Be it ordained by the people of the City and County of San Francisco that Part II, Chapter II, of the San Francisco Municipal Code (City Planning Code) is hereby amended by adding section 10.1 as follows:

SECTION 10.1. MASTER PLAN CONSISTENCY AND IMPLEMENTATION.

(a) The Master Plan shall be an integrated, internally consistent and compatible statement of policies for San Francisco. To fulfill this requirement, after extensive public participation and hearings, the City Planning Commission shall in one action amend the Master Plan by January 1, 1988.

(b) The following Priority Policies are hereby established. They shall be included in the preamble to the Master Plan and shall be the basis upon which inconsistencies in the Master Plan are resolved:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

3. That the City’s supply of affordable housing be preserved and enhanced;

4. That commuter traffic not impede Mani transit service or overburden our streets or neighborhood parking;

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

7. That landmarks and historic buildings be preserved; and,

8. That our parks and open space and their access to sunlight and vistas be protected from development.

(c) The City may not adopt any zoning ordinance or development agreement authorized pursuant to Government Code Section 65865 after November 4, 1986, unless prior to that adoption it has specifically found that the ordinance or development agreement is consistent with the Priority Policies established above.

(d) The City may not adopt any zoning ordinance or development agreement authorized pursuant to Government Code Section 65865 after January 1, 1988, unless prior to that adoption it has specifically found that the ordinance or development agreement is consistent with the City’s Master Plan.

(e) Prior to issuing a permit for any project or adopting any legislation which requires an initial study under the California Environmental Quality Act, and prior to issuing a permit for any demolition, conversion or change of use, and prior to taking any action which requires a finding of consistency with the Master Plan, the City shall find that the proposed project or legislation is consistent with the Priority Policies established above. For any such permit issued or legislation adopted after January 1, 1988 the City shall also find that the project is consistent with the City’s Master Plan.

PART II—ANNUAL LIMIT

Subsection 320(k) is added as follows:

Subsection 321(a)(i) is amended as follows:

SECTION 321. OFFICE DEVELOPMENT ANNUAL LIMIT.

To the extent the total square footage allowed in any approval period is not allocated, the unallocated amount shall be carried over to the next approval period.

PART 3—EMPLOYMENT

Be it ordained by the people of the City and County of San Francisco that Part II, Chapter II, of the San Francisco Municipal Code (City Planning Code) is hereby amended as follows:

Subsection 164(a) is amended as follows:

SECTION 164. SAN FRANCISCO RESIDENT PLACEMENT AND TRAINING PROGRAM.

(a) The City has determined in its certification of the Downtown Plan Environmental Impact Report and in its findings and studies leading to the adoption of Section 313 of the Planning Code that San Francisco and regional traffic and transit problems will become more intolerable as the number of non-resident employees increases in San Francisco as a result of new office development. In order to mitigate those adverse traffic and transit impacts, while protecting the City’s residential areas from unwanted increases in density, the people determine that a policy of maximizing resident employment training and placement opportunities is needed.

Subsections 164(d) and (e) are added as follows:

(d) In order to ensure that the maximum number of San Francisco residents are trained and placed in employment opportunities in our City, the Board of Supervisors shall hold public hearings and not later than January 1, 1988 the City shall adopt legislation to establish a program which will coordinate the job training and placement efforts of the San Francisco Unified School District, the San Francisco Community College District, community-based non-profit employment and training programs, and other agencies from the public and private sectors, to assure maximum use of existing federal, state and local training and placement programs, and to develop such additional training and placement programs as deemed necessary.

(e) Should the Board of Supervisors determine that additional funds are needed for programs established pursuant to subsection (d) above, it shall consider the adoption of a San Francisco Resident Training and Placement Fee of not less than $1.50 per square foot as a condition of the approval of any application for an office development project proposing the net addition of 50,000 or more gross square feet of office space.

PART 4—SEVERABILITY CLAUSE

If any part of this initiative is held invalid by a court of law, or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect the other parts of the initiative or applications which can be given effect without the invalid part or application hereof and to this end the sections of this initiative are separable.
