCE CHARGE FOR CERTAIN PAYMENTS MADE BY CREDIT CARD.

(a) Pursuant to Chapter 132 of the Texas Local Government Code, as amended, the director shall collect a convenience fee charge in an amount equal to the credit card processing fee charged to the city for all fees, taxes, and payments included in this article, when the payment is made by credit card.

(Ord. 31332, eff. 10/1/19)
SEC. 44-38. RULES AND REGULATIONS.

The director shall have the power to make any rules and regulations necessary to effectively collect the tax. The director shall, upon giving reasonable notice, have access to all books and records necessary to enable him to determine the correctness of any report filed as required by this article and the amount of taxes due under this article. (Ord. Nos. 12470; 17955)

SEC. 44-39. PENALTIES.

(a) A person commits an offense if he:

(1) fails to collect the tax imposed by this article;

(2) fails to file a report as required by this article;

(3) fails to pay the director the tax when payment is due;

(4) files a false report; or

(5) fails to comply with Section 44-37.1(a) when purchasing a hotel.

(b) An offense committed under Subsection (a) of this section is punishable by a fine not to exceed $500.

(c) In addition to any criminal penalties imposed under Subsection (b) of this section, a person failing to pay the tax to the director by the 25th day of the month following the month in which the tax is required by this article to be collected shall pay an amount equal to 15 percent of the tax due as a penalty. Delinquent taxes draw interest at the rate of 10 percent per year beginning 30 days from the date the tax is due to the director.
(d) In addition to the amount of any tax owed, a person is liable to the city for all reasonable attorney’s fees incurred by the city in enforcing this article against the person and in collecting any tax owed by the person under this article. (Ord. Nos. 12470; 17955; 19388; 19963; 23555)

ARTICLE VI.

SHORT-TERM MOTOR VEHICLE RENTAL TAX.

SEC. 44-40. DEFINITIONS.

In this article:

(1) ACT means Chapter 334, Local Government Code, as amended.

(2) APPROVED VENUE PROJECT means the Dallas Sports Arena Project that was approved by a majority of the voters voting at an election held in the city on January 17, 1998, in accordance with the Act.

(3) CITY means the city of Dallas, Texas.

(4) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article, or the director’s designated representative.

(5) GROSS RENTAL RECEIPTS means the value promised or received as consideration to the owner of a motor vehicle for the rental of the motor vehicle, but does not include:

(A) separately stated charges for insurance;

(B) charges for damages to the motor vehicle occurring during the rental agreement period;

(C) separately stated charges for motor fuel sold by the owner of the motor vehicle; or

(D) discounts.

(6) MOBILE OFFICE means a trailer designed to be used as an office, sales outlet, or other workplace.

(7) MOTOR VEHICLE means a self-propelled vehicle designed principally to transport persons or property on a public roadway and includes a passenger car, van, station wagon, sports utility vehicle, and truck. The term does not include:

(A) a trailer, semitrailer, house trailer, truck having a manufacturer’s rating of more than one-half ton, or road-building machine;

(B) a device moved only by human power;

(C) a device used exclusively on stationary rails or tracks;

(D) a farm machine; or

(E) a mobile office.

(8) OWNER OF A MOTOR VEHICLE means a person who:

(A) is named in the certificate of title as the owner of a motor vehicle; or

(B) has the exclusive use of a motor vehicle for the purpose of renting it to another person.

(9) PERSON means any individual, partnership, trust, company, corporation, association, or other entity.

(10) RENTAL means an oral or written agreement by the owner of a motor vehicle that authorizes for not longer than 30 days the exclusive use of that motor vehicle to another person for consideration, where the transfer of possession of the motor vehicle occurs within the corporate limits of the city.
(11) VENUE PROJECT FUND means the “Arena Project Fund” created in Resolution No. 98-0749, adopted by the city council on February 25, 1998, as it may be amended. (Ord. 23456)

SEC. 44-41. TAX IMPOSED.

(a) There is hereby levied and imposed a tax at the rate of five percent on the gross rental receipts from the rental of a motor vehicle, except that the same exemptions provided in Chapter 152, Subchapter E, of the Texas Tax Code apply to the tax imposed under this section.

(b) The tax imposed under this section must be collected on every rental occurring on or after May 1, 1998, and must continue to be collected for so long as any bonds or other obligations that are issued by the city before May 1, 1999 under Section 334.043 of the Act for the purpose of financing a portion of the costs of the approved venue project, and any bonds refunding or refinancing those bonds or other obligations, are outstanding and unpaid. (Ord. 23456)

SEC. 44-42. COLLECTION OF TAX.

(a) Every owner of a motor vehicle who enters into a rental of a motor vehicle with any other person shall collect the tax imposed by this article on behalf of the city.

(b) The owner of a motor vehicle subject to the tax imposed by this article shall add the tax to the rental charge.

(c) Each bill or other receipt for a rental subject to the tax imposed by this article must contain a statement in a conspicuous location stating:

The City of Dallas requires that an additional tax of five percent be imposed on each motor vehicle rental for the purpose of financing a portion of the costs of the Dallas Sports Arena Project approved by the voters of the city on January 17, 1998.

(d) An attorney acting on behalf of the city may bring suit against any person who fails to collect the tax imposed by this article and to pay it over to the director as required by this article. (Ord. 23456)

SEC. 44-43. REPORTS; PAYMENT TO THE CITY; FEES; RECORDS.

(a) On the 15th day of the month following each month in which a tax is required to be collected under this article, the owner of a motor vehicle required to collect the tax shall file a report with the director showing:

(1) the consideration paid for all rentals in the preceding month;

(2) the amount of the tax collected on the rentals; and

(3) any other information the director may reasonably require.

(b) Every owner of a motor vehicle required by this article to collect the tax shall pay the tax due on all rentals in the preceding month to the director at the time of filing the report required under Subsection (a) of this section.

(c) Every owner of a motor vehicle collecting a tax under this article may deduct a one percent collection fee from the gross amount of tax collected on all rentals in the preceding month if the tax is paid to and received by the director no later than the 15th day of the month following the month in which the taxes are required to be collected. If the 15th day falls on a weekend or holiday, the director must receive the tax by the next business day. If the tax is paid by mail, the date of receipt by the director is the date postmarked by the U. S. Postal Service.

(d) The owner of a motor vehicle used for rental purposes shall keep for four years records and supporting documents (except that mileage records are not required) containing the following information:
(1) the amount of gross rental receipts received from the rental of the motor vehicle; and

(2) the amount of tax imposed under this article and paid to the city on each motor vehicle used for rental purposes by the owner.  (Ord. 23456)

SEC. 44-44. COLLECTION PROCEDURES ON PURCHASE OF A MOTOR VEHICLE RENTAL BUSINESS.

(a) If the owner of a motor vehicle rental business that makes rentals subject to the tax imposed under this article sells the business, the successor to the seller or the seller’s assignee shall withhold an amount of the purchase price sufficient to pay the amount of tax due until the seller provides a receipt from the director showing that the amount has been paid or a certificate showing that no amount is due.

(b) The purchaser of a motor vehicle rental business who fails to withhold an amount of the purchase price as required by this section is liable for the amount required to be withheld to the extent of the value of the purchase price.

(c) The purchaser of a motor vehicle rental business may request that the director issue a certificate stating that no tax is due or issue a statement of the amount required to be paid before a certificate may be issued. The director shall issue the certificate or statement not later than 60 days after receiving the request.

(d) If the director fails to issue the certificate or statement within the period provided by Subsection (c) of this section, the purchaser is released from the obligation to withhold the purchase price or pay the amount due.  (Ord. 23456)

SEC. 44-45. USE OF REVENUE DERIVED FROM IMPOSITION OF TAX.

The revenue derived from the tax imposed under this article must be deposited in the Arena Tax Proceeds Account within the venue project fund. Money in the account may be used only for the purposes specified in Resolution No. 98-0749 that created the venue project fund, as it may be amended. (Ord. 23456)

SEC. 44-46. RULES AND REGULATIONS.

The director shall have the power to make any rules and regulations necessary to effectively collect the tax. The director shall, upon giving reasonable notice, have access to all books and records necessary to enable the director to determine the correctness of any report filed as required by this article and the amount of taxes due under this article. (Ord. 23456)

SEC. 44-47. PENALTIES.

(a) An owner of a motor vehicle commits an offense if that person:

(1) fails to collect the tax imposed by this article;

(2) fails to file a report as required by this article;

(3) fails to pay the director the tax when payment is due;

(4) files a false report;

(5) fails to make and retain complete records as required by Section 44-43(d) of this article; or

(6) fails to comply with Section 44-44(a) when purchasing a motor vehicle rental business.

(b) An offense committed under Subsection (a) of this section is punishable by a fine not to exceed $500, except that an offense committed under Subsection (a)(5) of this section is punishable by a fine of not less than $25 or more than $500.
(c) In addition to any criminal penalties imposed under Subsection (b) of this section, the owner of a motor vehicle failing to pay the tax to the director by the 25th day of the month following the month in which the tax is required by this article to be collected shall pay an amount equal to 10 percent of the tax due as a penalty. An additional penalty equal to 10 percent of the tax due must be paid 30 days later if the tax is still not paid. The penalties provided by this subsection may never be less than $5. Delinquent taxes draw interest at the rate of 10 percent per year beginning 60 days after the date the tax is due to the director. (Ord. 23456)

(5) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article, or the director’s designated representative.

(6) HOTEL means any building in which members of the public obtain sleeping accommodations for consideration. The term includes a hotel, motel, tourist home, tourist house, tourist court, lodging house, inn, rooming house, or bed and breakfast. The term does not include:

(A) a hospital, sanitarium, or nursing home; or

(B) a dormitory or other housing facility owned or leased and operated by an institution of higher education or a private or independent institution of higher education, as those terms are defined by Section 61.003 of the Texas Education Code, as amended, that is used by the institution for the purpose of providing sleeping accommodations for persons engaged in an educational program or activity at the institution.

(7) OCCUPANCY means the use or possession, or the right to the use or possession, of any room in a hotel.

(8) OCCUPANT means any person who, for a consideration, uses, possesses, or has a right to use or possess any room in a hotel under any lease, concession, permit, right of access, license, contract, or agreement.

(9) TAX means the hotel occupancy tax levied in this article pursuant to Chapter 334 of the Texas Local Government Code, as amended.

(10) VENUE PROJECT FUND means the fund entitled the “Arena Project Fund,” created in Resolution No. 98-0749, adopted by the city council on February 25, 1998, as it may be amended. (Ord. 23555)
SEC. 44-49. LEVY OF TAX; AMOUNT; DURATION.

(a) In addition to the hotel occupancy tax levied in Section 44-35 of this chapter, there is hereby levied a tax upon an occupant of any room that:

(1) is in a hotel;

(2) is ordinarily used for sleeping; and

(3) the cost of occupancy of which is $2 or more each day.

(b) The tax is equal to two percent of the consideration paid by the occupant of the room to the hotel.

(c) The tax imposed under this section must be collected on every occupancy occurring on or after August 1, 1998, and must continue to be collected for so long as any bonds or other obligations that are issued by the city under Section 334.043 of the Act for the purpose of financing a portion of the costs of the approved venue project, and any bonds refunding or refinancing those bonds or other obligations, are outstanding and unpaid. (Ord. 23555)

SEC. 44-50. USE OF TAX REVENUE.

(a) The revenue derived from the two percent tax imposed under this article must be deposited in the Arena Tax Proceeds Account within the venue project fund. Money in this account may be used only for the following purposes:

(1) to reimburse the city for prior expenditures made in connection with, or to pay the costs of, planning, acquiring, establishing, developing, and constructing the approved venue project to the extent not prohibited by the ordinances or indentures authorizing bonds or other obligations payable from and secured by a pledge of the two percent tax imposed under this article; and

(2) to pay the principal of, interest on, and other costs relating to bonds or other obligations issued by the city, or to refund bonds or other obligations, that were issued for the purpose of providing the approved venue project.

(b) The costs include, but are not limited to, overhead, legal, and accounting expenses of the city. (Ord. 23555)

SEC. 44-51. EXEMPTIONS AND REFUNDS.

(a) A person described in Section 156.101 or Section 156.103(d) of the Texas Tax Code, as amended, is exempt from the payment of the tax imposed under this article.

(b) A governmental entity excepted from the tax imposed by Chapter 156 of the Texas Tax Code, as amended, under Section 156.103(a)(1) or (a)(3) of that chapter shall pay the tax imposed by this article, but is entitled to a refund of the tax paid.

(c) A person described in Section 156.103(c) of the Texas Tax Code, as amended, shall pay the tax imposed by this article, but the state governmental entity with whom the person is associated is entitled to a refund of the tax paid.

(d) To receive a refund of tax paid under this article, the governmental entity entitled to the refund must file a refund claim with the director on a form prescribed by the state comptroller and provided by the director. A governmental entity may file a refund claim with the director only for each calendar quarter for all reimbursements accrued during that quarter. (Ord. 23555)
§ 44-52 RESPONSIBILITY FOR COLLECTION, REPORTING, AND PAYMENT OF TAX; STATEMENT OF TAX PURPOSE REQUIRED.

(a) Every person owning, operating, managing, or controlling any hotel shall collect the tax for the city and report and pay the tax to the city in accordance with all requirements and procedures set forth in this article.

(b) Each bill or other receipt for a hotel charge subject to the tax imposed by this article must contain a statement in a conspicuous location stating:

The City of Dallas requires that an additional tax of two percent be imposed on each hotel charge for the purpose of financing a venue project, consisting of the Dallas Sports Arena Project approved by the voters of the city on January 17, 1998.

(Ord. 23555)

§ 44-53 REPORTS; PAYMENTS; FEES.

(a) On the 15th day of the month following each month in which a tax is earned, every person required by this article to collect the tax shall file a report with the director showing:

(1) the consideration paid for all occupancies in the preceding month;

(2) the amount of the tax collected on the occupancies; and

(3) any other information the director may reasonably require.

(b) Every person required by this article to collect the tax shall pay the tax due on all occupancies in the preceding month to the director at the time of filing the report required under Subsection (a) of this section.

(c) Every person collecting a tax under this article may deduct a one percent collection fee from the gross amount of tax collected on all occupancies in the preceding month if the tax is paid to and received by the director no later than the 15th day of the month following the month in which the tax is required to be collected. If the 15th day falls on a weekend or holiday, the director must receive the tax by the next business day. If the tax is paid by mail, the date of receipt by the director is the date postmarked by the U.S. Postal Service.

(d) Each remittance of a tax required by this article must contain the following statement and representation:

The tax remitted and paid to the City of Dallas with this report was collected pursuant to the requirements of Article VII, Chapter 44, Dallas City Code, as amended.

(Ord. 23555)

§ 44-54 TAX COLLECTION ON PURCHASE OF A HOTEL.

(a) If a person who is liable for the payment of a tax under this article is the owner of the hotel and sells the hotel, the successor to the seller or the seller’s assignee shall withhold an amount of the purchase price sufficient to pay the tax due until the seller provides a receipt from the director showing that the amount has been paid or a certificate stating that no tax is due.

(b) The purchaser of a hotel who fails to withhold an amount of the purchase price as required by this section is liable for the amount required to be withheld to the extent of the value of the purchase price.

(c) The purchaser of a hotel may request that the director issue a certificate stating that no tax is due or
issue a statement of the amount required to be paid before a certificate may be issued. The director shall issue the certificate or statement not later than 60 days after receiving the request.

(d) If the director fails to issue the certificate or statement within the period provided by Subsection (c) of this section, the purchaser is released from the obligation to withhold the purchase price or pay the amount due. (Ord. 23555)

SEC. 44-55. RULES AND REGULATIONS.

The director shall have the power to make any rules and regulations necessary to effectively collect the tax. The director shall, upon giving reasonable notice, have access to all books and records necessary to enable the director to determine the correctness of any report filed as required by this article and the amount of taxes due under this article. (Ord. 23555)

SEC. 44-56. PENALTIES.

(a) A person commits an offense if he:

(1) fails to collect the tax imposed by this article;

(2) fails to file a report as required by this article;

(3) fails to pay the director the tax when payment is due;

(4) files a false report; or

(5) fails to comply with Section 44-54(a) when purchasing a hotel.

(b) An offense committed under Subsection (a) of this section is punishable by a fine not to exceed $500.

(c) In addition to any criminal penalties imposed under Subsection (b) of this section, a person failing to pay the tax to the director by the 25th day of the month following the month in which the tax is required by this article to be collected shall pay an amount equal to 15 percent of the tax due as a penalty. Delinquent taxes draw interest at the rate of 10 percent per year beginning 30 days after the date the tax is due to the director.

(d) In addition to the amount of any tax owed, a person is liable to the city for all reasonable attorney’s fees incurred by the city in enforcing this article against the person and in collecting any tax owed by the person under this article. (Ord. 23555)

ARTICLE VIII.

TAXATION OF TANGIBLE PERSONAL PROPERTY IN TRANSIT.

SEC. 44-57. TAXATION OF TANGIBLE PERSONAL PROPERTY IN TRANSIT.

(a) The definitions set forth in Section 11.253 of the Texas Tax Code, as amended, are hereby adopted and made a part of this article by reference.

(b) Tangible personal property located in the city and consisting of goods-in-transit [which would otherwise be exempt from taxation under Section 11.253(b) of the Texas Tax Code, as amended, and Section 1-n(a), Article VIII of the Texas Constitution, as amended] is subject to ad valorem taxation pursuant to Sections 11.253(j) and 11.253(j-1) of the Texas Tax Code, as amended, and Section 1-n(d), Article VIII of the Texas Constitution, as amended. Such goods-in-transit will remain subject to ad valorem taxation until the city council repeals this subsection or otherwise takes official action to adopt the exemption prescribed.
by Section 11.253(b) of the Texas Tax Code, as amended, and Section 1-n(a), Article VIII of the Texas Constitution, as amended, for such goods-in-transit.

(c) Nothing in this article subjects to ad valorem taxation any tangible personal property that is exempt from taxation under Section 11.251 of the Texas Tax Code, as amended, under Section 1-j, Article VIII of the Texas Constitution, as amended, or under another law. (Ord. Nos. 27026; 28512)

VACANT BUILDINGS

ARTICLE I.

GENERAL PROVISIONS.

Sec. 48B-1. Purpose of chapter.
Sec. 48B-2. Definitions.
Sec. 48B-3. Authority of director.
Sec. 48B-4. Delivery of notices.
Sec. 48B-5. Violations; penalty.

ARTICLE II.

REGISTRATION AND INSPECTION OF VACANT BUILDINGS.

Sec. 48B-6. Registration required; defenses.
Sec. 48B-7. Registration application.
Sec. 48B-8. Registration fee and inspection charge.
Sec. 48B-9. Issuance, denial, and display of certificate of registration.
Sec. 48B-10. Revocation of registration.
Sec. 48B-11. Appeals.
Sec. 48B-12. Expiration and renewal of registration.
Sec. 48B-13. Nontransferability.
Sec. 48B-14. Property inspections.

ARTICLE III.

MISCELLANEOUS REQUIREMENTS FOR VACANT BUILDINGS.

Sec. 48B-16. Insurance.
Sec. 48B-17. Vacant building plan.
§ 48B-2 Vacant Buildings

(4) DIRECTOR means the director of the department designated by the city manager to enforce and administer this chapter and includes any representatives, agents, or department employees designated by the director.

(5) DWELLING UNIT means one or more rooms designed to be a single housekeeping unit to accommodate one family and containing one or more kitchens, one or more bathrooms, and one or more bedrooms.

(6) OCCUPIED means that one or more persons conduct business in or reside in at least 50 percent of the total area of a building (excluding stairwells, elevator shafts, and mechanical rooms) as the legal or equitable owner, operator, lessee, or invitee on a permanent, nontransient basis pursuant to and within the scope of a valid certificate of occupancy.

(7) OWNER means a person in whom is vested the ownership or title of real property:

   (A) including, but not limited to:

   (i) the holder of fee simple title;

   (ii) the holder of a life estate;

   (iii) the holder of a leasehold estate for an initial term of five years or more;

   (iv) the buyer in a contract for deed;

   (v) a mortgagee, receiver, executor, or trustee in control of real property; and

   (vi) the named grantee in the last recorded deed; and

   (B) not including the holder of a leasehold estate or tenancy for an initial term of less than five years.

(8) PERSON means any individual, corporation, organization, partnership, association, governmental entity, or any other legal entity.

(9) PREMISES or PROPERTY means a lot, plot, or parcel of land, including any structures on the land.

(10) REGISTRANT means a person issued a certificate of registration for a vacant building under this chapter.

(11) STRUCTURE means that which is built or constructed, an edifice or building of any kind, or any piece of work artificially built up or composed of parts joined together in some definite manner.

(12) VACANT BUILDING means a building located in the city’s central business district that, regardless of its structural condition, is not occupied. (Ord. 27248, eff. 9-1-08)

SEC. 48B-3. AUTHORITY OF DIRECTOR.

The director shall implement and enforce this chapter and may by written order establish such rules, regulations, or procedures, not inconsistent with this chapter, as the director determines are necessary to discharge any duty under or to effect the policy of this chapter. (Ord. 27248, eff. 9-1-08)

SEC. 48B-4. DELIVERY OF NOTICES.

Any written notice that the director is required to give an applicant or registrant under this chapter is deemed to be delivered:

(1) on the date the notice is hand delivered to the applicant or registrant; or

(2) three days after the date the notice is placed in the United States mail with proper postage.
and properly addressed to the applicant or registrant at the address provided for the applicant or registrant in the most recent registration application. (Ord. 27248, eff. 9-1-08)

SEC. 48B-5. VIOLATIONS; PENALTY.

(a) A person who violates a provision of this chapter, or who fails to perform an act required of the person by this chapter, commits an offense. A person commits a separate offense each day or portion of a day during which a violation is committed, permitted, or continued.

(b) *Criminal penalties.*

(1) An offense under this chapter is punishable by a fine not to exceed $2,000.

(2) An offense under this chapter is punishable by a fine of not less than $500 for a first conviction of a violation of Section 48B-6.

(3) The minimum fine established in Subsection (b)(2) will be doubled for the second conviction of the same offense within any 24-month period and trebled for the third and subsequent convictions of the same offense within any 24-month period. At no time may the minimum fine exceed the maximum fine established in Subsection (b)(1).

(c) The culpable mental state required for the commission of an offense under this chapter is governed by Section 1-5.1 of this code.

(d) As an alternative to imposing the criminal penalty prescribed in Subsection (b), the city may impose administrative penalties, fees, and court costs in accordance with Article IV-b of Chapter 27 of this code, as authorized by Section 54.044 of the Texas Local Government Code, for an offense under this chapter. The alternative administrative penalty range for an offense is the same as is prescribed for a criminal offense in Subsection (b).

(e) The penalties provided for in Subsections (b) and (d) are in addition to any other enforcement remedies that the city may have under city ordinances and state law. (Ord. 27248, eff. 9-1-08)

ARTICLE II.

REGISTRATION AND INSPECTION OF VACANT BUILDINGS.

SEC. 48B-6. REGISTRATION REQUIRED; DEFENSES.

(a) A person commits an offense if the person owns or operates a vacant building without a valid certificate of registration. A separate certificate of registration is required for each street address at which any vacant building is located, regardless of any separate occupied buildings that may also be located at the same street address. If more than one vacant building is located at the same street address, only one certificate of registration is required for all of the vacant buildings. Also, only one certificate of registration is required for a single vacant building that has more than one street address. Suite numbers and apartment unit numbers will not be considered in determining the street address of a vacant building.

(b) It is a defense to prosecution under this section that:

(1) the building was occupied within the 45-day period preceding the date of the alleged offense;

(2) at the time of the alleged offense, the building was in the process of being renovated, rehabilitated, repaired, or demolished (pursuant to appropriate and valid permits issued by the building official, if required) and had been occupied within the 90-day period preceding the date of the alleged offense;
§ 48B-6 Vacant Buildings

(3) at the time of the alleged offense, the building was in the process of being actively marketed and advertised for lease or sale and had been occupied within the 90-day period preceding the date of the alleged offense;

(4) within the 90-day period preceding the date of the alleged offense, the building suffered damage or destruction from a fire, flood, storm, or similar event that rendered the building incapable of being occupied, except that this defense does not apply if the building was rendered incapable of being occupied by the intentional act of the owner, operator, lessee, or other invitee or an agent of the owner, operator, lessee, or other invitee; or

(5) the building was owned by the city of Dallas, the State of Texas, or the United States government. (Ord. 27248, eff. 9-1-08)

SEC. 48B-7. REGISTRATION APPLICATION.

(a) To obtain a certificate of registration for a vacant building, a person must submit an application on a form provided for that purpose to the director. The applicant must be the person who will own, control, or operate the vacant building. The application must contain all of the following information:

(1) The name, street address, mailing address, and telephone number of the applicant or the applicant’s authorized agent.

(2) The name, all street addresses, and the main telephone number, if any, of the vacant building and a description of the type of property it is (such as, but not limited to, a commercial building, a warehouse, an office, a hotel, an apartment complex, a boarding home, a group home, a loft, a townhome, a condominium, or a single-family residence).

(3) The names, street addresses, mailing addresses, and telephone numbers of all owners of the vacant building and any lien holders and other persons with a financial interest in the vacant building.

(4) The name, street address, mailing address, and telephone number of a person or persons to contact in an emergency as required by Section 48B-15 of this chapter.

(5) The form of business of the applicant (and owner, if different from the applicant); the name, street address, mailing address, and telephone number of a high managerial agent of the business; and, if the business is a corporation or association, a copy of the documents establishing the business.

(6) Proof of insurance required by Section 48B-16 of this chapter.

(7) The number of buildings (including vacant and occupied buildings), dwelling units, swimming pools, and spas located in or on the premises of the vacant building.

(8) Documentary evidence of payment of ad valorem taxes owed in connection with the vacant building and the premises on which it is located.

(9) The total area in square feet of the vacant building, the number of stories contained in the vacant building, the area in square feet of each story, and whether each story is above or below ground level.

(10) The date on which the vacant building was last occupied, a description of the last use of the vacant building, and a description of any hazardous materials, uses, or conditions that currently exist or previously existed in the vacant building.

(11) Such additional information as the applicant desires to include or that the director deems
necessary to aid in the determination of whether the requested certificate of registration should be granted.

(b) If the application for a certificate of registration is being made for multiple vacant buildings located at the same address, then the information required in Subsection (a) must be provided for each vacant building located at that address.

(c) A registrant shall notify the director within 10 days after any material change in the information contained in the application for a certificate of registration for a vacant building, including any changes in ownership of the property. (Ord. 27248)

SEC. 48B-8. REGISTRATION FEE AND INSPECTION CHARGE.

(a) The fee for a certificate of registration for a vacant building is $73, plus an inspection charge in an amount equal to $185.64 + ($0.009282 x total square feet of building area, excluding stairwells, elevator shafts, and mechanical rooms).

(b) If one certificate of registration is issued for multiple vacant structures located at the same address, the inspection charge will be calculated using the aggregate area in square feet of all the vacant buildings.

(c) If a certificate of registration expires under Section 48B-12 and the registration term was less than six months, then the registration fee (minus the inspection charge) may be prorated on the basis of whole months and partially refunded to the registrant, if the director receives a written request for the refund from the registrant within 90 days after expiration of the certificate of registration. Otherwise, no refund of a registration fee or inspection charge will be made. (Ord. Nos. 27248; 29879, eff. 10/1/15; 31332, eff. 10/1/19)

SEC. 48B-9. ISSUANCE, DENIAL, AND DISPLAY OF CERTIFICATE OF REGISTRATION.

(a) Upon payment of all required fees, the director shall issue a certificate of registration for a vacant building to the applicant if the director determines that:

(1) the applicant has complied with all requirements for issuance of the certificate of registration;

(2) the applicant has not made a false statement as to a material matter in an application for a certificate of registration; and

(3) the applicant has no outstanding fees assessed under this chapter.

(b) If the director determines that the requirements of Subsection (a) have not been met, the director shall deny a certificate of registration to the applicant.

(c) If the director determines that an applicant should be denied a certificate of registration, the director shall deliver written notice to the applicant that the application is denied and include in the notice the reason for denial and a statement informing the applicant of the right of appeal.

(d) A certificate of registration issued under this section must be displayed to the public in a manner and location approved by the director. The certificate of registration must be presented upon request to the director or to a peace officer for examination. (Ord. 27248)
SEC. 48B-10. REVOCATION OF REGISTRATION.

(a) The director shall revoke a certificate of registration for a vacant building if the director determines that:

(1) the registrant failed to comply with any provision of this chapter or any other city ordinance or state or federal law applicable to the building;

(2) the registrant intentionally made a false statement as to a material matter in the application or in a hearing concerning the certificate of registration; or

(3) the registrant failed to pay a fee required by this chapter at the time it was due.

(b) Before revoking a certificate of registration under Subsection (a), the director shall deliver written notice to the registrant that the certificate of registration is being considered for revocation. The notice must include the reason for the proposed revocation, action the registrant must take to prevent the revocation, and a statement that the registrant has 10 days after the date of delivery to comply with the notice.

(c) If, after 10 days from the date the notice required in Subsection (b) is delivered, the registrant has not complied with the notice, the director shall revoke the certificate of registration and deliver written notice of the revocation to the registrant. The notice must include the reason for the revocation, the date the director orders the revocation, and a statement informing the registrant of the right of appeal. (Ord. 27248)

SEC. 48B-11. APPEALS.

If the director denies issuance or renewal of a certificate of registration or revokes a certificate of registration, this action is final unless the applicant or registrant files an appeal with a permit and license appeal board in accordance with Section 2-96 of this code. (Ord. 27248)

SEC. 48B-12. EXPIRATION AND RENEWAL OF REGISTRATION.

(a) A certificate of registration for a vacant building expires the earlier of:

(1) one year after the date of issuance;

(2) the date the vacant building changes controlling ownership, as determined by the director;

(3) the date the vacant building becomes occupied, as determined by the director; or

(4) the date the vacant building is demolished, as determined by the director.

(b) A certificate of registration may be renewed by making application in accordance with Section 48B-7 and paying the registration fee and inspection charge required by Section 48B-8. A registrant shall apply for renewal at least 30 days before the expiration of the certificate of registration. (Ord. 27248)

SEC. 48B-13. NONTRANSFERABILITY.

A certificate of registration for a vacant building is not transferable. (Ord. 27248)

SEC. 48B-14. PROPERTY INSPECTIONS.

(a) For the purpose of ascertaining whether violations of this chapter or any other city ordinance or state or federal law applicable to the building exist, the director is authorized at a reasonable time to inspect:

(1) the exterior of a vacant building; and

(2) the interior of a vacant building, if the permission of the owner, operator, or other person in control is given or a search warrant is obtained.

(b) The director shall inspect a vacant building at least once during each 12-month period that the building is not occupied.
(c) An applicant or registrant shall permit representatives of the police department, the fire department, the department of code compliance, and the building official to inspect the interior and exterior of a vacant building, for the purpose of ensuring compliance with the law, at reasonable times upon request. The applicant or registrant commits an offense if he, either personally or through an agent or employee, refuses to permit a lawful inspection of the vacant building as required by this subsection.

(d) Whenever a vacant building is inspected by the director and a violation of this chapter or any other city ordinance or state or federal law applicable to the building is found, the building or premises will, after the expiration of any time limit for compliance given in a notice or order issued because of the violation, be reinspected by the director to determine that the violation has been eliminated. (Ord. 27248; 27697)

ARTICLE III.
MISCELLANEOUS REQUIREMENTS FOR VACANT BUILDINGS.

SEC. 48B-15. EMERGENCY RESPONSE INFORMATION.

(a) An owner, operator, or other person in control of a vacant building shall provide the director with the name, street address, mailing address, and telephone number of a person or persons who can be contacted 24 hours a day, seven days a week, in the event of an emergency condition in or on the premises of the vacant building. An emergency condition includes any fire, natural disaster, collapse hazard, burst pipe, serious police incident, or other condition that requires an immediate response to prevent harm to property or the public.

(b) The owner, operator, or other person in control of the vacant building shall notify the director within five days after any change in the emergency response information.

(c) The owner, operator, or other person in control of a vacant building, or an authorized agent, must arrive at the premises within one hour after a contact person named under this section is notified by the city or emergency response personnel that an emergency condition has occurred on the premises.

(d) A sign containing the emergency contact information required in Subsection (a) of this section must be attached in a conspicuous location on the exterior of each facade of the vacant building that faces a public right-of-way.

(e) The sign required by Subsection (d) must:

1. comply with the city’s sign regulations;
2. be 24 inches tall and 18 inches wide and constructed of a rigid weather-resistant material;
3. contain the words “VACANT BUILDING” in 2-3/8-inch-high and two-inch-wide black letters on a bright yellow background followed by the information required in Subsection (a) in one-inch-high black letters on a bright yellow background;
4. be in a format approved by the director; and
5. be readable day and night.

(f) A person commits an offense if he removes or obstructs or allows the removal or obstruction of a sign required to be posted on a vacant building under this section. It is a defense to prosecution under this subsection that the removal or obstruction was caused by:

1. a city employee in the performance of official duties; or
2. the owner, operator, or lessee of the vacant building for the purpose of:
   (A) repairing or maintaining the sign;
§ 48B-15 Vacant Buildings

(B) complying with this chapter or a rule or regulation promulgated under this chapter; or

(C) removing the sign when registration of the vacant building is no longer required under this chapter.

(g) A minor variation of a required or minimum height or width of a sign or lettering is not a violation of this section. (Ord. 27248, eff. 9-1-08)

SEC. 48B-16. INSURANCE.

(a) The registrant shall procure, prior to the issuance of a certificate of registration, and keep in full force and effect at all times during the registration term, commercial general liability insurance coverage (including, but not limited to, premises/operations and personal and advertising injury) protecting the city of Dallas against any and all claims for damages to persons or property as a result of, or arising out of, the registrant’s operation, maintenance, or use of the vacant building, with minimum combined bodily injury (including death) and property damage limits of not less than $1,000,000 for each occurrence and $2,000,000 annual aggregate.

(b) The insurance policy must be written by an insurance company approved by the State of Texas and acceptable to the city and issued in a standard form approved by the Texas Department of Insurance. All provisions of the policy must be acceptable to the city and must name the city and its officers and employees as additional insureds and provide for 30 days written notice to the director of cancellation, non-renewal, or material change to the insurance policy.

(c) A registrant shall provide to the director an updated certificate of insurance for the vacant building every six months that the building is required to be registered under this chapter. (Ord. 27248, eff. 9-1-08)

SEC. 48B-17. VACANT BUILDING PLAN.

(a) Within 30 days after the date a certificate of registration is issued for a vacant building, the registrant shall submit to the director a vacant building plan complying with this section.

(b) The vacant building plan must contain the following:

(1) A plan of action and a time schedule for correcting all existing violations of this chapter or any other city ordinance or state or federal law applicable to the building or its premises.

(2) A plan of action for maintaining the building and its premises in compliance with this chapter and all applicable city ordinances and state and federal laws.

(3) A plan of action for maintaining the building and its premises in a safe and secure manner, including but not limited to any provisions for lighting, security patrols, alarm systems, fire suppression systems, and securing the building from unauthorized entry.

(4) A plan of action for occupying or selling the building, including but not limited to a time schedule for renovating or repairing the building and a time schedule for marketing, advertising, or offering the building for sale or lease.

(5) A plan of action and time schedule for any demolition of the building.

(c) A registrant may update the vacant building plan at any time, but shall provide the director with an updated vacant building plan at least once every six months that the building is required to be registered under this chapter. (Ord. 27248, eff. 9-1-08)
CHAPTER 49

WATER AND WASTEWATER

ARTICLE I.

GENERAL.

Sec. 49-1. Definitions.
Sec. 49-2. Chapter enforcement.

ARTICLE II.

RATES, CHARGES AND COLLECTIONS.

Sec. 49-3. Application for service; contents of application.
Sec. 49-4. Security deposits; exemptions.
Sec. 49-5. Use of security deposits.
Sec. 49-6. Security deposit refunds.
Sec. 49-7. Payments of fees for services; delinquency of charges; discontinuance or refusal of service; notice of discontinuance.
Sec. 49-8. New application for premises with delinquent charges.
Sec. 49-9. Meters required; meters to be read monthly; estimated charge; water leakage.
Sec. 49-10. Collection regulations; payment substation and payment service contracts.
Sec. 49-11. Waiver of substation security requirement.
Sec. 49-12. Joint owners or users; liability for charges; transfer of accounts.
Sec. 49-13. Water lien procedure.
Sec. 49-14. Notice of water lien.
Sec. 49-15. Notice of vacancy or transfer of property.
Sec. 49-16. Permission of owner or customer to be secured before using water; use before filing application for service.

Sec. 49-17. Director’s authority to contract; rates as consideration.
Sec. 49-18.1. Rates for treated water service.
Sec. 49-18.2. Rates for wastewater service.
Sec. 49-18.3. General service: Separate billing.
Sec. 49-18.4. Rates for wholesale water and wastewater service to governmental entities.
Sec. 49-18.5. Rate for untreated water.
Sec. 49-18.6. Fees for inspection and testing of meters and backflow prevention devices.
Sec. 49-18.7. Service connection charges.
Sec. 49-18.8. Security deposit amounts.
Sec. 49-18.9. Charges for use of fire hydrants.
Sec. 49-18.10. Special assessment rates; lot and acreage fees.
Sec. 49-18.11. Evaluated cost tables for oversize, side, or off-site facilities.
Sec. 49-18.12. Industrial surcharge rate formula for excessive concentrations.
Sec. 49-18.13. Charges for transporters of septic tank waste.
Sec. 49-18.15. Payment table.
Sec. 49-18.16. Miscellaneous charges and provisions; rates where no charge specified.
Sec. 49-18.17. Hydrostatic testing of water mains.

ARTICLE III.

WATER AND WASTEWATER GENERALLY.

Sec. 49-19. Control of and access to systems; interference with access generally.
Sec. 49-20. Emergency authority.
Sec. 49-21. Adequacy of supply.
Sec. 49-21.1. Conservation measures relating to lawn and landscape irrigation.
Sec. 49-22. Temporary discontinuance for construction, maintenance or emergency reasons.
Sec. 49-23. Authorized employees; right of access of employees for inspection and maintenance; access of contractors.

Sec. 49-24. Service connections.

Sec. 49-25. Cross connections; location of water and sewer mains.

Sec. 49-26. Fire protection systems.

Sec. 49-27. Fire hydrants.

Sec. 49-28. Water storage tanks and pumping equipment.

Sec. 49-29. Backflow prevention devices.

Sec. 49-30. Private water mains or systems.

Sec. 49-46. Permits required for discharge of industrial waste; applications; exemptions.

Sec. 49-47. Denial, suspension, or revocation of permits; amending permits.

Sec. 49-48. Pretreatment and disposal.

Sec. 49-49. Industrial surcharge for excessive concentrations; sampling fees.

Sec. 49-50. Estimated industrial surcharge for class group.

Sec. 49-51. Reporting requirements.

Sec. 49-52. Recordkeeping.

Sec. 49-53. Publication of industrial users in significant noncompliance.

Sec. 49-54. Regulation of wastes from other jurisdictions.

Sec. 49-55. Extrajurisdictional users.

Sec. 49-55.1. Inspection chambers.

Sec. 49-55.2. Measurement of waste volume.

Sec. 49-55.3. Inspection and sampling.

Sec. 49-55.4. Confidentiality.

Sec. 49-55.5. Waste management operators.

Sec. 49-55.6. Pollution of water in reservoirs.

Sec. 49-55.7. Deposit or discharge of certain material into wastewater system or storm-sewer.

ARTICLE V.

DEVELOPMENT AND SYSTEM EXTENSIONS.

Sec. 49-56. Authority to make capital improvements; special assessments; lot and acreage fees.

Sec. 49-57. Reserved.

Sec. 49-58. Reserved.

Sec. 49-59. Replacement of substandard mains.

Sec. 49-60. General rules for extensions by developers.

Sec. 49-61. Construction of developer extensions.

Sec. 49-62. Rules regarding the construction and cost of new mains in a development.

Sec. 49-63. Certain existing mains exempt.
ARTICLE I.

GENERAL.

SEC. 49-1. DEFINITIONS.

In this chapter:

(1) ACT means the Federal Water Pollution Control Act, also known as the Clean Water Act, as amended, 33 U.S.C. 1251, et seq.

(2) AMENABLE TO TREATMENT means that a substance:

(A) does not discharge or interfere with the operations of the wastewater system;

(B) is acceptable for stream discharge and normal sludge disposal methods used by the city; and

(C) does not pose a health or safety threat to city employees or contractors performing work in the wastewater system.

(3) APPLICANT means a person who makes application to receive a service from the department.

(4) APPROVAL AUTHORITY means the Director of the Texas Commission on Environmental Quality (TCEQ).

(5) AUTHORIZED REPRESENTATIVE OF THE INDUSTRIAL USER means:

(A) if the industrial user is a corporation,

(i) the president, secretary, treasurer, or a vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation; or

(ii) the manager of one or more manufacturing, production, or operating facilities, provided the manager is authorized to make management decisions governing the operation of the regulated facility (Examples of management decisions or activities include, but are not limited to, having the explicit or implicit duty to make major capital investment recommendations, and initiate and direct these comprehensive measures to assure long-term compliance with environmental laws and regulations; having the authority to establish a system to gather complete and accurate information for individual wastewater discharge permit requirements; and having the authority to sign documents and bind the corporation in accordance with corporate procedures.);

(B) if the industrial user is a partnership or sole proprietorship, a general partner or proprietor, respectively;

(C) if the industrial user is the federal, state, or local government, the director or highest official appointed or designated to oversee the operation and performance of the activities of the governmental facility governed by these regulations, or the director’s or official’s designee; or

(D) any individual designated to act as the authorized representative by an individual described in Paragraphs (5)(A) through (5)(C) if the authorization is in writing, specifies the individual or the position that is responsible for the overall operation of the facility from which the discharge originates (or position that has the overall responsibility for environmental matters for the entity), and is submitted to the city.

(6) AUTOMATIC IRRIGATION SYSTEM means an irrigation system that will automatically cycle water using landscape sprinklers according to a preset program, whether used on a designated timer or through manual operation.
(7) BACKFLOW PREVENTION DEVICE means a device, including but not limited to reduced pressure devices, double check valves and vacuum breakers, approved by the director and used to prevent water of unknown quality in private plumbing facilities from flowing back into the water system.

(8) BEST MANAGEMENT PRACTICES (BMPs) means a schedule of activities, maintenance procedures, and other management practices that prevent the unlawful discharge of pollutants, listed in Section 49-36(b) and (c), into the wastewater system. BMPs include treatment requirements, operating procedures, and practices that control plant site runoff, spillage or leaks of chemicals, sludge or waste disposal, and drainage from raw material storage.

(9) BOD (BIOCHEMICAL OXYGEN DEMAND) means the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedures for five days at 20 degrees centigrade, usually expressed as a concentration (e.g., mg/L).

(10) BUILDING DRAIN means that part of the lowest horizontal piping of a drainage system that receives wastewater discharge from drainage pipes within a building, and conveys it to the building lateral that begins two feet outside the inner face of the building wall or foundation.

(11) BUILDING LATERAL means the conduit or pipe extending from the building drain to the wastewater service line at the property line or other lawful place of disposal.

(12) BUILDING WATER LINE means the water line on private premises that acts as the main water service to the premises.

(13) BYPASS means the intentional diversion of industrial waste from any portion of an industrial user’s treatment facility.

(14) CATEGORICAL INDUSTRIAL USER means an industrial user subject to a categorical pretreatment standard or categorical standard as defined in Title 40, Code of Federal Regulations, Part 403.3(v)(1)(i), as amended.

(15) CITY means the city of Dallas, Texas.

(16) CITY ATTORNEY means the city attorney of the city, or the city attorney’s authorized assistants.

(17) CITY COUNCIL means the governing body of the city.

(18) CITY ENVIRONMENTAL HEALTH OFFICER means the environmental health officer of the city appointed by the city manager pursuant to Section 19-1(b) of this code, or an authorized representative.

(19) CITY MANAGER means the city manager of the city, or the city manager’s authorized assistants.

(20) CITY PLAN COMMISSION means the city plan and zoning commission of the city. The city plan commission is the body authorized to give final approval to plats of property within the city.

(21) CITY RESERVOIR means Lake Ray Hubbard, White Rock Lake, Bachman Lake, and that portion of Joe Pool Lake located within the territorial jurisdiction of the city.

(22) CITY SECRETARY means the city secretary of the city, or the city secretary’s authorized assistants.

(23) CLOSED SPRINKLER SYSTEM means a fire protection system with automatic water flow sprinklers from which no water may be taken manually except from the test cock.
(24) COD (CHEMICAL OXYGEN DEMAND) means the measure of oxygen consuming capacity, expressed in mg/L. The term is expressed as the amount of oxygen consumed from a chemical oxidant in a specific test. The term does not differentiate between stable and unstable organic matter and does not necessarily correlate with biochemical oxygen demand.

(25) COMPOSITE SAMPLES means samples collected during a period of time exceeding 15 minutes and combined into one sample.

(26) CONTROL AUTHORITY means the city of Dallas.

(27) CORNER LOT means a lot that abuts upon not more than one pair of intersecting public streets within a larger platted subdivision.

(28) CROSS CONNECTION means any physical connection or arrangement of pipes or devices between two otherwise separate water supply systems, one of which contains potable water and the other water of unknown or questionable quality, whereby water may flow from one system to the other, the direction of flow depending upon pressure differential between the two systems.

(29) CUSTOMER means a person who:

(A) is the customer of record;

(B) has made application for a service, and the service has been provided or made available by the department at the location specified in the application pending final approval of the application; or

(C) actually uses, receives, or benefits from a service, even though no account for service may exist or no application for service may have been made in that person’s name.

(30) CUSTOMER OF RECORD means a person who has an account in that person’s name with the department for a service, based upon an application made with and approved by the director.

(31) DAILY MAXIMUM LIMIT means the maximum allowable discharge limit of a pollutant during a calendar day. Where daily maximum limits are expressed in units of mass, the daily discharge is the total mass discharged over the course of the day. Where daily maximum limits are expressed in terms of a concentration, the daily discharge is the arithmetic average measurement of the pollutant concentration derived from all measurements taken that day.

(32) DEPARTMENT means the water utilities department of the city, except that for purposes of administering, implementing, and enforcing provisions of this chapter relating to the construction of public infrastructure improvements by private developers, “department” means the department of sustainable development and construction.

(33) DESIGNATED OUTDOOR WATER USE DAYS means Sundays and Thursdays for a customer with a street address ending in an even number (0, 2, 4, 6, or 8) or with no street address number, and Saturdays and Wednesdays for a customer with a street address ending in an odd number (1, 3, 5, 7, or 9). An apartment complex, office building complex, or other property containing multiple street addresses must use the lowest street address number to determine the designated outdoor water use days for the property.

(34) DEVELOPER means:

(A) the owner or agent of the owner platting, replatting, or otherwise developing lots or tracts of property for further sale, lease, development, or redevelopment for residential, commercial, or industrial uses; or

(B) a person who does not otherwise qualify as an individual owner under this chapter.
(35) DIRECTOR means the director of the department designated to implement, administer, or enforce a particular provision of this chapter, or the director’s authorized assistants and representatives.

(36) EPA means the United States Environmental Protection Agency or, where appropriate, the regional administrator or other duly authorized official of the agency.

(37) EVALUATED COST means the cost of a water or wastewater main, established by unit values for the size of main and appurtenances, as prescribed in Section 49-18.11.

(38) FIRE PROTECTION SYSTEM means any configuration of pipes connected to a sprinkler system or other fire protection device on private premises that, when connected to the water system, is used to extinguish fires.

(39) FOOD SERVICE ESTABLISHMENT means any industrial user engaged primarily or incidentally in the preparation of food for human or animal consumption, except that the term does not include any user discharging domestic wastewater from premises used exclusively for residential purposes. The term includes but is not limited to restaurants, motels, hotels, cafeterias, hospitals, schools, bars, delicatessens, meat processing operations, bakeries, and similar operations.

(40) FLOATABLE GREASE means grease, oil, or fat in a physical state such that it will separate or stratify by gravity in wastewater.

(41) GARBAGE means animal and vegetable waste and residue from the preparation, cooking, and dispensing of food and from the handling, storage, and sale of food products and produce.

(42) GENERAL SERVICE means service to premises that are not residential service premises.

(43) GOVERNMENTAL ENTITY means the United States, the State of Texas, any county, any municipal corporation, town, or village other than the city, any school, college, or hospital district, any district or authority created and existing under Article XVI, Section 59 or Article III, Section 52 of the Texas Constitution, any other entity considered a political subdivision of the State of Texas under state law, and any lawfully created and existing agencies of these governmental entities.

(44) GRAB SAMPLE means a sample taken during a period of 15 minutes or less.

(45) GREASE means oils, fats, cellulose, starch, proteins, wax, or other types of grease, oil, or fat regardless of origin and whether or not emulsified.

(46) GREASE TRAP/INTERCEPTOR means a device that:

(A) is designed to use differences in specific gravities to separate and retain light density liquids, waterborne fats, oils, and greases prior to the wastewater entering the wastewater system; and

(B) serves to collect settleable solids, generated by and from food preparation activities, prior to the water exiting the trap/interceptor and entering the wastewater system.

(47) HOSE-END SPRINKLER means a device through which water flows from a hose to a sprinkler to water any lawn or landscape.

(48) INDIRECT DISCHARGE or DISCHARGE means the introduction of pollutants into the wastewater system from any nondomestic source.

(49) INDIVIDUAL OWNER means:

(A) an owner requesting extension of an existing water or wastewater main to property that is
or will be used in the operation of the owner’s own residence or in the operation of a business not requiring larger than a one-inch water service connection, which property will not be further sold or leased in connection with its intended function; or

(B) a governmental entity requesting the construction or extension of a water or wastewater main to serve property the entity owns or leases for its own use, regardless of the size of service connection utilized, except that this term does not include a governmental entity that requires, among other things, the construction or extension of an off-site water or wastewater main in order to serve its proposed land use or development.

(50) INDUSTRIAL SURCHARGE means the additional charge made to a person who discharges into the wastewater system industrial waste that is amenable to treatment by the wastewater system but that exceeds the strength of normal wastewater.

(51) INDUSTRIAL USER means a source of indirect discharge or the nondomestic source of pollutants into the wastewater system.

(52) INDUSTRIAL WASTE means wastewater or other water-borne solids, liquids, grease, sand, or gaseous substances resulting from an industrial, manufacturing, or food processing operation, from the operation of a food service establishment, from the development of a natural resource, or from any other nondomestic source, or any mixture of these substances with water or normal domestic wastewater.

(53) INSTANTANEOUS MAXIMUM ALLOWABLE DISCHARGE LIMIT means the maximum concentration of a pollutant allowed to be discharged at any time, determined from the analysis of any discrete or composite sample collected, independent of the industrial flow rate and the duration of the sampling event.

(54) INTERFERENCE means a discharge that, alone or in conjunction with a discharge or discharges from other sources, inhibits or disrupts the wastewater system, its treatment processes or operations, or its sludge processes, use, or disposal.

(55) INTERRUPTIBLE SERVICE means the supply of untreated water provided by contract specifically stating that the supply may be totally discontinued for indefinite periods of time due to the need to conserve or have the untreated water available for municipal use.

(56) MAYOR means the mayor of the city.

(57) MGD means million gallons per day.

(58) MGL (MILLIGRAMS PER LITER) (mg/L) is a weight per volume concentration; the milligram-per-liter value multiplied by the factor 8.34 is equivalent to pounds of constituent per million gallons of water.

(59) MONTHLY AVERAGE LIMIT means the highest allowable average of "daily discharges" over a calendar month, calculated as the sum of all "daily discharges" measured during a calendar month divided by the number of "daily discharges" measured during that month.

(60) NATIONAL CATEGORICAL PRETREATMENT STANDARDS means the national pretreatment standards promulgated by the EPA, pursuant to Sections 307(b) and (c) of the Act, imposed upon existing or new industrial users in specific industrial subcategories as specified in Title 40, Code of Federal Regulations, Parts 405 through 471, as amended.

(61) NATIONAL PRETREATMENT STANDARDS means any pretreatment regulations containing pollutant discharge limits that have been established or will be established for industrial users by the EPA, including but not limited to prohibitive discharge limits established pursuant to Title 40, Code of Federal Regulations, Part 403.5, as amended.
(62) NEW SOURCE means any building, structure, facility, or installation from which there is (or may be) a discharge of pollutants, the construction of which commenced after the publication of proposed pretreatment standards under Section 307(c) of the Act, provided that all of the following apply:

(A) The building, structure, facility, or installation is constructed at a site at which no other source is located.

(B) The building, structure, facility, or installation totally replaces the process or production equipment that causes the discharge of pollutants at an existing source. If the construction only alters, replaces, or adds to existing process or production equipment, no new source is created.

(C) The production or wastewater generating processes of the building, structure, facility, or installation are substantially independent of an existing source at the same site. To determine whether the production or wastewater generating processes are substantially independent, the extent to which the new facility is integrated with the existing plant, and the extent to which the new facility is engaged in the same general type of activity as the existing source, must be considered. If the construction only alters, replaces, or adds to existing process or production equipment, no new source is created. For purposes of this definition, construction of a new source has commenced if the owner or operator has:

(i) begun, as part of a continuous onsite construction program, any placement, assembly, or installation of facilities or equipment or significant site preparation work, including the clearing or excavation of the property, or the removal of existing buildings, structures, or facilities necessary for the placement, assembly, or installation of new source facilities or equipment; or

(ii) entered into a binding contractual obligation for the purchase of facilities or equipment that are intended to be used in its operation within a reasonable time. An option to purchase, a contract that can be terminated or modified without substantial loss, or a contract for feasibility, engineering, and design studies does not constitute a contractual obligation.

(63) NONCONTACT COOLING WATER means water used for cooling that does not come into direct contact with any raw material, intermediate product, waste product, or finished product.

(64) NORMAL WASTEWATER means wastewater of the city for which the average concentration of total suspended solids and five-day BOD is established at and does not exceed 250 mg/L.

(65) NORMAL DOMESTIC WASTEWATER means wastewater normally discharged from the commodes or sanitary conveniences of dwellings (including apartment houses and hotels), office buildings, factories and institutions, free from storm or ground water and industrial waste.

(66) OBSTRUCT means to:

(A) make passage impossible or unreasonably inconvenient or hazardous; or

(B) interfere or cause interference with a specific activity in order to prevent the activity from starting, continuing, or concluding.

(67) OFF-SITE EXTENSION means a water or wastewater main extension lying totally outside of the tract of land to be platted, replatted, developed, or redeveloped, except that this term does not include a water or wastewater main extension directly adjacent to or fronting on, and intended to serve or capable of serving only, the tract of land to be platted, replatted, developed, or redeveloped.

(68) ON-SITE EXTENSION means a water or wastewater main extension that:
(A) lies totally within a tract of land to be platted, replatted, developed, or redeveloped; or

(B) lies directly adjacent to or fronting on the tract of land to be platted, replatted, developed, or redeveloped and is intended to serve or is capable of serving only that tract.

(69) OVERRSIZE COST means the difference between the evaluated cost of a water or wastewater main as built and the evaluated cost of the size of main determined to be the minimum size required to serve the subdivision. The minimum size used to determine oversize cost must never be less than the standard size water and wastewater mains as defined in this section.

(70) OVERRSIZE MAIN means a main that exceeds the minimum size of main necessary to serve a particular subdivision, as determined by the director, in order to allow the main to serve other property, as well as the subdivision.

(71) OWNER means the legal fee title holder of record of property.

(72) PASS THROUGH means the discharge of pollutants through the city’s wastewater system, treatment processes, or operations, or through a publicly-owned treatment works of a governmental entity treating wastewater under a contract with the city, into navigable waters in quantities or concentrations that, alone or in conjunction with a discharge or discharges from other sources, is a cause of a violation of any requirement of the federal or state effluent discharge permit of the city or of a publicly-owned treatment works of a governmental entity treating wastewater under a contract with the city, including an increase in the magnitude or duration of a violation.

(73) PAYMENT DEVICE means any check, item, paper or electronic payment, or other payment device used as a medium for payment.

(74) PERMITTEE means a person granted a permit under this chapter.

(75) PERSON means an individual, private or public corporation, partnership, association, limited liability company, governmental entity, firm, industry, or other entity.

(76) pH means the logarithm (base 10) of the reciprocal of the hydrogen ion concentration of a solution.

(77) POLLUTANT means any of the following:

(A) Dredged spoil.
(B) Solid waste.
(C) Incinerator residue.
(D) Filter backwash.
(E) Sewage and sewage sludge.
(F) Garbage.
(G) Munitions.
(H) Medical wastes.
(I) Chemical wastes.
(J) Biological or radioactive materials.
(K) Heat.
(L) Wrecked or discarded equipment.
(M) Rock, sand, or cellar dirt.
(N) Municipal, agricultural, and industrial wastes.
(O) Certain characteristics of wastewater (e.g., pH, temperature, total suspended solids, turbidity, color, BOD, COD, toxicity, or odor).
(78) PREMISES or PROPERTY means real property and includes improvements.

(79) PRETREATMENT means the reduction of the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater prior to, or in lieu of, introducing such pollutants into the wastewater system. Pretreatment does not include the dilution of pollutant concentration unless allowed by applicable pretreatment standards.

(80) PRETREATMENT REQUIREMENTS means any substantive or procedural requirement related to pretreatment imposed on an industrial user, other than a pretreatment standard.

(81) PRETREATMENT STANDARDS means pollutant concentration discharge limitation requirements established in this chapter and national pretreatment standards, including but not limited to prohibitive discharge limits established pursuant to Title 40, Code of Federal Regulations, Part 403.5, as amended.

(82) PROCESS WASTEWATER means any water that, during manufacturing or processing, comes into direct contact with or results from the production or use of any raw material, intermediate product, finished product, by-product, or waste product.

(83) PROGRAMMED EXTENSION means the water or wastewater main extensions included in or consistent with the master plan of the system, for which funds have been currently budgeted and made available through a properly authorized capital expenditure program.

(84) PROPERLY SHREDDED GARBAGE means garbage that has been shredded to such an extent that all particles will be carried freely under the flow conditions normally prevailing in wastewater mains, with no particle having greater than a one-half inch cross-sectional dimension.

(85) PUBLICLY-OWNED TREATMENT WORKS (POTW) means that term as defined in Title 40, Code of Federal Regulations, Part 403.3(o), as amended.

(86) RESIDENTIAL SERVICE means service to premises that are single-family or duplex dwelling units, or other premises containing dwelling units, each of which units is individually metered.

(87) SATISFACTORY CREDIT HISTORY WITH THE DEPARTMENT means that service has not been cut off within the past 12 months for nonpayment of charges.

(88) SERVICE means all water and water-related service provided for the use and benefit of persons inside and outside the city through the operations and facilities of the department, including but not limited to:

(A) supply of untreated water;

(B) supply of treated water;

(C) wastewater collection, treatment, and disposal;

(D) building and extension of service mains;

(E) providing of meters and service connections to property;

(F) discontinuance, restoration, or repair of service;

(G) issuance and use of permits;

(H) extension or replacement of service mains for which lot or acreage fees or other assessments are charged;
(I) collections of rates or fees for service; and

(J) other department activities for the benefit of the general public authorized under this chapter.

(89) SERVICE LINE means the pipe or conduit that extends from the water or wastewater main and that connects with the meter or the building lateral to provide a water or wastewater service connection.

(90) SIGNIFICANT INDUSTRIAL USER means an industrial user that is subject to categorical pretreatment standards under Title 40, Code of Federal Regulations, Part 403.6, as amended, and Title 40, Code of Federal Regulations, Chapter I, Subchapter N, as amended, and:

(A) discharges an average of 25,000 gallons per day or more of process wastewater to the wastewater system, excluding sanitary, noncontact cooling, and boiler blowdown wastewater;

(B) contributes a process wastestream that makes up five percent or more of the average dry weather hydraulic or organic capacity of the treatment plant of the wastewater system; or

(C) is designated as a significant industrial user by the control authority on the basis that the industrial user has a reasonable potential for adversely affecting the wastewater system’s operation or for violating any pretreatment standard or requirement in accordance with Title 40, Code of Federal Regulations, Part 403.8(f)(6), amended.

(91) SIGNIFICANT NONCOMPLIANCE means any of the following:

(A) Chronic violations of wastewater discharge limits, defined as those in which 66 percent or more of all of the measurements taken for the same pollutant parameter during a six-month period exceed (by any magnitude) a numeric pretreatment standard or requirement, including instantaneous limits, as defined in Title 40, Code of Federal Regulations, Part 403.3(1), as amended.

(B) Technical review criteria (TRC) violations, defined as those in which 33 percent or more of all of the measurements taken for the same pollutant parameter during a six-month period equal or exceed the product of the numeric pretreatment standard or requirement including instantaneous limits, as defined in Title 40, Code of Federal Regulations, Part 403.3(1), as amended, multiplied by the applicable TRC (TRC=1.4 for BOD, total suspended solids, fats, oil, and grease, and 1.2 for all other pollutants except pH).

(C) Any other violation of a pretreatment standard or requirement as defined in Title 40, Code of Federal Regulations, Part 403.3(1), as amended (daily maximum, long-term average, instantaneous limit, or narrative standard), that the publicly-owned treatment works determines has caused (alone or in combination with other discharges) interference or pass-through (including endangering the health of the publicly-owned treatment works’ personnel or the general public).

(D) Any discharge of a pollutant that has caused imminent endangerment to human health, welfare, or the environment or has resulted in the publicly-owned treatment works’ exercise of its emergency authority under Title 40, Code of Federal Regulations, Part 403.8(f)(1)(vi)(b), as amended, to halt or prevent such a discharge.

(E) Failure to meet, within 90 days after the schedule date, a compliance schedule milestone contained in a local control mechanism or enforcement order for starting construction, completing construction, or attaining final compliance.

(F) Failure to provide, within 45 days after the due date, required reports such as baseline

Dallas City Code 11
monitoring reports, 90-day compliance reports, periodic self-monitoring reports, and compliance reports with compliance schedules.

(G) Failure to accurately report noncompliance.

(H) Any other violation or group of violations, including a violation of best management practices, that the director determines will adversely affect the operation or implementation of the local pretreatment program.

(92) SLUG LOAD OR SLUG DISCHARGE means any discharge at a flow rate or concentration, which could cause a violation of the prohibited discharge standards in Section 49-43 of this chapter. A slug discharge is any discharge of a non-routine, episodic nature, including but not limited to an accidental spill or a non-customary batch discharge, that has a reasonable potential to cause interference or pass-through, or in any other way violates the wastewater system’s regulations, local limits, or permit conditions.

(93) STANDARD INDUSTRIAL CLASSIFICATION (SIC) CODE means a classification scheme based on the type of manufacturing or commercial activity at a facility. Some facilities, depending on the manufacturing and activities occurring on site, may have more than one code number.

(94) STANDARD METHODS means the laboratory procedures or techniques for the testing, sampling, or analysis of pollutants:

(A) established and approved by the EPA; or

(B) approved by the director with the concurrence of the EPA, where the EPA has not established procedures or techniques for testing, sampling, or analyzing a pollutant in question or determines that approved procedures or techniques are inappropriate for the pollutant in question.

(95) STANDARD SIZE WASTEWATER MAIN means a wastewater main not less than eight inches in diameter.

(96) STANDARD SIZE WATER MAIN means a water main that is:

(A) not less than eight inches in diameter, but also of a size adequate to meet the hydraulic capacity of the water system; and

(B) used for standard fire protection purposes as recognized by the Insurance Services Office, which is not less than six inches in diameter adequately supported by mains not less than eight inches in diameter, but also of a size adequate to meet the hydraulic capacity of the water system.

(97) STANDBY SERVICE means connections, not normally used, to governmental entities contracting with the city for treated water.

(98) STORM SEWER means a conduit, drainage ditch, stream, or other water course that may directly or indirectly carry storm or ground water to the Trinity River.

(99) TCEQ means the Texas Commission on Environmental Quality.

(100) TOTAL SUSPENDED SOLIDS (TSS) means solids that either float on the surface of, or are suspended in, water, wastewater, or other liquids and that, in accordance with standard methods, are removable by a standard, specific laboratory filtration device.

(101) WASTE MANAGEMENT OPERATOR means a person engaged in the private business of receiving, storing, treating, or disposing of industrial waste.

(102) WASTEWATER means water-carried waste.
§ 49-1 Water and Wastewater

(103) WASTEWATER MAIN means a conduit or pipe of the wastewater system that conveys domestic wastewater or industrial wastes, or a combination of both, and into which storm surface water, ground water, or unpolluted wastes are not intentionally admitted. The term includes access structures, valves, and other appurtenances that are incidental to use of the wastewater main.

(104) WASTEWATER SYSTEM means:

(A) all treatment plants, mains, conveyances, pumps, interceptors, lift stations, connections, meters, sludge storage facilities, appurtenances, and other facilities of the city employed in the collection, treatment, and disposal of wastewater; or

(B) the publicly-owned treatment works of the city or of a governmental entity receiving or treating wastewater of the city under a contract with the city.

(105) WATER MAIN means a conduit or pipe of the water system that conveys water. The term includes fire hydrants, access structures, valves, and other appurtenances that are incidental to use of the water main.

(106) WATER SYSTEM means all treatment plants, mains, pumps, meters, connections, supply reservoirs, storage tanks, appurtenances, and other facilities of the city employed in the purification, transportation, and supply of treated and untreated water.

(107) WATER YEAR means the period that begins on June 1 of a year and ends on May 31 of the following year.

(108) WHOLESALE SERVICE means:

(A) the furnishing of untreated water to a customer, except for untreated water furnished only for domestic use;

(B) the furnishing of treated water to a governmental entity for resale to customers of that entity; or

(C) the collection and discharge of wastewater from the collection facilities of a governmental entity into the wastewater system for purposes of treatment. (Ord. Nos. 19201; 19526; 19622; 20653; 21409; 25047; 25214; 25256; 26925; 26961; 27697; 28084; 28622)

SEC. 49-2. CHAPTER ENFORCEMENT.

(a) Authority. The director is authorized to enforce the provisions of this chapter.

(b) Civil jurisdiction.

(1) As an alternative to imposing the applicable criminal penalty prescribed in Section 49-2(d), the city may, as authorized by Section 54.044 of the Texas Local Government Code, impose administrative penalties, fees, and court costs in accordance with Article IV-b of Chapter 27 of this code for an offense under Section 49-21.1 of this chapter. The alternative administrative penalty range for an offense is the same as is prescribed for an offense in Section 49-2(d). The provisions of Article IV-b of Chapter 27 of this code pertaining to financial inability to comply with an administrative order do not apply to violations of this chapter.

(2) This chapter may be enforced by civil court action as provided by state and federal law.

(c) Offenses. A person who violates Sections 49-3(e), 49-16, 49-19(c), 49-20(f), 49-21.1, 49-23(c), 49-25(c),
49-27(b), 49-31(a), 49-34 and 49-37 of this chapter is guilty of a separate offense for each day or portion of a day during which the violation continues.

(d) **Penalty.**

(1) Each offense under Sections 49-20, 49-21.1, 49-25(c), 49-27(b), 49-31(a), 49-34, and 49-37(a)(3) is punishable by a fine not to exceed $2,000. Every other offense under this chapter is punishable by a fine not to exceed $500.

(2) In addition to the maximum fine prescribed by Subsection (d)(1), an offense under Section 49-20 or 49-21.1 is punishable by a fine of not less than $250. This minimum fine will be doubled for the second conviction of the same offense within any 12-month period and trebled for the third and subsequent convictions of the same offense within any 12-month period. At no time may the minimum fine exceed the maximum fine established in Subsection (d)(1).

(e) **Culpability.**

(1) A person is criminally responsible for a violation of this chapter if the person:

(A) commits or assists in the commission of a violation; or

(B) is a customer, owner, tenant, permittee, or other person in control of the premises determined to be the source of a violation.

(2) The culpable mental state required for the commission of an offense under this chapter is governed by Section 1-5.1 of this code.

(f) **Exception.** This section does not apply to Article IV of this chapter. (Ord. Nos. 19201; 19682; 21606; 24745; 29618)
§ 49-3 Water and Wastewater § 49-4

(d) Fee. An applicant must pay an application fee in accordance with Section 49-18.16(a).

(e) Accurate information. An applicant shall furnish the names and addresses of any other joint owners, regardless of whether or not they reside at the premises, if this information is known to the applicant. An applicant shall also furnish proper identification and shall correctly furnish any other relevant information, including but not limited to proof of ownership or agency, required by the department in order to properly provide the service. If information is not furnished or is false, the application may be denied and service, where provided, may be discontinued. A person commits an offense if he knowingly makes a false statement on an application for service under this chapter.

(f) Use without application. A person who occupies premises and uses service without making application is responsible for all water used from the date of the last meter reading previous to that person occupying the premises. If the person is a tenant and the owner of the premises has failed to give the notice required in Section 49-15, then the owner is jointly and severally responsible with the tenant for the charges. (Ord. Nos. 19201; 19622; 20653)

SEC. 49-4. SECURITY DEPOSITS; EXEMPTIONS.

(a) Form of security. Unless exempted under Subsection (f), when a customer applies for service, he must also submit a security deposit in one of the following forms:

(1) cash;

(2) guaranty bond;

(3) letter of credit drawn on a state or federally chartered lending institution;

(4) guarantee letter from another person who has an account with the department for service and has a satisfactory credit history with the department; or

(5) other equivalent security approved by the director.

(b) Amount. The director shall establish the amount of a security deposit in accordance with Section 49-18.8.

(c) Failure to provide security. The director may refuse or discontinue service if a person fails to:

(1) make a required security deposit with his application; or

(2) increase the amount of his security deposit after being notified that an increase is required.

(d) Form of noncash security. A customer must submit a noncash security deposit on a form provided by the director or on a form approved by the director and the city attorney.

(e) Hardship cases. In cases of hardship the director may allow residential service customers to make cash deposits in installments.

(f) Exemptions from security deposit requirement. Any of the following persons is not required to post a security deposit, provided he has a satisfactory credit history with the department:

(1) A person seeking residential service who presents proof that he is 65 years of age or older.

(2) A person seeking residential service who presents proof that he owns or is presently buying the residence to be served.

(3) A person seeking service who provides a current report from a consumer credit reporting agency indicating a good credit standing.

(4) A person who has had at least 12 months continuous service within the last 24 months and left no unpaid balance.
§ 49-4 Water and Wastewater § 49-6

(5) A person who can provide proof that his account with another utility is not delinquent and that timely payments have been made to that utility for a minimum of 12 consecutive months within the past 24 months. A letter from the utility indicating that the requirements of this exception have been met, or monthly bills from the utility stamped paid (including a current or final bill), constitutes acceptable proof that the requirements of this exception have been met.

(g) Withdrawal of exemption. If a customer establishes an account without a security deposit, but subsequently loses his satisfactory credit history with the department, a security deposit may be required as a condition for continued service.

(h) Exceptions to section. This section does not apply to:

(1) governmental entities;

(2) wholesale service contracts; or

(3) applications for permits required under this chapter. (Ord. 19201)

SEC. 49-5. USE OF SECURITY DEPOSITS.

(a) Accounting requirements. The director shall keep:

(1) accurate records of all security deposits, including, but not limited to, the depositor’s name, amounts deposited, and deposits refunded; and

(2) separate accounts of all security deposits.

(b) Administration of deposits. The director shall administer cash security deposits in accordance with the following rules:

(1) A deposit will be applied toward payment of the final bill amount due the city when a service account is closed or becomes inactive due to delinquency, transfer of ownership or other reasons. A deposit made to secure service to premises may be transferred or applied toward payment of a final bill due on any other premises within the city where service is provided in the depositor’s name.

(2) Deposits earn simple interest at an annual percentage rate to be fixed by the director each year, which rate shall approximate the average interest rate earned by the department on its cash deposits for the previous year, less two percent.

(3) Interest ceases to accrue on a deposit when service is discontinued.

(4) A deposit and accrued interest, less amounts due for service, will be returned to the customer when service is discontinued unless the deposit is transferred to another address, either at the request of the customer or as provided in Subsection (b)(1).

(5) Deposits may be invested or used for capital improvements, but sufficient cash shall be accounted for and kept on hand to meet the normally anticipated level of refunds. (Ord. 19201)

SEC. 49-6. SECURITY DEPOSIT REFUNDS.

(a) Refund requirements. The director may refund a security deposit to the customer when the customer meets the requirements of Section 49-4(f) or meets all of the following conditions:

(1) The customer has been receiving service for 12 continuous months.

(2) The customer has acquired a satisfactory credit history with the department.

(3) The customer has not made payment during the past 12 months with a payment device returned due to insufficient funds.
(4) The customer has no delinquent bills outstanding.

(b) Refusal to refund. Notwithstanding Subsection (a), the director may refuse to refund a security deposit where the director determines from the circumstances of a customer’s account that there is a substantial risk of financial loss to the department.

(c) Review for eligibility. Upon the request of a customer, the director shall review the customer’s credit history to determine eligibility for a refund. The director will make refunds in the following manner:

(1) A refund will normally be credited to a customer’s bill.

(2) If a refund is greater than the outstanding bill, the remaining portion of the refund will be applied to subsequent bills.

(3) If a customer no longer has an account for service or in special circumstances approved by the director, the director may authorize a refund by check payable to the customer. (Ord. Nos. 19201; 26961)

SEC. 49-7. PAYMENTS OF FEES FOR SERVICES; DELINQUENCY OF CHARGES; DISCONTINUANCE OR REFUSAL OF SERVICE; NOTICE OF DISCONTINUANCE.

(a) When charges are delinquent; bill items. Except where otherwise provided by written contract between the customer and the city, charges for services furnished become delinquent if payment is not received by the department on or before the due date, which is 15 days after bill rendering. After the due date, the customer must pay all charges for service, plus a late payment fee equal to five percent of the outstanding charges for service (unless the late payment fee is prohibited, or otherwise provided for, in another city ordinance or state or federal law). The director shall send the customer a monthly bill indicating:

(1) the service date and the due date;

(2) the amount due for services rendered (including all previous delinquent charges, plus interest, if any, still due and owing) if the bill is paid by the due date; and

(3) the amount due for services rendered (including all previous delinquent charges, plus interest, if any, still due and owing), plus a late payment fee, if the customer fails to pay the bill by the due date.

(b) Bill not received. Failure to receive a bill from the director does not relieve a customer or other person liable for charges under this chapter from liability for service.

(c) Authority to discontinue service. The director may refuse application for service, discontinue service, or refuse to restore service to:

(1) a customer who fails to pay any charges due under this chapter within seven days after the sending of notice of discontinuance;

(2) a person who violates any provision of:

(A) Section 49-9;

(B) Section 49-16;

(C) Article III or Article IV of this chapter;

(D) Article V or Article VI of Chapter 32 of this code;

(E) Chapter 51 or 51A of this code, upon request of the building official; or
§ 49-7 Water and Wastewater § 49-8

(F) the Dallas Plumbing Code;

(3) a person making application for service to property at an address, if the person has delinquent charges outstanding at another address; or

(4) a customer at any premises if the director determines that a substantial waste of water, or a health hazard, is occurring as a result of leaking, damaged, open or disconnected private laterals, pipes, or drains on the premises.

(d) Cutting and plugging connections. The director’s authority to discontinue service includes the right to cut and plug water or wastewater connections to private property. The costs of cutting and plugging connections will be charged to the customer in addition to the delinquent charges due.

(e) Restoration of service. Discontinued service will not be restored until the customer or other person who has or accepts legal responsibility for violations committed or charges unpaid either pays all charges due (including the charges to restore connections), makes arrangements for payment satisfactory to the director, or, where applicable, ceases violation of the particular code provision in question. The decision to restore service while delinquent charges or code violations still exist rests solely with the director.

(f) Notice of discontinuance. The director must notify a customer in the following manner before discontinuing service under Subsection (c):

(1) The director must send the customer at least seven days advance written notice of pending discontinuance.

(2) The notice must provide a statement of reasons for cutoff and a statement of delinquent charges due, where applicable. The notice must also provide a time, place and means by which the customer may cure the delinquency or violation, or dispute the validity of the reasons for discontinuance.

(3) The notice may be served either in person or by mail.

(4) Additionally, in cases of master-metered apartments or condominiums, the director must cause a notice of pending discontinuance to be posted on the door of each dwelling unit known to be occupied and in a conspicuous place within the property manager’s office or the common areas of the premises.

(g) Exceptions to notice requirement. Subsection (f) does not apply to discontinuance of service resulting from a violation of this chapter if the director determines that immediate discontinuance is necessary to prevent an imminent threat or occurrence of:

(1) harm to the health or safety of persons;

(2) damage to city or private property; or

(3) contamination of the water system.

(h) Customer’s request to discontinue. Upon a customer’s written request, the director may discontinue treated or untreated water service to the customer. Upon receipt of the request, the director may remove the water meter and service connections. However, the customer is liable for all charges incurred prior to removal of the meter. Where service is furnished through more than one meter, the customer may request discontinuance of one or more meters and thereafter be billed on the basis of the remaining meter or meters.

(i) Cumulative remedies. Enforcement of this section does not waive any additional remedies, civil or criminal, available to the city under law. (Ord. Nos. 19201; 20215; 20653; 26961)

SEC. 49-8. NEW APPLICATION FOR PREMISES WITH DELINQUENT CHARGES.

(a) When new application not accepted. Where service has been discontinued, refused or posted for
§ 49-8 Water and Wastewater § 49-9

discontinuance at a premises due to nonpayment of delinquent charges or a violation of this code, a new application will not be accepted from another person to resume service in the same place under another name so long as the previous customer continues to occupy or own the premises as his residence or place of business until:

(1) all delinquent charges are paid;

(2) arrangements for payment satisfactory to the director are made; or

(3) the violation is abated.

(b) Avoidance. This section also applies to premises where service is furnished to a tenant, and the premises are transferred to a person with notice of discontinuance for the purpose of avoiding payment of charges or avoiding enforcement of this section. (Ord. 19201)

SEC. 49-9. METERS REQUIRED; METERS TO BE READ MONTHLY; ESTIMATED CHARGE; WATER LEAKAGE.

(a) Meters generally. Unless otherwise provided in this chapter, or by separate written wholesale service contract, a customer shall receive water service only when measured through a meter. The director shall determine the size, type, number, and location of meters and connections to meters to be installed. Each meter shall be read, when possible, once a month and a bill rendered accordingly.

(b) Estimated bill circumstances. The quantity of water delivered to a premises will be estimated under any of the following circumstances:

(1) The meter reader is unable to procure a reading of the meter because access to the meter is obstructed or made hazardous by an animal or otherwise.

(2) The meter does not properly function, or the equipment used to read the meter does not properly function.

(3) Adverse weather or an act of God prevents the reading of the meter.

(4) No meter is in place at the premises.

(5) For some other reason, a meter reading is not available to the billing section of the department at the time of preparing a bill to the customer.

(c) Basis for estimates. An estimate shall be based on past consumption experience at the premises. If there is no past consumption experience, then an estimate will be based on consumptions of the same class under similar conditions using the best information available. If a customer demonstrates that an estimated bill is excessive, then the department shall render a bill based on a revised estimate or on an actual meter reading where possible.

(d) Meter reading verification. If the customer contends that a discrepancy appears in a bill or meter reading, the director will inspect the meter and verify the reading. The charge for the inspection is provided in Section 49-18.6(c).

(e) Water leakage. When a customer experiences a substantial increase in water or wastewater usage from a hidden water leak, the department will adjust the amount and bill the customer in accordance with the rates prescribed in Section 49-18.1(g). The department will adjust a bill only if a customer presents a plumber’s statement, or the customer’s written statement, which indicates the water leak was not reasonably detectable from the surface, the leak has been repaired, and the type of repairs made. The director may request additional information before determining if a water leak was reasonably detectable based upon facts presented to the director. A customer may receive only one adjustment during a 12 month period, unless the
§ 49-9 Water and Wastewater § 49-10

director determines that extenuating circumstances justify allowing additional adjustments.

(f) Return of meters. All water meters furnished to customers are property of the city and will be returned immediately upon request of the director. Failure to return a meter when requested constitutes grounds for discontinuance or refusal of service.

(g) Maintenance of meters. The department is responsible for maintenance, inspection and repair of all water meters. When any act, neglect or carelessness of the customer or owner of any premises causes damage to a meter requiring adjustment, repair or replacement, the resulting expense will be charged against the customer or owner. (Ord. Nos. 19201; 20737; 21334)

SEC. 49-10. COLLECTION REGULATIONS; PAYMENT SUBSTATION AND PAYMENT SERVICE CONTRACTS.

(a) Collection regulations. The director is authorized to promulgate regulations and procedures, not in conflict with this code, the city charter, or applicable state or federal laws or regulations, concerning the collection of charges for service and the handling of customer accounts, receipts, and reports.

(b) Authority for payment substations and payment service companies. The director is authorized to provide substations operated by the department at convenient locations for the general public to pay charges, or the director may negotiate contracts with private persons for the operation of:

(1) payment substations; or

(2) payment service companies, including but not limited to, telephone (interactive voice response) payment services, Internet (on-line) payment services, and payment service agents.

(c) Terms of private contracts. A private substation contract or a payment service contract must be for a fixed term and must contain conditions agreed upon by the parties; except, that each contract must include the collection regulations and procedures promulgated by the director as a part of the conditions. A private substation contract or a payment service contract must be executed by the city manager and approved as to form by the city attorney.

(d) Contract security. All substation contractors and payment service contractors shall provide a surety or guaranty bond payable to the city in an amount, not less than $1,000, that is satisfactory to the director. The bond must secure against loss or disappearance, for whatever reason, of funds collected by the contractor for payment of charges and must generally secure performance under the contract. In lieu of a bond, the director may accept a cash deposit, or an unconditional letter of credit drawn on a state or federally-chartered lending institution.

(e) Convenience charge for payment substations. A private payment substation is authorized to collect a convenience charge, not to exceed $1.00, on each bill collected, which charge may be retained by the substation as a cost of service.

(f) Convenience charge for on-line payment services. The director may collect a convenience charge, not to exceed $1.00, on each bill collected on-line, which charge will be retained by the water utilities department of the city as a cost of service.

(g) Convenience charge for payment service agents. A payment service agent is authorized to collect a convenience charge, not to exceed $1.00, on each bill collected, which charge may be retained by the payment service agent as a cost of service.

(h) The collection and payment regulations and procedures provided for in this section apply to:

(1) charges established under this chapter; and
§ 49-10 Water and Wastewater

(2) charges established under other city ordinances that the director has been authorized to collect by the city manager or the city council. (Ord. Nos. 19201; 25385; 26135)

SEC. 49-11. WAIVER OF SUBSTATION SECURITY REQUIREMENT.

(a) Conditions. The director may waive the security requirement of Section 49-10(d) upon a finding that the requirement is not necessary to secure performance. In order to so find, the director shall consider:

1. any present deposits or security posted by the contractor with the department;
2. whether the contractor’s inventory consists of goods or merchandise;
3. the number of years the contractor has done business in Dallas County;
4. whether the contractor is a subsidiary of an existing authorized substation;
5. the contractor’s credit standing; and
6. the contractor’s financial condition as shown by certified financial statements or other data supplied by the contractor. (Ord. 19201)

SEC. 49-12. JOINT OWNERS OR USERS; LIABILITY FOR CHARGES; TRANSFER OF ACCOUNTS.

(a) Charges a lien. When delinquent charges remain unpaid and the procedures of Section 49-13 are followed, those delinquent charges shall constitute a lien against the property served.

(b) Personal liability. The customer of record has the primary personal liability for service rendered under this chapter. Nevertheless, if service is provided to property owned by a person or entity jointly with the customer of record, or if the customer of record is an agent or property manager for one or more owners of property, the joint owners shall not be treated as new customers, but shall remain jointly and severally liable with the customer of record for unpaid delinquent charges. The director may refuse or discontinue service in the same manner provided for in Section 49-7 until all delinquent charges are paid.

(c) Liability of spouses. Spouses receiving service to premises they jointly own or occupy are deemed to be joint customers of record, notwithstanding that only one spouse may have signed an application, and shall be jointly and severally liable for unpaid delinquent charges.

(d) Liability of tenants. Where service is provided to a tenant in a single-family residence, or to more than one residential or commercial tenant through a master meter or single service connection, and the landlord is the customer of record, a tenant or duly organized association of tenants may establish a new service account without being held responsible for any previous unpaid charges owed by the landlord if the appropriate facilities are in place and the tenant or association of tenants otherwise meets the applicable requirements of this chapter; however, the director may refuse service if it appears that application is being made for the purpose of assisting the landlord to avoid payment of delinquent charges or for the purpose of defrauding the city. Nothing in this subsection shall be construed to require the department to apportion charges or to provide individually-metered service at a master-metered premises.

(e) Transfer of accounts. Where a person liable for delinquent charges at one address is found to have an account in his name at another address, the delinquent amounts due at the previous address may be transferred to the account at the new address, and service discontinued at the new address until the delinquent amounts are paid. (Ord. 19201; 20653)
SEC. 49-13. WATER LIEN PROCEDURE.

(a) Authority. The city is authorized, in accordance with the provisions of Article 402.0025, Texas Local Government Code, to perfect the lien upon property which occurs as provided in Section 49-12, for the purpose of securing the payment of delinquent charges incurred as a result of service to the property. This section shall not apply to delinquent charges for service where a tenant is the customer of record, if the owner of the property served has sent notice to the director that the property is rental property.

(b) When lien is perfected. The lien may be perfected only when charges incurred by a customer for service become delinquent and when the director determines that other means for fully collecting the delinquency are inadequate or unavailable.

(c) Form of the lien. Upon request of the director, the form of the lien must be prepared by the city attorney. The form must contain:

1. a statement indicating the purpose of the lien;
2. the address of the property which is the subject of the lien, where the address is ascertainable;
3. a complete legal description of the property which is the subject of the lien; and
4. the amount of delinquent charges, including penalties, interest and collection costs, if any, incurred upon the property as of the date of execution of the lien.

(d) Execution and recording. The lien must be:

1. executed by the city manager and acknowledged by a notary public of the State of Texas;
2. approved as to form by the city attorney; and
3. filed in the deed or lien records of the county in which the property is located.

(e) Priority of lien. The lien is superior to all other liens except a bona fide mortgage lien recorded prior to the recording of the city’s lien in the deed or lien records of the county in which the property is located.

(f) Additional charges; correction lien. Should additional delinquent charges be incurred subsequent to the date of the original lien’s execution, a correction lien may be executed and filed, in the form provided above, fixing the additional delinquent charges. The correction lien, when filed of record, shall relate back to the date of recording of the original lien and shall become a part of the original lien.

(g) Suit to foreclose. The city attorney, at the request of the director, may file suit to judicially foreclose the lien in a state court of competent jurisdiction. The suit may not be filed earlier than 60 days after the recording date of the lien.

(h) Release of lien. Upon certification by the director that all delinquent charges which existed against the property have been fully paid, the city manager is authorized to execute a release of the lien. The release shall be prepared and approved as to form by the city attorney and shall be duly acknowledged. After execution, the director must immediately file the release in the deed or lien records of the county in which the property is located.

(i) Cumulative remedies. This section is cumulative of any other remedies, methods of collection or security available to the director or the city under the charter and ordinances of the city or under state law. This section does not affect the director’s authority to refuse or to furnish service when delinquent charges exist. (Ord. Nos. 19201; 20215; 20653)
SEC. 49-14. NOTICE OF WATER LIEN.

(a) Form of notice. Prior to recording of the water lien, the director shall send notice, by certified mail, return receipt requested, that a lien will be fixed on the property in accordance with law. The notice must provide a time, place and means by which the charges causing the lien may be paid or disputed. The notice must be sent to:

1. the customer in whose name the account for service to the property exists; and
2. the last known record owner of the property according to the tax rolls of the city, if the customer is not the owner.

(b) Absence of notice. Absence of receipt of notice does not affect the enforceability of a lien perfected under Section 49-13. (Ord. Nos. 19201; 19622)

SEC. 49-15. NOTICE OF VACANCY OR TRANSFER OF PROPERTY.

(a) When notice given. The customer, or the owner of property served, must notify the director within three days after the occurrence of:

1. any total vacancy in the property served;
2. any change in ownership, whether by sale, foreclosure, business reorganization or otherwise; or
3. any occupancy of previously vacant property.

(b) Failure to notify. Failure to give notice in accordance with Subsection (a) shall render the owner and the customer, if he is not the owner, jointly and severally liable for all charges due against the property. Upon receipt of notice under Subsection (a)(1) or (a)(2), the director shall prepare a final bill for the account. (Ord. 19201)

SEC. 49-16. PERMISSION OF OWNER OR CUSTOMER TO BE SECURED BEFORE USING WATER; USE BEFORE FILING APPLICATION FOR SERVICE.

(a) Use without consent. A person commits an offense if, where water is furnished to any premises, the person knowingly takes water from any faucet or water connection on the premises without first securing the consent of, and making arrangements with, the owner of the premises or the customer in whose name the account exists. This section does not apply to a person employed by the city who is engaged in work of an emergency nature in his official capacity as a city employee.

(b) Use without application. A person commits an offense if he knowingly diverts or uses water from any part of the water system without making application and without receiving the director’s consent to use a service. Absence of an account for service on file with the department constitutes prima facie proof of the lack of the director’s consent to use a service.

(c) Defense. It is a defense to prosecution under Subsection (b) of this section if the person uses service pursuant to an approved application request by telephone under Section 49-3. (Ord. Nos. 19201; 20215)

SEC. 49-17. DIRECTOR’S AUTHORITY TO CONTRACT; RATES AS CONSIDERATION.

(a) General contract authority. The director is authorized to provide service without the necessity of city council approval except for:

1. a contract for noninterruptible untreated or treated water service which is for a fixed term of longer than three years;
§ 49-17 Water and Wastewater § 49-18.1

(2) a wholesale service contract involving a governmental entity;

(3) a contract by which the city receives water or wastewater service; and

(4) any service contract otherwise required by state law, city charter, or other provisions of this chapter, to be approved by city council.

(b) Consideration. The consideration received by the city for a service contract must be based on the rates prescribed in this chapter. However, the city council may approve a special-rate contract for wholesale water or wastewater service where it determines rates in this chapter to be discriminatory or unreasonable under the circumstances. (Ord. 19201)

SEC. 49-18.1. RATES FOR TREATED WATER SERVICE.

(a) Form of rate. The monthly rate for treated water service to a customer consists of:

(1) a customer charge; and

(2) a usage charge.

(b) Billing cycle. In this section, water used per month is based upon the billing cycle of the department.

(c) Rate tables. The director shall charge customers for treated water service in accordance with the following tables:

<table>
<thead>
<tr>
<th>METER SIZE</th>
<th>RATE PER METER</th>
</tr>
</thead>
<tbody>
<tr>
<td>5/8-inch meter</td>
<td>$5.33</td>
</tr>
<tr>
<td>3/4-inch meter</td>
<td>7.40</td>
</tr>
<tr>
<td>1-inch meter</td>
<td>10.78</td>
</tr>
<tr>
<td>1-1/2-inch meter</td>
<td>20.00</td>
</tr>
<tr>
<td>2-inch meter</td>
<td>32.54</td>
</tr>
<tr>
<td>3-inch meter</td>
<td>77.00</td>

<td>6.15</td>
</tr>
</tbody>
</table>
(d) Applicability of rates to meters. The charges for water service in Subsection (c) of this section apply to each meter that exists at a customer’s premises. A customer may request removal of inactive meters to combine services through a single meter. If, within one year, a customer requests removal and restoration of a meter that is used for lawn sprinkling, air conditioning, or other seasonal purposes, the customer shall pay a reconnection charge that is equal to the monthly customer charge in Subsection (c) of this section multiplied by the number of months the service was discontinued.

(e) Rates where no meter exists. If a customer is without a meter, the minimum usage charge per month is based upon the average monthly usage for a customer in the same service class at the rate specified in Subsection (c) of this section. The customer charge is based upon the size of the service line at the property.

(f) Election for certain general water service customers. A general water service customer inside the city who uses at least 1,000,000 gallons of water per month may elect, in writing, to be assessed the special charges under this subsection instead of the regular general service rate, according to the following conditions:

(1) The customer must agree to pay each year:

(A) the monthly customer charge as provided in Subsection (c);

(B) $2,287.29 per month as a usage charge on the first 1,000,000 gallons used in a billing period; and

(C) $3.24 per 1,000 gallons used in excess of 1,000,000 gallons per month.

(2) The customer must agree that consumption billed during any billing period ending in May, June, July, August, September, and October will not exceed 1.5 times the average monthly consumption billed in the previous winter months of December through March.
(3) To be eligible for the special rate, a customer’s maximum hourly water usage during a seven-day period must not be greater than seven times the average hourly usage rate for the same seven-day period.

(4) If a customer’s usage of water exceeds the amounts allowed under Subsection (f)(2) or (f)(3), the customer will be notified that the customer will be billed at the regular usage charge stated in Subsection (c) for a minimum of 12 months, and such additional time until the customer can demonstrate to the satisfaction of the director that the requirements of Subsection (f)(2) and (f)(3) can be maintained.

(5) The director may grant a variance to Subsection (f)(4) where special circumstances warrant.

(g) Adjusted rates for hidden water leaks. When a customer experiences a substantial increase in water or wastewater usage from a hidden water leak and the customer meets the requirements of Section 49-9(e), the director will adjust the account and bill the customer.

(1) an estimated amount of normal water usage for the period at the regular rate;

(2) the excess water usage caused by the hidden leak at the following applicable rate:

(A) Residential $1.86
(B) General service 3.73
(C) Optional general service 3.24 3.65
(D) Municipal service 2.51 2.75

and

(3) the applicable wastewater rate prescribed in Section 49-18.2(c), based on an adjustment of wastewater volume to estimated normal volume, where adjustment is appropriate.
§ 49-18.1 Water and Wastewater § 49-18.2

(h) Billing based on full month. If a customer requests discontinuance of service at an address where uninterrupted service was provided for a period of time so short that the only bill for services rendered would be the final bill, such billing will be computed as though service had been furnished for a full billing month.

(i) Rates for municipal purpose water service. Water service to property owned by the city of Dallas that is used solely for municipal purposes may be charged $2.51 per 1,000 gallons of water used. (Ord. Nos. 19201; 19300; 19682; 20077; 20449; 20737; 21061; 21430; 21824; 22208; 22564; 23289; 23670; 24050; 24744; 25385; 25755; 26135; 26479; 26961; 27355; 27698; 28025; 28426; 28795; 29150; 29479; 29879; 30215; 30653; 30993; 31332, eff. 10/1/19)

SEC. 49-18.2. RATES FOR WASTEWATER SERVICE.

(a) Form of rate. The monthly rate for wastewater service to a customer consists of:

(1) a customer charge;

(2) a usage charge; and

(3) a surcharge for excessive concentration of wastes, if applicable.

(b) Billing cycle. In this section, water used per month is based upon the billing cycle of the department.

(c) Rate tables. The director shall charge a customer for wastewater service in accordance with the following tables:

<table>
<thead>
<tr>
<th>METER SIZE</th>
<th>RATE PER METER</th>
</tr>
</thead>
<tbody>
<tr>
<td>5/8-inch meter</td>
<td>$4.78</td>
</tr>
<tr>
<td>3/4-inch meter</td>
<td>6.55</td>
</tr>
<tr>
<td>1-inch meter</td>
<td>9.45</td>
</tr>
<tr>
<td>1-1/2-inch meter</td>
<td>18.30</td>
</tr>
<tr>
<td>2-inch meter</td>
<td>28.50</td>
</tr>
<tr>
<td>3-inch meter</td>
<td>69.50</td>
</tr>
<tr>
<td>4-inch meter</td>
<td>111.42</td>
</tr>
<tr>
<td>6-inch meter</td>
<td>219.31</td>
</tr>
<tr>
<td>8-inch meter</td>
<td>366.09</td>
</tr>
<tr>
<td>10-inch meter or larger</td>
<td>575.21</td>
</tr>
</tbody>
</table>

(2) Monthly residential use charge: $5.36 per 1,000 gallons of the average water consumption billed in the months of December, January, February, and March or of the actual month's water consumption, whichever is less, up to a maximum charge of 40,000 gallons per month.

(3) Monthly general service usage charge: $4.11 per 1,000 gallons of water used.

(4) Monthly usage charge for Section 49-18.1(f) customer: $3.86 per 1,000 gallons of water used.

(5) Monthly usage charge for Section 49-18.1(f) customer: $4.00 per 1,000 gallons of water used.

(5) Monthly general service usage charge for wastewater separately metered: $3.91 per 1,000 gallons of wastewater discharged.

(5) Monthly general service usage charge for wastewater separately metered: $4.05 per 1,000 gallons of wastewater discharged.

(6) Monthly surcharge for excessive concentrations of waste: an amount calculated in accordance with Sections 49-18.12, 49-48 and 49-49 of this chapter.
(7) Monthly surcharge for excessive concentrations of waste for wastewater separately metered: An amount calculated in accordance with Sections 49-18.12, 49-48 and 49-49 of this chapter.

(d) Where residential water service is not used. If a residential customer does not receive water service solely from the city, the director shall estimate water used per month to determine the usage charge in Subsection (c).

(e) Where general water service is not used. If a general service customer does not receive water service solely from the city, the customer must install and maintain, at the customer’s expense, adequate meters that measure total water usage from other sources and that meet American Water Works Association standards. The customer must pay an additional customer charge of $10.00 per month for each meter, regardless of size, installed under this subsection. When a meter is inaccurate, the director may estimate water usage.

(f) Rates for municipal purpose wastewater service. Wastewater service to property owned by the city of Dallas that is used solely for municipal purposes may be charged $2.74 per 1,000 gallons of water used.

(f) Rates for municipal purpose wastewater service. Wastewater service to property owned by the city of Dallas that is used solely for municipal purposes may be charged $2.75 per 1,000 gallons of water used. (Ord. Nos. 19201; 19300; 19682; 20077; 20737; 21061; 21430; 21824; 22208; 22564; 23289; 23670; 24050; 25385; 25755; 26135; 26479; 26961; 27355; 27698; 28025; 28426; 28795; 29150; 29479; 29879; 30215; 30653; 30993; 31332; eff. 10/1/19)

SEC. 49-18.3. GENERAL SERVICE: SEPARATE BILLING.

(a) Conditions of separate billing. A general service customer inside the city may receive separate bills for water service and wastewater service if he installs and maintains, at his expense, meters or other liquid measuring devices that are accurate and approved by the director to measure:

(1) total wastewater discharged directly into the wastewater system from the premises; or
(2) water losses from activities involving evaporation, irrigation or water consumed in products, as illustrated by, but not limited to, cooling towers, boilers, lawn watering systems, or food products.

(b) Customer charge. A customer who chooses to be billed under this section must pay an additional customer charge of $40.00 per month for each meter installed pursuant to this section, regardless of the size of the meter.

(c) Where meter is inaccurate. When a meter installed pursuant to this subsection is inaccurate, the director may estimate usage or discharge. If a customer fails to repair or replace an inaccurate meter, the director shall bill the customer for the usage charge in Section 49-18.2(c)(3) or (4), whichever is applicable.

(Ord. Nos. 19201; 21430; 25385; 26961; 28795)

SEC. 49-18.4. RATES FOR WHOLESALE WATER AND WASTEWATER SERVICE TO GOVERNMENTAL ENTITIES.

(a) Form of rate. The director may provide wholesale water service to governmental entities. The service will be furnished in accordance with a written contract at the rates prescribed in this section and under such other terms and conditions as the city council deems reasonable. The rate for wholesale water service to a governmental entity will consist of:

(1) a volume charge and a demand charge; or

(2) a flat rate charge.

(b) Rate table. The director shall charge a governmental entity for wholesale water service in accordance with the following:

(1) The volume charge for treated water is $0.3650 per 1,000 gallons of water used, and the annual water year demand charge is $276,434 per each mgd, as established by the highest rate of flow controller setting.

(1) The volume charge for treated water is $0.3766 per 1,000 gallons of water used, and the annual water year demand charge is $278,529 per each mgd, as established by the highest rate of flow controller setting.
§ 49-18.4 Water and Wastewater § 49-18.5

(2) If a flat rate charge for treated water is provided by contract, or in the absence of a rate flow controller, the charge is $2.0749 per 1,000 gallons of treated water used.

(3) A monthly readiness-to-serve charge will be assessed for any standby service point. The monthly fee, based on size of connection, is as follows:

<table>
<thead>
<tr>
<th>Size of Connection</th>
<th>Monthly Standby Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>3-inch</td>
<td>$77.00</td>
</tr>
<tr>
<td>4-inch</td>
<td>126.62</td>
</tr>
<tr>
<td>6-inch</td>
<td>251.45</td>
</tr>
<tr>
<td>8-inch</td>
<td>418.53</td>
</tr>
<tr>
<td>10-inch or larger</td>
<td>642.66</td>
</tr>
</tbody>
</table>

(4) The rate for regular untreated water service to a governmental entity is $0.8572 per 1,000 gallons of untreated water used. The rate for interruptible untreated water service to a governmental entity is $0.3440 per 1,000 gallons of untreated water used.

(4) The rate for regular untreated water service to a governmental entity is $0.8707 per 1,000 gallons of untreated water used. The rate for interruptible untreated water service to a governmental entity is $0.3549 per 1,000 gallons of untreated water used.

(c) Revisions. Unless otherwise provided in this chapter, if the written contract for wholesale service between the city and a governmental entity provides for revision of rates, the charges under the written contract must comply with the charges provided in this section.

(d) Emergency exchanges. The director may, in the interest of the city and its customers, make connection agreements with other governmental entities for emergency exchange of water.

(e) Wholesale wastewater rates. The director may provide wholesale wastewater service to other governmental entities by contract, in accordance with the following rules:

(1) The monthly rate for wholesale wastewater service is $2.8601 per 1,000 gallons of...
wastewater discharged. The director is authorized to compensate those governmental entities located within the boundaries of the city for the city’s use of integrated facilities owned by those governmental entities.

(2) An infiltration and inflow adjustment factor of 3.1 percent will be added to the average water consumption for the months of December, January, February, and March to determine billable volume for a governmental entity with unmetered wholesale wastewater service.

(3) If the BOD or suspended solids concentration of waste discharged exceeds 250 mg/L, the governmental entity must pay a surcharge calculated in accordance with Section 49-18.12(1)(A) or (B), whichever applies.

(e) Wholesale wastewater rates. The director may provide wholesale wastewater service to other governmental entities by contract, in accordance with the following rules:

(1) The monthly rate for wholesale wastewater service is $3.0381 per 1,000 gallons of wastewater discharged. The director is authorized to compensate those governmental entities located within the boundaries of the city for the city’s use of integrated facilities owned by those governmental entities.

(2) An infiltration and inflow adjustment factor of 14.1 percent will be added to the average water consumption for the months of December, January, February, and March to determine billable volume for a governmental entity with unmetered wholesale wastewater service.

(3) If the BOD or suspended solids concentration of waste discharged exceeds 250 mg/L, the governmental entity must pay a surcharge calculated in accordance with Section 49-18.12(1)(A) or (B), whichever applies.

(f) Treatment of water owned by another governmental entity. The director may provide treatment services at the Elm Fork water treatment plant to water owned by another governmental entity in accordance with a written contract. The volume charge for treating water owned by another governmental entity is $0.3590 per 1,000 gallons of water treated, and the annual water year demand charge is $40,783 per each mgd, as established by the maximum demand capacity set forth in the contract.

(Ord. Nos. 19201; 19300; 19682; 20077; 20449; 20636; 20737; 21061; 21430; 21824; 22208; 22564; 22907; 23289; 23670; 24050; 24414; 24744; 25049; 25385; 25755; 26135; 26479; 26961; 27355; 27698; 28025; 28426; 28795; 29150; 29479; 29879; 30215; 30653; 30993; 31332, eff. 10/1/19)

SEC. 49-18.5. RATE FOR UNTREATED WATER.

(a) Regular rate. The charge for untreated water is $0.8707 per 1,000 gallons of water used.

(b) Interruptible rate. The charge for interruptible service is $0.3549 per 1,000 gallons of water used.
(c) Reservoir supply permits. The director may issue permits, without the necessity of council approval, to owners of property abutting water supply lakes or streams for the domestic use of untreated water. A charge for water used will be made as provided in Subsection (a) or (b). The term of such permits may not exceed three years, but the permits are renewable at the option of the city. An application for a permit or permit renewable under this subsection must be accompanied by a non-refundable processing fee of $210.

(d) Commercial contracts for untreated water.

(1) Short-term contracts. The director may authorize short-term contracts, without the necessity of council approval, with owners of property abutting water supply lakes or streams for the commercial use of untreated water. A charge for water used will be made as provided in Subsection (a) or (b). The term of such contracts may not exceed three years, but the contracts are renewable at the option of the city. An application for a short-term contract or contract renewable must be accompanied by a nonrefundable processing fee of $225.

(2) Long-term contracts. The director may authorize long-term contracts, with council approval, with owners of property abutting water supply lakes or streams for the commercial use of untreated water. A charge for water used will be made as provided in Subsection (a) or (b). The term of such contracts may exceed three years, and are renewable at the option of the city. An application for a long-term contract or contract renewal must be accompanied by a nonrefundable processing fee of $385.

(e) Treatment plant effluent. Wastewater treatment plant effluent may be purchased for one-half of the regular rate for untreated water. No distribution facilities will be provided by the city. (Ord. Nos. 19201; 19682; 20077; 20449; 20737; 21061; 21430; 21824; 22208; 22564; 22907; 23289; 23670; 24050; 24414; 24744; 25049; 25385; 25755; 26135; 26479; 26961; 27355; 27698; 28025; 28426; 28795; 29150; 29479; 29879; 30215; 30653; 30993; 30994; 31332, eff. 10/1/19)

SEC. 49-18.6. FEES FOR INSPECTION AND TESTING OF METERS AND BACKFLOW PREVENTION DEVICES.

(a) Meter inspection fees. No charge will be made for the first meter change or meter test requested by a customer at a single service connection within any 12-month period. For each additional meter change or meter test requested by a customer within a 12 month period that does not result in a finding that the meter over-registered in excess of 1-1/2 percent, the director shall charge the customer a fee according to the following schedule:

<table>
<thead>
<tr>
<th>Meter-Size</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>5/8 to 1-inch</td>
<td>$50.00</td>
</tr>
<tr>
<td>1-1/2 to 2-inch</td>
<td>$35.00</td>
</tr>
<tr>
<td>Larger than 2-inch</td>
<td>Actual cost of change and test</td>
</tr>
</tbody>
</table>

(b) Meter replacement fees. A customer with an existing one-inch service and a 5/8-inch or 3/4-inch meter, who requests that the meter be increased to one inch, shall pay a fee of $185. Any other customer requesting an increase in meter size up to but not greater than the size of the existing service shall pay a connection charge for the requested size meter in accordance with Section 49-18.7(a) and (b).

(c) Inspection fee for meter verification. An inspection under Section 49-9(d) is free if the director verifies a gross discrepancy or a customer requests not more than one inspection during any six-month period, otherwise the charge is $15 for an inspection.

(d) Backflow prevention device inspection fees. The owner or person in control of premises on which a backflow prevention device is located must pay a fee to the city for the periodic inspection and testing as follows:
§ 49-18.6  Water and Wastewater

(1) For any backflow prevention device $50.00 each
(2) For each additional backflow prevention device inspected at the same site, same time $45.00 each

(e) Exception. This section does not apply to a governmental entity that receives wholesale water or wastewater service. (Ord. Nos. 19201; 19300; 23289; 25049; 25385; 26135; 26479; 27355)

SEC. 49-18.7. SERVICE CONNECTION CHARGES.

(a) Water service installation and connection charge. The director shall charge for the installation of all water service connection at the following rates:

(1) Water Service Installation Charges.

<table>
<thead>
<tr>
<th>Connection Size</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>3/4-inch</td>
<td>$3,600.00</td>
</tr>
<tr>
<td>1-inch</td>
<td>$3,750.00</td>
</tr>
<tr>
<td>1 1/2-inch</td>
<td>$4,800.00</td>
</tr>
<tr>
<td>2-inch</td>
<td>$5,400.00</td>
</tr>
</tbody>
</table>

(2) Connecting Existing Water Service.

<table>
<thead>
<tr>
<th>Connection Size</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>3/4-inch</td>
<td>$820.00</td>
</tr>
<tr>
<td>1-inch</td>
<td>$910.00</td>
</tr>
<tr>
<td>1 1/2-inch</td>
<td>$1,830.00</td>
</tr>
<tr>
<td>2-inch</td>
<td>$1,830.00</td>
</tr>
<tr>
<td>Up to 2-inch bullhead</td>
<td>$2,580.00</td>
</tr>
</tbody>
</table>

(b) Wastewater service installation and connection fees. Except as provided in Subsection (d), the city shall charge the following rates for the installation or connection of residential wastewater service lines:

(1) First wastewater service line installation and connection charge $3,110.00
(2) For connecting existing wastewater service lines constructed by other persons $475.00

(c) Installation of large or commercial connections. In cases where the service connection involved is a water service connection larger than two inches or a wastewater service connection to a commercial, industrial or other non-residential service establishment, the following rules apply:

(1) If the director does not require the applicant to construct and install the service connection pursuant to Section 49-24(c)(4), the applicant shall pay the city an amount equal to the department’s cost of constructing and installing the service connection. This amount is due prior to commencement of construction by the city.

(2) If the director requires the applicant to construct and install the service connection pursuant to Section 49-24(c)(4), the applicant shall pay a connection inspection fee of $275 and shall bear all costs of construction and installation and the cost of any materials or appurtenances supplied by the department for construction or installation purposes. The connection inspection fee and amounts payable to the city for the cost of materials and appurtenances must be paid at the time of permit issuance.

(3) Unpaid charges due and owed to the city and other unpaid costs of construction incurred by the applicant under this subsection must be paid before the department will activate water or wastewater service to the property connected.

(d) Special residential wastewater connections. The connection charge procedures described in Subsections (e) and (f) of this section will apply to a residential wastewater service application when:

(1) wastewater service to the premises requires a deep cut connection;
(2) the service will be connected to a wastewater main located in a specific purpose easement obtained by the city; or

(3) a customer requests an additional wastewater service line or relocation of an existing wastewater service line.

(e) Fees for special residential wastewater connections. The director will furnish an estimate of cost to an applicant for a special residential wastewater service connection as described in Subsection (d) of this section. The applicant must deposit the estimated amount before the director will issue a permit for the connection. The final cost will be adjusted upon completion of the work, but in no event will the final cost be less than the flat charge stated in Subsection (b). Should the final cost of the work exceed the amount deposited, the director will furnish the party or parties making the deposit a statement showing the amount of the excess. The statement will constitute notice that the excess amount is due. The director may refuse or discontinue service to the property until full payment has been made for the work performed. Upon completion of the work, if final cost is less than the amount of estimate or deposit, a refund of the amount of overpayment will be immediately made to the party or parties from whom the deposit was received.

(f) Alternatives to Subsection (e). As an alternative to the procedure of Subsection (e), an applicant for a special residential wastewater service connection may request, and the director may furnish, a price at which the city will install a connection at the premises where service is desired, without regard to the actual cost of the installation. The price will never be less than the flat charge stated in Subsection (b). If the applicant agrees to pay this price, then he shall make full payment of this price to the director before work is begun on the installation and no further adjustments will be made.

(g) What constitutes cost in Subsections (e) and (f). The flat rate charge and the estimate of cost of any special residential wastewater service connection shall include all costs incidental to making the installation of the service connection required, including the necessary repairs to pavement of any kind or character involved in making the service connection. The department shall make the necessary pavement repairs.

(h) Standard affordable housing refund. Whenever affordable housing units are provided as a part of a project in accordance with Division 51A-4.900 of the Dallas Development Code, as amended, the director shall authorize a refund of a percentage of the total service connection fees paid by the permittee for the project equal to the percentage of standard affordable housing units provided in the project. (Ord. Nos. 19201; 19300; 20215; 21663; 23289; 25049; 25385; 25755; 26479; 27698; 28795; 29150; 29879; 30215; 30993)

SEC. 49-18.8. SECURITY DEPOSIT AMOUNTS.

The amount of a security deposit is governed by the following:

(1) Standard deposit for residential service accounts.

- 5/8-inch and 3/4-inch meter $80.00
- 1-inch meter $100.00
- 1 1/2-inch meter $120.00
- 2-inch meter and larger $160.00

(2) Standard deposit for other than residential service accounts. An amount is required sufficient to cover two times the average bill in the past 12 months for the location served. In the case of a new account, the deposit is two times the average estimated bill.

(3) A residential service customer who has service discontinued twice within a 12-month period for nonpayment of charges shall make an additional deposit equal to one-sixth of his total standard bill for the prior 12 months or $80, whichever is greater. This increase in deposit is in addition to other charges.
required for reinstatement of service. If information to
determine the total standard bill for the prior 12
months is unavailable or inapplicable, the director may
determine the amount of the required deposit based on
bills to similar property for those months for which the
information is unavailable or inapplicable.

(4) The director may require a higher
security deposit, not to exceed three times the average
bill at the location served or to be served, for any class
of service, when the director determines that there is a
substantial risk of financial loss to the department.
(Ord. Nos. 19201; 25385)

SEC. 49-18.9. CHARGES FOR USE OF FIRE
HYDRANTS.

A person requesting use of water from a fire
hydrant pursuant to Section 49-27 shall pay the
following application charges:

(1) a deposit of $1,500 to be refunded when
the service is discontinued and the meter is returned to
the city by the person or the person's authorized
representative, less any unpaid fees for services and
any costs to repair damage in excess of normal wear;

(2) a monthly fire hydrant service charge of
$77.00; and

(3) a usage charge for water that will be
billed at the general service rate prescribed in Section
49-18.1(c)(2)(B). (Ord. Nos. 19201; 19300; 21430; 25385;
26135; 26961; 27698; 28025; 28426; 28795; 29150; 29479;
29879; 30215; 30653)

SEC. 49-18.10. SPECIAL ASSESSMENT RATES;
LOT AND ACREAGE FEES.

(a) Special assessment rate. When a person
owning benefited property is charged in accordance
with Section 49-56(b), the following front foot rates will
be applied:

(1) $6.00 per front foot of the lot or tract of
land to which water service connections are made
available, where the lot or tract benefits by the
enhanced value due to an extension; and

(2) $6.00 per front foot of the lot or tract of
land to which wastewater service connections are
made available, where the lot or tract benefits by the
enhanced value due to an extension.

(b) Adjustment. The city council may adjust the
rates established in Subsection (a) as prescribed in
Section 49-56(d).

(c) Lot or acreage fee for individual owners.
Individual owners required to pay a lot or acreage fee
pursuant to Section 49-56(h) will be charged as
follows:

(1) $0.018 per square foot of lot that is part
of a subdivided tract utilizing an existing water main;
§ 49-18.10 Water and Wastewater

(2) $785.00 per acre of any unsubdivided tract utilizing an existing water main;

(3) $0.018 per square foot of lot that is part of a subdivided tract utilizing an existing wastewater main;

(4) $785.00 per acre of any unsubdivided tract utilizing an existing wastewater main.

(d) Acreage fee for developers. Developers required to pay an acreage fee in accordance with Section 49-62 will be charged as follows:

(1) $785.00 per acre of land for an existing water main; and

(2) $785.00 per acre of land for an existing wastewater main. (Ord. Nos. 19201; 19300; 20653; 22564)

SEC. 49-18.11. EVALUATED COST TABLES FOR OVERSIZE, SIDE, OR OFF-SITE FACILITIES.

The director will use the following evaluated cost tables to calculate city payments and to calculate fees due under Section 49-62. City payments will be calculated by the director by using either the unit prices in the construction contract submitted by the developer, or the unit prices in the evaluated cost tables, whichever is less.

The director will use the following evaluated cost tables to calculate city payments and to calculate fees due under Section 49-62. City payments will be calculated by the director by using either the unit prices in the construction contract submitted by the developer, or the unit prices in the evaluated cost tables, whichever is less.

- in dirt | cubic yard | 15.00
- in rock | cubic yard | 30.00

**NOTE:**

A payment for an extra depth manhole shall be calculated by adding 10 percent of the manhole unit price for each foot in excess of 10 feet below approved street grade to the unit price.

A payment for an extra depth manhole shall be calculated by adding 10 percent of the manhole unit price for each foot in excess of 10 feet below approved street grade to the unit price. (Ord. Nos. 19201; 19526; 20077; 20449; 20737; 21430; 21824; 22208; 24414; 27355; 31332, eff. 10/1/19)

**SEC. 49-18.12. INDUSTRIAL SURCHARGE RATE FORMULA FOR EXCESSIVE CONCENTRATIONS.**

Surcharge rate formula. The person responsible for industrial waste discharge in excessive concentrations of BOD and suspended solids shall pay an industrial surcharge in addition to regular water and wastewater rates, either under Section 49-49 or in accordance with the following cost factors and formula:

(1) The user’s cost factors for excessive industrial waste are based on the capital and operating cost of wastewater facilities to provide treatment for the reduction of BOD and suspended solids. The formula is:
(A) Surcharge for excessive concentrations:

Payment rate per 1,000 gallons:

\[ \frac{2.33520 \text{ (BOD-250)} + 1.41780 \text{ (SS-250)}}{1,000} \]

(B) Surcharge for excessive concentrations for wastewater metered separately:

Payment rate per 1,000 gallons:

\[ \frac{2.59206 \text{ (BOD-250)} + 1.57376 \text{ (SS-250)}}{1,000} \]

SEC. 49-18.13. CHARGES FOR TRANSPORTERS OF SEPTIC TANK WASTE.

Transporter rates and requirements. A person who transports or disposes of septic tank or portable sanitation waste at the city’s wastewater treatment facility must:

1. obtain and maintain a liquid waste transport permit from the city for each vehicle in accordance with Chapter 19, Article X of this code;

2. deposit $500 with the director for each vehicle, the deposit to be refunded when the vehicle is no longer used to dispose of waste at the city’s wastewater treatment facility and all fees have been paid;

3. pay a disposal fee of $0.045 per gallon for each load of septic tank waste, with the fee calculated as if the permitted vehicle carrying the load was at full capacity; and

4. dispose of waste at the wastewater treatment facility specified by the director. (Ord. Nos. 19201; 19300; 22026; 22927; 26925; 27698)

SEC. 49-18.14. RATES FOR DEVELOPMENT REVIEW ACTIVITIES.

Design review fees. The rates for reviewing engineering plans for the construction of water and wastewater facilities for the purpose of development or redevelopment are as follows:

1. $1,050 for design review of engineering plans requiring more than 100 feet of construction of water and wastewater mains, excluding the footage of building service connections.

2. $300 for design review of engineering plans requiring 100 feet or less of construction of water and wastewater mains, excluding the footage of building service connections.
(3) $300 for each additional design review of engineering plans for:

(A) every design review submission in excess of three engineering design reviews, which submission was not required as a result of a review error by the city; and

(B) each design revision submitted after construction has commenced, which submission was not required as a result of a review error by the city.

(Ord. Nos. 19201; 20215; 22208; 23289; 27355)

SEC. 49-18.15. PAYMENT TABLE.

(a) Off-site rates. The developer will be paid not more than the total evaluated cost of off-site mains which he constructs or for which he advances money under Section 49-62(c), in accordance with the following tables:

(1) Programmed off-site extensions.

By private development contract:

- $240.00 / new residential connection
- $112.50 / new apartment connection
- $  7.50 / each new fixture unit installed for commercial uses, with the reimbursement rate per connection not to be less than $240.00

(2) Nonprogrammed off-site extensions.

By private development contract:

- $160.00 / new residential connection
- $ 75.00 / new apartment connection
- $  5.00 / each new fixture unit installed for commercial uses, with the reimbursement rate per connection not to be less than $160.00

(b) Additional rules. For purposes of this section, a fixture unit is defined in Section 107(d) and Chapter 10 of the Dallas Plumbing Code. A payment under Subsection (a) of this section will be made strictly in accordance with the rules of Section 49-62. (Ord. Nos. 19201; 19526; 20653)

SEC. 49-18.16. MISCELLANEOUS CHARGES AND PROVISIONS; RATES WHERE NO CHARGE SPECIFIED.

(a) Service application fees. Upon application for service under Section 49-3, a fee of $15 will be assessed to establish or transfer a residential or general service account, except that a fee of $30 will be assessed to establish or transfer an account for a general service customer described in Section 49-18.1(f) of this chapter.

(b) Discontinuance and restoration charges. For any discontinuance of service under this chapter, except for a discontinuance under Section 49-22 or Subsection (d) of this section, a charge of $25 will be assessed for each service call. An additional $35 charge will be assessed if the customer pays delinquent charges and requests same day restoration of service. If a meter has to be unpadlocked, set, or unplugged to restore discontinued service, a charge of $25 will be assessed in addition to all other charges.

(c) Returned payment device charge. A charge in an amount allowable under Section 3.506 of the Texas Business and Commerce Code, as amended, will be assessed when a customer pays a service bill with a payment device, and the payment device is dishonored and returned to the city.

(d) Temporary discontinuance charge. The service charge for discontinuing service temporarily at the request of the customer or an agent of the customer is $25, except that the director may waive this charge where the necessity for turning water off is created by an emergency.

(e) Multiple tenant notification for possible service discontinuance. When it is necessary to notify tenants of possible service discontinuance due to the delinquent payments of a customer having a master meter serving four or more units, the customer will be assessed a charge of $2.50 per unit for posting the cutoff alerts.
(f) Service connection permit processing fee. If for any reason, within the term of a service connection permit, an applicant for a service connection under Section 49-24 fails to make the connection or does not require the connection, a $25 processing fee will be retained from any service connection charges paid, with any remainder being refunded to the applicant or property owner.

(g) Fire flow test. A charge of $150 will be assessed for each fire flow test performed on existing city water lines at the request of a customer or other person to determine water availability for fire protection systems.

(h) Where no charge specified. When charges for a service are not specified in this chapter, the director shall establish charges which are based on the cost of performing the services, including, but not limited to, such services as the moving of meter locations, repair to damaged facilities, field location of mains, fire hydrant relocation, installation of traffic lids on meter boxes, replacement of a meter with a meter larger than one inch, water and wastewater main abandonments, installation and removal of temporary service, abandonment of manholes, and provision of printed materials.

(i) Where money credited. All sums of money collected as a charge or fee authorized under this chapter, at the rates specified in this chapter, shall be credited to the appropriate water and wastewater fund of the city. (Ord. Nos. 19201; 19300; 20737; 21824; 23289; 25049; 25385; 26961; 27355; 28426)

SEC. 49-18.17. HYDROSTATIC TESTING OF WATER MAINS.

No charge will be made for the hydrostatic testing or retesting of a water main, except that a fee of $300.00 will be charged if an expedited test or retest is requested. An expedited test or retest requires the department to perform the hydrostatic testing or retesting on the water main within three days after receipt of the request. (Ord. 26479)

ARTICLE III.
WATER AND WASTEWATER
GENERALLY.

SEC. 49-19. CONTROL OF AND ACCESS TO SYSTEMS; INTERFERENCE WITH ACCESS GENERALLY.

(a) Systems as city property. All parts of the water and wastewater systems, including but not limited to those parts defined in Section 49-1, are the property of the city. The director shall maintain and control each system and keep detailed records concerning all aspects of department operations.

(b) Who has access. Only a person who is authorized by the director pursuant to Section 49-23 will have access to the water and wastewater systems for operation, construction, maintenance, repair and other service-related purposes.

(c) Obstruction of authorized persons. A person commits an offense if he knowingly obstructs a person authorized in accordance with Section 49-23 from:

(1) gaining access to a part of the water or wastewater system for purposes of operation, inspection, construction, maintenance or repair; or

(2) performing actual operation, inspection, construction, maintenance or repair of a part of the water or wastewater system. (Ord. 19201)

SEC. 49-20. EMERGENCY AUTHORITY.

(a) Purpose and scope. The purpose of this section is to establish the city’s policy in the event of
shortages or delivery limitations in the city’s water supply. This section applies to:

(1) all persons and premises within the city using water from the water system;

(2) all retail customers who live in unincorporated areas within the city’s extraterritorial jurisdiction and are served by the water system; and

(3) all wholesale service customers outside the city to the extent provided in Subsection (i).

(b) Emergency water management plan. The director shall promulgate and submit an emergency water management plan to the city council for approval, the guidelines of which should include:

(1) the conditions under which a particular stage of emergency will be implemented or terminated; and

(2) provisions defining specific events that will trigger an emergency.

(c) Authority. The city manager is authorized to implement measures prescribed when required by this section and by the emergency water management plan approved by the city council. The director is authorized to enforce the measures implemented and to promulgate regulations, not in conflict with this section or state and federal laws, in aid of enforcement.

(d) Implementation of emergency order. The director, upon determination that the conditions of a water emergency exist, shall advise the city manager. The city manager may order that the appropriate stage of emergency response, as detailed in the emergency water management plan, be implemented. To be effective, the order must be:

(1) made by public announcement; and

(2) published in a newspaper of general circulation in the city within 24 hours after the public announcement, which order becomes immediately effective upon publication.

(e) Duration of order; change; extension. The order can be made effective for up to, but not more than, 60 days from the date of publication. Upon recommendation of the director, the city manager may upgrade or downgrade the stage of emergency when the conditions triggering that stage occur. Any change in the order must be made in the same manner prescribed in Subsection (d) for implementing an emergency order. The city council may, upon the recommendation of the city manager and the director, extend the duration of the emergency order for additional time periods, not to exceed 120 days each. The city manager shall terminate the order in the manner prescribed in Subsection (d) for implementing an emergency order when the director determines that the conditions creating the emergency no longer exist.

(f) Violation of section. A person commits an offense if he knowingly makes, causes or permits a use of water contrary to the measures implemented by the city manager as prescribed in the emergency water management plan. For purposes of this subsection, it is presumed that a person has knowingly made, caused or permitted a use of water contrary to the measures implemented if the mandatory measures have been formally ordered consistent with the terms of Subsection (d) and:

(1) the manner of use has been prohibited by the emergency water management plan;

(2) the amount of water used exceeds that allowed by the emergency water management plan; or

(3) the manner or amount used violates the terms and conditions of a compliance agreement made pursuant to a variance granted by the director under Subsection (g).

(g) Variances. During the times the emergency order is operative, the director may grant variances in special cases to persons demonstrating extreme
§ 49-20 Water and Wastewater § 49-21.1

hardship and need. The director may grant variances only under the following circumstances and conditions:

(1) the applicant must sign a compliance agreement on forms provided by the director, and approved by the city attorney, agreeing to use the water only in the amount and manner permitted by the variance;

(2) granting of a variance must not cause an immediate significant reduction in the city’s water supply;

(3) the extreme hardship or need requiring the variance must relate to the health, safety or welfare of the person requesting it; and

(4) the health, safety and welfare of other persons must not be adversely affected by granting of the variance.

(h) Revocation of variances. The director may revoke a variance granted when he determines that:

(1) the conditions of Subsection (g) are not being met or are no longer applicable;

(2) the terms of the compliance agreement are being violated; or

(3) the health, safety or welfare of other persons requires revocation.

(i) Wholesale service to customers outside the city. The director shall advise customers receiving wholesale water service from the city of actions taken under the emergency water management plan. The director may restrict service to customers outside the city as permitted under the contract and state law.

(j) Authority under other laws. Nothing in this section shall be construed to limit the authority of the mayor, the city council or the city manager to seek emergency relief under the provisions of any state or federal disaster relief act. (Ord. 19201)

SEC. 49-21. ADEQUACY OF SUPPLY.

(a) City supply must be adequate. Under no circumstances shall water be furnished by the city to any applicant or customer unless the supply of the city is adequate. In cases of emergency, priority of users of the city’s water supply shall be determined by the director, subject to the requirements of state law and Section 49-20.

(b) Revisions. The city council may from time to time, upon recommendation of the city manager and the director, make revisions in the emergency water management plan approved under Section 49-20(b) if prudent conservation requires the revisions. (Ord. 19201)

SEC. 49-21.1. CONSERVATION MEASURES RELATING TO LAWN AND LANDSCAPE IRRIGATION.

(a) Purpose. Lawn and landscape irrigation practices within the city, especially during the summer months, can cause a waste of valuable water resources. The purpose of this section is to mandate that water be used for lawn and landscape irrigation in a manner that prevents waste, conserves water resources for their most beneficial and vital uses, and protects the public health.

(b) Lawn and landscape irrigation restrictions. A person commits an offense if, during the period from April 1 through October 31 of any year and between the hours of 10:00 a.m. and 6:00 p.m. on any day during that period, the person irrigates,
waters, or causes or permits the irrigation or watering of any lawn or landscape located on premises owned, leased, or managed by the person. It is a defense to prosecution under this paragraph that the person was only using water from a source other the city’s water or wastewater system.

(2) A person commits an offense if, at any time during the year, the person irrigates, waters, or causes or permits the irrigation or watering of any lawn or landscape located on premises owned, leased, or managed by the person with a hose-end sprinkler or automatic irrigation system on a day other than a designated outdoor water use day for the property address. It is a defense to prosecution under this paragraph that the person was:

(A) using a hand-held hose, drip irrigation device, soaker hose, or hand-held bucket;

(B) irrigating during the repair or testing of a new or existing automatic irrigation system;

(C) irrigating nursery stock at a commercial plant nursery; or

(D) only using water from a source other than the city’s water or wastewater system.

(3) A person commits an offense if the person knowingly or recklessly irrigates, waters, or causes or permits the irrigation or watering of a lawn or landscape located on premises owned, leased, or managed by the person in a manner that causes:

(A) a substantial amount of water to fall upon impervious areas instead of upon the lawn or landscape, such that a constant stream of water overflows from the lawn or landscape onto a street or other drainage area; or

(B) an automatic irrigation system or other lawn or landscape watering device to operate during any form of precipitation.

(4) A person commits an offense if, on premises owned, leased, or managed by the person, the person operates a lawn or landscape automatic irrigation system or device that:

(A) has any broken or missing sprinkler head; or

(B) has not been properly maintained in a manner that prevents the waste of water.

(c) Rain and freeze sensing devices.

(1) Any automatic irrigation system installed or operated within the city must be equipped with a working rain and freeze sensing device.

(2) A person commits an offense if, on premises owned, leased, or managed by the person, the person:

(A) installs, or causes or permits the installation of, an automatic irrigation system in violation of Subsection (c)(1); or

(B) operates, or causes or permits the operation of, an automatic irrigation system that does not comply with Subsection (c)(1).

(d) Variances. The director may, in special cases, grant variances from the provisions of Subsections (b)(1), (b)(2), or (c) to persons demonstrating extreme hardship and need. The director may grant variances only under all of the following circumstances and conditions:

(1) The applicant must sign a compliance agreement on forms provided by the director, and approved by the city attorney, agreeing to irrigate or water a lawn or landscape only in the amount and manner permitted by the variance.

(2) Granting of a variance must not cause an immediate significant reduction in the city’s water supply.
(3) The extreme hardship or need requiring the variance must relate to the health, safety, or welfare of the person requesting it.

(4) The health, safety, and welfare of other persons must not be adversely affected by granting the variance.

(e) Revocation of variances. The director may revoke a variance granted when the director determines that:

(1) the conditions of Subsection (d) are not being met or are no longer applicable;

(2) the terms of the compliance agreement are being violated; or

(3) the health, safety, or welfare of other persons requires revocation. (Ord. Nos. 24745; 26518; 28622)

SEC. 49-22. TEMPORARY DISCONTINUANCE FOR CONSTRUCTION, MAINTENANCE OR EMERGENCY REASONS.

(a) Reasons for temporary discontinuance. The director is authorized to temporarily discontinue service to premises for the following reasons:

(1) when a main break or other failure in the water or wastewater systems could injure persons, private or city property, or other parts of the systems;

(2) to perform routine maintenance or repair to any part of the water or wastewater systems;

(3) to perform emergency maintenance or repair to any part of the water or wastewater systems;

(4) in other cases of emergency, when necessary to protect the general health, safety or welfare of persons; or

(b) Responsibilities upon temporary discontinuance. In all cases of temporary discontinuance, the director must restore service as soon as is practical and must take all reasonable steps necessary to protect the public health and safety under the circumstances. (Ord. 19201)

SEC. 49-23. AUTHORIZED EMPLOYEES; RIGHT OF ACCESS OF EMPLOYEES FOR INSPECTION AND MAINTENANCE; ACCESS OF CONTRACTORS.

(a) Authorized employees. The director shall designate those individuals who are employed by the department and authorized to carry a credential of the department. No person other than an authorized employee shall have or use any credential of the department. An employee must surrender credentials to the director upon termination of employment or at the request of the director.

(b) Right to access. An authorized employee shall carry a credential when dealing with the general public. Upon presentation of the credential, an authorized employee shall have free access, at reasonable hours, to private premises receiving service, for the purpose of reading or inspecting a water meter, a backflow prevention device or for other service-related activities. Only an authorized employee may have free access to parts of the water and wastewater systems for purposes of operation, construction, repair or maintenance.

(c) Access by nonauthorized persons. A person commits an offense if he is not an authorized employee under this section and he knowingly:

(1) uses a department credential to obtain access to private property or to a part of the water or wastewater system; or
§ 49-23 Water and Wastewater  § 49-24

(2) falsely represents, by other than the display of a credential, that he is an authorized employee of the department to obtain access to private property or to a part of the water or wastewater system.

(d) Private contractors. A person performing construction or repair work for the department pursuant to a contract with the city, or a private development contract under Section 49-60(f), has a right of access to those parts of the water or wastewater systems as is reasonably necessary to fulfill performance of the contract; provided, that no person shall have the right under this subsection to open or operate any valve in these systems. Access is subject to the express directions of the director, the terms of the contract documents, and all requirements of this code concerning permits. (Ord. 19201)

SEC. 49-24. SERVICE CONNECTIONS.

(a) Maintaining service connections. The director is authorized to maintain service connections from the mains in public rights-of-way to building laterals or building water lines on premises, pursuant to the following rules:

(1) The city is responsible for maintenance of a service connection from the main to the meter, or from the main to the property line where the connection is unmetered, in the case of water service and from the main to the property line in the case of wastewater service.

(2) The city will maintain a service connection at its original size as long as the customer continues use of a service.

(3) The city’s obligation to continue maintenance of a service connection ceases when the customer abandons use of a service.

(4) The city will remove, at the property owner’s expense, a service connection made in violation of this code.

(5) The director is authorized to charge a fee in accordance with Section 49-18.7 to an applicant or property owner for construction, installation, or maintenance of a service connection.

(b) Connection permits. The following rules govern the issuance of a service connection permit:

(1) The plumber must submit a copy of the plumbing permit, obtained from the city’s building inspection division, with the connection permit application. The connection permit application must specify:

(A) the address of the work;

(B) the name of the applicant;

(C) the name of the property owner;

and

(D) the names of other plumbing subcontractors employed to do the work.

(2) The director may revoke a permit at any time before work is completed and connection is made if the director determines that the terms and conditions of the permit are being violated, and no interested party will have a claim for damages or refunds as a result of revocation.

(3) A connection permit must be issued in the name of the applicant and the property owner. A permit is nontransferable and expires one year from the date of issuance. In the event of failure to connect within the term of the permit, a processing fee will be retained in accordance with Section 49-18.16(f) from any service connection charges paid, with any remainder being refunded to the applicant or property owner.

(c) Construction and installation rules. The following rules govern construction and installation of service connections:
(1) A building lateral, building water line, drain and other private plumbing must be constructed in strict accordance with the provisions of the city’s plumbing and building codes. The director may, as a condition of the connection permit, impose additional construction requirements not in conflict with the plumbing and building codes, this chapter, or other applicable state or federal laws and regulations in order to protect the system from damage or contamination, to facilitate connection, or where extraordinary circumstances may require.

(2) A building lateral and building water line must be laid up to the property line and the end left exposed. The permittee or his agent shall provide a ditch safe for entry in accordance with state and federal safety standards. A building lateral and building water line must be stubbed out to meet the service line both as to horizontal location and vertical depth. Location of the service line will be furnished upon request, or upon issuance of a connection permit, but the permittee or the permittee’s agent is responsible for uncovering and confirming the location of the service line before construction of the building lateral or building water line.

(3) For a water service connection two inches or smaller, the department will install the service line and meter and connect them to the building water line when the building water line is properly laid in place. For a residential wastewater service connection, the department will complete the connection from the service line to the building lateral at the property line.

(4) For a water or wastewater service connection other than described in Subsection (c)(3) of this section, the director may require the permittee to construct and install the entire service connection including line connection and meter hookup, if any. In the case of a water service connection under this Subsection (c)(4), the department will inspect the water main tap and all connections from that point to the building water line. In the case of a wastewater service connection under this Subsection (c)(4), the department will inspect the wastewater line tap and the building lateral. Upon inspection and final acceptance of the service connection by the city, that portion of the service connection that is the city’s responsibility to maintain under Subsection (a) of this section becomes the property of the city free and clear of all liens and encumbrances. If the director does not require the permittee to construct and install the entire service connection, the department shall construct and install the service connection in the same manner as described for the connections done under Subsection (c)(3) of this section, at the permittee’s cost.

(5) If the director requires the permittee to construct the service connection, the permittee shall enter into a contract for the purpose pursuant to the format prescribed in Section 49-60(f)(1), (f)(3), and (f)(4). The contract and bonds must be approved by the director before any construction can commence. The permittee shall meet the applicable requirements of the Dallas Plumbing Code, the connection permit and this chapter, and shall pay the applicable charges and costs prescribed in Section 49-18.7. In addition to compliance with the rules set out in this section, the permittee shall obtain and follow the applicable department utility appurtenance sheets to be used in completing the connection.

(6) All service connections must be made only by persons authorized by the director, and the private plumbing must meet the construction requirements of the Dallas Plumbing Code. Any ditch dug for the purpose of constructing or installing a connection must be backfilled by the permittee or his agent upon completion of the connection, following inspection and approval by the city.

(7) Nothing in this Subsection (c) shall be construed to limit the city’s right to construct and install any service connection where the director may deem it appropriate.

(d) Nuisance. Every commode, wastewater drain, privy or other wastewater receptacle used on
premises which is neither connected to the wastewater system nor to a septic tank or receptacle approved under this code is hereby declared to be a nuisance and a public health hazard.

(e) **Enforcement authority.** The director is authorized to promulgate regulations not in conflict with this code, the city charter or state laws and regulations to aid in implementing the provisions of this section. (Ord. Nos. 19201; 19622; 20215; 20653; 20737)

SEC. 49-25. CROSS CONNECTIONS; LOCATION OF WATER AND SEWER MAINS.

(a) **Cross connection prohibited.** A person shall not make or permit a cross connection between a system of piping supplied by the water system and the following sources of supply, unless properly protected by an approved backflow prevention device:

1. a public or private source of primary supply other than the water system; or

2. any secondary supply known or suspected to be unsafe for drinking water, including but not limited to shallow wells, reused industrial supplies, raw surface water or swimming pools.

(b) **Return flow prohibited.** A person shall not make or permit a connection or cross connection that causes the discharge or return of water to the water system, including, but not limited to, water used as process water in or passing through a boiler, heat exchanger, air conditioner, cooling equipment, or other device, appliance, machine, mechanical system or process, in any industrial, commercial, or residential application.

(c) **Nuisance.** A person commits an offense if he makes or permits a cross connection or connection in violation of Subsection (a) or Subsection (b). The making of a cross connection or connection in violation of Subsection (a) or Subsection (b) is hereby declared to be a nuisance and a public health hazard.

(d) **Proximity of water and wastewater mains.** The director shall regulate the relative proximity of water mains to wastewater mains, both existing and under construction, in accordance with the Design Criteria for Public Sewerage Systems and the Rules and Regulations for Public Water Supply of the State Department of Health, in order to prevent contamination of the water system. (Ord. Nos. 19201; 21606)

SEC. 49-26. FIRE PROTECTION SYSTEMS.

(a) **Application required.** A person shall not connect a fire protection system to the water system until application is made to the director, and then approved by the director and the city fire marshal.

(b) **General requirements.** A fire protection system is subject to the following regulations:

1. The director shall not permit a fire protection system without an approved meter or detector check device with a bypass meter.

2. A fire protection service line must be no larger than one size smaller than the water main serving the fire protection system, unless the director approves a size on size connection in writing; provided that, in every case, the water system must be capable of providing, at the point of delivery, the delivery rate specified by the city fire marshal for the customer’s fire protection system.

3. A fire protection service line must not be larger than eight inches without the director’s written approval.

4. A fire protection system must conform to the standards and regulations promulgated by the city fire marshal and other applicable provisions of this code.

5. A fire protection system installed by the customer shall be inspected by the department at the time of installation.
(c) Installation of service connections. On service connections two inches or smaller, the city will perform installation and maintenance of the necessary meters and service lines connecting the fire protection system to the water system, which installation will be done at the sole expense of the customer. On service connections larger than two inches, the customer shall install the service connection in accordance with the rules prescribed for water service connections in Section 49-24(c)(4).

(d) Grounds for discontinuance. The director may, upon 10 days advance notice to the city fire marshal, discontinue treated water service to a fire protection system if:

(1) the director discovers an unauthorized connection has been made;

(2) water has been used from a fire protection system for a purpose other than extinguishing a fire;

(3) a fire protection system has been installed or used without a meter, where a meter is required;

(4) a waste of water is permitted from a fire protection system through pipes or fixtures;

(5) charges for service are delinquent under Section 49-7; or

(6) the director discovers a non-potable contaminant or pollutant in the fire protection system, where the fire protection system and the potable private water system are not separated by a backflow protection device.

(e) Restoration of service. Upon discontinuance under Subsection (d)(3), the director shall not restore the service until the customer remedies the problem causing discontinuance, or makes application for the kind and size of meter prescribed by the director for the particular system. The meter will be installed at the customer’s expense.

(f) Availability of service. Availability of treated water will depend upon water main sizes and normal operating pressures in the area where the applicant’s property is located. The applicant must construct adequate storage facilities on his premises or additional mains, pursuant to a private development contract under Section 49-60(f), to meet the necessary fire flow demand in the event his demand causes inadequate water pressure to other customers in the area for a sustained period.

(g) Storage facilities. The construction and maintenance of water storage facilities for fire protection purposes, as required by Subsection (f), are subject to the following standards:

(1) A storage facility, including pumps installed by an applicant, must discharge into the applicant’s fire protection system. The storage facility, whether or not pumps are used, must not be of the pressure type unless the applicant installs an approved backflow prevention device between the point where the facility discharges into the fire protection system and the point of its connection to the water system so as to prevent backflow into the water system.

(2) A constructed storage facility must be maintained in accordance with the applicable standards of the city and the State Department of Health. Water in the storage facility must be maintained in a potable condition and subject to periodic inspection by the director.

(3) Every storage facility must have an approved air gap, except for a facility of the pressure type permitted in Subsection (g)(1). Quick acting valves must not be used to control the supply line to the storage facility, if such valves cause water hammer in the water system.

(4) A storage facility, if not of the pressure type permitted in Subsection (g)(1), must be equipped with an overflow pipe at least eight inches below the supply line from the water system. The overflow pipe
must be protected in order to prevent access of insects, birds or other animals. The overflow pipe must be at least two inches in diameter larger than the supply line from the water system.

(5) A storage facility must be provided with a drain pipe and valve for easy discharge purposes. The drain pipe must not be connected to the wastewater system.

(h) Nonconforming systems. Any person modifying, changing or adding to his premises or his existing fire protection system must at that time come into compliance with the requirements of this section, if his fire protection system did not previously conform to the requirements of this section. (Ord. Nos. 19201; 19622; 20215)

SEC. 49-27. FIRE HYDRANTS.

(a) Permission to use. Fire hydrants are used in extinguishing fires and are to be opened only by authorized employees of the department and the city’s fire department, department of public works, and department of sanitation services. Any other person who wishes to use a fire hydrant must seek written permission from the director under the following conditions:

(1) A person requesting use of a fire hydrant must make written application for a permit and must pay charges in accordance with Section 49-18.9.

(2) The permittee must:

(A) use a water meter furnished by the department;

(B) connect the meter directly to the fire hydrant and include in the connection an approved reduced pressure zone backflow prevention device provided by the department;

(C) make the meter readily available for reading by the department each month it is used; and

(D) return the meter immediately after finishing use of the hydrant or upon request of the director.

(3) If water is to be hauled from the hydrant, the permittee must display a decal issued by the department on each vehicle used in hauling water from the hydrant.

(4) A permittee authorized to open a fire hydrant must only use an approved spanner wrench and must replace the caps on the outlets when not in use.

(b) Improper use. Failure to abide by the conditions of Subsection (a) is sufficient cause to prohibit further use of the fire hydrant and to refuse to grant subsequent permits for use of a fire hydrant. A person commits an offense if he knowingly:

(1) uses water from a fire hydrant without a permit from the director;

(2) violates Subsection (a)(2), (a)(3), or (a)(4) of this section or any of the terms and conditions of a permit granted under this section.

(c) Exceptions. This section does not apply to:

(1) a city employee engaged in work in an official capacity; or

(2) a person using water from a fire hydrant without charge for department construction work under Section 49-35. (Ord. Nos. 19201; 22026; 23694; 26479; 30239; 30654)

SEC. 49-28. WATER STORAGE TANKS AND PUMPING EQUIPMENT.

(a) Tanks supplied by water system. A water storage tank supplied solely by the water system must be satisfactorily built and covered to prevent the entrance of contamination. Every storage tank supplied solely by the water system must have an
approved air gap and overflow pipe; except, that a tank of the pressure type will be permitted if an approved backflow prevention device is installed. The delivery of treated water must be controlled by a slow acting automatic valve which does not cause water hammer in the water system. A storage tank must be maintained in a manner satisfactory to the State Department of Health and the director and is subject to periodic inspection by the director.

(b) Tanks with other water sources. Where treated water service is used as a primary or secondary supply to a roof or suction tank which is also supplied by another source of water, the rules of Subsection (a) apply, except that a storage tank under this subsection must not be of the pressure type, but must have an approved air gap and overflow pipe; no backflow prevention devices will be allowed.

(c) Water pumps. Pumps taking suction from the water system and serving water storage tanks, plus other pumping equipment installed by a customer for any other purpose except dewatering, may be installed and operated only upon approval from the director as to size, delivery rate and valving arrangements. (Ord. 19201)

SEC. 49-29. BACKFLOW PREVENTION DEVICES.

(a) Authority to require. The director is authorized to:

(1) give notice and require a customer to install an approved backflow prevention device at the customer’s own expense, where the director determines that the device is necessary for protection of private plumbing on the premises or the water system;

(2) give notice and require a customer to correct a defective backflow prevention device at the customer’s own expense;

(3) refuse or discontinue service if a backflow prevention device is not installed or corrected as provided in this section; and

(4) inspect backflow prevention devices and charge fees for the inspection in accordance with Section 49-18.6(d).

(b) Maintenance responsibility. The customer is responsible for general maintenance and upkeep of an approved backflow prevention device. The city and the director are not responsible for damage done during inspection that is a result of corrosion or improper maintenance of a backflow prevention device. (Ord. 19201)

SEC. 49-30. PRIVATE WATER MAINS OR SYSTEMS.

(a) Mains are property of city. Water and wastewater mains, pipes and appurtenances laid in streets, alleys or other public rights-of-way within the city immediately become property of the city upon their acceptance, except for mains, pipes and appurtenances laid within the city by a governmental entity pursuant to a license granted by the city. Water and wastewater mains, pipes and appurtenances laid within the city and connected to the water or wastewater systems must be constructed under department supervision and in accordance with plans and specifications approved by the director.

(b) Nonconforming mains. The director may refuse application for service to premises inside or outside of the city if, upon examination, the mains, private water lines or laterals, valves, appurtenances, fire hydrants or other equipment serving the premises are of such quality, size or installation as will not comply with the general standards and specifications of the department.

(c) Substandard laterals or water lines. The director may require the customer, as a precondition of
continued service, to replace or repair private plumbing found to be in a substandard condition according to the Dallas Plumbing Code, if the substandard plumbing may cause:

1. a hazard to public health;
2. damage or contamination to the water or wastewater systems;
3. a substantial waste of water; or
4. introduction of extraneous water into the wastewater system. (Ord. Nos. 19201; 20653)

SEC. 49-31. VENDING WATER.

(a) Permit required. A person commits an offense if he sells treated water inside the city, from a source of supply inside or outside the city, without a permit from the director granted subject to the conditions of Subsection (b).

(b) Conditions of permit. No person may sell treated water inside the city from any source of supply without a permit from the director subject to the following conditions:

1. The application for permit must be reviewed and approved by the city environmental health officer prior to its issuance.
2. The production, processing, treatment and distribution of the water is at all times under the supervision of the department or another competent water works operator holding a valid certificate of competency issued by the State Department of Health.
3. The permittee must abide by the applicable state laws and the rules, regulations and other conditions set forth by the State Department of Health, the director and the city environmental health officer regarding the sale of drinking water.

(c) Exceptions. This section does not apply to the retail sale of commercially bottled water by a grocery store, drug store, restaurant or other similar business establishment.

(d) Enforcement authority. The director is authorized to promulgate additional regulations, not in conflict with state laws, rules and regulations or other applicable provisions of this code, to aid implementation of this section. (Ord. 19201)

SEC. 49-32. WASTEWATER INDEMNITY AGREEMENTS.

(a) Grounds for denial of wastewater service. Wastewater service to premises inside or outside the city must be denied if:

1. the premises are subject to frequent, severe flooding;
2. the wastewater main serving the premises surcharges or overflows due to infiltration of ground water from the premises; or
3. the premises are subject to being flooded by a surcharged wastewater main due to the elevation of the premises in relation to the actual or proposed wastewater main.

(b) Indemnity agreement. Notwithstanding Subsection (a), the director may provide wastewater service where these conditions exist if the owner agrees in writing to defend and indemnify the city and save it whole and harmless against all damages, costs and expenses caused by the surcharging, backflow or overflow of the wastewater main serving the premises.

(c) Effect of agreement. The indemnity agreement, when executed by the owner, constitutes a covenant running with the land binding upon the owner, his heirs, successors and assigns. The agreement must be approved as to form by the city
attorney and must be filed in the deed records of the county in which the premises is located. (Ord. 19201)

SEC. 49-33. EXPOSING METERS OR HYDRANTS TO DAMAGE; NOTICE OF WORK AFFECTING SYSTEMS; MOVING METERS OR HYDRANTS.

(a) Exposure to damage. A person shall not build a driveway, sidewalk or other improvement that:

(1) exposes a meter, fire hydrant, air valve, tap, pressure recording instrument, cleanout or other appurtenance to damage from vehicular traffic; or

(2) causes obstruction of access to a meter, fire hydrant, air valve, tap, pressure recording instrument, cleanout or other appurtenance for operation, repair, inspection or maintenance purposes.

(b) Notice of work affecting systems. A person who does work of any nature on a street, alley or sidewalk within the city must notify the director at least 10 days in advance of the removal, raising or lowering of any part of the water or wastewater system that may interfere with the work. Where the director is not notified, damage to any part of the systems resulting from the work will be charged against the person or that person’s agents or contractors performing the work.

(c) Request to move appurtenance. The owner or occupant of premises adversely affected by the location of a meter, fire hydrant, air valve, tap, pressure recording instrument or other appurtenance may make written application to the director to have the device moved, under the following conditions:

(1) The director may approve the application if he determines that the move will not interfere with normal department operations and will not cause damage to the water or wastewater system. The decision of the director in such matters is final.

(2) Upon approval of the application, the director will furnish the applicant an estimate of costs to move the device. The applicant shall bear all estimated moving costs.

(3) Upon deposit of the estimated costs by the applicant, the department will make the agreed-to change in location. (Ord. Nos. 19201; 20653)

SEC. 49-34. COMMUNICATING ELECTRICITY TO PIPES.

(a) A person commits an offense if he makes, causes or permits:

(1) a direct or indirect metallic connection, through which electric current can be transmitted, with a part of the water or wastewater system, or to private pipes, laterals or other private facilities which are connected to either system; or

(2) the transmission of electric current through a part of the water or wastewater system, or through a metal conductor of electricity that is bonded or joined to either system. (Ord. 19201)

SEC. 49-35. WATER USED FOR CONSTRUCTION WORK.

(a) When water is free. The director may furnish water free of charge to:

(1) a contractor or other person performing construction work for the department; or

(2) a licensed plumber performing a pressure test of a private plumbing system, which test has been authorized in advance by the director.

(b) Other construction work. For any construction work other than that described in Subsection (a), the charge for water used will be in
§ 49-35 Water and Wastewater § 49-38

accordance with the general service rates specified in Section 49-18.1(c)(2) and will be charged against the person using the water.

(c) Conditions when charged. If water to be used for construction is subject to charge, the water must not be turned on until all applicable pre-use charges are paid. Water service may be discontinued, or application refused, in the same manner as provided under Sections 49-3 or 49-7. (Ord. Nos. 19201; 21430; 26961)

SEC. 49-36. RESERVED.

(Repealed by Ord. 20653)

SEC. 49-37. TAMPERING WITH OR DAMAGING SYSTEMS; UNLAWFUL USE OF WATER; PRIMA FACIE EVIDENCE.

(a) Tampering with or damaging system. A person commits an offense if, without the written permission of the city manager or the director, he knowingly:

(1) damages or destroys part of the water or wastewater system;

(2) tampers with part of the water or wastewater system; or

(3) damages, destroys or tampers with a fire hydrant within the city.

(b) Certain conditions creating prima facie evidence of tampering. For purposes of this section, it is prima facie evidence that a person has tampered under Subsections (a)(2) or (a)(3) if the person is a customer, owner or person in control of the premises and:

(1) water is prevented from passing through a meter used or furnished by the department to supply water to the premises;

(2) a meter used or furnished by the department is prevented from correctly registering the quantity of water supplied to the premises;

(3) water is diverted or bypassed by the use of a device, from or around a pipe, main, meter, hydrant or other connection of the department;

(4) a meter or service connection of the department used for service to premises is removed; or

(5) wastewater is prevented or diverted from flowing from premises into the wastewater system.

(c) Prima facie evidence of knowledge. The existence on premises of a device used for any of the unlawful purposes stated in this section shall constitute prima facie evidence of knowledge of the unlawful purpose on the part of the customer, owner or person in control of the premises. (Ord. 19201)

SEC. 49-38. RIGHTS AS TO CERTAIN FACILITIES OUTSIDE OF THE CITY; RIGHTS UPON ANNEXATION.

(a) Agreements as to facilities. The director may negotiate agreements with governmental entities defining ownership and maintenance responsibilities of facilities used or installed for service outside the city.

(b) Assumption of service. Where a governmental entity agrees to assume primary service responsibility over an area previously served by the city, because of annexation or other reasons, facilities installed will, upon agreed payment, become the property of the governmental entity, except for:

(1) a meter or other appurtenance belonging to and installed by the city to connect service; or
(2) a facility designated by agreement to be the property of the city.

(c) City’s rights upon annexation. The following rules apply regarding mains, appurtenances and other facilities located within property annexed by the city:

(1) Facilities within annexed property immediately become property of the city.

(2) The city will assume those benefits and obligations required to be assumed under state law, but otherwise must take the facilities free from all liens or encumbrances.

(3) The city may enforce its right to possession of annexed facilities by an action filed in a state court of competent jurisdiction.

(d) Private facilities. Private laterals or building water lines connected to facilities affected under this section remain, to the extent they are not located within public property, the property of the person owning the premises within which the laterals or water lines are located. (Ord. 19201)

SEC. 49-39. RIGHT TO CONSTRUCT MAINS OUTSIDE THE CITY.

(a) Authority to negotiate. The director is authorized to negotiate agreements, to be approved by the city council, with another governmental entity to use the streets, alleys and other public rights-of-way of that governmental entity in order to lay mains, pipes, meters or other facilities of the water or wastewater systems for service inside or outside the city.

(b) Form of agreement. The agreement may take the form of a license, easement or deed. Notwithstanding the form, ownership of the facilities laid must remain with the city, and right-of-way adequate to protect the city’s interest in its facilities must be secured.

(c) Rights to connect and maintain. The city reserves the right to maintain its facilities and must have free access for those purposes. The city also reserves the right to make any connections or extensions it desires for public purposes inside or outside the city. (Ord. 19201)

SEC. 49-40. SERVICE OUTSIDE THE CITY.

(a) Authority to regulate wholesale service. The director is authorized to promulgate policies and regulations, not in conflict with this chapter or other laws, regarding the service of new and existing wholesale service customers outside of the city.

(b) Reciprocal service agreements. The director is authorized to negotiate reciprocal service agreements with other governmental entities covering retail service to limited areas outside of the city, at rates and under such terms and conditions as the parties agree upon, subject to the approval of the city council.

(c) Existing service outside the city. The director is authorized to continue retail service to those areas outside of the city for which the city has previously assumed the obligation to serve pursuant to written agreement authorized under city charter, city ordinances or state law. The director is not required to serve new retail customers outside the city, but the director may serve such customers if he determines that service is within the reasonable service area and capability of the city, subject to the following additional rules:

(1) The applicant shall sign a service contract, on a form prescribed by the director and approved by the city attorney, agreeing to:

(A) build facilities at his cost;

(B) abide by the terms of this chapter; and
enable the city of Dallas to comply with all applicable state and federal laws, including the Federal Water Pollution Control Act, as amended by the Clean Water Act, as amended (33 USC §§1251 et seq.), and the general pretreatment regulations (Title 40, Code of Federal Regulations, Part 403). The objectives of this article are:

1. to prevent the introduction of pollutants into the wastewater system that will interfere with its operation;
2. to prevent the introduction of pollutants into the wastewater system that will pass, inadequately treated, through the wastewater system and into receiving waters, or that will otherwise be incompatible with the wastewater system;
3. to protect the health and safety of both the wastewater system’s personnel and the general public;
4. to promote the reuse and recycling of industrial wastewater and sludge within the wastewater system;
5. to provide for wastewater contracts between the city and other municipalities or extra-jurisdictional users who discharge to the wastewater system; and
6. to enable the city to comply with its Texas Pollutant Discharge Elimination System permit conditions, sludge use and disposal requirements, and any other federal or state laws to which the wastewater system is subject.

(b) Incorporation of EPA or TCEQ standards. All categorical pretreatment standards, sewage pretreatment rules, lists of toxic pollutants, industrial categories, and other applicable regulations promulgated by the EPA or TCEQ, including all future amendments of those standards, rules, and regulations, are incorporated into this article. (Ord. 28084)
SEC. 49-42. ENFORCEMENT.

(a) Authority to enforce. The director and the city environmental health officer shall have the power to enforce the provisions of this article, including the right to make inspections and take enforcement action against violators. For purposes of this article, state law, and federal law, the wastewater system is a publicly-owned treatment works.

(b) Enforcement response plan.

(1) For the purpose of promoting consistency of enforcement throughout the city’s jurisdiction and service area, the director shall promulgate and enforce an enforcement response plan.

(2) The plan must contain detailed procedures indicating how the city will investigate and respond to instances of industrial user noncompliance. The plan, at a minimum, must:

(A) describe how the city will investigate instances of noncompliance;

(B) describe the types of escalating enforcement responses the city will take in response to all anticipated types of industrial user violations and the time periods within which responses will take place;

(C) identify, by title, the official or officials responsible for each type of response; and

(D) adequately reflect the city’s primary responsibility to enforce all applicable pretreatment requirements and standards, as detailed in Title 40, Code of Federal Regulations, Sections 403.8 (f)(1) and (f)(2), as amended, and Sections 49-43 and 49-50 of this article.

(c) Administrative search warrants. The municipal court shall have the power to issue to the director or city environmental health officer administrative search warrants, or other process allowed by law, where necessary to aid in enforcing this article.

(d) Penalties. A person who violates any provision of this article or any term or condition of an industrial waste discharge permit granted pursuant to this article is guilty of a separate offense for each day or portion of a day during which the violation is continued. Each offense is punishable by a fine of not less than $1,000 or more than $2,000.

(e) Criminal responsibility. A person is criminally responsible for a violation of this article if the person knowingly, recklessly, intentionally, or with criminal negligence:

(1) commits or assists in the commission of a violation, or causes or permits another person to commit a violation; or

(2) owns or manages the property or facilities determined to be the cause of the illegal discharge under Section 49-43, 49-44, 49-46, 49-55.6, or 49-55.7.

(f) Civil actions. This article or the terms and conditions of a discharge permit granted pursuant to this article may be enforced by civil court action as provided by state or federal law. (Ord. Nos. 19201; 19682; 21409; 26925; 28084)

SEC. 49-43. CERTAIN WASTES PROHIBITED IN THE WASTEWATER SYSTEM.

(a) General prohibitions. A person shall not discharge into the wastewater system, or cause or permit to be discharged into the wastewater system, any pollutant that causes a pass through or interference.

(b) Specific prohibitions. A person shall not discharge, or cause or permit to be discharged, any of the following pollutants into the wastewater system:

(1) Inflows or infiltration, as illustrated by, but not limited to, storm water, ground water, roof
run-off, subsurface drainage, a downspout, a yard drain, a yard fountain or pond, or lawn spray.

(2) Wastewater or industrial waste generated or produced outside the city, unless approval in writing from the director has been given to the person discharging the waste.

(3) A liquid or vapor having a temperature higher than 150 degrees Fahrenheit (65 degrees Centigrade).

(4) Gasoline, kerosene, naphtha, fuel oil, vapors, or any other pollutant that creates a fire or explosion hazard in the wastewater system, including but not limited to industrial waste with a closed cup flashpoint of less than 140 degrees Fahrenheit (60 degrees Centigrade).

(5) A pollutant that will cause corrosive structural damage to the wastewater system, unless the portion of the wastewater system directly or indirectly receiving the discharge is specifically designed to accommodate the corrosive discharge.

(6) Used motor oil.

(7) A solid or viscous pollutant in amounts that will cause obstruction to the flow in the wastewater system, resulting in interference.

(8) Heat in quantities that will cause the temperature to exceed 104 degrees Fahrenheit (40 degrees Celsius) at any point in the wastewater system or will otherwise inhibit biological activity in the wastewater system, unless the director expressly approves alternate temperature limits in the discharger’s industrial waste discharge permit.

(9) Solid or liquid substances in quantities capable of causing obstruction to the flow in wastewater mains or other interference with the proper operation of the wastewater system as illustrated by, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, whole blood, paunch manure, hair and fleshings, entrails, lime slurry, lime residues, slops, chemical residues, and paint residues or bulk solids, except when such items as lime slurry or lime residues are used in the treatment of combined storm and wastewater during storm runoff.

(10) A pollutant capable of forming a toxic gas, vapor, or fume in a quantity that may cause, either by itself or by interaction with other waste, hazard to life or acute employee health or safety problems.

(11) Garbage that is not properly shredded as defined in Section 49-1(81).

(12) Except where the director has determined that different limits under an industrial waste discharge permit are appropriate, wastewater exceeding 200 mg/L of oils, fats, and grease (measured as total oil and grease).

(13) A substance having a pH value lower than 5.5 or higher than 10.5.

(14) Radioactive materials in a manner that will permit a transient concentration higher than 100 microcuries per liter.

(15) Unusual taste or odor producing substances, unless pretreated to a concentration acceptable to the director so that the material does not:

(A) cause damage to collection facilities;
(B) impair the city’s treatment processes;
(C) incur treatment costs exceeding those of normal wastewater;
(D) render the water unfit for stream disposal or industrial use; or
(E) create a public nuisance.

(16) A discharge of water, normal domestic wastewater, or industrial waste that in quantity of flow exceeds, for a duration of longer than 15 minutes, more than four times the average 24-hour flow during normal operation.

(17) Without the approval of the director, a substance or pollutant other than industrial waste, normal domestic wastewater, septic tank waste, or chemical toilet waste that is of a toxic or hazardous nature, regardless of whether or not it is amenable to treatment, including but not limited to bulk or packaged chemical products.

(18) Except at discharge points authorized by this chapter, or by regulations promulgated by the director that are not in conflict with this chapter or other laws, wastewater or a pollutant that is trucked or hauled.

(19) Any other pollutant, substance, or material not amenable to treatment, or of a concentration or quantity sufficient to harm the wastewater system, as determined by the director.

(c) Local limits. The following local pollutant limits are established to protect against pass through and interference. The limits apply at the point where the wastewater is discharged to the wastewater system. The director may impose mass limitations in addition to, or in place of, the concentration-based limitations. All concentrations for metallic substances are for total metal unless indicated otherwise. No person may discharge wastewater containing pollutants in the form of compounds or elements with total concentrations exceeding the following uniform concentration and contributory flow limits:

(1) Uniform concentration limits for all wastewater except for wastewater discharged to the Trinity River Authority Central Regional Wastewater Treatment Plant.

Contributory flow limits at the Central Wastewater Treatment Plant.

(A) For contributing industrial users, the contributory flow pollutant limitation for nickel is 3.14 mg/L.

(B) For non-contributing industrial users, the contributory flow pollutant limitation for nickel is 0.0028 mg/L.

(C) For purposes of this paragraph, a contributing industrial user is an industrial user found by the city to discharge nickel above the industrial contributory screening limits at the Central Wastewater Treatment Plant.

Defenses. It is a defense to prosecution under Subsection (a) of this section and to a civil court action enforcing Subsection (a) of this section if a person can demonstrate that:

(1) a specific numeric local discharge limit to prevent pass through or interference exists under this section for each pollutant in the person’s wastewater discharge that caused pass through or interference and the person’s wastewater discharge was in compliance with the applicable specific local discharge limit for each pollutant directly prior to and during the pass through or interference; or

(2) if a specific numeric local discharge limit does not exist under this section for the pollutant in question, the person’s wastewater discharge did not change substantially in nature or in constituent parts from the person’s prior wastewater discharges when the city was regularly in compliance with its Texas Pollutant Discharge Elimination System permit and, in the case of interference, with applicable federal requirements for wastewater sludge use or disposal.

Enforcement actions. If a person discharges a substance into the wastewater system in violation of this section, fails to comply with the reporting requirements of this article, or falsifies or improperly alters pretreatment records required under Section 49-51, the director may take any of the following actions:

(1) Suspend discharge. After informal notice, immediately suspend or halt an industrial user’s discharge.

(2) Terminate service. Terminate water and wastewater service to the premises from which the substance was discharged.

(3) Suspend or revoke permit. If the person was discharging wastewater pursuant to an industrial waste discharge permit issued under Section 49-46, revoke or suspend the permit.

(4) Require pretreatment. By administrative order, where applicable, or by other authorized means, require pretreatment or control of the quantities and rates of discharge of wastewater to bring the discharge within the limits established by this section.

(5) Criminal or civil enforcement.

(A) Request a court of competent jurisdiction to assess a civil fine against the industrial user in an amount of not less than $1,000. The fine will be assessed on a per-violation, per-day basis. In the case of monthly or other long-term average discharge limit violations, the fine will be assessed for each day during the period of violation. In addition, the city may seek to recover the remediation and clean-up costs from the industrial user, and the costs of preparing and bringing the enforcement action. In determining the amount of the fine, the court may consider the following:

(i) The extent of the harm caused by the violation.

(ii) The magnitude and duration of the violation.

(iii) Any economic benefit gained by the industrial user as a result of the violation.

(iv) The timing and nature of any corrective actions taken by the industrial user.
(v) The compliance history of the industrial user.

(vi) The provisions of the enforcement response plan.

(vii) Any other information deemed relevant by the court.

(B) Bring a criminal or any other civil enforcement action as authorized in Section 49-42.

(f) Administrative authority of director. The director has the authority to do any of the following to ensure compliance with this chapter:

(1) Notice of violation. The director may serve a written notice of violation. This does not prevent the director from taking any action, including an emergency action or any other enforcement action, without first issuing a notice of violation.

(2) Consent or administrative orders. The director may enter into consent orders, assurances of compliance, or other similar documents establishing an agreement with an industrial user responsible for noncompliance. The agreement must include specific action to be taken by the industrial user to correct the noncompliance within a time period specified in the agreement. The agreement has the same force and effect as the administrative orders issued pursuant to Section 49-43(e)(4) and is judicially enforceable.

(3) Show cause hearing. The director may order an industrial user that has violated, or continues to violate, any provision of this chapter, an individual wastewater discharge permit, or any other pretreatment standard or requirement, to appear before the director and show cause why the proposed enforcement action should not be taken. Notice must be served on the industrial user specifying the time and place for the meeting, the proposed enforcement action, the reasons for such action, and a request that the industrial user show cause why the proposed enforcement action should not be taken. A show cause hearing is not a bar against, or prerequisite for, taking any other action against the industrial user.

(4) Compliance orders. When the director finds that an industrial user has violated, or continues to violate, any provision of this chapter or any other pretreatment standard or requirement, the director may issue an order to the industrial user responsible for the discharge directing that the industrial user come into compliance within a specified time. If the industrial user does not come into compliance within the time provided, wastewater service may be discontinued unless adequate treatment facilities, devices, or other related appurtenances are installed and properly operated. Issuance of a compliance order is not a bar against, or a prerequisite for, taking any other action against the industrial user.

(5) Cease and desist orders. When the director finds that an industrial user has violated, or continues to violate, any provision of this chapter or any other pretreatment standard or requirement, or that the industrial user’s past violations are likely to recur, the director may issue an order to the industrial user directing it to cease and desist all such violations and directing the industrial user to:

(A) immediately comply with all requirements; and

(B) take such appropriate remedial or preventive action as may be needed to properly address a continuing or threatened violation, including halting operations and terminating the discharge. Issuance of a cease and desist order is not a bar against, or a prerequisite for, taking any other action against the industrial user.

(6) Injunctive relief. When the director finds that an industrial user has violated, or continues to violate, any provision of this chapter, or any other pretreatment standard or requirement, the director may petition a court of competent jurisdiction through the city attorney for the issuance of a temporary or permanent injunction, as appropriate, which restrains or compels the specific performance of the individual wastewater discharge permit or other requirement imposed by this chapter on the activities of the industrial user. The director may also seek any other relief, including environmental remediation. A petition
for injunctive relief is not a bar against, or a prerequisite for, taking any other action against an industrial user.

(g) No waiver of other enforcement; remedies nonexclusive.

(1) Action taken by the director under Subsection (e) or (f) does not prevent the use of other enforcement methods available to the city.

(2) The remedies provided for in Subsections (e) and (f) are not exclusive. The director may take any combination of these actions against an industrial user.

(h) Applicability of more stringent pretreatment standards.

(1) National pretreatment standards. If the EPA adopts national pretreatment standards, categorical or otherwise, that are more stringent than the discharge limits prescribed in Subsections (a), (b), and (c) of this section, the more stringent national pretreatment standards will apply. A violation of the more stringent national pretreatment standards will be considered a violation of this article.

(2) Combined wastestream formula. When wastewaters subject to a categorical pretreatment standard (regulated, unregulated, and diluted wastestreams) are mixed prior to effluent sampling, the director shall impose an alternative limit in accordance with Title 40, Code of Federal Regulations, Section 403.6, as amended.

(i) Applicability of more stringent instantaneous discharge limits. An industrial user within the city who discharges industrial waste ultimately received and treated by a publicly-owned treatment works owned by a governmental entity pursuant to a wholesale wastewater contract or a reciprocal agreement with the city is subject to the following additional rules:

(1) If the governmental entity has more stringent instantaneous maximum allowable discharge limits than those prescribed by this section, or by a discharge permit issued under Section 49-46, because the EPA or the TCEQ requires the more stringent maximum allowable discharge limits as a part of the governmental entity’s wastewater pretreatment program, the more stringent discharge limits will prevail. The director shall furnish to all industrial users affected by this subsection a copy of the more stringent discharge limits in effect under the contract. If a permit is issued to an industrial user under this subsection, a copy of the more stringent discharge limits must be included with the permit.

(2) The director shall issue a discharge permit in accordance with Section 49-46 to an industrial user affected by Paragraph (1) of this subsection, to ensure notice of and compliance with the more stringent instantaneous maximum allowable discharge limits. If the industrial user already has a discharge permit, the director shall amend the permit to apply and enforce the more stringent instantaneous maximum allowable discharge limits. An industrial user permitted under this subsection shall submit to the director an expected compliance date and an installation schedule if the more stringent instantaneous maximum allowable discharge limits necessitate technological or mechanical adjustments to discharge facilities or plant processes.

(3) If the director receives notice from the governmental entity of a change to the instantaneous maximum allowable discharge limits or to other applicable requirements, the director shall notify the affected industrial user in writing of the change and of the effective date of the change, amend the permit to apply and enforce the change, and furnish a copy of the change with the amended permit. If the change results in more stringent instantaneous maximum allowable discharge limits or other applicable requirements, an industrial user shall be given a reasonable opportunity to comply with the more stringent limits or requirements.

(4) The more stringent instantaneous maximum allowable discharge limits cease to apply upon termination of the city’s wholesale wastewater contract or reciprocal agreement with the governmental entity, or upon modification or elimination of the limits by the governmental entity,
§ 49-43 Water and Wastewater § 49-45

the EPA, or the TCEQ. The director shall take the appropriate action to notify the affected industrial user of an occurrence under this paragraph.

(j) **Variances in compliance dates.** The director may grant a variance in compliance dates to an industrial user when, in the director’s opinion, such action is necessary to achieve pretreatment or corrective measures. In no case may the director grant a variance in compliance dates to an industrial user affected by national categorical pretreatment standards beyond the compliance dates established by the EPA.

(k) **Authority to regulate.** The director may establish regulations, not in conflict with this chapter or other laws, to control the disposal and discharge of industrial waste into the wastewater system and to ensure compliance of the city’s pretreatment enforcement program with all applicable pretreatment regulations promulgated by the EPA. The regulations established must, where applicable, be made a part of any discharge permit issued to an industrial user by the director under Section 49-46. (Ord. Nos. 19201; 19622; 20215; 21409; 21862; 25214; 25256; 26925; 28084)

SEC. 49-44. WASTE DISPOSAL THROUGH VEHICLES, GREASE TRAPS/INTERCEPTORS, OR OTHER MEANS.

(a) **Illegal waste disposal.** A person commits an offense if:

(1) from a vehicle, portable tank, or other container used for transporting water, normal domestic wastewater, or industrial waste, the person discharges or causes the discharge of water, normal domestic wastewater, or industrial waste into the wastewater system or a private sewer facility directly or indirectly connected to the wastewater system;

(2) by any means, the person discharges or causes the discharge of water, normal domestic wastewater, or industrial waste into a part of the wastewater system generally used for maintenance or monitoring, including but not limited to manholes, cleanouts, or sampling chambers; or

(3) by means of a mechanical device or extraneous water, the person forces normal domestic wastewater or industrial waste collected in a grease trap/interceptor, sand trap/interceptor, or other waste collection device into the wastewater system or a private sewer facility directly or indirectly connected to the wastewater system.

(b) **Defense.** It is a defense to prosecution under Subsection (a) if the discharge of water, normal domestic wastewater, or industrial waste into the wastewater system, or into a private sewer facility directly or indirectly connected to the wastewater system, is from a motor vehicle:

(1) that is specially designed and adapted to treat water, normal domestic wastewater, or industrial waste to concentrations meeting the requirements of this article prior to discharge into the wastewater system; and

(2) the operator of which has written permission from the director to operate the vehicle within the city. (Ord. Nos. 19201; 26925; 28084)

SEC. 49-45. RIGHT OF ENTRY OF FEDERAL, STATE, AND CITY EMPLOYEES.

The following officials, bearing proper credentials and identification, shall be permitted to gain access to properties as may be necessary for the purpose of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this article:

(1) Authorized representatives of the EPA and TCEQ.

(2) The director, the city environmental health officer, and other duly authorized employees of the city. (Ord. Nos. 19201; 26925; 28084)
SEC. 49-46. PERMITS REQUIRED FOR DISCHARGE OF INDUSTRIAL WASTE; APPLICATIONS; EXEMPTIONS.

(a) Permit required. A significant industrial user commits an offense if he discharges, or allows the discharge of, industrial waste into the wastewater system without obtaining and maintaining a valid significant industrial user permit from the director.

(b) Application procedures.

(1) Application for a permit required under Subsection (a) must be made to the director upon a form provided for the purpose.

(2) The application must contain:

(A) a description of the activities, structures, equipment, and plant processes on the premises, including a list of all raw materials and chemicals used or stored at the facility that are, or could be, discharged into the wastewater system;

(B) the site plans, floor plans, and mechanical and plumbing plans of the facility with sufficient detail to show all sewers, floor drains, and appurtenances by size, location, and elevation, and all points of discharge;

(C) the number and type of employees and proposed or actual hours of operation of the facility;

(D) a list of each product produced by type, the amount of the product produced, the process or processes used to produce the product, and the rate of production;

(E) the type and amount of raw materials processed (average and maximum per day);

(F) the time and duration of discharges;

(G) a certification statement complying with the requirements of Section 49-51(m) and signed by a designated authorized representative of the applicant;

(H) self-monitoring, sampling, reporting, notification, and record-keeping requirements, including an identification of the pollutants to be monitored, sampling location and frequency, and sample type, based on the applicable general pretreatment standards, categorical pretreatment standards, local limits, and the regulations of state law and this chapter;

(I) best management practices if required by the pretreatment standards; and

(J) any other information deemed necessary by the director to evaluate the wastewater discharge permit application.

(3) The director may establish further regulations and procedures not in conflict with this chapter or other laws regarding the granting and enforcement of permits, including but not limited to administrative orders issued for the purpose of bringing a violator back into compliance with a permit.

(c) Terms and conditions of permit, in general. The director shall prescribe such terms and conditions of the permit as are required and authorized by the EPA and TCEQ, as necessary to ensure full compliance with this article and all national pretreatment standards and regulations. In addition, the permit must incorporate all applicable national pretreatment standards and all other pretreatment regulations promulgated by the EPA and TCEQ applicable to significant industrial users. A person commits an offense if the person violates or allows a violation of any term or condition of a permit issued under this section. The director may enforce the terms and conditions of the permit as authorized under this chapter.

(d) Limitation on permit term. The term of a permit may never be longer than five years.

(e) Permit renewal. An industrial user wishing to renew a permit must file a complete application
with the director at least 60 days prior to the expiration of the industrial user’s existing permit. Failure to submit a complete application with the director at least 60 days prior to expiration of the existing permit may subject the industrial user to enforcement actions.

(f) Issuance of permits. The director shall issue a permit under Subsection (a) if:

(1) the director determines that pretreatment facilities are adequate for efficient treatment of discharged waste and comply with the waste concentration level requirement of Section 49-43 or with national pretreatment standards, whichever is applicable;

(2) the applicant has submitted:

(A) an expected compliance date;

(B) an installation schedule of approved pretreatment devices; and

(C) a self-monitoring program prepared in accordance with all applicable federal pretreatment regulations promulgated by the EPA; or

(3) the applicant is not discharging wastewater in violation of Section 49-43.

(g) Nontransferability. A permit granted under this section is not transferable or assignable.

(h) Changes in authorized representative designation. If the designation of an authorized representative is no longer accurate because a different individual or position has responsibility for the overall operation of the facility or overall responsibility for environmental matters for the company, a new written authorization satisfying the requirements of this section must be submitted to the director prior to, or together with, any reports to be signed by an authorized representative.

(i) Defense to enforcement actions. It is a defense to prosecution or to civil court action brought under this article for a violation of pretreatment standards that the person held a valid permit issued under this section and the person discharged industrial waste in violation of national categorical pretreatment standards as the result of any of the following:

(1) Any act of God, war, strike, riot, or other catastrophe.

(A) The act of God defense constitutes a statutory affirmative defense contained in Section 7.251 of the Texas Water Code in an action brought in municipal or state court. If a person can establish that an event that would otherwise be a violation of this article, or a permit issued pursuant to this article, was caused solely by an act of God, war, strike, riot, or other catastrophe, the event is not a violation of this article or the permit.

(B) An industrial user who wishes to establish the act of God affirmative defense must:

(i) demonstrate through relevant evidence that the sole cause of the violation was an act of God, war, strike, riot, or other catastrophe; and

(ii) submit the following information to the city within 24 hours of becoming aware of the violation (if this information is provided orally, a written submission must be provided to the director within five days):

(aa) A description of the event, and the nature and cause of the event.

(bb) The time period of the violation, including exact dates and times or, if still continuing, the anticipated time the violation is expected to continue.

(cc) The steps being taken or planned to reduce, eliminate and prevent recurrence of the violation.

(C) The industrial user seeking to establish the act of God affirmative defense has the burden of proving by a preponderance of the evidence that the violation of this article, or a permit issued
pursuant to this article, was caused solely by an act of God, war, strike, riot or other catastrophe.

(2) A bypass authorized by the director in accordance with Title 40, Code of Federal Regulations, Section 403.17(c), as amended.

(3) An upset authorized by the director in accordance with Title 40, Code of Federal Regulations, Section 403.16(c), as amended. (Ord. Nos. 19201; 21409; 21862; 25256; 26925; 28084)

SEC. 49-47. DENIAL, SUSPENSION, OR REVOCATION OF PERMITS; AMENDING PERMITS.

(a) Grounds for denial, suspension, or revocation. The director may deny a permit required by Section 49-46(a) if the director determines that an applicant is not qualified under Section 49-46(f). The director may suspend or revoke a permit if the director determines that a permittee:

(1) is not qualified under Section 49-46(f);

(2) has violated a provision of this article, the permit, or any administrative order;

(3) has failed to pay a fee required by this chapter;

(4) has failed to comply with applicable federal pretreatment standards and requirements;

(5) has failed to comply with the compliance schedule submitted pursuant to Section 49-46(f)(2);

(6) has failed to comply with procedures for developing, maintaining, or delivering manifest records required to be developed, maintained, or delivered pursuant to this article, Chapter 19, Article X of this code, or state or federal laws or regulations for the transfer, transportation, or disposal of industrial waste; or

(7) has falsified or improperly altered manifest records required to be developed, maintained, or delivered pursuant to this article, Chapter 19, Article X of this code, or state or federal laws or regulations for the transfer, transportation, or disposal of industrial waste.

(b) Reinstatement. After suspension under this section, a permittee may file a request for reinstatement of the permit. The director shall reinstate the permit if the director determines that:

(1) the permittee is again qualified under Section 49-46(f);

(2) all violations of this article and applicable federal pretreatment standards and requirements have been corrected;

(3) precautions have been taken by the permittee to prevent future violations; and

(4) all fees required by this chapter have been paid.

(c) New permit after revocation. If the director revokes a permit, the permittee may not apply for or be issued a new permit for the same facility earlier than 180 days after the date of revocation of the old permit, except that, if, subsequent to the revocation, the director determines that all of the conditions prescribed in Section 49-46(c) and (f) and Section 49-47(b) are completely satisfied, the permittee may apply for and the director may issue a new permit before the 180-day period expires.

(d) Discharge without permit. A permittee whose permit is suspended or revoked shall not discharge industrial waste into the wastewater system.

(e) Amending a permit. The director may amend a permit with additional requirements to ensure compliance with applicable laws and regulations. (Ord. Nos. 19201; 21409; 26925; 28084)
SEC. 49-48. PRETREATMENT AND DISPOSAL.

(a) Operation and maintenance of pretreatment facilities. When pretreatment of industrial waste is required by the director as a condition for acceptance of the waste into the wastewater system, the owner of the premises from which the waste is discharged must operate and maintain treatment facilities in a manner capable of complying with applicable discharge standards.

(b) Best management practices. The director may require a person discharging to the wastewater system to adopt and implement best management, source reduction, and pollution practices if necessary to protect the wastewater system.

(c) Septage and chemical toilet waste.

(1) No transported septage or chemical toilet waste may be discharged into the wastewater system except at such locations and at such times as are established by the director.

(2) The director may collect samples of each transported load to ensure compliance with applicable standards. The director may also require the transporter to provide a waste analysis of any load prior to discharge.

(3) Article X of Chapter 19 of this code provides additional regulations for the production, transportation, and disposal of liquid waste.

(d) Disposal of trucked industrial solid waste.

(1) In order to ensure that trucked industrial solid waste is not being discharged into the wastewater system, the director may require an industrial user who generates such waste to report the type and amount of the waste, and the location and manner of its disposal as specified in Section 49-51(i).

(2) An industrial user commits an offense if the user fails to provide the reports requested by the director pursuant to Subsection (d)(1) of this section.

(e) Dilution. No owner, operator, or permittee of premises shall ever increase the use of process water, or in any way attempt to dilute a discharge, unless expressly authorized by an applicable pretreatment standard or requirement. The director may impose mass limitations on industrial users who are using dilution to meet applicable pretreatment standards or requirements.

(f) Upset. For the purposes of this section, upset occurs when there is an unintentional and temporary noncompliance with categorical pretreatment standards due to factors beyond the reasonable control of the industrial user. An example of this is the inability to use the treatment equipment due to power failure. When upset occurs, an industrial user must first control production of all discharges to the extent necessary to limit noncompliance, and regain compliance, with categorical pretreatment standards. Secondly, the industrial user must file a report of the upset pursuant to the requirements of this section.

(g) Bypass.

(1) Bypasses that do not violate pretreatment standards. An industrial user may allow any bypass to occur that does not cause pretreatment standards or requirements to be violated, but only if it is for essential maintenance to ensure efficient operation. These bypasses are not subject to the provisions of Subsection (g)(2) of this section.

(2) Bypasses that violate pretreatment standards.

(A) If the need for a bypass is known in advance, the industrial user shall provide notice to the director 10 days prior to the bypass. In the event of an unanticipated bypass, oral notice must be provided to the director within 24 hours after the industrial user becomes aware of the bypass. In addition to the oral notice, written notice must be provided to the director within five days after the bypass, unless waived by the director. The written notice must contain the following:
§ 49-48 Water and Wastewater § 49-49

(i) A description of the bypass and its cause.

(ii) The duration of the bypass, including exact dates and times.

(iii) If the bypass has not been corrected, the anticipated time it is expected to continue.

(iv) Steps taken or planned to reduce, eliminate, and prevent recurrence of the bypass.

(B) The director may take an enforcement action against an industrial user for a bypass that violates pretreatment standards, unless all of the following apply:

(i) The bypass was necessary in order to prevent loss of life, personal injury, or severe property damage.

(ii) There was no feasible alternative to the bypass. The director shall find that a feasible alternative existed if, in the exercise of reasonable engineering judgment, adequate back-up equipment should have been installed to prevent the bypass.

(iii) The industrial user submitted notices as required under Paragraph (2)(A) of this subsection.

(C) The director may approve an anticipated bypass, after considering its adverse effects, if the director finds that all three conditions listed in Paragraph (2)(B) of this subsection have been satisfied. (Ord. Nos. 19201; 19622; 20215; 20335; 22927; 26925; 27698; 28084)

SEC. 49-49. INDUSTRIAL SURCHARGE FOR EXCESSIVE CONCENTRATIONS; SAMPLING FEES.

(a) Excessive BOD/TSS concentrations. A person discharging into the wastewater system industrial waste that exhibits none of the characteristics of wastewater prohibited in Section 49-43(b), but that has a concentration for a duration of 15 minutes that is greater than four times that of normal wastewater as measured by total suspended solids, BOD, or both or a concentration during a 24 hour period average of total suspended solids, BOD, or both in excess of normal wastewater, shall pretreat the industrial waste to meet the concentrations of normal wastewater; except, that the industrial waste may be accepted in the wastewater system for treatment by the city if all the following requirements are met:

(1) The industrial waste will not cause damage to the wastewater system.

(2) The industrial waste will not impair the city’s treatment processes.

(3) The BOD or total suspended solids concentration of industrial waste discharged does not cause the average BOD or total suspended solids of wastewater received at the wastewater treatment plant to increase above 250 mg/L.

(4) The person discharging the industrial waste pays an industrial surcharge in addition to the regular water and sewer rates, in accordance with the formula prescribed in Section 49-18.12(a)(1) or in accordance with Section 49-50.

(b) Sampling fees for determining compliance. A person determined to be discharging industrial waste must compensate the city for the cost of sampling and laboratory service expense required for monitoring the discharges for compliance with this
§ 49-49 Water and Wastewater  § 49-50

article and applicable standards of the EPA. The director shall determine the number of samples and the frequency of sampling necessary to maintain surveillance of the discharges, provided that at least two sampling events will be conducted each calendar year.

(c) Sampling fees for industrial surcharge. A person discharging concentrations of BOD or total suspended solids in excess of 250 mg/L shall compensate the city for the cost of sample collections and laboratory service necessary when an industrial surcharge rate is established each year. This subsection does not apply to a waste management operator, or to a discharger who is billed under Section 49-50. (Ord. Nos. 19201; 21430; 21409; 26925; 28084)

SEC. 49-50. ESTIMATED INDUSTRIAL SURCHARGE FOR CLASS GROUP.

(a) Classes established. The director shall classify commercial and industrial establishments that routinely discharge BOD and total suspended solids concentrations exceeding 250 mg/L into the following class groups:

<table>
<thead>
<tr>
<th>CLASS</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1)</td>
<td>EATING PLACES: Includes restaurants and other establishments that engage in preparation of food and beverage served directly to the consumer.</td>
</tr>
<tr>
<td>(2)</td>
<td>EQUIPMENT SERVICE FACILITIES: Includes establishments that perform washing, cleaning, or servicing of automobiles, trucks, buses, machinery, or equipment and includes public facilities, facilities limited to specific companies, and attended and coin-operated establishments.</td>
</tr>
<tr>
<td>(3)</td>
<td>FOOD AND KINDRED PRODUCTS PROCESSING: Includes commercial establishments that engage in the preparation, packaging, processing, or distribution of food, food products, grains, or produce, other than those included in Class (1) and that discharge less than 200,000 gallons of wastewater per month.</td>
</tr>
<tr>
<td>(4)</td>
<td>DRINKING PLACES: Includes bars, lounges, clubs, and other establishments that do not engage in any food preparation but that engage in the sale of beer, wine, liquor, or any other beverage served directly to the consumer.</td>
</tr>
</tbody>
</table>

(b) Assessment of surcharge class rate. The director shall assess an industrial surcharge rate for each class group based on industrial waste strength determinations established by averaging grab or composite samples, or both, taken from a representative number of establishments in each group and shall apply this rate to the water consumption or metered wastewater of the establishment. If the establishment is within a larger facility for which water usage is determined from a master meter, the director shall determine an estimated volume for the establishment to which the surcharge rate is applied. The director shall then add the appropriate industrial surcharge to billings for regular water and wastewater service for each establishment classified into a class group.

(c) Exceptions to surcharge class rate. If an establishment contains operations from more than one of the class groups, and the director determines that the surcharge rate for a particular class group would not adequately compensate the city for its cost of treatment, the director may:

1. assess a surcharge rate based on a proportional average of the class group rates involved; or
2. require the establishment to be billed for an industrial surcharge computed under the requirements of Section 49-18.12(1)(A) or (B), whichever applies.

(d) Election of standard surcharges. The owner or agent of the owner of an establishment classified into a class group may elect to have the industrial surcharge billed directly under Section 49-18.12(1)(A) or (B), whichever applies, rather than under this section by making application to the director and paying the required sampling costs.

(e) Authority to revise rates. The director may, from time to time, revise class group surcharge rates based on analysis of current samples. (Ord. Nos. 19201; 21061; 21430; 26925; 28084)
SEC 49-51. REPORTING REQUIREMENTS.

(a) Baseline monitoring reporting.

(1) Deadlines for submission of reports.

(A) Existing categorical users. Within either 180 days after the effective date of a categorical pretreatment standard, or the final administrative decision on a category determination under Title 40, Code of Federal Regulations, Section 403.6(a)(4), as amended, whichever is later, existing categorical users currently discharging to or scheduled to discharge to the wastewater system shall submit to the director a report that contains the information listed in Subsection (a)(2) of this section.

(B) New sources and new categorical users. Ninety days prior to commencement of discharge, new sources and sources that become categorical users subsequent to the promulgation of an applicable categorical standard shall submit a report containing the information listed in Subsection (a)(2) to the director. A new source shall report the method of pretreatment it intends to use to meet applicable categorical standards. In addition to the information required in Subsection (a)(2), a new source shall also provide:

(i) the method of pretreatment it intends to use to meet applicable categorical standards; and

(ii) estimates of its anticipated flow and quantity of pollutants to be discharged.

(2) Required information in report. The following must be provided in the report required in Subsection (a)(1):

(A) Identifying information. The name and address of the facility, including the name of the operator and owner.

(B) Environmental permits. A list of any environmental control permits held by or for the facility.

(C) Description of operations. A brief description of the nature, average rate of production, and standard industrial classifications of the operations carried out by the industrial user. The description should include a schematic diagram indicating points of discharge to the wastewater system from the regulated processes.

(D) Flow measurement. Information showing the measured average and maximum daily flows (in gallons per day) to the wastewater system from regulated process streams and other streams, if necessary, to allow use of the combined wastestream formula set out in Title 40, Code of Federal Regulations, Section 403.6(e), as amended.

(E) Measurement of pollutants.

(i) The categorical pretreatment standards applicable to each regulated process.

(ii) The results of sampling and analysis identifying the nature and concentration (and mass, where required by the standard or by the director) of regulated pollutants in the discharge from each regulated process. Instantaneous, daily maximum, and long-term average concentrations (and mass, where required) must be reported. The sample must be representative of daily operations and analyzed in accordance with procedures set out in Subsection (j).

(iii) Sampling must be performed in accordance with the procedures set out in Subsection (k).

(F) Certification statement. A statement, reviewed by the industrial user’s authorized representative and certified by a qualified professional, indicating whether pretreatment standards are being met on a consistent basis, or, if not, whether additional operation and maintenance or additional pretreatment is required to meet the pretreatment standards and requirements.

(G) Compliance schedule. If additional pretreatment or operation and maintenance is required
§ 49-51 Water and Wastewater § 49-51

to meet the pretreatment standards, the shortest schedule by which the industrial user will provide the pretreatment or operation and maintenance. No completion date in this schedule may be later than the compliance date established for the applicable pretreatment standard. The compliance schedule must meet the requirements of Subsection (b).

(H) Signature and certification. All baseline monitoring reports must be signed and certified in accordance with Subsection (m).

(b) Compliance schedule progress reports.

(1) The initial report must contain progress increments in the form of dates for the commencement and completion of major events leading to the construction and operation of additional pretreatment required of the industrial user to meet the applicable pretreatment standards (examples of a major event include, but are not limited to, the hiring of an engineer, the completion of preliminary and final plans, the execution of contracts for major components, and the commencement and completion of construction). No progress increment may exceed nine months.

(2) The industrial user shall submit a report to the director no later than 14 days following each scheduled progress increment date. The report must include, at a minimum, whether or not the industrial user complied with the increment of progress, the reason for delay, if any, and, if appropriate, the steps being taken by the user to return to the established schedule. In no event may more than nine months elapse between submission of a progress report to the director.

(c) Reports on compliance with categorical pretreatment standard deadline.

(1) All industrial users with pollutant data results shall submit to the director a report containing the information described in Subsections (a)(2)(E) through (H).

(2) If an industrial user is subject to equivalent mass or concentration limits established in accordance with the procedures in Title 40, Code of Federal Regulations, Section 403.6(c), as amended, the report must also contain a reasonable measure of the industrial user’s long-term production rate.

(3) For all other industrial users subject to categorical pretreatment standards expressed in terms of allowable pollutant discharge per unit, the report must include the industrial user’s actual production during the appropriate sampling period.

(d) Periodic compliance reports.

(1) All significant industrial users shall, at a frequency determined by the director but in no event less than twice a year (once in July covering the six-month period between January 1 through June 30, and once in January covering the six-month period between July 1 through December 31), submit a report containing at a minimum:

(A) the nature and concentration of pollutants in the discharge limited by pretreatment standards;

(B) the measured or estimated average and maximum daily flows for the reporting period; and

(C) contributing information necessary to account for water usage, materials recovery, or disposal practices.

(2) All periodic compliance reports must be signed and certified in accordance with Subsection (m).

(3) All wastewater samples must be representative of the industrial user’s discharge. Wastewater monitoring and flow measurement
facilities must be properly operated, kept clean, and maintained in good working order at all times. Failure of an industrial user to keep its monitoring equipment in good working order negates any grounds for the industrial user’s potential claim that sample results are unrepresentative of its discharge.

(4) If an industrial user subject to the reporting requirement in this section monitors any pollutant using the procedures prescribed in Subsections (j) and (k), the results of the monitoring must be included in the report.

(e) Notification of changed conditions.

(1) At least 90 days before any planned significant change to an industrial user’s operations or system that might alter the nature, quality, or volume of its wastewater, the industrial user shall notify the director of the change.

(2) The director may require the industrial user to submit all information deemed necessary to evaluate the changed condition, including the submission of a wastewater discharge permit application under Section 49-46(a). The director shall evaluate whether the industrial user needs a plan or other action to control accidental discharges.

(3) The director may issue a wastewater discharge permit or modify an existing wastewater discharge permit in response to changed or anticipated changed conditions.

(4) For purposes of this requirement, significant changes include, but are not limited to, flow increases or decreases of 20 percent or greater, the discharge of any previously unreported pollutants, and the deletion of any pollutant regulated by this article or a permit issued pursuant to this article.

(f) Reports of accidental (Slug) discharges.

(1) In the case of any discharge (including an upset, an accidental discharge, a discharge of a non-routine, episodic nature, a non-routine batch discharge, or a slug load) that may cause potential problems for the wastewater system, the industrial user shall immediately telephone and notify the director of the incident. This notification must include the location of the discharge, the type of waste, the concentration and volume, and corrective actions taken by the industrial user.

(2) Within five days following the discharge, the industrial user shall, unless waived by the director, submit to the director a detailed written report that provides:

(A) a description and cause of the discharge, including location, type, and concentration of the discharge and the volume of water;

(B) the duration of noncompliance, including the exact dates and times of noncompliance and, if the noncompliance is continuing, an immediate response to cause the noncompliant discharge to cease; and

(C) all steps taken or to be taken to reduce, eliminate, and prevent continuation or recurrence of an upset, slug load, or accidental discharge, spill, or other condition of noncompliance.

(3) The notification does not relieve the industrial user of any expense, loss, damage, or other liability that may be incurred as a result of damage to the wastewater system or to natural resources, or any other damage to persons or property, nor does the notification relieve the industrial user of any fines, penalties, or other liability that may be imposed pursuant to this chapter.

(4) A notice must be permanently posted on the industrial user’s bulletin board or in another prominent location advising employees whom to call in the event of a discharge. An industrial user shall ensure that all employees, who may cause such a discharge to occur, are advised of the emergency notification procedure.
(5) The director shall evaluate whether the industrial user needs a plan or other action to control possible future accidental discharges.

(g) **Reports from non-permitted users.** Industrial users not required to obtain a wastewater discharge permit must still provide appropriate reports to the director when required by the director.

(h) **Submission of self-monitoring reports and violations based on self-monitoring.** The industrial user shall submit all notices and self-monitoring reports necessary to assess and assure compliance with pretreatment standards and requirements, including but not limited to, the reports required in Title 40, Code of Federal Regulations, Section 403.12, as amended. If an industrial user’s monitoring and wastewater analysis indicates that a violation has occurred, the industrial user shall do all of the following:

(1) Notify the director within 24 hours after becoming aware of the violation.

(2) Repeat the sampling and submit to the director a written report of the results of the second analysis within 30 days after becoming aware of the violation. If the city has performed the sampling and analysis in lieu of the industrial user, the city must perform the repeat sampling and analysis unless it notifies the industrial user of the violation and requires the industrial user to perform the repeat analysis.

(i) **Notification of the discharge of hazardous waste.**

(1) **Notification process in general.**

(A) Pursuant to Title 40, Code of Federal Regulations, Section 403.12(p), as amended, any industrial user that commences the discharge of a hazardous waste listed in Title 40, Code of Federal Regulations, Part 261, as amended, shall notify the director, the EPA Region VI Waste Management Division Director, and the TCEQ, in writing, of the discharge.

(B) The notification must include the name of the hazardous waste as set forth in Title 40, Code of Federal Regulations, Part 261, as amended, the EPA hazardous waste number, and the type of discharge (continuous, batch, or other).

(C) If the industrial user discharges more than 100 kilograms of hazardous waste in a calendar month to the wastewater system, the notification must also contain the following information to the extent the information is known and readily available to the industrial user:

(i) An identification of the hazardous constituents contained in the wastes.

(ii) An estimation of the mass and concentration of the constituents in the wastestream discharged during that calendar month.

(iii) An estimation of the mass of constituents in the wastestream expected to be discharged during the following 12 months.

(D) All notifications must be sent within 180 days after the discharge commences. Only one notification is required for each hazardous waste discharged. Notification of changed conditions, however, must be submitted pursuant to Subsection (e). The notification requirement in this subsection does not apply to pollutants already reported by industrial users subject to categorical pretreatment standards under the self-monitoring requirements of Sections 49-51(h) and 49-55.3.

(2) **Certain discharges exempt.** A discharger is exempt from the requirements of Subsection (i)(1) during a calendar month in which it discharges no more than 15 kilograms of non-acute hazardous waste. Discharge of more than 15 kilograms...
of non-acute hazardous wastes in a calendar month, or of any quantity of acute hazardous wastes as specified in Title 40, Code of Federal Regulations, Sections 261.30(d) and 261.33(e), as amended, requires a one-time notification. No additional notification is required for the subsequent discharge of a hazardous waste in excess of the quantities permitted.

(3) **Listing of new hazardous waste.** In the case of any new regulation under Section 3001 of the Resource Conservation and Recovery Act (42 U.S.C. 6901 et seq.) identifying additional characteristics of hazardous waste or listing any additional substance as a hazardous waste, the industrial user shall notify the director, the EPA Region VI Waste Management Division Director, and the TCEQ of the discharge of such substance within 90 days after the effective date of the regulation.

(4) **Certification required.** In the case of any notification made under this section, the industrial user shall certify that it has a program in place to reduce the volume and toxicity of hazardous wastes generated to the degree it has determined to be economically practical.

(5) **No right to discharge created.** This subsection does not create a right to discharge any substance not otherwise permitted to be discharged by this chapter, a permit issued under this chapter, or any applicable federal or state law.

(j) **Analytical requirements.** All pollutant analyses (including sampling techniques) to be submitted as part of a wastewater discharge permit application or report must be performed in accordance with the techniques prescribed in Title 40, Code of Federal Regulations, Part 136, as amended, unless otherwise specified in an applicable categorical pretreatment standard. If Title 40, Code of Federal Regulations, Part 136, as amended, does not contain sampling or analytical techniques for the pollutant in question, sampling and analyses must be performed in accordance with procedures approved by the EPA or TCEQ.

(k) **Sample collection.**

(1) Except as indicated in Subsection (k)(2), the industrial user shall collect wastewater samples using flow proportional composite collection techniques. If flow proportional sampling is not feasible, the director may authorize the use of time proportional sampling or a minimum of four grab samples if the user demonstrates that this will provide a representative sample of the effluent being discharged. In addition, grab samples may be required to show compliance with instantaneous discharge limits.

(2) Samples for oil and grease, temperature, pH, cyanide, phenols, sulfides, and volatile organic compounds must be obtained using grab collection techniques.

(l) **Date reports deemed received.** Written reports are deemed to have been submitted on the date postmarked. For reports that are not mailed, postage prepaid, into a mail receptacle serviced by the United States Postal Service, the date the report is received governs.

(m) **Certification and signatory requirements.**

(1) The following must be certified to and signed by the authorized representative:

(A) All permit applications.

(B) Baseline monitoring reports.

(C) Reports on compliance with categorical pretreatment standard deadlines.

(D) Periodic compliance reports.

(E) Any report specifically required by the director.

(2) The following statement must be used to certify the applications and reports listed in Subsection (m)(1):
I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

(n) Best management practice documentation. If the pretreatment standards require compliance with best management practices or a pollution prevention alternative, the industrial user shall submit documentation to the director demonstrating compliance with these requirements. (Ord. 28084)

SEC. 49-52. RECORDKEEPING.

(a) An industrial user subject to the reporting requirements of this article shall retain (and make available for inspection and copying) all information obtained pursuant to monitoring activities required by this article and any additional information obtained through monitoring activities undertaken by the industrial user, independent of such requirements. Records documenting best management practices are specifically included in this recordkeeping requirement and must be maintained in accordance with this section.

(b) Records must include the following information:

(1) The date, exact place, method, and time of sampling.

(2) The name of each person who took the samples.

(3) The dates the analysis was performed.

(4) The name of each person who performed the analysis.

(5) The analytical technique or method used.

(6) The results of the analysis.

(c) These records must be retained and made available by an industrial user for a period of at least three years. This period will automatically be extended for the duration of any litigation concerning the industrial user or the city, or where the industrial user has been specifically notified of a longer retention period by the director.

(d) Any record submitted pursuant to Subsections (a) and (b) must be retained by the city for a period of at least three years. This period will automatically be extended for the duration of any litigation concerning the industrial user or the city, or where the city has notified the industrial user of a longer retention period. In addition, the city shall make all reports available for inspection and copying by the public. (Ord. 28084)

SEC. 49-53. PUBLICATION OF INDUSTRIAL USERS IN SIGNIFICANT NONCOMPLIANCE.

The director shall annually publish, in the largest daily newspaper published in the city, a list of the industrial users who, during the previous 12 months, were in significant noncompliance with applicable pretreatment standards and requirements. (Ord. 28084)
§ 49-54. REGULATION OF WASTES FROM OTHER JURISDICTIONS.

(a) Prior to contributing wastewater in the wastewater system, a municipality must enter into an interlocal agreement with the city.

(b) The director may request the following information from the contributing municipality:

1. A description of the quality and volume of wastewater to be discharged to the wastewater system by the contributing municipality.

2. An inventory of all industrial users located within the contributing municipality that will be discharging to the wastewater system.

3. Any other information deemed necessary by the director. (Ord. 28084)

SEC. 49-55. EXTRAJURISDICTIONAL USERS.

(a) An extrajurisdictional user shall apply for a permit in accordance with this article as specified in Section 49-46(a) and (b) prior to discharging to the wastewater system.

(b) This section does not apply to extrajurisdictional users in jurisdictions that have an agreement with the city pursuant to Section 49-54.

(c) A wastewater discharge permit issued to an extrajurisdictional user must be in the form of a contract and include, at a minimum, the components found in Title 40, Code of Federal Regulations, Section 403.8(f)(1)(iii), as amended, and be approved by the city council. An extrajurisdictional user must agree to follow and be bound by the requirements of this article. (Ord. Nos. 19201; 26925; 28084)

SEC. 49-55.1. INSPECTION CHAMBERS.

(a) Chambers required. A person who discharges industrial waste into the wastewater system must provide, at his own expense, an inspection manhole or chamber in an accessible location on the premises from which the waste is discharged.

(b) Special requirements. An inspection manhole or chamber must be:

1. near the outlet of each building lateral, sewer, drain, pipe, or channel that connects with the wastewater system;

2. designed and constructed to prevent infiltration by ground and surface water; and

3. maintained so that a person may easily and safely measure the volume and obtain samples of the flow.

(c) Construction plans required. Before beginning construction of an inspection manhole or chamber, a person must submit plans to the director for review and approval to insure compliance with this section. Plans must include the wastewater metering device if one is to be installed. (Ord. Nos. 19201; 26925; 28084)

SEC. 49-55.2. MEASUREMENT OF WASTE VOLUME.

(a) Metering devices. If a person who discharges industrial waste into the wastewater system installs and maintains in proper working condition a wastewater metering device of a type approved by the director, the actual wastewater flow from the premises will be the basis for computing charges for services.

(b) Measurements without a meter. On premises where water is obtained exclusively from the water system and no wastewater metering device is installed, the director shall compute the wastewater flow, for purposes of determining service charges, based on the water consumption during the previous month.

(c) Wastewater from private sources. On premises where all or part of the water is obtained from a source other than the water system and no
wastewater metering device is installed, the owner shall provide and maintain a metering device, of a type approved by the director, to measure sources of private water.

(d) **Estimated usage.** If an activity on premises consumes water by evaporation, includes water in a product, or discharges water into a storm sewer, the owner may make application to the director for reduction in the volume of wastewater estimated to be discharged from the premises. The application must contain supporting data, including but not limited to a flow diagram showing the route and destination of the water supply and wastewater. (Ord. Nos. 19201; 26925; 28084)

SEC. 49-55.3. INSPECTION AND SAMPLING.

(a) **Inspection and sampling.** The director shall inspect and sample each significant industrial user at least once each year. The director may, however, inspect and sample a significant industrial user more frequently. The inspection, surveillance, and monitoring must be independent of information received from the self-monitoring reports program. If a significant industrial user requires additional samples, the director may require the user to pay the cost of the additional service.

(b) **Sample collection and analysis.** Samples must be collected and analyzed in accordance with Sections 49-51(j) and (k). A sample may be taken manually or by use of mechanical equipment.

(c) **Submission of monitoring data.** All significant industrial users shall submit all monitoring data of regulated pollutants that has been collected at the appropriate sampling location, in accordance with Section 49-51.

(d) **Accidental discharge/slug control plans.** Within one year after an industrial user is designated as a significant industrial user, the director shall evaluate and determine whether the significant industrial user needs to develop, submit, and implement an accidental discharge/slug control plan. The director may also require any industrial user to develop, submit, and implement such a plan. Alternatively, the director may develop the plan for any industrial user. An accidental discharge/slug control plan must address, at a minimum, the following:

1. A description of discharge practices, including non-routine batch discharges.
2. A description of stored chemicals.
3. Procedures for immediately notifying the director of any accidental or slug discharge, as required by Section 49-51(i).
4. Procedures to prevent adverse impact from any accidental or slug discharge. The procedures may include, but are not limited to, the inspection and maintenance of storage areas, the handling and transfer of materials, the loading and unloading operations, the control of plant site runoff, worker training, the building of containment structures or equipment, measures for containing toxic organic pollutants (including solvents), and measures and equipment needed in the event of emergency response.

(e) **Self-monitoring program.** The director may, to the extent permitted by the EPA, delegate self-monitoring and reporting responsibilities to specific industrial waste discharge permittees, based upon the compliance history of a permittee and the volume and character of the waste discharge. Self-monitoring data from an industrial user must be submitted with accompanied chain-of-custody forms.

(f) **Waiver of pollutant sampling.**

1. The city may authorize an industrial user subject to a categorical pretreatment standard to forego sampling of a pollutant regulated by a categorical pretreatment standard if the industrial user has demonstrated, through sampling and other technical factors, that the pollutant is neither present nor expected to be present in the discharge, or, if present, is only present at background levels from intake water, without any increase in the pollutant due to activities of the industrial user.
(2) The authorization is subject to the following conditions:

   (A) The pollutant is determined to be present solely due to sanitary wastewater discharged from the facility, provided that the sanitary wastewater:

   (i) is not regulated by an applicable categorical standard; and

   (ii) includes no process wastewater.

   (B) The waiver is valid only for the duration of the effective period of the individual wastewater discharge permit, but in no case longer than five years. The industrial user must submit a new request for a waiver when a subsequent individual wastewater discharge permit is granted.

   (C) The industrial user must provide data from at least one sampling of the facility’s process wastewater prior to any treatment present at the facility. The process wastewater sample must be representative of wastewater from all processes.

   (D) The request for a waiver must be signed in accordance with Section 49-1(5) and include the certification statement in Section 49-51(m).

   (E) Non-detectable sample results may be used as a demonstration that a pollutant is not present if the EPA-approved method from Title 40, Code of Federal Regulations, Part 136, as amended, with the lowest minimum detection level for that pollutant was used in the analysis.

   (F) Any waiver by the director must be included as a condition in the industrial user’s permit. The reasons supporting the waiver and any information submitted by the industrial user in its request for the waiver must be maintained by the director for a period of three years after the expiration of the waiver.

   (G) The industrial user must certify that there has been no increase of the pollutant in its wastestream due to its activities. The certification must appear on all future reports, along with the statement in Section 49-51(m).

   (H) If a waived pollutant is found to be present or is expected to be present because of changes occurring in the industrial user’s operations, the industrial user must immediately:

   (i) comply with the sampling requirements of Section 49-55.3(a) or other more frequent sampling requirements imposed by the director; and

   (ii) notify the director.

(3) This subsection does not supersede certification processes and requirements established in categorical pretreatment standards, except as otherwise provided in the categorical pretreatment standards. (Ord. Nos. 19201; 20215; 21409; 26925; 28084)

SEC. 49-55.4. CONFIDENTIALITY.

(a) Confidential information. An industrial user who asserts the trade secret exception to disclosure under Chapter 552 of the Texas Government Code (the Public Information Act) and Title 40, Code of Federal Regulations, Part 2, as amended, must clearly mark or stamp the words “confidential business information” on each page that contains proprietary information at the time the information is submitted to the city. If no claim is made at the time of submission, the city shall make the information available to the public without further notice. If a claim is asserted, the information will be treated in accordance with the procedures in Title 40, Code of Federal Regulations, Part 2, as amended.

(b) Effluent data. Information and data provided to the city under Subsection (a) of this section that is effluent data will be available to the public without restriction.

(c) All other information. All other information submitted to the city is available to the public in accordance with state and federal law. (Ord. 28084)
§ 49-55.5 WASTE MANAGEMENT OPERATORS.

(a) General requirements. A person who is a waste management operator and discharges industrial waste into the wastewater system must:

(1) discharge only at points in the wastewater system designated by the director;

(2) install and maintain an accurate wastewater metering device, or provide for accurate flow estimates in a manner as required by the director;

(3) compensate the city for the full cost of all sample collection and laboratory analyses for the purpose of monitoring and maintaining control of the discharge of industrial waste into the wastewater system, or implement a self-monitoring and reporting program approved by the director;

(4) maintain accurate records, available to the director upon request, showing:

(A) the volume of industrial waste discharged;

(B) the dates of receipt and disposal of industrial waste;

(C) the type of waste discharged; and

(D) the names and addresses of producers and haulers of all waste being processed; and

(5) comply with all applicable federal, state, and local laws and regulations. (Ord. Nos. 19201; 20215; 21409; 26925; 28084)

SEC. 49-55.6 POLLUTION OF WATER IN RESERVOIRS.

(a) Activities constituting offense. A person commits an offense if he conducts any of the following activities in a city reservoir:

(1) Bathing.

(2) Throwing, depositing, or discharging urine, excrement, trash, garbage, toxic or otherwise hazardous substances, or other pollutants.

(3) Causing some other nuisance upon or in the city reservoir. (Ord. Nos. 19201; 26925; 28084)

SEC. 49-55.7 DEPOSIT OR DISCHARGE OF CERTAIN MATERIAL INTO WASTEWATER SYSTEM OR STORM-SEWER.

(a) Illegal discharges. A person commits an offense if he:

(1) deposits garbage, dead animals, trash, articles, or other substances tending to obstruct the flow of wastewater, into a manhole, cleanout, or other opening;

(2) discharges industrial waste into a storm sewer or storm drain;

(3) discharges normal domestic wastewater into a storm sewer or storm drain; or

(4) discharges storm water collected from a storm sewer or storm drain into the wastewater system.

(b) Gutter connections. A person commits an offense if he connects a private gutter, rainwater conductor, privy, or cistern to a part of the wastewater system. (Ord. Nos. 19201; 26925; 28084)
ARTICLE V.
DEVELOPMENT AND SYSTEM EXTENSIONS.

SEC. 49-56. AUTHORITY TO MAKE CAPITAL IMPROVEMENTS; SPECIAL ASSESSMENTS; LOT AND ACREAGE FEES.

(a) Authority. The director is authorized to:

(1) extend water and wastewater mains to permit connections to persons seeking service;

(2) replace water and wastewater mains which are substandard in size or condition; and

(3) make rules and regulations, not in conflict with this article or other laws, regarding the extension of mains by or for developers to serve newly created or redeveloped subdivisions or resubdivisions.

(b) Special assessments. The cost of extension of a water or wastewater main a distance greater than 100 feet will be charged to an individual owner who specially benefits from the extension in accordance with the provisions of this section and the procedures established in Subchapter D of Chapter 402, Texas Local Government Code, as amended. A special assessment will be based upon the front foot rate prescribed in Section 49-18.10, unless the city council finds it necessary to adjust the rate under the circumstances set forth in Subsection (c) of this section. The director is authorized to promulgate regulations, not in conflict with state law or this chapter, governing how requests for extensions under this subsection are made and presented for assessment. In calculating the 100-foot requirement of this section, street intersection distances will be excluded.

(c) Manner of special assessment. A lot or tract of land which is not a corner lot and which extends between street lines so as to abut on two or more public streets will be specially assessed for each frontage if the property will be or is used in a manner such that service will actually be used from the mains in those streets; otherwise, the property will be specially assessed based only upon the frontage where the connection is made to the main.

(d) Adjustment of rates. If the city council determines in an assessment under Subsection (b) that the front foot rate prescribed in Section 49-18.10 exceeds the special benefit to a lot or tract by its enhanced value, or that the manner of assessment creates an inequality or injustice as to similarly situated lots or tracts, the city council, in order to insure substantial equality of benefits received and burdens imposed, will:

(1) adjust the prescribed front foot rate; or

(2) determine another method of apportioning the charges.

(e) Private service replacements. If the director determines it necessary to replace or relocate a building water line or building lateral incidental to the extension, relocation, or replacement of a main under this article because of the size or location of the main extension, relocation, or replacement, the director is authorized to:

(1) require the property owner to perform the private work at the owner’s expense; or

(2) cause the private work to be done in accordance with Article 402.901, Texas Local Government Code, which article is hereby adopted as the procedure for this subsection in all respects as it applies to the city.

(f) Manner of special assessment payment. A special assessment under Subsection (b) or (d)(2) may be paid in a lump sum, or by installment, in accordance with the terms prescribed in the applicable assessment ordinance. Where paid in installments, a mechanic’s lien contract and installment promissory note must be executed on forms provided by the director and approved by the city attorney.
(g) **Liability in event of transfer.** If a mechanic’s lien contract and installment promissory note have been executed as provided under this section, and ownership of the property changes after execution of the contract and note, the new owner may assume payment of the unpaid installments. The new owner takes the property subject to the lien for special assessments. Notwithstanding the new owner’s assumption of liability, the previous owner remains personally liable for special assessment payments owed under the contract until it is paid in full. In the event of nonpayment, the director may:

1. discontinue service to the property;
2. enforce the lien created under the contract and note; or
3. look to the previous owner for payment due.

(h) **Lot or acreage fee.** If an individual owner of property using the water or wastewater system for the first time connects to an existing main constructed by a developer entitled to city participation under Section 49-62, the individual owner shall be charged a lot or acreage fee to aid in reimbursement of developer construction in accordance with the following rules:

1. The fee shall be charged as prescribed in Section 49-18.10(c). An individual owner of a lot that is part of a subdivided tract shall pay a lot fee; an individual owner of an unsubdivided tract shall pay an acreage fee.

2. Notwithstanding any lot or acreage fee previously paid under this subsection, if an individual owner subdivides, develops or redevelops his property in a manner necessitating new extensions, the rules regarding developers in this article shall apply.

3. The lot or acreage fee charged shall be the fee in effect on the date the individual owner applies for a service connection permit. The fee shall be paid prior to issuance of the connection permit.

(4) All lot and acreage fees collected shall be deposited to the credit of the appropriate city fund. All fees collected shall be used only for the purpose of reimbursing developers as required under Section 49-62.

(i) **No obligation to extend.** The city and the director are not obligated to make a main extension if:

1. funds to pay for the extension are not available to the city;
2. the director determines for engineering or financial reasons that an extension is not practical; or
3. the individual owner or developer requesting the extension fails to abide by the provisions of this article. (Ord. Nos. 19201; 19622; 20215; 20653; 26925; 29645)

SEC. 49-57. RESERVED. (Repealed by Ord. 20653)

SEC. 49-58. RESERVED. (Repealed by Ord. 20653)

SEC. 49-59. REPLACEMENT OF SUBSTANDARD MAINS.

(a) **Substandard size mains.** The director is authorized to replace a substandard size water or wastewater main when:

1. property owners request in writing to the director that the substandard size main be replaced in order to:
   
   (A) provide fire protection;
§ 49-59 Water and Wastewater § 49-60

(B) increase the water supply for consumption;

(C) improve the water pressure in an area; or

(D) improve the quality or capacity of wastewater collection in an area;

(2) a substandard size main must be replaced by a standard size main in advance of paving; or

(3) the director determines that replacement of a substandard size main is necessary to provide for orderly improvement or operation of the system.

(b) Substandard condition mains. The director is authorized to replace a water or wastewater main that is substandard as to condition when he determines that:

(1) due to its overall condition, the main is no longer economical to maintain as a part of the water or wastewater system; or

(2) the main is in such a condition that it poses a threat to the health or safety of persons or property.

(c) Removal and reconnection of main. When a substandard main is replaced, the department shall transfer and reconnect existing service connections to the new main and remove or abandon the substandard main.

(d) Exception. A person connected to an existing substandard main at the time of its replacement will not be required to pay special assessments for the replacement of the substandard main. (Ord. Nos. 19201; 20653)

SEC. 49-60. GENERAL RULES FOR EXTENSIONS BY DEVELOPERS.

(a) No extension without plat. Except in those instances where a plat is not required by law to develop property, the director shall not permit, and no person shall provide, extension of water or wastewater service to a lot, tract or other parcel of land unless:

(1) the lot, tract or other parcel of land has been platted in accordance with the requirements of this code and state law;

(2) the plat has been released for filing by the director and given final approval by the city plan commission; and

(3) the plat has been filed for record in the plat records of the county in which the lot, tract or other parcel of land is located.

(b) Plat approval guidelines. In addition, the following rules apply to the release and approval of plats by the city:

(1) The city plan commission shall not approve a plat for filing without a release from the director verifying that the plat conforms to the city’s requirements for water or wastewater utility development and otherwise conforms to the general plan of the city for water and wastewater extensions.

(2) The city plan commission is not obligated to approve a plat nor is the director obligated to release a plat if the mains proposed to serve the development exceed the existing capacity, or the immediate future capacity, of the water or wastewater system to adequately and economically serve that development and other adjacent property.

(c) Preliminary layout. At the same time that a preliminary plat is filed for consideration with the city plan commission, the developer must submit the following to the director:

(1) a preliminary layout or site plan showing the location and size of all mains, valves and hydrants necessary to serve the proposed development;

(2) designated locations of dedications or public easements, proposed or existing, necessary for
the laying of all mains and appurtenances, to be indicated on the layout or site plan; and

(3) the design review fee charged by the director in accordance with Section 49-18.14(a).

(d) Design criteria. All layouts and designs for proposed mains and appurtenances, whether preliminary or final, must be strictly in accordance with the Water and Wastewater Design Manual of the department. The director may refuse to release any plat for approval by the city plan commission where the criteria of this manual are not met.

(e) Preliminary design phase. Upon review and approval of the preliminary layout or site plan, the developer may proceed as follows:

(1) The developer may begin the preliminary design of water and wastewater mains and appurtenances for the proposed development, in accordance with Subsection (d).

(2) Upon completion of the preliminary design, the developer must submit the preliminary design to the director. Pending review of the design, the developer may then file a final plat with the city plan commission. Changes or corrections in the design will be noted and returned to the developer.

(3) The developer may prepare the final design of the proposed system after the director approves the preliminary design.

(f) Private development contracts. After approval of the preliminary design, the developer may enter into a construction contract to build the proposed facilities, subject to the following rules:

(1) The developer shall enter into one of the following types of private development contract for construction of the facilities:

(A) a private development contract with a private construction contractor, with the city as a beneficiary; or

(B) a private development contract directly with the city for the developer to build the facilities.

(2) The cost of the system to be built must be borne as provided in Section 49-62.

(3) The private development contract must be made according to terms and conditions stated on a form provided by the director and approved by the city attorney.

(4) The private development contract must include performance and payment bonds equivalent to those which the city uses and requires in its standard specifications, and the city must be a named obligee in the bonds.

(5) Charges for additional review of system designs under Section 49-18.14(a) shall be due upon submission of the additional review material.

(7) In addition, to ensure that the city will not incur claims or liabilities as a result of the developer’s failure to make payment in accordance with the terms of a private development contract, the director may require the developer, as a precondition of approval of release of a final plat, to provide sufficient surety guaranteeing satisfaction of claims against the development in the event such default occurs. The surety shall be in the amount of the private development contract. The surety shall also be in the form of a bond, escrow account, cash deposit, or unconditional letter of credit drawn on a state or federally chartered lending institution. The form of surety shall be reviewed and approved by the city attorney. If a bond is provided, the bond shall be in a form furnished by the director and approved by the city attorney. The bond shall be executed by the developer and at least one corporate surety authorized to do business and licensed to issue surety bonds in the State of Texas and otherwise acceptable to the city. If a cash deposit is provided, the deposit shall be placed in a special account and shall not be used for any other purpose. If an escrow account is provided, the account shall be placed with a state or federally chartered lending institution.
chartered lending institution with a principal office or branch in Texas, and any escrow agreement between the developer and the escrow agreement shall provide for a retainage of not less than 10 percent of the private development contract amount, to be held until the director gives written approval of the construction of the facilities. Interest accruing on the special account shall be credited to the developer. This subsection (f)(7) shall expire on January 1, 1994, unless this subsection is terminated sooner or extended by ordinance of the city council.

(g) Final release. Prior to the director’s release of the final plat for approval by the city plan commission, the developer must submit the following items to the director:

1. the approved design of all mains, valves, service connections to be constructed by the developer and hydrants for the proposed development as prepared in accordance with all applicable requirements of this article;

2. an executed private development contract for the proposed development and development surety, both as prescribed in Subsection (f); and

3. if the developer desires to plat more lots than the developer will construct utilities to serve, a covenant for the benefit of the city running with the land and agreeing to construct the utilities necessary to serve the development at total cost in accordance with this article.

(h) Covenant procedures. Covenants required under Subsection (g)(3) must be approved in accordance with the procedure set out in Section 2-11.2 of this code. After approval as to form by the city attorney, the covenant shall be filed in the deed records of the county where the property is located. Upon determination by the director that all the conditions of the covenant have been fulfilled, the city manager may execute and cause to be filed of record a release of the covenant without the necessity of city council approval.

(i) Development on previously platted or unplatted land. If a person develops property without having to file a plat or replat for approval by the city, the requirements of this section still apply, as modified by the following rules:

1. A copy of the existing recorded plat or replat within which the property lies and all layouts, proposed system designs and design review and survey staking fees must be submitted with the request for extension.

2. Any charges due under Section 49-62 must be paid before or upon application for a service connection permit.

3. The director is authorized to promulgate additional procedures, not in conflict with this chapter or other laws, to aid implementation of this subsection. (Ord. Nos. 19201; 20215; 20653; 21045; 21491; 23289)

SEC. 49-61. CONSTRUCTION OF DEVELOPER EXTENSIONS.

(a) Commencement of construction. The department will approve commencement of construction after approval of the final plat by the city plan commission, upon the developer’s meeting the following conditions:

1. the construction plans must be in complete and correct form;

2. all easements, dedications and other public rights-of-way necessary to construction must be in existence;

3. all necessary contract documents and bonds must be submitted; and

4. the final plat, as recorded, must be submitted.
(b) **Early start.** The director may, upon written request from the developer, allow construction to commence before submission of the final recorded plat required in Subsection (a)(4), if all other applicable requirements of this article have been met; except that the city reserves its right to refuse final acceptance of the facilities and building permits until the final plat is approved and recorded.

(c) **Construction conditions.** The following additional rules apply to actual construction of the facilities in a development under this section:

1. Installation of facilities must be made in public rights-of-way belonging to the city and filed of record, and must be made in a manner that does not damage existing facilities of the water or wastewater system.

2. Construction and installation of facilities, including service connections, if any, must be supervised by inspectors of the city to see that it is done in accordance with the plans and specifications, which are a part of the private development contract, and applicable provisions of this chapter.

3. On service connections larger than two inches that are constructed by the developer, the developer shall reimburse the city for any necessary materials or appurtenances furnished by the city.

4. Grade stakes for mains will be set by the developer’s engineer after the plans are released for construction by the director; provided, however, that grade stakes may not be set until after the developer’s engineer has properly staked on the ground with iron pins all easements, points of curves and tangency, all block corners and all lot corners within the subdivision, and has properly staked all fire hydrants.

5. All construction plans must comply with the following publications of the department:

   (A) *Water and Wastewater Procedures and Design Manual.*

   (B) *Development Design Procedure and Policy Manual.*

   (C) *North Central Texas Standard Specifications for Public Works Construction*, as may be modified by the *Water Utilities Department Addendum to the Standard Specifications*, or other special provisions.

   (D) *Water Utilities Department Standard Drawings.*

6. The director may, upon written request of the developer, permit temporary, partial use of installed facilities in a development prior to final acceptance of a system, if the department inspects the facilities to be used and determines that they meet the city’s construction requirements. Temporary permission under this subsection may not be construed as acceptance of any facilities, and the developer shall remain liable for all applicable service charges set forth in this chapter and all costs of construction. The duration of temporary permission will be as determined by the director, but may never exceed 90 days from the date of approval of the request. On the expiration date, the director will discontinue service unless the director approves the developer’s written request for an extension of temporary permission or issues final acceptance in accordance with Subsection (c)(6) of this section. The director may revoke or prohibit temporary permission under this subsection if the developer fails or refuses to comply with the provisions of this chapter.

7. The city will issue final acceptance when construction is complete in accordance with the city’s requirements, the developer has paid all costs of construction due and all charges due the city under this article, and the final plat has been approved and filed of record as required by law. Following issuance of final acceptance, facilities installed become the property of the city, free and clear of all liens, claims, and encumbrances.

8. Facilities constructed in a development pursuant to this article must be hydrostatically tested.
§ 49-61 Water and Wastewater § 49-62

by the department prior to final acceptance. The developer shall cause any deficiencies or nonconformities in construction shown as a result of the hydrostatic test to be corrected and retested by the department until the test is passed. The developer shall pay a fee for hydrostatic testing when required in Section 49-18.17.

(9) Damage to the work, relocation or revisions in the plans necessitated by other construction, or modification of the development will be charged to the developer, and service will be withheld or discontinued to the development until the charges are paid.

(d) City not liable. Nothing in this article shall be construed to render the city liable for sums owed by a developer to private contractors or subcontractors for work done under a private development contract.

(Ord. Nos. 19201; 19622; 20215; 23289; 26479)

SEC. 49-62. RULES REGARDING THE CONSTRUCTION AND COST OF NEW MAINS IN A DEVELOPMENT.

(a) Oversize mains. The city will participate in the cost of any oversize main the developer is required to construct, by purchasing the excess capacity in the main at the oversize cost of the main. The director’s determination of the size of main necessary to adequately serve the subdivision, and the necessary degree of oversizing, is final. Oversize cost will be based upon the evaluated cost tables of Section 49-18.11 and will be paid after acceptance of the oversize main by the city.

(b) On-site extensions. The developer must construct all new on-site extensions necessary to adequately serve the development, subject to applicable city payments for participation in oversize cost under Subsection (a). Construction of an on-site extension shall be pursuant to a private development contract approved by the director and in accordance with Chapter 212, Subchapter C, Texas Local Government Code, as amended.

(c) Off-site extensions. The following rules govern the installation of and city participation in off-site extensions required to be constructed by a developer in order to adequately serve the development:

(1) The developer shall construct any new off-site extension necessary to adequately serve the development, if the city or another developer has not already commenced design or construction of the extension in connection with another development or project, subject to applicable city payments for participation in oversize cost under Subsection (a).

(2) Construction of an off-site extension shall be pursuant to a private development contract approved by the director and in accordance with Chapter 212, Subchapter C, Texas Local Government Code, as amended. The off-site extension construction may be included as a part of any private development contract for construction of on-site extensions or other infrastructure within the development, provided the rules of this article are complied with. The city will participate in the cost of the off-site extension by purchasing the extension, after completion and acceptance by the city, for the total evaluated cost of the extension. City payment will be made in the manner provided in this subsection.

(3) The city will make payment for purchase of the off-site extension based upon new connections to the extension, at the applicable rate stated in Section 49-18.15(a). The developer or other person entitled to payment under Subsection (c)(5) must request payment in writing, and provide addresses and lot and block numbers for new connections, on a semi-annual basis or on such other basis as prescribed by the director in order to better facilitate proper payment. However, if the development requiring the off-site extension and the surrounding property through which the extension is constructed are, at completion of construction, fully developed in a manner consistent with its zoning so that all or substantially all of the new connections to the extension capable of being made are actually made and no additional new connections are expected or
required, the full amount of city payment owed to the
developer will be made upon acceptance of the
extension instead of the rated payment method
described above.

(4) City payments under Subsection (c)(3)
may be made to:

(A) the original developer constructing
the extension;

(B) the original developer’s legal
successor by merger or other proceedings, if the
developer is a corporation, partnership or other
business entity;

(C) the original developer’s heirs or
designated beneficiaries legally established by a validly
probated will or duly created estate administration;

(D) an assignee of the original developer,
pursuant to a written, notarized agreement transferring
the right to a payment which is executed by the original
developer, legal successor, heir, beneficiary or their
authorized agent and which is filed with the director
after execution; or

(E) if after appropriate invest-igation the
director determines that no one else exists who could
claim a right to city payments under Subsections
(c)(4)(A) through (c)(4)(D), any other person the
director determines would have a right to receive city
payments; provided, however, that if no person makes
a claim for city payments owed under this subsection
within 20 years after acceptance of the off-site extension
by the city, the funds will be considered abandoned
and will be placed in the department’s general
operating fund. The director is authorized to
promulgate procedures, not in conflict with this chapter
or other laws, for handling claims under this Subsection
(c)(4).

(5) City payments for off-site extensions will
be processed in accordance with Subsections (h) and (i)
of this section, subject to any other applicable credits or
charges prescribed in this chapter.

(d) Existing mains. The developer may utilize
any existing main that may be available to adequately
serve a proposed development in the design and
construction of extensions subject to the payment of
the acreage fee described in Subsection (e) of this
section, if the director determines that:

(1) the existing main is not substandard as
to size or condition; and

(2) the main is capable of adequately
serving the development and not impractical to use for
engineering or financial reasons; otherwise, the mains
shall not be used or shall be replaced as required in
Subsection (f).

(e) Acreage fee. A developer utilizing an
existing main under this section shall be charged an
acreage fee if the existing main utilized was previously
constructed by a developer entitled to city
participation under this section. The amount of the fee
shall be as prescribed in Section 49-18.10(d), and shall
be paid upon completion of final design of the
proposed system serving the development. All
acreage fees collected shall be deposited to the credit
of the appropriate city fund, and shall be used only for
the purpose of reimbursing developers as required
under this section.

(f) Replacement mains. The following rules
govern the construction of a replacement main:

(1) The developer shall replace every
existing substandard main serving the development
with a main of adequate size and condition for
permanent service, as determined by the director,
subject to applicable city participation under this
section.

(2) The method of city participation in the
cost of replacement of an off-site main within the city
shall be governed by the rules for off-site extensions in
Subsection (c).

(g) Trunk or transmission mains. If platted
property abuts or fronts on an existing water
transmission or trunk wastewater main and connection to the main is not permitted by the director, the developer will not be charged for the existing trunk or transmission main, but may still be required to construct another main to adequately serve the development. City participation in the cost of the alternate main shall be governed by the applicable rules of Subsections (a) through (c) of this section.

(h) Duplicate mains. Subject to the rules of Subsections (d) and (e) of this section, if more than one existing water or wastewater main fronts, abuts or lies within a development, the director shall determine which existing main or mains the developer shall be allowed to connect to, if any.

(i) City payments and other charges offset. The director shall offset any charges payable by developers under this chapter, except charges for retail use of the water or wastewater system, against city payments owed to a developer. If charges exceed city payments, payment must be made to the city prior to commencement of service. If city payments exceed charges the city will make payment upon acceptance of the system by the city, subject to the method of payment for off-site extensions described in Subsection (c)(3); provided, however, that no city payment under this article shall exceed 30 percent of the total private development contract price. Where the city’s participation exceeds $10,000, the director may waive the 30 percent limitation if the director chooses, in the director’s sole discretion, to advertise the construction for competitive bids in accordance with state law. Charges paid to the city, if any, go into the department’s operating fund or into the trust fund, where applicable.

(j) Disbursement of funds. Without additional city council approval, the director of finance is authorized to encumber and allocate funds from the appropriate water and wastewater system improvement fund and to issue checks or warrants from the proper encumbrance out of that fund for the purpose of making payments under this section, upon certification from the director that the developer has met all the applicable requirements of this article and that the amount of the payment accurately reflects the amount due the developer under this section.

(k) No limitation on city. Nothing in this section shall be construed to restrict the city’s authority to construct capital improvements for the benefit of development or the citizens of the city. (Ord. Nos. 19201; 19526; 19622; 20215; 20653; 29645)

SEC. 49-63. CERTAIN EXISTING MAINS EXEMPT.

(a) Exemption. Property platted into lots, tracts or other parcels and having existing water and wastewater mains prior to December 11, 1936 is exempt from pro rata.

(b) Resubdivided property. Where the property described in Subsection (a) is later subdivided, replatted or otherwise developed such that the existing mains are otherwise replaced or extended in order to serve the property, then the terms of this article apply.

(c) Charges already paid. Where an individual owner or developer has already paid or contributed toward an existing main in accordance with the terms of this article, that person will not be assessed any further charges prescribed under this article for that main. No person will be charged a lot or acreage fee for connection to or utilization of an existing main if:

(1) the existing main has been installed and in service for a period of 20 years or greater at the time of connection or utilization; or

(2) the existing main has previously been fully paid for under this article by persons other than the city. (Ord. Nos. 19201; 20653)

ARTICLE I.

CONSUMER AFFAIRS ADMINISTRATION.

SEC. 50-1. DIRECTOR.

For the purpose of this chapter, the word “director” shall mean the director of the department designated by the city manager to enforce and administer this chapter or the director’s authorized representative. (Ord. Nos. 13795; 17226)

SEC. 50-2. ASSISTANTS AND ADDITIONAL PERSONNEL.

The director shall appoint such assistants as he shall determine are necessary. Additional personnel will be provided as is customary in other departments, and subject to the provisions of the civil service rules and regulations of the city. (Ord. 13795)

SEC. 50-3. POWERS OF THE DIRECTOR.

(a) The director shall enforce all laws concerning weights and measures.

(b) Reserved.
§ 50-3 Consumer Affairs

(c) The director shall plan, make recommendations, conduct research and develop programs for consumer education and protection, facilitate the exchange and dissemination of information in consultation with agencies, federal and state officials, commercial interest, private groups and others working in this field and coordinate the consumer protection activities of other city departments.

(d) The director shall enforce all laws relating to unfair methods of competition and unfair or deceptive acts or practices in the conduct of any trade or commerce; in addition he shall receive and evaluate complaints and initiate his own investigations relating to these matters and take appropriate action, including referral to a federal or state agency.

(e) The director, in the performance of his duties, shall be authorized to issue subpoenas and investigative demands to any person, administer an oath or affirmation to any person, conduct hearings in aid of any investigation or inquiry, prescribe such forms and promulgate such rules and regulations as may be necessary to carry out the powers and duties of the department, which rules and regulations shall have the force of law; provided that none of the powers conferred by this chapter shall be used for the purpose of compelling any natural person to furnish testimony or evidence which might tend to incriminate him or subject him to a penalty or forfeiture; and provided further that information obtained pursuant to the powers conferred by this chapter shall not be made public or disclosed by the director beyond the extent necessary for law enforcement purposes in the public interest. (Ord. Nos. 13795; 19312; 21172)

ARTICLE II.

RESERVED.

SECS. 50-5 THRU 50-35. RESERVED.

(Repealed by Ord. 21172)

ARTICLE III.

RESERVED.

SECS. 50-36 THRU 50-71. RESERVED.

(Repealed by Ord. 18252)

ARTICLE IV.

CONSUMER PROTECTION.

SEC. 50-72. DEFINITIONS.

For the purpose of this article the following words and phrases shall have the meanings respectively ascribed to them by this section:

(a) PERSONS means natural persons, corporations, trusts, partnerships, incorporated or unincorporated associations, and any other legal entity.

(b) TRADE and COMMERCE mean the advertising, offering for sale, rent, lease, sale, or distribution of any services and any property, tangible

SEC. 50-4. POWER TO SEIZE.

Where any duty is placed upon the director under this chapter or any ordinance of the city, the same may be performed by any assistant. The director and the director’s assistants are granted the power to seize, without warrant, for evidence any object or thing involved in an unfair or deceptive act or practice in the conduct of any trade or commerce. (Ord. Nos. 13795; 19312; 21172)
or intangible, real, personal or mixed, and any other article, commodity, or thing of value wherever situate, and shall include any trade or commerce directly or indirectly affecting the people of this city.

(c) DOCUMENTARY MATERIAL means the original or a copy of any book, record, report, memorandum, paper, communication, tabulation, map, chart, photograph, mechanical transcription or other tangible document or recording, wherever situate.

(d) EXAMINATION OF DOCUMENTARY MATERIAL shall include the inspection, study, or copying of any such material, and the taking of testimony under oath or acknowledgment with respect to any such documentary material or copy thereof. (Ord. 13795)

SEC. 50-73. UNLAWFUL ACTS OR PRACTICES.

No person shall engage in one or more of the following unfair or deceptive acts or practices in the conduct of any trade or commerce:

(a) Causing confusion or misunderstanding or likelihood of confusion or misunderstanding as to the source, sponsorship, approval, or certification of goods, or services;

(b) Causing confusion or misunderstanding or likelihood of confusion or misunderstanding as to affiliation, connection or association with, or certification by another;

(c) Using deceptive representations or designations of geographic origin in connection with goods or services;

(d) Representing that goods or services have sponsorship, approval, characteristics, ingredients, uses, benefits, or quantities that they do not have or that a person has a sponsorship, approval, status, affiliation, or connection that he does not have;

(e) Disparaging the goods, services, or business of another by false or misleading representation of fact;

(f) Engaging in any other conduct in trade or commerce which creates confusion or misunderstanding or the likelihood of confusion or misunderstanding;

(g) The sale of goods or services to a consumer and the subsequent failure of the seller or solicitor to honor his express and implied warranties with respect to such goods or services. (Ord. 13795; Ord. 14369)

SEC. 50-74. INTERPRETATION.

(a) This article shall be liberally construed and applied to promote its purpose and policies. It is the intent of the city council that in construing Section 50-73 of this article due consideration and great weight shall be given to the interpretations of the federal trade commission and the federal courts relating to Section 5(a)(1) of the Federal Trade Commission Act (15 U.S.C. 45(a)(1), as from time to time amended; and

(b) The director may make rules and regulations interpreting the provisions of Section 50-73 of this article. Such rules and regulations shall not be inconsistent with the rules, regulations and decisions of the federal trade commission and the federal courts in interpreting the provisions of Section 5(a)(1) of the Federal Trade Commission Act (15 U.S.C., 45(a)(1), as from time to time amended. (Ord. 13795)

SEC. 50-75. ADVERTISING - DISCLOSURE OF NAME AND ADDRESS.

Whenever any person who is engaged in retail sales within the city advertises in print within the city, goods or services for sale to the public, the advertisement shall include the name of the advertiser and the permanent street address of the advertiser if such street address is not listed under the advertiser’s...
name in the current city of Dallas telephone directory. If the name of the advertiser is different than the name of the owner of the business advertised, and such business is not a corporation holding a permit to do business in this state or the advertiser is not registered with the county clerk of Dallas county as an assumed name, then the true name and permanent address of the owner shall be included in the advertisement. Nothing in this section shall apply to advertising in a classified section of a newspaper. (Ord. Nos. 13795; 13827)

SEC. 50-76. EXEMPTION.

Nothing in this article shall apply to acts done by the publisher, owner, agent, or employee of a newspaper, periodical or radio or television station in the publication or dissemination of an advertisement, when the owner, agent or employee did not have knowledge of the false, misleading or deceptive character of the advertisement, did not prepare the advertisement, and did not have a direct financial interest in the sale or distribution of the advertised product or service. (Ord. 13795)

SEC. 50-77. INVESTIGATION.

(a) When it appears to the director that a person has engaged in, is engaging in, or is about to engage in any act or practice declared to be unlawful by this article, or when he believes it to be in the public interest that an investigation should be made to ascertain whether a person in fact has engaged in, is engaging in, or is about to engage in, any act or practice declared to be unlawful by this article, he may execute in writing and cause to be served upon any person who is believed to have information, documentary material or physical evidence relevant to the alleged or suspected violation, an investigative demand requiring such person to furnish, under oath or otherwise, a report in writing setting forth the relevant facts and circumstances of which he has knowledge, or to appear and testify or to produce relevant documentary material or physical evidence for examination, at such reasonable time and place as may be stated in the investigative demand, concerning the advertisement, sale or offering for sale of any goods or services or the conduct of any trade or commerce that is the subject matter of the investigation.

(b) Failure or refusal to comply with the investigative demand made pursuant to the provisions of Subsection (a), above, shall be deemed a violation of this chapter. (Ord. 13795)

SEC. 50-78. RESERVED.

(Ord. Nos. 13795; 21172)

ARTICLE V.

WOOD VENDORS.

SEC. 50-79. DEFINITIONS.

In this article:

(1) CORD means the amount of wood that is contained in a space of 128 cubic feet, when the wood is ranked and well-stowed and one-half the kerf of the wood is included.

(2) ESTABLISHMENT means any building, motor vehicle, freight car, or stand where fuel wood is sold or offered for sale by a retail dealer.

(3) FUEL WOOD means wood offered for sale by a retail dealer and represented by the retail dealer as being suitable for use as fuel.

(4) PERSON means any individual, assumed named entity, partnership, joint venture, association, or corporation.
§ 50-79  Consumer Affairs

(5) RETAIL DEALER means any person who both sells and delivers fuel wood to the ultimate consumer. (Ord. Nos. 13795; 21172)

SEC. 50-80. LICENSE REQUIRED.

No retail dealer shall sell fuel wood in the city without first obtaining a wood vendor’s license, nor shall a retail dealer sell fuel wood in the city after his license has been revoked. (Ord. 13795)

SEC. 50-81. APPLICATION; ISSUANCE, NON-TRANSFERABILITY.

(a) Application for a wood vendor’s license shall be made to the director upon a form prescribed and supplied by him, which shall include the following information: The retail dealer’s name, the address and telephone number of his business establishment(s), the address and telephone number of the retail dealer’s residence if he does not have a business establishment with an address, the license numbers of all vehicles used in delivering fuel wood, and the method of distribution.

(b) When an application for a license, or renewal thereof, has been filed with the director in proper form, the director shall within a period of 10 days from the date of filing approve or deny said application. If the application is denied, the director shall send to the applicant by certified mail, return receipt requested, a written statement setting forth the reasons for the denial.

(c) Each license issued pursuant to this article shall be numbered and shall expire on August 31st of each year.

(d) No license issued pursuant to this article shall be transferable. (Ord. 13795)

SEC. 50-82. FEE.

The applicant shall pay an annual permit fee of $64 to the director at the time the license is issued. No refund of license fees shall be made.

The applicant shall pay an annual permit fee of $44 to the director at the time the license is issued. No refund of license fees shall be made. (Ord. Nos. 13795; 16700; 29879, eff. 10/1/15; 31332, eff. 10/1/19)

SEC. 50-83. SIGNS; DISPLAY; ISSUANCE.

(a) All vehicles used by a retail dealer in the business of selling fuel wood, shall have posted on the door to the driver’s side, in a form and size prescribed by the director, the retail dealer’s wood vendor’s license number.

(b) Upon issuance of a license, the director shall furnish one magnetic sign each retail dealer. (Ord. 13795)

SEC. 50-84. SALE OF FUEL WOOD - INVOICES.

Upon each sale of fuel wood, the retail dealer shall provide the purchaser with an invoice showing the following information: The name and address of the retail dealer; his wood vendor’s license number; the amount of fuel wood sold; and the selling price of the fuel wood. (Ord. 13795)

SEC. 50-84.1. SALE OF FUEL WOOD - UNIT REQUIREMENT.

A person commits an offense if he sells, offers for sale, or exposes for sale any wood intended for fuel purposes other than by the cord or fraction of a cord. (Ord. 21172)

SEC. 50-85. REFUSAL TO ISSUE OR RENEW LICENSE; REVOCATION.

The director shall refuse to approve issuance or renewal of a wood vendor’s license to any applicant,
and shall revoke the license of a retail dealer, upon determination that the applicant or retail dealer has been convicted of a violation of this article, Section 50-13, or Section 50-26 of this chapter twice within a two year period; or upon determination that the applicant or retail dealer has made any false statement as to a material matter in an application for a license or renewal thereof. (Ord. 13795)

SEC. 50-86. APPEAL.

In the event the director shall refuse to approve the issuance of an original license or the renewal of a license to any applicant, or revokes the license issued to any retail dealer under this article, this action shall be final unless the retail dealer files an appeal with a permit and license appeal board in accordance with Section 2-96 of this code. (Ord. Nos. 13795; 18200)

ARTICLE VI.

COIN-OPERATED DEVICES.

SEC. 50-87. DEFINITIONS.

For the purpose of this article, the following words and phrases shall have the meanings ascribed to them by this section:

(a) COIN-OPERATED DEVICE means any device that will accept a coin or paper money in exchange for any commodity, thing, or service.

(b) COIN-OPERATED TIMING DEVICE means any device that measures the time during which a particular service duly purchased is provided.

(c) OPERATOR means any person, firm, company, association or corporation that exhibits, displays or permits to be exhibited or displayed in the city at his or its place of business or upon premises under his or its control, any “coin-operated device” for customer use.

(d) OWNER means any person, firm, company, association or corporation owning or having the care, control, or management of any “coin-operated device” in the city.

(e) UNATTENDED COIN-OPERATED DEVICE means any such device in a location where there is no person readily available who is authorized to make rebates to users when such device malfunctions. (Ord. 13795)

SEC. 50-88. DESIGN AND CONSTRUCTION.

No owner shall display or permit to be displayed in the city any coin-operated device that dispenses any commodity, thing, or service unless such device is of such materials, design, and construction as to make it reasonably certain under normal operating conditions that:

(a) accuracy will be maintained as to quantity dispensed or interval of service provided.

(b) operating parts will continue to function as intended; and

(c) any adjustments required will remain reasonably permanent. (Ord. 13795)

SEC. 50-89. MAINTENANCE.

The owner of a coin-operated device displayed in the city for customer use shall continuously maintain such device in proper operating condition. (Ord. 13795)

SEC. 50-90. OPERATING INSTRUCTIONS.

The owner of any coin-operated device displayed in the city for customer use which may fail to operate properly, except when special precautions are observed, shall prominently and conspicuously mark such device with suitable operating instructions that include such precautions. (Ord. 13795)
SEC. 50-91. INSTRUCTIONS FOR REPORTING FAULTY OPERATION.

The owner or operator shall prominently display, at all locations where unattended coin-operated devices are displayed for customer use in the city, complete instructions for reporting to him the failure of any such device to function properly. Said instructions shall include the name and either the address or telephone number of the person, firm, corporation, or organization responsible for operation. It shall be the duty of the owner or operator of said devices to rebate all money paid for commodities or services not received, but the owner or operator may elect to check the device before making any rebate; provided that the device must be checked promptly, so that a rebate to which a customer is entitled will be made within 10 days from the time he applies for it. (Ord. 13795)

SEC. 50-92. STATEMENT OF RATES.

At the location of any coin-operated timing device displayed in the city for customer use, where time is a critical factor in the use of the service provided, the owner or operator shall clearly, prominently, and conspicuously display the price in terms of money per unit or units of time for the service provided. (Ord. 13795)

SEC. 50-93. UNLAWFUL TO DEFACE SIGNS.

It shall be unlawful for any person to deface, destroy, or remove any signs placed pursuant to the requirements of this article by the owner or operator at the location where unattended coin operated devices are displayed for customer use in the city. (Ord. 13795)

SEC. 50-94. EXEMPTIONS.

The following coin-operated devices shall be exempt from the terms of this article:

(a) all music and skill or pleasure coin-operated machines displayed in establishments where alcoholic beverages are sold or served for on-premises consumption;

(b) all game type coin-operated devices, including, but not limited to, pinball machines, marble boards, miniature race track, football, golf and bowling machines; and all juke boxes;

(c) all coin-operated devices which are owned by a federal, state, or local government agency;

(d) all coin-operated devices owned by a public utility operating under a franchise granted by the city or other public body. (Ord. 13795)

SEC. 50-95. PENALTY.

A person who violates any provision of this article is guilty of an offense and, upon conviction, is punishable by a fine of not less than $20 nor more than $100. For any second or subsequent conviction, a person is punishable by a fine of not less than $50 nor more than $500. (Ord. Nos. 13795; 19963)

ARTICLE VII.

MAIL ORDER SALES.

SEC. 50-96. PROHIBITED ACTS.

(a) No person (including any business entity), who conducts a mail order or catalog business in or from the city or advertises a city mailing address, shall accept money through the mails from a consumer for merchandise ordered by mail or telephone and then permit six weeks to elapse without:

(1) delivering or mailing the merchandise ordered; or
§ 50-96 Consumer Affairs

(2) making a full refund; or

(3) sending the customer a prior letter or notice advising him of the duration of an expected delay or the substitution of merchandise of equivalent or superior quality, and offering to send him a refund within one week if he so requests; or

(4) sending the consumer substituted merchandise of equivalent or superior quality, with a guarantee that should the merchandise be unacceptable, the seller will accept the return of the merchandise at the seller’s expense and that the purchase price will be refunded.

(b) For purposes of Subparagraphs (a)(3) and (a)(4), above, merchandise may not be considered of “equivalent or superior quality” if it is not substantially similar to the goods ordered, or not fit for the purposes intended, or if the seller normally offers the substituted merchandise at a price lower than the price of the merchandise ordered. (Ord. 13795)

SEC. 50-97. EXCEPTIONS.

Sec. 50-95 shall not apply to:

(a) merchandise ordered pursuant to an open-end credit plan as defined in the Federal Consumer Credit Protection Act or any other credit plan pursuant to which the consumer’s account was opened prior to the mail order in question, and under which the creditor may permit the customer to make purchases from time to time from the creditor or by use of a credit card; or

(b) when all advertising for the merchandise contains a notice (which, in the case of printed advertising, shall be in a type size at least as large as the price) that a delay may be expected of a specified period. In such case, one of the events described in Section 50-95(a)(1) through (a)(4) must occur no later than one week after expiration of the period specified in the advertisement; or

(c) merchandise, such as quarterly magazines, which by their nature are not produced until a future date and for that reason cannot be stocked at the time of order; or

(d) installments other than the first, of merchandise, such as magazine subscriptions, ordered for serial delivery. (Ord. 13795)

SEC. 50-98. FAILURE TO DISCLOSE LEGAL NAME AND ADDRESS.

No person (including any business entity), who conducts a mail order or catalog business in or from the city or advertises a city mailing address, for such business, shall fail to disclose the legal name of the company and the complete street address from which the business is actually conducted, in all advertising or other promotional materials containing a post office box address, including order blanks and forms, unless the person or business entity has its address currently listed in the city of Dallas telephone directory. (Ord. 13795)

ARTICLE VIII.

ELECTRONIC REPAIRS.

SEC. 50-99. DEFINITIONS.

For the purpose of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

(a) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article or the director’s authorized representative.

(b) ELECTRONIC EQUIPMENT means electronic apparatus normally used or sold for use by
§ 50-99 Consumer Affairs § 50-102

individuals for entertainment purposes, including, but not limited to, televisions, radios, tape players, recorders or decks, phonograph equipment, and antenna receiving systems.

(c) ELECTRONIC REPAIR means the repairing, servicing, or maintaining of electronic equipment, including the pick-up and delivery of electronic equipment from locations within the city for the purpose of repairing, servicing or maintenance.

(d) LICENSE means an electronic repair license.

(e) LICENSEE means a person licensed to engage in the electronic repair business under the provisions of this article.

(f) PERSON means any individual, assumed name entity, partnership, joint-venture, association or corporation.

(g) PICK-UP AND DELIVERY CHARGE means the fee charged by a licensee for the removal of electronic equipment from the home of a customer for the purposes of repair, transportation to the service dealer's place of business and return to the home of the customer.

(h) SERVICE CHARGE means the total of fees charged by a service dealer for his transportation to and from the premises of a customer and the first 30 minutes of examination and repair of one piece of electronic equipment which he performs on the premises of the customer. Any other term used to describe a service charge shall include these items.

(Ord. Nos. 13966; 17393)

SEC. 50-101. FEES.

The annual fee for an electronic repair license is $72. The fee for issuing a duplicate license for additional establishments or for a lost, destroyed or mutilated license is $4. The fee is payable to the director upon issuance of a license. No refund of license fees shall be made.

The annual fee for an electronic repair license is $53. The fee for issuing a duplicate license for additional establishments or for a lost, destroyed or mutilated license is $4. The fee is payable to the director upon issuance of a license. No refund of license fees shall be made. (Ord. Nos. 13966; 15970; 16476; 18876; 19300; 29879, eff. 10/1/15; 31332, eff. 10/1/19)

SEC. 50-102. LICENSE - APPLICATION, ISSUANCE, AND RENEWAL.

(a) An applicant for a license shall file with the director, a written application upon a form provided for that purpose, which shall be signed by the applicant or his local authorized agent, who shall be an individual responsible for the operation of applicant's local electronic repair business. The following information shall be required in the application:

(1) name, address, and telephone number of the applicant, including the trade name by which applicant does business and the street address of all repair establishments, and if incorporated, the name registered with the secretary of state;

(2) type of electronic equipment repaired
by applicant;
§ 50-102 Consumer Affairs

(3) a statement indicating whether any owner, proprietor, or current employee of applicant has been convicted for violation of this article;

(4) a statement whether an electronic repair license issued to applicant or any proprietor, partner or corporate officer of applicant, has been revoked within one year preceding the date of application; and

(5) a statement that applicant engages in the lawful business of electronic repair and that all facts stated in the application are true.

(b) An applicant shall be required to maintain a permanent and established place of business at a location where an electronic repair business is not prohibited by municipal ordinance and for which any store license and tax permit, if required by law, has been issued and is in force.

(c) When an application for a license, or renewal thereof, has been filed with the director in proper form, the director shall, within a period of 30 days from the date of filing, approve the application or if he finds any of the facts listed in Section 50-105 to be true, deny the application. If the application is denied, the director shall send to the applicant by certified mail, return receipt requested, a written statement setting forth the reasons for the denial.

(d) Repealed by Ord. 16476.

(e) The director may, at any time, require additional information of a licensee or an applicant, to clarify the items on the application. (Ord. Nos. 13966; 16476)

SEC. 50-103. LICENSE - DISPLAY, DUPLICATES, TRANSFERABILITY; EMPLOYEE IDENTIFICATION.

(a) Each license issued pursuant to this article shall be posted and kept in a conspicuous place in the electronic repair establishment.

(b) A duplicate license may be issued for one lost, destroyed or mutilated upon application therefor on a form prescribed by the director. Each duplicate license shall have the word “duplicate” stamped across the face thereof and shall bear the same number as the one it replaces.

(c) No electronic repair license shall be assignable or transferable.

(d) Every licensee, within 10 days after a change or partial change in local ownership or management of the electronic repair business, or if there be no local ownership, then a change in the authorized agent referred to in Section 50-102(a), or a change of address or trade name, shall notify the director of any such change.

(e) Every licensee shall provide each of its electronic repair employees with an identification card which identifies that person as an employee of the licensee. The licensee’s license number shall be prominently printed on the face of the card, and employees shall carry these cards with them at all times while in the course of their employment. (Ord. 13966)

SEC. 50-104. POWERS AND DUTIES OF THE DIRECTOR.

In addition to the powers and duties elsewhere prescribed in this chapter, the director shall be required to:

(a) administer and enforce all provisions of this article;

(b) keep all records of all licenses issued, suspend or revoke;

(c) adopt such rules and regulations, after reasonable notice to licensees, not inconsistent with the provisions of this article, with respect to the form and content of applications for licenses, the receipt thereof,
the investigation of applicants, and other matters incidental or appropriate to his powers and duties as may be necessary for the proper administration and enforcement of the provisions of this article; and

(d) conduct, on his own initiative, periodic investigations of electronic repair establishments throughout the city, concerning their compliance with this article. (Ord. 13966)

SEC. 50-105. LICENSE - REFUSAL TO ISSUE OR RENEW.

The director shall refuse to approve issuance or renewal of an electronic repair license for any one or more of the following reasons:

(a) conviction twice within a two year period of the licensee, applicant or any current employee thereof for a violation of any provision of this article. Notice shall be given to a licensee on the date any formal charges are filed against any employee of the licensee;

(b) the making of any false statement as to a material matter in an application for a license, or renewal thereof, or in a hearing in connection therewith;

(c) revocation of a license, pursuant to this article, or the applicant, or any proprietor, partner or corporate officer therein, within one year preceding application; or

(d) use by the licensee of any trade name for his electronic repair business other than the one registered with the director. (Ord. 13966)

SEC. 50-106. LICENSE - REVOCATION.

(a) An electronic repair license shall be revoked by the director for any one or more of the following reasons:

(1) the making of any false statement as to a material matter in an application for a license, or renewal thereof, or a hearing concerning the license;

(2) conviction twice within a two year period of the licensee or any current employee thereof, of a violation of any provisions of this article. Notice shall be given to a licensee on the date any formal charges are filed against any employee of the licensee; or

(3) use by the licensee of any trade name for his electronic repair business other than the one registered with the director.

(b) Written notice of such revocation shall be sent by the director to the licensee by certified mail, return receipt requested, setting forth the reasons for the revocation. (Ord. 13966)

SEC. 50-107. LICENSE - APPEAL FROM REFUSAL TO ISSUE OR RENEW; FROM DECISION TO REVOKE.

In the event the director shall refuse to approve the issuance of an original license or the renewal of a license to any applicant, or revokes the license issued to any licensee under this article, this action shall be final unless the licensee files an appeal with a permit and license appeal board in accordance with Section 2-96 of this code. (Ord. Nos. 13966; 18200)

SEC. 50-108. DISCLOSURE REQUIRED FOR REPAIRS ON PREMISES OF OWNER.

Prior to work being performed on electronic equipment on the premises of the owner of the electronic equipment, the owner, or his agent shall be furnished a written schedule of charges, if such charges are made, to include the following items:

(1) service charge;
§ 50-108 Consumer Affairs

(2) hourly labor charge with an explanation of fractional hour charges or a flat labor charge;

(3) charges for making an estimate of repairs; and

(4) itemized lists of any and all other charges other than parts; provided that, if a list of parts installation charges is on file in the office of the director, such parts installation charges are not required to be itemized on the schedule. Such lists on file with the director shall be kept confidential.

Upon completion of electronic repair work performed on the premises of the owner, the owner or his agent shall be furnished a written statement showing total charges for items (1), (2), (3), and (4), above, including any installation charges, if such charges are made, and this statement shall include a list of all parts supplied, described with reasonable particularity and identified by part name and designation as to whether new or used parts were installed. If neither the owner nor his agent is present, the schedule of charges and the statement shall be left at the premises. (Ord. 13966)

SEC. 50-109. DISCLOSURE, REQUIRED FOR REPAIRS IN LICENSEE’S ESTABLISHMENT.

(a) When electronic equipment must be removed from the premises of the owner to an electronic repair establishment for repairs, or when electronic equipment is delivered to an electronic repair establishment by the owner of such equipment, or his agent, the licensee shall, before removing or taking custody of the equipment, furnish the owner or his agent a written estimate of time to complete repairs and a written schedule of charges, if such charges are made, and are applicable, to include the following items:

(1) service charge;

(2) pick up and delivery charge;

(3) charges for making an estimate of repairs;

(4) storage charges;

(5) total charges for release of equipment to be repaired in the event it is not repaired;

(6) hourly labor charge or flat labor charge; and

(7) itemized list of any and all other charges, other than parts; provided that, if a list of parts installation charges is on file in the office of the director, such parts installation charges are not required to be itemized on the schedule. Such lists on file with the director shall be kept confidential.

(b) Prior to work being performed, the licensee shall provide the owner or his agent, either in writing or by telephone, an estimate of total charges for repairs. After receiving the estimate, the owner or his agent may either authorize the repairs at the estimate cost or request return of his equipment in reasonably the same condition as when released to the licensee, in which case the licensee shall receive payment only for those items on the schedule of charges to which he is entitled. Total charges for repairs made shall not exceed the original estimate or any subsequent estimate by more than 10 percent unless the owner is notified by telephone or in writing and authorizes the increased cost estimate. If the owner authorizes an estimate or time of completion of repairs by telephone, the licensee or his agent shall record in writing on the work order or invoice, the date, time, name of person authorizing repairs, and the telephone number called.

(c) Should the licensee be unable to complete the repairs in the time estimated, he shall notify the owner of this fact, at which time the owner may request return of his equipment in reasonably the same condition as when released to the licensee, in which case the licensee shall receive payment for those items on the schedule of charges to which he is entitled only. Upon the above request being made by the owner, if the licensee originally picked up the equipment from
§ 50-109 Consumer Affairs § 50-113

the owner’s premises, he shall return the equipment to
the owner’s premises within two working days from
date of request. (Ord. Nos. 13966; 16476)

SEC. 50-110. DETAILED STATEMENT
REQUIRED; RETURN OF
REPLACED PARTS.

All work performed by a licensee shall be recorded
on a statement describing all service work done and all
parts supplied with reasonable particularity,
identifying parts by name, designating whether new or
used parts were installed, and indicating the exact
charge for each part or service. One copy shall be given
to the customer and one copy retained by the licensee
for a period of at least one year. The licensee shall
return replaced parts, other than the picture tube, to the
customer, except such parts as the licensee is required
to return to the manufacturer or distributor under a
warranty or exchange arrangement. (Ord. 13966)

SEC. 50-111. UNNECESSARY REPAIRS; FALSE
REPRESENTATION OF WORK.

(a) A person shall not intentionally make repairs
upon electronic equipment that are not bona fide and
necessary to correct the malfunction for repair of which
his services were sought. This subsection does not
apply to replacement of weak parts of electronic
equipment upon disclosure of the weakness and
authorization of the owner.

(b) A person shall not represent that he has
performed work or replaced a part on electronic
equipment if he has not performed the work or
replaced the part. (Ord. Nos. 13966; 16476)

SEC. 50-112. ADVERTISING.

(a) An advertised fee, charge, or stipulation of no
charge for any electronic repair service involving a trip
to the premises of a customer, shall mean the total of
fees charged by the licensee for his transportation to
and from the premises of a customer and the first 30
minutes of examination and repair of one piece of
electronic equipment which he performs on the
premises of the customer.

(b) It shall be unlawful for a licensee to advertise
in any manner, the fact that he is a holder of a city
electronic repair license. (Ord. Nos. 13966; 14369)

ARTICLE IX.

MOTOR VEHICLE REPAIRS.

SEC. 50-113. DEFINITIONS.

For the purpose of this article, the following
words and phrases shall have the meanings
respectively ascribed to them by this section:

(a) DIRECTOR means the director of the
department designated by the city manager to enforce
and administer this article or the director’s authorized
representative.

(b) MAJOR COMPONENT means the engine
(excluding accessories), transmission, or differential
gear of a motor vehicle.

(c) MOTOR VEHICLE means any self-propelled
device in, upon, or by which persons or property are
or may be transported upon a highway, except devices
moved by human power or used exclusively upon
stationary rails.

(d) MOTOR VEHICLE REPAIR means
mechanical repair, alteration, or addition of equipment
or parts, which includes but is not limited to, tuneup,
brake work, transmission work, engine repair, body
work, painting, and upholstering.

(e) LICENSEE means a person licensed to
engage in the motor vehicle repair business under the
provisions of this article.
§ 50-113 Consumer Affairs

(f) PERSON means an individual, assumed name entity, partnership, joint-venture, association, corporation, or other legal entity. (Ord. Nos. 14487; 17226)

SEC. 50-114. LICENSE REQUIRED; TRADE NAME REGISTRATION.

(a) No person shall own, maintain, conduct, operate, or engage in the business of motor vehicle repair for compensation within the city, or hold himself out as being able to do so, or act as the agent for another who is engaged in the motor vehicle repair business, or take custody of the motor vehicle within the city for the purpose of repair without first obtaining a motor vehicle repair license from the director. Should a person maintain a motor vehicle repair establishment at more than one location, a duplicate license is required for each additional location. The license issued to a motor vehicle repair establishment authorizes the licensee and all its bona fide employees to engage in the business of motor vehicle repair.

(b) A licensee shall register with the director the trade name of his motor vehicle repair establishment and shall not use or permit to be used more than one trade name at a single location. (Ord. 14487)

SEC. 50-115. LICENSE APPLICATION, PLACE OF BUSINESS, ISSUANCE, RENEWAL, AND EXPIRATION.

(a) An applicant for a license shall file with the director a written application upon a form provided for that purpose, which shall be signed by the applicant or his local authorized agent, who shall be an individual responsible for the operation of applicant’s local motor vehicle repair business. Should an applicant maintain a motor vehicle repair establishment at more than one location, a separate application must be filed for each location. The following information shall be required in the application:

1. name, address, and telephone number of the applicant, including the trade name by which applicant does business and the street address of the motor vehicle repair establishment, and if incorporated, the name registered with the secretary of state;
2. a statement whether a motor vehicle repair license issued to applicant or any proprietor, partner, or corporate officer of applicant, has been revoked within one year preceding the date of application; and
3. a statement that applicant engages in the business of motor vehicle repair and that all facts stated in the application are true.

(b) An applicant is required to maintain a permanent and established place of business at a location where a motor vehicle repair business is not prohibited by the comprehensive zoning ordinance of the city.

(c) When an application for a license or license renewal has been filed with the director in proper form, the director shall, within 30 days from the date of filing approve or deny the application. If the application is denied, the director shall send to the applicant by certified mail, return receipt requested, a written statement setting forth the reasons for the denial.

(d) Repealed by Ord. 16476.

(e) The director may, at any time, require additional information of a licensee or an applicant to clarify items on the application. (Ord. Nos. 14487; 16476)

SEC. 50-116. FEES.

The annual fee for a motor vehicle repair license is $75 for the first location and $75 for a duplicate license for each additional location. The fee for issuing
a replacement license for one lost, destroyed, or mutilated is $2. The fee is payable to the director upon issuance of a license. No refund of license fees will be made.

The annual fee for a motor vehicle repair license is $57 for the first location and $75 for a duplicate license for each additional location. The fee for issuing a replacement license for one lost, destroyed, or mutilated is $2. The fee is payable to the director upon issuance of a license. No refund of license fees will be made. (Ord. Nos. 14487; 16476; 16700; 18411; 18876; 20076; 26598; 29879, eff. 10/1/15; 31332, eff. 10/1/19)

SEC. 50-117. LICENSE DISPLAY, REPLACEMENT, AND TRANSFERABILITY.

(a) Each license issued pursuant to this article must be posted and kept in a conspicuous place in the motor vehicle repair establishment.

(b) A replacement license may be issued for one lost, destroyed, or mutilated upon application on a form provided by the director. A replacement license shall have the word “replacement” stamped across its face and shall bear the same number as the one it replaces.

(c) A motor vehicle repair license is not assignable or transferable.

(d) A licensee shall notify the director within 10 days of a change or partial change in local ownership or management of the motor vehicle repair business, or if there is no local ownership, then a change in the authorized agent referred to in Section 50-115(a), or a change of address or trade name. (Ord. 14487)

SEC. 50-118. REFUSAL TO ISSUE OR RENEW LICENSE.

The director shall refuse to approve issuance or renewal of a motor vehicle repair license for one or more of the following reasons:

(1) a false statement as to a material matter intentionally made in an application for a license;

(2) conviction twice within a two year

period of the applicant or a current employee of the applicant while he was in applicant’s employment for a violation of a provision of this article;
(3) revocation of a license, pursuant to this article, of the applicant, or a proprietor, partner, or corporate officer of the applicant, within one year preceding application; or

(4) use by the licensee of a trade name for his motor vehicle repair business other than the one registered with the director. (Ord. 14487)

SEC. 50-119. LICENSE REVOCATION.

(a) The director shall revoke a motor vehicle repair license for one or more of the following reasons:

(1) a false statement as to a material matter intentionally made in an application for a license, license renewal, or a hearing concerning the license;

(2) conviction twice within a two year period of the licensee or a current employee of the licensee while he was in licensee’s employment for a violation of a provision of this article; (Notice shall be given to a licensee on the date formal charges are filed against an employee of the licensee. If licensee discharges a convicted employee within one week after his second final conviction, the license is not subject to revocation under this subparagraph.) or

(3) use by the licensee of a trade name for his motor vehicle repair business other than the one registered with the director.

(b) The director shall send written notice of a revocation to the licensee by certified mail, return receipt requested, setting forth the reasons for the revocation. (Ord. 14487)

SEC. 50-120. APPEAL FROM REFUSAL TO ISSUE OR RENEW LICENSE; FROM DECISION TO REVOKE LICENSE.

If the director refuses to approve the issuance of a license or the renewal of a license to an applicant, or revokes the license issued to a licensee under this article, this action is final unless the applicant or
licensee files an appeal with a permit and license appeal board in accordance with Section 2-96 of this code. (Ord. Nos. 14487; 18200)

SEC. 50-121. POWERS AND DUTIES OF THE DIRECTOR.

In addition to the powers and duties elsewhere prescribed in this chapter the director is required to:

(1) administer and enforce all provisions of this article;

(2) keep records of all licenses issued, suspended, or revoked;

(3) adopt rules and regulations, not inconsistent with the provisions of this article, with respect to the form and content of applications for licenses, the investigation of applicants, and other matters incidental or appropriate to his powers and duties as may be necessary for the proper administration and enforcement of the provisions of this article; and

(4) conduct, on his own initiative, periodic investigations of motor vehicle repair establishments throughout the city concerning their compliance with this article. (Ord. 14487)

SEC. 50-122. SCHEDULE OF CHARGES.

(a) Before taking custody of a motor vehicle, the licensee or his agent, shall provide the owner or his agent, with a written itemized schedule of charges, if such charges are made, to include the following items:

(1) charges for making an estimate of repairs;

(2) total charges for release of the motor vehicle in a disassembled state if it is not repaired;

(3) total charges for release of the motor vehicle in reasonably the same condition as when delivered to licensee if repairs are not made;

(4) storage charges;

(5) towing charges; and

(6) itemized list of all other charges, other than those included in the estimate.

(b) Except for the estimate price a licensee shall not charge a person for a service not recorded on the schedule of charges. The licensee shall retain one copy of the schedule of charges signed by the motor vehicle owner or his agent for a period of one year.

(c) If the motor vehicle is brought to the licensee’s establishment by a towing service, which is either an agent of the motor vehicle owner or an agent of the licensee, and there is no opportunity for licensee to present a schedule of charges to the owner before taking custody, the licensee shall provide, either in writing or by telephone, a schedule of charges at the time of giving the estimate of repairs.

(d) If a schedule of charges is given by telephone, the licensee or his agent shall record in writing on the work order or invoice, the date, time, name of the person authorizing repairs, and the telephone number called. (Ord. Nos. 14487; 16476)

SEC. 50-123. DISCLOSURE OF LOCATION OF REPAIRS, COST OF REPAIRS, TIME TO COMPLETE.

(a) If none of the repairs are to be performed by licensee at licensee’s establishment, then before taking custody of a motor vehicle, the licensee or his agent shall disclose to the owner or his agent, the trade name, address, and telephone number where the vehicle will be repaired.
§ 50-123

(b) Before disassembling a major component of the motor vehicle, the licensee or his agent shall disclose to the owner or his agent that a major component of the motor vehicle will need to be disassembled in order for an estimate to be made.

(c) Prior to repair work being performed on a motor vehicle, the licensee or his agent shall provide the owner or his agent, either in writing or by telephone, an estimate of total charges for repairs, not including sales tax, and an estimate of time to complete the repairs. A licensee is not required to give an estimate of total charges for repairs and an estimate of time to complete repairs for a job of $15 or less.

(d) After receiving the estimate, the owner or his agent may either authorize the repairs at the estimate of cost and time or request return of the motor vehicle in a disassembled state or in reasonably the same condition as when released to the licensee, in which case the licensee or his agent shall make the motor vehicle available for possession within three working days from the time of request, and shall receive payment only for those items on the schedule of charges to which he is entitled. If authorization of an estimate of total charges for repairs or an estimate of time to complete repairs is made by telephone, the licensee or his agent shall record in writing on the work order or invoice, the date, time, name of the person authorizing the repairs, and the telephone number called together with a list of parts, labor, and the total cost.

(e) A licensee shall not charge for repairs an amount exceeding the estimate by more than 10 percent or $10, whichever is greater, unless the owner or his agent is notified by telephone or in writing and authorizes the increased cost estimate. If authorization of an increased cost estimate is made by telephone, the licensee or his agent shall record in writing on the work order or invoice, the date, time, name of the person authorizing the repairs, and the telephone number called together with a list of additional parts, labor, and the total additional cost.

(f) Should the licensee be unable to complete the repairs in the time estimated, he shall notify the owner or his agent of this fact, after which notification the owner or his agent may request return of the motor vehicle in either an assembled or disassembled state, in which case the licensee or his agent shall make the motor vehicle available for possession within three working days from the date of request and the licensee shall receive payment for the work actually done and those items on the schedule of charges to which he is entitled. If authorization of an extended estimate of time to repair is made by telephone, the licensee or his agent shall record in writing on the work order or invoice, the date, time, name of the person authorizing the repairs, and the telephone number called.

(g) The licensee or his agent shall give the owner or his agent a copy of all documents that require the signature of the owner or his agent at the time the documents are signed.

(h) Other than the disclosures required by this article and the following standard work order agreement provisions, if any other preprinted provision is stipulated on a document which the customer signs it must be in eight point type. If any provisions appear on a side other than that which the customer signs, a notice must appear just above the customer’s signature calling attention to additional terms and conditions and their location on the document. For the purposes of this section, the standard work order agreement provisions are as follows:

1. authorization of repairs to be made;
2. permission to operate motor vehicle;
3. acknowledgment of mechanic’s lien to secure amount of repairs; and
4. limitation on liability for loss or damage. (Ord. Nos. 14487; 16476)
§ 50-124. DETAILED INVOICE REQUIRED; RETURN OF REPLACED PARTS.

(a) The licensee shall record all work performed on an invoice describing all service work done and all parts supplied with reasonable particularity, identifying parts by name and the exact charge for each. If used, rebuilt, or reconditioned parts are supplied, the invoice shall clearly state that fact. The licensee shall disclose the trade name, business address, and business telephone number of the licensee on the invoice unless licensee has its address currently listed in the city of Dallas telephone directory. One copy shall be given to the customer and one copy retained by the licensee for a period of at least one year. Invoices and records pertaining to the invoices shall be open for reasonable inspection by the director. 

(b) The licensee shall return replaced parts to the customer if requested by the owner or his agent when the estimate is given, except those parts which must be returned to the manufacturer or distributor under warranty or for exchange. (Ord. 14487)

SEC. 50-125. DISCLOSURE REQUIRED FOR WARRANTY.

(a) If a licensee provides a warranty or pro rata warranty on repair parts and labor, he shall put it in writing and give a legible copy to the customer. The customer’s copy of the warranty must contain:

(1) the nature and extent of the warranty including a description of parts or services included or excluded from the warranty;

(2) the duration of the warranty and requirements to be performed by warrantee before the warrantor will fulfill the warranty;

(3) all conditions, limitations, and the manner in which the warrantor will fulfill the warranty, such as repair, replacement, or refund;

(4) any options of the warrantor or warrantee; and

(5) the warrantor’s identity and address.

(b) When repair or diagnostic work is performed pursuant to a warranty, licensee shall give an estimate of time to complete the repairs as required in Section 50-123. (Ord. 14487)

SEC. 50-126. ADVERTISING.

(a) A licensee shall disclose in any published or broadcasted advertisement relating to motor vehicle repair the following information:

(1) the name of the licensee, as shown on the license;

(2) the street address of the motor vehicle repair establishment unless the licensee has its address currently listed in the city of Dallas telephone directory; and

(3) if an establishment does not perform repairs on motor vehicles but takes custody of motor vehicles and contracts all repairs to another, it must advertised that it is a motor vehicle repair brokerage business.

(b) An advertisement by a licensee of a warranty which provides for adjustment on a pro rata basis, shall conspicuously disclose the basis on which the warranty will be prorated.

(c) It shall be unlawful for a licensee to advertise in any manner, the fact that he is a holder of a city motor vehicle repair license. (Ord. 14487)

SEC. 50-127. UNNECESSARY REPAIRS; CHARGING FOR WORK NOT PERFORMED.

(a) A person shall not intentionally make repairs upon a motor vehicle which are not bona fide and not necessary to correct the malfunction for repair of which his services were sought.
§ 50-127 Consumer Affairs § 50-131

(b) A person shall not represent that he has performed work or replaced parts on a motor vehicle when he has not performed the work or replaced the parts. (Ord. 14487)

SEC. 50-128. EXEMPTIONS.

(a) A person engaged in the business of adding fluids only to motor vehicles is exempted from the provisions of this article.

(b) A licensee who enters into a contract with a commercial, industrial, or governmental entity to repair motor vehicles belonging to the entity subject to terms established in the contract, is exempted from the provisions of Sections 50-122 and 50-123 while in the performance of repairs pursuant to the contract. (Ord. Nos. 14487; 16476)

SEC. 50-129. SIGN GIVING CUSTOMER NOTICE REQUIRED.

A licensee shall display a sign in a conspicuous place near the service entrance where the customer normally brings his motor vehicle for repair work. The sign shall be not less than 24 inches by 26 inches in size, with 72 point bold face type used for the heading and 48 point bold face type used for the wording in the list. The sign shall contain precisely the following words only:

IN COMPLIANCE WITH THE MOTOR VEHICLE REPAIR ORDINANCE OF THE CITY OF DALLAS THIS FIRM IS PLEASED TO FURNISH EACH CUSTOMER WITH:

(1) AN ESTIMATE FOR COST OF ALL REPAIR WORK IN EXCESS OF $15.00.

(2) AN ESTIMATE OF TIME TO COMPLETE REPAIR WORK.

(3) A DETAILED INVOICE OF WORK DONE AND PARTS SUPPLIED.

SEC. 50-130. PENALTY.

Any person violating any provision of this article shall, upon conviction, be subject to a fine of not less than $50 and not more than $500. (Ord. Nos. 14487; 19963)

ARTICLE X.

HOME REPAIR.

SEC. 50-131. ARTICLE DEFINITIONS.

The definition of a term in this section applies to each grammatical variation of the term. In this article, unless the context requires a different definition:

(1) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article or the director’s authorized representative.

(2) CONTRACTOR means a person who contracts (whether written, oral, express, or implied) to perform a home repair for another but does not include a person who performs a home repair in the capacity of an employee.

(3) EMPLOYEE means a person in the service of another under a contract for hire (whether written, oral, express, or implied) under circumstances in which the employer has the power or right to control and direct the person in the material details of performing the work.
§ 50-131 Consumer Affairs § 50-136

(4) HOME REPAIR means the addition, improvement, remodeling, repair, or replacement to an existing single-family or duplex dwelling or to the fixtures, land, or other permanent structures that are part of the premises on which the dwelling is located, and includes, but is not limited to, addition, improvement, remodeling, repair, or replacement of driveways, swimming pools, porches, garages, landscaping, fences, roofs, floor covering, and central heat and air conditioning. Home repair does not include addition, improvement, remodeling, repair, or replacement of removable appliances or furnishings (as illustrated by, but not limited to, stoves, refrigerators, window air conditioners, and draperies).

(5) HOME REPAIR LICENSE means a license issued under this article.

(6) LICENSEE means a person who holds a home repair license issued to him under this article.

(7) OWNER means a person who is entitled under a contract (whether written, oral, express, or implied) to the performance of a home repair.

(8) PERSON means an individual, corporation, government or governmental subdivision, agency, trust, partnership, of two or more persons having a joint or common economic interest. (Ord. Nos. 16476; 17226)

SEC. 50-132. ADMINISTRATION OF ARTICLE.

The director shall administer and enforce this article and may establish such rules, not inconsistent with this article, as he determines are necessary to implement this article. (Ord. 14990)

SEC. 50-133. ARTICLE CUMULATIVE.

This article is cumulative of other city ordinances and does not affect the operation of other city ordinances applicable to persons or activity regulated under this article. (Ord. 14990)

SEC. 50-134. HOME REPAIR LICENSE REQUIRED.

A person who is not a licensee shall not perform, agree to perform, or advertise or represent that he will perform a home repair for compensation. (Ord. Nos. 14990; 16476)

SEC. 50-135. LICENSE EXEMPTIONS.

(a) A person who is not a licensee may perform or agree to perform a home repair for compensation if:

   (1) city licensing of persons engaged in the kind of home repair performed or agreed to be performed is prohibited under state law;

   (2) he is an electrical contractor or plumbing contractor licensed or registered under city ordinance, and the kind of home repair performed or agreed to be performed is authorized by the city license or registration; or

   (3) he is an employee of the contractor or owner.

(b) This section does not exempt a person from the duty to comply with Sections 50-141 and 50-142 or from prosecution under Section 50-143(a)(2), (3), (4), (5) or (6). (Ord. 14990)

SEC. 50-136. LICENSE APPLICATION, EXPIRATION, AND RENEWAL.

(a) A person may not obtain a home repair license unless he applies for a license in the manner prescribed by this section.

(b) Repealed by Ord. 16476.

(c) A person desiring to obtain a home repair license shall file with the director a written, verified application on a form supplied by the director containing the following:
§ 50-136 Consumer Affairs

(1) name, address, and telephone number of the individual filing the application;

(2) business or trade name, address, and telephone number of the applicant;

(3) form of business of the applicant and:
   (A) if an unincorporated association, the names and addresses of the associates;
   (B) if a corporation, the registered name of the corporation; or
   (C) if an individual proprietorship, the name and address of the proprietor;

(4) name and address of an individual designated by the applicant to receive notice issued under this article;

(5) signature of the applicant; and

(6) such other information as the director determines is necessary to evaluate the license application or to otherwise promote effective administration or enforcement of this article.

(d) A licensee desiring to renew his license shall file a written, verified request for renewal with the director. A renewal request must be made on a form supplied by the director, filed not fewer than 10 days before the license expires, and signed by the licensee. The licensee shall furnish with his renewal request such information as the director determines is necessary to evaluate the renewal request or to otherwise promote effective administration or enforcement of this article.

(e) Upon the filing of a license application or renewal request, the director shall conduct an investigation to determine whether the following requirements and qualifications are satisfied:

   (1) the information contained in the license application or renewal request is true; and
   (2) the applicant or licensee, an individual who is a business associate of the applicant or licensee, or an individual who is a corporate officer of the applicant or licensee, in the applicant or licensee’s home repair business, or a current employee of the applicant or licensee has not been convicted twice in municipal court under Section 50-143 within the two years immediately preceding the date that the license application or renewal request is filed. The time period between conviction in municipal court and final disposition on appeal of the conviction is not included in calculating the two-year period if the conviction is affirmed; and

   (3) The applicant or licensee, an individual who is a business associate of the applicant or licensee, or an individual who is a corporate officer of the applicant or licensee, in the applicant or licensee’s home repair business, has not had a home repair license revoked within the year immediately preceding the date the license application or renewal request is filed.

(f) If the director determines that a license application or renewal request satisfies the requirements and qualifications prescribed by Subsection (e) of this section, the director shall issue or renew the home repair license; otherwise, the director shall deny the license application or renewal request.

(g) The director shall within 10 days of the date of application notify in writing a license applicant or licensee requesting renewal, of the issuance of a license, renewal of a license, or denial of a license application or renewal request. In the case of notice of a denial of a license application or renewal request, the director shall include in the notice the reason for the denial and a statement informing the applicant or licensee of his right of appeal.

(h) If, after a licensee requests renewal of his license in accordance with Subsection (d) of this section, the license expires before the director acts on the request, the licensee may temporarily operate under his expired license pending the determination of
the renewal request by the director, or in the case of an appeal of a denial of a renewal request, pending the decision of the permit and license appeal board. (Ord. Nos. 14990; 16476; 18200)

SEC. 50-137. LICENSE FEES.

(a) The fee for a home repair license is $68 a year.

(b) The fee for issuance of a duplicate home repair license for a license that is destroyed or lost is $2.

(c) License fees required under this section are not refundable and are payable to the director upon issuance or renewal of the license. The director may not issue or renew a home repair license before the fee is paid. (Ord. Nos. 14990; 16476; 18411; 18876; 19300; 20076; 26478; 29879, eff. 10/1/15; 31332, eff. 10/1/19)

SEC. 50-138. REVOCATION OF LICENSE.

(a) The director shall revoke a home repair license if he determines that:

(1) the licensee knowingly made a false representation as to a material matter in a license application, license renewal request, or hearing concerning the license; or

(2) the licensee identified himself with a business or trade name other than that filed with the director; or

(3) the licensee, an individual who is a business associate of the licensee, an individual who is a corporate officer of the licensee, or a current employee of the licensee, while he was in licensee’s employment, has been convicted in municipal court within a two-year period of two or more offenses prescribed by Section 50-143. (The director shall give notice to a licensee on the date formal charges are filed against an employee of the license. If a licensee discharges a convicted employee within one week after his second final conviction, the licensee is not subject to revocation under this subparagraph.) The time period between conviction in municipal court and final disposition on appeal of the conviction is not included in calculating the two-year period if the conviction is affirmed; or

(4) the licensee has knowingly subcontracted with or employed, for the performance of work which requires state or city professional licensing or registration, a person who does not have the requisite license or registration, or in the alternative has negligently failed to ascertain the person’s qualifications prior to subcontracting with or employing the person;

(5) the licensee knowingly misrepresented the quality or quantity of a material or service:

(A) used or rendered in connection with a home repair performed or agreed to be performed by the licensee; or

(B) offered or advertised in connection with the licensee’s home repair business; or

(6) the licensee knowingly misrepresented the price of a material or service:

(A) used or rendered in connection with a home repair performed or agreed to be performed by the licensee; or

(B) offered or advertised in connection with the licensee’s home repair business.

(b) The director shall notify the licensee in writing of a revocation and include in the notice the reasons for the revocation, the date the director orders the revocation and the date the order is to take effect, and a statement informing the licensee of his right of appeal.

(c) A home repair license becomes void on the effective date of notification issued under Subsection (b) of this section, and the licensee shall surrender the revoked license at the demand of the director.
§ 50-138 Consumer Affairs

However, if the licensee appeals the revocation, the licensee may continue to operate under his license pending the appeal. (Ord. Nos. 14990; 18200)

SEC. 50-139. APPEALS.

A person may appeal a denial of a home repair license application, denial of a renewal request, or revocation of a license if the person files an appeal with a permit and license appeal board in accordance with Section 2-96 of this code. (Ord. Nos. 14990; 18200)

SEC. 50-140. NOTICE.

Notice required or authorized under this article must be served on the person to be notified personally or by mailing to the person at the address last-known to the director. Notice to a licensee may be given to a person designated by the licensee to receive notice. The effective date of notice required or authorized under this article is the date the notice is personally served or postmarked, as the case may be. (Ord. 14990)

SEC. 50-141. REGULATIONS FOR HOME REPAIRS UNDER $500.

A contractor who performs or agrees to perform a home repair for a price of less than $500 shall furnish the owner, upon completion of the home repair, a written memorandum (as illustrated by, but not limited to, a work order, invoice or bill) containing:

(1) the name and address of the contractor;

(2) a description of the home repair performed and materials supplied, stated in a manner consistent with generally accepted local trade practice; and

(3) a statement of the price of the home repair that includes each charge incurred by the owner and due to the contractor in connection with the home repair. (Ord. 14990)

SEC. 50-142. REGULATIONS FOR HOME REPAIRS OF $500 OR MORE.

A contractor who performs or agrees to perform a home repair for a price of $500 or more shall comply with the following regulations:

(1) Before beginning the home repair, the contractor shall furnish the owner with a written contract for the home repair containing (but not limited to):

(A) the name and address of the contractor;

(B) the approximate beginning and ending dates for the home repair job. (This requirement does not prohibit or limit contract provisions providing for contingent delays);

(C) a description of the home repair job and materials to be used in the job, stated in a manner consistent with generally accepted local trade practice; and

(D) the consideration for the home repair and a statement of the other charges to be incurred by the owner under the contract (as illustrated by, but not limited to, taxes, permit fees, and material costs).

(2) Before completion of the home repair, the contractor shall furnish the owner with a written memorandum of any changes in the home repair contract made subsequent to its execution. (Ord. 14990)

SEC. 50-143. OFFENSES.

(a) A person commits an offense if he:

(1) violates Section 50-134; or

(2) violates Section 50-141; or

(3) violates Section 50-142; or

Dallas City Code 25
§ 50-143 Consumer Affairs

(4) fails to perform a duty imposed under a home repair contract, without legal excuse or justification, and with intent to violate the contract; or

(5) advertises that he is a home repair licensee; or

(6) intentionally interferes with the director in the performance of his duty or exercise of his authority.

(b) A culpable mental state is not required for the commission of an offense under this section unless the provision defining the offense expressly requires a culpable mental state.

(c) It is a defense to prosecution for the offense prescribed by Subsection (a)(1) of this section that the actor is a person who by virtue of Section 50-135 is not required to obtain a home repair license.

(d) An offense committed under this section is punishable by a fine of not more than $500.

(e) Prosecution for an offense under this section does not prevent the use of other enforcement remedies or procedures applicable to the person charged with or the conduct involved in the offense. (Ord. Nos. 14990; 19963)

ARTICLE XI.

CREDIT ACCESS BUSINESSES.

SEC. 50-144. PURPOSE OF ARTICLE.

The purpose of this article is to protect the welfare of the citizens of the city of Dallas by monitoring credit access businesses in an effort to reduce abusive and predatory lending practices. To this end, this article establishes a registration program for credit access businesses, imposes restrictions on extensions of consumer credit made by credit access businesses, and imposes recordkeeping requirements on credit access businesses. (Ord. 28287, eff. 1-1-12)

SEC. 50-145. DEFINITIONS.

In this article:

(1) CERTIFICATE OF REGISTRATION means a certificate of registration issued by the director under this article to the owner or operator of a credit access business.

(2) CONSUMER means an individual who is solicited to purchase or who purchases the services of a credit access business.

(3) CREDIT ACCESS BUSINESS has the meaning given that term in Section 393.601 of the Texas Finance Code, as amended.

(4) DEFERRED PRESENTMENT TRANSACTION has the meaning given that term in Section 393.601 of the Texas Finance Code, as amended.

(5) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article and includes any representatives, agents, or department employees designated by the director.

(6) EXTENSION OF CONSUMER CREDIT has the meaning given that term in Section 393.001 of the Texas Finance Code, as amended.

(7) MOTOR VEHICLE TITLE LOAN has the meaning given that term in Section 393.601 of the Texas Finance Code, as amended.

(8) PERSON means any individual, corporation, organization, partnership, association, financial institution, or any other legal entity.

(9) REGISTRANT means a person issued a certificate of registration for a credit access business under this article and includes all owners and
operators of the credit access business identified in the registration application filed under this article.

(10) STATE LICENSE means a license to operate a credit access business issued by the Texas Consumer Credit Commissioner under Chapter 393, Subchapter G of the Texas Finance Code, as amended. (Ord. 28287)

SEC. 50-146. VIOLATIONS; PENALTY.

(a) A person who violates a provision of this article, or who fails to perform an act required of the person by this article, commits an offense. A person commits a separate offense each day or portion of a day during which a violation is committed, permitted, or continued.

(b) An offense under this article is punishable by a fine of not more than $500.

(c) The culpable mental state required for the commission of an offense under this article is governed by Section 1-5.1 of this code.

(d) The penalties provided for in Subsection (b) are in addition to any other enforcement remedies that the city may have under city ordinances and state law. (Ord. 28287)

SEC. 50-147. DEFENSE.

It is a defense to prosecution under this article that at the time of the alleged offense the person was not required to be licensed by the state as a credit access business under Chapter 393, Subchapter G of the Texas Finance Code, as amended. (Ord. 28287)

Division 2. Registration of Credit Access Businesses.

SEC. 50-148. REGISTRATION REQUIRED.

A person commits an offense if the person acts, operates, or conducts business as a credit access business without a valid certificate of registration. A certificate of registration is required for each physically separate credit access business. (Ord. 28287)

SEC. 50-149. REGISTRATION APPLICATION.

(a) To obtain a certificate of registration for a credit access business, a person must submit an application on a form provided for that purpose to the director. The application must contain the following:

(1) The name, street address, mailing address, facsimile number, and telephone number of the applicant.

(2) The business or trade name, street address, mailing address, facsimile number, and telephone number of the credit access business.

(3) The names, street addresses, mailing addresses, and telephone numbers of all owners of the credit access business and other persons with a financial interest in the credit access business, and the nature and extent of each person’s interest in the credit access business.

(4) A copy of a current, valid state license held by the credit access business.
§ 50-149  Consumer Affairs  § 50-151.2

(5) A copy of a current, valid certificate of occupancy showing that the credit access business is in compliance with the Dallas Development Code.

(6) A non-refundable application fee of $76.

(6) A non-refundable application fee of $67.

(b) An applicant or registrant shall notify the director within 45 days after any material change in the information contained in the application for a certificate of registration, including, but not limited to, any change of address and any change in the status of the state license held by the applicant or registrant. (Ord. Nos. 28287; 29879, eff. 10/1/15; 31332, eff. 10/1/19)

SEC. 50-150. ISSUANCE AND DISPLAY OF CERTIFICATE OF REGISTRATION; PRESENTMENT UPON REQUEST.

(a) The director shall issue to the applicant a certificate of registration upon receiving a completed application under Section 50-149.

(b) A certificate of registration issued under this section must be conspicuously displayed to the public in the credit access business. The certificate of registration must be presented upon request to the director or any peace officer for examination. (Ord. 28287)

SEC. 50-151. EXPIRATION AND RENEWAL OF CERTIFICATE OF REGISTRATION.

(a) A certificate of registration expires on the earlier of:

(1) one year after the date of issuance; or

(2) the date of expiration, revocation, or other termination of the registrant’s state license.

(b) A certificate of registration may be renewed by making application in accordance with Section 50-149. A registrant shall apply for renewal at least 30 days before the expiration of the registration. (Ord. 28287)

SEC. 50-151.1. NONTRANSFERABILITY.

A certificate of registration for a credit access business is not transferable. (Ord. 28287)

Division 3. Miscellaneous Requirements for Credit Access Businesses.

SEC. 50-151.2. MAINTENANCE OF RECORDS.

(a) A credit access business shall maintain a complete set of records of all extensions of consumer credit made by the credit access business, which must include the following information:

(1) The name and address of the consumer.

(2) The principal amount of cash actually advanced.

(3) The documentation used to establish a consumer’s income under Section 50-151.3.

(b) A credit access business shall maintain a copy of each written agreement between the credit access business and a consumer evidencing an extension of consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer).

(c) A credit access business shall maintain copies of all quarterly reports filed with the Texas Consumer Credit Commissioner under Section 393.627 of the Texas Finance Code, as amended.

(d) The records required to be maintained by a credit access business under this section must be retained for at least three years and made available for inspection by the city upon request during the usual and customary business hours of the credit access business. (Ord. 28287)
SEC. 50-151.3. RESTRICTIONS ON EXTENSIONS OF CONSUMER CREDIT.

(a) The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a deferred presentment transaction may not exceed 20 percent of the consumer’s gross monthly income.

(b) The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a motor vehicle title loan may not exceed the lesser of:

(1) three percent of the consumer’s gross annual income; or

(2) 70 percent of the retail value of the motor vehicle.

(c) A credit access business shall use a paycheck or other documentation establishing income to determine a consumer’s income.

(d) An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for repayment in installments may not be payable in more than four installments. Proceeds from each installment must be used to repay at least 25 percent of the principal amount of the extension of consumer credit. An extension of consumer credit that provides for repayment in installments may not be refinanced or renewed.

(e) An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for a single lump sum repayment may not be refinanced or renewed more than three times. Proceeds from each refinancing or renewal must be used to repay at least 25 percent of the principal amount of the original extension of consumer credit.

(f) For purposes of this section, an extension of consumer credit that is made to a consumer within seven days after a previous extension of consumer credit has been paid by the consumer will constitute a refinancing or renewal. (Ord. 28287, eff. 1-1-12)

ARTICLE XII.

STREET VENDORS.

Division 1. In General.

SEC. 50-152. DECLARATION OF POLICY.

It is the policy of the city to promote the protection of the public health, safety, and welfare by the regulation of street vendors operating inside the city. The provisions of this article are to be construed, according to the fair import of their terms, to effect this policy. (Ord. Nos. 16309; 29023)

SEC. 50-153. GENERAL AUTHORITY AND DUTY OF THE DIRECTOR.

The director shall implement and enforce this article. The director may prescribe rules and regulations governing the conduct of street vendors not inconsistent with the provisions of this article, including, but not limited to, the designation of zones and sites from which street vendors may operate. (Ord. Nos. 16309; 17675; 29023)

SEC. 50-154. AUTHORITY TO INSPECT.

The director, any representative of the city health officer or environmental health officer, or a peace officer may inspect any street vendor and the business procedure of a street vendor operating under this article to determine whether the vendor is complying with this article, regulations established under this article, and any other applicable city ordinance or state or federal law. (Ord. 29023)
SEC. 50-155. OFFENSES; PENALTIES.

(a) A person who violates a provision of this article, or who fails to perform an act required of the person by this article, commits an offense. A person commits a separate offense each day or portion of a day during which a violation is committed, permitted, or continued.

(b) An offense under this article is punishable by a fine of not less than $25 or more than $500, except that a second or subsequent conviction for the same offense within a period of less than one year from the first conviction is punishable by a fine of not less than $100 or more than $500.

(c) The culpable mental state required for the commission of an offense under this article is governed by Section 1-5.1 of this code.

(d) The penalties provided for in Subsection (b) are in addition to any other enforcement remedies and penalties that the city may have under city ordinances and state law. Prosecution for an offense under this article does not prevent the use of other administrative enforcement remedies or procedures applicable to the conduct involved in the offense. (Ord. 29023)

SEC. 50-156. ARTICLE CUMULATIVE.

The provisions of this article and other city ordinances are cumulative law, and this chapter does not prevent enforcement of another city ordinance that regulates an area covered by this article and is otherwise applicable. (Ord. Nos. 16309; 29023)

SEC. 50-157. DEFINITIONS.

In this article:

(1) AGENT means any person employed by or contracting with:

(A) the holder of a central business district concession license to sell or distribute goods or services under the license; or

(B) any other street vendor.

(2) ARTS DISTRICT means the area of the city bounded by Woodall Rogers Freeway on the north, Central Expressway (elevated bypass) on the east, Ross Avenue on the south, and St. Paul Street on the west.

(3) CBD CORE DISTRICT means the area of the city contained within the boundaries of the central business district, but that does not include the arts district and the West End district.

(4) CENTRAL BUSINESS DISTRICT (CBD) means the area of the city bounded by Woodall Rogers Freeway on the north, Central Expressway (elevated bypass) on the east, R. L. Thornton Freeway on the south, and Stemmons Freeway on the west. The central business district includes:

(A) the arts district;

(B) the CBD core district; and

(C) the West End district.

(5) COMMERCIAL PRINTED MATTER means any printed or written matter, whether on a sample, device, dodger, circular, leaflet, pamphlet, paper, or booklet, and whether printed, reproduced, or copied, that:

(A) advertises for sale any merchandise, product, commodity, or service;

(B) directs attention to a business or commercial establishment or other activity for the purpose of either directly or indirectly promoting sales;
(C) directs attention to or advertises a meeting, performance, exhibition, or event, for which an admission fee is charged for the purpose of private gain or profit, unless an admission fee is charged or a collection is taken up at the meeting, performance, exhibition, or event only for the purpose of defraying the expenses; or

(D) while containing reading matter other than advertising matter, is predominantly and essentially an advertisement and is distributed or circulated for advertising purposes or for the private benefit and gain of any person so engaged as the advertiser or distributor.

(6) DIRECTOR means the director of the department designated by the city manager to enforce and administer this article or the director’s authorized representative.

(7) FOOD ESTABLISHMENT means a “food establishment” as defined in Chapter 17 of this code.

(8) GOODS means property of every kind.

(9) LICENSEE means a person issued a CBD concession license under this article.

(10) MOBILE FOOD ESTABLISHMENT means a “mobile food establishment” as defined in Chapter 17 of this code.

(11) PERSON means an individual, corporation, association, or other legal entity.

(12) PUBLIC PROPERTY means any property open or devoted to public use or owned by the city, including, but not limited to, sidewalks, streets, parkways, or esplanades.

(13) SERVICES means any work done for the benefit of another.

(14) STREET VENDOR or VENDOR means a person who, personally or through an agent, engages in a business of selling or offering for sale goods or services from any structure or vehicle that is not affixed to the ground or from no structure or vehicle. The term does not include any person operating, or employed in the operation of, a licensed taxicab, limousine, bus, shuttle, non-motorized passenger transport vehicle, or motor vehicle tow service.

(15) VEHICLE means every device in, upon, or by which a person or property may be transported or drawn upon a street or sidewalk, including, but not limited to, devices moved by human power.

(16) WEST END DISTRICT means the area of the city bounded by Woodall Rogers Freeway on the north; Lamar Street on the east; the MKT railroad tracks on the west; and a southern boundary consisting of and extending along Commerce Street from Lamar Street west to Austin Street, then along Austin Street north to Main Street, then along Main Street west to the MKT railroad tracks. (Ord. Nos. 16309; 17226; 17675; 18702; 29023)

Division 2. Vending on Public Property.

SEC. 50-158. VENDORS ON PUBLIC PROPERTY.

(a) A person commits an offense if the person, either personally or through an agent, occupies public property in the city for the purpose of selling, distributing, or offering for sale services or goods, including, but not limited to, food, drinks, flowers, plants, tickets, or souvenirs.

(b) It is a defense to prosecution under this section that the person selling, distributing, or offering for sale services or goods:

(1) is doing so in connection with the transaction of official government business;

(2) is doing so by authority of a contract with the city to operate a concession on designated areas of public property;
(3) is selling, distributing, or offering for sale only periodicals from a coin-operated machine by authority of a license to operate the machine;

(4) is selling, distributing, or offering for sale goods or services from a vehicle by authority of and in compliance with a CBD concession license as provided for in this article;

(5) is selling, distributing, or offering for sale vegetables, produce, or other perishable commodities at the Dallas Farmers Market (as defined in Section 29A-2 of this code), in compliance with Chapter 29A of this code and with the market’s agreements and covenants with the city;

(6) is selling, distributing, or offering for sale a food or beverage from a mobile food establishment in accordance with Section 50-159 of this code;

(7) is selling, distributing, or offering for sale goods or services as authorized by and in compliance with a special event permit;

(8) is selling, distributing, or offering for sale only printed matter that is not commercial printed matter, including, but not limited to, newspapers and magazines, and the selling, distributing, or offering for sale is not being conducted from machines or other structures that occupy public property;

(9) is operating a vehicle for hire;

(10) is selling, distributing, offering for sale, or delivering the goods or services to a person in a structure or vehicle that is affixed to the ground, or to a person who possesses a special event permit or a CBD concession license; or

(11) is not receiving remuneration from the person being given the goods or services, and the person distributing the goods or services does not use any type of vehicle or stand, any part of which touches the ground, when distributing the goods or services, and the method of distribution does not interfere with traffic flow on public streets or sidewalks.

(c) In addition to any enforcement action by a peace officer or the director for a violation of this section, any person who is a victim of an act prohibited under this section, or who witnesses a violation of this section, may file a complaint with the city attorney. Evidence to support a conviction for a violation of this section may include, but is not limited to, testimony of witnesses, videotape evidence of the violation, and other admissible evidence. (Ord. Nos. 16309; 16835; 17675; 18702; 19517; 19895; 25213; 29023)

SEC. 50-159. RESTRICTIONS FOR MOBILE FOOD ESTABLISHMENTS.

(a) A mobile food establishment shall not occupy public or private property in the central business district for the purpose of serving, selling, or distributing any food or beverage unless the establishment is operating under the authority of and in compliance with:

(1) a valid CBD concession license issued under this article; and

(2) a valid mobile food establishment permit issued under Chapter 17 of this code.

(b) A general service mobile food establishment, as described in Section 17-8.2 of this code, shall not occupy public property located outside the central business district for the purpose of serving, selling, or distributing any food or beverage.

(c) It is a defense to prosecution under Subsections (a) and (b) of this section that the mobile food establishment was serving, selling, or distributing a food or beverage as authorized by and in compliance with:

(1) a special event permit issued by the city; or

(2) a contract with the city to operate a concession on designated areas of public property.
§ 50-159 Consumer Affairs

(d) A mobile food establishment shall not sell, distribute, or offer for sale any goods or services within two city blocks or 600 feet, whichever is greater, of the grounds of any public, private, parochial, elementary, or secondary school located outside the central business district between the hours of 7:30 a.m. and 4:30 p.m. on days when the school is in session. (Ord. Nos. 17675; 29023)

Division 3. Vending on Private Property.

SEC. 50-160. VENDORS ON PRIVATE PROPERTY.

(a) A person commits an offense if he occupies any privately-owned property within the city for the purpose of conducting business as a street vendor.

(b) It is a defense to prosecution under Subsection (a) of this section that:

(1) the business was authorized by a valid certificate of occupancy or was otherwise specifically allowed under the Dallas Development Code or another city ordinance;

(2) the person was conducting the street vending business in the central business district and:

(A) possessed a valid CBD concession license issued under this article;

(B) possessed a valid mobile food establishment permit issued under Chapter 17 of this code, if the person was a mobile food establishment;

(C) had the written permission of an owner of the private property on which the business was conducted; and

(D) was not conducting the business operation or using any structure in the business operation in violation of any applicable city ordinance or state or federal law or regulation; or

(3) the person was a mobile food establishment conducting the street vending business outside the central business district and:

(A) possessed a valid mobile food establishment permit issued under Chapter 17 of this code;

(B) had the written permission of an owner of the private property on which the business was conducted; and

(C) was not conducting the business operation or using any structure in the business operation in violation of any applicable city ordinance or state or federal law or regulation. (Ord. 29023)

Division 4. Entertainment in the Central Business District.

SEC. 50-161. ENTERTAINMENT PERFORMANCES IN THE CENTRAL BUSINESS DISTRICT.

(a) A person who engages or wishes to engage solely in providing entertainment performances for the public free of charge in the central business district is not required to obtain a CBD concession license so long as no fees or monies are solicited from the public as remuneration for the entertainment and no goods or services are sold in connection with the performances. Voluntary contributions from members of the public may be accepted. A CBD concession license must be obtained if fees or monies are solicited from the public or if goods or services are sold in connection with the performances.

(b) A person who wishes to provide entertainment in any portion of Stone Place, the public area surrounding Thanksgiving Square, Four-Way Place, or the Bullington Street Mall must obtain a permit from the chief of police as required in Section 31-22 of this code. (Ord. 29023)
Division 5. Central Business District Concession Licenses.

SEC. 50-162. CENTRAL BUSINESS DISTRICT CONCESSION LICENSE.

(a) Notwithstanding other provisions of this code, the director may issue a central business district (CBD) concession license to enable the holder and the holder’s agents to conduct business as street vendors on public or private property in the central business district.

(b) A separate CBD concession license is required for each vending location site from which a person wishes to conduct business as a street vendor on public or private property in the central business district.

(c) The director may not issue a license to authorize the sale or distribution of services or goods on:

(1) property under the control of the park and recreation board; or

(2) the premises of the “convention center” or “reunion arena” as defined in Section 43-127 of this code. 

(Ord. Nos. 16309; 16835; 17675; 29023)

SEC. 50-163. LICENSE APPLICATION; INVESTIGATION.

(a) An applicant for a CBD concession license shall file with the director a written application upon a form provided for that purpose. A separate application is required for each vending location site from which the applicant wishes to do business as a street vendor. The following information is required in the application:

(1) The applicant’s name, address, and date of birth, and the identifying number from the applicant’s driver’s license, military identification card, passport, or personal identification certificate.

(2) The name, address, and telephone number of the business.

(3) The nature, character, and quality of the goods or services to be offered for sale or delivered.

(4) Proof that the applicant possesses a retail vendor’s sales tax permit from the comptroller of the State of Texas, if a sales tax permit is required for the type of proposed operation.

(5) The nature of the proposed advertising to be done for the business at the proposed location.

(6) The license number and type of any vehicle that is to be used.

(7) The nature of the business and the method of distributing or providing goods or services.

(8) Proposed vending location sites for the business (only one of which will be assigned with the license).

(9) Days of the week and hours requested to vend at the proposed site.

(10) The name, address, date of birth, and identifying number from the driver’s license, military identification card, passport, or personal identification certificate of each agent who will be assisting the applicant in the proposed business.

(11) Proof that the applicant possesses all licenses and permits required by this code or any other applicable city ordinance or state or federal law for the operation of the proposed business.

(12) Any other information required by the director to clarify items on the application.
(b) A licensee shall notify the director of any changes or corrections in the information required by Subsection (a) within 30 days after the need for the change or correction occurs.

(c) When an application has been filed with the director in proper form, the director shall initiate appropriate action to process the application. The director shall make an appropriate investigation of the applicant, which may include, but is not limited to, an inspection of the establishment and operation of the applicant to ensure compliance with this code and all applicable city ordinances and state and federal laws governing the sale and distribution of the goods and services. (Ord. Nos. 16309; 17675; 18702; 27353; 29023)

SEC. 50-164. LICENSE ISSUANCE; FEES; TRANSFERABILITY; VENDING LOCATION SITES; LICENSE EXPIRATION.

(a) The director shall issue a license to the applicant within 30 days after receipt of the application, unless the director finds one or more of the following to be true:

(1) The applicant is under 18 years of age.

(2) All available vending location sites, as designated by the director, are occupied by licensees.

(3) The applicant or applicant’s spouse is overdue in payment to the city of taxes, fees, fines, or penalties assessed against or imposed upon the applicant or applicant’s spouse.

(4) The applicant is physically or mentally incapacitated to an extent that the applicant cannot operate a vending business.

(5) The applicant has failed to answer or falsely answered a question or request for information on the application form provided.

(6) The applicant has failed to provide proof of a license or permit required by this code or any other applicable city ordinance or state or federal law for the operation of the proposed business.

(7) The applicant, or any agent of the applicant, individually or cumulatively, has been convicted of two violations of this article, other than the offense of operating a business without a license, within the two years immediately preceding the application. A plea of “guilty” or “no contest” in any court of law, including the municipal court, constitutes a conviction for purposes of this section. The fact that a conviction is being appealed has no effect.

(8) The required license fee has not been paid.

(9) The applicant has failed to comply with or the proposed business will violate any applicable law, ordinance, or regulation of the city.

(10) The applicant’s business or method of doing business will interfere with traffic flow on public streets or sidewalks.

(11) The applicant has already received the maximum number of licenses to which the applicant is entitled under Subsection (g) of this section.

(b) If the director finds that one of the items listed in Subsection (a) is true, the director shall deny the application and send to the applicant by certified mail, return receipt requested, a written statement setting forth the reasons for the denial and notifying the applicant of the right to appeal.

(c) A CBD concession license must state on its face the name of the person to whom it is granted and the expiration date. A CBD concession license authorizes the licensee to do business only at a specific vending location site, designated by the director, in the central business district.

(d) The annual fee for each CBD concession license is:

Dallas City Code 35
§ 50-164 Consumer Affairs

(1) $600 ($150 for license processing and regulation and $450 for the use of 40 square feet of public property) to vend entirely or partially on public property, plus $25 for each square foot of public property over 40 square feet that is contained in the vending location site; and

(2) $150 to vend on private property only.

(e) The fees listed in this section may not be prorated and are not refundable.

(f) A CBD concession license is not transferable in any manner to any person or location other than the one for which it was issued. Only agents listed in the licensee’s most recent updated application for a CBD concession license are authorized to operate under the license.

(g) The same vendor, either personally or through an agent, may not simultaneously hold more than a total of 12 CBD concession licenses for vending on public property. Of those 12 licenses, the same vendor may not simultaneously hold more than one in the West End district, one in the arts district, and 10 in the CBD core district.

(h) For purposes of Subsection (g) of this section, an applicant will be considered to be the same vendor if the same sales tax identification number is listed on each license application.

(i) The number and location of vending location sites to be assigned on public property will be determined by the director based upon the availability of space, the congestion that may result, and other factors related to the public health, safety, and welfare. Each site must have an area of not less than 40 square feet. The director may not authorize or assign on public property:

(1) more than two vending location sites for each side of a block face in the central business district;

(2) a vending location site within 50 feet of another site at which the applicant is licensed to vend;

(3) a vending location site within 100 feet of an existing fixed business that sells, distributes, or offers for sale goods or services similar to those to be sold, distributed, or offered for sale by the applicant, unless the applicant files with the director the written consent of the owner of the existing fixed establishment;

(4) a vending location site within 50 feet of an outdoor patio of an existing fixed food establishment located on the same side of the same block face; or

(5) a vending location site within 1,000 feet of the Dallas Farmers Market, as defined in Section 29A-2 of this code, if the vendor will sell potted plants, fruits, or vegetables.

(j) An applicant may select a vending location site from those available at the time of application in accordance with rules and regulations promulgated by the director. If more than one applicant applies for the same vending location site, the director shall award the site by drawing lots in accordance with rules and regulations promulgated by the director.

(k) A CBD concession license expires one year after the date of issuance. To renew a CBD concession license for the same vending location site, a licensee must file an application with the director and pay all required license fees not more than 60 days or less than 30 days before the license expires. Upon expiration of a CBD concession license, the licensee may apply for a new license, but must select a site from those available at the time of application in accordance with rules and regulations promulgated by the director. (Ord. Nos. 17675; 19300; 25048; 27353; 29023)

SEC. 50-165. SUSPENSION.

(a) The director may suspend a CBD concession license for not less than 30 days or more than one year if the director determines that:
§ 50-165 Consumer Affairs

(1) a violation of this article or any other city ordinance or state or federal law concerning the sale or distribution of goods or services by the licensee or an agent has occurred; or

(2) the licensee or a representative has failed to establish policy and take action to discourage, prevent, or correct violations of this article by the licensee’s agents.

(b) The director shall send to the licensee by certified mail, return receipt requested, a written statement of the reasons for the suspension, the date the suspension is to begin, the duration of the suspension, and the licensee’s right to appeal. A timely request for appeal by the licensee stays the effect of the suspension unless the director determines that an emergency exists.

(c) For purposes of this section, an emergency exists if the director determines that a violation has occurred and constitutes an imminent and serious threat to the public health or safety. In case of an emergency, the director may order the licensee or any representative or agent to correct the violation immediately or cease business operations to the extent the director determines is necessary to abate the threat until the violation is corrected. (Ord. 29023)

SEC. 50-166. REVOCATION.

(a) The director shall revoke a license issued under this article if the director determines that:

(1) the licensee or an agent, individually or cumulatively, has been convicted in any court of two violations of this article or any other city ordinance or state or federal law concerning the sale or distribution of goods or services within a 12-month period; the fact that a conviction is being appealed has no effect;

(2) the licensee has given false or misleading information of a material nature or has withheld vital information on the application or in any hearing concerning the application or license;

(3) the licensee or an agent has intentionally or knowingly impeded a lawful inspection by the director, the director’s authorized representative, or any representative of another department who has the authority to inspect the licensee and the licensee’s agents and business procedures;

(4) a cause for suspension under Section 50-165 occurs and the license has been suspended within the preceding 12 months;

(5) the vending location site for which the license was issued is not being used for street vending purposes; or

(6) the conduct of the business at the vending location site for which the license was issued endangers the public health, safety, or welfare.

(b) The director shall send to the licensee by certified mail, return receipt requested, a written statement setting forth the reasons for the revocation and notifying the licensee of the right to appeal.

(c) If the director revokes a license, the fee already paid for the license will be forfeited. A person whose license has been revoked under this section may not apply for a new license for one year after the date the revocation took effect. (Ord. 29023)

SEC. 50-167. APPEAL.

If the director denies the issuance or renewal of a license, suspends or revokes a license, or orders the cessation of any part of the business operation conducted under the license, the aggrieved party may appeal the decision of the director to a permit and license appeal board in accordance with Section 2-96 of this code. The filing of an appeal stays the action of the director in suspending or revoking a license or any part of the business operation being conducted under the license until the permit and license appeal board makes a final decision unless the director determines that operation of the facility or business in violation of
§ 50-167 Consumer Affairs § 50-169

the suspension or revocation constitutes an imminent and serious threat to the public health or safety, in which case the director shall take or cause to be taken such action as is necessary to immediately enforce the suspension, revocation, or order. (Ord. 29023)

Division 6. Miscellaneous Requirements for Street Vendors in the Central Business District.

SEC. 50-168. IDENTIFICATION BADGES REQUIRED.

(a) An identification badge must be conspicuously displayed on the clothing of the upper body of each licensee and agent of a licensee at all times when selling, distributing, or offering for sale goods or services on public or private property in the central business district. A licensee or an agent of a licensee shall allow the director or a peace officer to examine the identification badge upon request.

(b) An identification badge must be obtained from the director and must include the following:

(1) The name of the person to whom the badge is issued and a photograph clearly depicting the person’s facial features.

(2) The name and license number of the licensee under whose CBD concession license the person is conducting vending activities.

(3) The vending location site at which the person is authorized to conduct vending activities.

(4) A description of the type of goods or services the person is authorized to sell, distribute, or offer for sale at the site.

(5) The number and expiration date of the identification badge.

(c) An identification badge expires on whichever of the following dates occurs first:

(1) the date of revocation or expiration of the CBD concession license under which the badge is authorized; or

(2) the date the person to whom the badge is issued is no longer an agent of the licensee.

(d) An identification badge is not transferable from one person to another or from one license to another.

(e) One identification badge will be included with each issuance or renewal of a CBD concession license. The fee for each additional new or renewal identification badge is $20. The fee for replacement of an identification badge that is lost, damaged, or stolen is $5.

(f) Within 10 days after terminating an agent, a licensee shall collect and surrender to the director the agent’s identification badge. (Ord. 29023)

SEC. 50-169. DUTIES AND CONDUCT OF STREET VENDORS.

A person who, either personally or through an agent, sells, distributes, or offers for sale goods or services on public or private property in the central business district shall:

(1) possess a license and an identification badge authorizing the activity as provided for in this article;

(2) situate any vehicle used in connection with the sale or distribution of goods and services so that it does not occupy any portion of a public roadway;

(3) if vending on public property, operate the business so as to offer the least physical or visible obstruction to pedestrian and vehicular traffic, including, but not limited to, refraining from placing boxes on any public street or sidewalk;
(4) not enter a public roadway to solicit or conduct a sale;

(5) not sell, distribute, or offer for sale goods or services to a person on a public roadway;

(6) if vending on public property, stay within five feet of the vendor’s vehicle except for periodic breaks not to exceed 10 minutes and for emergencies;

(7) take reasonable steps to keep the area around which the business is being conducted free from litter and waste, including, but not limited to:

(A) maintaining a waste receptacle for public use on the vending vehicle;

(B) maintaining the vending location site in a clean and hazard-free condition;

(C) at the close of business each day, collecting and disposing of all litter and waste accumulating on the vending location site or within 15 feet of any vending vehicle; and

(D) not disposing of liquid waste or grease on the sidewalks, streets, grounds, tree pits, city trash receptacles, or other public property;

(8) if vending on public property, operate the business only during the following times, unless special operating hours are approved by the director:

(A) 6:00 a.m. to 10:00 p.m., Monday through Thursday;

(B) 8:00 a.m. to midnight, Friday and Saturday; and

(C) 10:00 a.m. to 10:00 p.m., Sunday;

(9) sell, distribute, or offer for sale only those goods or services that the director has approved as not endangering the public health, safety, or welfare; the director may withdraw a previous approval of any goods or services by serving a written notice upon the seller or distributor to cease selling, distributing, or offering for sale the goods or services within 10 days;

(10) remove any equipment, sales aids, or vehicle from public property at the close of operation each day;

(11) not smoke while conducting vending activities at the vending location site;

(12) comply with the noise regulations set forth in Chapter 30 of this code;

(13) not do business except on a vending location site designated by the director;

(14) allow an inspection of the business operation as authorized in this article;

(15) comply with all rules and regulations promulgated by the director under this article;

(16) post the applicable license or copy of the license in a conspicuous place on the vehicle from which goods or services are being sold, distributed, or offered for sale so that it may be easily read at any time or, if the person does not use a vehicle from which to sell goods or services, display the license or copy on the person’s clothing at any time the goods or services are being sold, distributed, or offered for sale on public or private property;

(17) establish policy and take action to discourage, prevent, or correct violations of this chapter by agents;

(18) prohibit an agent from operating under a CBD concession license if the person knows or has reasonable cause to suspect that the agent does not have a valid identification badge issued under this article or has otherwise failed to comply with this article, the rules and regulations established by the director, or any other applicable city ordinance or state or federal law; and

Dallas City Code 39
(19) comply with all other applicable laws, ordinances, or regulations of the city. (Ord. Nos. 16309; 17675; 29023)

SEC. 50-170. DRESS STANDARDS FOR STREET VENDORS.

Each licensee shall have company dress standards for vendors employed by or contracting with the licensee. These standards must be kept on file with the director and must include the following:

1. A vendor may not wear:
   A. cut-offs;
   B. apparel with offensive or suggestive language, pictures, or symbols;
   C. tank tops or halter tops; or
   D. outer apparel made of fishnet or undergarment material.

2. Shoes must be worn at all times in the manner for which they were designed.

3. A vendor and the vendor’s clothing must conform to basic standards of hygiene and be neat, clean, and sanitary at all times.

4. A vendor’s hair must be clean and neatly groomed. Facial hair must be neatly trimmed. (Ord. 29023)

SEC. 50-171. VEHICLES AND EQUIPMENT.

(a) Any non-motorized vehicle used by a street vendor to sell, distribute, or offer for sale goods or services in the central business district must:

1. have operable wheels;

2. not exceed six feet in length (including any handles measuring six inches or more in length and any permanently attached trailer hitches), three feet in width (exclusive of wheels), or four feet in height (exclusive of wheels);

   (3) not occupy any portion of a public roadway in the central business district;

   (4) not be attached to any tree, utility pole, sign pole, streetscape, or public property; and

   (5) not be stored, parked, or left overnight on any street, sidewalk, public parking space, or other public property.

   (b) All equipment required for operation of the business and all goods being offered for sale must be confined to or within the vehicle or, if no vehicle is used, the vending location site.

   (c) Only one small stool or chair is allowed at the vending location site for the vendor. No seating may be provided for customers.

   (d) Any umbrella on a vehicle must be properly secured and must be removed during high winds.

   (e) No electrical power cords are allowed to be used by a vendor on public property. (Ord. 29023)

SEC. 50-172. SIGNS AND ADVERTISING DEVICES.

(a) A vendor shall not place any sign or other advertising device on public property other than those signs affixed to the vehicle or equipment and not extending beyond the basic dimension of the vehicle or equipment.

(b) A vendor shall prominently display a sign that contains city of Dallas contact information to which customers may report service or health concerns or complaints.

(c) No free standing signs are permitted as part of the vending operation.
§ 50-172 Consumer Affairs

(d) Prices for goods or services must be conspicuously displayed on the vending vehicle, the individual items offered for sale, or the display surface or container. (Ord. 29023)
