

Ohio Basic Code

A Code of Ordinances designed specifically for small municipalities.

The Ohio Basic Code is a complete model code of ordinances designed specifically for the smaller municipalities in Ohio. By utilizing the concept of shared cost to provide an economic alternative for codification, it allows Ohio villages to enjoy the benefits of codification without the substantial expense of a customized code.

The code contains provisions on subjects typically encountered by municipalities, including:

- Administration
- Traffic Regulations
- Streets and Sidewalks
- Nuisances
- General Offenses
- Alcoholic Beverages
- Business Regulations
- Peddler and Solicitor Regulations
- Abandoned Vehicles
- Animal Regulations
- Fireworks and Fire Prevention
- And much more

Most sections are based directly on Ohio law. Additionally, The Ohio Basic Code is updated annually to incorporate state law enactments, deletions, and amendments, keeping your municipality current with changes in Ohio law. The Ohio Basic Code has a comprehensive index, and is cross-referenced to the Ohio Revised Code of State Statutes.
